This Quantity will be Cleared within the day, so come early.
75 Pairs Best Canadian Flannelette Blankets, at Reduced Prices, in 10/4, 11/4 and 12/4 sizes.

Richard Hall & Son

Funeral Was Largely Attended

Late Daniel Dwyer Was Laid to Rest Yesterday.

The funeral of the late Daniel Dwyer, who died on Monday from the effects of typhoid fever, took place yesterday morning from his late residence, to the Roman Catholic cemetery.

At St. Peter's cathedral requiem high mass was sung by Rev. Dr. O'Brien. Rev. Father Conway, of Norwood, where the deceased lived until lately, was present in the sanctuary.

The funeral, which was a very large one, was attended by friends from Norwood, Douro and Westwood.

The late Mr. Dwyer having been a consistent member of St. Peter's Total Abstinence Society, the following members of that society acted as pall bearers: Jos. Maher, Charles Theobald, Dennis Gleason, George Ahearn, Daniel Holland and Patrick Kennedy.

The Business Is Prospering

Mr. J. L. Haycock Discusses Binder Twine Industry.

Mr. J. L. Haycock, who was in this city on Tuesday, and who left for Ottawa that night, was interviewed by The Citizen on his arrival there, and is reported as saying: "My territory is bounded on the east by the Atlantic, on the west by the Pacific, on the south by the United States, and the north by Lord Alverstone."

Mr. Haycock says the binder twine business is very prosperous all over the country. "There is practically free trade in that line now," he asserted, "and as far as I can learn the manufacturers are content with the status quo. Considerable of the American article comes into Canada while ours goes into their market, and thus there is a reciprocity. I believe that, generally speaking, it is satisfactory all round."

TO THE PETERBORO' PUBLIC.

We beg to notify the public of the City of Peterborough that we have started a baggage and express delivery under the name of Reid Bros' Express, and we wish it understood that we have no connection with Alex. Reid's Express in any manner, and will not consider ourselves responsible for any of his work. All money owing Walter Reid for delivery since December 12th last, is payable to him and not to Alex Reid. We solicit your work and will give you prompt and reliable service.

Euchre And The Fragrant Weed

Held the Boards at the Young Conservatives' Club Last Night.

Matters were very interesting at the Young Conservative Club last night, when twenty members, representing Ward No. 1, and others who were chosen from members from the other wards, played a friendly, but keenly contested round of euchre.

Ward No. 1 were successful, defeating their opponents by a score of 494 points against 446, thus winning by a majority of 48 points. The game was the result of a challenge that was issued by the winners a week ago. The aroma of the fragrant weed, without which such occasions would be incomplete, strongly pervaded the atmosphere.

A smoker, under the auspices of the club, will be held, when Messrs. McIlroy, Alex. Elliott, Gilbert Scott, H. Dunsdow, A. P. McDonald and others will appear on the programme.

The leaders of the respective euchre parties that participated in last night's games were Messrs. J. G. M. Wilson for the victors, and Wm. Gibbs for the vanquished.

Marmalade Oranges.

Just received a lot of fine bitter oranges; also on hand, plenty of bright, sweet oranges. Silvers loaned to all customers desiring same. We can also furnish an excellent Scotch recipe for Marmalade, kindly loaned by Michie & Co., Toronto. S. A. OKE, 376 George street. Machine Telephone, 18; Bell Telephone, 18.

The Revival Services Close

Sunday next closes this very successful series of revival services at the Park street Baptist church. Mr. Leckie's address on "Life in a Lumber Camp," attracted a large crowd last night. The speaker succeeded in interesting them for an hour. The testimonies bore fruit in the after-meeting.

To-night Rev. J. S. Leckie will tell "The story of my Life." Topics dealt with will be sowing wild oats, graduation at two bars, pull up, and call to the ministry, and incidents in life in a lumber camp, which he omitted last night for want of time. —Com.

"Dan" Shanahan Was Up Again

Jos. Rickerby Broke the Window Was the Judgment of the Court.

Joseph Rickerby was this morning charged with breaking a pane of glass on Wednesday night in a window of a house occupied by Mr. William Armstrong, who lives near the Black Bridge. He denied the charge and said that he was of the opinion that two "kids" about nine or ten years of age that ran across the bridge ahead of him were the guilty parties. The curtain was cut by the glass when it flew in.

Rickerby was seen by both Mr. and Mrs. Armstrong standing about a foot and a half away from the window. He was fined $2 and costs, and $2 damages for the loss sustained by Mr. Armstrong. He was ordered to pay it forthwith

Cecil Shanahan's familiar face again peeked around the corners of the prisoner's box this morning, the prisoner probably looking for some one who would pose as a "friend in need." He was charged with vagrancy but pleaded not guilty, and was remanded until Wednesday. He was given his liberty in the meantime on promising to appear to answer the charge.

S. A. Band Led Bright Meeting

—The Salvation Army Band was in charge of the special service at the barracks last night. There was a large attendance and the meeting was bright and profitable to all present. These services are held in connection with the special campaign being conducted by the Army.

Oddfellows Officers Were Duly Installed

An Interesting Gathering of the Members of the Order Took Place Last Night—The Officers of Peterborough and Otonabee Lodges Installed in Office—Ward Patterson Officiated—A Banquet Was Held at the Conclusion.

CYSICUS SANCTORUM ELECTED ITS OFFICERS

The joint installation of the newly-elected officers of Peterborough Lodge No. 111; and Otonabee Lodge No. 13, I.O.O.F., took place last night. There was a large attendance, and a most enjoyable evening was spent by the triple linked brethren. Both lodges have had a successful term, and the statements of the past six months were most encouraging. The installing officer was Bro. Ward Patterson, of Havelock, D.D.G.M. He was assisted by the members of the district committee, who officiated as follows: Bro. M. W. Matchett, P. G., Grand Secretary; Bro. A. A. Fowler, P.G., Grand Warden; Bro. R. J. Matchett, P.G., Grand Treasurer; Bro. F. Wise, P.G., Grand Financial Secretary; Bro. J. W. Miller, P.G., Grand Marshall. At the close of the installation proceedings a hearty vote of thanks was accorded the D.D. G.M., Bro. Patterson, for the faithful and efficient way in which he had performed his duties. He made a suitable and happy reply, and expressed the hope that all Oddfellows would unite in making the meeting of the Grand Lodge, I.O.O.F., here in August next the most successful and profitable gathering ever held in the history of that body.

The following are the holders of the respective lodge offices:

Membership Committee — L. G. Payne, J. W. Miller, R. J. Matchett, Sam Sharpe, Geo. Cairns, M. T. Breckenridge.

At Festive Board.

After the work of the evening an adjournment was made to the refreshment hall, where a splendid spread, provided by Bro. W. J. McCallum, was done full justice to. Bro. M. W. Matchett, P.G., officiated as chairman, while the vice chairs were filled by Col. J. W. Miller, P.G., and W. S. Robinson, P.G. The toasts honoured were "The Militia of Canada," "The Press," "The Grand Lodge of Ontario," "Visiting Brethren," "The Retiring Officers," and others.

Lively songs were sung by Bros. J. G. Scott and George Allen, while Bro. Barrie, pianist, of Peterborough Lodge, gave several instrumental selections in pleasing style.

Those who responded to the various toasts were Ward Patterson, D.D.G. M., Col. Miller, A. A. Fowler, Wm. Hill, L. Wallis, W. S. Robinson, Andrew McFarlane, G. B. VanBlaricom, Davidson, Garrow and others.

Cysicus Sanctorum.

At a meeting of Cysicus Sanctorum, No. 24, held last night after the banquet in the dining hall, the Oriental degree was conferred on twelve probationers. They were taught the sublime lesson of humility and had a moon feast. The officers elected for the coming year were:—

	$12,092 63

ONTARIO BANK.

Balance overdrawn, Jan. 1st, 1905	$3,379 40
Balance overdrawn, Dec. 31st, 1905	5,127 53
Increase	$1,748 13

BALANCE SHEET.

Real estate	$35,000 00
Endowment fund	85,000 00
Furniture, etc.	6,000 00
Revenues and expenditures	5,127 53
	$131,127 53
Assets	$126,000 00
Ontario Bank	5,127 53
	$131,127 53

The following resolution was unanimously passed on motion of Mr. A. P. Poussette, seconded by Mr. W. H. Hill, that the sincere thanks of this Board be extended to Messrs. Rich. Hall and Chas. McGill, trustees of the estate of the late C. J. Nicholls for their donation of two thousand dollars towards the repair fund of the hospital, thus enabling the Board to equip a new ward, which was much needed.

The election of officers resulted as follows:

Chairman, Rich. Hall.
Hon. Secretary, W. H. Hill.
Secretary-Treasurer, John Crane.
Finance Committee—Messrs. Hill, Poussette, Madill, McGill, Mayor Best, Jno. Green, T. H. Adams.
Property Committee—Messrs. W. Aldridge, J. McClelland, W. Madill, J. J. McBain, Mayor Best, Rev. J. G. Lewis.
Supply Committee—Messrs. McClelland, Madill, Aldridge, Hill, Rev. Messrs. Potter and Lewis.
Visiting Committee—January and July—Messrs. W. H. Hill and Mayor Best.
February and August—A. P. Poussette and John McClelland.
March and September—Rev. J. G. Potter and W. Aldridge.
April and October—Rich. Hall and J. J. McBain.
May and November—W. Madill and Rev. J. G. Lewis.
June and December—J. Stevenson, T. H. Adams, J. Green.

An interesting fact in connection with the hospital is that 455 patients were treated last year. The number is steadily increasing year by year.

IMPORTANT SCIENTIFIC DISCOVERY

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction—It is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff, as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you will remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Lavery's "Y-E" (Wine Blend) Disinfectant Soap Powder, dusted in the bath, softens the water and disinfects.

OBITUARY.

MRS. ROBERT FRANKLIN.

The death occurred last night at 7.30 o'clock, at the residence of her daughter, Mrs. J. Robson, 170 London street, of Elizabeth Gofton, widow of the late Robert Franklin. The deceased was 83 years of age and had lived in Peterborough for over 30 years. She was very widely known and respected in this city.

The late Mrs. Franklin was born in England, and came to Canada when quite young. She lived at Malton before coming to Peterborough. Her husband pre-deceased her 18 years ago. She had been an invalid for the last 15 years, and for the last four and one-half months had been confined to her bed.

Five daughters and two sons survive. They are Mrs. Thomas Rutherford, Mrs. J. Robson, and Mrs. Walter Anderson, of Peterborough; Mrs. Decher, of Hamista, Man., and Mrs. A. O. Osborne, Penetanguishene; John Franklin, of Los Angeles, Cal., and Geo. Franklin, of Midhurst.

The funeral, which will be private, will take place to-morrow afternoon at Midhurst. The remains accompanied by Mrs. Anderson and Mrs. Robson, will leave on the 8.25 G.T.R. train to-morrow.

PATRICK DALY.

A former resident of Peterborough passed away at Parry Sound on Tuesday in the person of Patrick Daly. The deceased, who was 65 years of age, was born here and lived here the greater part of his life. He had lived in Parry Sound about 12 years, but was a frequent visitor here and enjoyed the esteem and respect of a large circle of friends. He was a sister of Mrs. Ed. Welsh, Elm street. The funeral will take place here, but the date has not yet been decided upon.

WILLIAM JOHN NICHOLLS.

The death occurred on Sunday last in Pittsburg, Pa., of William John Nicholls, eldest son of Mrs. George Nicholls, Water street, formerly of Lakefield. Deceased was 29 years of age and had been suffering from an attack of typhoid fever. He was ill but three weeks and death was fully unexpected as he was thought to be recovering nicely. He was married but a year and three months ago to Miss Gertrude McCleaman, eldest daughter of Mrs. C. Sturmer of this city. He was highly respected by all who knew him and his untimely demise will come as a shock to many. He leaves to mourn his loss a sorrowing wife and baby, his mother, six sisters and two brothers. They are: Mrs. Narish, of near Lakefield; Mrs. Squair, Mrs. Williams and Edna, of Toronto; Robert and Charles, of Rumford, Sask., N.W.T., and Lizzie and Frankie, of Peterborough. Interment took place on Tuesday last, Jan. 16th, in Pittsburg, Pa.

Charlotte Street Won From

THE HIGH LIFES IN THE

First City League Game

Bankers and Suicides Failed to Score in the Second Contest, Which Was a Good Exhibition—Opening Game Characterized by Far Too Much Rough Work and Referee Parnell Had His Work Cut Out—Methodists Won by a Score of 2-1 After Hard Struggle.

First Game	
Charlotte Street Guild	2
High Lifes	1
Half Time Score.	
Charlotte Street Guild	1
High Lifes...	1
Second Game	
Suicides	0
Bankers	0

The City League season was opened last night when Charlotte street defeated the High Lifes, and the Suicides and Bankers played a tie game. A large crowd witnessed the contests, which were by no means brilliant exhibitions of hockey, especially the first one. The teams showed lack of practice, and but little combination work was done by any one of the four forward lines. Scrimmages, interspersed with individual rushes, composed the principal features of the game, but all the teams showed evidences of great strength, and when they get into shape there should be a great struggle for the honours, and some lightning hockey will be provided.

One thing is certain, however, and that is if there are many more games like the Charlotte street-High Life contest, the League is doomed, as far as getting the patronage of the public is concerned. The Britt-Nelson fight pictures would have looked tame alongside the gladatorial combats seen during the forty minutes in which the struggle continued. It was the case of playing the man instead of the puck, all the way through, and as a result the game abounded in heavy body checking, and all other known forms of rough tactics. Referee Parnell kept a procession to the fence, but his penalties during the first half were not strict enough, and the players took advantage of this fact to ring in all kinds of foul tactics, which disgusted a large part of the crowd. Both teams were to blame for this, although the High Lifes seemed to start the trouble. It is not necessary to specialize the worst offenders. Those who witnessed the game saw the players who did the rough work, and formed their own opinions.

Rough play must be cut out at once, if the League is to prosper. The object in organizing a City League was to provide material for the senior team, and if tactics such as predominated in the first game last night, are to be allowed to continue a fine crop of prize fighters will be turned out from which to select a senior seven. The greater part of the public does not want to see rough hockey, and the sooner the players realize this fact, the better it will be for the game in Peterborough. If clean hockey cannot be played it is time to drop the game, and play something else, in which there is no chance for rough-house playing.

The City League officers should realize the importance of the situation, and take some steps to put an end to the trouble. A drastic measure that would no doubt have a beneficial effect would be to suspend all players that have been ruled off more than a certain number of times. At any rate, something should be done at once.

The second game was much cleaner, and faster, and the crowd appreciated it, after the first exhibition. The teams had evidently not had much practice, which no doubt accounted for the lack of combination and poor shooting. Otherwise the contest was a good one, and provided plenty of excitement.

First Game.

Neither team displayed much hockey in the first contest, and the main excitement was in waiting for ambulance calls. It did not bear much resemblance to a hockey match, and at certain stages the puck was as much out of sight as a Rugby ball in the old scrimmage game. The players were bunched too much to play hockey. Half of them would be hunting for the puck, and the other half engaged in the gentle pastime of slashing at the rubber-hunters. Neither team had much on the other, as the play was close at all stages of the game. The High Lifes were regarded as easy winners, and the victory of the Guild team came as a big surprise; neither team had any combination, and their shooting was not of the Bisley variety.

It would be a difficult matter to pick out the stars of the contest; in fact there were no stars. Long, in the nets for Charlotte street, got

MR. F. A. CLARKE,
President of the City League.

his body in front of some bad looking shots, and Fitzpatrick also turned off some pretty ones.

On the Charlotte street forward line Miller and Dusty were the most effective, while Long and Rose were probably the pick of the High Lifes.

It would be impossible to give any detailed account of the play. There were no features whatever, and the play was of the same variety all the way through.

The High Lifes got the first goal in 4 minutes, Hall scoring easily with Long out of the nets. The next did not come until 18 minutes after. Miller rushed and passed to Grose who beat Fitz. with a nice shot from the side.

In the second half Charlotte street got the only goal, Miller doing the trick on a pretty individual rush. The teams were:—

Charlotte Street.
Lang.
Roddy, Moore, Nicholls.
Grose, Miller, Dusty.
Hall, Long, Moore, Stroud, Squires, Fitzpatrick. Rose.

High Lifes.

Summary.

1. High Lifes, Hall, 4 min.
2. Charlotte Street, Grose, 18 min.

Half Time.

3. Charlotte Street, Miller, 40 min.

Penalties—High Lifes.

Rose, Moore, 2; Stroud, 4; Squires, 2. Total 8.

Charlotte Street.

Miller, Roddy, 2; Moore, 2; Nicholls. Total 6.

Second Game.

The second game which was played in fifteen minute halves, was by far a better exhibition of hockey, and the pace was fast from start to finish. Neither team was able to score, the good playing of the goal keepers being responsible for this fact. Both turned aside some hard shots. The teams were about as evenly matched as could be found anywhere, and the game was as close as the score would indicate. The Bankers had a shade the best of the argument during the early part of the game, but in the second half the Suicides had what honours were going.

The Suicides, although the youngest and lightest bunch in the league, have a team which will take a lot of beating when they get in shape. They have a fast forward line and a strong defence. Wilson played a beautiful game in the nets and stopped some wicked close range shots. Weatherston Bros. on the defence made a very favourable impression. W. Weatherston at coverpoint was about the fastest man on the ice and made some brilliant rushes. It would be unfair to specialize the forwards, all played good hockey, although they displayed a tendency to hug the puck too much.

The frenzied finance defence put up a good game. Lawers made several fine stops and Green and Edwards checked well. Watson at right wing and Easton at centre were the pick of the bunch and put up a fine game.

The play was fast all the way through and many pretty, but indefinitive rushes were made. Try as they might neither team could find the nets, and the bell rang at the end of the thirty minutes without a score having been made. It was a good exhibition of hockey and did much to correct the impression left by the first game.

Referee Wallie Parnell gave satisfaction as referee.

The team were:—

Suicides.
Wilson
A. Weatherston
W. Weatherston
Campbell
Gilmaso, Mann, McMillan.
Watson, Easton, Carmichael
Kelly
Edwards
Green
Sawers
Bankers.

Penalties—W. Weatherston, 2; Campbell, ●; Edwards, 2; Kelly.

Pickings From Puck.

Charlotte Street's victory was a big surprise.

President F. A. Clarke is determined to have all rough playing cut out.

Campbell marred his effectiveness in the second game by slashing and was boarded five times.

Wilson of the Suicides promises to be a star goal-keeper. He took care of everything last night in great style.

Watson, of the Bankers displayed great speed but Gilman succeeded in holding him down in good shape.

W. Weatherston, of the Suicides, made several beautiful rushes last night. The ex-Cobourg man has speed to burn.

Easton, formerly of Brockville, shone at centre for the Bankers. He is light, but very fast and handles his stick nicely.

Moore of Charlotte street was hurt during the first contest but managed to finish out the game.

The Suicides have a very fast team and their showing last night opened the eyes of a few people.

Happy Thought's Won Once More

The undefeated wonders, Best's Happy Thoughts added another to their string of victories last night when took Cressman's Counter Hoppers into camp to the tune of 7-1. The half-brilliant exhibition, made noticeable by time score was 3-6. The game was a the stubborn defence work of Tittersen and Meredith for the Hoppers. The Happy Thoughts had easily the best of the play. Following is the line-up:—

Happy Thoughts—Goal, Archibald; point, Reid; cover point, Ray Best; centre, McNeil; wings, Folley, Kingsbury.

Cressman's.—Goal, F. Cressman; point, Tittersen; cover point, Meredith; centre, Bell; wings, Darling, Wilson.

Referee—Leo Dercosher.

College Club Has Organized

That the Peterborough Business College is capable of producing hockey, as well as football sports, was evidenced by the interest which was taken in the organization of a hockey club last night.

The P.B.C. has some hockeyists which it can boast of and the aggregation that it is turning out this year will undoubtedly be capable of recognition from hockey enthusiasts.

The college team when it gets going should give such aggregates as the "Pill Pounders" or "Cressman's Counter Hoppers" a lively run.

The following were the officers elected at last night's meeting:—

Hon. President—Wm. Pringle.
President—Harry McIlmoyle.
Secretary—W. D. Morrow.
Treasurer—M. Kennedy.
Captain and Manager—Wm. Todd.
Executive Committee—Messrs. Graham, Brown, McIlmoyle and Dawe.

HOCKEY

The C.P.R. Telegraph office staff challenge the G.N.W. staff to a game of hockey to be played as soon as possible.

● ● ● ●

The Intermediates will practice tonight from 7 to 8.

● ● ● ●

In the Brock street rink on Wednesday night from 10 to 11 o'clock the married and single men of the Peter Hamilton Company foundry played an interesting game, which resulted in a victory for the former by 11—7. The teams were:

Married — Hatcher, Hollingsworth H. Starr, T. Starr, F. Andrews, W. Turner.

Single — W. Benton, W. Stenton, F. Frost, T. Frost, T. Connors, Copperthwaite, N. Freeburn.

● ● ● ●

St. Andrew's Guards take much pleasure in accepting the Railway Clerks' challenge to a friendly game of hockey to be played in the Brock street rink as soon as possible, the railway clerks to make arrangements for the rink.

W. Eastland, referee.

The Aberdeens or the West Ends to a game.

Some Valuable Prizes Offered

At the Big Curling Bonspiel Held in Winnipeg.

The annual bonspiel of the Manitoba branch of the Royal Caledonian Curling Club, will be held, commencing February 8th, and continuing the balance of the week. The local club has received an invitation to be present, but it is not probable that any rinks from this city will participate in the competition, for which some very valuable prizes are offered, some of the rink prizes being worth as much as $400, while in one of the single competitions gold lockets set with diamonds are offered.

CURLING

Was yesterday's competition for the Neill-Sheppard cup a put-up job? A pessimist might think so when the scores were identical at both ends—Orillia 13 up at both places.

Orillia Wins The Trophy

Defeated Locals 12 Up in Both Places.

The local curlers for the second time in three years have lost to Orillia the Neill-Shepherd trophy. Much interest had been centred in this competition previous to the games here and in Orillia, but yesterday's results were not anticipated by local curlers at least.

By a singular co-incidence the final result was similar in both places, Orillia winning by 12 up in each which demonstrated that the home aggregations succeeded no better than those who journeyed to Orillia.

Yet the friendly games participated in were exceedingly interesting and most of the games were very closely contested.

The total score here was Orillia, 70 and Peterborough 58. The game story came down from the northern town last night and was received philosophically, the totals there being Orillia 79 and Peterborough 61.

The following were the results of the play here and in Orillia respectively:—

AT PETERBOROUGH.

TUSF.

Mr. Geo. Powell, of Orillia, will be here all next summer with a number of horses on his training string. Orillia Belle, Minnie Bell, and seven or eight others will be among the number. Mr. Powell will come here in the spring and stay all summer.

● ● ● ●

The first of the horses that are being shipped to Peterborough from Lindsay came in yesterday.

● ● ● ●

The entries for the ice races of the Turf Club close on Monday.

● ● ● ●

Mr. Geo. Powell and two sons of Orillia arrived in the city yesterday.

● ● ● ●

Lady Gothard, owned by Mr. Martin Connors will go to the Picton ice races and not here.

● ● ● ●

Minnie Bell, Orillia Belle, Cleopatra, Miss Paisley, Little Jap, Expelled, arrived in the city yesterday from Lindsay. The first three are located at the National and the last three at their own stables at Lipsett's Hotel.

● ● ● ●

The Turf Club has issued some handsome diamond shape badge tickets that entitle the holder and ladies to the two days of the ice races, January 23rd and 24th. They may be purchased of Mr. Lou Brooks. The price of the tickets is one dollar.

● ● ● ●

Mr. Charles Ray arrived from Toronto last night with Greenlander and Skiva. His son Nat Ray, the famous steeplechaser arrives in the city tonight.

● ● ● ●

This sudden drop of the mercury, while it has caused the weather to become decidedly colder, is certainly "Warmly" welcomed by the turf club, and the members are not slow to take advantage of all the opportunities offered to put the track into shape. It's now in good condition and by the time that horses are ready to start should be in perfect condition.

The Flour of the Family

Spring wheat makes strong flour suitable for bread only—lacks the delicacy and flavor of the Fall Wheat.

Beaver Flour

a blend of both, combines the best qualities of

Manitoba Spring Wheat
Ontario Fall Wheat.

It is the best family flour. Makes light nutritious bread; delicious pastry.

BOILS ALL OVER HIS FACE AND NECK

BURDOCK BLOOD BITTERS DID FOR HIM WHAT FOUR DOCTORS FAILED TO DO

KEEWATIN, ONT., July 28th. 1905.

Messrs. THE T. MILBURN CO., LTD.,

TORONTO, ONT.,

DEAR SIRS:—I am writing to let you know what Burdock Blood Bitters has done for me. I am a young man, twenty years old, and a year ago last March I began to feel dull and sick, and was greatly troubled with boils coming out on my face and neck, mostly on the latter. I would no sooner get rid of one than I would have, perhaps, two or three more appear.

I had four doctors trying to cure me but they had very little success. They would stop them for a month or six weeks and then they would be as bad as ever again.

Almost every patent medicine, advertised to cure boils, I could get hold of. I tried, but still without success. At last one day, last spring, someone happened to say: "Why not try Dandelion Burdock Blood Bitters for the blood?" I was willing to try anything and immediately sent for a bottle, but at the time was doubtful if it would be of any use. However, I used that bottle and while I was taking it I began to feel better, although I still kept having a few boils but not nearly such bad ones. I did not miss any work, while otherwise, I used to miss, sometimes, a week out of every month. I kept on taking the medicine until I had taken six bottles, and needless to say, I was not sorry I did so when I tell you I have not had a boil appear for the past three months. Everybody was surprised when they heard that Burdock Blood Bitters had done for me what four doctors failed to do. If any sufferers are afflicted with boils, I would strongly advise them to use B.B.B. It makes you feel like a new man. I always keep a bottle in the house, now, as I think it is a medicine that should be in every household.

Yours truly,
HENRY A. SMITH.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in writing to the land to situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(3) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

One Snag In The Conference Being Avoided

Delegates Agree On Plan For Contraband Repression.

THE MOROCCAN CONFERENCE

Time May Prevent Any Rupture Between France and Germany—Good Work of Spanish Delegation, and Action of Herr Von Radowitz, German Delegate, Praised by France—A Hopeful Session.

Algeciras, Spain, Jan. 19.—The delegates to the Morocco conference held a private session lasting two hours yesterday afternoon. The session resulted practically in an agreement on the main lines of a plan for the repression of contraband entering Morocco. It was feared that this question of contraband might lead to Franco-German tension as to who would carry out the repressive measures proposed, but this happily appears to have been averted. The discussion was an informal one for the purpose of permitting the delegates to speak their minds without having their views officially recorded.

The discussion proved to be most conciliatory, the only divergence being a statement made by the Moroccan delegates, that they could not permit the repression of, or the hunting for, arms without first referring the matter to the Sultan.

The delegates were in accord upon the need of all the powers passing laws penalizing the introduction of contraband. They also tended towards a plan under which Morocco would adopt rigid repressive measures in co-operation with the powers. This followed a proposition submitted by Spain, which was designed to reconcile the differences between France and Germany.

Germany Approved.

The Spanish proposition comprised eight articles, the sixth of which pointed out that France and Spain, having territory contiguous to Morocco, should be charged with the surveillance of contraband along their respective frontiers. When the Duke of Almodover read this article Herr Von Radowitz immediately rose and said that it met with the approval of Germany.

The French delegates expressed themselves as highly gratified with the attitude of Herr Von Radowitz, as it had been anticipated that Germany would likely raise difficulties concerning the control of the frontiers.

Goes to Committee.

A committee of five was appointed to study and report on a final project at the session to be held Saturday. This committee is composed of Signor Malmusi, Italian; Count Von Tattenbach, German; H. Regnault, French; Sidi El Mokhri, Morocco, and Senor Cavallere, Spanish.

Yesterday's meeting has strengthened the feeling among the delegates, that the results of the conference will be satisfactory.

The day has been fruitful in meetings of various groups of delegates with a view to conciliating their different interests.

Active telegraphing is going on between the Ambassadors and their respective capitals. The French are not trusting to the land lines, but send their despatches by a fast torpedo boat to Algiers, where they are cabled to France. The Duke of Almodovar, Spanish Minister of Foreign Affairs, who is president of the conference, has a telegraph instrument in his private rooms for communication with Madrid.

Women In Journalism.

In Paris some patient person has been collecting statistics about women journalists. There are 600 of these, he declares, who live by journalism in England as against 2,193 in the United States and 1,200 in Germany. Of the latter, 27 per cent deal with literature, 18½ per cent with political economy, 10 per cent with pedagogy, 8½ per cent with science, 7½ per cent with fashions, 5 per cent with history, 4½ per cent with domestic economy, 4½ per cent with housing problems and 3½ per cent with politics. The same statistician asserts that the incomes of these women vary from 1,000 francs ($200) to 6,000 francs ($1,200).

A STRONG HEART AND STEADY NERVES

Very important it is in this age of competition to have a clear cool head, a strong heart and steady nerves.

Too much rush and bustle, work and worry, fall to the lot of the average business man—his heart and nerve system will not stand it—he gives them too much work to do.

Women also are doing the same thing attending to their household duties and looking after their social obligations. The constant strain under which they have to continue day in and day out, the irregularities of habits and loss of rest will soon shatter the strongest system. Before long you become nervous, starting at the least sudden sound, the heart flutters and palpitates, specks float before the eyes, the pulse becomes weak and irregular, you have faint and dizzy spells, lack of self-confidence, rush of blood to the head, irritability of temper, shortness of breath, starting in sleep, sensation of pins and needles, sleeplessness, restlessness and finally physical breakdown or nervous prostration.

MILBURN'S HEART AND NERVE PILLS

are the remedy you require to restore your strength and health. Their extraordinary curative power manifests itself immediately they are taken. Through the medium of the nervous system they impart a strengthening and restorative influence to every organ and tissue of the body. Many have been cured, among them being Mr. Ray V. Coomier, Wellington, P.E.I., Mrs. E. Kilmer, Humberstone, Ont., Mrs. C. McDonald, Portage la Prairie, Man., Mr. Walter Cleveland, Bayswater, N.S., Mrs. Owen Martin, Alma, N.B. and thousands of others.

The price of Milburn's Heart and Nerve Pills is 50 cts. per box or 3 boxes for $1.25. Can be procured at all drug and general stores, or will be sent on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

An Emphatic Protest Is The Vote of Thursday

Glasgow Says "No Protection" In Thursday's Polling.

FIVE LIBERALS ELECTED

Only Two Unionists Returned in the Second City of the Empire—Government Now Has Majority Over All Parties—More Ex-Ministers Suffer Defeat—The Standing of the British Parties.

London, Jan. 19.—The following is a summary of the political situation at midnight:

Total seats	670
Elections held	381
Liberals elected	205
Unionists	82
Laborites	32
Nationalists	62

In the last House for same seats:

Liberals	98
Unionists	215
Laborites	6
Nationalists	62

Glasgow Swings Round.

Glasgow's big change constitutes the feature of a section of the returns last night. In five of the seven seats Conservative candidates were defeated, one win being to the credit of Labor. The two remaining seats are held by Conservatives described as free traders.

Bonar Law Among the Fallen.

Glasgow's defeated candidates includes Mr. Bonar Law, a Canadian and one of the prominent men of his party. He redeemed the seat for the Conservatives in 1900 and was appointed in 1902 as Parliamentary Secretary to the Board of Trade. This time he failed in a three-cornered fight, the result of which was: Barnes (Labor), 3,284; Law (Conservative), 2,974; Provand (Liberal), 2,056.

A Labor candidate also figured in the Camlachie division and polled 2,568. He is blamed for the defeat of the Liberal, who polled 2,871 compared with 3,119 votes for a Conservative free trader.

A Canadian Elected.

Foster Boulton, the Liberal candidate who defeated Allwyn Fellowes, Unionist, and late President of the Board of Agriculture, in North Huntingdonshire, is an old Torontonian. For some years he has been a resident of the constituency. He has received many congratulatory telegrams on his success, after a hard struggle.

No less than six members of the Balfour Ministry has been unseated, namely, William St. John Brodrick, Secretary of State for India; A. Bonar Law, Ernest George Prettyman, Secretary to the Admiralty; Lord Stanley, Postmaster-General, Alfred Lyttelton, Colonial Secretary, and Allyn E. Fellowes, President of the Board of Agriculture. Henry Chaplin, who was President of the Local Government Board in the Salisbury Ministry, also is among the defeated, who now include ten members of the late Cabinet.

The defeat of A. Bonar Law will be a serious loss to the tariff reformers, as he has been looked upon as one of the ablest advocates of Mr. Chamberlain's policy.

By Acclamation.

The following were returned yesterday unopposed:

Nationalists—Northeast Cork, Abraham; South Wexford, French; West Mayo, Ambrose; North Cork, Flynn; North Roscommon, O'Reilly; West Clare, Halpin.

Unionist—West Down, Liddell.

HALF THE COST BY G. T. R.

Cost of Depressing Tracks in South Parkdale, Toronto.

Toronto, Jan. 19.—When the scheme for the depression of the tracks in South Parkdale was before the Level Crossings Committee of the Council last year, Engineer Rust was asked to communicate with the Grand Trunk authorities and obtain from them a definite proposition.

He has it. Yesterday he received from Mr. C. M. Hays a letter stating that the Grand Trunk was prepared to bear half the cost if the city would pay half.

The estimate of the G. T. R. engineer submitted with the plans was $1,100,000.

The letter has been sent to the City Clerk, and will be brought before the new Level Crossings Committee at an early date.

Drug Travelers to Lose Jobs.

Hamilton, Jan. 19.—Officials of the National Drug and Chemical Co., located in this city, said yesterday that steps are being taken by the company to erect in Montreal, the combine's headquarters, a $250,000 laboratory. It is said that soon as the new concern begins business a good many of the drug travelers now on the road will be out of jobs.

Rotten Life Belts.

New York, Jan. 19.—Evidence that there were many rotten life belts on the steamer General Slocum when over 1,000 lives were lost during the burning of the steamer in June, 1904, was given yesterday at the trial of Captain William H. Van Schaick of the General Slocum, who is charged with criminal negligence.

New Zealand's Loan.

London, Jan. 19.—(C. A. P.)—New Zealand has issued a loan of five million dollars at four per cent., without coming to London.

Advance Being Made In Russia Is Latest News

Constitutional Democrats Meet Openly In Convention.

PROF. MILINKOFF'S SPEECH

Denounces Present "Worthless" Election Law, and Says If Douma Does Not Pass a Broad and Simple Election Law the Struggle Must Be Recommenced Against Enemy Along the Old Lines.

St. Petersburg, Jan. 19.—The first National Convention organization by a political party in the history of Russia, that of the constitutional Democrats, opened here yesterday. Two hundred and fifty delegates, representing 66 provincial organizations, were present. Under the chairmanship of M. Petrunkovitch of Tver, representatives took up the discussion of the party's attitude towards the elections to the National Assembly. Prof. Miliukoff, Editor Hassen and Prince Hakeffsky were the leading speakers.

The two first named advocated participation in the douma, but only so long as it was shown that the majority of the douma sympathized with the principles of the party.

Prof. Miliukoff said, in view of the gathering agrarian storm, unless the representatives in the douma immediately instituted all the liberties demanded and passed a broad and simple election law instead of the present "worthless" law, the "struggle must be recommended along the old lines and all the forces of society must be mobilized to war against the common enemy."

The delegates reported that the party had made good progress, but that the reactionary local authorities were interfering with the propaganda in various sections. Complaints concerning this interference, they said, had been made to Count Witte, but only slight satisfaction had been given.

Revolutionists Get Munitions.

Kieff, Russia, Jan. 19.—The local revolutionists, by a daring exploit, have obtained a large quantity of war munitions from the arsenal of the fortress. A number of men in military uniforms appeared at the arsenal with forged requisitions, loaded two wagons with munitions and escaped.

Anarchist Jews Executed.

Warsaw, Russian Poland, Jan. 19.—Six Jews, members of the local anarchist committee, were tried by court-martial and condemned to death, were executed yesterday in the court yard of the Warsaw citadel.

Chicago Man Arrested In Russia.

New York, Jan. 19.—News of the arrest in St. Petersburg of William English Walting of Chicago, was received here yesterday. Mr. Walting went to St. Petersburg to study the social situation and was arrested because of his alleged sympathy for and participation with the revolutionary party. Mr. Walting is interested in social settlement work in this country. Walting is a Harvard man, and a grandson of William H. English, who ran for the vice-presidency on the Democratic ticket in 1880. At one time Walting was state factory inspector in Illinois.

Will Respect Confidence.

Washington, Jan. 19.—Poultney Bigelow, the magazine writer who was denounced by Secretary of War Taft for his criticism of the management of canal affairs, declined to disclose to the Senate canal committee yesterday the source of his information. Upon being instructed to answer, he declared: "The committee can put me on bread and water, or even condemn me to Colon, but it cannot compel me to divulge that which was given me in confidence."

"Green Goods" Man Remanded.

Toronto, Jan. 19.—Alex M. Cummings, whom the police charged with being a "green goods" operator, was arraigned before Magistrate Denison yesterday. He was charged with attempting to defraud William Davey, a Church street merchant, of $1,000 by offering to sell him counterfeit money. The Crown was not ready to go on. Cummings was remanded for a week without bail.

Quebec Legislature Opens.

Quebec, Jan. 19.—The Quebec Legislature was opened yesterday by Lieut.-Governor Jette, with the usual ceremonies. In the speech from the throne regret was expressed that the question of increased subsidies for the provinces had not been settled. Advanced legislation was promised to benefit poor school municipalities and establish Normal schools.

DAIRYMEN ELECT OFFICERS.

Thomas Ballantyne of Stratford, is Re-Elected President.

Ingersoll, Jan 19.—The annual convention of the Western Dairymen's Association was brought to a close at noon yesterday.

The following officers were elected: President, Thomas Ballantyne, Jr., Stratford; first vice-president, John McQuaker, Owen Sound; second vice-presidents, Stratford group, A. F. McLaren, M.P., Stratford; Ingersoll group, John Brodie, Mapleton; Listowel group, George E. Goodham, Milverton; Kincardine group, James Connolly, Holmesville; Woodston group, John McLeaven, Hickson; London group, Robert Sutherland, Dorchester; Brantford group, J. N. Paget, Cainboro; Simcoe group, J. J. Parsons, Jarvis; Western creameries, F. J. Sleightholm, Strathroy; auditors, J. A. Nelles, London, and J. C. Hegler, Ingersoll; representatives to Western Fair, London, I. W. Steinhoff, Stratford; G. A. Boyes, Putnam; representatives to Industrial Fair, Toronto, A. F. MacLaren, M. P., Stratford, and J. B. Muir, Ingersoll.

CONTRACT GOES TO ALLANS.

For Next Five Years Will Carry St. Lawrence Route Mails.

Ottawa, Jan. 19.—The Allan Steamship Co. has been awarded the St. Lawrence mail contract for a term of five years. There is a provision in the contract under which the term may be extended for another five years on the condition that the Allans improve the service and put on faster steamships.

The subsidy enjoyed by the Allans is in proportion to the service given. Their best two steamers, the turbiners Victorian and Virginian, each earn $5,000 a trip, and the Tunisian and Bavarian, the next two in speed, $3,750 a trip. All four have to make ten trips a year. The Virginian is at present in dock on the other side, and the Bavarian is on the rocks below Quebec. The remaining vessels of the Allan fleet are paid at the rate of $5,000 a trip, and have to make weekly journeys.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Against Sunday Laws.

Ottawa, Jan. 19.—W. H. Thurston, president of the Canadian Union Conference of Seventh Day Adventists; A. O. Birrell, president of the Ontario conference of Seventh Day Adventists; H. E. Rockland, president of the Quebec conference, and Eugene Leland, principal of the Lorendale Academy, waited on Sir Wilfrid Laurier yesterday and opposed the proposition to pass a Sunday observance law next session.

Widening Suez Canal.

New York, Jan. 19.—An Alexandria, Egypt, despatch to The Herald, says that the Suez Canal Co. has begun widening the canal to enable the American naval floating drydock, now being towed to the Philippines, to pass. Traffic will be stopped during the passage.

FOOD OR STIMULANT.

Ask your doctor if when he orders a patient to drink lots of pure milk he advises the addition of a large quantity of whiskey. He'll tell you "no" very emphatically. Yet there are people who, when ordered to get Scott's Emulsion, will accept some wine, cordial or extract of cod liver oil and think it is the same thing or better. If you want and need cod liver oil in its best, purest and most easily digested form, get Scott's Emulsion. If you want whiskey, that's another matter, but don't look for the same results.

Tenor, Who Appears at the Oddfellows' Concert Monday Evening, January 22nd. Plan Now Open at Opera House Office.

Prices, $1.00 to 35 Cents.

JANUARY NUPTIALS.

BECK—TEEFY.

The Richmond Hill Liberal has the following in reference to the wedding of Mr. N. D. Beck, K.C., of Edmonton, whose presence here with his bride was recorded a few days ago. Mr. and Mrs. Beck were here visiting the former's sister, Mrs. R. M. Donnistoun. The Liberal says:

Many of our village folk had looked forward to January 9 as a special day in social circles. It had been announced that Miss Louisa Adelaide Teefy, second daughter of our respected postmaster, would be united in marriage to Nicholas N. D. Beck, Esq., K.C., LL.B., of Edmonton, Alberta. St. Mary's church was crowded with friends and neighbours to witness the ceremony. Promptly at half-past ten the bride, dressed in light grey tailor-made dress, and wearing a blue toque, entered the church leaning upon the arm of her venerable father. She was accompanied by her sister, Miss Mary A. Teefy, whilst Mr. B. T. Beck, M.A., of Toronto, and brother of the bridegroom, acted as groomsman. Both on the entrance and exit of the party Mr. Earle Newton played choice selections at the organ. The ceremony was performed by the bride's brother, the Rev. Father Teefy, C.S.B., assisted by the parish priest, Rev. Father McMahon. After the marriage mass the bridal party drove to Mr. Teefy's residence, where the newly married couple received the congratulations of a few invited guests. These were limited to the relatives: Mr. and Mrs. E. R. C. Clarkson, of Toronto; Mrs. T. Mulcahy, the bride's sister, with her second son, Mr. Teefy Mulcahy, and her third daughter, Miss Eileen; A. P. Teefy, Esq., of Chicago, and Miss W. Houston, of Toronto. After refreshments had been served Mr. and Mrs. Beck left for Toronto and Peterborough. Miss Teefy was the recipient of a large number of useful and valuable presents, showing her popularity in the community, and the appreciation of her many friends and well-wishers. The Liberal joins with them in extending to both the bride and groom its sincere wishes for very many years of happiness and prosperity.

CORRIN—HENDERSON.

A quiet home wedding took place Tuesday afternoon at the home of Mr. and Mrs. T. S. Henderson, King street, Omemee, when their second daughter, Ella Maye, was married to Mr. Nelson F. Corrin, of Port Perry. Rev. Mr. McCullough performed the ceremony. The bride, who was given away by her father, was attended by her cousin, Miss Alberta Hamlin, of Midland, while the best man was Mr. Percy Corrin, of Port Perry, cousin of the groom. The bride was gowned in bisque taffeta, with chimesette and cuffs of lace, and carried white carnations and smilax. The bridesmaid wore pale green crepe de chene, and carried pink carnations. The march was played by Miss Corrin, of Peterborough, sister of the groom. The bride's going away gown was wine Venetian cloth with hat en suite. Mr. and Mrs. Corrin left on the 6.30 train, amid showers of confetti, for their future home in Port Perry.

JOHNSTON—PORTER.

The young lady mentioned in the following from the Millbrook Mirror is well known to many in the city, who will read of her marriage with interest. The Mirror says:

A very pretty wedding took place on Tuesday, January 9, at 3 o'clock, in the Methodist church at Wellwood, Man., when one of Cavan's most estimable young ladies, Miss Ada May Porter, daughter of Mr. and Mrs. Jas. Porter, of the 4th line of Cavan, was united in the holy bonds of matrimony to Mr. James Johnstone, a popular and prosperous young man of Wellwood.

The interesting ceremony was performed by Rev. Mr. Cruikshanks, pastor of the church.

As the sweet strains of the wedding march, beautifully rendered by Miss Minnie Hutchinson, were heard the groom entered the church and took his place at the altar. The bride then entered, leaning on the arm of Mr. Jas. McCullough, who gave her away.

The bride looked charming in her beautiful wedding gown of white cashmere with silk embroidered chiffon and pearl trimmings. A handsome bouquet of orange blossoms, carried by the bride, also added to the pleasing effect.

The ushers were Messrs. Robert Johnstone and N. Wright. The church was filled to the doors with well wishers of the happy couple, who had come from far and near to witness the pleasing event.

After the ceremony was performed and congratulations extended, a sumptuous wedding dejeuner was served at the home of Mr. James McCullough.

The presents to the bride were both numerous and costly, and evidence of the high esteem in which she was held during her short acquaintance in Wellwood. Among the presents were a gold clock, a gold tray and a silver teapot. The groom's present to the bride was a $100 check.

PRINCE OF WALES' VISIT INCIDENTS

MR. CHRIS. LEARY'S VERSION.

Mr. Christopher Leary contributes some interesting information to the controversy in connection with the visit of the Prince of Wales. He states that one of the team of white horses which drew the Prince of Wales' Carriage was his "Wild Deer," and the other was owned by Dr. Benson of Lindsay. He agrees with the other local historians in that Mr. James Welsh was the driver.

This statement gives rise to an interesting question, as to who really did supply the horses which drew the Prince of Wales' carriage. There have been three different versions of the matter, already, and it seems pretty difficult to establish whose horses were given the honour of drawing the present King through Peterborough's streets. Other contributions to this interesting discussion are invited.

ANOTHER ADDITION TO STORY.

Another "old resident" turns up in the person of Mr. W. J. Green, to add his contribution to the discussion on the visit of the Prince of Wales to Peterborough. He states that no reference has been made yet by the Examiner's informants to the fact that there were two postillions riding the horses which drew the carriages. Those who had that honour were Messrs. Joseph Huston and Henry Billington, and they were fitted out in a complete costume.

Mr. Green also refers to the fact that it was largely through the efforts of the then mayor, Augustus Sawyers, that the Prince was induced to come to Peterborough.

Expression Of Appreciation

(Copy.)

Peterborough, Dec. 21, 1905.

Messrs. Davis-Thompson Co., Limited.
Peterborough.

Dear Sir,—I beg to acknowledge receipt to-day for check for $110 from the Imperial Guarantee and Accident Insurance Company, in full settlement of my claim during the time that I was laid up with typhoid fever.

I must express my appreciation of, and thanks to, your company, for the exceptionally prompt and satisfactory settlement of this claim, the check having been returned by first mail after completion of claim paper.

It must be a pleasure to yourselves as agents, as it will be to the public, to have in your office the representation of such a company.

Yours truly,
(Signed.) 2d A. E. DIXON.

Don't go Stale.

MUSIC AND DRAMA

To-morrow afternoon and evening "Peck's Bad Boy," will be on the boards at the Grand opera house. This is a genuine fun-maker, and characteristics of the show will be pretty girls, pretty music and new specialties. The matinee prices are 15c and 25c, while at night the prices will be 15c, 25c, 35c and 50c.

• • • •

"His Highness the Boy" will be the attraction at the Opera House on Wednesday, January 24. This is a musical comedy with 45 people, and will be one of the best attractions of the season.

• • • •

The engagement is announced of Mr. Grey, late agent-general of Calcutta, and at present Government secretary of that place, to Miss Edith Kirkwood, soprano of the Watkin Mills Co., but owing to Miss Kirkwood's engagement for a ten months' tour, the marriage will not be celebrated until that term expires. They met on the voyage from England, and it is a curious coincidence that the bride-elect was born in India, though educated abroad.—Adelaide, Australia, Advertiser.

Britt-Nelson Fight Pictures

A Striking Reproduction of the Lightweight Championship Fight.

The counter attractions were numerous last night, but despite this fact a large number turned out to witness the Britt-Nelson fight pictures, which were the attraction at the Grand. The reproduction of the contest was marvellously good, the different jabs, counters, side steps and other features being shown very clearly. Prior to pictures of the fight proper those of a number of promoters and followers of the game were given including in the list, Jeffries, Willie Britt, the ex-champion's brother, referee Graney, announcer Jordan, the principals themselves and others prominently identified with the ropes arena. The immense audience was also shown—every detail in fact was most faithfully reproduced. To add to the realism of the affair a gong was used on the stage and sounded for the different rounds. The cleverness and skill of Britt frequently brought much applause from the audience, while the gameness and terrific punches of Nelson, who excelled in fighting were also enthusiastically recognized. No man's remarkability for taking punishment and still keep coming for more was not the least surprising feature of the pictures. The characteristic tendencies of the newspaper men who reported the fight to obtain all the information possible was amusingly emphasised. While the fight was full of exceedingly fast work, throughout, the fourteenth and fifteenth rounds were notable for the phenomenal speed displayed by the pugilists. Although Nelson had somewhat the better of the battle at some stages the skilful work of Britt was in evidence during the majority of the rounds and his artworky and science were really remarkable. Nelson while overshadowed by his opponent in this respect also showed that he was a clever boxer. He proved himself to possess all the essentials of a successful fighter and a fighter he certainly is of true calibre. Both men were willing to mix it up hard in the matter of gameness neither had any advantage.

Britt as is generally known was knocked out in the eighteenth round. This round was very even up to the time of the knockout, and Nelson's two quick sledge hammer punches, right and left to Britt's jaws, the blows that won for him the lightweight championship of the world, were most unexpected. The pictures showed that after the fight was over, immense crowd forced its entrance into the ring to congratulate the game little Dane on his triumph.

Although the Britt-Nelson fight pictures were most worthy of patronage and those who went expecting to spend an enjoyable evening were not disappointed.

Smoker On January 26th

A Good Bill is Now in Course of Preparation.

A good smoker which is now in the course of preparation will be pulled off on Friday, Jan. 26th, at the old opera house. The followers of the manly art have not been much of it around Peterborough lately and will doubtless welcome the coming smoker.

In the main bout Frank Carroll, of Toronto and Tom Blake, of Buffalo, will hold the boards. These two have been anxious to meet for some time, but Blake could never make the weight limit. They have at last agreed to battle at catch weights for a purse of $50, winner to take all, and the bout will be pulled off here. The referee has not been yet agreed upon, but his name will probably be announced to-morrow.

Wrestling and boxing in which local talent will figure, will be conducted preliminary to the main bout. The affair is under local management and it is said no faking will be seen.

Clark's Smoked Beef.

is thinly sliced ready for immediate use. It has a beautifully rich flavour of fine sliced beef. Try it.

Court Peterborough, No. 29.

—The regular meeting of Court Peterborough, No. 29, C.O.F., will be held this evening in their hall, Simcoe street. Several candidates will be initiated and the degree work will be put on by the full initiatory team.

The Gentle Kidney Cure.

Don't think that Bu-Ju is not effective because it does not "tear things loose." The man, who talks most, does least. Kidney remedies that purge—and over-stimulate the kidneys—upset the stomach—are going to do you mighty little good.

Bu-Ju

THE GENTLE KIDNEY CURE

goes about curing you gently, mildly, correctly. You never know you are taking medicine—except that you begin to get better and keep on getting better. Bu-Ju heals inflammation in the kidneys—takes away that sharp pain in the back and the dull ache through the hips—stops excessive urination—and enables the diseased portions of the kidneys to heal and strengthen.

Cures Rheumatism Too.

"THE DAYLIGHT STORE"

OUR

Want-Money Sale

IS NOW ON

The reason for this sale is, that we want to clear out our stock in its season, and this we must do, because up-to-date store-keeping demands it.

The Reduction is Sweeping

We want to convert the remainder of our winter stock into cash. It's good, level-headed business to do so, even though it means a loss to us. Every garment bears the regular price ticket, and also the reduction ticket.

Don't Fail to Take Advantage

of this sale. There's no mistake about our reductions. No juggling with the prices. The reputation of this store precludes that, and insures your satisfaction.

Everything Cut! Cut!! Cut!!!

Just to give you an idea of the exceptional values. Take a look in our north window, and then you'll see samples of two of our lines in suits, prices $9.90 and $11.90. We have equally as good values in every department all through the house. Don't stop to look in your purse—you'll not need much money to participate in this sale.

Come On In!

J. SUTCLIFFE & SONS

Mr. N. S. Boynton Would Abolish The Societies

Maccabee Major Talks of Fraternal Insurance.

SOCIETIES NOT PERPETUAL

Says a Crisis Has Been Brought About in Fraternal Organizations by Old-Line Insurance Methods—What Is Expected From Fraternal Co-operation—Rev. Mr. Wilson's Method Too Drastic for Him.

Detroit, Jan. 20.—"A crisis has arrived in the affairs of fraternal organizations and it has been brought about by the societies being converted into quasi old line insurance companies. When the fraternal feeling disappears and cold business methods take its place, the fraternal benefit societies must go down, for fraternal societies, barring difference in expense of administration, cannot issue insurance at any less than the old-line companies. With the possibilities of bad selections, it is apt to be more. There is an end to everything, and we must not expect our societies to be perpetual. Only when a man can perpetuate himself can he expect to perpetuate an organization such as any of ours."

Uttered in characteristic style by Major N. S. Boynton of Port Huron, grand commander of the Knights of the Modern Maccabees, and one of the best-known fraternal insurance men in America, the above remarks dropped like a bombshell into the annual meeting of the Michigan Fraternal Congress, in session at the Hotel Cadillac.

He followed Rev. W. Warne Wilson of Detroit, prominently identified with the A.O.U.W. of Michigan, who had protested that there must be rates adequate to meet all contracts at the time specified, requiring a sum of money which at compound interest would meet the policy at the expiration.

"You must get the 2 plus 2 from the members in order to have the 4 to pay back to them, or else you will meet dissatisfaction and disorder," said Mr. Wilson.

"What we have to expect is fraternal co-operation, not fraternal insurance," maintained Major Boynton. "You want blood-letting, strangulation and chloroform. My method is milder. A mill specific would be more to my idea. The only field for a fraternal benefit society is to mix fraternity with business. If you get too much commercialism, the young men will go to the old line orders. If you get too much fraternalism, the confounded craft flops over. But we don't have the fraternalism we had 25 years ago and the orders are weaker for it.

"Fraternal insurance will carry a man over the time when he most needs insurance. If the organization which I have devoted years in helping to build up should go out of business tomorrow I should be satisfied with it for the good it has done. If you are going to give insurance for Tom, Dick or Harry to speculate upon, you have got to do it on the basis of the old-line companies."

Goodman Committed.

Toronto, Jan. 20.—Charles Goodman, whom the police have renamed "King of the Fences," was yesterday committed for trial by Magistrate Denison. Goodman was arraigned on the charge of receiving goods stolen from Moneypenny Bros. and J. & J Lugsdin. The amount of goods supposed to have been handled by Goodman is over $4,000. Further charges of receiving goods stolen from W. R. Brock & Co. and Debenham and Caldecott will also be laid.

Alarm Felt In Health Of King Edward

Persistent Rumors That It Is Causing Much Anxiety.

CONSULTS THREE PHYSICIANS

Sir Felix Semon, Physician Extraordinary and Most Famous Throat Specialist, Sir Frederick Treves and Another Eminent Physician in the Palace Some Time on Friday—Breathing Difficult.

London, via New York, Jan. 20.—There are persistent rumors in court circles that the King's health causes much anxiety, and the fact that he was in consultation with three physicians yesterday lends an ominous color to the reports.

The King came to town from Sandringham yesterday morning, leaving the Queen there. At noon Sir Felix Semon, physician extraordinary to His

HIS MAJESTY KING EDWARD.

Majesty, and the most famous throat specialist in Great Britain, visited the King at Buckingham Palace, accompanied by Sir Frederick Treves, the King's surgeon, and another eminent physician.

All three were at the palace some time.

Owing to a broken tendon of his ankle, an injury sustained while hunting six weeks ago, the King has been unable to take any exercise. Being of full habit and with an apoplectic tendency, the King is gaining flesh rapidly, and this occasionally occasions difficulty in breathing.

To all journalistic inquiries about the King's health Lord Knollys, his secretary, invariably replies that it is excellent. It is stated that His Majesty's physicians recently insisted that he stop smoking. The King, however, declined.

His Majesty joins the Queen at Windsor to-day.

FRANCE READY TO REPLY.

Three Warships Are Now Off the Venezuelan Coast.

Washington, Jan. 20.—Three French warships are now off the Venezuelan coast, prepared to deliver the answer of France to President Castro's treatment of M. Taigny, the French representative at Caracas. Two additional warships will join them as soon as they can make the trip across the Atlantic. Until the demonstration has been initiated, the French Government will share only with the President and Secretary Root the knowledge of the exact form which this expression of her displeasure at President Castro's action will take. It can be announced that a French demonstration in Venezuelan waters will be viewed here with complacency.

The French Cabinet Silent.

Paris, Jan. 20.—At a Cabinet Council held in the Elysee Palace yesterday, President Loubet, presiding, Premier Rouvier explained the Venezuelan situation. No indication whatever has been given out relative to the Council's decision.

After the Council had adjourned the Cabinet Ministers present Madame Loubet with a superb silver cup as a souvenir from the last Ministry during M. Loubet's term as President.

M. Maubourget, the Venezuelan charge d'affaires, who was expelled from France Thursday, according to an interview in The Patrie, said that being a Frenchman he felt his expulsion greatly, and would return to France at the first opportunity.

The Deer Slaughter.

Toronto, Jan. 20.—In reporting to the chief game warden the express companies say they carried 2,310 deer carcases during the last shooting season, being 270 more than in the former year. They also carried 150 moose heads, a larger number than in 1904. This number of deer does not represent more than a fourth of the deer killed.

Big Towing Bill.

London, Jan. 20.—The Admiralty Court has awarded the British tank steamer Lucigen $25,000 for service rendered in September last in towing to Halifax the North German-Lloyd steamer Bremen, which became unmanageable by the breaking of a shaft while on a voyage from New York to Bremen.

All the Bodies Recovered.

Charleston, W. Va., Jan. 20.—All of the eighteen bodies have been recovered from the Detroit mines on Paint Creek, the scene of the dust explosion yesterday. The men, except one, were found at their places of work, showing that the explosion came without warning.

Bank President Sentenced.

Philadelphia, Jan. 20.—Henry Lear, former president of the Doylestown, Pa., National Bank, which failed several years ago, was sentenced to five years' imprisonment in the Eastern Penitentiary for embezzling the funds of the bank.

One Hundred And Thirty One Liberal Gain

British Counties Have Now Joined In the "Flowing Tide."

A FORMER MINISTER FALLS

Sir R. Finlay Goes Down at Inverness—Eleventh Member of Last Ministry to Follow His Leader, A. J. Balfour, to Defeat—Devlin Elected For West Belfast—Sir P. Magnus, Defeats Sir M. Foster.

London, Jan. 20.—The following is a summary of the political situation last midnight:

Total seats	670
Elections held	430
Liberals elected	224
Unionists	96
Laborites	40
Nationalists	70
In the last House for the same seats:	
Liberals	103
Laborites	12
Unionists	242
Nationalists	69

All Go One Way.

London, Jan. 20.—(C. A. P.)—Out of eight returns of Friday's voting received up to 2 o'clock, seven were Liberal gains. The other seat already held by a Liberal saw his majority increased from 317 to 2,810. Thus the counties, with even greater unanimity than the boroughs, are joining what has become known as the "flowing tide." In all, forty-six seats were decided, but the 8 o'clock closing hour, which prevails renders it impossible to get the returns until next day. The Liberal gains now aggregate 131, and the Labor gains 28, offset only by four Conservative gains.

The one bright spot for the Conservatives was the announcement early in the evening of the close of the poll for London University, where Sir P. Magnus, Conservative, was elected by 24 over Sir Michael Foster, who held the seat for the Liberal party by 863. Last night's returns record the fall of another former Minister in Sir Robert Finlay, former Attorney-General for England, who was defeated at Inverness by 558. He is the eleventh member of the Ministry to follow their leader, A. J. Balfour, to defeat. In fact, Arnold Forster occupies the splendid isolation of being the only member of the late Ministry as yet returned.

Monday will decide the fate of Austen Chamberlain, against whom a strong onslaught is being made in Worcestershire. He had a majority of 3,594, but has been ill during the most of the campaign.

One big turnover in yesterday's vote occurred in Middlesex, where a Conservative majority of 3,268 changed to a Liberal majority of 2,116. In Nottinghamshire, Sir Frederick Milner, who was distinguished for having written 11,000 letters to his constituents, was defeated by 531.

The Why of It All.

On the vexed question of what was the real cause of it all, interesting opinions have been expressed by candidates. Of sixty-four successful Liberal and Labor members, thirty-six affirm that free trade, or the "fears of food taxation," as they describe it, was the first cause; twenty-four others give the chief credit to the desire for social reform, and disgust with the late Government, or local conditions. Two say Chinese labor did it; one, education. They agree that all these factors were at work, but differ only as to their relative influence.

"Misrepresentation" and "Radical lies" are the most frequent explanations offered by seventy defeated Conservatives heard from. Thirty-five place the first blame on Labor or local conditions; twenty say that Chinese labor was the primary cause of their undoing; seven put the Education Act in the first place, while eight confess that tariff reform, or "misrepresentation about dear food," was the chief cause. Many declare they found tariff reform very popular. One victory is said to have been won because the candidate had eighty-two motor cars in his service.

The total votes polled thus far for Liberal and Labor candidates is 1,744,269, and for Conservatives, 1,467,847.

Liberals Elected.

The Liberals elected on Friday take all gains except in Leith Burgs:

Results: Liberals—Huntingdon, Edward Whitehead, 4,07; Leicestershire, Melton H. de R. Walker, 1,227; Denbigh, Wales, Clement Edwards, 1,317; Inverness, J. A. Bryce, 513; Leith Burgs, R. C. Munro-Ferguson, 1,110; Renfrewshire, Sir T. Glen Coats, 1,368; Middlesex, Enfield J. Bruton, 2,116; Nottinghamshire, Bassetlaw, Frank Newnes, 531.

Late returns of Thursday's voting: Pembroke, Wales, J. W. Phillips, Liberal, 1,049, gain; Monmouth, Lewis Haslam, Liberal, 892.

The following were elected without opposition: East Mayo, Dillon; North Kilkenny, J. Devlin; North Monaghan, Chare; Southwest Meath, Sullivan; South Armagh, McKillop; Queen's County, Meehan; Connemara, O'Malley; South Galway, Duffy; Tyrone, Narnishan; North Meath, White; Northwest Meath, Ginnell.

The most interesting feature of yesterday's election returns was the capture of West Belfast by an Irish Nationalist, Joseph Devlin. Belfast has been a Unionist stronghold from time immemorial, with the exception of a few years, when the seat now won by Mr. Devlin was held by Thomas Sexton.

Riots Follow at Belfast.

Mr. Devlin's victory at Belfast led to rather serious rioting, in which many houses were partially wrecked.

The Man to Cheer For.

Chamberlain yesterday morning received a thousand letters of congratulation in one delivery. Telegrams were delivered fifty at a time, many from the colonies.

Crew Placed Under Arrest.

Portland, Me., Jan. 20.—The crew of the British steamer Cora May, composed of Nova Scotia men, claiming that their agreement was being broken and that they were suffering hardships, was placed under restraint yesterday. A crew of forty-five sailors was signed up here yesterday and the Cora May sailed for Nova Scotia last evening.

Insanity Worked Suicide.

Woodstock, Jan. 20.—Mrs. Edith Rose, the wife of a respected resident of Innerkip, committed suicide by taking a dose of paris green. Mrs. Rose had suffered from melancholia, and for the past few days was unwell. During the absence of husband and family Thursday morning, she took the poison and then locked herself in the barn. She was 44 years of age, and is survived by a husband and two children.

Bolder Game Ends in His Arrest.

Guelph, Jan. 20.—Jas. Edwards, who held up two stores on Wednesday night, played a bolder game Thursday night when he walked into the Chamberlain bakery, and pointing a revolver at Mrs. Chamberlain, emptied the till. He was afterwards arrested. He is 15 years old, and borrowed the revolver from Harry Galloway, night watchman at the General Hospital.

The Laurier Banquet.

Toronto, Jan. 20.—The Laurier banquet committee held a short session yesterday afternoon. Letters were read from all parts of the province asking for seats for the banquet. The program has not yet been arranged, but a great number of prominent speakers are expected.

Chippewa Man Killed.

Niagara Falls, Ont., Jan. 20.—News comes from New York that Wm. Gibbs, a well-known resident of Chippewa, Ont., met his death in an accident in the new East River tunnel, in the construction of which he was employed.

Look for it when buying rubbers.

THE WATER SPIRIT.

Origin of Odd Beliefs About Rescuing Drowning Persons.

In Great Britain the belief that you must not rescue a drowning person is most prevalent in Cornwall and various parts of Scotland. The French sailor and the boatman of the Danube bow to the decree, together with the Russians, and let the people drown.

Dr. Taylor in his "Primitive Culture" declares this lingering fondness for this old creed is because the water spirit is angry at being despoiled of its victim, and should the unlucky person who has dared to frustrate him trust himself to the water's power he will drown as sure as fa. .

The Bohemian fisherman shrinks from snatching a drowning man from the waters, fearing the water demon will take away his luck in fishing and drown him before he gets to shore with the would be victim. In Germany when some one is drowned they say, "The river spirit claims its yearly sacrifice," or, "The nix has taken him."

The belief is current not alone in those countries above mentioned, but the Kamchatkans rather than help a man out of the water would force him under, and if he should escape to the shore no one would dare receive him into his house or dare to give him food. He is supposed to be dead after once falling into the water.

Cured of Drunkenness

How a Montreal lady cured her husband of drunkenness with a secret home remedy.

"I was ... [illegible] ... band of drunkenness so quickly and simply that I am astonished. How glad I am that I confided in you and wrote for your free sample package. The sample tablets I got from you checked his drinking, and before I had used the full treatment he was permanently cured. I gave him the remedy in his tea, and as it had no taste or smell, he never knew he was taking it. I want others to know; so you can use this letter, but please not my name yet. I may say that my husband's health is better in every way than for years."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

To Save One's Bacon.

"To save one's bacon"—that is, to make a narrow escape—is supposed to refer to the Dunmow flitch. For many centuries it was the custom at Dunmow, in England, to present a flitch of bacon to a married couple of twenty years' standing who would make oath on the Scriptures that they had never had a quarrel. To come close to a quarrel without an actual rupture was, in the popular dialect, "to save one's bacon."

Every Bit as Good.

"Have you a belt that will go about my waist?" asked the young lady with a smile as she entered the dry goods store.

"No, but I have something just as good," replied the young man who formerly worked in a drug store.

ORDER OF THE GARTER.

Its Alleged Ballroom Origin Only Legendary Romance.

The origin of the Order of the Golden Fleece is, like that of the Garter, shrouded in mystery. Very few modern archaeologists attach any credence to the vulgar tradition, wholly unsupported by any authority, that at a court ball given by Edward III. a lady, supposed to be the Countess of Salisbury, dropped her garter, and the king, taking it up and observing some of his courtiers to smile as though they thought he had not obtained this favor merely by accident, exclaimed in a loud voice, "Honi soit qui mal y pense."

There is another opinion which traces the origin of this order, which, according to the learned Selden, "exceeds in majesty, honor and fame all the chivalrous orders in the world," to Richard Coeur de Lion having upon the occasion of some warlike expedition during his wars in Palestine chosen a leathern thonged garter as the distinctive mark of his partisans. Yet another theory ascribes the foundation of the order to the fact that Edward at the battle of Crecy issued his garter as a signal for battle, which, proving successful, determined him to institute the order in memory of the event.

Both these opinions are to a certain extent feasible, and the first is materially fortified by the well known fact that when the crusaders captured St. Jean d'Acre in a nocturnal assault the knights of the Christian army were ordered to wear straps of white leather bound round the leg under the left knee in order to distinguish them from the infidels.

About Breathing.

In the ordinary respiration of man sixteen or seventeen cubic inches of atmospheric air pass into the lungs twenty times a minute, or a cubic foot every five and one-quarter minutes, 274 cubic feet in twenty-four hours. The lungs hold 2.80 cubic feet. At each respiration 1.375 of oxygen is converted into carbonic acid gas. The nitrogen in spired and expired is exactly equal During the act of inspiration the lungs have been found to be the coldest parts of the body.

The Point of View.

"It all depends on the point of view," he said reflectively.

"What do you mean?" she asked.

"Well, by way of illustration," he answered, "there's Mrs. Jones next door, who sings all day long. Looking at it from one point of view, we say, 'Happy woman!' and from another, 'Unhappy neighbors!'"

Such Friendly Friends!

Maude—Jack Huggins has been calling on me for nearly three months. I expect a proposal soon. Clara—Oh, Jack never rushes things! It was at least five months before he proposed to me.

How She Liked Him.

"Well, Maggie, you have now been married a year. How do you like your husband?"

"Sober, mum."

If Satan could love he would cease to be wicked.—St. Theresa.

LEGAL PHRASEOLOGY.

What Some of the Terms Common to Court Practice Mean.

To most persons the phrase "This indenture witnesseth" is as much Greek as the other common phrase "Witness my hand and seal." Yet both are relics of a time when these legal forms carried with them a significance not obtaining at present.

Legal documents were once engrossed upon parchment because paper cost so much more than dressed skin. The parchment was seldom trimmed exactly and the top was scalloped with the knife hence the term "This indenture." Even where the lawyers have departed from the custom, still obtaining in England, of using parchment for their legal forms the phrase has been retained.

In the same way the signature of "hand and seal" is a relic of those olden times when only clerks and the clergy could wield the pen. It was the custom for the contracting parties to lay their hands upon the document in token of good faith, and there remained a smudge. As these original thumb marks were not easily identified, the gentry added their seals for the purpose of further establishing the validity of the document. It may not be generally known that a seal is still required in law, though the need for it passed with the spread of education, and the bit of red paper affixed by the lawyer is as necessary as the signature to certain documents.

A court of law is a reminiscence of the time when justice sat in the open courtyard, and the "dock" is from a German word meaning a receptacle, while the "bar" is a Welsh word meaning a branch of a tree used to separate the lords of justice from their vassals.

The entire phraseology of the bench is reminiscent of the earlier days, but, having been proved proper, has been retained.

BABY'S HEALTH.

"When a child is well, give it no medicine," is a wholesome adage. But at the first sign of trouble the careful mother will give Baby's Own Tablets, which promptly cure indigestion, colic, constipation, diarrhoea, simple fevers and teething troubles. They contain not one particle of opiate or poisonous "soothing stuff," yet they give refreshing sleep, because they remove the cause of sleeplessness, and the child awakens bright and well. Mrs. F. McIntosh, Wabigoon, Ont., says: "Baby's Own Tablets wrought a wonderful change in my little one. When he was two months old he began to fail, and cried almost night and day. But after giving him the Tablets he grew well, and is now a bright, laughing, baby, who scarcely ever gives any trouble. The Tablets are surely a blessing to both mother and child." All druggists sell these Tablets or you can get them by mail at 25 cents a box by writing the Dr. Williams' Medicine Company, of Brockville, Ont.

JAPANESE PAGODAS.

Earthquake Proof and Able to Stand the Severest Shock.

The absence of buildings of any size and antiquity in Japan is ascribed to the destruction of them by the frequent earthquakes which occur. The only structures which seem to be earthquake proof are the pagodas which are erected before the temples. There are many pagodas which are 700 or 800 years old and as solid as when first built. There is a reason for this, and it lies in their construction. A pagoda is practically a framework of heavy timbers which starts from a wide base and is in itself a substantial structure, but it is rendered still more stable by a peculiar device. Inside the framework and suspended from the apex is a long, heavy balk of timber two feet thick or more. This hangs from one end, and to the other end are bolted at each of the four sides four more heavy timbers, and if the pagoda be very lofty still more timbers are added on to these. The whole forms an enormous pendulum which reaches to within six inches of the ground. When the shock of an earthquake rocks the pagoda the pendulum swings in unison and keeps the center of gravity always at the base of the framework. Consequently the equilibrium of the pagoda is never disturbed, and this is the explanation of the great age of many of them, when from their height one would suppose them to be peculiarly susceptible to the effect of an earthquake.

Baffled.

The word baffled now has a meaning entirely different from that applied to it 300 years ago. It is now understood to mean thwarted, foiled or disappointed, but then it was applied to the process of degradation by which a knight was disgraced. A baffled knight was one who had been pronounced guilty of conduct unbecoming one of his order and had accordingly been shorn of his plumes, his sword was broken before his eyes, his knightly robe torn away, his spurs cut off with a cleaver, and after being publicly chastised he was declared to be baffled. The word is used in this sense by Shakespeare and other writers of that time.

An Old Bachelor Tax.

There's nothing new, whatever some people may think, in the suggestion that bachelors should be taxed, since, for a time at any rate, such a scheme for raking in the national shekels was in full operation here. By an Act of Parliament, 6 and 7 William III., cap. 6, power was obtained for the imposition of "certain rates and duties upon . . . bachelors and widows, for the term of five years, for carrying on the war with France with vigor." But the tax, instead of being kept within the five years limit, lasted from 1695 till 1706, during which period all bachelors over twenty-five years old were mulct according to position, from the shilling per annum of the "common fellow" to the £12 10s. of a duke. Subsequently, in 1785, another bachelors' tax took the form of heavier duties upon their servants than those of other persons.

LADY FLORENCE DIXIE.

Letter Which Gives True Insight Into Her Great Personality.

Much has been said and much has been written about the late Lady Florence Dixie; but perhaps the following letter, which was sent some years ago to the editor of a newspaper, and which is now published for the first time in M. A. P., of Nov. 18, gives a better and truer insight into her personality than could any outside sketch or impression. The letter, which was addressed from Sandiway, Northwich, Cheshire, and dated March 27, 1882, was as follows:

Dear Sir,—I have read your article on "Counterfeit Strong-minded Women" with much interest, inasmuch as it is a subject on which I feel deeply. I am 24 years of age, and I have seen life under a thousand different phases, from the luxuries of our high society to the horrible realities of the lowest scenes in London. I have traveled far and wide in many countries. I have endured hardships, dangers, fatigues. I have enjoyed and I have suffered. There is little I have not seen; there is little I have not studied. The companionship of men has fallen more to my share than that of women, but I have never received from them aught but the greatest respect. According to the laws of society I have set at defiance its every rule, and yet society has not hurried away from me.

After all the experiences I have gone through I feel no less a woman. It is because I feel and know this that I cannot agree with your article. The subject is too deep to be lampooned and ridiculed; it is one that requires a minute dissection, which only those who possess a real love for humanity and the perfection of the human race can ever attempt to fathom. Pray excuse this letter; it may appear to you a strange one, but it is, nevertheless, the genuine expression of a woman who has made herself much misunderstood by knowing, seeking, and acting beyond the recognized sphere of woman, and who yet has not lost any of those gentle feelings that it is woman's privilege to possess. I remain, your obedient servant,

FLORENCE DIXIE.

The Preacher Got Even.

An old lady of his flock once called upon Dr. Gill with a grievance. The doctor's neckbands were too long for her ideals of ministerial humility, and after a long harangue on the sin of pride she intimated that she had brought a pair of scissors with her, and would be pleased if her dear pastor would permit her to cut them down to her notions of propriety.

The doctor not only listened patiently, but handed over the offending white bands to be operated upon. When she had cut them to her satisfaction and returned the bibs it was the doctor's turn.

"Now," said he, "you must do me a good turn also."

"Yes, that I will, doctor. What can it be?"

"Well, you have something about you which is a deal too long, and which causes me no end of trouble, and I should like to see it shorter."

"Indeed, dear sir, I will not hesitate. What is it? Here are the scissors; use them as you please."

"Come, then," said the sturdy divine; "good sister, put out your tongue."—London Tit-Bits.

Romance of An Inheritance.

In old Scottish times it was customary among the chieftains to lock the outer door while the family dined to avoid being taken off their guard by an enemy, and in some strongholds it was the strict rule when once the dinner bell had rung to give none outside admittance until the meal was ended. Towards the end of the 17th century a wealthy bachelor decided to bequeath his fortune to the first of his relatives who welcomed him hospitably; so he took horse, and called first on the chief of his clan. But the dinner bell had rung, and no entreaties would induce his kinsman to admit him. The next relative he visited was the Duke of Queensberry, who, despite that he also was at dinner, welcomed him with open arms, invited him to the table, and altogether so satisfactorily entertained him that, some time later, his very considerable estates were added to the Queensberry domain.

Evolution of a Joke.

"What becomes of a joke when it gets too old for the almanac?"

"The theatrical programme gets it."

"And from there it's but a step to the musical comedy, eh?"—Philadelphia Bulletin.

A RIGHT WAY and A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not known until the test of time points plainly to the error. Practically there are but two ways to accomplish anything; a right way and a wrong way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with stitches and twitches, others with cricks and twinges; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard enough to get rid of. Some people rub the back with liniment, others cover it with plasters, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the trouble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's all their own—the right way. They're made for the kidneys only. When the kidneys fail in their work of filtering the blood the back aches because they are situated in the small of the back; backache is the kidney's warning of trouble, and every day you let the warning go it brings you nearer to urinary disorders, Diabetes, Bright's Disease, etc.

Doan's Kidney Pills cure every form of kidney ills and that's why they bring such quick relief from backache. Mr. Fred Gray, Good Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills, and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my house."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

THROUGH THE HEART!

WHEN THE NERVES BECOME A WRECK AND VITALITY RUNS LOW BECAUSE THE HEART FAILS TO DO ITS WORK—THROUGH THE SELFSAME HEART—IF CURE COMES—MUST IT COME

Dr. Agnew's Cure for the Heart

Cures the nerves through the heart. Experience of the highest medical authorities has conclusively proven that the quickest way to cure diseases of the nerves is to fortify the heart with "food" that is natural to it, and that enriches the blood; and it has been proven also, beyond the shadow of a doubt, by this same high medical authority, that Dr. Agnew's Cure for the Heart is the most potent nerve nourisher and heart strengthener that has been "gathered in" from nature's lap to assuage sufferings, stop pain and heal the heartsick; and when you know that with the heart, the main spring, the balance wheel of life, out of order, the future looks out on nothing but darkness and suffering, why postpone applying the remedy? Why delay taking hold of the healing hand that will lift you back to health? Dr. Agnew's Cure for the Heart will relieve any and every form of heart disease in 30 minutes.

Margaret Smith, of Brussels, Ontario, says: "Many a time my suffering was so great that I would have hailed death with a welcome, but four bottles of Dr. Agnew's Cure for the heart wrought a wonderful cure in me."

WONDERFUL EFFECT OF FRUIT.

"Fruit-a-tives" (Fruit Liver Tablets) are concentrated fruit juices. And it is these fruit juices that cure Constipation, Biliousness, Headaches, Indigestion, Palpitation of the Heart and all Troubles of the Stomach and Kidneys. A leading Ottawa physician discovered a process by which he could combine the juices of Apples, Oranges, Figs and Prunes and by adding another atom of bitter principle from the Orange peel, completely change the medicinal action of the fruit juices, giving the combination a far more powerful and more beneficial effect on the system. "Fruit-a-tives" are tablets made of this combination of fruit juices—and they have made most wonderful cures of Stomach, Liver and Kidney Troubles and of Blood and Skin Diseases. 50c a box.—Ask your druggist.

Latest News From Havelock

Havelock, Jan. 14th. — Miss Maud Campney is the guest of Miss May Matthews of Belleville.

Mrs. J. Batson is visiting friends at Springbrook.

Mr. T. E. Madden took in the hockey match at Marmora last Wednesday evening.

Mr. C. Tobbyr of Norwood, who has been working with Mr. R. E. White in town, has resigned and will work for his father in Norwood.

Mr. Frank McKay of Campbellford, spent Thursday in town.

Last Wednesday evening a bunch of town girls and boys journeyed to Campbellford to enjoy a skate on the Cedar Swamp rink. After skating for a time the party adjourned to a restaurant where they had a light lunch which gave them what strength was needed for the spill on the homeward run. They say that when Sid. McIntosh stopped laughing all that he could see was a rack upside down, with feet and heads sticking out all over. It was some time before he could distinguish which was which. We are happy to inform the public that no lives were lost and that there were very few serious injuries. When the roll was called the list of injuries was found to be as follows: - One shoulder sprained, one sore head, one thumb out of joint, two dresses torn, three hats badly bent, a sleigh somewhat broken.

We are pleased to learn that Master Charlie Holdcroft, who underwent an operation for appendicitis last Friday, is doing well and will soon be out.

A few people from town attended an oyster supper given at the residence of Mr. J. Johnston, on the Hastings road on Wednesday night.

It looks as though the scenery owned by the Amateur Dramatic Society has begun to have some effect on passing shows and at the rate that they are now booking the hall the town is getting good dividends on the money invested. Last week the London Bioscope Company put on a good moving picture show. On Friday, the 19th, there will be a production of the famous play, East Lynne.

Mr. William Matheson, jr., and wife, who have been visiting Mr. Wm Matheson, sr., for the past two weeks returned home on Thursday morning.

The Citizens' Band played at the rink on Wednesday evening last and the music was very good. Possibly the rink management will be able to secure it once a week.

Thompson Bros. are conducting a very successful ten days sale of their $30,000 stock, the attractively low prices bringing many customers.

The inaugural meeting of the council was held on Jan. 8th, with the following attendance: Reeve Jas. H. R. Morrison, Geo. Young and G. L. Sills.

Dr. Crawford was appointed Medical Health Officer and J. W. Sprang was elected clerk at a salary of $60.00.

The resignation of Mr. Phillips as village treasurer was accepted.

On motion the $189.63 was paid for accounts. Wards Patterson and F. C. McMasters were appointed auditors. J. W. Byrnes was appointed treasurer in place of Mr. J. R. Phillips at a salary of $95, and Mr. Thos. Wood, assessor, at a salary of $45.

A communication was read from the council of the City of Peterborough, asking for the appointment of a representative from Havelock on a deputation to wait on the Minister of Railways and Canals, in the interests of the Trent Valley Waterway. On motion the Reeve was appointed as representative.

On motion Mr. J. Williams was appointed Sanitary Inspector, Collector of Taxes, Village Constable, caretaker of town hall and collector of dog and poll taxes at a salary of $200 per year.

Dr. Holdcroft addressed the council in reference to the fumigating of Mrs. Campbell's house.

Moved by Councillors Sills and Company, that Dr. Holdcroft present his account to the Board of Health for recommendation.—Carried.

Moved by Councillors Sills and Morrison, that the clerk order six copies of the Municipal World, for use of Council and Clerk also a B. D. and M. register.—Carried.

Moved by Councillors Morrison and Young, that W. Andrews have the contract of snowploughing the sidewalks at $1.50 per trip.

Council adjourned.

Mr. B. E. White spent Sunday the guest of friends in Belleville.

Mrs. H. Caplan, of town, entertained a number of her friends Tuesday evening in honour of her daughter, Miss M. Caplan, who is home from Buffalo on a visit.

The Kyle Vaudville Co., which put on a show in the town hall Monday evening was a complete success. Although a very good house turned out the work of of Mr. Kyle and his numerous artists deserved a packed house.

The following has been handed in for publication: What might be a good suggestion is that the prices for for the local town hall or opera house be lowered, as the present prices are at an exorbitant figure, and make it profitless for a person or persons renting the hall for an evening. For instance a show has to pay for the hall, $8; an At Home, $6, and a ball $10. Now it is impossible for a show to come into this town and pay such a price when the people will not turn out to help pay for it. If the prices were a little lower At Homes would be held oftener and this would give everybody a chance, and the ball would likely be in demand all the time. Whereas now the prices are so high that it is beyond the reach of anyone, but a millionaire. The public is in favour of a reduction and a little judgment might be used in the rating for this place of amusement.

First Use of Platinum.

It is recorded that the first Ural miners were much disgusted with platinum and did not know what to do with the hard, dirty looking metal, says a London contemporary. They thought they had solved the problem of successful utilisation when they had made bullets of it for their sporting muskets.

Hemming Table Linen.

Table linen should, of course, be hemmed by hand. That is "the correct thing," but the hemmer of the machine can be made very useful for this purpose in the following manner: Place the edge of the cloth beneath the hemmer. Do not thread the needle, but as you turn the hem let it run through the machine. Turn and press thus the full length of every side. Then take from the machine and hem in the usual way by hand. The neat turning of the hem is the main work. This accomplished, the rest is soon over.

Falling Hair.

Falling hair has many causes, but nervous troubles are the most common. Too frequent washing of the scalp, especially with harsh soaps, borax or ammonia, weakens the hair and is liable to make it fall. Dandruff is a common cause and should be attended to. The use of combs is to be condemned, especially those which are too fine for the hair. Your comb should be coarse and used as little as possible. It should never pull and never rake the scalp.

Nos. 1, 2 and 3 Now On Sale

At all Newsdealers and Booksellers.

Price - - - 15 Cents Each.

We have a book we want everybody to read, and which costs nothing to obtain. It is the free descriptive booklet, telling all about the most up-to-date publication in the world. It describes the magazine that is being read every two weeks by more than

ONE MILLION PEOPLE.

The book of knowledge—the knowledge of to-day. It concerns the life of the present—its ceaseless activities, its far-reaching commerce, its mighty industries. Its scope is all-embracing.

How to Acquire Knowledge.

There are several ways of acquiring that all-round knowledge which leads to success, but the least expensive and the surest is by a course of self-education. Evening schools and like systems are excellent in their way, but they do not often fit in with the individual hours of leisure.

A system, to be capable of universal application, must be one which can be freely used at any time. Everyone has hours in a day which can be devoted to study, odd hours which must soon somehow to suit other people's convenience.

A System of Home Education.

This system is probably the best. At least the student can seize precious minutes which would otherwise be wholly wasted. It is the way we fill our minutes which counts. Moreover, the individual can choose his own subjects and select the special means of culture which best suit his requirements.

Of all books of instruction for home tuition the splendidly compiled series of authoritative works known as the HARMSWORTH SELF-EDUCATOR is laid out on a plan most calculated to be of real assistance. The subjects are treated in an eminently practical way by the greatest authorities.

The Otonabee Agricultural Society Met

Reports for the Year Were Presented and Officers Elected—Balance of $230.89 on the Year's Operations—Improvements to Society's Grounds—Some Changes in the Prize List—Good Progress Made by Society.

OTHER INTERESTING NEWS FROM KEENE

Special to The Examiner.

Keene, Jan. 17.—The annual meeting of the Otonabee Agricultural Society was held in the Council Chamber, Keene, on Wednesday, January 10, Mr. R. A. Nelson presiding. The report of the directors showing a balance on hand of $230.89 was presented. On motion of John Lang, seconded by Jas. McNeil, the report, as read, was adopted.

It was moved by W. W. Shearer, seconded by Jas. McNeil, that the Bank of Toronto special prize should be given to Mr. F. Boland.—Carried.

Moved by J. Smithson, seconded by John Lang, that prizes of 50 cents each be paid to Mr. P. T. Pilkey, principal of the public school, for exhibits of mounted plants and collection of insects, recommended by judges.—Carried.

Moved by John Lang, seconded by J. Throop, that the treasurer be instructed to pay $150 on not of $400 due in March, and that the president, vice-president and secretary renew note for balance $250.

Moved by J. Lang, seconded by J. Throop, and carried, that the following officers be elected for the coming year:

President, R. A. Nelson.
Vice-President, Alexander Wood.
Sec.-Treas., Andrew Shearer.
Auditors, Jas. McNeil Robert English.

Directors—J. J. Moore, W. J. Miller, Robert Humphries, Peter Drummond, Gilbert Howson, W. Renwick, Alex. Stewart, W. W. Shearer, J. Smithson, W. B. Stewart, William Drummond, Jon Millar, Wm. Newton, John Throop, Jno. Carey, Jno. Lang and J. H. Fife.

An improvement committee, consisting of Jno. Lang, Jas. McNeil, Jno. C. Reid, Jas. Henderson, William Drummond, Andrew Shearer, and R. A. Nelson, was appointed to attend to improvement work on grounds, leasing grounds for gasture and to interview the Council for a grant for a flag pole and flag.

On motion, Tuesday and Wednesday, Oct. 2 and 3, were set as dates of the fall fair.

Rule 8 on the prize list was amended by adding, "Any exhibitor violating the provisions of this rule shall forfeit his prize money to the society."

Suggestion was made that 5-15 pumpkin and one squash be exhibited instead of two of each; also that weight of light agricultural horses be raised from 2,700 to 2,900 pounds, the matter to be left in the hands of the directors.

The society is to be congratulated on the wonderful progress made. With few exceptions, each year has been better, both in point of attendance and quantity and quality of exhibits, than the preceding year. The financial position has likewise improved, the indebtedness for the agricultural grounds purchased from Mr. H. Burnham some years ago being reduced by this year's payment of $150, to $200. Last year's fair, the best on record, left a balance of $230.89, hardly double that of the preceding year. Also a good deal of improvement has been put upon the grounds by the voluntary labour of the members.

The 7th line football team intend holding an oyster supper in the town hall on Friday evening, Feb. 19.

In spite of the soft weather which had prevented the putting of a good coat of ice on the rink, the skating and curling rink is being better attended than ever this year. It has been found impossible to organize a good senior hockey team on the village boasted in former years, but a good junior team has been organized. Curling is decidedly on the boom, and early twice as many curling tickets than usual have been sold.

Miss McAllister, Miss Hope and Mr. Fred. Harris, of Shaw's Landing, were in Keene Thursday, the guests of Mrs. J. Hore.

Miss Margaret Bryce is billed to sing at the annual anniversary concert of the Presbyterian church, Roseneath.

Miss Jessie Humphries, of Lang, entertained a party of Peterborough young people at her home last Friday evening.

Mr. and Mrs. Robert W. Rose, of Otonabee, celebrated their silver wedding on Tuesday, Jan. 31. A large number of friends and relatives attended, and a very pleasant evening was spent. Mr. and Mrs. Rose were made the recipients of a number of handsome presents.

The annual congregational meeting will be held in the Presbyterian church on Thursday afternoon, Jan. 18, at 2 o'clock. The ladies of the congregation will provide tea at the close of the meeting.

Mrs. Geo. Shearer and Miss May Shearer, of Lang, are suffering from typhoid fever.

Agricultural Society Held Its Annual Meeting

Smith, Ennismore and Lakefield Society Met and Elected Officers—Mr. R. Q. Dench Again the President—Lakefield District L. O. L. Also Elects Officers for the Year—Other Interesting News From That Village.

PERSONAL ITEMS OF INTERESTING NATURE

Special to The Examiner.

Lakefield, Jan. 16.—Mr. Thos. Northey, of Manitoba, is the guest of his brother, Mr. Alon Northey.

Miss Robertson, of Peterborough, is the guest of her mother, Mrs. Wm. Cox, of Regent street.

Mrs. Wm. Cox, Sr., who has been visiting friends in Manitoba and Dakota has returned to her home after a delightful visit in the west.

The young men of the village gave a delightful dance on Friday evening last when a most enjoyable time was spent.

District L. O. L., held on Tuesday evening, January 9th, at the Orange Hall, the following officers were elected.

Bro. C. C. Boyce, District Master.
Bro. Sidney Hunter, D. D. M.
Bro. Wm. James, D. Chap.
Bro. C. S. Garbutt, D. Fin. Sec.
Bro. Stephen Harrison, D. Rec. Sec.
Bro. John W. Stuart, D. Treas.
Bro. W. J. Chatfield, D. D. of C.
Bro. Rob. Carter, D. Lecturer.

Representatives were present from the two lodges of Lakefield and Apsley.

Mrs. J. R. Stratton and Mrs. R. S. Dadson, of Peterborough, were the guests of Mrs. R. Graham, on Wednesday of last week.

Miss. A. Campbell, of Peterborough, is the guest of her parents, Mr. and Mrs. Wm. Watson.

Mr. John Dinwoodie has sold his residence to Mr. Draydon, of Young's Landing. Mr. Drayton takes possession about March 1st.

Mr. Alex. Richardson, of Peterborough, was in the village Tuesday.

The Lakefield, Smith, and Ennismore Agricultural Society held there annual meeting for the election of officers on Wednesday evening, January 10th, when the following officers were elected:—

President—R. Q. Dench.
Vice-President—H. C. Garbutt.
Secretary-Treasurer—W. Sherlin.
Directors—Thos. Fitzgerald, S. J. Wallace, R. Gerrish, G. W. Mann, John Robertson, R. Duff, J. W. Cornish, E. Fitzgerald.
Auditors—Wm. M. Graham, A. Fairbairn.

Mr. and Mrs. W. J. Baptie have moved into their own residence on Regent street. Baptie's house is the first cement brick building erected in the village and is certainly a handsome residence.

Miss Richardson of Midland is the guest of Miss A. Miller, of Smith.

Mrs. J. Chant, who has been visiting friends in Markham has returned home.

Rev. Mr. Langfeld, of Peterborough, is billed to deliver a lecture accompanied with illustrations with limelight views in the town hall on Friday evening, January 19th, under the auspices of St. John's Church.

Mr. Burt and Miss Clara Davis spent a couple of days visiting friends in Bobcaygeon this week.

Lakefield preparatory School respelled after Christmas holidays on January 11th with a good attendance.

Miss Kindred, of Clifton Springs, who has been the guest of Miss Fitzgerald left Monday for Peterborough, where she intends spending the remainder of her holiday.

Messrs. A. E. Butcher and F. A. Kilbourn are in Owen Sound this week attending the annual meeting of the Lakefield Portland Cement Co.

Mr. Reggie Butcher, of Owen Sound, who has been the guest of Mr. A. E. Butcher for the past couple of weeks left for the home Monday.

Mr. Clare Bravender, spent Sunday in Toronto, visiting friends.

Mr. Wesley Leonard has opened up a new hardware store in the premises formerly occupied by the Traders' Bank. Mr. Leonard has a well selected stock and no doubt will do a good business.

Mr. Douglas Meater, of Collingwood, is the guest of Mrs. Christopher Quinn.

The young men of the village gave a delightful dance on Friday evening last when a most enjoyable time was spent.

KELPION

The Ointment That Heals

25 Cents.

A pure, stainless iodine ointment applied to cuts, burns or bruises to subdue pain and reduce inflammation.

Cancer and other malign growths often result from the slightest breakage of the skin.

"Kelpion" will kill the microbe of poison and prevent infection.

Private C. T. Mayes, who served through the Boer campaign with the Imperial Volunteers, has this to say of "Kelpion":

"The pot of Kelpion issued to our V. I. C. Kit was one of the few things we took from Cape Town to the front with us.

"It was very useful indeed; one of the finest and quickest remedies for cuts, sprains, sore throats, wounds and bruises.

"Your Kelpion surprised every one who used it, for it cured foot sores, and it ought to command a large sale in South Africa if advertised for that reason.

"I have heard praises from all C.I.V's and Regulars who used it, and I guarantee every C.I.V. will recommend it."

WHAT KELPION WILL DO.

It will cure all skin diseases and eruptions, whether of the nature of eczema, an ulcer or a cold sore.

It will allay all inflammation, whether internal, as of the lungs, or due to rheumatism in the joints.

Will forbid swellings, whether due to sprains and hurts or from internal derangements. 669

Competition to close Jan. 1, 1906

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way.

To appreciate the simplicity and ease of washing with Sunlight Soap in the Sunlight way you should follow directions.

After rubbing on the soap, roll up each piece, immerse in the water, and go away.

Sunlight Soap

will do its work in thirty to sixty minutes.

Your clothes will be cleaner and whiter than if washed in the old-fashioned way with boiler and hard rubbing.

5c. Buy it and follow directions. 5c. Lever Brothers Limited, Toronto 165

HIS SAD EXPERIENCE.

Say, what d'ye t'ink she done ter me?
She quit me cold, she trun me down,
De hardes' frost you ever see.
I'm jest de glummest mug in town.
I t'ought I had her dead ter rights;
I t'ought for sure I had de call
For take de lady home o' nights.
Youse can't depend on golls at all.

She run wit' Chimmie for awhile.
Till Mamie Simpson copped him out,
An' den I got de gladsome smile—
I was de hull t'ing, jest about.
She tells me Chimmie didn't nuit;
She didn't like his way o' gait.
She played it on me pretty cute.
Youse can't depend on golls at all.

For Chimmie's broke it off wit' Mamie,
An' so she t'inks she'll take him back.
It seems ter me a measly shame
De way I'm shunted off de track.
I'd go for Mamie—I got a hunch
My chances wouldn't be so small,
But den I'm leary of de bunch:
Youse can't depend on golls at all.
—Chicago News.

Two of a Kind.

Superintendent—Who was Napoleon, my little man?

Little Man—Why, he was de guy dat used to own de earth before Rockyfeller.—St. Louis Post-Dispatch.

Love's Sacrifice.

The weeping father and mother were bidding their only son goodby.

A tear stood in his eye, but there was no faltering in the resolution that expressed itself in every line of his brave young face.

"You are going, Harry," said his anguish stricken mother, "among scenes of carnage, destruction and possibly to a swift and terrible death. Do not, my son, I beg of you, forget the lessons I have tried to instill into your mind from your earliest childhood!"

"I will not, mother," he answered, pale, but undaunted. "Cheer up! I have a feeling that I shall return alive."

Kissing her affectionately and wringing his father's hand, he tore himself away and was gone.

To war?

Ah, no; more terrible than that. He was about to enter college as a fresh man.—Chicago Tribune.

Cool.

The most startling and unforeseen events found him unmoved. One day one of those professional overcoat snatchers was seen by him to lift his new outer shell from the restaurant peg and proceed to make off with it.

Near the door our cool friend touched him gently on the shoulder. "If you don't mind," he murmured, "I'll have just one more cigar out of my pocket."—Birmingham (England) Post.

Old Friends.

The Wife—What luck?

The Husband (wearily)—None whatever.

The Wife—Were there no servants in the intelligence office?

The Husband (sadly)—Lots of them, but they had all worked for us before.—Woman's Home Companion.

Another View.

"You're always telling me what to do!" complained the derelict. "Don't you know that advice is cheap?"

"There's where you are mistaken," blandly corrected the old bachelor friend. "My advice is the result of experience for which I paid a very high price!"—Detroit Free Press.

He Fills the Bill.

An enterprising Georgia citizen has this advertisement over his place of business:

"General Commission Merchant and Undertaker. Automobiles and Funerals on the Installment Plan. When In Need of Either or Both, Call on Me."—Atlanta Constitution.

"Red Feather" Tea

Quoth Bruin, "'Tis bad-ski! I'll be frank,
For steppe by steppe I'm losing ground.
Internal troubles also gall,
But this Red Feather smooths them all,
And burdens hard to Bear," says he,
"Are carried through with ami-tea."

A Treat from Ceylon

Black, Green or Mixed
One Price—40 Cents.

Paris Restaurants.

A Chicago man just returned from a ramble in Europe declares that in Paris the traps for unwary travelers are innumerable as the sands of the seashore. One of the most familiar is the restaurant where the bill of fare is without prices, the check being made out according to what the customer seems able to pay. "I was bitten once or twice in this way," says the traveler, "but then I refused to order unless the menu mentioned the cost. Sometimes the proprietor protested feebly, but I told him that he didn't buy his victuals without knowing the price, and I should follow his example."

BRAIN AND NERVE

DEPENDENT ON CERTAIN ELEMENTS OF NATURE, WHICH ARE FOUND IN

Dr. Chase's Nerve Food

The Christian Scientists are right enough when they claim that the mind influences the body.

Worry, excessive mental toil and strong emotions consume nervous energy at an enormous rate.

Rest of mind and body is essential for the restoration of the exhausted nervous system.

But the mind is dependent on the brain, and the brain in turn is a bundle of nerve cells, which are nourished and sustained by pure, rich blood. Hence the absolute necessity of supplying the elements from which blood is made.

These elements of nature which go to form new rich blood and revitalize wasted and depleted nerve cells are found in splendid proportions in Dr. Chase's Nerve Food.

By using this great food cure you supply the material substances from which are found brain and nerve force.

By all means have a cheerful, hopeful mind, but do not depend on this to make you strong and well or you will be terribly disappointed when it is forever too late.

It may take weeks or even months to thoroughly restore your health with Dr. Chase's Nerve Food, but you can be absolutely certain that every dose of the great food cure is at least of some benefit to you.

Mrs. J. B. Huffman, 268 Reid street Peterborough, Ont., and whose husband is employed at the Canadian General Electric Co., states:

"For over a year I suffered with nervous headache and feelings of weakness and dizziness would come over me. My nervous system seemed weak and exhausted, and hearing of the success of Dr. Chase's Nerve Food I began using it. I am now pleased to state that the headaches do not bother me any more and my system is entirely built up and restored."

The healthful complexions, the well-rounded forms, the energy and elasticity of movements characteristic of persons who have used Dr. Chase's Nerve Food are the strongest evidence of its wonderful restorative influence. 50 cents a box, at Edmanson, Bates & Co., Toronto.

Caffeine.

Caffeine, the active principle of coffee, was discovered by Runge in 1820. In a pure state it takes the form of long silky needles. In ordinary coffee it is present to the extent of about 1 per cent, but Java coffee contains 4.4, and Martinique has as much as 6.4. It is said by some chemists that caffeine in its essentialities is identical with theine, the active principle of tea. Claus affirms that the inferior qualities of tea contain more caffeine than the best commercial grades.

Among the Heathen.

Helen, aged four, was spending a night away from home. At bedtime she knelt at her hostess' knees to say her prayers, expecting the usual prompting. Finding Mrs. I. unable to help her out, she concluded thus: "Please, God, 'scuse me. I can't 'member my prayers, and I'm staying with a lady that don't know any."

As It Was in the Beginning.

"I wonder how graft originated?" said the studious man.

"Away back in the garden of Eden," answered Senator Borghum, "man was a grafter at the outset. Adam couldn't even let Eve enjoy an apple without getting a rakeoff."

Generous.

"Some men say," remarked the beautiful heiress, "that I have no heart."

"Oh, that doesn't matter!" replied the poor but willing youth. "I'll give you mine."

SPHERE OF WOMEN.

Miss Laura Rose's Address Before the Women's Institute.

An unique and unusually interesting address on "The Womanly Sphere of Woman" was delivered at the Women's Institute convention in the Guelph Model Farm on Wednesday, Dec. 13, by Miss Laura Rose of the O. A. C., Guelph. There was an immense attendance of ladies drawn from many different parts of Ontario, and the sentiments of the speaker were frequently applauded. Miss Rose, who is a very pleasing speaker, deprecated the entrance of women into the spheres of work better suited for men. A woman's success in the financial world might mean the sacrifice of her womanly nature, and cause failure more pathetic and far more to be regretted than financial failure.

"Let us safeguard well the difference in our nature which makes men seem our superior, and which, if neutralized, would only mar us and probably blot out the very best part of our nature," said Miss Rose. "The winning of a diploma often means physical wreck. She has won her laurels dearly, but for her rounded figure she has got muscular flabbiness, and for her rosy, merry face she has got sharp-featured irritability. I think it would be well to leave this delving into deeper science to men, and let us be content to read of their wonderful discoveries. Some women are constantly uncomfortable because all the time trying to know more and more, so that they have not time to enjoy life.

"The education of our girls has been towards taking them from the home. During their school days they are always away at home, poring over books and they take no interest in home life and home work. What can we do to keep our girls in the kitchen or turn them again to the kitchen? My greatest hope in the Macdonald Institute is that it may turn girls back again to the home life, and that they may there find their greatest pleasure in administering to the comforts of the inmates of their own homes. Nothing dweller can be found in woman than to study household good. At the institute they study it under such lovely conditions. There they, as they bend over the washboard, take delight in seeing the soil come out of the clothes, and when they go to the kitchen cooking becomes a joy. They will find such a dignity in performing the simple duties of housework that they would not change their sphere for any other in the world."

Miss Rose spoke of the necessities for congenial tastes between husband and wife, and advised women not by any means to limit their education to the kitchen. She, however, complained of the neglect of home by many married women who attend too many social and church meetings. Many of those works she believed should be done by maiden ladies. "There are lots of them," she remarked. The women of our country were largely responsible for the standard of home life. "A woman who is loving and true and devoted, a wife devoted and intelligent, need have no regrets if academic honors, high social position or political privileges have been denied her. She is filling the womanly sphere. The eyes of the world and of the God above rest kindly upon her, and her reward is great.

"Stay, stay at home, dear heart," and rest;
Home-keeping hearts are happiest.
For they that wander they know not where
Are full of trouble and full of care.
To stay at home is best."

Reasonable Request.

WOMAN'S WORLD

MRS. M. O. H. RUSSELL.

A Commercial Woman and a Successful Operator in Oil.

Mrs. Mae Ora Hood Russell of Bloomington, Ill., is the only woman oil operator in Kentucky and perhaps in the United States. Since the discovery of oil there have been but one or two women who ventured into the business on a large scale, and so far as is known this young woman of some twenty-eight years is the only one to make a success of the business, and today she is rated as among the largest operators in the country, and her holdings in Wayne county, Ky., alone are worth a vast sum of money.

The entire career of this woman shows that she was cut out for a commercial life rather than that of a home woman, and, although once married, she is now unhampered, as she says, by the presence of a man.

Mrs. Russell was born Miss Mae Ora Hood, daughter of prominent people of the Illinois town, and after receiving a good common school education became a stenographer. She married W. L. Russell, a rich oil operator of Ohio, and, although she lived with him a short time only, she learned much of the methods employed in obtaining good oil leases and the manner in which oil was produced in paying quantities. The first strike of oil by Mrs. Russell was a well which produced [illegible] beginning over 1,000 barrels per day, by far the largest struck in the state, and now produces even a greater amount than any other well yet brought in in that section.

MRS. MAE ORA HOOD RUSSELL.

Mrs. Russell holds leases on thousands of acres in close proximity to this well, and practical oil men say that the properties owned and controlled by her will make her the richest oil operator in the state. There is never a day, rain or shine, hail or snow, that Mrs. Russell is not with her large force of men at work in the fields, and old operators who have been at the business for years marvel at her wonderful capacity for work.

Attractive in face and figure, though apparently delicate, Mrs. Russell greets one with the gracious manner of a gentle, educated woman and would be the last person in the world one would take for an oil operator.—Cincinnati Enquirer.

Hints on Table Manners.

If you do not care to take wine [illegible] at a formal dinner a gesture of dissent is sufficient to show the servant that he or she is not to pour any in your glass. You should not use a knife when eating fish, and lettuce leaves should be folded with the fork and so conveyed to the mouth. Ices may be eaten with a fork or spoon, as one may prefer.

Aways remain composed in case of an accident at the table. If you are the hostess, never apologize. Both hostess and guest should ignore it, although if the guest is the offender he or she may offer a few words of apology, says the Philadelphia Press.

Never allow your servant to reach across a person in placing or removing anything and see that in clearing the table only one or two plates are removed at a time. The habit of piling one plate on top of another shows a lack of proper training. The knife and fork should be placed side by side on the plate at the conclusion of each course.

In Your Kerosene Soup?

One day recently an Indianapolis woman went into a lamp store to buy some new burners and complained to the woman in charge that her old burners when lighted, gave off most offensive odors. The lamp woman said to her:

"I am quite sure it is not the burners that are at fault, nor is it your lamp wick. Your coal oil is probably sour."

The buyer was astonished to learn that coal oil could sour. The woman in charge asked the buyer how long she had had the oil, and when the buyer reported that she had not had her oil can filled for some time she was informed that coal oil sours just as much as milk—not so soon, of course, for it will stand much longer, but to be sweet and to burn without odor the oil must be fresh. The coal oil can should be thoroughly emptied at frequent intervals. It should be aired and when refilled kept closed.—Indianapolis News.

That pain in the Back is Kidney Trouble

GIN PILLS WILL CURE IT

A strain or severe cold, or a dozen other causes may have started it—but the Kidneys are at the bottom of it Backache (especially in the "small" of the back) means Kidney Disease. Plasters and liniments give some relief but they never cure. Lots of people with swollen hands and feet, are treating themselves for rheumatism, when, in fact their sick kidneys are causing the pain and swelling. GIN PILLS cure that pain in the Back every time, because they cure the Kidneys.

OTTAWA, March 17th, 1905.

I had the honor of being appointed assistant artist to the chief artist of London" Black and White" to accompany him three years ago to China to help him get pictures of the Boxer Uprising. That is a hard country on the kidneys I came back very much troubled, and have been so ever since. My attention was called to Gin Pills, I have taken two boxes and can positively say that I have never felt better in my life.

E MANLEY.

If you have tried plasters, liniments and doctors, save your money and try GIN PILLS, FREE. Write us your name and address, and in what paper you saw this offer, and we will send you a free sample box of GIN PILLS. These famous Pills for Sick Kidneys are sold by all druggists at 50c a box, or 6 boxes for $2.50.

THE DOLE DRUG CO - WINNIPEG, MAN.

Haddock Marks.

Why do haddocks carry those peculiar black "finger marks" near the head? Some tell us that they are a memento of the pressure of St. Peter's fingers when he went fishing for the tribute money. On the Yorkshire coast of England they say the devil once determined to build a bridge at Filey. His Satanic majesty did not start the bridge for the convenience of the people, but for the destruction of ships and sailors and the annoyance of fishermen in general. In the progress of his work Old Nick dropped his hammer into the sea. Snatching at it hastily, he caught a haddock, and all haddocks carry the imprint of his black fingers to this day.

Conceit.

Conceit is essential to rapid advancement—not overconceit, but conceit in reasonable volume. The conceit of youth becomes the assurance of old age. If you're master of your conceit, you have back of you a slave of unlimited assistance. If conceit is your master, you're doomed to failure. But don't cultivate self conceit. It's a hasty plant. Give it half a chance and it will outgrow your self respect.—H. C. Fowler, Jr., in "Gumption."

Diagnosis.

"I regret to say," remarked the young physician, "that you have peristaltic neurilemma. The symptoms are unmistakable."

"Dear me!" exclaimed the astonished patient. "What in the world is peristaltic neurilemma, doctor?"

"It is, sir, the disease from which you are suffering," answered the young M. D. haughtily.

"I MAY AS WELL GO BACK."

Ex-Teller Banwell's Remark Upon Being Arrested in Jamaica—Particulars of the Arrest.

Toronto, Jan. 20.—It will be five weeks before ex-Bank Teller E. S. Banwell arrives in Toronto. His little winter trip to southern climes will cost the Crown Bank in the neighborhood of $5,000.

A letter from Detective Black from Kingston, Jamaica, dated the 13th, was received yesterday at police headquarters. It gives some particulars of the arrest.

On Jan. 11, Black, O'Grady and the "Pink" stepped off the steamer at Kingston. They were met at the wharf by a local officer. The quartette took a hack, and had only ridden three blocks when O'Grady excitedly said "there they are."

Not wishing to make an arrest until the money was located, Black and O'Grady remained in the hack. Banwell would recognize O'Grady and possibly Black, too. The Pinkerton man and the local officer left the carriage and followed the couple. They boarded a street car, the officers right with them. They rode seven miles to a swell family resort, the Hotel Constance. As soon as they went to their room the officers followed and made the arrests. In the little valise was $34,000, and $5,000 worth of diamonds. In another valise was $900 more.

They took their arrest very quietly. Banwell remarked, "Well, you've got me with the goods on me, and I may as well go back." They both expressed willingness to return at once without giving any trouble. Banwell is in jail, but his companion is living in a hotel.

Black and his party arrived just in time. The fugitives had all arrangements made to leave for Central America the following morning.

DEMOCRATS GREET BRITAIN.

Liberal-Labor Wins Regarded With Satisfaction in Russia.

St. Petersburg, Jan. 20.—There is little prospect of any disorder Monday next, though the revolutionists labor organizations and a vast mass of the Liberals of Russia are determined to honor the memory of the ill-starred followers of Father Capon by the cessation of work and pleasure on the anniversary of their death. "The anniversary of 'Red Sunday' will be observed as a day of mourning and not of strike," said a leading member of the revolutionist committee.

Another manifestation of the abandonment of open revolution was given at yesterday's session of the convention of the constitutional Democratic party, when a proposition to boycott the elections for the douma, though urged by some of the intransiegeants met with scant favor, and when hearty applause greeted those speakers who urged the fullest participation in the elections.

The convention resolved to send a greeting to the Liberal and Labor parties in Great Britain on the victory achieved by them, which the delegates looked on as the dawn of a new and better era for that country.

Attempt to Kill Governor Peabody.

Canyon City, Col., Jan. 20.—Former Governor James H. Peabody, his wife and their daughter were poisoned by food eaten at breakfast Thursday, and the daughter, Miss Cora Peabody, is in a critical condition. Mr. and Mrs. Peabody, although ill for several hours, recovered later. An air of mystery surrounds the affair. Enough was gleaned from friends of the family to show that there is a belief that an attempt was made to destroy the family by poison.

"IT'S ONLY A COLD, A TRIFLING COUGH"

Thousands have said this when they caught cold. Thousands have neglected to cure the cold. Thousands have filled a Consumptives grave through neglect. Never neglect a cough or cold. It can have but one result. It leaves the throat or lungs, or both, affected.

Dr. Wood's Norway Pine Syrup

is the medicine you need. It strikes at the very foundation of all throat or lung complaints, relieving or curing Coughs, Colds, Bronchitis, Asthma, Croup, Sore Throat, and preventing Pneumonia and Consumption.

It has stood the test for many years, and is now more generally used than ever. It contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other pectoral remedies. It stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucous, and aids nature to easily dislodge the morbid accumulations. Don't be humbugged into accepting an imitation of Dr. Wood's Norway Pine Syrup. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mr. Julian J. LeBlanc, Belle Cote, N.S., writes: "I was troubled with a bad cold and severe cough, which assumed such an attitude as to keep me confined to my house. I tried several remedies advertised but they were of no avail. As a last resort I tried Dr. Wood's Norway Pine Syrup and one bottle cured me completely."

ROOSEVELT IS ASKED.

To Secure Peace For the Subjects of the Ottoman Empire.

Washington, Jan. 20.—Prominent European statesmen, educators, publicists and citizens whose fame is world-wide have joined in a petition to President Roosevelt to endeavor to bring about "the concert of the powers of Europe, with the view of securing for the subjects of the Ottoman Empire that condition of public peace and order of which the absence has already drawn down upon that Empire so many disasters, menacing it with the catastrophe of its total annihilation."

All Chicago Honored Him.

Chicago, Jan. 20.—Funeral services for Marshall Field were held yesterday at his late home on Prairie avenue, and in the First Presbyterian Church. Never before in the history of Chicago has such respect been paid to the memory of a private citizen as was shown yesterday. During the hours of the funeral services at the house and the church, all of the large retail establishments on State street were closed, the 1,000 enterprises operated by the members of the Chicago Commercial Club, and situated in all parts of the city, were closed; the board of trade held but a brief session, and upon every clubhouse and prominent office building in the business section of the city flags were displayed at half-mast.

Urging That $12,000 a Mile.

Toronto, Jan. 20.—The Provincial Government is again pressing upon the Government at Ottawa for a subsidy to the Temiskaming & Northern Ontario Railway. At the last session of the Legislature a resolution was passed that the Federal Government should be asked to give $12,000 a mile toward the road, and the resolution was forwarded, but so far has not been productive of any reply. The Temiskaming Railway Commissioners, who were in Ottawa last week, pressed the matter on the Dominion Government. The request from the Ontario Government will be renewed soon if there is no reply to the latest one.

HAS BEEN ALL RIGHT EVER SINCE

F. H. Belyea, P.M., Proves That Dodd's Kidney Pills Cure Permanently.

Some Years Since He Used Them Now and He Has Had Good Health Ever Since—Story of Well Known New Brunswick Man.

Lower Windsor, Carleton, Co., N. B., Jan. 19.—(Special.)—"Yes, I have good health ever since I used Dodd's Kidney Pills." The speaker was Mr. F. H. Belyea, postmaster here, and one of the most highly respected men in this part of the county. Asked to give his experience with the great Canadian Kidney Remedy Mr. Belyea continued:

"I had been troubled with my kidneys for a number of years. I tried several kinds of plasters and other kinds of mediones, but did not seem to get any lasting benefit. Hearing Dodd's Kidney Pills so highly recommended I decided to try them and they made a complete cure of me. That is two years ago now and as I said before I have had good health ever since I used Dodd's Kidney Pills."

Dodd's Kidney Pills cure once and for all. There is no stage or form of Kidney Disease that they do not cure completely and permanently.

COBALT CLAIM BLANKETING.

Attorney-General Issues Writs Against White Silver Co.

Toronto, Jan. 20.—The White Silver Co. of Toronto are defendants in one of the suits of the Attorney-General to prevent the blanketing of claims in Cobalt. The writ issued yesterday includes as defendants Edward C. Hargrave, Bay City, Mich.; Frank N. Rutherford, Niagara Falls; Charles G. Williams, Montreal, all mining engineers.

The land the Ontario Government is seeking to recover is in two parcels, containing fifty acres each in Coleman Township. The leases were first granted to Williams and Rutherford in 1904. Later they passed into the hands of the company, of which Hargrave is a director. The Government claims to have secured information that the discovery was not genuine, and that the defendants knew that George Hanes, who is supposed to have made the discovery, did no such thing.

The Government asks for an injunction restraining the defendants from working the land, and for a cancellation of the lease and an accounting of the profits.

THE FALL OF QUITO.

Ecuador Revolutionists Triumph—New Cabinet to Be Formed.

Guayaquil, Jan. 20.—The revolutionaries have entered Quito (the capital of Ecuador).

Vice-President Baquerize Moreno has assumed executive power, and will appoint a new Cabinet.

Jewish Divorce Illegal.

Toronto, Jan. 20.—Max Cohen was yesterday found guilty of bigamy and sentenced to thirty days. The woman was let go. Rabbi Gordon, as a witness, said he had not given any Jewish divorces, but he had been present at one. Mr. Curry warned the rabbi for the benefit of all Hebrews in the city that no divorce could be given without a special act of Parliament. If Cohen and the woman live together after his release further prosecution will follow.

Argentine Ex-President Dead.

Buenos Ayres, Argentina, Jan. 20.—Gen. Bartolomo Mitre, former president of the Argentine Republic, died early yesterday. Gen. Mitre was 83 years old. He was President from 1862 to 1871, and general-in-chief of the army of Brazil, Argentina and Uruguay, in the three years' war with Paraguay. He gained considerable distinction also in literature, his work including a translation in Spanish of Dante's "Divine Comedy."

DODD'S KIDNEY PILLS FOR ALL KIDNEY DISEASES CURES RHEUMATISM BRIGHT'S DISEASE BACKACHE DIABETES

CHRIST AGAINST WORLD.

Dr. Torrey Denounces German Scholarship—End of Third Week Says 2,800 Professed Converts.

Toronto, Jan. 20.—With the Torrey-Alexander meeting held last night there was marked practically the ending of the third week's campaign in Toronto. It is announced that thus far 2,800 cards of professing converts have been received by Dr. Torrey. This includes 755 children. Those came forward at yesterday afternoon's special meeting and the other evening's converts of the previous meeting, making about 1,500 in all or more than half the total number. It includes also the number drawn to the front last night, about forty.

Speaking generally on the theme of faith in Jesus, Dr. Torrey said: "If anyone believed in Jesus he would believe in every one of His words. It might seem difficult or impossible, but true faith would inspire belief against the world. There were lots of people who were willing to accept the contentions of German scholars as against the words of Jesus.

"I am here to affirm that such men do not believe in the Lord Jesus," asserted Dr. Torrey.

The vital question of the day was whether to believe Jesus or the concensus of the opinion of German scholars. His word had stood the test of eighteen centuries. This could not be said of the other opinion.

He went on to define, as an essential duty of the Christian that he should say to the Master: "Use me as Thou wilt." He asked his hearers who among them carried out this conception.

"I do," spoke up someone to a query that the preacher had probably not expected to draw a response, but Dr. Torrey's quick rejoinder was "Thank God for that."

Belief would show itself in obedience, manifesting in personal habits, business, social and political life and everywhere else.

In the afternoon, when the special children's meeting was held, Massey Hall was packed at 3.15 p. m., and many children were turned away.

PROGRAM TO BE FOLLOWED.

Morocco Conference Will Adhere to That Pre-Arranged by Germany and France—Trade Menaced.

Algeciras, Jan. 20.—Yesterday being the Mohammedan Sunday, there was no session of the international conference, through deference for the Moroccan delegates. A Moorish villa served temporarily as a mosque, where the Moors redoubled their religious fervor, in praying for the preservation of their country.

In the meantime, the exchanges of views between the delegates of the powers have brought an agreement not to consider questions outside of the pre-arranged Franco-German program.

Baron Joostons, the Belgian Minister to Spain, who is one of the delegates to the Moroccan conference, presented to the other delegates last night a written proposal that expensive arms not intended for military use be allowed to enter Morocco, as otherwise the Belgian arms factories would suffer severe losses.

Lineman's Injuries Fatal.

Hamilton, Jan. 20.—Joseph Webb, 166 West King street, a lineman, employed by the Cataract Power Co., who was injured yesterday morning, died during the afternoon. He was hurt while helping to lower a big electric light pole at the corner of McNab and Murray streets. He was holding a crotched stick under the pole. The stick broke, letting the pole fall on him.

Strengthened Lynd's Alibi.

Toronto, Jan. 20.—Only one witness, and that a volunteer, Mr. Samuel Scott, was examined at the civic investigation yesterday morning. He strengthened the alibi set up by Mr. Johnston at the last sitting on behalf of Dr. Lynd.

KING DAVID DRIVEN ASHORE.

Wreck Off B. C. Coast In Which Seven Lives Were Lost.

Victoria, B. C., Jan. 20.—Meagre details of the wreck of the ship King David, on Dec. 13, have been received.

During a terrific gale the ship was driven ashore on the west coast of Vancouver Island, near Kootka. The mate and six of the crew were drowned.

The remainder were for four weeks marooned on a desolate reef, sustaining life by what food they were able to save from the wreck, and by fishing. The weather was severe and all suffered severely.

They were rescued by the coasting steamer Queen City and reached Clayoquet yesterday.

VISIT OF PRINCE ARTHUR.

Will Arrive In Victoria March 28—Will See Our Parliament.

Ottawa, Jan. 20.—Prince Arthur of Connaught, after visiting Japan, is expected to arrive at Victoria on March 28. From there the party will proceed to Vancouver, stopping at Banff and Winnipeg en route for Toronto. When Ottawa is reached Parliament will be in session. They will stay two or three days here. Prince Arthur will be the guest of Lord Grey during the time he is at the capital. The next stop will be at Montreal, afterwards Quebec, and then on to Halifax.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Concecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

To Attend the Funeral.

Montreal, Jan. 20.—Hon. Jean Provost left yesterday for Halifax, where he will represent the Quebec Ministry at the landing of Hon. Mr. Prefontaine's remains. C. A. Dansereau of La Presse and Laurence A. Wilson, very close friends of the late Minister, also left yesterday on the same mission.

Chamberlain's

Cough Remedy

The Children's Favorite —OVER— Coughs, Colds, Croup and Whooping Cough.

This remedy is famous for its cures over a large part of the civilized world. It can always be depended upon. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult. Price 25 cts; Large Size, 50 cts.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

Armour's Extract of Beef in the Kitchen

Armour's Extract of Beef gives a rich flavor of roast beef to hashes, stews, ragouts and patties. It restores the left-over meats the full flavor lost in the first cooking. With Armour's Extract of Beef in the kitchen a soup or sauce is made ready for the table in a few minutes that it would take an hour or more to prepare with fresh meat, and it would not be as good and would cost more.

Don't forget that a 2-ounce jar of Armour's Extract of Beef will go further than an 8-ounce bottle of Fluid Beef. It is therefore less expensive. Use a quarter teaspoonful to make a cup of beef broth, etc., etc. Sold by all Grocers and Druggists.

ARMOUR LIMITED TORONTO.

ARMOUR'S TOMATO AND BEEF CATSUP

An appetizing relish for steaks, chops, roasts, pork and beans, and fish of all kinds. It is just a little bit better than others.

Sold by all Grocers.

BABY'S TERRIBLE FACE HUMOUR

Would Scratch and Tear Away the Flesh — Neighbours Called it Worst Case Ever Seen — Grew Worse Under Doctors.

CURED BY ONE SET OF CUTICURA REMEDIES

"My baby's face was a mass of sores. The doctor called it eczema, but the child grew worse, the disease eating the flesh away from his nose, and spreading to his body. Neighbours said it was the worst case they had ever seen. His suffering was terrible, and he would scratch and tear away the flesh. We then used the Cuticura Remedies, one set curing him completely, and healing his face without scar or blemish.—Wm. Cridland, 35 Winchester St. Pentonville Rd., N. London, Eng."

BABY QUIRK'S CURE

Of Torturing, Raw, and Scaly Eczema By Cuticura

"My baby was afflicted with a loathsome running eczema on the face. Two doctors treated him for three months, but he grew worse. We then started to use Cuticura, and noticed an improvement at once. In a fortnight the running had ceased, the scabs nearly all dried off, and in a month his face was perfectly clear.—W. H. Quirk, No. 1 West End Cottages, Ruywood Road, N. Southampton."

CUTICURA A BLESSING To Skin-Tortured Babies

The suffering which Cuticura Soap and Ointment has alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for birth humours, milk crust, scalled head, eczemas, rashes, and every form of skin and scalp humours, with loss of hair, of infancy and age.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.

Mailed free, "How to Cure for Baby's Skin."

First Meeting of Galway Council

Auditors, Assessors, Clerk and Other Officers Appointed.

Special to The Examiner.

Galway, Jan. 8th. — The first meeting of the Galway Council was held on Monday, Jan. 8th, all the members being present, viz., Charles Coben, reeve, Henry Beckett, John Clark, David Curtin and William Hunter, councillors.

After making the necessary declaration of office the members took their seats, the reeve in the chair.

The minutes of the last meeting were read and confirmed.

It was moved by John Clarke and Henry Beckett, that Bylaw No. 221, re-appointing Patrick Collins, as clerk; Henry Coben, treasurer; Geo. Scarlett and J. J. Allen, auditors, and Daniel Sheehan, assessor, read its several readings and be passed.—Carried.

It was moved by H. Beckett and J. Clark, that D. Sheehan, collector, receive the sum of $18 in full of arrears of taxes from John Mulyneux, on lot ten, con. 8, Galway.—Carried.

It was moved by Wm. Hunter and D. Curtin that the collector's time be extended until the first day of March, and he shall return his roll on that day. It was moved that the road divisions in the municipality be numbered.—Carried.

It was moved by H. Beckett and W. Hunter that the following accounts be paid: Examiner, $35; clerk, half year's salary, $62; clerk, postage and express, $1.20; treasurer, salary and postage, $22.

Local Option Has Passed The Dummer Council

The Wish of the Electors Was Carried Into Effect by New Council — First Meeting of Municipal Council Was Held When Officers Were Appointed—Annual Meeting of Warsaw Cheese Factory — Tea Meeting of Baptist Church.

LATEST NEWS FROM DUMMER'S CAPITAL

Warsaw, Jan. 16th.—Mr. S. R. Payne was in the city attending the meetings of the Dairymen's Association.

Miss Mabel Kidd, of Ashwood, Ont., is visiting relatives here.

Mr. and Mrs. A. C. Hawthorne, of Medicine Hat, are the guests of Mr. and Mrs. E. Hawthorne.

Mr. G. A. Graham attended the meetings of the Dairymen's Association in the city last week.

Miss Bessie Crowe, of Hall's Glen, is visiting her sister, Mrs. F. Morgan.

Mrs. O. B. Earle, left on Saturday for Winnipeg where she will reside.

Mrs. O. A. Kidd, of Peterborough, is visiting her parents Mr. and Mrs. E. Snider.

Mr. S. R. Payne has recently had an acetylene lighting plant installed in his residence.

Mr. J. Edwards had a fine catch of fish through a hole in the ice on the river on Friday last.

Two sleigh loads of people from this place took in the play at Lakefield on Monday evening.

The annual meeting of the Warsaw Cheese and Butter Company will be held in the factory on Wednesday next, January 24th at 2 o'clock p. m. The syndicate instructor Mr. R. W. Wade, will address the meeting.

A grand tea meeting will be given by the members of the Baptist Church on Tuesday next, January 23rd. Rev. Mr. Desson, of Norwood. Rev. Mr. Collins, of Lakefield, Rev. Mr. Nickle, and Rev. Mr. Atkinson, of this place, also the choir of the Methodist Church will take part in the programme which will be given in the church following the supper.

The first meeting of the Municipal Council of the Township of Dummer was held in the town hall on Monday, January 8th. The Reeve and Councillors elected for the current year were present and subscribed to their declarations of qualifications and office and were organized as the council of Dummer for 1906, as follows:—C. J. Darling, Reeve; William Miles, J. A. Patterson, Edward Martin, and Nathan Payne, councillors. Minutes of last meeting were read and signed.

Moved by Messrs. Miles and Martin that Miss Jane Speers' taxes for 1905, be refunded and that an order be drawn on the treasurer for $2.14 in favour of Jane Speers for the same.

Moved by Messrs. Miles and Martin that the Reeve and Councillor Payne arrange with Samuel Bell to attend and care for Charles Parcels, during his illness.

Moved by Messrs. Miles and Martin that councillor Patterson be appointed to have the bridge across the side road between the west halves of lots 5 and 6, concession 2, repaired.

Mr. Miles paid over to the treasurer the sum of two dollars for timber sold on the 3rd line opposite lot 119.

The auditors' report was presented to the council and on motion of Messrs. Martin and Payne, the report was adopted and the clerk was instructed to have the necessary copies printed.

Moved by Messrs. Patterson and Martin that the Deputy Returning Officers be paid $4 each for their services.

Moved by Messrs. Miles and Patterson that Mr. Thos. Wilson be paid $1.00 per day for each occupancy of Justices of town hall instead of 75 cents as was formerly paid him.

Moved by Messrs. Martin and Patterson that Messrs. M. Barr and R. Girvin be allowed to cut timber for their use on the 8th concession line opposite lots 13 and 14 for the opening of a road commencing at the side road between lots 12 and 13 and running north across lots 13 and 14 on the said 8th concession line.

Moved by Messrs. Martin and Payne that whereas by-law No. 762, a by-law to prohibit the sale of liquor in the Township of Dummer, having received the assent of majority of 162 electors of the Township of Dummer on January 1st, 1906, that the said by-law be now read a third time and passed.

Moved by Messrs. Patterson and Miles that a by-law to provide for the payment of certain moneys in the Township of Dummer for the year 1906, be now prepared and read a first time; Moved by Messrs. Payne and Martin that council go into committee of the whole, Mr. Darling in the chair, on the second reading of the aforesaid by-law. To be read a third time and passed on December 15th, 1906.

A complaint was made to the council by John L. Kidd with reference to a ditch in front of his place. Moved by Messrs. Martin and Miles that Councillor Patterson be appointed to attend to Mr. Kidd's case.

Moved by Messrs. Payne and Patterson that Mr. Girvin Graham be appointed assessor for the year 1906 at a salary of $45.00, and that a by-law to appoint assessor and local Board of Health for 1906 be now prepared and read a first time.

Moved by Messrs. Patterson and Martin that council go into committee of the whole, Mr. Darling in the chair, on the second reading of the said by-law. Chairman reported by-law read without amendment. Moved by Messrs. Payne and Miles that by-law No. 767, a by-law to appoint assessor and a local Board of Health for the year 1906, be now read a third time and passed.

Moved by Messrs. Miles and Patterson that the following accounts be paid and that orders be drawn on the treasurer for the same viz., A. F. Choate, salary as auditor, $5.00; S. R. Payne, salary as auditor, $5.00; R. Dean, postage for 1905, $3.50; R. Dean, blank forms and stationary, $2.00; R. Dean, for delivering ballot boxes to D. R. Officers, $1.00; A. R. Wigmore, allowance for D.R.O. No. 1, $4.00; Wm. Fitzgerald, No. 2, $4.00; E. Snider, No. 3, $4.00; F. R. Darling, No. 4, $4.00; Joseph Moore, use of hall for election, $2.00; Mrs. Paget, use of house for election, 4.00; F. Gardner, use of No. 3, School House, for election, $4.00; T. Wilson, fee as constable at election, $1.00; W. H. Clements, repairing road scraper, $1.00; J. G. Keefer, for balance printing contract and extras, $37.30.

Council adjourned to meet again on February 17th.

The local Court Canadian Order of Foresters intend giving an entertainment and concert soon the date of which will be announced later. The committee are negotiating with artists from Toronto and Peterborough and no doubt will furnish the best programme of the season.

Marmalade Oranges.

Just received a lot of fine bitter oranges; also on hand, plenty of bright, sweet oranges. Skeers loaned to all customers desiring same. We can also furnish an excellent Scotch recipe for Marmalade, kindly loaned by Mubbs & Co., Toronto. S. A. OKE, 376 George street. Machine Telephone, 16; Bell Telephone, 16.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Douro Council Appointed The Various Officers

Inaugural Meeting Held Monday, January 8—Representatives on Deputation to Ottawa re Trent Valley Waterway Appointed —Council Will Not Pay for Snow Shoveling on Road Divisions.

MR. JOHN J. ALLEN ONCE MORE CLERK

Douro, Jan. 17.—The Council met for the first time on Monday, Jan. 8. After subscribing to the necessary declarations of qualification and office, the several members took their seats.

Reeve, Mr. Frank Mober, in the chair, and Councillors Thomas E. Jory, Frank Leahy, William Quinlan and Michael Walsh.

On motion the minutes of Dec. 15 meeting were read and confirmed.

It was moved by F. Leahy and seconded by T. E. Jory, that Maurice Condon and George Brooks be appointed auditors for 1906 at a salary of $10.00 each.—Carried.

It was moved by M. Walsh and seconded by F. Leahy, that Wm. J. Bullock, be appointed assessor for the year, 1906, at a salary of $55.00.—Carried.

It was moved by M. Walsh and seconded by W. Quinlan, that John Q. O'Brien be appointed a member of the Board of Health for 1906-7-8.—Carried.

It was moved by T. E. Jory, and seconded by M. Walsh, that Wm. E. O'Brien be appointed collector of taxes for the year 1906 at a salary of $60.—Carried.

It was moved by W. Quinlan and seconded by M. Walsh, that Michael Mahoney be appointed caretaker of town hall for the year 1906 at a salary of $9.00.—Carried.

It was moved by W. Quinlan and seconded by M. Walsh, that the Reeve and Councillor Jory be appointed a committee to attend the deputation to Ottawa with a view of urging the completion of the Trent Valley Canal.—Carried.

It was moved by F. Leahy and seconded by W. Quinlan, that the Reeve and Clerk be appointed a committe to let the contract for the printing and stationery for the year 1906.—Carried.

It was moved by M. Walsh and seconded by W. Quinlan, that the Reeve and Councillors Leahy and Jory be appointed a committee to inspect line of road between concessions 10 and 11 in front of lot 1, with power to take any action they may deem necessary with regard to said road.—Carried.

It was moved by T. E. Jory and seconded by F. Leahy, that the Reeve and Councillors Walsh and Quinlan, be appointed a committee to let contract of building bridge and approaches between Concessions 2 and 3, in front of lot 7.—Carried.

It was moved by F. Leahy and seconded by M. Walsh, that in the opinion of the council, it is not advisable to pay any money for snow shovelling in the different road divisions, and that the resolution be unanimously adopted and strictly carried out.—Carried.

The following orders on treasurer were made:—The Times Printing Company, $25; James Walton, $1.50 for work on road; Michael Mahoney $1, for services as constable on nomination day; Wm. O'Brien, clerk, $5, for services in connection with township for the present year; The Clerk $1, to procure one copy of the Municipal World.

It was moved by F. Leahy and seconded by M. Walsh, that John J. Allen be appointed Clerk of the Township of Douro at a salary of $100.00 per year.—Carried.

It was moved by F. Leahy and seconded by T. E. Jory, that the Reeve and Council be appointed a committee to examine line of road between concessions 4 and 5 in front of lots 16, 17 and 18.—Carried.

It was moved by M. Walsh and seconded by T. E. Jory, that the council adjourn to meet on the first Monday in February.

Expression Of Appreciation

(Copy.)

Peterborough, Dec. 21, 1905.

Messrs. Davis-Thompson Co., Peterborough. Limited,

Dear Sir,—I beg to acknowlege receipt to-day for check for $110 from the Imperial Guarantee and Accident Insurance Company, in full settlement of my claim during the time that I was laid up with typhoid fever.

I must express my appreciation of, and thanks to, your company, for the exceptionally prompt and satisfactory settlement of this claim, the check having been returned by first mail after completion of claim paper.

It must be a pleasure to yourselves as agents, as it will be to the public, to have in your office the representation of such a company.

Yours truly,

(Signed.) 2d A. E. DIXON.

ACCOUNTS.

There cannot be different degrees of purity any more than there can be different degrees of honesty.

If a man be honest, that is all he can be. There is no superlative.

One flour cannot be purer than another. It can only be more nearly pure.

In these times when all flour manufacturers are claiming purity you should remember these two things:

Actual purity in flour can only be secured by the use of electricity.

Royal Household Flour

is the only flour, made and sold in Canada, that is purified by electricity.

You can get Ogilvie's Royal Household Flour from your grocer.

Ogilvie Flour Mills Co., Limited, MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE. 1

WHEN YOU WRITE OUT YOUR ORDERS

Don't neglect to order a plentiful supply of OGILVIE'S

Royal Household Flour

You will better your baking by using this highly purified brand. For sale in Peterborough by

PETERBOROUGH SATURDAY JANUARY 20 1906

A SECOND

—CUT TO BE MADE—

BY TRENT

The Importance of This Work From City's Standpoint

Mr. R. R. Hall's Efforts Should be Supported by Council.

The dredge Trent which has just finished the first cut in the Otonabee River from Hunter street to C.P.R., bridge, will commence again next week to make a second cut in connection with the eight foot channel that is being made between these two mentioned points. The work which is being done by the Department of Public Works, under the foremanship of Mr. Wm. Quinn is proceeding in a most satisfactory manner and the citizens of Peterborough will, before many months, witness a wonderful transformation in the appearance and accommodation along the river front.

The idea of having the Otonabee River dredged at this point in the manner above referred to has been a day dream to many of Peterborough's oldest citizens. Indeed, as one of the city's venerable residents said to the Examiner a few days ago, "I did think that I might live to see Peterborough with a population of 25,000, but I never thought that I would live to see the river front put into use and the river above C.P.R. bridge made fit for navigation." And so it was the same with many other citizens. They had hoped that such an important piece of work would be accomplished but there were few perhaps, who realized that it would be accomplished as soon as evidently will be done.

However, due to the agressive and presistent energy which has always characterized the member for West Peterborough, Mr. R. R. Hall, a handsome sum was placed in the estimates to commence the work and this will no doubt be supplemented from time to time until that portion of the river between C.P.R. bridge and Hunter street will present a thriving and industrious appearance and be the scene of much activity in shipping and commercial circles in general. The benefit that the City of Peterborough will derive from this excellent piece of work is inestimable but it will certainly afford ample accommodation for the many barges and other craft that will navigate these waters in the very near future.

But, it must be remembered that the dredging of the river is not the only feature concerning the water front to which Mr. Hall has directed his attention. He has made representations to Ottawa, impressing upon the Government the advisability of providing stable wharfage facilities along the city front where the dredging is now being done. The Government has become fully impressed with Mr. Hall's appeals in this regard and an engineer from the Department of Public Works has made a survey of the ground and is now preparing plans and estimates for a handsome pier, of crib work, stone and concrete, extending from Hunter street to the south one thousand feet. That Mr. Hall will succeed in his efforts to have sufficient money placed in the estimates for this work is not unlikely.

The material taken from the bottom of the river has to be disposed of and Mr. Hall is determined that this will, as far as possible be used for the purpose of filling in certain city property. This is a matter that requires the hearty co-operation of the corporation of the City of Peterborough and it is pleasing to know that the Mayor and Council are affording Mr. Hall every assistance possible in this regard. If the city had to pay the ordinary cost of filling in this property it would prove to be an expensive though useful piece of work. But, if the Department of Public Works can be prevailed upon, to fill in the city lots at this point it will enhance the value of the property in question by may thousand dollars.

Mr. Hall is to be congratulated upon the success that has so far attended his efforts in this regard, but his constituents will look to him to continue his appeals to the Government until he has made the river front a credit to the city and to the Trent Canal.

The Council too, should afford Mr. Hall every possible assistance in backing up his appeals to the Government.

"Cities of Refuge."

—Rev. E. A. Langfeldt, rector of St. Luke's church, will give the address at the Y.M.C.A. on Sunday at 4 o'clock. Mr. Jas. Browne will sing. All men welcome.

A PROMINENT CITIZEN

To-day's prominent citizen is one of the best of the series. It was taken 35 years ago by the firm which signed itself, "R. Thompson & Son." The gentleman of whom it is a portrait, and a good one, at the time it was taken, is still a resident of the city, and it is no exaggeration to say that he is one of the best known and highly respected citizens. He conducts a large and successful business here, and is very popular. Mr. —— does not confine his attention to business, however, but is an enthusiastic sportsman, his piscatorial performances each season being looked forward with interest.

The picture above is said to have been an excellent likeness of him at the time it was taken.

BEEF WAS

—FEATURE OF TO-DAY'S—

MARKET

Some Interesting Facts and Figures for Local Householders.

The Market To-day Was Affected By The Wenther.

Owing to the uninviting condition of the weather the market this morning was not very well patronized. There has probably not been a smaller market previously this winter.

Apples were very scarce this morning, a few bags of Spies being offered at $1.40 per bag, and Sweets at 75 cents. Beef was the most plentiful commodity in the market and was 4 1-2 to 5 cents a pound for the front, and 5 1-2 to 6 cents for the hind quarters. In view of the fact that eggs are increasing in quantity, yet the prices remained about the same as a week ago, ranging from 25 to 28 cents per dozen.

Pork was an invisible article, as was also hay.

Chickens were the only poultry plentiful this morning, and sold from 60 to 75 cents per pair. Turkey was 13 1-2 cents per pound.

Following were the prevailing prices at the market this morning:

Chickens, per pair	$ 60	to	$ 75
Turkeys, each	1 25	to	1 50
Geese, each	1 00	to	1 10
Ducks, per pair	1 00	to	1 25
Butter, per lb	23	to	25
Fresh eggs, per doz	25	to	28
Honey, per pint	20	to	..
Beef, per lb	04½	to	06
Spies, per bag	1 40	to	..
Potatoes, per bag	85	to	1 00
Turnips, per bushel	25	to	..
Carrots, per peck	15	to	..
Cabbage, per doz	30	to	..
Cedar, per cord	3 00	to	..
Ash, per cord	3 50	to	..

Mr. J. A. Tully To Make Long Trip

Will Work in Alberta Province for Three Months.

On Tuesday Mr. J. A. Tully, who, for the last three months, has been connected with the Oddfellows' Relief Association in Ontario, will leave for Alberta Province, where he will be engaged for the next three or four months in prosecuting the work of the association in that Province. He will make his headquarters at Calgary and will work at all the principal towns and cities, including Calgary, Edmonton, Banff, Lethbridge, Red Deer, Medicine Hat, etc. Mr. Tully's work in Ontario has been so successful that the association is sending him into this new country.

Art Exhibition.

The annual exhibition of the work of the members of the Woman's Art Association of Canada, will be held in Toronto on February 10th—23rd. Among the Peterborough contributors to the exhibit will be Miss Amy K. Bennett, of the Art Department of the Peterborough Conservatory of Music, Miss Bertram and Miss Hatton.

VILLAGE

—AFTER HOUSE OF—

REFUGE

Lakefield News Makes a Strong Plea For Institution.

Thinks Peterborough Has No Right to Expect It.

The Lakefield News in this week's issue has an editorial article on the question of the House of Refuge, which will in all probability be dealt with at the meeting of the County Council next week.

The question of building a House of Refuge in the County of Peterborough will come up at the meeting of the County Council next week and it behooves the Council and the merchants of this village to bestir themselves in the matter if they are desirous of having the institution located in Lakefield.

We see that Norwood, alive as usual to its own interests, is making every effort to secure the House of Refuge for itself. Norwood already possesses the High School, but apart from this it is situated at one side of the county, whereas, Lakefield, in addition to being a more important place as regards population, as situated in the centre of the county, between the two ridings, and is far more accessible from the back country. It possesses, besides several excellent building sites, splendid water, and is at a higher altitude than either Peterborough or Norwood.

We understand that Peterborough also is making a great effort to get the proposed institution located close to its borders. On what grounds it is attempting to obtain this advantage, we are certainly at a loss to discover, as the House of Refuge is distinctly a county institution, and if any benefit is to be derived from its possession such benefit should certainly go to one of the smaller towns in the county. Why should Peterborough merchants obtain for nothing an advantage for which merchants of the county have to pay?

The action of the county councillors in this matter will be watched very closely by the ratepayers of the county.

We believe that the village council appointed a committee to arrange for a deputation to interview the County Council, but we have not yet heard that they have taken any action in the matter. We would respectfully suggest that a public meeting be called for Saturday or Monday evening to discuss the matter in all its bearings.

KING EDWARD VII.

To-morrow, in the churches of the British Empire, services commemorative of the accession to the throne of Edward VII, will be held. His Majesty was born at Buckingham Palace on November 9th, 1841, succeeded to the throne on Jan. 22, 1901, on the death of Her Majesty, Queen Victoria. He married Princess Alexandria, of Denmark, March 10, 1863. His Majesty is the eldest son of the late Queen Victoria and the late Prince Consort.

A LIBERAL SWEEP IN ENGLAND

A special despatch states that the present standing of the parties in England, is:—

Liberals	249
Unionists	111
Irish Nationalists	78
Labourites	37

Out of 41 returns to-day 21 were Liberal seats, 12 of them from the Unionists.

Old Bank Note Of Loan Company

A bank note dated August 1836 was to-day shown to a number of the townsmen by a gentleman unknown to them. The note, which was about the size of an ordinary bank note, or perhaps a trifle larger was issued by the Newcastle District Loan Company for 50 s, payable in one year from date. The amount was also stated to be 10 piastres. The bill is signed by Geo. Hall and G. B. Cunningham, whom some of the older residents no doubt remember. The owner prizes it as very valuable and refused a number of liberal offers for it.

ELECTRIC

—COMPANY WANTS TO—

LOCATE

An Industry Which May Be Secured For This City

Letter From an Indiana Firm Has Been Received.

The chairman of the Manufacturers' Committee, Ald. McWilliams, has received and replied to, a request from a large manufacturing firm in Indiana, asking for information in reference to the advantages offered by Peterborough for of a Canadian branch of their business. This firm, which manufactures electrical supplies and appliances, is anxious to open a factory in Canada to supply their trade, and has heard of Peterborough as a desirable location.

The letter did not intimate that any special inducements would be required, but asked as to transportation facilities possessed by the city, and its accessibility to the markets, both for the finished product and the raw material. It was a business-like letter and impressed the chairman favourably.

The writer stated that the city was at liberty to make enquiries as to its financial ability to carry out any promises it might make, and although no investigations have been made yet; the impression is that it is a reliable concern. Nothing was said as to the size of the factory which the company proposes to erect here, nor the number of men who would be employed in it, but from the letter it was inferred that the business would be an extensive one, and it would be a desirable addition to the already extensive industries of the city.

Needless to say, the chairman of the committee replied, giving full information as to the desirability of the city as a location for a manufactory of this kind. There are some peculiar advantages possessed by Peterborough for this factory, the exact nature of which, and the name of the company, are withheld from the public for obvious reasons, for the present.

Ontario Bank For Millbrook

The Ontario Bank will open a new branch in Millbrook on Monday next, having taken over the premises of Messrs. T. B. Collins & Co. The new branch will be under the management of Mr. J. F. Halnday, of Collingwood, Ont.

BISHOP SCOLLARD.

The Catholic Register of this week contains a report of the opening ceremonies in connection with the handsome new church at North Bay, under the direction of Bishop Scollard. The church is built of light-gray limestone, and is 155 by 65 feet, with an annex 49 by 32 feet.

It was erected at a cost of $56,000, including furnishings, and of this $42,000 is already paid. In addition to this the congregation has supplied during the past ten years, funds to purchase a new cemetery, build and equip an eight room school at a cost of $14,000 and purchase the site for the church. This has all been done under the direction of Bishop Scollard.

THE WEST

—IN THE EYES OF—

A NATIVE

A Former Peterboro' Boy Returns From the North West.

Mr. F. Fry Has Made a Success as Large Contractor.

Mr. F. Fry, of Moose Jaw, Sask., is a visitor in the city to-day, and will remain here renewing acquaintances for the next few days. Mr. Fry left here 23 years ago for the west, and has made a splendid success in that new country. He is now a member of the firm of Dobson, Jackson and Fry, with offices at Winnipeg, Moose Jaw and Regina. This firm is one of the largest contracting firms in the west, and has handled a number of very large municipal contracts. During the last two years contracts for $108,000 in Regina; $55,000 in Moose Jaw; $8,000 in Medicine Hat; $53,000 in Edmonton and $10,000 in Calgary have been filled by this firm, and the work has been under the supervision of Mr. Fry, who looks after the western business of the Company, the other members of the firm remaining in Winnipeg.

Their work is principally the construction of sewers, waterworks system and pavements, and in this line they are the leaders. Mr. Fry has been visiting his father, Mr. Gidney Fry, of Belmont, who will go to the west with his son when he returns in the course of a few weeks.

Like all other westerners Mr. Fry is an enthusiast on the prospects in that country. He is particularly pleased with the country in the vicinity of Moose Jaw, which, during the last few years, has made great strides in agriculture and is now one of the best wheat-growing sections in the west. The land as far west as Swift Current is also being rapidly settled, and the prospects are that it will equal in productive power any of the other sections of the province.

In regard to the location of the new capital of Saskatchewan Mr. Fry is of the opinion that Saskatoon has a good chance to secure it. Of course Regina is making a strong bid, but the northern part of the province is in favour of Saskatoon, and when the votes are counted he thinks that Saskatoon may get it. But Moose Jaw, he states, is still in the running, and he believes that if fitness was considered, that City would be the one selected.

Mr. Fry is quite well known in this city where for years before he went west he was engaged in the lumber industry, and drove the river for the Rathbun and Gilmour Companies. This morning he took a walk to Little Lake to renew acquaintances with that peaceful body of water, into which he had piloted many thousands of logs in the olden days.

Mr. Fry is visiting Mr. Isaac Eastwood here, and will remain for a few days.

An Illustrated Children's Service

To-morrow morning at Knox church Rev. W. MacD Mackay will give an illustrated address to children, which will no doubt prove interesting to that section of the congregation. Mr. Mackay will also preach in the evening.

AUBURN

—POWER CO. PURCHASE—

MATTER

Manufacturers' Committee Looked Over Property Yesterday.

Mr. Kendry Has Not Yet Given a Price Nor Inventory.

The question of the proposed purchase of the Auburn Power Company's property, from Mr. James Kendry, has been taken up by the Manufacturers and Legislative Committees, and yesterday the members of that committee, Ald. McWilliams, Hicks, McIntyre, Adams and Duncan, with the Mayor and City Clerk, went in the afternoon to the dam to inspect the property. They met Mr. Kendry, who took them over the property. No price was quoted, and it is understood, though the members of the committee are very reticient on the matter, that Mr. Kendry is reluctant to fix a price on it.

The matter is in the very early stages yet, because the committee has not yet learned what the property consists of, what leases for power have been made, the price paid, how long they have to run, nor what will have to be paid for it.

What they want is for Mr. Kendry to make a statement of what constitutes the property he wishes to sell, and what he asks for it, but up to the present time he has not done this, and shows a reluctance to comply with a request to do it.

It is understood that the city, if it bids for the property, will have to do so in competition with the other two power companies selling power here, and the fact that they are anxious to secure the property may account for the difficulty in inducing Mr. Kendry to fix a price on it.

It is not probable that anything will be done until the request of the committee and the Mayor for Mr. Kendry to set his price, and presents a statement of what constitutes the property, is complied with.

Home After Ten Year's Absence

Mr. Geo. McWilliam, of Rapid City, Manitoba, is Visiting His Brother.

Mr. Geo. McWilliams, of Rapid City, Man., is visiting the city the guest of his brother, Mr. R. J. McWilliams, 271 Park street. It is 10 years since Mr. McWilliams has been in Peterborough, and he naturally much impressed with the growth and advancement the city has made during that time. As is the case with nearly every Western visitor, he is enthusiastic over the prospects it offers to energetic men.

Organ Recital In St. John's

Mr. H. Francis Ferguson, of Buffalo, Will Give One.

To-morrow night at the close of the service in St. John's church, an organ recital will be given by Mr. H. Francis Ferguson, assistant organist of St. Paul's cathedral, Buffalo.

The programme will be as follows:

Marche Religieuse in F ....Guilmant
Cantilene Nuptiale in A Flat..Dubois
Toccata in G.... ... ...Dubois
Andante con moto, in G.....Chubb
Grand Chorus in F... ... ...Lemmens
Intermezzo in E flat... ... .Bird

Big Cattle Were Shipped

A Sow Tips the Scales at Six Hundred and Fifty Pounds.

Twenty head of fine cattle were shipped to Montreal by Messrs. Morris and Brown, cattle and hog buyers of this city. The cattle, which were purchased from Mr. J. Garbutt, of Smith, tipped the scales at an average of 1,300 pounds each, and 10 purchased from Mr. John Hayden weighed about the same.

Those buyers also included in their shipment a mammoth Tamworth sow, weighing 650 pounds. The price paid for it was over $60, what the average cow generally brings, and for which amount a few years ago a fairly good horse could be secured.

FORMER PETERBORO' COUNTY

—GIRL ONE OF VICTIMS OF—

AN ALLEGED DENTIST'S WILES

Miss Carrie Kean, Who, a Dispatch Says, Formerly Resided in This County, One of Three Wives of Edward Byron Vogel—Guilty Man in Court Declares He Won Them in Dentists' Chair—Wooed Patients While He Filled Their Teeth---Two of Spouses Met in Court---One Called to Bail Him on Charge Preferred by the Other.

Special Wire to The Examiner.

New York, January 20th. — Edward Byron Vogel, was in court here yesterday on a charge of bigamy, and it develops that one of his three wives, all of whom he met and "captured" while practising his alleged profession of dentistry, was at one time a resident of the county of Peterborough, where her parents lived prior to their removal to New Durham, N. J., where they now reside. Her maiden name was Carrie Kean.

Not yet twenty-eight years old, Vogel has three wives, it is charged, and every one of them is right here in New York. The thorny end of his career came yesterday when he was sent to prison, and found that the three women who had adored him had become vengeful enemies.

Only two of the women appeared in the Morrisania Police Court yesterday morning to prove him a bigamist, but the third is understood to be more than willing to place Edward Byron where he will never see another woman.

It was virtually an accident brought about by his own immature knowledge of feminine character that caused Vogel's downfall. He really thought that he knew all about women. In the West one Hundred and Twenty-first street lock-up he was "chewing the cud of bitter fancy," last night, convinced that women couldn't be depended on.

Edward Bryon Vogel — he likes the Bryon part of his name — is a dentist. His wife says that he is not registered, and never was graduated by any dental college, but that did not deter him from getting positions with certain firms and corporations organized for tooth destroying.

"I met these girls in the dental chair," he said, with laughing unconcern, when two of the wives appeared in court yesterday. "I fell in love with one, and then, after a couple of years, I fell in love with the other; I married them because I loved them, that was all."

Vogel is a six footer, good looking and a fluent talker. He has "killing" eyes as one of the wives expressed it, and the cutest of black moustaches. He was arrested on Tuesday afternoon at the home of his parents, No. 283 Ninth street, Brooklyn, on the charge of desertion.

Mrs. Carrie E. Vogel, who was a Miss Rieder, of No. 697 East One Hundred and Thirty-fifth street, the Bronx, and who proved to be his second wife, was the complainant. Vogel married her two years ago. She had sworn out a warrant before Magistrate Baker, of the Morrisania court, alleging that her husband had deserted her on December 11th last, and had not contributed to her support nor that of her six-weeks-old child. Vogel was taken to the court building at one hundred and Fifty-eighth street and Third avenue, and locked up.

Then he sent a telegram to Mrs. Ida Vogel, at No. 6, West Nineteenth street, to come up and see him, and hoping that she would be able to arrange bail. This wife, spouse No. 3, was Miss Ida Eibers, before she took Vogel's name. She went up to the prison, but was not permitted to see Vogel. She went to court yesterday morning, and met wife No. 2, the former Miss Rieder.

"He, your husband!" she exclaimed.

"Yes," she exclaimed, "and the father of this baby."

"Well," gasped wife No. 2, "and he married me on Dec. 12th last in the 'Little Church Around the Corner.'"

"December 12th! Why, he left me only on December 11th! The wretch! He told me he was in a little trouble, but would be able to fix it up in a week. He took his suit-case, toothbrush, comb and the like of that. And just to get married again! Did you ever!"

Vogel looked across at the women, and remarked to the court officer, "Chummy already, ain't they!"

"But," resumed wife No. 2 to wife No. 3—

"Do you know that he has another wife, too? Yes, it's true. His own mother told me so. I went to see her about his leaving me with the baby. She didn't know about our marriage. 'Why child,' she said to me, 'he has a wife already. He married Carrie Kean, of New Durham, N.J., five years ago, and has a boy four years old.' I found out that that is true. Carrie Kean is now working in a sixth avenue store, at the embroidery counter. You can see her for yourself. And of course, you know, we can't be his wives at all.'"

When Magistrate Baker heard the stories of the two women he changed the charge from desertion to bigamy and held Eward Byron Vogel for the Grand Jury in $2500 bail. Vogel couldn't furnish the bail.

Vogel is twenty-seven years old, his first wife twenty-six, the second twenty-six and the third twenty-four.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Dr. Hugo's Health Tablets for

Women

Are the Up-to-Date Remedy.

Medicines, like clothes, are made from different materials now than they were twenty-five years ago. Some of the materials used in making Dr. Hugo's Health Tablets for Women had not been discovered then. You cannot get these new ingredients in the old time remedies. And yet these ingredients are used now in diseases of women by all the world's greatest physicians.

Progressive women—thinking women keep up-to-date in the matter of medicines as well as clothes. They are buying Dr. Hugo's Health Tablets, the twentieth century preparation for women, and the one now recognized beyond doubt or question as the one best adapted to their special needs.

They make healthy women.

Toboggan Slide Is Very Popular

Jackson Park Was the Mecca of Hundreds of People Last Night.

The Jackson Park toboggan slide continues to draw large crowds each night, and the popularity of the pastime seems to be on the increase. All the young people have the tobogganing fever, and the forty toboggans owned by the company are constantly in demand. The scene prenight is a brilliant one. "Quite like Montreal" is the expression most frequently heard, and certainly the slide, with its many lights and the gay garments worn by the young people, has all the appearance of the eastern chutes.

There is great demand for suitable garments for use in the pastime. "On fine days we sell nothing but toques and sweaters," said a George street clothier. The Radial Railway Company has earned the gratitude of the young people of the city by providing this fascinating form of amusement.

Collection For Children's Aid

To-morrow afternoon in St. Luke's church a children's service will be held, when a collection will be taken for the funds of the Children's Aid Society.

TOO MANY FEMALE TEACHERS EMPLOYED

This is the Opinion of a Former School Teacher—Advocates More Thorough Teaching of the Mother Tongue—Mr. M. A. James Writes on Educational Subjects.

To the Editor of the Examiner:

I am greatly alarmed for the future of this country, educationally, owing to the employment of females almost exclusively in the Public Schools, many of whom are young girls barely out of their teens. The badly-adapted courses of study are made worse by superficial, purposeless teaching by novices in the noblest profession in our country. How can these inexperienced young girls be expected to comprehend the vital influence of school life on the social and national life? Or, how can they inspire and guide the sturdy youth of this land into the sturdy character that tends to develop a robust and cultured manhood?

But my object in writing this article is not to discuss this phase of the educational system, but another dealing more particularly with the course of study pursued in our Public schools. Men are agreed that one of the most effective ways of stimulating the powers of youth is to bring them together in a school and to teach them certain things which they believe assist in the development of the latent powers of the individual. They have also agreed that the best education of the masses must be the broadest and surest which our school system is able to furnish—broad enough and strong enough to equip men and women with power to get and to do the best things in life; to act well their part in society and in the business world.

I hold that that education is best which produces certain general standard results, which it is my purpose in this letter to explain. It will be readily admitted, doubtless, that any theory and practice of teaching which does not tend primarily to accomplish these ends must be bad or fruitless.

In laying down these propositions, almost self-evident as they are, I recognize the fact that it is dangerous to make generalizations. Surely, I run no risk in submitting this modest demand, namely, that the school should do as little harm to the children as the nature of the case will permit.

I shall, after these introductory remarks, now confine myself to one educational feature that I consider very important. To my mind a vital and possibly paramount educational accomplishment is the ability to use the mother tongue with ease, correctness, and precision. For our people vernacular is not only the established medium of instruction, but, fortunately, also an important subject of study. President Elliott says: "The power to understand rightly and to use critically the mother tongue is the flower of all education," but that flower is as rare as it is desirable.

The late Dr. Morgan remarked in an important address on this subject that "composite, clear, forceful, pleasing, correct description, accurate narration, convincing argument, persuasive appeal, elegant conversation, and winning oratory are accomplishments possessed by few." This is not very complimentary to the schools, but it seems to be lamentably true. Even the graduates of Canadian High schools, colleges, and universities are unfortunately subjects of Dr. Morgan's limitation, for it is said by some critics, rightly or wrongly, that the students generally are weak in their power to spell and punctuate the language, and weaker still to speak with force and elegance the mother tongue. How few university graduates, comparatively speaking, are really good public speakers? So the almost universal verdict of "unsatisfactory English" remains as the nightmare of the teacher's dream. In short, it is generally admitted without question that the great majority of the people "murder the King's English," that few speak it with facility, and accuracy, and that only the exceptions use it with ease and elegance.

If this condition really does exist there must be a cause. To my mind the trouble begins in the Public school, and exists through all the schools of the higher grades. Stated in words of one of the best modern educationists, the leading objects of a course in English in the elementary schools, as well as those of higher rank, "is to develop the child's power of thought, to form in him habits of correct expression, and to give him a taste for good literature." Stated in general terms, the aim of all work in English is to cultivate a taste for good literature, and to develop to the largest possible degree the art of expression.

It is all-important that the scholar be made to understand and appreciate the works of the great writers and thinkers, for this is one of the most effective means of teaching a pupil to use the vernacular in a fluent, clear, logical, convincing, and agreeable manner.

The child should not only have early formed in him a taste for good literature through which he gains power of thought and abundant ideas, but there should be a constant aim on the part of his teachers to lead the pupil to form habits of correct oral and written expression. Not merely the reading and study of the masterpieces of good English, but every recitation affords the educated teacher an opportunity to train his pupils out of their execrable tendency to crude and clumsy statements, to their mixture of dialects and provincialisms of the streets or locality.

Thinking is work, therefore pupils are prone to clothe their ideas in ragged and incomplete sentences. The watchful method of the good teacher should keep the pupil constantly on his guard during his recitations. The pupil should recite in his own language, and the method of the recitation should compel the child to express his thoughts and state textbook facts in the choicest language that he can command.

Methodical persistence on the part of the teacher is the only kind of persistence that will establish correct habits of thought and speech on the part of the pupil. In every recitation the pupil should be required to revise his verbose and slovenly statements until he changes them into concise and clear ones. He should be required to revise every ungrammatical sentence until he changes it into good English. Just here is where the difficulty arises. how many of the girls and few fledgling boys found in the schools as teachers are examples to their pupils in correct speaking? For it goes without saying that the teacher must use correct English if the pupils are expected to write and speak it. I may be wrong, but I hold that not one in fifty of the public school teachers of to-day habitually use correct English, both in and out of the classroom. If such be the case, how can the scholars be expected to set to the teachers examples?

Here is where I quarrel with the curriculum. The object of the average teacher is to coach the senior pupils for some prospective examination rather than to educate for practical duties of life. Mathematics has for years—indeed, ever since Dr. McClellan set up the standard for Ontario schools — been given chief place, but no degree of proficiency in mathematics or in any or all other subjects can atone for the deficiency in the use of English. "The power to think well, speak well, and write well" is the crowning glory of all education. "He who is master of these subtle weapons will help rule the race."

It is most important, then, that every teacher shall have a clear and comprehensive view of this whole subject—that he shall see definitely the causes of defective English and understand the aims of all instruction in this department, and the stepping stones by which his pupils may rise to a better use of the vernacular. He should remember that all lines of language work, the formal, the literary, and creative, shall be carried forward, each supplementing, aiding and correcting, yet not superseding or overshadowing the others, until the pupils in all the schools, from the primary schools to the university, shall be given a more complete mastery of the mother tongue.

This letter is already sufficiently lengthy, but, if permitted, I may find time to present some further thoughts along this line.

M. A. JAMES.

Bowmanville, Jan. 8, 1906.

Advocates The Trenton Route

Mr. John Bell Writes on Trent Canal Outlet.

Editor of the Examiner:

Dear Sir, I have noticed in your paper Belleville council advocates the Trenton route for the Trenton Canal. I can prove by my poems and by my correspondence with Sir John A. MacDonald, and many others of authority, that I have taken a deep interest in this great Dominion waterway for more than twenty years. Over twenty years ago I issued my book of poems of Peterborough. At that time our Legislature was busy discussing the ways and means to build our new Parliament buildings which are now in Toronto, and as my book contained poems relating to public matters, I sent one to Sir John A. MacDonald, which he answered as follows:—Dear Sir,— I have read your poem book throughout with deep interest and I hope it will have a wide circulation", also praising my loyalty, etc. His letters I hold as tokens that no money could buy.

Allow me to quote one verse from my poem entitled "Dominion March".

And now John A MacDonald, there
is something cost but small,
And this is for you to build the Trent
Valley Canal,
We need this waterway to keep the
railways at bay,
In this our great and good Dominion
of Canada."

Also three verses entitled "Ontario's Lament":—

O Peterborough, I love thee may thy
future be grand,
Ontario's Legislature would be more
safe in thy hand,
Oh Peterborough, may I say in a military point of view,
Ontario's Parliament Buildings, are due
only to you.
Ontario, yes, Ontario, may I presume
to advise,
To retain thy Parliament in Toronto,
rather unwise,
Toronto being so exposed to the
enemy's dreadful fire,
Ontario, yes, Ontario, far beyond all thy
desire.
Oh, Peterborough, I love thee, may I
demand thy just claim,
Ontario's Parliament Buildings are due
to thy name;
Thy claim is the same that brought
Ottawa her fame,
O, Peterborough, I love thee, thou art
worthy the same.

The stand which I took over twenty years ago, against Ontario's Parliament buildings being built in Toronto, which Ontario may in time regret, is the same which I take to-day, against the outlet of our great Dominion waterway at Port Hope, which is not as good from a military point of view, as the outlet at Trenton. I hope the military point of view will not be ignored as it was in the case of our new Parliament buildings in Toronto. Why should we ignore the interests of our Dominion for those of Port Hope or Toronto. I hold no Government office, I crave none, my vote always is polled in the interests of our great Dominion and great Empire. And now, as the Liberals are in power at Ottawa, I hope they will not be guilty of the same blunder, which their brother Liberals made by placing our Government buildings in Toronto. The inland route between Peterborough and Trenton would be worth millions of dollars to our Dominion in establishing manufacturing concerns along this part of the canal. In case of war, the harbour and route by Port Hope to Peterborough would be in much more danger and cost more to defend than those by the way of Peterborough inland to Trenton. We should endeavour to send our traffic by the way of Montreal rather than by the Erie Canal to New York. Hundreds of other patriotic reasons might be pointed out in favour of the Trenton outlet, of this great Dominion waterway, which will prove when completed second only to our great Transcontinental Pacific Railway.

JOHN BELL.

Peterborough, January 15th, 1906.

Reform League Business Meeting

The Citizens' Moral Reform League held a business meeting in the Y.M.C.A. last night, at which a number of accounts were passed. There was a large attendance of the members of the league.

All Women

should assist Nature at those times when the system is upset, the nervous tone low and a feeling of depression or languor exists. An experience of over 50 years warrants the statement that no medicine gives such prompt relief as

Beecham's Pills

Sold Everywhere. In boxes 25 cents.

WOMEN WHO CHARM

HEALTH IS THE FIRST, ESSENTIAL

It Helps Women to Win and Hold Men's Admiration, Respect and Love

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

Mrs. T.E. Gillis

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. T. E. Gillis, Windsor, N. S., describes her illness and cures, in the following letter:

Dear Mrs. Pinkham:—

"When I commenced to take Lydia E. Pinkham's Vegetable Compound I was suffering with weakness and womb trouble, headaches, backaches, and that worn-out, tired feeling. I have only taken the Vegetable Compound a few short weeks, and it has made me well, strong and robust. I believe that Lydia E. Pinkham's Vegetable Compound is without equal for female troubles."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Surely you cannot wish to remain sick, weak and discouraged, when you might so easily be cured. The medicine which has made so many other women well will cure you also.

Baby's Own Soap

is a guard against all skin troubles in children. It cleanses, softens, soothes and prevents chafing and sores.

IT IS AS GOOD FOR THE OLD AS THE YOUNG.

APPLICATION TO PARLIAMENT

An application will be made to the Legislative Assembly of the Province of Ontario at its next session, by the Peterborough Radial Railway Company, for an Act extending the time for the completion of the Company's railways, and authorizing the Company to construct an extension of its railway from Clear Lake through the Township of Dummer or the Township of Smith, to a point on Stoney Lake in the County of Peterborough

DENNISTOUN, PECK AND KERR,

Solicitors for the Applicants.

Correspondence On Topics Of Interest

FIRE HALL MATTERS

To the Editor of the Examiner:

Dear Sir,—I would like to trespass upon your space in order to express my views again on the question of the proposed improvements to the fire-fighting appliances of the city. I was one of those whose vote helped to carry the bylaw to raise the $25,000 to provide these much needed improvements, and prior to the election I wrote a letter to the prtess giving my reasons for supporting the bylaw at that time, though I had been opposed to it on the occasion when it had been voted on before.

One of my reasons for giving it my support was the fact that it had, I understood, been decided to purchase a new steam engine, which I believe is a very necessary part of the equipment, especially do the outlying sections of the city, where I, with many hundreds of workingmen live. Now, sir, I see by the press that the council has decided to repair the old engine and spend about $1,000 on it. This course, I believe to be in direct opposition to that sanctioned, may I say, instructed, by the ratepayers, who, when they voted the $25,000 understood, for the bylaw said so, that of this sum, $5,000 was to be spent for a new steam fire engine. And now, the first thing we know, the council decides, as I understand it, that the people did not know what they wanted, when they voted for a new engine, and they are going to repair the old, worn out machine, which has been in use for a third of a century, and which, the aldermen last year represented, was not to be depended upon, even if it was repaired.

A steam engine is no use in the world unless it is a good one, because it is used only in cases of emergency, and this is all the greater reason why it should be a good one.

Then, sir, there is another feature which to my mind is disgusting. Last year's council asked for a committee composed of representative citizens to act with the Fire, Water and Light Committee in a full consideration of this question and asked their advice in reference to the action which was taken. On that committee were men representing the Retail Merchants' Association, the Manufacturers' and the Board of Trade, and they, with the Aldermen went into the matter carefully and fully, and, after the most mature consideration they decided to recommend that it was not advisable for the city to try to get along with the old engine because it was not reliable, nor could it, in their opinion, be made so.

I am free to confess that the fact that these business men had recommended the spending of $25,000 for the improvement of the system in the manner suggested had a great deal to do with my decision to support the bylaw, and now what do we find? It seems to me very much like a direct insult to these gentlemen that after their advice was sought and, I believe, freely given, and after, with their assistance they had carried the bylaw they should practically disregard their advice and decide to drop the most essential part of the whole scheme without consulting them about it or calling that citizens' committee together and discussing the matter before such a radical departure was made from the terms of the bylaw, as sanctioned by the ratepayers.

I am wondering what the Retail Merchants and the Board of Trade and the Manufacturers are thinking about this matter. I have not discussed it with any of them, but I should feel, if I were in their places, that the council had not dealt fairly with me in first securing the assistance in passing the bylaw with the steam engine included as one of the provisions, and afterwards without consulting any of these bodies deciding, as I understand it, to dispense with that item, and spend some more money on the old engine, which will be, like all that previously spent on this engine, thrown away, because those who know more about machinery than I do tell me that it can never be repaired so that it can be depended upon.

I don't like to see the expressed wish of the people disregarded and this is the reason I write this letter.

WORKMAN.

LICENSE REDUCTION.

To the Editor of the Examiner:

Sir,—The voice of the people has been heard. By 250 majority their mandate to the License Board is "Reduce". We have faith they will obey not only the letter, but also the spirit of this mandate, which is, namely, to reduce not only the number of 'bar-room' licenses by at least half a dozen, but also to reduce the number of shop licenses very materially. Windsor with 14,000, can get along with 3 shop licenses; Stratford, 14,000, with 2; St. Thomas, 14,000, with 2; and Brantford, 20,000, with 3. I submit that in view of the foregoing and especially in view of the fact that if Brantford, the Birmingham of Canada, with 20,000, can be satisfied with 3, then the home-bibulosity of the liquor-loving citizens of this city can be easily quenched by 2 shop-licenses.

Furthermore, to those in this city who love clean boyhood and clean manhood, "reduction" means more than reducing the number of places licensed to sell liquor. "Reduction" to them also means their unalterable determination to "reduce" the number of boys which Peterborough now annually contributes, namely, 15, as its quota of the 6,000 boys annually furnished by Canada as its offering to the Moloch of the "Licensed Liquor Traffic".

Yours sincerely,

ARTHUR W. BEALL.

249 Park street, Peterborough.

TICKET CONTROVERSARY

Peterborough, Jan. 19, 1906.

To the Editor of the Examiner:

Dear Sir,—We notice with much regret the correspondence between Fire Chief Mr. Thos. Rutherford, and Radial Railway Co., respecting free passa on said company's cars. Now, M Editor, we would simply ask who constitutes the fire brigade of this city—are they not largely composed of young men in the prime of life, most of them connected with the building trades and private business men also ratepayers Are they not ever ready at the call of every citizen, rich or poor, at all hours of the day or night; sometimes without time to close the shop door after them or on a cold, stormy night with their clothes all frozen, fighting fire for hours, hungry and tired, and what remuneration do they get for it? A mere pittance, so small that few women would not acknowledge it as sufficient for pin money. Then, Mr. Editor, do these men place themselves in dangerous positions or do they run risk of their lives? We answer, yes, each and every time a fireman goes on duty he simply takes his life in his hands. He may never reach home again alive, or he may reach there maimed and a cripple for life, but they are ever ready to risk life and limb in the discharge of duty. Now we earnestly hope and trust that the day is not far distant when the Radial Railway Company will reconsider their decision and give them a free ride at all times; also all public functions, all societies and all places of amusement extend a free and hearty welcome to our brave volunteer fire brigade, as a more respectable or gendemanly body of men can not be found in our vast Dominion than that constituting the Volunteer Fire Brigade of the City of Peterborough.

Now, Mr. Editor, what franchise does this company receive from the city? What is it worth in dollars and cents? What privileges do they enjoy? What amount of property have they at stake? But we hate ever found it the case,—the more wealthy the company, firm or business concern is, the less consideration they have for the working man. A poor man gets his house damaged by fire, and comes down with fifty or a hundred dollars of a present for saving same from total destruction. The Radial Railway Company, with all its privileges and bonus (and those freemen paying their equal share) and enjoying the protection kicks over a five cent ride.

By all means let one and all join in giving the brigade every encouragement as they certainly deserve it.

Thanking you for your valuable space I remain,

Yours,

BLACK LEAD.

When You Buy, Buy Right.

When you buy Ozone, buy "Solution of Ozone" (the coupon kind.) It is the strongest and purest Ozone on the market. It is sold as a commercial product at reasonable rates so that you get about twice as much as other brands, Also each bottle contains a coupon which entitles you to a package of "Celery King," the well known remedy which must always be taken with Ozone.

No other brand of Ozone gives you an opportunity to get the "Celery King" free. We own "Celery King" and that is why we can give it with our Ozone.

"Solution of Ozone" (the coupon kind) contains about twice as much for your money as any other kind. it also furnishes you with "Celery King" for nothing. Insist on getting it from your druggist or write the Public Drug Co., Bridgeburg, Ont., who will see that you are supplied. Sold by W. B. Warne.

The Birds Of North America

Interesting Nature Study Talk by Mr. Edwin Elcome.

The literary section of the Baraca Bible Class of the Murray street Baptist church held a most enjoyable meeting last night. The chair was occupied by Mr. Wilfrid Shiner and the attendance was large.

The feature of the evening was a nature study lecture by Mr. Edwin Elcome on "The Birds of North America." Mr. Elcome is well qualified to speak upon such a subject, and his lecture, illustrated as it was by drawings on a blackboard, was found intensely interesting.

At its conclusion a vote of thanks moved by Mr. John Hardwicke was unanimously tendered the speaker for his fine address.

Ensign Edwards Will Pay Visit

Will Deliver an Illustrated Lecture on "The Coming of the King."

Ensign Edwards, the travelling Financial Special of the Salvation Army, will pay his quarterly visit to the local corps on Wednesday and Thursday, January 31st and February 1st, when special meetings will be held.

On February 1st he will give a lecture on "The Coming of the King," illustrated by many beautiful stereopticon views, which should prove highly interesting.

The Brantford Packing House Is Also Affected

Geo. Matthew's Company Ltd. Experiencing Trouble in Procuring Hogs for Their Works There—Similiar Conditions to Those at Hull—The Local Works Will Suffer Too.

It appears that the George Matthews Company is experiencing similar trouble in their Brantford packing house to that here, and at Hull, viz., a difficulty in securing sufficient hogs to keep the packing house running.

The Brantford Expositor in reference to it, says:—

"The Matthews Packing Company, of this city, are barely running over one half their capacity at the present time. It was stated in some circles that this was due to the embargo against American hogs. Mr. Matthews was, seen by the Expositor this afternoon, and asked concerning conditions.

"It is true that we are only running to a limited capacity," said Mr. Matthews. "No; I would not care to say that it is altogether due to the embargo. We cannot get Canadian hogs at all."

"Mr. Matthews did not care to make any comment upon what he thought future conditions would be like. He was of the opinion that certain Toronto newspapers, notably the Farmers' Sun and the Toronto World, were trying to make themselves favoured among the farmers at the expense of the packers."

Literary Society Open Meeting

Philomathean Society Will Give Public Programme.

The Philomathean Literary and Debating Society of the Collegiate Institute, will hold an open meeting in the Y.M.C.A. Hall at eight o'clock on the evening of Thursday, Jan. 25th. The programme will be provided entirely by the students of the Collegiate, and will consist of music, recitations and a mock trial. A very enjoyable evening is anticipated, and it will afford an opportunity for the parents of the pupils and other friends of the school, to gain a deeper knowledge of, and interest in, this thriving society, and encourage the members in their work.

A feature of the programme will be the mock trial, which will, no doubt, prove to be of special interest.

185 People Have Been Visited

Creditable Report Presented by S. A. League of Mercy.

The report of the League of Mercy Department of the Salvation Army, for the month of December, presented by Sergt.-Major Mrs. Lloyd, at the meeting on Wednesday night, was a very creditable one, and shows that the League has indeed been one of mercy.

Some of the interesting items given were as follows:

Meetings held in hospitals, 5.
In county gaol, 2.
In Protestant Home, 2.
No. of persons visited, 185.
No. prayed with, 131.
No. who professed conversion, 2.
War Crys distributed, 80.
No. of private families visited, 54.
No of families helped, 6.

Rev. J. G. Lewis Is Secretary

Of the Board of Examiners of Conference.

Rev. J. G. Lewis, B.A., pastor of Mark street Methodist church, has been appointed secretary of the Board of Examiners for the Bay of Quinte Conference, in succession to the late Rev. T. J. Edmison. Mr. Lewis has for years been a member of this board, which examines the candidates for the ministry as to their fitness to fill the duties of their sacred calling. It meets in April prior to the district meetings and the conference.

Annual Meeting Of The Y.W.C.A.

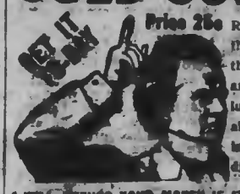
The annual association meeting of the Y.W.C.A. will be held Tuesday, January 23, at 8 p.m. The annual reports will be read, and the election of the Board of Directors for 1906 will take place. The programme will consist of an address by Rev. E. A. Langfeldt, and a solo by Miss L. Moore. Refreshments will also be served. The public is cordially invited.

Will Speak On Missions

To-morrow morning at All Saints, a deputation from Toronto, will be present in the interests of the Missions of the Diocese, and Mr. T. E. Moberly will give an address on the subject.

COLD CURE

Price 25c



Relieves the head, throat, and lungs almost immediately.

MUNYON, Philadelphia

OBITUARY.

MINA DAUBAZ.

The death occurred this morning at the Nicholls Hospital of Miss Mina Magdalen Daubaz, eldest daughter of Mr. and Mrs. H. J. Daubaz, 539 Reid street. An operation was performed upon the late Miss Daubaz on Tuesday for appendicitis, which was successful, and she was on a fair way to recovery, but complications set in and she died from the effects to-day. The deceased is survived by her parents and one sister, Miss Edith, who lives at home. Mrs. Daubaz has four brothers, viz., Jas. Crawford, Otonabee; Walter, of Toronto, and Richard and Charles, of Lakefield. The funeral, which will take place on Monday at 2.30 to the Little Lake Cemetery, will be strictly private.

CLARA GIRVIN

The death occurred in Otonabee yesterday of Clara Girvin, daughter of Mr. and Mrs. William Girvin. The deceased who was in her fifteenth year, had been ill for some time with a pulmonary affection, and and her death was not unexpected. Her parents, and two sisters and seven brothers survive. The funeral will take place to-morrow afternoon at 2.30 o'clock, to the Little Lake cemetery. Services will be conducted by Rev. J. G. Lewis.

Programme Was Very Enjoyable

Art Culture Club Discussed Longfellow and His Poems.

The Art Culture Club held one of the most enjoyable meetings of its series last night. The evening was a "Longfellow" one, and the delightful programme was thoroughly appreciated by the large audience present. Mrs. McFarlane Wilson, the President, occupied the chair.

Mrs. T. J. Mowat read an interesting paper on the "Life of Longfellow" dealing with the subject in a comprehensive manner, that made it most pressing.

The reading of several of the great American poet's writings followed, including "The Psalm of Life," by Mrs. Mowat; "Elizabeth," by Rev. Canon Davidson; "The Children's Hour," by Mrs. Campbell; "The Day is Done," by Mrs. (Rev.) J. G. Lewis, and "Sam Dalphon," by Miss Hazel Dean.

The officers of the club now are:—President—Mrs. McFarlane Wilson. Secretary—Miss Hazel Dean. Librarian—Miss Winnifred Dolbin.

The next meeting will be held on Feb. 2nd, when the musician will be "Brahdin," taken by Dr. Bagshaw; the poet "Shelley," by Miss Susie Campbell, and the painter "Titian," by Rev. Wm. Major.

Played Hockey After Midnight

Last night was a great night for hockey. At the Brock street rink two city league games were played and two scratch games afterwards. Between 12 and 1 o'clock two teams were fighting it out for supremacy on the ice, regardless of the lateness of the hour. The ice to-day is in splendid condition, and a good night's skating is assured.

New Books At The Library

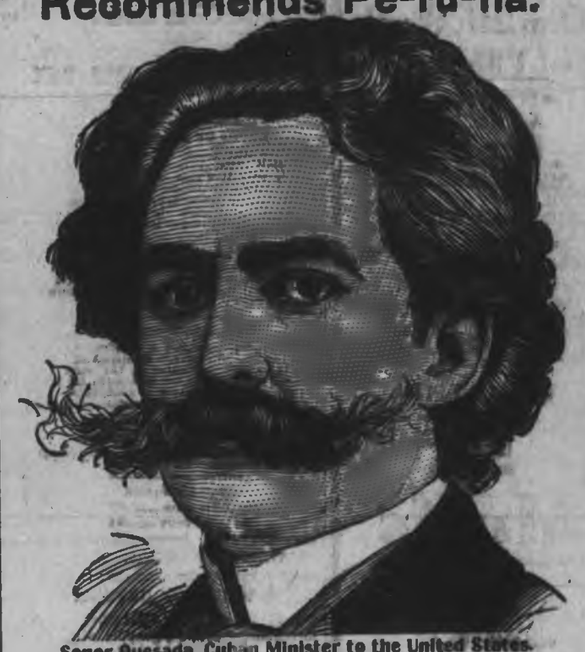
The following new books have been received at the Public Library:—

Lake Regions of Central Africa—Geddie.
Afar in the Forest—Kingston.
Sons of the Vikings—Gunn.
Among the Ice Floes—Oxley.
Across Texas—Ellis.
A Specimen Spinster—Teigh.
The Man of the Hour—Thanet.

Patriotic Services Will Be Held

To-morrow night in St. Luke's church a special patriotic service in commemoration of the accession of King Edward VII. to the throne will be held. The rector, Rev. E. A. Langfeldt, will preach a patriotic sermon on "The Secret of Great Britain's Strength." Special prayers will be said and a special form of service read. This service should be an interesting and helpful one.

CUBAN MINISTER TO THE U. S. Recommends Pe-ru-na.



Senor Quesada, Cuban Minister to the United States.

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Esteban Theater, Mantanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement; but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh."—Gonzalo De Quesada.

Congressman J. H. Bankhead, of Alabama, one of the most influential members of the House of Representatives, in a letter written from Washington, D. C., gives his endorsement to the great catarrh remedy, Peruna, in the following words:

"Your Peruna is one of the best medicines I ever tried, and no family should be without your remarkable remedy. As a tonic and catarrh cure I know of nothing better."—J. H. Bankhead.

There is but a single medicine which is a radical specific for catarrh. It is Peruna, which has stood a half century test and cured thousands of cases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. All correspondence strictly confidential.

THE CHURCHES

ST. PETER'S CATHEDRAL. — At St. Peter's Cathedral there will be three masses celebrated on Sunday, low mass; children's mass at 9.15 a.m.; high mass at 10.30; Vespers at 7.00 p. m., with sermon.

Tuesdays and Fridays in the Hall at 8 o'clock. Everybody welcome. Any one who is not in the habit of attending any place of worship, will be gladly welcomed.

Rink Staff Had Busy Night

The staff of the Brock street rink had a busy time last night. Two hockey matches were played after the skating, and the result was that Caretaker J. Thirlpeck, with his assistants, were not through work until an early hour this morning. In fact the hockey match between the Brass Department and the Lock Lock Works, was going merrily on between twelve and one o'clock.

SATURDAY, JANUARY 20, 1906.

A HOUSE OF REFUGE.

Will the County Council, at the forthcoming session, grapple with and settle the question of the erection of a House of Refuge for the County of Peterborough. There seems to be three main reasons, for the erection of such a building. First, the law of the province demands it; secondly, the law of humanity demands it, and thirdly, the law of self-respect demands it. In regard to the second a letter appearing in the Examiner of a recent date emphasises with a sad directness the duty of the county towards the suffering poor. An old man, decent, sober, respectable, but poor, was driven, much against his will—for his pride revolted at the idea—and by necessity, to apply for admission to the Protestant Home. But there was no room for him there—all the available accommodation was occupied by others. Disheartened, he by some means, provided himself with laudanum, to put an end to his earthly troubles, if the jail should refuse him shelter. On his application the police magistrate committed him to jail as a vagrant—much against the official's will no doubt, for he must have felt how shameful it was that in a wealthy county, in a Christian land, an honest and respectable and worthy citizen guilty of no crime, should be housed with criminals in a place designed and fitted for criminals only. Can a County Councillor who denies his brother the shelter which a House of Refuge would afford, lie in his bed and sleep in peace when he knows that his brother—by the same Heavenly Father—is lying in jail—as the measure of his conception of the duties of Christian charity.

The law of self-respect demands a House of Refuge. Peterborough is surrounded with practical reproaches for its parsimony and slowness. Victoria County has provided a House of Refuge and the County of Northumberland and Durham has filed with the Government at Toronto plans for a House of Refuge. Is it not a blow to our self-respect, that the County of Peterborough which surpasses in wealth, in prosperity and in progressiveness both of these counties, should be behind both in the matter of a House of Refuge. It is difficult to see, considering everything, how this county is to longer evade its duty and responsibility in this matter. It is to hoped that the expectation is justfied that at the coming session of the County Council the matter will be dealt dealt with in a practical and satisfactory manner.

PROMISE AND PERFORMANCE.

Some of the admirers of the Whitney Government are inclined to give its administration and policy unstinted praise. That it is, in some respects, entitled to credit is undeniable, but the credit deserved is susceptible of limit without doing injustice to the Government. In the beginning of its career the Government made a good showing and warranted excellent expectations. But not to specify more largely, it weakly yielded to the demands of the spoilsman and introduced for the first time in the history of Canada the vicious Yankee spoils system, one of the worst and most demoralizing influences engrafted upon Canadian politics or administration. Vacancies have been created by the score for exigeant placemen, virtually, if not admittedly, in reward for party services. Though these offices have not carried with them, in the majority of cases, any considerable dignity, responsibility or emolument, their manipulation represented the recognition of the vicious principle that to the victors belong the spoils. Public office is a public trust, and the conditions of its occupancy, other things being equal, should be capacity and fidelity to the duties to be discharged. No party consideration should be the principal or primary reason for filling a Government office. However, when such an office becomes vacant by death or removal for cause—malfeasance or inefficiency—the appointment of a supporter or friend of the party in power is quite unobjectionable, that is, pre-supposing ability and fitness for the position. But to resort to wholesale decapitation to make room for hungry followers, to dismiss without cause, to listen to scandals against officials, circulated to prejudice their standing as officials, is inexcusable, inasmuch as it means the practical application of a vicious principle.

Hon. Mr. Whitney has made strong promises in regard to principles of policy which have done him credit, but performance must follow promise, something which he has not seen to in all regards. He promised a rigid and non-partizan enforcement of the liquor license act, and we all know how the spirit of that promise has been observed in some notable instances. We were promised clean and honest administration, yet there are rumours respecting some peculiar relations of friends of the Government to Cobalt mining claims. Mr. Whitney and his Government have not begun to carry out their promises of effecting reforms, made when in Opposition. Of course, the Government have not had much time but in some respects they have not shown much inclination to implement their promises. It is only fair to give the Whitney Government fair opportunity and reasonable time to carry out their policy. They must be judged by performance, and for that the public are waiting.

BANK OF NOVA SCOTIA.

In another place in this issue of The Examiner appears the seventy-fourth annual report of the Bank of Nova Scotia, a comparatively new financial institution in Peterborough having been established here last year. Since the branch was opened in this city its business has assumed proportions considerably in excess of the expectations of the head office, and the local manager, Mr. Ferguson, has reason to be well pleased with the increasing number of accounts placed with the local branch. There is every reason for the confidence thus expressed. There are two things which chiefly commend a bank to the public—first, of course, its stability and financial soundness, and the facilities it affords for business transactions. A reference to the figures of the report will demonstrate beyond doubt the solid financial standing of the Bank of Nova Scotia. The paid-up capital is $2,500,000, and the reserve fund, to which nearly $200,000 was added last year, amounts to $4,200,000, which is to say the reserve fund bears the splendid and unique relation to the capital, of being about one and two-thirds times greater. It will not need further figures to demonstrate the soundness of the bank's standing, or the public confidence in this, and its efficient management, represented to a large extent by the fact of its shares standing in the handsome neighbourhood of 265. The business facilities provided are represented by an unusually large group of local agencies and correspondence connections. The local branch is in charge of Mr. J. H. Ferguson, whose courtesy and capability are large factors in his popular relations to the public.

NEW ONTARIO.

Once on a time, speaking in Massey Hall at a great Conservative gathering, Premier Whitney jocingly referred to Hon. G. W. Ross as the discoverer of New Ontario, "the land of the stunted poplar" — in other words a land of little worth. Mr. Ross had faith in New Ontario before its wealth of timber and minerals and agricultural resources were known as they are known now, or rather as they are perhaps only partially known. When the Ross Government explorers returned with the report that there was a stretch of sixteen millions of acres of good farming land in the northern part of New Ontario, they were laughed to scorn. It was declared, by those who ignored the capricious trend of isothermal zones, that the intense cold in the neighbourhood and to the north of the Height of Land would make the growing and maturing of crops impossible. But the development policy and practice of the Ross Government shattered this among other delusions. They built the Temiscamingue Railway into an almost unbroken wilderness, and it is now a revenue bringing provincial asset. Even in its building it brought to light the richest cobalt deposits in the world. It opened access to a rich and extensive agricultural belt which though lying so far north has a temperature not, on the average, much lower than Central Ontario. Compare the meterological records of Lake Abitibi with those of Guelph. These show that the temperature is about five to six degrees higher at Guelph for the six months—May, June, July, August, September and October. The mean temperature for the two places was as follows:—

	Abitibi.	Guelph.
May	44.1	52.0
June	52.2	58.3
July	04.9	67.8
August	59.5	03.2
September	52.2	56.9
October	30.2	46.1

The mean temperature for the year was: Abitibi 36.3, Guelph 43.5. In rainfall there was at Abitibi 25.77 in., and at Guelph 25.16. At Abitibi the 25 inches fell on 94 days; at Guelph the rainfall of 25 inches occurred on 98 days, and, according to the records, there was a greater degree of sunshine at Abitibi than at Guelph. Yet at Guelph is situated our splendid Agricultural College and Experimental Farm in the midst of a country, which the dwellers therein are not to be much blamed for claiming to be "the Garden of Ontario"—not much favoured in climate above Northern New Ontario.

An Analysis Of Medicines

Patent Medicies to be Tested—"A Good Thing" Says Dr. Johnston, of Johnston's Consumption Mixture.

The information which has been received from Ottawa to the effect that the Inland Revenue Department will shortly make public the results of an analysis that the chemists have been making of some of the best known patent medicines, should be received with satisfaction. This subject is now receiving a certain amount of deserved attention in the States, and Canadians will be glad to know that steps are also being taken here for the protection of the Canadian public from imposition and fraud.

Dr. Johnston of this city, proprietor of Johnston's Consumption Mixture, when asked if he had anything to say regarding this inspection of the Government, said:

"I am glad to hear the news. The Government should have done this years ago, and stopped the indiscriminate use of vile remedies. Every compound should be analyzed by a public analyst, so as to prevent manufacturers being allowed to endanger the public health by such myriads of nostrums as are exposed to sale in drug stores."

Not a Patent Medicine.

"Has Johnston's Consumption Mixture been analyzed by a Government chemist?"

"It is not a patent medicine, and if it has not been analyzed by the Government analyst, I will be extremely glad to hear that it has."

"You are quite satisfied to have your remedy stand the severest critical test?"

"Would be delighted, for I am positive it would afford another strong claim for my remedy to public confidence. It is a fact that I sent my formula to Ottawa to be patented, but was notified that it was not patentable as a "patent medicine." It was too much like a doctor's prescription, and if it were patented it would interfere with medical science by protecting it."

Dr. Johnston took down his letter file, and said:

"Here is the official letter which I received from Ottawa, which you are at liberty to read."

The following is a copy of the contents of the letter:

Valuable Official Testimony.

"The herein described compound of matter used as a remedy for consumption does not involve any patentable feature, for the reason that the same is considered nothing more than a physician's prescription, and patents granted thereon would operate to encroach on the domain of materia medica.

"The medical properties and uses of each component in the formula, are well known to physicians, druggists and the general public, and this information can be had in the pharmacopoea; and it is against public policy to grant a monopoly of what would deprive the public of what has long been regarded as their own."

"That's a very valuable testimonial, Doctor. I suppose you are quite satisfied now that it cannot rank in the patent medicine class?"

"Well, that official letter is worth a lot of money to me. Do you know that almost every day letters are coming to my office asking for more information about my Consumption Mixture? The burden of the stories told by these letter writers is to the effect that they have been using some worthless remedy that has done ten times more harm than good. Far better if they had not taken any drug. Having heard of the value of my medicine I tell them the truth, and give them the proof. I have already given in the Examiner by the wish of the writers, a number of testimonials of the results produced by my remedy. Here are a few more which I have been asked to publish or make whatever legitimate use I like of them:

A Long Standing Case.

Dr. Johnston,—I developed lung trouble from continued exposures, and in the fall of 1904 the doctor told me I had a bad case of consumption, and both my lungs were affected. My stomach was also very bad, and I had a bad cough, would cough in the mornings for an hour.

I was recommended to take Johnston's Consumption Mixture, after the doctors told me I could not live through the winter.

I took three bottles of the Mixture and am completely well, good appetite, sleep well and my cough has stopped.

I can honestly state this cure saved my life.

Yours truly,
GEO. TOWNS.
Douro Post Office, Ontario.

A Visit From Mr. Towns.

It was a little singular that, just while the Dr. was speaking to The Examiner representative, who should walk into the office but Mr. Towns himself, the gentleman whose name appears at the bottom of the above testimonial. Mr. Towns is a middle-aged, respected resident of the Township of Douro. He is the father of Mr. P. J. Towns, the postmaster and general storekeeper at South Douro.

Mr. Towns appeared to be so full of gratitude for the benefit he had received from Johnston's Consumption Mixture that he came to town for the express purpose of telling more about his wonderful cure. He was anxious that The Examiner should give all the publicity possible to his case for the benefit of others who may be suffering as he once did. He was asked to give some further particulars, and willingly complied:

"You see, sir, it was this way; I had never been sick, to call sick, in my life before I was laid up to die. My physician did all he could for me, and I have no blame to him. He told my family that I never would come out of my room again until the leaves were dry, and then it would be to bury me. I was taken to the hospital four weeks after that. It was about that time I heard of Dr. Johnston's remedy. I was a pretty thin-looking skeleton then, but after I had taken the first bottle of Dr. Johnston's remedy I was able to get out of bed. My son asked me to walk across to his store and get weighed. My weight was only 130 pounds. A short time after, when the cough was leaving me, I weighed 137 pounds, and now I have gained up to 149 pounds, and I'm gradually picking up my old weight. The trouble with my lungs is all gone, the racking cough is stopped, and I can eat heartily. I am able now to do the chores and general work about the farm. You don't know how thankful I am for the new life and hope which this medicine has given me."

There could be no humbug about about Mr. Towns' case. His personal appearance corroborated all his statements.

A Married Woman's Debt.

Dear Mr. Johnston,—I wish to thank you for the relief which I have obtained from your wonderful cure.

All my friends know of the terrible condition I was in, and they all join with myself in thanks to you for the remarkable cure your medicine has effected.

I am in good health, having a good appetite, stopped sweating, sleep well, and am able to look after my household duties.

Thankfully yours,
MRS. WM. WEST.
Ware Street, Peterborough.

Dr. Johnston further added: "A careful study of the conditions of various cases brings out the fact that the disease has been aggravated by the use of patent medicines that should never be allowed to be sold. To attempt to accomplish relief with such medication that impairs digestion, destroys tissue and produces other mischief, is, in my experience, disastrous."

Annual Meeting Of St. Andrew's

The annual congregational meeting of St. Andrew's church will be held on Thursday night next at 8 o'clock. The reports from the various branches of the church work will be received and several managers are to be elected in place of those who are dropping out. An interesting evening is expected.

Charming Dance On Park Street

One of the most charming January dances of the season was given last night by the Misses Portsmith, of Park street, to a number of their friends. A delightful time was spent in games, cards and dancing, and jollity reigned among the happy company until the early hours of morn. During the evening a most palatable repast was partaken of which was not the least enjoyment of the pleasant time.

Among the guests who shared in the Misses Portsmiths' hospitality were the following: Misses McBride, Hopkins, Chatman, Bristol, Mr. and Mrs. R. Ferguson, Misses McMann, Davis, Conroy, Townsend, McKewer, Honresly, Messrs. N. Gillis, B. Williamson, G. Barrie, W. Sales, W. Nicholls, B. Manly, M. Stockdale, C. Williamson, H. Bothwell, V. Reynolds, R. Sisson, A. Laizon, A. Vass, J. Laizon, C. Mowrey.

First Meeting Of S. S. Union

Interesting Lessons Were Taught by Miss Williamson and Rev. D. Torrance.

The first meeting of the year of the Primary and Junior Union of Sunday School teachers was held last night in the Endevour Room of St. Paul's church.

There was a good attendance and a number of new names were added to the membership roll.

The lesson for Sunday, "The Boy Jesus," was taken by Miss Williamson and Rev. Dr. Torrance of St. Paul's church.

Miss Williamson taught a very interesting and instructive lesson, illustrating the story by means of the sand table.

Rev. Dr. Torrance, who had charge of the junior lesson, brought out some splendid thoughts, which were discussed freely and fully by the members, Sheriff Hall, and others, taking part, and all present found the lesson taught most profitable.

It is the desire of the committee to have each of the city Sunday schools responsible for a lesson, taught either once or twice during the term, as may be required, and it is hoped that the pastors and superintendents of our various schools, will see to it that their school will take the share allotted to them in this great and important work.

May this indeed be a "union" of Christian Sunday school workers in the truest sense of the word.—Com.

Explanation And Warning

In Monday's issue of the Examiner, and in the last issue of the weekly, a marriage notice appears, headed, "Cowie—Thompson," which was forwarded to this office by mail. The Examiner regrets that it gave publicity to a wedding that did not occur, but the notice was sent in in an apparently bona-fide manner. It may appear very clever to the blackguard who wrote this notice, but if anyone will furnish this paper with information which will lead to the identification of the person who wrote it, such a person will be taught a lesson which will not soon be forgotten, and this paper will give a reward of $50.00 to the one who will furnish information leading to the guilty person's conviction. It is only the work of some vile creature, who should be behind the bars of a prison.

There is nothing meaner or more contemptible than to publish at large such an article in such a manner, and the guilty party should be severely punished.

Local Firm's Big Contract

A reporter of the Examiner was passing the large warehouse of Messrs. J. J. Turner & Sons to-day, and saw them shipping 38 large teas which they had made for the Transcontinental Railway. They were being shipped to Ottawa and two large drays of the Peterborough Fuel and Cartage Company were required to convey them to the frieght shed.

One Acre More Floor

SPACE IS PROVIDED BY

New Addition To Plant

American Cereal Co's. New Storehouse is Almost Ready for Use—New Building Erected at Cost of $30,000—Some General Facts of Interest Concerning the Quaker Oats Establishment—Buildings Now Cover Nearly Two Acres of Ground.

With the completion of the new addition to the American Cereal Company's plant, the home of Quaker Oats has an increased floor space of an acre, and the storage facilities are greatly enlarged. The work on the extension was commenced on October 1st by Contractor William Langford, and has been rapidly carried forward, with the result that the fine new building is almost ready for use; in fact, the upper stories are being utilized now.

Over forty men have been kept constantly at work, and the job, considering the substantial nature of the building, was one of the quickest ever carried out in Peterborough. In addition to the construction of the new building, Contractor Langford had to raise the roof of the former storage building one story—a somewhat difficult matter.

The estimated cost of the work is placed at $30,000. The new building is five stories in height, and its dimensions are 100 by 83 feet. It is of a most substantial character throughout, and is in every way adapted to the purpose intended, i.e., for storing the products of the cereal and flour mills. The floor space is about one acre, and even this big addition will not be found too much as the demands for the mill products, and, consequently, the output, is increasing daily. In fact it is expected that the storage space will be hardly sufficient to accommodate the very large amount of goods turned out by this most progressive firm, which undoubtedly does the largest business of its kind in Canada.

The daily output of the cereal mill averages ten or twelve car-loads, which gives a slight idea of the immensity of the firm's business. The flour mill, a department added a short time ago, and equipped with the newest and best machinery, has a daily output of 600 barrels. In addition to these big departments the American Cereal Company will, in a short time, commence the manufacture of puffed rice, a new product that will be made with the carefulness and skill that have made famous other articles turned out by the company, and that should achieve the popularity gained by Quaker Oats. The machinery for its manufacture will soon be ready for use.

About 500 employees are at work in the various departments at the present time, and the interior of the buildings presents a very busy spectacle. The demand for the firm's products is increasing by leaps and bounds, and other buildings may have to be erected to meet the requirements of the business, which is something of which the citizens of Peterborough should indeed be proud.

Although one cannot help being impressed with the immensity of the exterior of the plant, few people have any idea of the enormous dimensions of the buildings. A walk through the different departments would give them a realization of the fact that the mill is the biggest of its kind in Canada. With the new addition, the amount of ground covered by the buildings is nearly two acres, and the total floor space is estimated by Contractor Langford at ten acres. The department used for storage purposes is 240 feet x 90 feet. The mill is 135 feet by 90 feet, the dry house 90 feet by 90 feet, and the engine room is 50 feet by 90 feet. In addition to these building, there is the elevator, which is 150 feet by 90 feet, and the cleaning house, 50 feet by 80 feet. The buildings range from five to eight stories in height.

The office staff of the company will have fine new quarters in the south-east part of the new addition. The dimensions of the offices will be 65 feet by 32 feet, and they will be furnished and equipped in a most modern manner.

The raising of the roof of the building formerly used for storage purposes, has provided another large department, which is now being used as a machine and carpenter shop, thus leaving available the space that has been heretofore utilized by that branch of the business.

The new addition not only gives increased space but adds considerably to the outward appearance of the plant, which certainly presents an imposing appearance.

CITY NEWS OF TO-DAY

Electricity Class.

—The Y.M.C.A. Electricity Class meets to-night.

Board of Health Meeting.

—The Board of Health meets on Monday morning at 9.30.

Y.M.C.A. Bible Class.

Committees to Meet.

—The different committees appointed at the adjourned annual meeting of Murray street Baptist church will meet on Wednesday evening next after the prayer service for the purpose of electing their chairmen, and to discuss the work for the year.

Home Missions in St. John's

To-morrow will be Home Mission day in St. John's church, and two leading barristers of Toronto will address the congregation on the practical problem of the church in this regard. The speakers will be Messrs. F. S. Hodgins, K.C., and T. E. Moberly, both of Toronto.

PERSONAL MENTION

Dr. McWilliams, Keene, was in the city yesterday.

Mr. Chas. Tanner, Lakefield, was here yesterday.

Miss Sadie Cliffer, Lakefield, is visiting friends here.

Mr. W. A. Johnston, Norwood, was in the city yesterday.

Miss Fry, of Norwood, is visiting friends in Peterborough.

Mr. G. A. Witmer, London, is registered at the Snowden House.

Mr. J. J. Shoppard, Hartney, Man., is registered at the Oriental.

Mr. Geo. Howson, of the Union Bank, Norwood, was in the city yesterday.

Messrs. Martin Bouk and C. E. Fiske, New York, are registered at the Oriental.

Mr. J. E. Spragg, manager of "Peck's Bad Boy," is registered at the National.

Mr. R. H. Doughty returned home last night from a business trip to eastern towns.

Mr. Jno. Davidson, principal of Norwood High School, was in the city last night.

Mr. F. D. Mackay, manager of the Canadian Machine Telephone Co., is in the city to-day.

Mr. J. Trennum, and daughter, Josephine, were visiting friends in Lakefield yesterday.

Mr. Alex. Northey, of Selwyn, is moving into the city and will reside on Aylmer street.

Mrs. M. Smith, of 423 Downie street, will receive on the second and fourth Wednesdays in future.

Messrs. W. Rose, R. Long and Ernest Ford remained in Lindsay last night after the junior hockey game there.

Mr. T. E. Moberly of Toronto, who will speak on Missions at All Saints, to-morrow, is a guest of Rev. Wm. Major, while in the city.

Mr. M. L. Henry has joined the staff of the local office of the Sun Life Co., and will devote his attention to fire, life and accident assurance.

Mr. and Mrs. Jas. Garside left for Halifax to-day, and from that city will sail for England, where they will remain some time visiting friends.

The engagement is announced of Mr. Thomas Weir, G.T.R. operator at Keene, and Miss Elmhirst, of Hastings, daughter of Mr. Philip Elmhirst. The event will be celebrated on Thursday next.

Mrs. E. J. Salisbury left on Wednesday for Peterborough, where she will attend the marriage of her niece, Miss Lillian White, to Mr. T. H. Jackson, B.A., of Hartney, Man.—Cobourg Sentinel-Star.

Mrs. Dwyer, 507 Stewart street, whose husband was recently buried, wishes to extend her thanks to the T.A.S. and all her neighbours and friends for their kind assistance given her during the illness and burial of her husband.

Buy Today for Your Dinner To morrow, "Sailor Boy" Brand Tomatoes, Corn, Peas, Salmon They are the best. At all Grocers

Fall Resulted In Painful Injury

Mr. John Armstrong Slipped on Ice, Dislocating His Elbow.

Mr. John Armstrong, residing at the corner of Hunter and Aylmer streets, met with a painful accident yesterday. While on his way to visit friends in the southern part of the city he slipped on the icy pavement and fell heavily, dislocating his left elbow. He was removed in the Dan Spence Ambulance to Nicholls Hospital where Dr. Marshall attended to his injury.

Foresters Will Hold Carnival

Court Peterborough C.O.F., decided last night to hold their annual carnival at the Brock street rink in the near future, probably the first or second week in February. The date will be announced in the course of a few days. An effort will be made to make this the most successful in the history of the series.

Dropping Snow Causes Trouble

Trouble is still being caused by snow dropping from the roof of the market building. After every snowfall, followed by a thaw, large masses of snow drop to the sidewalk making it dangerous for pedestrians to pass by. This afternoon an avalanche descended upon a farmer's wagon, almost submerging it, and a bad runaway was narrowly averted. Something should be done at once to remedy this state of affairs.

Succeeds Late Carlos Greene

It will be seen by reference to an advertisement in to-day's Examiner, that the grocery and meat business of the late Carlos Greene, which was knocked down to Mr. John Giles at auction the other day, was purchased for Mr. A. M. Harmer, who has already taken possession. Mr. Harmer has resumed business in the same premises, and asks for the continuance of the patronage of all the old customers, and others. He is a former resident of Peterborough but went to Chicago a number of years ago. Many of the residents of No. 1. ward, especially, will remember him and his family, when they lived in what was formerly known as the English settlement.

Don't go Stale.

—Be a "regular," and join the list of well-pleased patrons at Eddie LeClaire's new barber shop, Snowden's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

Latest News Of Winter Sports

Cobourg Has Defaulted

Mr. Chris. Graham received word this morning that Cobourg would not play here on Monday night.

Lang's Defeats Hardwickes

Last night between 10 and 11 o'clock, two teams from Murray street Bogaca Class, blushed in a strenuous game of hockey at the Brock street rink. Lang's Bunch and Hardwicke's Bunch, as they choose to call themselves are capable of playing some very scientific hockey at times, and appeared to have the staying power to the end. Garbutt, cover point for the winners was very fortunate in having a home-made shinny stick which withstood all kinds of hardship. The Lang Bunch played the better hockey and defeated their opponents by 4—2. The half time score was 2—0 in favour of the winners. Miller scored three of the four goals and Garbutt one. For the losers McIlmoyle scored the first and Faint the latter. Referee was impartial and took care of all offsides. The following was the line-up:—

Lang's—4.—Goal, W. Skinner; point, H. Cross; coverpoint, W. Garbutt; centre, C. Stevens; rover, R. Long; right wing, G. Cross; left wing, W. Miller.

Hardwicke's—2.—Goal, R. Rutherford; point, H. Elphick; cover point, R. Bullock; centre, J. Hardwicke; rover, H. McIlmoyle; right wing, L. Cross; left wing, H. Faint.

Referee—Jas. Ellis.

Little Petes Beat West End Colts

The Little Petes defeated the West End Colts in a fast game on Morrow's rink this morning. The score was 4—3. Following were the teams:

Little Petes.		Colts.
	Goal.	
White		C. Morrow
	Point.	
Maher		S. Hargrove
	Coverpoint.	
Picard		M. Murty
	Centre.	
Phalen		Bennett
	Right Wing.	
Haldrick		J. Murty
	Left Wing.	
Donaghue		B. McManus

Referee—J. Morrow.

School Team Is Playing In Keene

Some of Mr. T. J. Wallace's Pupils Drove Out to That Village To-day.

A bus load of the boys of Mr. T. J. Wallace's room at the Central School drove out to Keene to-day, when a hockey team picked from the crowd played the Keene Juniors. Under the supervision of Mr. Wallace the boys doubtless had an enjoyable trip.

Regals Will Play The Emeralds

The Emeralds and Regals, two juvenile teams, will meet at the Y. M.C.A. rink on Tuesday night. As the Regals won the first game the contest should be exciting. Following is the line-up of the Regals:—

Goal, C. Walsh; point, Lynch; cover point, T. Walsh; rover, Marks; centre, Davidson; right wing, Hart; left wing, Howson.

Lakefield Won From The Locals

Three rinks of Lakefield Curlers drove down to the city yesterday afternoon to compete against the locals in a friendly game. As Lakefield has no curling ice this season, they were glad to get an opportunity of playing here on the invitation from the players of the game here. Although the northern village has had little practice at curling this season yet they succeeded in winning by 3 up on the total score. The following was the result of the play:—

Lakefield.		Peterborough.
J W Cornish		E W Cox
W J Pearce		J E A Fitzgerald
F X Fordier		R Kerr
L Payne, sk 16.		Wm. McIlroy, sk 18.
C Bravender		W J Thompson
F M Delafosse		A Moore
R P Davidson		A P McDonald
R C Strickland, sk 15.		S T Medd, sk 18
Dr. Gibson		Dr. McCollough
Dr. W A Baker		Jas. Bogue
Chas. Tanner		Harry Foote
W Ridpath, sk 13.		D Hall, sk 10.
Total, 49.		Total, 46.

Each Team Scored Once

The Juniors Did Well in Lindsay Last Night.

A junior team went to Lindsay last night and played a tie game, 1-1, with the "Midgets" of that town. The contest is reported as being very rough.

The teams were:

Peterborough—		Lindsay—
	Goal.	
Fitzpatrick		Newton
	Point.	
Moore		Sullivan
	Cover.	
Nicholls		McWilliams
	Rover.	
Watson		Stoddard
	Centre.	
Hall		McDougall
	Right Wing.	
Rose		Merrzies
	Left Wing.	
Easton		Maxwell

Referee—Dr. Walters.

HOCKEY

The Pill Pounders hereby challenge the P. B. C's to a game of hockey at the earliest possible date.

• • • •

Referring to the game in Cobourg on Tuesday the Sentinel-Star says: Cobourg played the visitors to a standstill at all times. Bentley, of the Cobourg team, was the bright particular star of the match, and he played like a demon, showing wonderful bursts of speed.

The Peterborough team, as a whole, played grand hockey, and it was all their luck that the ice was soft, or else there would be a different tale to tell to-day.

• • • •

The West Ends and Nationals will play to-night from 7 to 8 for the junior city league championship.

• • • •

Stenson's and Fanning's boarding house teams meet again on Tuesday evening next, between 10 and 11 o'clock. At the last game the latter were victorious by a score of 6—0 on All Saints' rink, some time ago, but the next game promises to be more interesting as the former have reinforcements which they think will be of great assistance in turning the tables.

• • • •

Cobourg defeated Port Hope in Cobourg last night by a score of 5—4.

• • • •

Hockey should boom henceforth. It has been stamped with the hall mark of vice-regal approval. Earl Grey faced the puck at an Ottawa hockey match. His Excellency would find a mighty difference between "facing" the puck and facing such strenuous exponents of the "body" as Crowley and Glover on the glacial arena in the full tide of play.

• • • •

The Pig Irons accept the challenge of the Pill Pounders and will play them anywhere, anytime and for any amount. Marquis of Queensbury rules to govern.

• • • •

Twenty signed certificates were received by the City Loanc morning from the Suburbs, Lakefield, accompanied by the entrance fee of two dollars and deposit of fifteen dollars.

• • • •

Mr. T. W. R. Black, of the Bank of Toronto, will witness the Marlboro-Barrie game in Toronto to-night.

CURLING

Two rinks from Norwood came up yesterday evening for a friendly practice game with the locals. The first three of the following games were scheduled and the last two were those in which Norwood participated:—

Archibald		R Carlon
W Smith		J Hayes
H Merchet		S Sharpe
W G Ferguson, sk 6.		D Cameron, sk 2
W S McIntosh		R B Rogers
W D Campbell		E Hilard
Holling-head		E H D Hall
D Hall, sk 6.		G H Giroux, sk 11
J H Ferguson		J Watson
Barber		H Meredith
G H Stevenson		C Seymour
S T Medd, sk 16.		R Surgeon, sk 8.
W Mellis		F McPherson
J Bogue		J Davidson
J Connal		J Stangert
E Clegg, sk 8.		H Snowden, sk 8.
J Wiley		W Cutherson
Mowatt		G Howson
R Kerr		H Nicol
C N Brown, sk 19.		J Davidson, sk 11
C Thornton		J Rosborough
Lees		W Pakenham
H Foote		McKeber
Col. Edwards, sk 8.		Finlay, sk 16.

TURF.

Mr. Nat Ray, the famous steeplechase rider is in the city. He arrived from Toronto last night.

Horse Personals.

Prince Greenlander is at the Oriental and will enter the free for all. Shiva is also stabled there and will start in the .33.

• • • •

Emma L., owned by Mr. Jos. Lamb, Toronto, is at McKercher's barns. She will start in the .50 class.

• • • •

Frank C., the property of Barnum, Madoc, is at the White House.

• • • •

Happy Dreamer, owned by Mr. Jos. Flemming, Toronto, is at the C.P.R. and will start in the .30 class.

• • • •

Little Sandy, the property of Bailey, Toronto, is also at the C.P.R. Little Sandy is billed for the free for all.

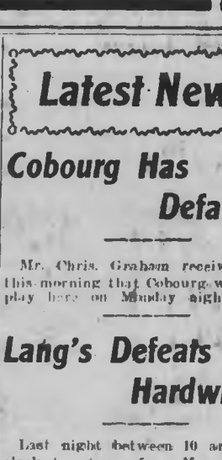
Hal Direct is at Mitchell's stables.
City Boy is at the National.
Joe Allen is at the White House.
Harry Direct is at Mitchell's stables.
Munro House.
Little Willie and Little Girl are at the Maple Leaf.
Orillia Belle is at the National.

Toronto Horses Coming.

Great preparations are being made for the ice meeting at Peterborough, to be held next Tuesday and Wednesday. Many of the horses that were at Port Perry and Lindsay have already been shipped to Peterborough. All of the Toronto horses now in condition will go there.

BOXING AND WRESTLING

Blake and Carroll who will box here next Friday night at the Old Opera House has agreed on Jim Sharkey, of Toronto, as referee. Sharkey was for years an umpire in the Eastern Baseball League and is well known to many in the city. The smoker will be conducted along fair lines and those who patronize it will be assured of an interesting programme of athletic events.



"THE DAYLIGHT STORE"

OUR
Want-Money Sale
IS NOW ON

The reason for this sale is, that we want to clear out our stock in its season, and this we must do, because up-to-date store-keeping demands it.

The Reduction is Sweeping

We want to convert the remainder of our winter stock into cash. It's good, level-headed business to do so, even though it means a loss to us. Every garment bears the regular price ticket, and also the reduction ticket.

Don't Fail to Take Advantage

of this sale. There's no mistake about our reductions. No juggling with the prices. The reputation of this store precludes that, and insures your satisfaction.

Everything Cut! Cut!! Cut!!!

Just to give you an idea of the exceptional values. Take a look in our north window, and then you'll see samples of two of our lines in suits, prices $9.90 and $11.90. We have equally as good values in every department all through the house. Don't stop to look in your purse—you'll not need much money to participate in this sale.

Come On In!

All the Women

ARE BUYING WHITEWEAR HERE

When you have seen the Stock and the figures on the Stock, you won't find it hard to belive this statement, even if it does seem rather exaggerated as you read. The Stock is right, not a Single Garment needs an apology. The making-up is such as to satisfy the most exacting and fastidious women, and the prices are a material loss to the maker, and a very close margin of profit to us. The result is that the Goods Satisfy and the Price Delights.

15 Dozen Whitewear Manufacturers' Samples

EMBBACING SLIGHTLY SOILED

NIGHT GOWNS CORSET COVERS

Whose only fault is being a little mussed. They are yours at 1-3 less than regular prices:

Mild Weather Caused Freshet

Water in White's Creek is as High as at Time of Spring Floods.

Peterborough experienced a touch of spring-like weather yesterday, such as is rarely seen at this season of the year. The balmy air and blue sky would lead one to believe it was May, instead of January.

However, the mild weather, enjoyable as it seemed to be to the hundreds of citizens who promenaded the streets yesterday, brought with it some of the discomforts that usually follow in the wake of a spring thaw.

Many citizens found their cellars flooded, and in other ways were reminded of the sudden rise in temperature. Whyte's Creek rose very rapidly, and yesterday the water was as high, and the current as swift, as at the time of the spring freshets. The small dam above Hunter street was swept away by the torrent, but no great damage is reported to have been done by the high water. Evidences of the thaw were seen on several streets where portions of the road caved in. An especially bad hole was noticed on Park street.

The Downie street creek as usual overflowed its banks, and a stream several feet deep ran over the sidewalk and roadbed of that street for a time yesterday.

Has Fallen Heir To $3000 Legacy

Mr. R. H. Shepherd Becomes Owner of Real Estate in England.

Mr. R. H. Shepherd, the popular C. G. E. foreman, has received word that through the death of his aunt, Miss Agnes Robinson, of Kendall, Westmoreland county, England, he has fallen heir to a legacy of six hundred pounds. Miss Robinson was the owner of a considerable estate in England, and her property was divided among her relatives, all of whom, with the exception of Mr. Shepherd, reside in the Mother Land. Mr. Shepherd's portion consists mainly of property, including a public house situated in Kendall. He will not know until next month whether he will reside in England or not.

Unusual Sight For Mid-January

Musk Rat Was Seen Swimming in River Yesterday.

A North End resident while walking near the river yesterday afternoon, noticed a musk rat swimming above the dam at Inverlea Park, which is a very unusual occurrence for this time of year. The animals have often been seen there during the warm weather, but to see one in the water in the middle of January is a somewhat unusual occurrence.

Millbrook Young Man DROWNS IN SIGHT Of Hundred People

A Disastrous Flood in That Village Results in Great Damage to Property—Loss of One Young Life—Charles Melvor Drowned Yesterday in Swollen Creek His Brother's Narrow Escape—Worst Flood in the Village's History.

Millbrook, January 22. — The worst flood in the history of the village was experienced yesterday, when the creek which runs through the village was transformed into a raging torrent, which brought death and destruction in its wake. One young man was drowned and another almost met a similar fate, before hundreds of persons, none of whom could render the slightest assistance. The creek, swollen by the sudden thaw, raised the water in Needlar's pond until 8 to 10 inches were flowing over the dam, and the lower part of the village was flooded. At Mr. T. B. Collin's mill, one quarter of a mile below Needler's, the water was 18 inches over the dam.

The saddest part of the whole affair, however, was the loss of life. It appears Mr. William McIvor, who works for Mr. Needler, came down to the mill in the morning to see how things were, accompanied by his two sons, Charles and Fred. The two latter got in their canoe to secure a stop-log, but had only gone a short distance when the canoe got into an eddy, which was rushing with great speed and force in an opposite direction to the main current. They were upset immediately, the occupants floundering and fighting for their lives in the rushing, roaring waters. Fred, after rolling and tumbling down stream for about one hundred yards, managed to get into shallow water and, with the assistance of the on-lookers, was helped out, completely exhausted. Charley was less fortunate. He was in the main current, rushing down stream to certain death. He was seen several times, when his head would come to the surface. The last seen of him alive was with one hand raised above the water, just before reaching the bridge at Ferguson's carriage shop. The sad accident was witnessed by hundreds of people.

The body was recovered about an hour and a half afterwards just below Collin's Dam, along the road. The citizens of course were greatly shocked at the terrible fatality. Deceased was fifteen years of age and was looked upon by all with great favour. Mr. McIvor feels the loss of his son keenly, and it is said that he warned the boys not to go out in the canoe.

The bridge at Staunton's on the Cavanville road, is washed completely away, the road being rendered impassable as a result.

Another Daring Robbery RESULTING IN HEAVY LOSS Was Committed Last Night

The Home of Mr. W. H. Wrighton Visited by Thieves--The Occupants of the House Were Absent--Many Valuable Articles of Jewelery Stolen--An Entrance Was Affected Through a Back Window.

Is Peterborough to be visited by a series of robberies? From present indications it looks as if this might be the case. A short time ago the daring burglary which took place at the office of Mr. Robert Hicks astonished the citizens of Peterborough and last night a robbery that was hardly less audacious and daring in character and at which the loss sustained was very heavy, took place, when a thief or thieves stole money and valuable jewellery from the residence of Mr. W. H. Wrighton, 45 McDonel street, when he and his wife and daughter were at church. Miss Rudd, who lives with Mr. Wrighton was also absent at the time. The robbery must have occurred somewhere between the hours of 7 and 8.30 o'clock, as at that time nobody was in the house except the perpetrators of the crime. Mr. Wrighton locked the house about 7 o'clock and went to church, accompanied by his wife and daughter. Returning at 8.30 he found that all the bedrooms in the house had been ransacked and the following valuables stolen:—One $20 bill; $5 in silver and bills; $6 in gold; two $1 gold pieces, one with a hole in it; three old English gold pieces; two valued at $2.50 each, and one at $4.86; about $20 in bills and $5 in silver, making a total of about $67 altogether in money; an old gold watch, finely carved, with small plain place left for initials; a little gold heart with whole pearl in centre; A fine gold chain; three leafed gold clover set with pearls, two small gold stick pins; a broken gold ring, set with a ruby and diamond; two wedding rings, one heavy and the other thin; two or three gold breast pins; one gold seal ring, and a diamond ring with gypsy setting.

The gold watch and the $20 in bills were the property of Miss Rudd. Mr. Wrighton owned the $5 in silver and bills and the remainder of the stolen articles belonged to Mrs. Wrighton.

No furniture was injured and nothing down stairs was missing or damaged, the operations of the thieves being confined to the three bedrooms up stairs in which were the valuables.

Last night, from the robbers viewpoint was an ideal one for the commission of such a deed. It was dark and foggy and the movements of the guilty party or parties could not be easily followed.

When Mr. Wrighton and his family returned from church they were very naturally much startled at what met their gaze—the bedrooms in a state of confusion and much money and valuable jewellery missing. After inspecting the scene of the depredations and taking note of the missing articles, Mr. Wrighton telephoned for the police, the message reaching the police station at about 9 o'clock.

An entrance was effected by the back window, which had been raised during the day owing to the heat, and which had not been locked when Mr. Wrighton and family left the house.

The police are working on the case to-day but at present have no tangible clue to work upon.

Appointed As Permanent Liquidator

Special to The Examiner.

Toronto, Jan. 22.—The National Trust Company was formally appointed permanent liquidator for the York County Loan & Savings Company by the Master-in-Ordinary today. All the different interestes represented concurred in the appointment.

Rev. Fr. Galvin Gave Lecture In Ennismore

Clever Young Priest Spoke at New Year's Concert on Monastries of the Middle Ages--A Delightful Evening's Entertainment Was Provided—Rev. Fr. McGuire, of Downeyville, One of the Speakers--Musical Numbers Were Enjoyed.

PLEASING ENTERTAINMENT IN ST. MARTIN'S HALL

Ennismore, Jan. 19.—The first of the new year's concerts was held in the Township Hall last Thursday evening and proved to be an unqualified success. The musical portion of the programme was, as usual, under the direction of Miss Gertie Moloney, who is one of Mrs. Morrow's brightest pupils and a young lady of remarkable talent. Her marked improvement in music, both vocal and instrumental, reflects credit alike on her able teacher and her own industry and ability. Miss Moloney spares neither time nor pains in preparing the children for the different concerts, and much of the success is due to her untiring labours. Father Fitzpatrick occupied the chair, and in introducing Rev. Father Galvin, spoke of him as "one of our own, of whom Ennismore is justly proud." The subject for the evening's discourse was one of vast importance to all, and one of which the great majority of people know too little. False notions of this long period of history had been left on the minds of men from perusing the writings of prejudiced authors—and the duty of the lecturer was to place monks and monasteries in their proper exalted place, a place which *unfair modern histories had* denied them. The lecture proved to be a great intellectual treat, and for two short hours a delightful audience listened with wrapt attention to a clear, logical, forcible and eloquent account of monasteries, their origin, inmates, uses and partial suppression, with the reasons therefor. He spoke most feelingly of the charity and generosity extended by the monks to the poor and suffering during the twelve long centuries in which they flourished throughout Europe. He dwelt at length on the monasteries as seats of learning, at some of which no less than 30,000 students attended annually. He proved irrefutably that these much-*maligned monks* were scholars and gentlemen, and that their monasteries were homes for rich and poor, learned and illiterate. He pointed with laudable pride to the magnificent institutions erected by the monks in those so-called days of darkness; to the high sense of honour and dignity they impressed on those around them; to the love and gratitude ever manifested by the people towards them, and to the simple, healthful, pious lives they led, until the civil power began to tamper with the rules of their institution by placing over them men who had no idea of the monastic life. Many of the accusations urged against the monks and their mode of living were nailed, and the truth made clear in every case. On the whole, the lecture was one of the best ever heard in the hall, and a rich treat to the large audience.

Father McGuire, P.P., of Downeyville, was next called upon, and, as usual, kept the audience in roars for upwards of half an hour by that sterling Irish humour for which the Rev. gentleman is so widely and favourably known. Becoming serious towards the close of his remarks, he congratulated Rev. Father Galvin on his very able lecture, and the parish of Ennismore on the increased sobriety so evident among them. He promised to be with the people of Ennismore on next St. Patrick's Day, when he would speak to them at greater length on a subject dear to every Irish heart—the land of the Shamrock. This announcement met with the hearty applause of the whole assembly.

Previous to, and following, the speakers, some excellent songs were sung by Miss Nellie Galvin, Miss Katie Gannon, Miss Alice Twomey, Miss Loretta Kennedy, Miss Gertrude Moloney and Masters Frank Moloney and Michael Fitzpatrick. A hearty vote of thanks was tendered Rev. Father Galvin for what the Rev. chairman was pleased to style the ablest lecture he had listened to for many a day. The entertainment was brought to a close by the singing of the National Anthem.

Rev. Dr. Torrance Preached Sermon To City Council

City Aldermen Attended George Street Church in a Body Last Night—Value of Intercessory Prayer Was Emphasized—The Speaker Referred to the Difficulties Existing Between Capital and Labour—Interesting and Appropriate Sermon.

CONGREGATION WAS VERY LARGE

A very large congregation was present at the George street Methodist church last night when Rev. Dr. Torrance, of St. Paul's, preached a special sermon to the City Council. The aldermen, with His Worship Mayor Best, occupied pews near the front of the church. Rev. Dr. Torrance preached an eloquent and most appropriate sermon, and his discourse was listened to with the closest of attention.

The text chosen for the occasion was I. Timothy, second chapter, first and second verses,—"I exhort you, therefore, that first of all, supplications, prayers, intercessions and giving of thanks be made for all men; for kings, and for all in authority, that we may lead a quiet and peaceful life in all godliness and honesty." In beginning, Rev. Dr. Torrance spoke of the many references to intercessory prayer found in the Scriptures. Job had prayed for his three friends, and the wrath of Elihu had been turned away. The early Christians had prayed for Peter while he was in prison, and the prison door had opened.

Kings and all in authority were to be made the subject of prayer. Kings held their positions by virtue of divine appointment. This might seem a strange statement, but it was borne out by the Scriptures. St. Paul, in the 13th chapter of his epistle to the Romans, says, "Let every soul be subject unto the higher power. For there is no power but of God. The powers that be are obtained of God." This statement, made in regard to the higher powers, had reference to rulers in general, and urged the Christians to be subject to heathen rulers, on the ground that they were appointed by God. Jesus Christ had said, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's." In these words Jesus taught that there were civic and religious obligations. The speaker went on to illustrate the statement that "The powers that be are ordained by God," by referring to Cyrus, the heathen king, whom, when the time came for the restoration, gave his men permission and aid in the building of the walls. Still another example was furnished by Saul.

Addressing the members of the Council, Rev. Dr. Torrance said they exercised their authority of virtue of divine authority. They were stewards of God just as truly as those who ministered in holy things. Kings and those in authority were proper subjects for prayer. They occupied a position where they exerted a great influence either for good or for evil. The history of the Roman Empire showed the terrible influence for evil exerted by Nero, and the influence for good by Marcus Aurelius. Then the power of the ruler was not limited. Now, however, the kings had not unlimited power, and parliament and aldermen were responsible to the people who elected them. Even so, it was in their power to exert a great influence for good.

The speaker spoke of the qualifications necessary to be an influence for good. Their moral character must be above reproach so that they might have the respect of the whole community. One of the highest qualifications was to be just. On justice every virtue was comprehended. A just ruler ruled in the fear of God. A just alderman would never think of using his position to enrich himself. Never had the Peterborough Council been charged with dishonesty in the use of the people's funds. Fault had been found with their policy, but it had never been said that a man entered the Council poor and left it rich as the result of boodling. The charge had been made with too much truth in other places. The aldermen should see that justice was done to every member of the community.

Passing on, Rev. Dr. Torrance spoke of the result of offering intercessory prayer. In several ways it was a blessing to ourselves. It brought us to our fellow men. "Did you ever speak against a man you prayed for?" asked the speaker. "Speak to God for one whom you don't like."

The result of good rulers would be that we would lead a quiet and peaceful life. There was a marked similarity between the words of Isaiah and Paul as to the most desirable kind of life. There were interests opposed to the rule of many modern men. Instead of a quiet and peaceful life, the world conquerors lived warlike and aggressive.

Rev. Dr. Torrance in this connection discussed the terrible results that attend war, making a special reference to the late Russo-Japanese struggle. He drew an appalling picture of the horrors of the war with its dead and wounded, with its desolate homes, and its widows and children reduced to penury. The millions of dollars wasted were spoken of, and the speaker remarked that it would have been far better for the Russians to have thrown the money into the sea.

It was well for the nation that was at peace with the world and with itself. In Russia, aristocracy was arrayed against democracy, and capital against labour. It seemed as though a volcano was about to burst and destroy the whole social fabric.

No country in the world enjoyed greater blessings than Canada. However, even she could not be said to have attained the ideal of a quiet and peaceful life. Here the speaker referred to the question of capital and labour. The position of the employee to the employer was almost one of distrust. This was due to the idea that the hours of labour were too long, and that the working man was too poorly paid. It was found that when a workman became an employer, even if he had been the loudest to complain, he was not ready to give his servants what they thought was just. Different plans had been proposed to better this state of affairs. Profit-sharing was one of these, but he doubted the efficiency of the system.

There were some men with large wages who would always be poor, and others with only moderate wages who always had enough to spare. He advised his hearers to cultivate habits of economy and husband their resources.

Rev. Dr. Torrance, in conclusion, expressed the hope that, as a result of the service, a large number of the congregation present would pray that the Council might be given strength to justly carry out their duties.

Secured Forty Subscriptions

Mr. Frank Plant, of the Labour Department, Was in the City.

Mr. Frank Plant of the Labour Department, Ottawa, who was in the city for several days last week, soliciting subscriptions for the Labour Gazette, left Peterborough on Saturday. Mr. Plant met with encouraging success in his canvass, and forty new subscribers were secured. While here Mr. Plant was greatly assisted in his work by Ald Johnston.

Peterboro' Man Up Against It

Lindsay Chief Wants to Soak Him $50. for License.

The Lindsay Post yesterday said:—Mr. M. E. Ketcheson, of Peterborough, was arraigned before Police Magistrate Jackson this morning on a charge of selling carpets, rugs and other house furnishing effects without a license as provided in bylaw No. 776. The case may have interesting developments, and will be worth watching. Mr. Ketcheson was informed by Chief of Police Nevison that in order to peddle and sell his goods he must pay the license fee—$50. This he refused to do, but offered $30. Of course this wouldn't go with the Chief, so Ketcheson decided to put the bylaw to a test and started selling his goods. He appeared before the P.M. this afternoon and claimed that the bylaw was not a reasonable one. The case was adjourned till Saturday.

In conversation The Post man found out that in Peterborough the license for pedlars is fixed at $30—$20 lower than Lindsay. Some time ago the firm for which Mr. Ketcheson is working, maintained a similar defence in a case at Brockville, where the license fee was $5 per day. This was found to be unreasonable, and the bylaw was quashed. The testing of the town bylaw may prove interesting. Is $50 too much or is it not?

African Heroes' Names Wanted

Information Sought Concerning Canadians Who Fell in Boer War.

The South African Memorial which is now in course of completion will have recorded upon panels around the base the names of all Canadian soldiers who were killed in action, or who died of wounds or disease while on service in South Africa during the Boer war 1899-1902. The South African Memorial Association is desirous of obtaining full particulars of all those who thus gave up their lives in defence of, and to uphold the principles of, the British Empire. Illustrated particulars of the Memorial will be sent upon request. Address Sydney H. Jones, Secretary, 28 Wellington street, West, Toronto.

Queer Behaviour Of Thermometer

The queer behaviour of a thermometer hanging outside of a George street store, mystified several people yesterday. Although they knew that the weather was warm, they were hardly prepared to realize that the instrument was registering above the blood heat mark. Their plexity was increased a short time after when the same thermometer showed a temperature that would not disgrace the Arctic ocean. Two small boys, a match, and a piece of ice, accounted for the sudden changes.

Are Building The Exchange

Canadian Telephone Company Commences Work for Brantford Office.

The Brantford Courier of a recent date said: "The statement in a local paper to the effect that the Canadian Machine Telephone Company, have made no move yet as regards the establishment of their system here, is denied by the officials of the company. The exchange and switchboard to be used by the company in Brantford, is now in course of construction at the Toronto factory of the company. In fact, work on the exchange was commenced just as soon as the franchise was granted by the city council of last year, and it has been continued ever since. It is impossible to say just how much time will be required to complete the work. Nothing has been done yet in Brantford, and, for that matter, very little can be done until spring sets in. Mr. MacKay and other officials of the company are expected in the city any time now."

IN ALL WALKS OF LIFE

Herpicide Is Used to Cure Dandruff.

E. H. Lyon, New York, N.Y., says: "I am very fond of Herpicide and enjoy using it. It is refreshing."

Dr. J. H. Bush, Toledo, O., writes: "Newbro's Herpicide has given better satisfaction than anything I have ever used."

Mrs. Borkey, of Chadron, Neb., says of Herpicide:

"It cleaned my head of dandruff and stopped my hair from falling out. It is the best remedy for dandruff I ever used, and I have used a great many."

R. S. Coleman, Ann Arbor, Mich., says:

"I have used two bottles of Herpicide and derived benefit therefrom."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Pack of Hounds Scare a Horse

On Saturday morning as Mr. and Mrs. C. Long, of Otonabee, were driving into the city, they were met by a number of men with guns and dogs off for a hunt. The horse, which is a spirited one, took fright and threw the occupants of the cutter out. Mrs. Long was thrown against a gate post and sustained some severe injuries which have confined her to her bed since the accident. The horse did not succeed in getting away so that the cutter was not damaged.

Weird Story Of Jas. Gardiner

Why the Auction Sale on the Fallis Line Was Postponed.

The Millbrook Mirror has the following story of Mr. Jas. Gardiner, the local auctioneer:

"Tuesday was the most stormy day of the season. The wind blew harder than it has since Joe Prestom swept the riding. On Tuesday, Jas. Gardiner was to sell farm stock, etc., on the Fallis line. James was on ground early, but the outlook was blew, and James would not recognize it. A happy thought struck him; he crossed the road and rigged up a Fallis windmill to switch the wind, but the mill was blown away. Then James was angered and he said 'This sale is postponed until next Tuesday, when I will slaughter this man's goods as hath never been seen in these parts.' So he hitched up his braces, and hearing no jingle in his pockets departed sorrowing. But the wise farmer saith, 'I will line my pockets with sheckles, and return next Tuesday, for Gardiner will do as he saith."

Bright Future For Sand Brick

Bricks made of sand and lime will undoubtedly be the building material of the future. We have now at this office a sample brick made of these materials, and we must admit that it beats everything we have yet seen in the building line. The Peterborough company expects to be turning out sand-lime bricks at the rate of about 12,000 to 15,000 per day in a few months. The Peterborough company will be one of the first in Ontario, and we are sure that it will have a bright future.—Hastings Star.

A. McDONALD

The Secret Of The Strength Of Great Britian

Was the Subject of Profitable Sermon at St. Luke's--Special Commemorative Service—The Nation Depends on Environment—Why Britain Has Been Successful—Her Influencr on the World—British Race a Chosen One.

PATRIOTIC SERMON WAS INTERESTING

A large congregation assembled at St. Luke's church last night, to hear the patriotic sermon commemorative of the accession of Edward VII to the throne of Great Britain.

The rector, Rev. E. A. Langfeldt, took as his theme "The Secret of Great Britain's Strength," and treated the subject in a masterful way, making it plain why Great Britain has attained the position of the greatest nation in the world.

Special hymns in honour of the accession of the King were sung, and during the service a duet was beautifully rendered by Miss Dawson and Miss Phillips, as was also a solo by Miss Dawson.

Mr. Langfeldt, in opening, said a nation was influenced largely by its environment, and it was to a more or less calculable extent, what it was from the position assigned to it by God. Whether a people shall be strong or weak, was, he said, a matter of latitude and longitude. What a difference there would have been in the history of the Anglo-Saxon race had the far-off ancestors remained in the home of their birth! That strange migration from the east, by way of Assyria, mid-Europe, and the North Sea has told upon the nation's life.

Throughout history, he said, the centre of power has moved gradually, but surely, to the north, where man has been trained for the rivalry of life in the conflict with nature, in which he had acquired those qualities which assist in raising him to a high state of social efficiency. The Anglo-Saxon is vigorous and alert, and goes forth endowed with strength of constitution.

A further and important reason why Great Britain was great was that the colonial element is being constantly re-inforced by contingents from the mother country, who always help to keep the race at its highest. "Have we not," he asked, "witnessed the boundless generosity and heroism of the brave men who met hardship and death on the veldt?" The heart of our empire beats stronger because of the sacrifices men and women of our nation have made to secure no mean portion of the African continent, the establishment of justice so long denied. Were our empire less great the European would not view with such undisguised a hatred the expansion of this Empire forced upon us by the nature of this country's mission.

God, he said, was training the British people to be Christian citizens. He will have Great Britain and her colonies the light of the nations, and have her citizens teach freedom, wisdom and prudence, and the Gospel of Jesus Christ, to all nations of the earth; and for the fulfilment of such a mission is not strength, the great national, dominant feature, required?

The reverend gentleman, then, in answering the question, "What is the Secret of Great Britain's Strength?" said that people who carry the Word of Life wherever its influence may reach, must be a people pursuing a higher ideal than that of other nations. When England emerged from a bondage, comparable to that of Egypt, in the dark days of early history, she emerged only to begin that advance which has made her to-day the envy of all the civilized nations of the world.

The secret of her greatness, he explained, lay in the fact that God has chosen His vessel whereby He educated a chosen race that it may accomplish a great work for His glory, and the world's great gain. It is also clearly visible that in Holy Scripture there is a principle of election or selection, whereby God engages Himself to bestow peculiar honour on some particular person or nation. It is essential to remember that God selects a people, maps out a specific destiny, and history concurs. Before His mind the complete history of the world lies unrolled. Each nation must fulfil the purpose he has in view. Each nation may move, it knows not why or whither, each is blind to all the certainties, and, like man, knows not what the future shall reveal. To His children God lifts the veil and foretells the inevitable course they must pursue.

The speaker here quoted from a French writer who, in substance, said that the Anglo-Saxon race had been chosen above all others to do a work of unparalleled magnitude, commencing at the time Great Britain gained from France this country of ours. We, as British citizens, he said, should be the last to quarrel with such a statement, and it instinctively commands our assent. If it were not that prophesy comes to our aid, we would find it extremely difficult to account for so large an anomaly.

In conclusion he stated, that from the word of prophecy and from the history of Israel, we learn the ethnic unity of Israel and Great Britain. We understand thus the better that as Israel was chosen to declare the glory of God among the Gentiles, so, too, the Anglo-Saxon race has been committed the trust to carry the good news of eternal life to the remotest corners of the earth, and the Anglo-Saxon race is doing it with ever-increasing zeal, because God has poured His Holy Spirit upon it.

The instructive service was closed by the benediction and the singing of the National Anthem.

Guides Assist Association

To Observe the Fisheries Laws to the Letter.

The Bobcaygeon Independent, referring to an interesting question, says: About a dozen Guides met Messrs. Evans and Adams when they were here and had a talk over the fishery question. The guides saw that it was to their own interest that the fish should be protected and agreed to do all they could to stop the illegal killing of fish out of season. They also favoured a system of licensing the guides by the Government, with the penalty of suspension or cancellation of license on infraction of the regulations. There are a certain proportion of fish hogs who will kill all they can, and at present if one guide refuses to allow the killing of more than the limit, another guide is got who will allow it.

OZONE SOLUTION

SPECIAL OFFER!

There is just one way by which you can get a package of "Celery King" free with a bottle of "Ozone." That is ask your druggist for "Solution of Ozone, the coupon kind." Each bottle of this contains a coupon for which we send you a full twenty-five cent package of "Celery King." Never take "Ozone" without "Celery King" if you want the best results. We are putting coupons in our "Ozone" good for "Celery King" because no other dealer or firm in the world has the right to manufacture "Celery King" but ourselves and no other remedy in the world will give such good results. "Ozone" kills the inside germs and "Celery King" is a tonic laxative.

Ask your druggist for "Solution of Ozone, the coupon kind," manufactured by the Public Drug Co., Bridgeburg, Ont., sold by W. B Warne.

Latest News From The District And County

ALMOST FATAL ACCIDENT.

What might have been a serious, if not fatal accident, was narrowly averted on Saturday morning, when a number of pleasure seekers, returning from a dance, had the misfortune of breaking the whiffletrees at a railway crossing in Percy Township, just as the morning express was approaching. Cool judgment and prompt action, however, resulted favourably.—Hastings Star.

BELLEVILLE'S SWINDLER.

A unique swindler is at present operating in Belleville. He goes to a minister at night, and says he is to be married to-morrow, and asks the clergyman to officiate. The clergyman consents, and then the man says he has just arrived, and that he has no funds but a check on the bank, and asks the clergyman to advance him a little till the bank opens in the morning. Some clergymen in Belleville have been caught. The man never turns up to be married.

WINTER RHUBARB.

A pleasant surprise was afforded the Lakefield Grove School on Wednesday by Mr. G. Hood, the school gardner, in the form of winter rhubarb. Mr. Hood raised the rhubarb in the cellar of the school, in the vicinity of the furnace, and the experiment proved a decided success. The school is looking forward to being supplied with rhubarb during the remainder of the winter.—News.

COLLISION AT MARMORA.

Last night a collision occurred on the C.O.R. between Marmora and Springbrook, two mixed passenger trains colliding while running at moderate speed. The engineers and firemen jumped in time to escape serious injury. No passengers were hurt seriously. Both engines and four freight cars were demolished.—Campbellford Despatch.

A SERIOUS ACCIDENT.

Florence, the three-year-old daughter of Mr. and Mrs. Geo. Barrie, met with a severe accident one day last week by which she has lost the sight of one of her eyes. An older sister was ripping some cloth with a pair of scissors, and the scissors slipping, the point of them struck the little girl in the right eye with the above result.—Hastings Star.

HASTINGS POST OFFICE.

The following is the report of the revenue, etc., of Hastings postoffice for the year ending June, 1905:—Gross postal revenue, $1,827.85; number of money orders issued, 1,554; amount of money order, $14,508.00; number of money orders paid, 253; amount of money orders paid, $3,-895.28; amount of postal notes paid, $568.50. Salary, $552.60; allowance toward rent, fuel and light, $60; compensation paid to postmaster on money order, savings bank and postal note business, $52.94.—Star.

Mr. Jas. Miller Was Honoured

A Peterboro' Man Home From Alaska Entertained.

The many friends in Peterborough of Mr. James Miller, whose return from Alaska, after 24 years' absence, was recorded in these columns, will be interested in the following article from the Bobcaygeon Independent: In honour of her uncle, Mr. James Miller, from Ketchecan, Alaska, who is visiting friends in the east, Mrs. W. J. Robinson entertained a few friends on Tuesday evening. The evening was spent in singing and music. Mr. Miller is an excellent singer. He can also do some on the fiddle, and tickled Mr. Lavery's violin with Scotch airs and trespiey in a most inspiring manner. Miss Wright and Miss Blanche Wright, Bobcaygeon's leading soprano, also lent assistance in songs. After refreshments and having sung "God Be With You," all dispersed, much benefited by the evening out. Mr. Miller is an old Peterborough boy, but for the last 21 years has been in Alaska, where he carries on a general blacksmithing business. He will probably return by Ann Arbor, Mich., and Los Angeles, Cal.

At the monthly meeting of the Y.M.C.A. British National Council Executive it was reported that the Birmingham association had succeeded in raising its membership to more than 2,000 by the end of last year.

Are Your Nerves In Health?

STUDY HERE THE INDICATION OF A FAILING NERVOUS SYSTEM

Dr. Chase's Nerve Food

It is surprising what hosts of people are suffering as the result of an exhausted nervous system and do not know the nature of their ailment.

They cannot sleep at nights — are restless and fidgety in the daytime—their tempers are easily irritated—little things worry them—they cannot concentrate their minds, and find their memories failing — there are spells of nervous headache—the digestion is impaired—pains and aches of a neuralgic nature afflict them—feelings of discouragement and despondency come over them at times, and they get in the way of looking at the dark side of things.

If this describes your experience you will be interested in Dr. Chase's Nerve Food, for this great food cure gets at the very foundation of nervous troubles and cures in the only natural way, by enriching the blood, revitalizing the wasted nerve cells, and building up the system generally.

Diseases of the nerves take different forms in different people, but they slowly and surely lead to nervous prostration, locomotor ataxia or paralysis — to weakness and helplessness of mind and body.

Mrs. F. Turner, 636 Aylmer street, Peterborough, Ont., and whose husband is employed at the Hamilton Foundry, writes:—

"For some months past I found myself growing nervous, and gradually becoming a victim of depressedness and subject to frequent attacks of nervous headaches. About six weeks ago I began the use of Dr. Chase's Nerve Food and cannot speak too highly of this medicine. I can sleep well now, the headaches have entirely disappeared, and I believe that my system, generally, has been improved greatly by the use of this treatment."

Dr. Chase's Nerve Food acts strictly in accordance with the laws of nature in creating nerve force in the body, and you can use it with positive assurance that every dose is at least of some benefit to you. Prove this by noting your increase in weight. 50 cts. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Annual At-Home Of Bible Class

Enjoyable Evening Spent at Y.M.C.A Rooms.

The annual "At Home" of the Bible Class of the Y.M.C.A. took place on Saturday night. The programme consisted of Bible Study, led by Mr. G. H. Williamson, after which the chair was handed over to Mr. A. E. Walker, the president of the class.

A pianoforte solo was then given by Mr. H. F. Ferguson and a reading "How Jinks Joined the Oddfellows" by Mr. A. E. Walker. A number of games were then played, followed by an address by the president of the class. Refreshments were served, after which Mr. N. A. Howard-Moore sang "Sailing." Those present heartily joining in the chorus. A reading "The Hermitt's Angel" was given by Mr. Robt. Harding, followed by another reading by Mr. H. Hales "The Flow Train Through Arkansas." A duet "The Larboard Watch" was very ably rendered by Messrs. H. Elphick and N. A. Howard-Moore, after which God Save the King was sung, which brought a most enjoyable evening to a close.

Herr Kubelik, the famous violinist, has been ordered by the Paris civil court to pay $2,720 damages and expenses to M. Schurman, the well-known impresario, for failing to fulfil a contract in Spain.

THE ODDFELLOWS' CONCERT.

The Examiner does not make it a practice to gratuitously advertise, concerts and entertainments. But the concert to be given to-night under the auspices of the Oddfellows of Peterborough is worthy of liberal patronage, not only on account of the intrinsic and inestimable merit of the great artists who will present the programme, but in respect also of the chief object aimed at. The proceeds are to be devoted to the fund of the local Oddfellows required for the entertainment of the Grand Lodge which will meet in Peterborough the coming August. As the number of delegates as a rule is about six hundred, the sum of at least $500 will be required for the purpose named. Seeing that the presence of that number of delegates in the city for several days means much in material results, as well as in bringing the city prominently before the most intelligent representatives of every community in the province, it is, therefor, incumbent upon our citizens to take a patriotic view of this occasion and liberally patronize to-night's concert and thus not only reap the enjoyment represented by the presentation of the best music by the best artists, but also give a helping hand to the Oddfellows of Peterborough, whose membership includes our most respected and influential citizens. This city should be jealous of its reputation for hospitality, and though, nominally, the visiting Oddfellows will be the guests of their Peterborough brethren they are really the guests of the citizens of Peterborough and their becoming entertainment should not be a matter of indifference to any citizen.

ASYLUM FOR EPILEPTICS.

The press reports that the new institution for epileptics at Woodstock is completed and almost ready for the reception of patients. This institution, which was originated and put on foot by Hon. Mr. Stratton when he was Provincial Secretary, is an important addition to our public institutions as making special provision for a class of patients requiring special attention and treatment. The institution will provide, it is understood, accommodation for some 200 inmates. The present Government which found this institution almost ready made to their hands, will now have an opportunity of providing for the large number of patients throughout the Province afflicted with epileptic mania, who cannot be provided for in homes, where their presence is often a menace to themselves, their friends and the neighbourhood, and they are unsuitable as inmates of an insane asylum. The Woodstock institution, which can be added to from time to time, will, if properly administered, provide for some time to come for the patients of the particular class for which it was erected.

EDITORIAL NOTES.

An Ottawa clergyman, recently on a public platform gave a lamentable exhibition of ignorance or stupidity when he asserted that: "A man named Ross had met his Waterloo in the Province of Ontario because he had turned his back on the temperance people." Such an utterance is party politics gone mad; for there is no fact and therefore no reason behind it. Mr. Ross gave the temperance people a chance to vote on prohibition if they wished. They declined to use it, and such remarks from temperance politicians are to be expected. That kind of gratitude is the way of the world. A man was once told that a certain person was trying to injure him by scandalous reports. "I can't understand such conduct," said he, "I never did him a kindness." Does the minister referred to believe for a moment that the temperance people would give Hon. G. W. Ross his Waterloo for the sake of a party pledged against prohibition and a Government whose interests in moral movements is represented by its permitting itself to be manipulated and practically controlled especially in the matter of license law enforcement, by a great moral and political purist like Dr. Beattie Nesbitt. Ten chances to one the minister mentioned is at heart an admirer of Dr. Beattie Nesbitt and his methods.

Men's Meeting Well Attended

"Cities of Refuge" Was Subject at Y.M.C.A. Yesterday.

There was a good attendance at the Y.M.C.A. Men's Meeting yesterday, when the speaker was Rev. E. A. Langfeldt, rector of St. Luke's. The Song Service preceding the address was hearty, and Mr. Jas. Browne sang a solo with splendid effect.

Mr. Langfeldt spoke in his usual earnest, pointed manner, his subject being the spiritual significance of the Six Cities of Refuge. Each of these names were taken to represent some characteristic of Christ. The speaker asked the men which city they lived in. It was their privilege to live in all of them.

Kadesh meant sanctuary, or place of safety. It represented the cleansing power of Christ for all guilty souls.

Shechem meant shoulder—Jesus was the great burden bearer for men.

Hebron meant friendship.

Bazer meant fortress. Jesus was willing to fight our battles and give us victory.

Ramoth meant high places. Showing how we can by faith be lifted up above the storms and trials of life.

Golan meant joy, the exceeding joy of perfect rest and of the coming of Christ.

In summing up the speaker appealed to his hearerrs to have them take Jesus, who becomes your Saviour, your burden bearer, your friend, your deliverer. He who drives away doubts and fills your soul with joy.

The Glory Song Sung at Park Street Church

The Special Services Were Concluded Last Night When a Grand Meeting Was Held—Several Signified Their Intention of Beginning Life Anew—Rev. Mr. Leckie Thanked for His Faithful and Acceptable Services.

MEETINGS WILL BE HELD AT BRIGHTON

The special services in connection with the Park street Baptist church were concluded last evening, when a grand meeting was held. The accommodation of the church was not sufficient for the large crowd, part of which had to find seats on the platform.

A feature of the evening was the singing of the Glory Song, which aroused much enthusiasm. Miss Ethel Gillespie took the solo, and the refrain was sung in turn by the ladies, the gentlemen and the children, and then by the whole congregation. Miss Nellie Pilling sang "The Star of the East," in fine voice, and with much expression during the service.

Rev. J. S. Leckie, the mission preacher, took as his subject "Heaven," and in the after meeting six or eight persons signified their intention of starting a new life.

Prior to the sermon, the pastor, Rev. A. H. Brace, in the name of the deacons and people, thanked Mr. Leckie for his faithful and acceptable services, and assured him of a hearty welcome when he next visited Peterborough.

Rev. Mr. Brace will go to Brighton for a return visit on Monday next, and will conduct a series of two weeks' meetings. Miss Nellie Pilling has consented to act as soloist during the entire series.

There will be a three weeks' series of special cottage meetings in connection with the Park street Baptist church to keep in touch with the mission in Brighton. The first will be held to-night at the home of Deacon Albert Inkpen, 100 Park street.

About Watch Variation

It is a well known fact that Watches when dirty are more easily affected by temperature variations than when clean and freshly oiled.

Your watch may keep accurate time all summer, but when winter comes with its extreme temperatures, it will vary. Watch Repairing and Cleaning entrusted to us will receive skilful attention.

Echoes From Church Services Of Sunday

ALL SAINT'S CHURCH.

Next Sunday All Saints' church anniversary services will be held, and a special preacher will be here for the day. More complete details will be published later in the week.

On Thursday night Rev. E. A. Langfeldt will give a lecture at All Saints' under the auspices of the Young Men's Guild. His subject will be a "Trip Down the Rhine."

At the evening service yesterday in All Saints', Mr. and Mrs. Firth rendered very effectively, the duet, "Tarry Thou Here."

A special gathering of the choir of All Saints' church will be held to-night at 7.30 and all members are requested to be present.

CHARLOTTE STREET.

The sermons in Charlotte street church yesterday were preached by the pastor, Rev. W. J. Jolliffe, and were listened to by large congregations. The musical portion of the services was of a more than ordinary attractive nature. The anthem at the morning service was "Sun of My Soul." Mr. Legg rendered a solo with splendid effect, and the choir sang the famous gospel song, "The Glory Song," during the service. The anthem at the evening service was "Rock of Ages," by Buck. A male quartette, composed of Messrs. Freund, Legg, Moore and Shepherd, sang "Where Is My Wandering Boy" as solo and quartette, Mr. Legg taking the solo. Miss Bellingham's voice was heard to good effect in the solo, "Some Sweet Day."

There will be a union meeting of the Sunday school and the Epworth League to-night in the Sunday school room. The programme will consist of addresses and music.

The Woman's Missionary Society will meet to-morrow afternoon at three o'clock in the Young Men's Guild Room.

MURRAY STREET.

The B.Y.P.U. will hold a regular meeting to-night led by the Bracca Class.

There will be a deacons' meeting to-night in the pastor's parlour in the church.

The annual Sunday school tea will be held to-morrow night. Tea will be served from 6 to 7.30 o'clock, and an enjoyable programme will be rendered afterwards.

The various church committees will meet on Wednesday night after the prayer meeting.

ST. PAUL'S.

There will be a lecture to-night, under the auspices of the the Guild by the Rev. E. A. Langfeldt, on the "Evolution of a Boy."

A meeting of the office bearers of the church is called for Tuesday evening in the Endeavour Room.

Rev. Mr. Pedley of Toronto, will lecture on "The Making of the Man," on Friday night.

ST. ANDREW'S.

The regular meeting of the Young Peoples' Society, of St. Andrew's, will be held to-night.

The annual congregational meeting will be held on Thursday night at 7.45 o'clocks. Reports will be presented and new managers elected.

ST. JOHN'S.

There will be a debate to-night under the auspices of the Young Peoples' Association on the "Comparative Influence of the Pulpit and Press."

GEORGE STREET.

The Epworth League will hold its regular meeting to-night. The subject will be "Pioneer Days in Canada."

The Girls' Guild will meet to-morrow night.

The anniversary of the Sunday school will be held on Sunday. Special sermons will be preached by Rev. Vernon Emory of Bowmanville.

At George street last night the music rendered by the choir was the subject of much favourable comment. The anthem, "A Dream of Paradise" was given a very effective rendering, the solo being well taken by Miss Bertha Parnell who was in fine voice. A quartette, "The King of Love My Shepherd is," was rendered by Misses Parnell and Grey and Messrs. Thornton and Dodgs with marked effect. Kipling's "Recessional" was sung during the offertory, Miss Chasty taking the solo. In the morning Handel's celebrated largo, "Holy, Holy, Holy," was well rendered.

ST. LUKE'S.

The Girls' Auxiliary will meet to-night at 8 o'clock.

Mr. and Mrs. J. J. Turner, jr., will entertain the members of Mr. Turner's Bible class to-morrow (Tuesday) evening at their residence, Water street.

The children's service held yesterday at St. Luke's was very largely attended by the Sunday school children, members of the Bible classes and parents. The rector addressed them on their duties to their church and Sunday school. The offering amounted to $12.80, and will be given to the treasurer of the Children's Aid Society.

The Mothers' Guild will meet on Wednesday at 2.30.

The monthly business meeting of the W. A. will be held on Thursday at 2.30.

Correspondence On Topics Of Interest

THE LICENSE BOARD.

Dear Sir,—I see by your evening contemporary that Mr. John Griffin, of this village, has been succeeded on the Board of Commissioners by Mr. James Kendry, ex-M.P. In making the announcement the Review says: "The appointment of Mr. Kendry is a good one and he will materially add to the strength and efficiency of the Board; the administration of which, during the past year, has been all that could be desired."

There is something in the wind, and as the year goes by we shall see what we shall see. Everyone in this village knows that the statement made by the Review is far-fetched as to the satisfactory administration of the board. We all know in Lakefield that Mr. Allen was absolutely refused a license here as he was ungetable for conducting a hotel properly. Everybody in Lakefield knows that the commissioners did right when they refused a renewal of his license. He was not a good enough man for Lakefield, but the License Board, whose administration has been "all that could be desired," seemed to think plenty good enough for Mr. Bradburn's house in Peterborough, the C. P. R.

I have nothing against Mr. Allen personally. I only take the action of the commissioners themselves. The man was incapable of running an hotel properly in Lakefield; how then does he come to be properly equipped for Peterborough, or does anything go for Peterborough, so far as license manipulation is concerned.

I think it would not be unwise or imprudent to keep your eye on the License Board. We are afraid the other two gentlemen may be led into trouble now even in face of the mandate given by the people of your town for license reduction on January 1st.

Yours truly,
KATCHEWANOONKA.
Lakefield, January 22, 1906.

CITIZEN ANSWERED.

To the Editor of the Examiner:

Sir,—In the Daily Review, dated 19th ult., I noticed a communication from Citizen, in which he calls down the Peterborough Fire Brigade, and although to call them down he starts off with "between the Post Card Column of the Examiner and the Letter Box of the Review, Peterborough has developed the most finished product of knockers". Is he not one himself, and we would most respectfully advise him to go back to the school of fisticuffs or otherwise and take a few more lessons as his whole letter is most silly and absurd. He says "Everyone with a trivial complaint wants to see it published". Citizen seems to have one himself and through his lack of information or otherwise, he wishes to ventilate his hot air through the public press, also next he says "firemen have evidently aired their grievances with the evident idea of enlisting the sympathy of the public". He must certainly mean the travelling public as he must surely know by this time, they not only have the sympathy, but admiration of the residents of Peterborough and as one of the rate payers put it, they do not even get a fair percentage as remuneration for their services. They are one of the greatest assets Peterborough has to-day. He also contrasts Mr. Larmonth's letter with Chief Rutherford's. We would ask and expect an answer. Who suggested that the firemen ride free? Who suggested the firemen should wear a distinguishing button? Who furnished sample of button to be worn? Who gave Chief Rutherford the address of the firm that was to furnish the buttons same as sample? Let Citizen or Mr. Larmonth answer those questions or forever after hold their peace.

Then again, he calls them "dead heads". Shame, shame. The idea of using such slang to the most noble, courageous and valiant body of men that ever handled hose or scaled a fire ladder. A "dead head". Once more we say shame. Citizen also says "The Radial Railway has done more for the advancement of Peterborough than any other corporation in recent years". We simply ask, what have they done? They have worked up a profitable trade for themselves, but who reaps the benefit of it? And now, in conclusion, we would ask Citizen to point out one single town or city in Ontario, where the firemen are charged a fare. Take Toronto, for instance. They can stop a car at any point on the street, board it and ride to their destination, and no questions asked, a privilege no other citizen enjoys except a policeman. Then, again, which of the two—policeman or fireman—saves the most lives and property. The policeman gets a regular salary, the fireman works for nothing; the policeman rides free, the fireman pays his five cents each and every time he rides. Then, again, Life Insurance, in other fraternal, straight life, or endowment, they are classed as extra hazardous, which means almost 20 per cent. in advance of the ordinary class.

Yet these same firemen stand guard night and day over this wealthy company's property and still they force them to pay five cents for each and every time they ride and which, practically speaking, does not cost the company one single cent.

Thanking you for your most valuable space, I remain,

Yours
FAIR PLAY.

Rest and Comfort For the Kidneys.

If your kidneys are all inflammed—if there are sharp, shooting pains in the small of the back and dull ache through the hips—if there is a constant desire to urinate—if the urine is hot and scalding—if the head aches and specks float before the eyes—you can't imagine what relief there is for you in

Snow-Shoe Club Has Disbanded

Lack of Interest Displayed by Members Was the Cause of the Step.

The annual meeting of the Peterborough Snowshoe Club, was held in the Oriental Hotel, on Saturday night. Owing to the small attendance, and the lack of interest displayed by the members, it was decided to formally disband the club. This step will be regretted by the more enthusiastic members, as the season just past was most successful.

"At Home" At Cobourg

Local Cavalry Officers Receive Invitation to Social Function.

(Lieut.-Colonel Floyd, and the officers of the 40th Northumberland Regiment of Cobourg, are giving an "at home," in the new armouries in that town on the evening of Friday, January 26th. The officers of the Third Prince of Wales Dragoons have been invited to be present.

A Happy Couple Celebrate Their China Wedding

Delightful Function at the Home of Mr. and Mrs. Penrose—Were Recipients of Large Number of Gifts—Many Present From Peterborough and Also From a Distance—Dining Room and Hall Beautifully Decorated.

BRIGHT OCCASION AND HAPPY GATHERING

Mr. and Mrs. John Penrose, who reside at 432 Sherbrooke street, most fittingly celebrated their china wedding at their home last Saturday evening. A large number of guests from the city and outside points were present, and the very many gifts bestowed upon the happy couple testified in a most affirmative manner of the very high esteem in which they are held by numerous donors. The decorations were most appropriate for the occasion, the dining-room and hall presenting a very beautiful appearance, ornamented as they were with pretty green moss. Red, white and blue bunting was hung in the dining-room, and the doors and archways were draped with Union Jacks. Exquisite floral decorations also greatly enhanced the effect of the ornamentation, all of which was arranged in exquisite taste.

After the guests had partaken of the bounteous array of good things provided at the festive board, the evening was spent in a very enjoyable social manner, games being played by the younger guests, the others indulging in social intercourse. Many who could not attend sent dainty gifts of china to the bride and groom coupled with expressions of regret at not being able to be present at such an occasion. Oakwood, Ont., is the home of both Mr. and Mrs. Penrose, and those who came from that place to participate in the celebration of the happy event were Mrs. V. Richardson, Mrs. J. Code and Mrs. J. Armitage; from Lindsay, Miss Lounsborough, Miss Lillian McWilliams; from Tyrone, Mr. and Mrs. Richard Woodley; from Toronto, Mr. and Mrs. W. G. Peck; from Little Britain, Mrs. M. Connor and son, M. Connor; from Peterborough, Mr. H. Jackson and Miss M. Jackson, Mr. J. Giles and wife, Mr. and Mrs. W. Scott, Miss Clara Scott, Mr. and Mrs. T. J. Bloss, Mr. and Mrs. T. Staples, Mr. and Mrs. A. Graham, Mr. and Mrs. N. E. McWilliams, Miss Pascoe, Mr. and Mrs. Jos. Naylor, Miss E. Oliver, Mr. H. McIlroy, Miss E. Williams, Miss Ruby Henry, Miss Flossie Armitage and others.

Before the gathering dispersed expressions of good will for a happy future for the bride and groom and many returns of the pleasing occasion that had been so appropriately celebrated, were given.

Public Library Annual Meeting

To-night the adjourned meeting of the directors of the Public Library will be held in the library room. The election of officers will take place at this meeting, and all members, ladies as well as gentlemen, are entitled to a vote. All are asked to be present at the meeting to-night.

PRACTICAL RESULTS

Miss Verna Page, who resides on Gilmour street, while on her way home on Friday night, lost a grey lamb collarette. An advertisement was inserted in the want ad. column of the Examiner, and this morning Mr. Morton Mitchell returned the lost collarette to this office.

This is another evidence of the value of an ad. in the want column of this paper.

CITY NEWS OF TO-DAY

Debating Club.

—The Y.M.C.A. Debating Club meets on Wednesday at 8 o'clock.

The First "Pop."

—Reserve Saturday night, Jan. 27; first Y.M.C.A. "Pop." All citizens invited.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

T.A.S. Entertainment Postponed.

—The entertainment that was to have been held to-night at the T.A.S. rooms has been postponed until further notice.

No. 4 Company Meeting.

—A meeting of No. 4 Company, 57th Regiment, will be held to-night at the drill hall. All members are asked to be present.

Attendance is Good.

—The Y.M.C.A. senior gymnasium class attendance keeps up well despite strong counter attractions. It meets on Tuesday and Fridays at 8 o'clock.

St. John's Choir Rehearsals.

—The following rehearsals of St. John's choir will be held this week: Monday at 4.30 p.m., full choir; Wednesday at 7. p.m., for boys only, and Thursday at 8 p.m., full choir.

Lost.

Will the customer who forgot to return one of our orange-slicers last spring kindly do so at once, as the marmalade season is again here and we are very much in need of it. S. A. Oke, 376 George street.

The Best of Vegetables.

—For potatoes, parsnips, carrots, beets, turnips, cabbage, onions, celery, apples of all kinds, flour, sugar by the cwt., cheap. Houses, houses, to rent, at Jas. R. Bell's, grocery, 161 Hunter street; phone 455.

Missionary Auxiliary.

—The regular monthly meeting of the Charlotte street Methodist Womans' Missionary Auxiliary, which was postponed last week on account of the weather, will be held on Tuesday next, Jan. 23, in the Guild room of the church, at 3 p.m. All members are requested to attend.

A Social Eventing.

—The Presbyterian Guild of St. Paul's church will hold a social evening to-night in the guild room of the church. Rev. E. A. Langfeldt will give an interesting lecture on "The Evolution of a Boy." Refreshments will be served and special music rendered. All young men are specially invited.

Winter Blackbirds.

—A white blackbird is a rara avis, and so is a winter blackbird. Such was seen on Park street yesterday by a Homewood avenue resident, where it was whistling merrily and as lively as if it were living in June instead of January. This was a blackbird, and not to be confounded with a grosbeak or a Plymouth Rock chicken. The citizen knows a blackbird when he sees it, and won't consent to having the bird be saw anything else.

Ladies' Damask Writing Tablets.

Busy, Busy, at the Peterborough Bookstore stock-taking. Always running across odd lines that must be cleared out. Here are a few that will interest you: Ladies' Damask Writing Tablets, in the popular oblong shape; each leaf can be folded into an ordinary sheet of notepaper; only 180 left; regular price 20c, Sale Price 10c. See them. Envelopes to match. Quarter Tablets, letter size; excellent paper, odd lots, 6 and 10 of a kind; to clear, each 10c. Envelopes to match, 5c per pkg. A. H. Stratton & Co., 417 George street.

OBITUARY.

CEDRIC SANDERSON.

A very sad death was that which occurred at the Nicholls Hospital yesterday morning, when Cedric Sanderson, son of the late Edward Sanderson, passed away after an illness of a little over a week, of appendicitis. The deceased, who was eighteen years of age, had been living with his aunt, Mrs. Parker Davis, Division street, and had been for some years an attendant at the Collegiate Institute, where he was a favourite with teachers and pupils alike, and the intelligence of his death will cause profound grief to all who knew him.

His parents predeceased him. One brother, Elmer, and one sister, Miss Ida B. Sanderson, of the Peterborough Conservatory of Music staff, survive him.

The funeral will take place tomorrow afternoon at two o'clock from the residence of his aunt, Mrs. R. T. Milburn, Communication Road, Smith, to the Little Lake cemetery. Rev. Dr. Crothers will officiate, and it is probable that a firing party from No. 4 Company, of the 57th, of which he was sergeant, will attend.

A Citizen Of Prominence

As was predicted on Saturday, the picture in the paper that day was a difficult one, only twelve persons identifying it as Mr. Henry LeBrun. Mr. T. J. R. Mitchell was again the first to telephone in an identification, and others who telephoned correct answers were Carl White, Miss Mabel Phelan, T. McDonough, Miss Connors, Ald. McIntyre, Miss Annie Kelly, J. Kincaid, R. H. Fortye and Mr. John Corkery. A number telephoned identifications which were not correct, Mr. LeBrun's features being apparently difficult to recognize.

BIRTHS.

ASLING.—In Peterborough, on Sunday, January 21st, 1906, the wife of Wellington Asling, Driscoll Terrace, of a son.

Threatened To Destroy Bridges

Ice Jams in the Creek Caused Railway Men Trouble.

The mild weather of the past few days has resulted in a sudden rise of the water in White's Creek, and G. T. R. section men had troubles of their own to-day. An immense ice-jam was formed above the railway bridge, near the corner of Aylmer and Stewart streets, and threatened to sweep the structure away. Several charges of dynamite were exploded, which broke up the jam. A similar difficulty was experienced at other bridges, and dynamite had to be resorted to in order to get rid of the ice. Not much damage to property is reported as a result of the freshet. The boiler shop at Wm. Hamilton's foundry was flooded yesterday, but everything is all right to-day.

To Discuss The New C.P.R. Line

Joint Meeting of City Council and Board of Trade.

To-morrow night an important meeting will be held in the City Council Chamber, when the members of the Council and the Board of Trade will meet to discuss the question of the proposed C.P.R. line from Victoria Habour to Peterborough. It is probable that the two bodies referred to above will take some action supporting the application of the C.P.R. to the Minister of Railways and Canals for notification of the route.

The matter will come up on January 26th at Ottawa, when it is expected the route will be finally decided on.

It is materially to the interests of this city that the proposed line should be constructed and any action, that the council and Board of Trade could take which would facilitate its construction would be approved of by the citizens.

Form Company To Buy Rink

An Important Meeting of Curlers To-morrow Night.

A meeting of the Curling Club will be held to-morrow night at 8 o'clock for the election of skips for the Lindsay-Peterborough match which takes place on February 1, and to consider the organization of a curling rink company to take over the rink.

PERSONAL MENTION

Mr. Jas. Derson, Norwood, is in the city to-day.

Mr. H. P. Lindsay is in Kincardine to-day on business.

Ald. Thos. Kelly is confined to the house through illness.

Archdeacon Warren, of Lakefield, was in the city to-day.

Reeve Dixon Warren, of Lakefield, was in the city to-day.

Miss Bertha Inglis spent Sunday with friends in Lakefield.

Mr. J. J. Kenyon, Pembroke, is registered at the National.

Mr. Geo. Sasking, New York, is registered at the Oriental.

Mr. G. M. Roger and Miss Alice Roger are in Toronto to-day.

Mr. J. D. Collins and Miss Collins went to Sault Ste. Marie to-day.

Mr. Harold Weeks, Rochester, N.Y., is visiting his brother, Mr. A. Weeks.

Mr. and Mrs. Arthur Matheson, Havelock, spent Sunday in Peterborough.

Miss Marion Smith, Havelock, is visiting friends in the city and vicinity.

Mr. Thompson is in Toronto to-day picking up "extras" for Wednesday's Annex Sale.

Miss May McCarthy, Norwood, is visiting her uncle, Mr. J. McCarthy, Stewart street.

Mrs. (Rev.) E. A. Langfeldt has returned from a month's visit to Orillia with her parents.

Mrs. H. P. Kennedy and Master Maxwell Kennedy left this morning for a week's visit to Brantford and Galt.

Mr. Vincent Corkery, son of Deputy Postmaster Corkery, has joined the staff of the local branch of the Bank of Ottawa.

Mr. and Mrs. George Singleton, Stewart street, returned home on Saturday from a pleasant visit to friends in Port Hope and other frontier towns.

The many friends of Mr. and Mrs. Nelson King, Wolfe street, will sympathize with them in the death of their infant son, aged four weeks. The funeral took place to-day.

Mr. J. Patte, travelling representative of the Monaren Knitting Co., Dunnville, was in the city Saturday and Sunday on business. Mr. Patte was formerly connected with the local firm of Grafton & Co.

St. John's Guild Debate To-night

This evening a debate will be held in St. John's Guild Hall at 8 o'clock under the auspices of the A.Y.P.A. The discussion for the debate will be Press vs. Pulpit. The positive will be taken by Messrs. H. B. Cluxton, A. E. Walker, W. E. Blackwell, and the negative by Messrs. C. H. Reid, S. Cahiff, T. Jardine. During the evening a good musical programme will be provided for and a very pleasant evening is anticipated, all being invited.

Annual Meeting Eko Camp Held

Mr. L. B. Ramsden is the President and Mr. W. H. Waram Secretary.

The eighteenth annual meeting of Eko Camp, was held on Saturday night in the club room, Hunter street. There was a large attendance of the members. The president, Mr. J. M. Gemmell, occupied the chair.

After the usual routine business had been transacted, the election of officers took place, resulting as follows:

Hon. President—Dr. Tate, London.
President—Mr. L. B. Ramsden.
Vice-President—Mr. H. W. Gillespie.
Sec.-Treasurer—Mr. W. H. Waram.
Executive Committee — Messrs. W. R. G. Higgins, W. A. Smith, T. H. Glover, W. G. Cochrane, T. J. Wallace.
Auditors — Messrs. E. M. Best and W. McCaughney.
Membership Committee — The president and Messrs. R. M. Glover and J. M. Gemmell.

The report of the secretary-treasurer, Mr. H. W. Gillespie, showed that the finances of the club were in a very healthy condition.

It was decided to hold another "at home" in a short time. This will be conducted along the same lines as have made the organization famous in social circles and should be as successful as its predecessors.

One of the members, Mr. Bert McCollum, will entertain the club with a drive to Lakefield in the near future, when the annual supper will be held.

Organ Recital At St. John's

Last night at the close of the service at St. John's church, Mr. H. Francois Ferguson, assistant organist of St. Paul's cathedral, Buffalo, N. Y., gave an organ recital, which was attended by a large number of persons and thoroughly enjoyed. The different numbers, the majority of which were of a difficult character were rendered in a masterly manner. The programme was well-chosen, and the manner in which it was rendered reflected great credit on the ability of the musician.

It was as follows:

March, Religeiuse in F.....Guilmant
Cantilene Nuptiale in A flat.....Dubois
Toccata in G... ... ...Dubois
Andante Con Mote in G... ..Calkin
Grand Chorus in F... ... ...Lemaigne
Intermezzo in E Flat... ... ...Bizet

Spring Weather.

Daniel O'Leary In Trouble Again

Was Charged With Abusing Mr. Pearson's Horse.

This morning Daniel O-Leary, of Harvey Township, appeared before his Honour County Magistrate Edmison, on a charge of abuse to a horse, the property of Mr. Nathaliel Pearson, Buckhorn. The prisoner hired the horse from Mr. Pearson to drive over to Burleigh Falls, a distance of about nine miles. From there he drove to Lakefield about 10 miles and then out to Douro, and back again to Lakefield, leaving the horse tied to a post there.

The charge was laid by Constable Dodge, of Lakefield, on Friday and County Constable Cochrane immediately send word to Constable Nicholls to arrest O'Leary. He was arrested on Saturday about eight miles from Buckhorn and was taken from there to Lakefield yesterday, by Mr. Nicholls, and this morning was brought to Peterborough by Mr. Cochrane.

This was not the first time that O'Leary has been before the Magistrate. Last July he was convicted of stealing a watch, was fined—the fine with costs to be paid in a month, which he failed to do, and has not since paid it.

On account of there being no witness present O'Leary was remanded until Thursday next at 3 o'clock.

Butterfly Seen This Morning

Another evidence of the approach of spring was brought in to the Examiner office this morning in the form of a large gray-winged butterfly. It was captured clinging to a window sill on the outside of the County Jail. Probably, however, predicting a hard winter it was soliciting admittance, as some human-beings are often disposed to do, to the jail for the remainder of the winter.

Latest News Of Winter Sports

Splendid Showing Of Juniors In Lindsay

The Lindsay Post says the following of the game between the Lindsay Midgets and the Peterborough Juniors, that was played in Lindsay Friday night:—

In a fast game that was hard fought from the time the whistle was first blown, the Peterborough Juniors and the Lindsay Midgets tried to wrestle victory from each other last night, but the best efforts of both teams were of no avail, and the two junior aggregations pulled out a tie, 1—1, in favour of nobody. It was a good game and fast from the first face-off till the finish. It is safe to say that had the Midgets all been feeling in the humour for playing a win would have been the result, but at different stages of the game the Midgets were lacking the necessary "get and go" spirit, while on the other hand the Peterboroughs played their very hardest, all putting forth the very best that was in them, and their attacks on the Lindsay defence were numerous, the forwards frequently getting by all but Newton. It was the latter's magnificent work in goal that kept the locals on a par with the visitors, but still at no time could either side feel sure of the game. The game was not one of those fast combination games, and it was not the brand known as stellar, scintillating, etc., but was more of the one-man-rush type. The play never lacked ginger, but when it came to a trial burst of speed the Peterboroughs excelled the Midgets. If the Midgets wish to win out at Parkdale on Monday they will have to bear in mind that more team work is necessary, and that all will have to work their hardest individually as well. The boys showed a tendency to loaf, and of course this won't go well on Mutual street ice. The Midgets' failure to land a victory may be attributed in one sense to their poor shooting, and again in not following the puck fast enough. The scoring was begun by Peterborough and ended by the Midgets.

The ice was keen, and the teams broke away to a good start, Peterborough gaining ground, and giving Newton an early chance to glorify himself. Lindsay came down three abreast, but could not locate the nets, and Peterborough got by the Midgets' defence, but again failed to pass Newton. The first half continued, Stoddard and McDougall playing several streaks of "com" with Maxwell pushing the rubber around the goal. Hall and Easton got a "com" worked up, and the former secured the first goal after 18 minutes play. Maxwell dodged by all from the face-off, but fell when about to shoot, McDougall got the puck from behind the net, and scored in half a minute, tieing the score, 1—1. The play now got faster, and Stoddard was penalized one minute for holding check. One of the Peterborough forwards got a heavy slug or two at his opponent, and was penalized for the same time. Sullivan bunted Easton into the boards and got two minutes.

In the second half the game became even more furious, and three times the boys let their excessive keeness to win get the better of their tempers, resulting in little pugilistic encounters, which didn't improve the play, or increase the popularity of the game from a spectators' standpoint. The Midgets became aggressive and pushed the puck hard. Rose decorated the boards for shoving and Stoddard was penalized for tripping up what looked like a good rush. Menzies and Nicholls mixed it up and got two minutes each. Peterborough now worked hard, and here it was that Newton defended his net to perfection. McDougall and Stoddard got in a good-looking rush, but Fitzpatrick was on the spot. Hall next served a term on the fence. Lindsay pushed hard. McWilliams was sent to the boards for two minutes. Moore following for tripping Maxwell. Stoddard again perched behind the fence for two minutes. With six minutes to play the teams got down to business and the pace was hard. Two scraps now provided entertainment for the crowd. Rose got half a minute on the fence, and shortly after Easton got two minutes for tripping. The game ended a tie, 1—1.

The line-up was as follows:

Peterborough.		Lindsay.
	Goal.	
Fitzpatrick		Newton
	Point.	
Nicholls		Sullivan
	Cover.	
Moore		McWilliams
	Rover.	
Rose		Stoddard
	Centre.	
Hall		McDougall
	Left Wing.	
Hall		Maxwell
	Right Wing.	
Easton.....		Menzies

Referee—Dr. Walters.

Timekeepers—Geo. Reilly, Lindsay; Ennis Ford, Peterborough; penalty, Fred Manlan.

Nettets.

It was Newton all the way.

Two evenly-matched teams — good, fast game.

Maxwell should prove a help in Parkdale.

Practice hard, boys, and you will win out.

Easton comes from Brockville and, has the goods.

More team work will put the Midgets on the top round.

The crowd were satisfied, but should have been larger.

"Doc" Walters refereed satisfactorily, and penalized all rough work.

The Midgets are a fast bunch, and should give a good account of themselves in Toronto.

The three light-haired boys on the Peterborough line-up were fast 'uns—Rose and the two Hall boys.

Mr. Ennie Ford, of Peterborough, who refereed the Lindsay-Parkdale game, accompanied the visitors to town, and was heard to express satisfaction with the hard and fast game played.

Nationals Beat The West Ends

For the Junior City Championship on Saturday Night.

The Nationals won the junior city championship on Saturday night when they defeated the West Ends at the Brock street rink, by a score of 4—2. The half time score was 2—1 in favour of the Nationals. The game, which was a clean and fast struggle, was witnessed by about 200, who saw a fine exhibition of the Canadian winter game. Both teams exhibited good form and the contest was a keen one. The Nationals led at all stages, although their victory was not easily earned. Dawe, of the West Ends, was hurt during the game but finished out.

For the winners McGrath and Pentland were stars and Giroux made some good stops in the nets. Ray and Robson shone for the West Ends, and Elliot also did good service.

The Nationals scored half a minute after the face off, McGrath doing the trick from the face off. The second also went to the Nationals, McGrath scoring after some pretty combination with Gorman and Giroux. Before half time Robson scored for the West Ends from a scrimmage.

In the second half Pentland went the length of the rink for a score and Ray did the same feat for the West Ends, making the score 3—2. Pentland and Giroux united for another score before time was called.

Referee, T. Deforg was a satisfactory official.

Following is the line-up:

Nationals.		West Ends.
	Goal.	
L. Giroux		Elliot
	Point.	
Miller		Derocher
	Cover point.	
Winch		Cahill
	Rover.	
Pentland		Dawe
	Centre.	
T. McGrath		Robson
	Right wing.	
Gorman		Cameron
	Left wing.	
G. Giroux		Ray

Summary:—

1—Nationals, McGrath.
2—Nationals, McGrath.
3—West Ends, Robson. Half Time.
4—Nationals, Pentland.
5—West Ends, Ray.
6—Nationals, Pentland.

THAT OVER WORKED, PLAYED OUT FEELING AMONG WOMEN

There are thousands of females all over our land who are broken down in health and dragging out a miserable existence, overburdened with diseases peculiar to their sex, apparently growing old while yet young. Often they have pale or sallow complexion, hollow, sunken eyes, with a lifeless look; the face has a pinched and haggard appearance; they are weak, weary and trembling, often extremely nervous, starting at every little noise. Many are low-spirited, and some are fretful. Some are apparently bloodless, with cold hands and feet, while others are flushed by an unequal circulation of the blood, dizziness, and sometimes dimness of vision, loss of memory, and often loss of appetite and sleep, and are wearied with terrible dreams.

Palpitation of the heart, nervous prostration, smothering and sinking spells, shortness of breath and the sensation of pins and needles are all indications of a weakened condition of the heart or nervous system, and should any of them be present we would strongly advise the use of

MILBURN'S HEART AND NERVE PILLS

They bring health to the broken down, energy to the weakened constitution, tone up the tired, overstrained nerves, and strengthen the weak heart.

Mrs. Edward Jackson, Hall's Bridge, Ont., writes: "For a year I was greatly troubled with nervousness and loss of appetite, and could neither sleep nor eat. After taking a few boxes of Milburn's Heart and Nerve Pills I was completely cured and can recommend them to all sufferers."

Milburn's Heart and Nerve Pills 50 cents per box or three boxes for $1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

Office Beats Draughtroom

The old rivalry between the draughting room and the general office of the C. G. E. Co. has again been excited by the hockey season and two septettes representing these departments met in a friendly game in the Brock street rink on Saturday evening to play for an oyster supper, to be provided by the losers. When the smoke cleared away after the contest the office men were credited with three, while the draughtsmen drew nothing. Everybody was a star, but they all did not shine; but, nevertheless, the game was fast, particularly in spots, and what is more important there was no rough play, only one man being penalized and that for a minor offence.

The draughtsmen started off with a rush, and kept their opponents guessing all the time, but "Pete" Glover, in the nets, couldn't get out of the way of the rubber and incidentally saved the game to the office seven. The draughtsmen's burst of speed was short lived and their opponents took a hand in the game, and after ten minutes play Carson beat out Sisson on an easy shot, just before half time.

In the second half both teams showed better form and got in more combination work, but despite Rush's fine rushes the office men added two more tallies, Carson and Hodgson doing the tricks. During the last few minutes play it looked as if the draughtsmen would escape without a whitewash, but Glover was always in the way, and everyone breathed easier when time was called.

As a result of the game the draughtsmen were under an obligation to provide an oyster supper, and as the office men have been living on short rations in anticipation of this event, it is needless to say that an enjoyable time will be spent.

The teams lined up as follows:

Office (3)—Goal, Glover; point, Hodgson; cover point, McCaughy; left wing, Carson; right wing, Stone; rover, Tovey; centre, Cook.

Draughtsmen (0)—Goal, Sisson; point, Cranfield; cover point, Rush; left wing, Holland; right wing, Turner; rover, Henderson; centre, Latimer.

Referee, W. Crowley.

Goal Umpires — Messrs. Tovey and Harding.

Centrals Beat Keene Juniors

Local Team Won From Villagers on Saturday by Score of 8-6.

The Central School team, accompanied by a number of supporters, drove to Keene on Saturday, and succeeded in administering a defeat to the juniors of that village. The score was 8—6 in favour of the Centrals, who led at half time by 4—3. The game was fast and clean, although three of the Keene players were accidentally injured. Three players on each side were penalized. The Peterborough team had the best of the playing and won without a great deal of difficulty.

Mr. Jack McIntyre of Keene, refereed to the entire satisfaction of both teams. The Centrals lined up as follows:

Goal, Meldrum.
Point, Borradaile.
Cover point, Fox.
Rover, Crane.
Centre, Laing.
Left wing, Long.
Right wing, Hall.

HOCKEY

The Central School hockey team accept the challenge of the South Centrals, game to be played as soon as possible.

• • • •

The Victors challenge the Separate School team to a game to be played as soon as possible.

• • • •

A hockey game between the P. B. C's and Pill Pounders will be played on Wednesday evening next between 10 and 11 o'clock. The Pill Pounders have secured the services of Mr. C. Bulle, Toronto, as trainer, and this game promises to be a lively one as both teams have some good men on the line-up.

• • • •

The Art Souvenir Hockey Club have organized and do hereby challenge Adamson & Dobbin's shop to a friendly game of hockey to be played in the Brock street rink at any time convenient to both teams. Alex. Mowery, captain.

• • • •

The Pill Pounders will play the Peterborough Business College on Wednesday night from 10 to 11 at the Brock street rink.

The Pill Pounders team will be chose from R. Quinn, A. Mann, R. Davidson, W. Darke, M. Yelland, G. Fitzgerald, Tully, R. Hunter, W. Dawson and W. Huston.

Peterborough Winter Meet

Will be Highly Successful One From All Indications.

To-morrow will be the opening day of the ice races of the Peterborough Turf Club. A great many fast horses are stabled at the different hotels in the city and the meet will be the most successful ever held in Peterborough. The entries have been coming thick and fast from all over and a large number of horses will start in the different events. The entry list closes to-day and will be a particularly large one. The races will no doubt be very largely attended, and will be worthy of unstinted patronage. For the next two days the horse will reign supreme in Peterborough sporting circles.

TURF.

Entries Closed To-day.

The entries of the Peterborough Turf Club winter race meet closed to-day There are eight entries in the 2.50 class and five in the 2.23, six in the .29 and four in the free for all.

Practically all the horses that will race at the ice races have come into the city. A large number were worked out Saturday and they are again being put through their paces to-day.

BASKET-BALL.

On Wednesday night at 7.30 at the Y.M.C.A. gymnasium the Arrows and the Alerts will play an exhibition game. Admission free. These teams met before on New Years night when the Arrows were Victorious by a score of 19-14. Both septettes are evenly matched and the Alerts will endeavour to turn the tables.

Following will be the line-up of the Alerts:—Forwards, M. Yelland, A. Emmerson; centre, J. Downing; backs, R. Green, G. Fitzgerald (captain).

Whooping Cough.

"My three youngest boys had whooping cough this winter and we could get nothing to help them until I sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept right on improving until they were cured at the cost of one dollar. That was not a large bill for so dangerous and distressing an ailment." — Mrs. Wm. Hall, Bracebridge, Ont.

Should A Young Man Marry On $16 A Week?

The following letters have been received by the Examiner in answer to that signed "Unfortunate," and published in Friday's paper. Any other reader who has views on the subject touched on in that letter are invited to express them through these columns.

A WORKMAN'S VIEW.

To the Editor of the Examiner:

Dear Sir,—Who wrote that extremely silly letter to the Examiner a few days ago regarding getting married on $16.00 a week. Why, Mr. Editor, I have been married thirty years; I have seven children; send them all to school and I never had $15 a week in the whole thirty years earned in any one week. I was steady, I lived within my income and my wife did her part, well, and we are, thank God, in good health and strength, own our own home and do not owe a dollar to any one. I did not drink my earnings nor puff them away in smoke. The boys of to-day are not as good as the men of my time, and as for the girls there is not one in fifty that can cook a piece of meat properly, and as for pastry they do not know what good food is. Come down, Mr. Editor, and have a square meal with me. Meat properly cooked, bread properly made, pudding and pastry properly cooked and made. My wife never walked the street.

Yours truly,
WORKMAN.

MARRY YOUNG.

To the Editor of the Examiner:

Dear Sir,—Referring to "Unfortunate's" letter in your issue of the 19th, I think his letter is disgraceful in the extreme and he has cited an instance which need never exist under any circumstances. If he and his wife love each other as they should they would be willing to be guided by each other's opinions. If he will closely scrutinize his own faults and failings he will then be in a better position to judge his wife. He loved her four years ago, and he vowed to do so while he lived, and if he cannot continue then let him hold his peace for evermore. All young women are not too particular, then choose one who suits you, marry young, have a home and be happy If you cannot be happy blame yourself for it and be silent. Thanking you.

Respectfully yours,
BENEDICT.

Peterborough, January 20, 1906.

Peterborough Is One OF THE MOST HEALTHY Cities In The Province

So Says the Annual Report of Dr. Bingham, the Medical Health Officer, Presented This Morning—Only Eight Cases of Diphtheria Reported During the Year—Need of Vaccination Pointed Out and Report Suggests That it Should be Made Compulsory.

A meeting of the Board of Health was held this morning in the City Clerk's office, with the following members present: William Eyres, chairman, Dr. McNulty, Dr. Bingham, Dr. Burnham and A. Parker.

The minutes of the last meeting were read and confirmed.

A report was received from John A. Amyot, Provincial Bacterialogist, in reference to the water from the South Central School well, city water at the drinking fountain and water from Love's well, at 781 George street. The latter showed chemical pollution; none of the specimens showed any harmful bacteria.

An account of $2 from Jas. Lynch, was ordered to be paid on motion of Dr. McNulty, seconded by Mr. Parker.

The report of Dr. Bingham, the Medical Health Officer, was read and adopted.

Referring to contagious diseases, the report said—

Fever.—We had only eight cases of diphtheria, mild, and of typhhoid fever ten cases. During the year an epidemic of small-pox appeared in some parts of the province, but fortunately the disease was of a mild type. In the autumn months of the year more than one hundred cases of small-pox occurred not far from our border, but the infant city was spared from a visitation of that much dreaded disease. During the time when the citizens felt some anxiety on account of the nearness of the disease, two visitors from the infected region entered the city. They were promptly quarantined as a precautionary measure against the spread of the disease, but it turned out that the parties were free from infection. And here it might not be out of place to warn the people of unvaccinated families that their children are living in danger every day; and we would strongly urge parents and guardians who have children under their care, to have them vaccinated, as it is the only protection that we know of against the ravages of small-pox. A good deal has been said in favour of compulsory vaccination, but the Anglo-Saxon race has such an abiding hatred of coercion, and such an instinctive love of personal liberty that it will take a long time to reconcile them to compulsory vaccination.

During the year that is past, the mortality in this city numbered 224; that is 23 less than in the previous year. It may be mentioned, too, that many of these deaths took place in hospitals, the patients having been brought in from the adjoining townships, and in a bill of mortality that could hardly be recorded among deaths belonging to the city. Taking this view of the matter it makes the death rate very low, and shows Peterborough to be the healthiest city in the province.

As usual during the past year many complaints from different parts of the city reached the Health Officer but with the able assistance of your sanitary inspector, all complaints were attended to without delay; and it is only fair to say that we found the citizens at all times willing to co-operate with us in our sanitary labours, and every year we find them more expert in the use of disinfectants.

Many samples of milk were examined during the course of the year, and they were all found to be up to the standard.

And here it may be suggested that as a sanitary reform, dairymen deliver milk in bottles, as they do in Toronto, instead of delivering it from open cans.

By taking a general view of the situation, as it appears to us at present, with an intelligent council to administer the affairs of the city, with an energetic board of health to look after the welfare of our people, and with all the natural advantages in our favour, we feel assured that Peterborough will occupy an honourable position among the cities of our fair Dominion.

J. BINGHAM, M.H.O.

Peterborough, Jan. 22, 1906.

The election to fill the office of chairman took place, Mr. Wm. Eyres being elected to that position.

Big Change Of Seats In The 1906 Election

Liberals Have Now 257 Members Elected to Commons.

BALFOUR WITHOUT A SEAT

Unionists Gain Two Seats In Scotland, But New Parliament Will Be Overwhelmingly Liberal—Laborites May Have 50 Members—If Proportion Is Kept Up Till Close Liberals Will Have 407 Seats.

London, Jan. 22.—Within the last week the political complexion of the United Kingdom has been completely changed by the tide of Liberalism that flowed, and even now is higher than the most sanguine Radical dared to hope for or predict. The new Parliament will be overwhelmingly Liberal.

Up to this time the total number of members elected is 480, of whom 247 are Liberals, 114 Unionists, 40 Laborites, 78 Nationalists and 1 Socialist. This leaves 190 seats still vacant.

Liberals thus far have gained no fewer than 177 seats, counting Labor gains as Liberal or Government gains; and if the same proportion be kept up for the remaining 190 seats the Liberals will have 407 votes in the next Parliament, to which may be added those of 42 Laborites, 1 Socialist and 33 Nationalists, which would give the Prime Minister, Sir Henry Campbell- Bannerman, 533 votes against 137 for the Conservatives.

While this calculation concerning the results in the 190 vacant seats is entirely speculative, it is not in any respect impossible of realization, nor could it be more extraordinary or startling than any of the results declared during the last few days.

Ireland remains practically unchanged. The Nationalists have plucked one seat from the solid northeast corner. The Liberals have broken into the Tory stronghold of Scotland, with prospects for other remarkable successes, while, as already noted, the great fortresses of Unionism during the last ten years have been razed before a storm of undreamed of Liberal sentiment or of opposition to the Unionist policy.

Chamberlain Opposition Leader.

With the exception of Birmingham which is completely controlled by Mr. Chamberlain, all the great centres have shown a determination to change from the old order. Mr. Balfour will probably remain an outsider until he receives a chance in a bye-election, though possibly some safe Unionist seat may be relinquished in his favor before the end of next week. It is understood that several efforts in this direction have been made, but without success. Such reports as these, it is believed, are materially weakening the prestige of the accredited leader of the Unionist party.

In the absence of Mr. Balfour, Mr. Chamberlain probably will take the lead in the next Parliament; at any rate, he is now acknowledged to be the strong man and will have the greatest support of any man on the opposition benches.

Most remarkable in the features of the elections thus far is the number of Labor members elected. The last Parliament could claim but seven Laborite members, while up to the present no less than forty of them have obtained seats, and with the promise of further gains it is not at all improbable that Labor will have a representation of fifty members in the new Parliament. This undoubtedly would have a tremendous effect on future legislation in England, as the Laborites are almost certain to get the support of the home rulers in any reasonable measure introduced by them.

One of the most prominent politicians in England said:

Home Rule In Two Years.

"It is useless to minimize the present revolution, and we might as well begin to take a new view of the situation in my opinion a Parliament sitting in Dublin may be looked for within the next two years. Assuredly Mr. John Redmond, leader of the Nationalist party, and Sir Henry Campbell-Bannerman have reached a working agreement, and it is inconceivable that Mr. Redmond would be content with anything less than an Irish Parliament.

"I have no idea that such a Parliament would mean separation, and have good reasons to believe that a plan is now under consideration by which the religious question can be eliminated from the deliberations of such a Parliament, which would act under the Imperial Parliament."

Before the end of next week the elections will be over, the last contest being set for Jan. 26. But so far as the Liberal Government is concerned its life can now be measured not, as was predicted prior to the elections, by months or a few years, but by the limitations of the Septennial Act.

Lieut.-Col. Arthur H. Lee, Conservative, former Civil Lord of the Admiralty, who was British Military Attache at Washington, and later attache with the American army during the Spanish-American war, has been re-elected for the south, or Fareham, division of Hampshire by a greatly reduced majority.

The former Secretary of State for the Home Department, Mr. Aretas Akers-Douglas, Conservative, has been re-elected for the east, or St. Augustine's, division of Kent.

Home Rule For Transvaal.

London, Jan. 22.—That it is the intention of the Government to give the Transvaal responsible Government like that of Canada was announced by Mr. Asquith in his speech on Saturday night. The report has been current that it was to be done in the coming session, and the Minister's words give credence to the report. Mr. Asquith said he was speaking for all his colleagues as well as himself in expressing their earnest desire and intention that the Transvaal and Orange River colonies should at the earliest possible moment be given the management of their own internal affairs.

Chamberlain Not Down-Hearted.

"I am not down-hearted," said Mr. Chamberlain in an appeal to the Shropshire electors on Saturday. "I am not one of those who dread to be in a minority. We who will be returned to present the great ideas of the Empire and fiscal reform may be somewhat small, but I believe we will be a united band. The fewer we are the more essential it should be, to be united in policy and determined in our action on behalf of the true cause we shall have to represent." Mr. Chamberlain expressed the opinion that the Liberals with their great majority and their Labor allies would not be a happy family long.

Unionists Gain Two.

Saturday night's returns included two Conservative gains, both scored in Scotland. In the St. Andrew's Burghs a Liberal majority of 26 has changed to a Conservative majority of 36, and in the Ayr Burghs, where the voting took place on Friday, though the returns were not issued till Saturday night, the Liberal majority of 104 in the bye-election of 1904, was changed to a Conservative majority of 264. These, with the three gains announced on Saturday were hopefully looked upon by the Unionists, as a rift in the clouds. Returns from 13 ridings which voted Saturday have not been received yet.

The total Unionist gains are now nine; the Liberal gains 139 and the Labor 39.

Standing of the Parties.

The following is a summary of the political situation last midnight:

Total seats	670
Elections held	480
Liberals elected	247
Unionists	114
Laborites	41
Nationalists	78
In the last House for same seats:	
Liberals	105
Unionists	230
Laborites	13
Nationalists	79

C. N. R.'S EXPORT GRAIN.

Gets Half Stock in Quebec Transport Co. For Direct Handling.

Quebec, Jan. 21.—The Canadian Northern Railway management has entered into a deal with the Quebec Transport Co. to have the ships of the latter line handle the grain export from Quebec to European ports, commencing next summer.

Thomas Harling, managing director of the Quebec Transport Co., who recently went to Toronto to confer with Mackenzie and Mann, announces that the Canadian Northern Railway people have secured one-half the entire stock in the new Quebec steamship company and he will leave for England in a few days to secure a line of first-class ships which will sail from Quebec beginning in the month of May next.

Eighteen Trampled to Death.

Philadelphia, Pa., Jan. 22.—Eighteen persons were killed and probably half a hundred injured in a panic following the cry of "Fire," last night in St. Paul's colored Baptist church on the west side of Eighth street, between Popular street and Girard avenue. The cry of fire coupled with the sight of the smoke threw the congregation into a panic. In the wild rush eighteen persons had the life stamped out of them before the panic ended.

Looked For Gas Leak With Lamp.

London, Jan. 22.—The acetylene gas lighting tank at the rear of the St. John Methodist Church, five miles from this city, exploded last evening. W. R. Weatlake's left arm was fractured, the muscles of his leg was torn and his face and hands badly burned. Charles Nethercott's hands were badly burned and a large part of his hair was singed off. They were looking for a leak with a lamp.

British Officer Arrives.

New York, Jan. 22.—Among the passengers arriving on the Umbria yesterday was Capt. H. G. Reid of the British army, assigned to service in the Canadian troops.

Seven Killed by Snowslide.

Salt Lake City, Utah, Jan. 22.—Seven were killed by a snowslide at the mining camp at Alta yesterday, according to a telephone message.

A MILLION NEEDLES

COULD NOT INFLICT THE TORTURE WOMEN SUFFER FROM HEADACHES

Headache is not in itself a disease, but a symptom or accompaniment of other diseases, principally those of the stomach, liver and bowels, such as Constipation, Dyspepsia, Liver Trouble, Bad Blood, Female Complaints, General Debility and Weakness. Headache is common to both sexes, but more frequently affects females.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion, periodical and spasmodic headache. Undoubtedly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters

removes the cause of the headache, and not only does this but it also restores the entire system to healthy action and buoyant vigor.

"I was troubled with headache for a number of years, but could get nothing to help me. I procured a bottle of Burdock Blood Bitters, and finding it was doing me so much good, I got two more. I am now fully cured and think there is nothing in the world like Burdock Blood Bitters for headache."

The "Dominion" Has Arrived With Minister

Hon. Raymond Prefontaine's Remains Reach Halifax.

NEWS BY MARCONI WIRELESS.

"Sharp 9 o'Clock Monday Morning"—A Ten Minutes' Service on Board the Battleship—Then Train Elaborately Decorated in Purple and Black Steams Out to Reach Montreal Tuesday Evening—Obsequies.

Halifax, Jan. 22.—The battleship Dominion with the remains of Hon. Mr. Prefontaine will arrive in Halifax harbor to-day. A wireless message was received yesterday afternoon by Col. Gourdeau from the Marconi wireless station at Sable Island, 120 miles southwest of Halifax: "Battleship Dominion abeam Sable Island at 3 this afternoon. Be at Halifax sharp 9; very dense fog."

The start will be made from Halifax at 1 o'clock Monday afternoon to arrive at Montreal at 7.30 Tuesday evening. The body will lie in state in the Montreal City Hall from 7.30 o'clock Tuesday evening to 7 o'clock Wednesday evening. From that hour till 9 o'clock Thursday morning the doors of the City Hall will be closed, and none but the immediate family of the dead Minister will be admitted.

A Libra on the Dominion.

The Dominion will enter the harbor at 9 o'clock, and it will be 11.30 before she will be moored at the Imperial dockyards. The only religious services here will be the singing of a libra on board the battleship immediately before the body is landed. In this service, which will consume about ten minutes, Archbishop O'Brien will officiate.

The remains will be received by a guard of honor, and by an assemblage of military and civic dignitaries, including Gen. Sir Charles Parson, Governor Jones, Mayor McElreith, and the Federal Ministers, constituting the Tariff Commission, who are in Halifax. The body will leave the dockyards by the north gate, which is nearest to the Intercolonial station, and the gun carriage bearing the remains will be drawn by Jack Tars from the cruiser Canada, through streets lined by troops. From the mooring of the battleship at the dockyards till the funeral train starts not more than an hour and a half will elapse if the schedule is adhered to. The committee here has planned the order of procession at Montreal from the City Hall to St. James' Cathedral in Montreal, and thence to the cemetery. There will be many magnificent wreaths on the bier in Halifax.

An Armed Guard.

A guard of armed men from the cruiser Canada will go with the remains from Halifax to Montreal. Two men will constantly stand sentry in the mortuary car, relieving each other every hour.

The funeral train will consist of ten cars, an ordinary train generally comprising seven. It will be drawn by two locomotives. The interior of the mortuary car has been elaborately decorated in black and purple mourning. The coffin will stand in the interior on a raised platform. No exterior mourning is shown on the train for fear of fire, but no trouble or expense has been spared in the interior. The Intercolonial trains make regular runs from Halifax to Montreal in 27 hours, but this train is scheduled for 30 in order to make it sure that Montreal will be reached at 7 in the evening.

Crete's Olive Crop a Failure.

London, Jan. 22.—In a report on Crete for 1905, issued by the authorities of Canea, Crete, it is stated that the total trade of the island amounted to $4,881,185, showing a decrease of $253,170 from that of the previous year. Of the above sum, $2,096,610 represents the value of the imports, indicating a decrease of $97,625. This decrease in the amount of the exports is entirely due to the failure of the olive crop, the value of the olives and olive oil exported being $316,920 less than in 1904.

Pilots Union Gets Charter.

Buffalo, N. Y., Jan. 22.—The officers of the Lake Pilots' Association of the great lakes Saturday announced the receipt of a charter from the American Federation of Labor. The Lake Carriers' Association recently announced that they would not recognize the pilots as a union on signing contracts for next season. The mates, it is said, are now assured of the united support of other organizations in the event of trouble with the lake carriers.

Venezuela Now Looks For War And Gets Ready

Preparing Her Forts and Garrisoning Her Troops.

WASHINGTON GIVES CONSENT

Convinced of France's Bona Fides Concerning the Monroe Doctrine the United States Gives That Country a Free Hand Against Venezuela—Meanwhile France Awaits M. Taigny's Full Report.

Willemstadt, Curacao, Jan. 22.—The Venezuelan Government is actively engaged in garrisoning the ports of the republic and in furnishing the troops with supplies.

According to the advices received here the general public in Venezuela received the news of the rupture of diplomatic relations between Venezuela and France with the utmost indifference, but diplomatic circles at Caracas are indignant at the action of the Venezuelan Government in not allowing M. Taigny, the retiring French charge d'affaires, to return to the shore after he had gone on board the French line steamer Martinique at La Guaira Jan. 14, in order to obtain his correspondence.

The Venezuelan Government is considering a project for laying a cable between La Guaira and Porto Rico.

Washington Gives Consent.

Washington, D. C., Jan. 22.—Convinced of the sincerity of the assurances received from France regarding her loyalty to the Monroe doctrine and all that it involves, the Washington Government has given the Paris Government a free hand in the execution of its program for the solution of the Venezuelan problem.

Awaiting Taigny's Report.

Paris, Jan. 22.—It appears to be certain that the French Government has resolved to take no action with regard to Venezuela until the full report of M. Taigny, the late charge d'affaires at Caracas, reaches the Foreign Office. This report is expected to come by way of Washington, where M. Taigny will turn it over to M. Jusserand, the French Ambassador.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach trouble and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Aged Woman Burns to Death.

Ottawa, Jan. 22.—Mrs. F. Maxwell of North Gower Village was burned to death about 1 o'clock yesterday morning. It is supposed that the curtains caught fire from a lamp. She leaves two sons.

Thames Rises.

London, Jan. 22.—The Thames rose six feet yesterday, and the pipe line road was covered. West London's new breakwater did excellent service.

Chamberlain's

Cough Remedy
The Children's Favorite
—CURES—
Coughs, Colds, Croup and Whooping Cough.

This remedy is famous for its cures over a large part of the civilized world. It can always be depended upon. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult

Price 25 cts; Large Size, 50 cts.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

MUSIC AND DRAMA

Peck's Bad Boy, which was the attraction at the Grand on Saturday afternoon and evening was the noisiest and most inferior production that has appeared in Peterborough this season. It and Kyle's Vaudeville Company are probably the only two really fifth rate shows that this year have disgusted the local patrons of the theatre with their positively "rotten" performances. Peck's Bad Boy goes to Campbellford to-day. May it never return to Peterborough.

* * *

"His Highness the Bey," which enjoyed a run of five months in the La Salle Theatre, is one of the greatest successes that have been produced in Chicago in ten years. The comedy was only removed temporarily to admit of the fulfillment of previous contracts, but to all appearances, from a box-office standpoint, it could have enjoyed prosperity at the Salle for another season. The cast includes Phil. W. Peters, William H. Thompson, W. J. Hungerford, Justin J. Cooper, Jack Beach, Mabel McCane, Nettie Peters, Ursula Marsh, and fifty others, while the chorus have had the benefit of the La Salle training, recognized and admitted by all to be second to none in the United States. Several of the chorus numbers are presented by the famous La Salle "broilers," whose fame has extended throughout the country and from whose ranks a dozen famed soubrettes and comediennes have emerged in the last few years. The comedy is magnificently staged and gorgeously costumed in a manner typical of the style that has won lasting success for its predecessors. This attraction will appear at the Grand on Wednesday, January 24.

The Greatest Musical Success

In Recent Years is "His Highness The Bey."

The next attraction at the Grand opera house, "His Highness, the Bey," which will be seen here on Wednesday next, is one of the greatest musical successes produced in Chicago in years.

The story tells of the tribulations of a Turkish Bey, whose country is besieged by allied powers and who seeks a substitute to accept his throne, and the attentions of the executioner who is expected to visit him.

The libretto is sparkling and epigrammatic and sharp shafts of fun are poked at foreign affairs and representatives, while the presence of an American colony among the besieged admits the introduction of timely and topical jests that have more than a note of truth.

See it at the opera house on Wednesday, January 24th.

THE WEATHER.

The weather during the last few days has been of such an exceptional nature that it is worthy of being jotted down in your diary for future reference. Yesterday's temperature in the shade in Peterborough was 51 degrees, and although that figure is not as high as was reached in some other portions of Canada, still it constitutes a record for the month of January in this city. Very cold weather now prevails in the Northwest, and this will reach here in a few days, but may be preceded by a fall of snow.

Some of the Famous Broilers With "His Highness the Bey" Company at the Grand Opera House, Wednesday, January 24th.

WITH EVERY POUND OF TEA OR COFFEE

"THE DAYLIGHT STORE"
OUR
Want-Money Sale
IS NOW ON
The reason for this sale is, that we want to clear out our stock in its season, and this we must do, because up-to-date store-keeping demands it.
The Reduction is Sweeping
We want to convert the remainder of our winter stock into cash. It's good, level-headed business to do so, even though it means a loss to us. Every garment bears the regular price ticket, and also the reduction ticket.
Don't Fail to Take Advantage
of this sale. There's no mistake about our reductions. No juggling with the prices. The reputation of this store precludes that, and insures your satisfaction.
Everything Cut! Cut!! Cut!!!
Just to give you an idea of the exceptional values. Take a look in our north window, and then you'll see samples of two of our lines in suits, prices $9.90 and $11.90. We have equally as good values in every department all through the house. Don't stop to look in your purse—you'll not need much money to participate in this sale.

Claims Of The Mission Work Were Presented

Deputation of Laymen From the Toronto Diocese Addressed Congregations at All Saint's and St. John's Yesterday—Messrs. T. E. Moberly and J. E. Hodgins Presented Facts Concerning Work of Missions—New Country's Needs.

NEW PROBLEMS TO BE SOLVED

In St. John's and All Saints' churches yesterday a deputation from the Mission Board of the Toronto Diocese consisting of Messrs. T. E. Moberly and J. E. Hodgins, addressed the congregations on the subject of Missions in the Dominion. They spoke of the needs of the work, and gave reports of what had been accomplished in the past by the church in its work. In the morning Mr. Hodgins spoke at St. John's, and Mr. Moberly at All Saints'.

The former gentleman in his address stated that the need this year was hardly the same as that of last year, but a new need had sprung up.

We have, he said, got to take hold of the church in Canada in the future in a different manner than we have done in the past. The North-western part of Canada is now fully equipped with all the Ecclesiastical machinery necessary to carry on its work. They have their Arch Bishop, Bishop, priests, Diocesan Councils, etc., and we have organized our Canadian Church Missionary Society, and we have now to take upon our own shoulders what the church in England has kept up for almost a century, and the Missionary organizations in England, are withdrawing their subscriptions, considering the fact that a church which has such a programme for the future, does not need so much assistance as it has in the past. This Society has not been organized any too soon, for the emigration into the Northwest and New Ontario from Great Britain, and Europe is so great that unless we are up and doing, we will lose many of our fellow-churchmen who are going into the great West. The need is great for men, as well as money, and equipped as we are with the very best schools and universities, it is a lamentable fact that there are so few of the many men in the schools and universities who are going to enter the ministry. The general secretary, Rev. Norman Tucker, D.D., is really overworked in the duties which devolve upon him. He travels on an average of 67 miles a day to keep the appointments. Another need which the church has is that of an official organ through which we can express our needs, and have therein discussed. There were many problems which he had not touched upon, and one of them was the need of men, and one which this diocese will feel very strongly in the near future. The small salary paid clergy, does not enable them to make proper provision for old age, which is an absolute needf.

Mr. Moberly in his address referred to the pleasure it gave him to address the congregation on his subject of missions.

He referred to the amount collected during the past year for Diocesan Missions, and for all Missions, and said he wished to give to some of the outlaying missions' clergymen who have none, and bring the salaries of the clergy up to the standard set by the Synod of 1904. We may say, remarked the speaker, that we are doing our duty, and there is only one way in which we can see our duty clearly, and that is to listen to God's voice and beseech Him to teach us to see what that duty is. We have a personal responsibility in this matter and which even a few dollars cannot wipe out. He praised the work of the Salvation Army and the showed why their work was such a great success, because they are the friend of sinners and no matter what anyone may say about them, they are ministering to the helpless, the sick, the sinner and the outcast, to the best of their ability and doing God's work, and they were showing others their duty.

Mr. Moberly's address was a masterly presentation of his subject, and will no doubt be productive of good results.

Eczema for Twenty Years.
"I was troubled with eczema for twenty years and was treated by three doctors to no avail. Dr. Chase's Ointment has cured me completely and I have not had the slightest return of this disease." — John Pratt, Blyth, Huron Co., Ont.

Violin Recital Was Enjoyed

Pupils of Mr. Gilbert Markle Gave Excellent Programme.

A delightful violin recital was given at the Conservatory of music on Saturday afternoon by the pupils of Mr. Gilbert Markle, assisted by Miss Annie Sisson, who rendered a piano solo in a musicianly manner, and Miss Ida Sanderson, whose contribution to the programme was a vocal solo, which she rendered with good effect.

The programme was as follows: The programme (violin except as mentioned) was as follows:

Gabriel, Maria — La Cinquantaine, by E. Palmer.
Cradle Song—Hauser—Miss Irwin.
Mascagni—Intermezzo — Miss E. Dorris.
Froctum G. Flat, song, piano—Miss Henselt.
Nocturne G Flat—Henselt—Miss Annie Sisson, piano.
Burgmuller—Nocturne No. 3—Miss A. Potvin.
Bohm—Polonaise — Miss C. Wallis.
Air Varie No. 6—Chas. Dancla — Miss Lenore Sanderson.
Song—The Rose Will Bloom Again—Wilton King—Miss Ida Sanderson.
Wieniawski—Mazurka No. 2—Miss Ethel Gervin.
Godard—Berceuse—M. Burnett.

Miss Sisson is a pupil of Mr. Gliddon.

No Two Year Term For Aldermen; Council Decides Against Change

First Meeting of the Committee of the Whole for the Year Held Last Night--Many Important Matters Were Discussed--The Diversion of Creeks by General Tax--Two Assessors Will be Appointed at Early Date--No Assessment Commission This Year--To Reduce the Qualification of Electors.

At last night's meeting of the Committee of the Whole, the first of the year, a number of important matters were discussed, and decisions were reached in some of them.

The question of assessors was introduced, and a decision reached to appoint two to the position, the appointments, however, not to be made until later. The proposal to appoint a committee was shelved, as far as this year is concerned.

The application of the Peterborough Radial Railway Company for an extension of its charter formed the subject of an address by Ald. Ball, in which he expressed the opinion that the city should make the company carry out its agreement to the letter, which the City Solicitor informed them they were doing.

The committee decided by a vote of 7—4 against the proposal to elect the Aldermen for two year terms, a singular fact in this connection being that every new member of the council supported the one year term, in opposition to the proposed two-year term.

The much vexed question of the construction of the drains on Aylmer street and and the diversion of the creek in ward five, was again discussed, and a decision was reached to have the work done in both cases by general tax.

The Mayor presided at the meeting and those attending were:

Ald. Hicks, Tovey, Johnston, Adams, Elliott, Graham, Duncan, Ball, McIntyre, Mason, McWilliams.

Police Commissioners.

The first question discussed was that in reference to Police Commissioners. The Mayor stated that Judge Weller, as he understood it, had refused to act, unless he were paid $200 a year. The other two members of the board, the Mayor and the Police Magistrate, could not under the law, draw any salary, and the council would have to decide now what action they would take in the matter. The suggestion was made that the Mayor and the Police Magistrate should act in case the judge would not act unless he were paid. The Mayor suggested

(Continued on Third Page)

The Trent Canal Waters Not "High," But "Steady," Says The Superintendent

The Waters From Balsam Lake to South End of the Canal--Water is Good Height But no Danger Anticipated on That Score--Precautionary Measures Taken to Prevent Low Water This Summer.

The water in the Trent Canal, according to the Superintendent, is not "high"; it is "steady." Mr. McClellan admits that he is somewhat of a crank on high water, and that liquid would have to be much more plentiful in the canal than it is at the present time before he would admit that it was high water. His instructions to the lock tenders along the line of the canal from Balsam Lake to the southern end are to keep their stop logs in, at least until the water gets higher than it is now.

There is no doubt that the water is at a higher level to-day than it was some days ago, but it has not yet reached a point where it is considered desirable by him to take out the stop logs in the dams under his control.

The conditions along the canal are, according to the Superintendent, quite satisfactory, and there is no immediate cause for alarm on the score of high water. In fact, if there is any anxiety at all it is caused by the fear that in the not distant future the water may be lower than is desirable.

The prediction of engineers is that this summer the waters not only of the Trent Canal, but of all the navigable waters in the Dominion, will be low, and in view of this fact it is probable that the Superintendent of the canal is a little more than ordinarily careful to maintain the water at the highest possible point, consistant with safety. A prediction is made that, the water in the Upper Lakes this summer will be so low that the tonnage of freight will be reduced by at least 3,000,000 tons by reason of the inability of the boats to carry full cargoes.

This prediction, if it is warranted by the facts, is sufficient cause for the precaution being taken to maintain the level of the water at a good height at the present time in order that later in the year there may be sufficient for all purposes.

Expert's Report Expected To-day

Engineer Hazen's Report on the Filtration System at Hand

The report of Engineer Hazen, who it will be remembered, was engaged by the water commissioners to make an investigation on the question of a filtration system for the city, will, it is expected, be received to-day. The chairman of the Board received word to this effect yesterday.

As soon as possible after the reception of the report a meeting of the Board will be held, when the recommendations in the report will be considered.

Annual Meeting Of Y. W. C. A

Will be Held To-night When Reports for Year Will be Read

To-night is the Association meeting at the Y.W.C.A. An address will be given by Rev. E. A. Langfeldt. Miss L. Moore will sing. The election of the Board of Directors by the active members of the Association will take place, and the annual reports will be read. Refreshments will be served. The members are urgently requested to be present, and the public is cordially invited. Gentlemen will be very welcome.

Lost.

Will the customer who forgot to return one of our orange-slicers last spring kindly do so at once, as the marmalade season is again here and we are very much in need of it. S. A. Oke, 376 George street.

The Sandstone Brick Company Orders Plant

Meeting of Directors of Peterborough Sandstone Brick Co. Held Yesterday—Contract for Machinery Was Signed—Site for the Factory is Purchased—Will be Located in South Western Part of City--Capacity 12,000 a Day.

BRIGHT PROSPECTS FOR THE INDUSTRY

A meeting of the Board of Directors of the Peterborough Sandstone Brick Co., Limited, was held yesterday, at which the following directors were in attendance: J. J. Singleton, president; J. J. Hartley, vice-president; E. S. Clarry, secretary; R. Hartheston and A. Brown.

The contract for the machinery for the plant was signed, and the same will be installed immediately. The lot purchased for the site is situated just north of what is known as the May property on the south-western limits of the city. This is a magnificent piece of property, the soil consisting of a splendid grade of sand suitable for the manufacture of sand-lime products. The property is ten acres in extent.

The product of the local company will be on the market by May 1. The contract calls for the installation of a plant with a capacity of 12,000 bricks daily with facilities for doubling the output at a comparatively small additional cost. The machinery will be driven by a 60 h.p. engine, and the entire plant will be lighted by electricity to enable it to run at night if so desired. Altogether, the plant of the Peterborough Sandstone Brick Co., Limited, will be one of the most complete of its kind in America, and promises to revolutionize building operations in this district.

Eskimos' Work Will Be Theme

Of Lecture and Sermon by Rev I. O. Stringer.

The Rt. Rev. I. O. Stringer, Bishop of the Mackenzie River Diocese, will be in Peterborough in the near future and will preach and lecture at St. Luke's on his work among the Eskimos. The date of his visit has not yet been announced.

Wood Stealing Case Settled

The case of John R. Payne, vs. Henry Freeburn, both of Dummer, which was heard yesterday morning before County Magistrate Edmison, and in which the defendant was committed for trial before His Honour Judge Weller, has been settled. The two parties came to an agreement before Judge Weller yesterday afternoon in the Judge's Chambers, and the whole quarrel was found to be due to a misunderstanding between the two. The case was dismissed, the defendant paying costs which amounted to about $10.

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

Henry Freeburn Was Committed

Will Appear Before His Honour Judge Weller.

Yesterday the case of Henry Freeburn, who was charged with stealing about three and a quarter cords of wood from Jno. R. Payne, both of Dummer, came up before His Honour County Magistrate Edmison. Crown Attorney Wood acted on behalf of the plaintiff, while Mr. F. D. Kerr looked after the interests of the defendant.

Freeburn, it will be remembered, was arrested on Friday last and brought to Peterborough by County Constable Cochrane. He was allowed his liberty on $300 bail to appear this morning.

As it was a theft case the defendant had the liberty to state how he should be tried, but he, through his counsel, declined to elect, and the case was proceeded with.

A number of witnesses were examined and it was found that Jno. Payne had bought five cords of wood from Henry Freeburn, for which he paid him in the presence of two witnesses, Mr. F. Harding and Mr. A. Mitchell. This month the defendant, who did not attempt to conceal his actions, drew from the pile two loads containing three and a quarter cords. Freeburn, however, maintained that Payne owed him more money than what he received for the wood, and therefore felt justified in taking it.

The magistrate committed the defendant for trial before His Honour Judge Weller. The case will likely be tried without a jury.

The Largest Jack Manufacturer in the World Writes about

Zutoo

Regarding your Zutoo Tablets I beg to say: I have been a sufferer from headache since childhood and have used all, or nearly all, of the so-called "cures" on the market, till warned by my physician to discontinue their use on account of their bad effects on the heart. Some months since my attention was called to your Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a "sick" or "nervous" headache in a few minutes and leave no bad effect. My family use them whenever needed with equally good results. I have frequently given them to friends who were suffering from headache and they never fail to give quick relief. I find them a good remedy for "sour" stomach as well as headache. I always carry them in my grip on the road and would not be without them at any cost.

Annual Report Of Public Library Was Presented

13,945 Books Were Issued During the Year and 206 Volumes Were Purchased--Financial Report Showed Credit Balance of $296.65 --Election of Directors Resulted in Majority of Old Members Being Returned.

ANNUAL MEETING HELD LAST NIGHT

The annual meeting of the Peterborough Public Library was held last night with the chairman, Dr. Burnham, in the chair. Considering the disagreeable weather the attendance was remarkably large indicating a growing interest in the affairs of the Board. Their must certainly be encouraging to the members of the Board of Directors who have toiled faithfully and long to make the organization a success.

The following report for the year was presented by Dr. Burnham:—

The Public Library has now been in existence for over 37 years and during that time has made continuouus, though somewhat slow progress, and is at present in a better condition than at any previous time, but notwithstanding all this, it has failed to keep pace with the more rapid growth of the city and something should be done to help it to make a more rapid advance At present and in fact ever since it was established the library has laboured under many disadvantages. The rooms are two small and the accommodations inadequate. A good many members complain of having to climb so many steps when they want to read the periodicals or exchange books. Some also find fault because they cannot get as many new books of some special kind as they would like; but your directors, while admitting these defects, and some others that might be mentioned, claim that with the very limited means at their disposal they have done all that any reasonable person might expect. The income of the library has never been very large and either increases very slowly or does not increase at all; for while the amount received for membership fees is getting larger the grant received from the Ontario Government is gradually becoming less, and so offsets the other. The ordinary expenses such as rent, fuel, light salaries and incidentals continue about the same from year to year and when these are taken from the whole total income, the amount left to be expended in books is not very large. As about 19 out of every 20 members read mostly for amusement it is necessary to expend a considerable portion of the amount left on works of fiction, or tales suitable for the junior members; for if a fresh supply of these were to diminish, the membership would be apt to do the same.

The number of members for 1905, was 401 and the number of books issued was 13,945, an average of about 35 for each member. The time each was kept out averaged about 10 days. Number of volumes purchased during 1905,—history, 20; biography, 13; voyages and travels, 19; science and art, 4; general literature, 75; poetry and the drama, 74; religious literature, 6; fiction, 55; miscellaneous, 12; works of reference, 15; total, 206.

Number of volumes in Library,—history, 692; biography, 717; voyages and travels, 719; science and art, 717; general literature, 2,818; poetry, 263; religious literature, 378; fiction, 3,578; miscellaneous, 1,155; works of reference, 567; magazines, 300; total, 10,393.

Number of volumes issued,—History, 357; biography, 237; voyages and travels, 264; science and art, 147; general literature, 4,662; poetry, 126; religious literature, 56; fiction, 6,248; miscellaneous 1,297; magazines, 51. Total 13,945.

In the reading rooms there are seven daily newspapers; 8 weekly newspapers and 73 magazines and periodicals.

The reports were on motion adopted:

ELECTION OF DIRECTORS.

The election of directors followed. Thirteen nominations were received and on a ballot being taken the following were declared members of the Board for 1906:—Dr. Burnham and Messrs. J. S. Knapman, Jas. English, W. H. Hill, Robert Robertson, T.A.S. Hay, John Corkery, Wm. Pringle, and W. Hamilton. The directors will meet in the course of a few days and elect their officers.

GENERAL BUSINESS.

Mrs. R. F. McWilliams, speaking on behalf of the ladies voiced some complaints in reference to the magazines supplied for their use. She pointed out that many magazines which the ladies would like to read were found in the men's reading room and suggested that some arrangement might be made by which these might be supplied to the ladies. She also spoke of the difficulty experienced in obtaining the new books that come into the library.

These matters will receive the attention of the new Board.

Rev. Canon Davidson spoke of the difficulties and obstacles encountered by the board and deplored the condition of the present library which he said, should be situated on the ground floor.

No further business was done and the meeting adjourned at nine o'clock.

Lecture At George St. Last Night

"Pioneer Days in Canada," Given by Mr. Wm. Miller--Many Interesting Facts About Lives of Early Settlers--Their Many Different Amusements—General Sociability was Prevalent to a Greater Extent Than it Is Now.

INTERESTING AND ABLE DISCOURSE

"Pioneer Days in Canada," delivered in an interesting and comprehensive manner by Wm. Miller, was the address at the regular weekly meeting of the George street Epworth League last night. Mr. Miller showed that he had a very thorough understanding of the subject upon which he spoke, and introduced during his discourse some very interesting and amusing episodes that happened in earlier days. He said that his recollection of events in bygone days was dimmed as years passed by. In the "older days" no rigid social rules and strictly observed etiquette governed the people, but they were all neighbours, and one man's social rank was, generally speaking, as good as another's. Great cranes held pots of savthe tin oven was full of biscuits and baked the sweetest of bread, while the tin oven wasf ull of biscuits and pies. The family and friends sat around the fire and gossipped about events that interested them. The preacher called on his parishioners and was hospitably received, being given good meals and provided with a night's lodging. At the time of which he spoke the country was very sparsely inhabited, the front circuit being from near Toronto to Cobourg, and the back through Cavan, Peterborough and west to the starting point, Scarborough. The amusements of pioneer days differed much from those of present days, and consisted of quilting bees, apple parings, corn huskings and other social ways of mutual help and amusement, prominent among which was the singing school. The old residents had trouble the same as we have. Trouble is something that never leaves us. Horses were not as plentiful then as now, and young steers drew the sleighs. But the old folks are all gone, and the old shanty is a landmark of the past.

Hotel Property Changes Hands

The Examiner this morning learned upon what seemed to be reliable authority that one of the most important hotels on Hunter street had been purchased by Mr. C. A. Herman, of Hamilton. Mr. Herman was in the city about two weeks ago, and at that time is said to have entered into negotiations with the owners of the property for its transference to him. Yesterday the Hamilton gentleman paid another visit to Peterborough, and, according to the gentleman who furnished the information, and who should be in a position to know, arrangements were practically concluded.

The manager of the company owning the property, however, emphatically denied the report this morning.

You Won't

cough long if you use Shiloh's Consumption Cure, the Lung Tonic. It cures Colds, Coughs, and all irritations of the air passages almost instantly.

Girl Toilers

Gain Strength for Work

In office and factory, shop, store or kitchen girls are at work all over this land, and, alas! far beyond their strength. Young women who work are especially liable to female ills. Too often the girl is the bread winner of the family and she must toil unremittingly, no matter if her back does ache, her limbs and abdomen throb with dull pain and dragging sensations, and dizzy spells make her utterly unfit for work. These are the sure signs of female irregularities which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It creates the vitality that makes work easy. From the thousands of grateful letters written by working girls to Mrs. Pinkham we quote the following:

Dear Mrs. Pinkham:—Overwork and long hours at the office, together with a neglected cold, brought on a female trouble until finally I was unable to go to work. I tried change of scene and climate, but found that I did not regain my health. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve, but after that my recovery was very rapid, and when I had finished the sixth bottle I was well and able to go back to work again. I certainly think your medicine worthy of praise, and am indeed glad to indorse it.

MLLE. ALMA ROBITAILLE, 78 rue St. Francois, Quebec, Que.

Oh, if Canadian girls who work would only realize that they have but one life to live, and make the most of their precious health and strength!

Mrs. Pinkham extends to every working girl who is in ill health a cordial invitation to write her for advice. Such letters are always kept strictly confidential, and from her vast experience Mrs. Pinkham probably has the very knowledge that will help you—and may save your life.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

General Tighe Is Deluged

Peculiar Accident That Occurred at Brock Street Bridge.

Yesterday evening about 5 o'clock while dynamiting the colloeal jam of ice that fairly made the bridge on Brock street that spans the creek creak and groan, Edward, "General" Tighe was the victim of a very unfortunate accident which had no serious consequences for the victim beyond saturating his clothing with cold water and drenching him to the skin.

The "General" and an assistant had drilled four or five holes in the ice, using dynamite as many times to remove the blockade, but with little or no effect. The last hole that was drilled could not be found after the fuse had been lighted and the "General" put the pole with the dynamite on the end of it between two huge blocks of ice, inserting it about a foot into the crevice. Suddenly there was a terrrific explosion. the pole shot out in the stream and sailed down towards Spaulding's Bay; ice shot up in the air in multitudinous pieces and water spouted up into the air. The shock was too much for the "General" and he fell backwards on his back. A veritable geyser of water shot up into the air and coming down completely deluged the "General." He soon got upon his feet, however, and does not appear to be any the worse for the "dousing," which for the moment qualified him more for an "Admiral" than "General."

No Two Year Term For Aldermen

(Continued from First Page)

that the council could offer the Judge $100, one-half of what he asked for. Ald. Adams moved, seconded by Ald. Ball, that no action be taken in the matter.

County Accounts.

A letter was read from the County Treasurer in reference to the adjustment of the accounts for Administration of Justice for the year 1904. The amount acknowledged by the city was $224.20, which the County Treasurer requested the city to pay. Ald. Mason moved that the sum named be tendered the county in full of all claims for assets and liabilities in connection with Ashburnham and Smith; and that the city arbitrator be authorized to make this offer to the county. It was seconded by Ald. Johnston and carried.

Two Assessors.

The question of the appointment of the assessors was next taken up. Applications were received from John Kincaid and Thos. McGrath.

Ald. Adams moved that the applications of Messrs. Kincaid and McGrath for the position, be accepted.

The suggestion was made that an assessment commissioner, who should be a permanent officer, be appointed.

Ald. Ball thought that the city was paying enough for ornaments now, without engaging one man, who would have to engage two assistants in any event.

Ald. Hicks stated his opinion that the city would be following the wiser course to appoint two men. He did not believe that the city would be getting any better value for the money by appointing one man. He did not think, however, that the assessors were paid any too much for their work.

Ald. Adams thought that the two men applying were willing to accept the position at the same salary as last year.

Ald. McWilliams concurred with Ald. Hicks in his opinion that two men should be appointed. He would not favour the appointment of either one assessor or the appointment of an assessment commissioner. He did not agree with the motion, however, and believed that Mr. McKee should be appointed,, and moved that Mr. McKee with Mr. McGrath, be appointed. He suggested, in case the appointment was not pressing, the old assessors be given an opportunity to apply. It was agreed, therefore, to defer the appointment of the assessors until a later date.

The question of whether or not it was desirable to appoint one or two assessors, was discussed, and Ald. Adams moved, seconded by Ald. Hicks that in the opinion of the committee it is advisable to appoint two assessors for the year 1906, which was carried. Ald. Johnston recording his objection and expressing his opinion in favour of one assessor or commissioner.

The matter of salary was taken up, and Ald. Elliott moved, seconded by Ald. Ball that the assessors be paid $500 each, which was carried.

Railway Extension.

Ald. Ball referred to the notice of the Peterborough Radial Railway Company, giving the information that they intended to apply to the Legislature for an extension of time for the completion of their lines. He wanted it distinctly understood that when a company was given an agreement from the city they should be made to carry out the terms of that agreement. He did not understand why the company should pass over the heads of the city and go to the Legislature.

Ald. McWilliams explained that this matter did not affect the city as far as its agreement was concerned which had been carried out. The application only covered the extension of the lines outside the city. Mr. Hall, the city solicitor, stated that Mr. Dennistoun had promised to give him a draft of the bill before it was presented to the Legislature, and it was decided that this would be sufficient time for the Council to take the matter up.

Qualifications Reduced.

The question of the advisability of endeavouring to secure general legislation reducing the qualifications of tenants and freeholders to vote in municipal elections from $400 to $300 for cities of, say up to 10,000 population, was brought up. This matter was supported by Ald. Johnston and Ald. McWilliams, the former moving that the Legislative Committee be authorized to try and secure general legislation reducing the qualification to the sum named, $300, which Ald. McWilliams seconded. The motion was carried after Ald. Hicks had suggested that the co-operation of the other municipalities be secured on the question before it is brought to the attention of the Legislature.

No Two Year Term.

Ald. McWilliams suggested that steps be taken at the same time to secure legislation to allow the aldermen to be elected for two-year terms instead of one year, and moved that the Legislation Committee be authorized to take this matter up also, and deal with it as they may advisable. Ald. Ball objected to the motion and expressed his opposition to the principle, which would, he believed, leave the masses of the people at the mercy of a few. The present system, he thought, was preferable to that suggested, and moved in amendment that no action be taken. It was seconded by Ald. Graham. The amendment was carried on a division of 7-4, all the new members of the Council supporting the amendment. Those who voted in favour of the amendment were Ald. Johnston, Elliott, Graham, Duncan, Ball, Hicks and McIntyre, and those supporting the motion were Ald. Tovey, Adams, Mason and McWilliams.

Armory Site.

The Council will take action now to secure a settlement of the dispute between the Board of Education and the militia authorities as to the division of the Central Park lots, and a committee was appointed to meet the other two organizations, and, if possible, effect an agreement which will secure an early start on the construction of the armouries.

Ald. McWilliams moved that a special committee be named to confer with the militia and Board of Education in reference to the Collegiate Institute and drill hall matter, and that the committee be composed of Ald. McIntyre, Tovey, Adams, the Mayor and Ald. McWilliams. The motion was seconded by Ald. McIntyre and was carried.

Advances to Contractors.

Messrs. Sheehy and Robinson, sewer contractors, who did work last year, wrote asking for pay up to within 15 per cent. of the price of the work completed during the year. They had been paid up to 20 per cent. of the price now, and they were asking now for five per cent. more. Ald. Duncan moved that the request be complied with, and that Mr. J. E. Hayes be paid the same as the other contractors. It was seconded by Ald. Adams and carried.

Creek Diversion.

The matter of the diversion of the creeks in No. 5 Ward, and that in Wards 3 and 4 was again discussed, in connection with the private bill which the city will have introduced in the Legislature, and the much-discussed question as to whether they should be paid for by general or special tax was taken up and decided in favour of the latter, Ald. Adams' motion that they be paid for by that method carrying.

Ald. Adams moved, seconded by Ald. Duncan that the diversion of the creeks in Wards 5 and 3 and 4 be paid for by general tax, and that the chairman of the Board of Works be instructed to undertake the work as soon as possible. The motion was carried, and the Legislature will be asked for authority to issue debentures for the cost of the work.

Ald. Johnston called the attention of the Council to the lack of accommodation for licensed carters, and suggested that the Council should provide some suitable place for the carters to have their stand. No action was taken, however.

Ald. Tovey, on behalf of a resident of Albert street, made a complaint that his cellar was flooded, and part of the foundation of his house washed away by the water which was on the property by the neglect of the Council. The Board of Works will deal with the matter.

Not Just as Good

When you go to your druggist to buy "Ozone" ask and demand "Solution of Ozone, the coupon kind". This will give you a twenty-five cent package of "Celery King". It will give you the best preparation of "Oxone" in the world and it gives you about twice as much for your money as other brands, sixteen ounces for fifty cents, over twice that much for a dollar and a package of the well known remedy "Celery King" free.

We put "Celery King" coupons in our "Ozone" because the people know "Celery King", because it gives better results with "Celery King" and because no other firm can give "Celery King" with "Ozone". It cures, that's the reason we give you a package free and that's the reason you should never buy any other kind.

Ask for "Solution of Ozone, the coupon kind". Fifty cents and one dollar at your drug store and don't take any other kind, because if you do you won't get a package of "Celery King".

by W. B. WARNE.

Lecture Given At St. Paul's Guild

Subject Was "The Evolution of The Boy."

The lecture hall of St. Paul's church was last night the scene of a pleasant time, socially as well as mentally. Under the auspices of the Presbyterian Guild, Rev. E. A. Langfeldt gave an interesting lecture on "The Evolution of the Boy."

The chairman, Rev. MoD Mackay, briefly welcomed Mr. Langfeldt, and was pleased to have him present to give the lecture, which, he knew, would be favourably received, and if the weather had been more inviting he felt certain that the lecture hall would have been too small to contain the audience.

It was quite evident that, considering the reception given Mr. Langfeldt when he rose to speak, that his fame as a lecturer had preceded him.

In treating the subject, "The Evolution of the Boy," the speaker traced minutely the boy's life from his babyhood days to the aged man, including his school days, the evolution of the moustache, and of love, and his wedded life. His mental pictures and character sketches were most skilfully drawn, and none could fail to appreciate the appropriate vocabulary used by the speaker. His discourse demonstrated his excellent power of description, of humour and of pathos. There are few who have that peculiar faculty of producing alternately such mirth and pathos as were contained in the address of Mr. Langfeldt. Throughout the lecture was the great moral principle that instruction taken in the school of experience are of the most beneficial nature and are the only lessons to be relied upon.

Mr. Langfeldt was given a hearty vote of thanks for his edifying and amusing address, to which he briefly responded.

At the close of the programme refreshments were served by the ladies, which formed a suitable close to such a pleasant evening.

B. Y. P. U. Held Bright Meeting

The Baptist Young People's Union of Murray street church held a most profitable meeting last night led by the Baraca Bible Class. There was a large attendance of the members of the union, and the service was bright and interesting. Mr. Harry Cross, the vice-president of the B.Y.P.U. and the president of the Baraca class occupied the chair.

Live Westwood Items of News

Westwood, Jan. 22.—Revival services are being held in the Methodist church conducted by the pastor, Rev. D. E. Johnston and Rev. Mr. Foster, of Warsaw. The meetings are being well attended.

We are sorry, to learn that Mr. J. McMillen is seriously ill.

Mrs. McColl, of Birdsall's, was calling on friends in the village on Tuesday.

Mr. J. Stewart, of Lakefield, was in the village last Saturday.

We are pleased to learn that Mr. Chas. McGrath, who had the misfortune to get his knee cut on the saw two weeks ago is able to be around again.

THE PHYSIC HABIT

THE RESULT OF USING SALTS, CASTOR OIL, ETC., INSTEAD OF THOROUGHLY CURING CONSTIPATION BY

DR. CHASE'S KIDNEY-LIVER PILLS

"Oh, a dose of salts will fix me up all right," you say, when the bowels become constipated and the liver and kidney sluggish and congested.

And the temporary relief you obtain in this way deceives you for a time, but you are soon in distress again, and must increase the dose and resort more frequently to the use of this weakening and debilitating treatment.

Constipation and intestinal indigestion cannot possibly be cured until the liver is made active in its work of filtering bile from the blood and pouring it into the intestines, where it acts as a natural cathartic, hastening the process of digestion, and the removal of waste matter from the body.

Dr. Chase's Kidney-Liver Pills have a direct and specific action on the liver. They not only afford prompt relief, but positively strengthen and invigorate the kidneys, liver and bowels. Instead of encouraging the physic habit, they thoroughly cure constipation, liver complaint, biliousness and kidney disease.

If you would like to regain your old-time vigour, and feel strong and well again, use Dr. Chase's Kidney-Liver Pills. The backaches and body pains will disappear, your appetite and digestion will be good, you will escape sickness and disease because the filtering and secretory organs will keep the body cleansed from poisonous waste matter.

Mrs. Thomas Cowen, Highland Grove, Peterborough Co., Ont., writes: "I was a sufferer for years with stomach trouble and terrible headaches and spent a good many dollars in medicine without receiving any benefit. Hearing of Dr. Chase's Kidney-Liver Pills highly recommended I determined to give them a trial and did so with satisfactory results, as I was very greatly benefitted and do not hesitate to recommend this treatment as the best obtainable for such ailments."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Dr. Chase's Backache Plaster drives out all pains and aches. 7

TUESDAY, JANUARY 23, 1906.

THE ELECTIONS IN BRITAIN.

The Liberal "swing of victory" still obtains in Great Britain, and it seems pretty certain that Mr. Campbell Bannerman will have a majority, placed by various estimates, of between one and two hundred supporters independent of all other backers, the Conservatives, Irish Nationalists and Labourites. One would think that a majority of even a hundred would be a safe working majority. So it would be in this country where a Government majority of fifty or sixty is considered very large. But it is different in the Old Country; there party lines are not as strictly defined, or if strictly defined, are not as binding upon members of Parliament as they are in Canada. It is therefore necessary for a British Government to feel safe, to have a good substantial majority. It is a little difficult to classify the members elect in the new parliament or to decide with any certainty as to where their support or opposition will be placed. We have returned Liberals, free trade Unionists, or Conservatives, protection Unionists, Labourites and Nationalists. This is exceedingly complicated, compared with the party divisions obtaining in Canada. Here it is straight "Grit" and "Tory," or Government and Opposition, with here and there a stray free lance who breaks away for one or the other party ranks in which he has been accustomed to act.

EDITORIAL NOTES.

What about Mr. Whitney's promise made in 1901 and at other times, that he would reduce the price of school books even if the Government had to undertake their publication. What has become of this promise. Has it found the limbo of a great grist of other promises?

Provincial Secretary Hanna seems to have lost faith in his crusade of decapitation of "Grit" license officials, to fill their places with good "Tories," who would be in political sympathy with the Government and its policy of license law enforcement. With inspectors to do his dirty work his own political skin he considers it necessary to employ special detectives to secure the more thorough enforcement of the license law.

Skinners die hard. In referring to the retreating of the hail of Duncan Bole, convicted of wrongdoing in West Elgin, the Brantford Expositor says: The Toronto World repeats the statement that Bole was appointed to an office in a life insurance company of which Hon. G. W. Ross is president. The fact is Bole got the the appointment in question from the Manufacturers' Life before Mr. Ross became connected with it, and while Sir John Macdonald was president. What is more, he did not get the appointment from the head office, but from the general agent for the West Indies, under whom he is acting as a local agent.

DRUGGISTS MUST BE CHARY

They Sell All Kinds of Hair Preparations, and Fear to Discriminate.

Druggists sell all kinds of hair preparations, and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainly for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ. H. Swannell & Son., Champaign, Ill., say: "One customer of ours who did not have a hair on top of her head when he began to use Herpicide, now has a fair start towards a good head of hair. We believe Herpicide to be the best preparation of its kind on the market." Hundreds of similar testimonials from everywhere. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

An Atrocity.

—The two lectures to be delivered in the near future on the cognate subjects of "The Evolution of the Boy" and "The Making of a Man," should ra-Pedley fill a Longfeldt want. The perpetrator of the above has absconded.

Pulpit Greater Than The Press

Was Decided at Debate at St. John's Schoolroom Last Night.

"Resolved that the press wields a greater influence in the world than the pulpit."

The above resolution was the subject of a spirited debate held at St. John's schoolroom last night, and at which there were about forty in attendance.

The affirmative was taken by Messrs. W. Harold Cluxton, leader; A. E. Walker and Jas. Bell, while Messrs. T. Jardine, leader; C. H. Reid and Rev. Canon Davidson represented the negative. The judges were Messrs. K. Eardley-Wilmot, N. A. Howard-Mc[illegible] and H. Francois Ferguson.

The speakers handled their subjects eloquently and convincingly and the judges found considerable difficulty in awarding the decision. After much discussion, however, they decided in favour of the negative.

During the debate Miss Birdie Dawson, vice-President of the Young People's Society, under whose auspices the debate was conducted, occupied the chair, Mr. C. H. Reid, President, taking part in the debate. Last night is the first time since the organization of the Society that the President, himself, has not taken the chair at a meeting. During the evening Mrs. Seward and Miss Ruth Dawson sang in fine voice a much appreciated duet. A unique spelling match also formed an enjoyable part of the evening's entertainment.

At the next meeting of the society which will be held on February 5th, Mr. R. M. Denniston will deliver a lecture on "Folk Lore." Mr. Denniston's ability as a lecturer is widely known and that his discourse on "Folk Lore" will prove intensely interesting and very instructive will be generally conceded.

OBITUARY.

LT.-COL. MACPHERSON.

On the occasion of the visit of the 57th Regiment to Ottawa, last year, there were none of the military men in that city who were more attentive to the visiting officers that Lt. Col. Macpherson, and the local military men will learn with deepest regret of his death, which occurred on Sunday, in Ottawa. His death will have another sad significance for many persons in this city, by reason of the fact that "Mac" Macpherson or "Little Mac," as he was familiarly called, (who for some time was a member of the staff of the local branch of the Bank of Montreal, is a son of the deceased gentleman.

The Citizen, in referring to his death, says:

"A death that will be deeply regretted throughout the Dominion of Canada, occurred yesterday afternoon, when Lieut.-Colonel John Macpherson passed away at his residence, Appin Cottage, 149 Argyle avenue. Heart disease was the cause of death. Though 76 years of age, his sudden demise was not altogether expected, for he had always been athletic and vigorous, and had shown but littleness of the feebleness of old age. He had not however been well since last Tuesday.

"The office through which the late Lt.-col. Macpherson became most widely known was that of treasurer of the D.R.A. Ever since 1869 he discharged the duties of that office in a manner that won for him the praise of all the officers of the association.

"He was born in Glengarry, January 8th, 1839, and was for some years in business in Montreal. In 1849 he received a commission in the 3rd Battalion, Montreal militia, and in 1856 organized the first Highland company in the province of Quebec, being appointed captain of the corps. His majority was attained in 1861, when he was also appointed brigade major of the active force of Montreal. In 1862 he was appointed brigade major of the then district, No. 11. In 1865 he became lieutenant colonel, and served as staff officer under major general Lindsay at Montreal, in the 1866 Fenian raid troubles. The same year he was appointed deputy assistant adjutant general commanding one of the military districts of Lower Canada. In 1869 he acted as deputy adjutant general, and assumed command of the active militia brigades concentrated in Montreal. He accompanied Prince Arthur to the scene of action on the Missisquoi and Huntingdon frontiers. He subsequently joined the headquarters staff and for some time acted as deputy minister of militia and as accountant of the department. He was appointed superintendent of stores, in 1880, and retired on superannuation a few years ago, giving place to Col. Macdonald."

The funeral is taking place in Ottawa this afternoon.

THE WEATHER.

The "heated term" is apparently drawing to a close. Last night reference was made to the fact that 51 degrees in the shade was reached, on the previous day. Sunday, making a record for January. This high figure, however, was exceeded Monday, when we had 54 deg. in the shade. Remember this was January 22nd—in the middle of a Canadian winter! We give by way of variety a few readings of the thermometer in different portions of the Canadian West yesterday: Dawson, 60 below zero; Calgary, 24 below; Atlin, B.C., 50 below; Battleford, 28 below; Prince Albert, 30 below; Qu-Appelle, 30 below; Winnipeg, 30 below; Port Arthur, 8 below. In an ordinary winter (but this is not of that class) the cold wave would gradually spread eastward with diminished intensity.

Court Discharges Christian Scientists

Judges in Court of Appeal Render Decision in Their Favour--Indictments Against Persons Charged With Death of Wm. Goodfellow Held to Have Been Defective --No Conspiracy Was Evident--Held That Crown Was Unfair to Them.

The Toronto News last night had the following item of interest to many local persons:—

The conviction of Wm. Brandrette, Mrs. Goodfellow, Mrs. Grant and Mrs. See, Christian Scientists, in connection with the death of William Goodfellow, was quashed by the Court of Appeal at Osgoode Hall this morning, and the prisoners will be set free.

The court held that the charge against the prisoners was wrongly worded, and did not come under the head of any indictable offence as known to the law. The written judgments of Justice Osler and Meredith comment severely on the strong efforts of the Crown to secure a conviction under the general term of conspiracy.

Should Have Been Quashed.

The verbal judgment of Chancellor Moss was: "The court is of opinion that the first count of the indictment should have been quashed and that the second was rightly quashed, the first and sixth questions are answered in the affirmative. No answer is necessary and none is given to the remaining questions. The conviction is quashed."

A Mere Experiment.

Judge Osler delivered the following written judgment:—

"I think the first count of the indictment should have been quashed. It seems to be a mere experiment, and not to charge the defendants with a conspiracy to commit any indictable offence as described therein, known to the law. None of the defendants is alleged to have occupied any position in relation to the deceased which involved any legal duty on the part of them or any of them towards him, which they conspired to omit or neglect.

"It would have been just as sensible to have indicted them for conspiracy "to deprive him" of a loaf of bread whereby, etc. The wide field over which the evidence wandered will illustrate the vagueness and uncertainty of the charge. It is very probable, I should say from reading it, that some of the defendants had laid themselves open to prosecution under Section 209 or Section 212 of the Criminal Code, but if the Grand Jury would not, as we were told, find a bill under these sections, that ought to have been an end of the matter without putting forward a vague charge of conspiracy under Section 527 of the Code.

Called the Charge A "Cover-All."

"The conviction must be quashed." Judge Meredith, in his judgment, attacks the prosecution, and charges them with the "evident desire of obtaining some sort of conviction. The charge of conspiracy he refers to as a 'cover-all.' Such an action in the case of a Crown prosecution is not to be commended.

"Fairness to the accused should characterize all prosecutions in the name of the sovereign."

He further states: "The charge of 'conspiracy' was evidently intended to be palatable to the Grand Jury."

The appeal was from the conviction by Mr. Justice Magee, and took the form of six questions being submitted to the Court of Appeal. The court heard the argument on Dec. 21.

To Assist C. P. R. In Georgian Bay Line

To-night in the Council Chamber a joint meeting of the Council and the Board of Trade will be held, when a matter of great importance to the city, viz., the construction of the C. P. R. line from Peterborough to Victoria Harbour. These two bodies recognize the great benefits which the construction of this line would confer on Peterborough, and believe that any action which can be taken which would help the C. P. R. in any way to secure the minister's acceptance of the plans filed, should be readily taken by the city.

On Friday the matter will again come up before Hon. Mr. Emmerson, when it will probably be finally decided.

Borne To Their Resting Place

The funeral of the late Patrick Daly, a former resident of Peterborough, who died at Parry Sound, last week, took place this morning from McFadden's undertaking establishment to St. Peter's cathedral, and thence to the Roman Catholic cemetery. The deceased was a brother of Mrs. Ed. Welsh, Elm street, city.

Elegant Cabinet Photos Of His Excellency

The Right Honorable Sir Albert Henry George, Earl Grey, GOVERNOR-GENERAL of CANADA

For all users of the Celebrated

"DIAMOND DYES."

We have received so many letters from ladies in Canada asking us to continue the supply of the beautiful Cabinet Photos which we have been sending out for the last two months that we have decided to continue the supply until the end of February, 1906. 200 MOUNTAIN STREET, MONTREAL, QUE.

Missionaries From China Here

Sunday night at Bethany Tabernacle, short addresses were given by Mr. and Mrs. William Shantz, missionaries from Central China. They spoke enthusiastically of the work being accomplished there by Canadian missionaries. The field of labour was large but the labourers were few, and more workers were needed.

Mr. Shantz has been in China for ten years, and Mrs. Shantz left Canada six years ago. They sailed from Hong Kong on N. 23rd, arriving here on Friday last, and intend to spend some time in the city.

Mrs. Shantz' maiden name was Miss Minnie Davidson, and she is a sister of Mrs. Thos. Jewett of Otonabee. Her many friends in the city and vicinity are pleased to see here again.

Mechanics, Farmers, Sportsmen!

Saturday "Pop" Will Be Enjoyed

Excellent Series of Programme to be Rendered.

The series of Saturday night "Pops" which the Y.M.C.A. has conducted for a number of years, will be inaugurated again for this season on Saturday night next. This year a new policy has been adopted, and the management has decided to secure considerable outside talent for the programmes which will be presented. For the first night Mr. Thos. McGillicuddy, of Toronto, will give one of his deservedly popular humourous lectures. Mr. McGillicuddy is one of the best humourists in Canada, and his lecture will no doubt be heard by a large number of persons.

Following this "Pop," Rev. Mr. Langfeldt will give his lecture, "The Evolution of the Boy," and Mr. Bengough, nephew of the famous J. W. Bengough, will also give one of the entertainments. He is following in his uncle's footsteps, and is a cartoonist of considerable ability. The association is to be congratulated upon securing such excellent talent.

Street Railway Car Jumped Track

Just at the time when the traffic on the street railway was at its greatest last night, car No. 11, of the Auburn-Exhibition Grounds route, jumped the track at the corner of George and Charlotte street.

Considerable time was spent in adjusting it again and the fireworks display was startingly beautiful. By the assistance of another car it was pulled on the track again, little damage being done.

T. J. Johnston Elected Warden Of County At The First Session

County Council Opened January Meeting This Afternoon —Councillor Johnston Given Highest Position in Gift of Council—The Unanimous Choice of His Colleagues —His Inaugural Address—Many Important Matters to be Considered This Session.

The January session of the Council of the County of Peterborough opened this afternoon at 2 o'clock in the County Council Chamber, when the election of Warden for the year, which was the first business, took place.

The honour this year falls to Mr. T. J. Johnston, one of the members for No. One Division, Otonabee; who was elected by acclamation.

Those present at the meeting were: Councillors Andrews, Buck, Carey, Johnston, Monogue, Shaw, Garbutt, Stinson, Maloney, Webster.

The County Clerk opened the meeting and called for nominations for the position of Warden for the current year.

Mr. D. Maloney moved that Mr. T. Johnston be elected Warden for the year 1906, which was seconded by Mr. W. T. Buck. And Mr. Johnston was, therefore elected to that position by acclamation. The announcement to that effect was received with the cheers of his fellow members, and he was escorted to the committee room by his mover and seconder, where he took the declaration, and donning the robes of office he took his seat, as presiding officer over the meeting.

The Warden's Address.

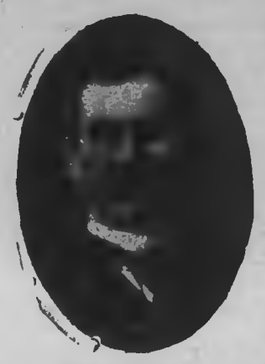
The Warden in taking his position as presiding officer of the Council thanked his mover and seconder and and the members who had supported his candidature for the Wardenship. He promised that he would use his best efforts to fill the position honourably and to the satisfaction of the Council. Many important matters of business would, he said, come up this year for consideration, and these would be referred to more definitely later in the session. Since this will probably be the last year that the present system of electing the Council would be in force, and the new council would be composed of new men, this council should close up all the business of the year so that the new Council could take up their work intelligently. The minutes of the last meeting were read by the Clerk, and approved. A number of communications were read and referred to committees.

Councillor Shaw moved, seconded by Councillor Menogue, that the whole council be a committee to strike the Standing Committees.

The Council adjourned to go into committee work.

MR. WARDEN JOHNSTON.

The Examiner extends cordial congratulations to Mr. County Councillor Johnston, on the occasion of his election to the honourable position of Warden of the County of Peterborough, which took place this afternoon. This is an honour which Mr. Johnston well deserves, both on the score of his excellent qualifications, his experience, and of the important county constituency he represents — Otonabee Division — the largest and most important in the county. He has had a large experience. He has been eight years a member of the County Council. He was for fifteen years reeve or deputy reeve of Otonabee, his popularity where he was best known, being attested by his being elected by acclamation. During his term of eight years in the County Council he has occupied at various times the chairmanships of the important Committees of Finance and Roads and Bridges. Mr. Johnston's activities and interest in public affairs have not been confined by municipal limitations. He was for fourteen years captain in the 46th Infantry Regiment, and recently joined the Third Prince of Wales' Canadian Dragoons, in which he now holds the commission of captain. Mr. Warden Johnston is a son of Mr. Thos. Johnston, who still resides on lot 24, in the 8th concession of Otonabee. He himself is engaged in general farming, his place being about six miles from the city. On the score of experience, personal qualities, and fitness for his duties, the new Warden of the County of Peterborough is well qualified to fill the position with dignity and efficiency.



T. J. JOHNSTON,
Who Was This Afternoon Elected Warden of Peterborough County.

Many new styles in these popular Linen Blouses just in at popular prices.

OUR **FREE** ART SILK EMBROIDERY CLASS commences on Monday, Jan. 29th. All ladies are invited to attend.

HARRY ADAMS

Had Lived In City 40 Years

John Reynolds, a Well Known Resident of Peterborough, is Dead.

In the death of John Reynolds, 272 Simcoe street, which occurred this morning at 1.30 o'clock there passed away a gentleman who for forty years had been a resident of the city and who was widely known and highly esteemed by the citizens in general. The late John Reynolds was born in County Cavan, Ireland in 1835, and came to Canada at the age of eighteen. He lived for some time in Port Hope, where he kept an hotel. Removing to Peterborough forty years ago he became the proprietor of the Downer hotel, East City, now the Maple Leaf Hotel, conducted at present by his son-in-law, Mr. Geo. Lipsett. Afterwards he was engaged in the livery business.

The deceased had been ill for two years with heart trouble. A wife, four daughters and three sons survive. They are Mrs. Al. Davis, Eganmore; Mrs. John Thompson, Lindsay; Mrs. Geo. Lipsett and Mrs. John Brown, Peterborough; John, Frank, and Joseph, of Peterborough. One brother Frank is living somewhere in the Northwest.

The funeral will take place to-morrow afternoon at 2.30 o'clock from his late residence, 272 Simcoe street to Little Lake Cemetery.

The BEST STOVE CO.

Mrs. A. Ostrom Was Honoured

By the Ladies Aid Society of the Charlotte Street Church.

On Saturday evening the members of the Ladies' Aid Society of the Charlotte stree Methodist church assembled at the parsonage to bid farewell to Mrs. Alfred Ostrom, who is leaving the city in a short time. An address on behalf of the society was read by Mrs. (Rev.) Juliffe, appreciative of the splendid work that Mrs. Ostrom had done while connected with that body, and expressing deep regret that she should be forced to sever her connection with the society. The address contained expressions of good will and hearty wishes for the future happiness and prosperity of the member who was leaving. After the address had been read, Mrs. Wright, who has the honour of being the oldest member of the society, presented Mrs. Ostrom with a beautiful pearl brooch as an evidence of the favour in which she was held by her associates. Mrs. Ostrom thanked her donors for their kindness in thus remembering her, and referred feelingly to her associations with them, and expressed much sorrow at leaving.

After Mrs. Ostrom's acknowledgment of the kindness of the society, the gathering adjourned to the dining-room, where dainty refreshments were served. The happy assembly dispersed after singing with much fervor, "Auld Lang Syne."

FREE ART SILK EMBROIDERY CLASS AT ADAMS'

CITY NEWS OF TO-DAY

Choral Society.

—The Choral Society will meet to-night at 8 o'clock, and all the members are requested to be present.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

Ladies' Auxiliary.

—A meeting of the Ladies' Auxiliary of the Y.M.C.A. will be held on Thursday afternoon at 3.30 o'clock in the association rooms.

Information.

—Farm for sale. Houses to rent. Quaker Oats, 3 for 25c. Flour cheap. Vegetables of all kinds. Prompt delivery. J. R. Bell, 'Phone 455.

Boys' Overcoats.

—There is considerable discussion on the street about which style of boys' overcoat is the prettiest on display in Lang & Maher's window. They are all nice, and prices very low.

Palm Was Given To S. S. Teacher

About thirty-five young ladies, members of a Bible class of the George street Methodist Sunday school, met at the home of their teacher, Mrs. James Stubbs, and presented her with a beautiful palm and jardinere, accompanied by an address, in which they expressed their esteem and loyalty for the untiring devotion and helpfulness of their leader.

Mrs. Stubbs, though taken by surprise, thanked her scholars for their kind remarks and handsome gift, and hoped the feeling of love and sympathy that had existed so long between class and teacher would continue.

An enjoyable evening was spent, interspersed with games, recitations and refreshments.

Remains Were Laid to Rest

Funeral of Late Cedric Sanderson Took Place This Afternoon.

The funeral of the late Cedric Sanderson took place this afternoon from the residence of his aunt, Mrs. R. T. Milburn, Communication Road, to the Little Lake Cemetery. The cortege was a long one, a large number of people gathering to show the esteem in which the deceased was held. The Collegiate Institute was closed this afternoon, and the Cadets attended the funeral in a body. About twenty-five members of No. 4 Company, of the 57th, together with Sergt.-Major Brittain, also turned out as a mark of respect for the deceased. The flags at the Collegiate Institute and at the Y.M.C.A., flew at half-mast.

Should A Young Man Marry On $16 A Week?

To the Editor of the Examiner:

Re the keeping of a wife on $16 a week. Young Bach, whom we will call John, should thank you for inviting communications on the subject, as I think it will give him some good ideas, advice and a timely pointer as to how they should commence housekeeping. Now, I have been married for some time and pretty nearly know the ups and downs of wedded blessedness. My opinion is that a young couple can live comfortable and all right on $16 a week, providing they begin right. By being economical and saving, to watch the cents and the dollars will take care of themselves. No matter who holds the boodle. If a young man keeping company with a young lady whom he intends to marry and does marry, if his nose is not put out of joint before he pops the question) he will kindly tell his dearly beloved that he is getting but $16.00 per week, that they must live careful and live sparing, and if he himself practices what he preaches and she follows his advice, they can live nicely and everything will go on smoothly in a financial point of view; but if the young lady is society inclined, and wants to be on the go, and John not objecting in letting her have her way, and is eager to see her shine or outshine his neighbour, who is getting a better salary, then he puts his foot in it and makes a mistake. For instance, Mrs. —— gives an afternoon tea. John's wife is invited and of course accepts, and must have a new outfit for the occasion; and after she enjoys a few of those invitations she wishes to return the compliment and invites her many new friends to a pink tea. Where everything is pink but their eyes, and when this is over John's $16.00 will look like 30 cents. Only a week or two ago a young son of a mechanic who gets high wages, was heard to remark that poor pappa is kep down and poor by mamma putting on style and giving afternoon teas. Of course, hubby is powerless to stop it, since he allowed it to begin beyond his means. I therefore, say, "Youn, Bachelor" be careful how you commence, and from $16.00 there will be ample left to buy the baby a handsome outfit. Yes. A young man is warranted in asking a young woman to marry him on the above amount. And why the young people of to-day do not marry earlier I don't quite understand. Without it is that the young lady fears she cannot put on style enough. That, in my opinion, is a mistake. I say young people of marriageable age, get married and keep young with your offspring. For if you wait until older probably to the middle age and are blessed with children, their pranks make you peevish and impatient, you forget your childhood days and will not tolerate their simple and innocent amusement. Hense they leave you and home at an earlier date than they would if you could join in with them.

Yours truly,
BENEDICT.

Peterborough,
January, 22nd, 1906.

Dear Sir,—It is all very well for Mr. Workman to talk about what wonderful things he has accomplished. He must remember when he and his wife launched their little barque on the sea of matrimony it was not as expensive a voyage as it is at the present time. In those days you could buy potatoes for 25 cents a bag; eggs 8 cents a dozen; butter 15 cents a lb. and you could buy a nice little home for $200 or $500 or rent a house for $4.00 a month, for which we would now pay $9.00 and so on down the lengthy catalogue of home supplies; everything was cheap, and then Mickie, Peggy, Timmie, Biddy and the rest could all go to school barefooted and papa's pants were cut down for Willie—no matter about the fit—and the old things mother wore when she was a girl did nicely for little Peggy. But now everything is twice as dear and if the little ones of to-day went out in like manner their young lives would be made miserable by the jeers and taunts of their better dressed companions. I think the young ladies are justified in being particular as our young men of to-day are not like those of thirty years ago. How can they manage to support two when it keeps the majority of them hustling now to make one pay meet another. So girls do not forget the old saying, "When poverty comes in the door, love flies out the window", and take my advice and refrain from marrying till your young man has something laid by for a rainy day, and can take you to a nest of his own. Though it be ever so humble there is nothing like your own little home.

Thanking you, Mr. Editor, for your space, I am respectfully,

Yours,
COMMON SENSE.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions. Inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Sir,—On Monday evening of this week a gentleman friend of mine was waiting for a car. At twelve minutes to six the Canadian General Electric car passed him on its way to the Edison Works. At five minutes past six the car came up the track at full speed. When this gentleman noticed the car coming, he made his way to the track, but to his great chagrin the car whizzed past him, although he had beckoned with his umbrella for them to stop. Of course the Street Railway Company are not aware that they employ such a man who is so indifferent to their interests as to wantingly insult a citizen. This same motorman is known up and down the line for his recklessness. There is only one remedy for this man, namely, for the company to effectually reprimand this individual or else to employ him breaking stone, where there are no persons' feelings to be hurt.

Yours truly,
MR. DOOLEY, Jr.

Peterborough, January 22nd, 1906.

Editor of Post Card Column:

Dear Sir,—The employees of the C. G. E., who live in the north end of the city are much dissatisfied with the wretched connections of the C. G. E. car. This car was late three mornings last week and the men who were employed in the C. G. E. thus lost half an hour's time. Last Thursday morning the car laid on the switch at Central Park for eight minutes, by actual timing. Instead of going to the north end of the city. What is the reason for this abominable service? It is the intention of those affected to send in a petition to the Peterborough Radial Railway Company and demand that the matter be looked into. A minute or two does not make any difference to the railway company, but it means loss of half an hour's pay to the C. G. E. employees patrons referred to who ride on the morning car.

Yours for better service,
C. G. E. EMPLOYEE.

Peterborough,
January 21st.

Editor Post Card Column:

I was out to the George Street Methodist Church last night and to my utter dismay found that the Church had done away wit hthein numbered Hymn Board. Now, I would like to know the reason why they have a good choir—one of the best, if not the very best organs in town and why should they do away with the Hymn Board, as George Street Church is a large one and very much in need of a Hymn Board?

Yours truly,
CHURCH GOER.

More Terrible Than War!

More terrible than war, famine or pestilence is that awful destroyer, that hydra-headed monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease known to the human race.

"It is only a cold, a trifling cough," say the careless, as the irritation upon the delicate mucous membrane causes them to hack away with an irritable tickling of the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering. Dr. Wood's Norway Pine Syrup contains all the life-giving properties of the pine trees of Norway, and for Asthma, Croup, Whooping Cough and all Throat and Lung affections it is a specific. Be sure when you ask for Dr. Wood's Norway Pine Syrup to get it. Don't be humbugged into taking something else. Price 25 cts.

Miss Lena Johnston, Toledo, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for throat troubles after taking numerous other remedies, and I must say that nothing can take the place of it. I would not be without a bottle of it in the house."

The Chairman Makes Reply

M. A. Morrison States Position of Board of Commissioners.

To Editor of Examiner:

Dear Sir,—Allow me a little space to correct some statements made by a correspondent who signs himself "Katchewanooka" re transfer of C.P.R. Hotel license to Mr Allen. It is true, as your correspondent says, the Board would not give the license of the Lakefield House to Mr. Allen, and he wants to know how he became "properly equipped for Peterborough". This is the explanation Mr. "Katchewanooka"—Mr. Allen bought a half interest in the C.P.R. Hotel business and chattels, Mr. Rickeby holding the license, shortly after this transaction Rickeby became financially embarassed, and Allen, to save himself, bought Rickeby's interests. Then when it came to the notice of the Commissioners, Allen owned the business and Rickeb held the license. A condition that could not be tolerated by the Board. After due consideration, and having consulted with the creditors, we decided the best for all concerned was to transfer the license to Mr. Allen; and at the same time notify him that he must sell out before May 1st, as his license would not be renewed. This course will allow Mr. Allen to get his money out of the business, also give the creditors of Mr. Rickeby a chance to partially recover their claims. I ask the public if this was not a wiser course to pursue than to summarily cut him off and have him lose probably half what he invested, and the other creditors, who were merchants, servants, etc., probably lose all.

As to that part of "Katchewanooka's letter referring to Mr. Kendry's appointment, and the insinuation that his influence on the Board will be bad, and corrupting to the other members of the Board is beneath recognition. It evidently emanated from the mind of a ward politician.

In conclusion, Mr. Editor, if your correspondent after scrutinizing the action of the Board for 1905, can only find one act that can be criticised, we are satisfied.

Thanking you, I am,

Yours truly,
M. A. MORRISON,
Chairman.

THE LATEST SPORTS

The ice races of the Peterborough Turf Club have been postponed until Friday and Saturday, January 26th and 27th on account of the present weather causing the track to be in a condition absolutely unfit for racing. It is very regrettable that this is the case as a great many horses have been brought to the city to start in the different events and as many people have eagerly looked forward to seeing the races that under favourable conditions would have taken place to-day and to-morrow. It is to be hoped that if freezes hard between now and the dates decided upon and that the track will be in fine condition for Friday and Saturday's races.

It Will Be A Fast Bout

Between Carrol and Blake, Says Referee Sharkey.

A telegram was received this morning from a gentleman interested in the coming smoker, to be held in the old opera house on January 26, from Jas. L. Sharky, who has been decided upon as referee of the Blake-Carroll boxing contest, which will be the main bout of the evening. He says that the men are anxious to get at each other and that the bout will undoubtedly be a very fast one. It is billed for ten rounds, and should be one of the fastest ever pulled off in Peterborough.

A number of first class boxing and wrestling preliminaries will also be put on and a good musical programme, in which "Teddy" Andrew's, Joe Guerin, and other well-known local artists will take part, will be presented.

The principal bout will be for a purse of $50.00.

Skating At A Big Loss

The Granite Curling Club, of Toronto, have, it is reported, only had occasion to open their rink ten times this winter, and their loss so far is $7,000 over that of last year at the same time of the year.

CURLING

Mr. R. M. Waddell, secretary of the local curling club received a letter today from Toronto advising him that the District Cup Competition matches has been postponed for to-day until Tuesday, January 30th. The other clubs have also been notified of the

HOCKEY

The Examiner has been requested to publish the following:—

The "West Ends" accept the challenge of the National Hockey team the challengers to procure the rink. In Monday night's paper appeared an account of a hockey match for the junior championship of this city. The Nationals claim to have defeated the West Ends thereby winning the junior city championship, while in reality the defeated team was the "Crescents", the members of this team being picked exclusively from the "Crescent" rugby team and only one of the last year's "West End" team played. The Nationals moreover, cannot claim the junior championship by defeating this team since there are at least two other teams fast enough to "raise a sweat" and the Nationals can claim no such distinction as that.

On behalf of a native convicted of being in unlawful possession of a goat, a solicitor pleaded on appeal to the Cape Supreme Court that his client ate the animal before arrest, and could not therefore be said to possess it. The presiding judge characterized the plea as novel, but unavailing.

BRUSHES

The Greybirds Are In Douro

Other Incidents of an Open Winter.

Some stange stories heralding the early approach of summer have been voiced recently, but possibly the most wonderful of all has its origin in Douro.

Mr. W. E. O'Brien, who lives near St. Joseph's church, Douro, says that on Sunday afternoon, the 21st Jan., he saw a greybird building a nest in a pear tree that was in front of his house. This, coming as it does from such a reliable source, is surely a sign that spring is here and, in fact, partially over. Is it safe to prophesy that the air will be laden with the perfume of May flowers in February?

Take off your hats to spring weather in mid-winter. In front of the fur store of Loch & Sons was displayed a quantity of straw hats, hung over the furs whose occupation seems to be gone. But the butter flies, robins, blackbirds and the public who labour under the delusion that the cold weather is past will have their eyes opened and their fingers yet be nipped with frost. Loch & Sons think so themselves, for in to-day's Examiner appears the announcement of a great reduction sale of furs which will doubtless "come handy" in the blizzardous weather that will be howling about our ears before many days are passed.

Among the curious things seen in connection with the summer weather now on tap may be mentioned a caterpillar which was observed by a Union street resident yesterday. It semeed to be enjoying the balmy air as much as the sun flowers which decorated the street corners.

Bricklayers were seen to-day on Simcoe street, laying brick as complacently as if it were mid-summer.

A prominent curler, Mr. Rollie Waddell, states that the present weather is about the same temperature as in Scotland when he was there last June.

Mr. Arthur Elmhirst, of Otonabee, the well known horseman and owner of Little Willie, was in the city yesday, and as another evidence of the approach of spring, states he saw several wood-chucks playing about on his farm recenetly, a very uncommon observation at this time of year. He also heard the robins singing their cheerful songs, and believes that the advent of spring is close at hand.

—"The winter is bound to assert itself in its old-time character, sooner or later," said P. M. Dumble today, "and we will have an abundance of cold weather before the spring arrives."

FOUR ADMIRALS DROWN.

Brazilian Turret-Ship Aquidauban Sinks and Over 200 Perish—Rio Janeiro In Mourning.

Rio Janeiro, Brazil, Jan. 23.—The Brazilian turret ship Aquidauban has been sunk at Port Jacarepagua, south of Rio Janeiro, as the result of an explosion on board.

Three hundred of her crew perished, and only one officer was saved.

Four rear admirals perished on board the Aquidauban, which had been used for the accommodation of a number of supernumery officers and men attached to the flotilla escorting the cruiser Barroso, having the Minister of Marine and his staff on board, who were inspecting the sites proposed for a new arsenal.

The explosion on the Aquidauban occurred in the powder magazine.

The vessel sank in three minutes.

212 Sailors Were Killed.

Later advices show that the number killed in the blowing up of the battleship was 212, and that 98 of those aboard were saved.

The bodies will be brought to Rio Janeiro and given a national funeral.

There is general mourning here, and all the theatres are closed.

The following members of the commission which left the arsenal on board the Aquidaban, accompanying the minister of marine, were drowned:

Rear-Admiral Rodrigo Jose Da Rocha, Rear-Admiral Francisco Calheiros Da Graca, Rear-Admiral Joao Candido-Brazil, and Capt. Alves De Larrigo.

Two commanders, two German photographers, and one reporter also were drowned.

Burned Herself to Death.

Ithaca, N. Y., Jan. 23.—Despondent over the recent death of her mother Miss Katie Van Valkenburg, aged 25, of Van Etten, burned herself to death yesterday She saturated her clothing with kerosene oil, and set fire to herself with a match.

Strathcona's Ocean Record.

London, Jan. 23.—Lord Strathcona has arrived safely from Canada, thus completing at least his 150th trip across the ocean.

IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

The Quarrel Commences In The Conference

French and German Delegates Combat in the Conference.

RACE DIFFERENCE MANIFEST

Continuous Skirmish Between M. Revoil and Count Von Tattenbach Begins Fresh Controversies Between France and Germany—Morocco Conference Adopts Five Out of the 16 Articles of Contraband.

Algeciras, Jan. 23.—The plenipotentiaries were entertained at yesterday's sitting of the Moroccan conference by an almost continuous skirmish between M. Revoil, head of the French delegation, and Count Von Tattenbach, the second of the German delegates. While the amenities were carefully observed, the other delegates were conscious that the day was the beginning of fresh controversies between France and Germany, which are likely to be long protracted and of increasing earnestness.

The styles of fence displayed by the two plenipotentiaries suggested their differences of races. M. Revoil was keen, analytical of mind, skillful in diplomatic phrasing and with a grace of expression and a winning personality. Count Von Tattenbach was downright of speech and soldierly in manner, trusting to the solidity of his ideas and to his facts.

The two plenipotentiaries are not in sympathy, and draw apart outside the council room. Both are of high ambition, and it will be difficult for either to yield to the other.

Messages of Hope.

The conference reassembled at the Town Hall. The presiding officer, the Duke of Almodovar, Spanish Minister for Foreign Affairs, read messages from the Spanish Senate and Chamber of Deputies, expressing hope for a successful issue of the conference. The Marquis Visconti Venosta, head of the Italian mission, replying in the name of the delegates, made a significant reference to the international character of the agreement to be concluded here. This was interpreted as referring to the Franco-German difficulty over the question of the international control of Morocco.

The conference adopted five of the 16 articles contained in the report of the committee on contraband arms. Discussion of the remaining articles then went over until Wednesday, today being reserved for the ceremonies attending the feast day of King Alfonso.

Spoke In Arabic.

The discussion brought out a lengthy discourse from Sidi Mohammed El Mokhri, the second of the Moroccan delegates, concerning Morocco's general attitude towards the conference. He spoke in Arabic, and the delegates decided to have a translation made of his remarks.

The drafts of the report under discussion, besides providing repressive laws by the powers, charges the Moroccan customs authorities with the repression of contraband along the coast. Before seizing a foreign ship they must notify the legation of the country to which the ship belongs, and pending action on the part of the legation at Tangier, the Moroccan authorities shall install a guardian on board the ship. Upon the legation's approving the seizure, the contraband cargo will be condemned, the proceeds going to the Moroccan treasury, while the fines will be distributed between the informers and the Moroccan treasury.

France Given Control.

The draft gives France exclusive control over contraband on the Algerian frontier, and gives Spain exclusive control along the frontier of Spain's possessions in Morocco.

The general principle of the plan is to leave the coast surveillance with the Moroccan customs, but as the question of France's administering the customs comes up later, the Franco-German contention remains open.

French Fight the Chinese.

Marseilles, Jan. 23.—The Chinese mail which arrived here yesterday brought an account of the invasion of Tonquin, French Indo-China by Chinese regulars who encountered a French force numbering 400 men, of whom 150 were Europeans. A three-hours battle ensued resulting in the defeat of the Chinese, who lost 300 killed and 300 wounded. The French lost 16 men of the foreign legion, and 29 Annamites killed.

Nominations at Kingston.

Kingston, Jan 23.—The nomination of E. J. B. Pense as the candidate for the Liberals, and of Donald M. McIntyre for the Conservatives in the bye-election, took place in the City Hall yesterday at 1 o'clock. At this hour only a few persons were present, and the preliminaries were limited to the legal requirements only. At 2 p m the hall was comfortably filled, and in 20 minutes more it was packed Beside the candidates J. T. Rigney for Mr. McIntyre, and Dr. Richardson, for Mr Pense, spoke.

King Edward Buys Colt for $19 000.

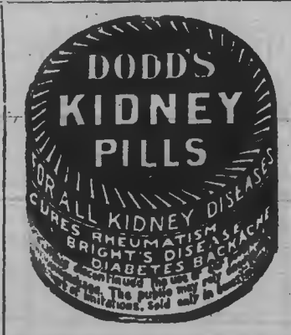
London, Jan. 23.—The sales of English thoroughbred yearlings at Doncaster and Newmarket have come to a close, and for the youngsters some fancy prices have been recorded. A lot of 26 fetched a total of $228,900, or an average of a fraction over $8,806 Acting for King Edward, Lord Marcus Beresford bought the chestnut colt Cynosure, by Cyllene out of Nememoosha, for $19,000, and he has been sent to the King's stables.

Gunner Scott Meets Death.

Kingston, Jan. 23—Sunday afternoon Gunner Scott of "A" battery, aged 24 broke through the ice on the harbor while skating. He sank twice before rescued, but soon after died from exposure. His home was in Prince Edward Island.

Russell House Fined $100.

Ottawa, Jan. 23—Mulligan Bros. of the Russell House has pleaded guilty to the charge of serving ruffed grouse at the forestry convention dinner, and paid a fine of one hundred dollars. The charge was laid by the game warden acting on instructions from Toronto



His Task Was Hopeless One For Canadian

Even Though It Was Sweetened With Voteless Kisses.

DEFEAT OF A CANADIAN K.C.

2,006 of a Majority Goes to Donald McMaster's Liberal Opponent—Brummer Loaned Autos to the Laborites and Thus Stood Pat—Chamberlain's Broken Melody—The Standing of the Parties.

London, Jan. 23.—(C. A. P.)—Donald McMaster, K. C., lately of Montreal, has failed in his effort to wrest the Leigh division of Lancaster from the Liberal column and was defeated yesterday by J. F. Brunner, the Liberal candidate, by 2,006, the vote being 7,175 to 5,169. The constituency has been Liberal for over 20 years by majorities ranging in the neighborhood of a thousand. At last election the majority was reduced to 120. The riding includes large mining interests and the Labor vote is considerable.

Appealing for the Labor vote the Liberal candidate pointed out in a recent speech that Mr. McMaster had spoken against Labor candidates in other ridings, while he had shown friendship for Labor by loaning his motor car to three Labor candidates, and each of them won.

But the campaign has not been entirely in vain for the Conservative candidate, as a report from the riding says after his meetings several ladies insisted on kissing Mr. McMaster.

Only Two Returns of Monday's Polling.

Only two other returns were received last night out of 22 pollings yesterday. Sir J. F. Leese retains the Accrington division of Lancashire for the Liberals by 2,357 over a Unionist and *Independent Socialist*. The Gorton division of Lancashire goes to the Labor candidate. John Hodge, defeating S. W. Roys, Conservative, by 4,225. The seat was won for the Conservatives by Ernest Hatch, whose majority was 320, in 1900, but Mr. Hatch went over to the Liberals last year and did not seek re-election.

In the short race for the biggest majority Romford bids fair to be second. Sir Edward Clarke, Conservative, with 10,706, in the City of London, is still at the top, but Romford yesterday disclosed a Liberal majority of 8,858, a change from a Conservative majority of 3,062 last time.

John Sinclair, who was elected for *Fortarshire*, Scotland, is the Secretary for Scotland, and son-in-law of Lord Aberdeen.

The score to date is: Liberals, 274; Labor, 87; Conservatives, 115; Nationalists, 80.

Party gains: Liberals, 150; Labor, 30; Conservatives, 9; Nationalists, 2.

Worse Than Expected.

In a campaign speech last night Mr. Chamberlain admitted the majority against him was much larger than he expected, and recognized that a political revolution had been in progress. "But," he affirmed, "I want, once more, now at the end of the election, to put on record my determination to pursue to the end the policy which I believe to be demanded in the interest of the population.

"Tariff reform is not dead. When the calumnies which have for the moment overwhelmed us have come home to roost; when all the side issues are forgotten, tariff reform will remain as the only practical remedy for the distress with which our English trade and workmen are confronted. It will come back, and meanwhile our duty is to keep the lamp alive."

CURE SICK HEADACHE.

The Terrible Suffering Of Two Surveyors

Two G.T.P. Surveyors Are Lying Without Hope of Rescue.

THEY ARE MAIMED AND ILL

Three Men, After Difference With Engineer, Left Camp Dec. 13 to Walk to Civilization—Terrible Hardships Befel Them, and Two Are Left Behind in Shanties to Fight Battle For Life.

Port Arthur, Ont., Jan. 23.—Isolated from the world, ill and without food, Charles Hawkins, an Englishman, lies alone in a fragile little shack in the Lake Nepigon district, awaiting food, medicine and a rescue party which are being hurried to him from the Nepigon headquarters of the Transcontinental Survey. A hundred or more miles to the northwest, in a lonely trapper's shanty, separated by many days' travel from friends and medical aid, J. Beemer lies battling with what must prove a fatal attack of typhoid fever.

Left Camp Dec. 13.

Both men until three weeks ago were members of the Grand Trunk Pacific Railroad survey, and owing to a quarrel with the engineer in charge decided to walk down to civilization, so left the camp on December 13, in company with a man named Wilson. For the first day everything went as it should, but on the afternoon of the second day the ice gave way as they were crossing a creek which empties into Lake Wawong.

After struggling about in the icy water for some minutes they managed to reach the shore and there collected a quantity of dry sticks with which to build a fire. Then they discovered that their matches had been spoiled by the water, so they were obliged to wring the water from their clothes and continue their journey as rapidly as possible to prevent freezing.

Ten Hours of Agony.

After ten hours of agony they reached a trapper's shanty, and the exile inhabitant of that lone hut received them with open arms. The following morning they were too stiff to move, but on the next day Hawkins and Wilson were able to continue their journey, leaving Beemer in the trapper's care raving in delirium. For three night Hawkins and Wilson wandered about in the bush trying to find their way, each night taking turns to sit up to keep the fire burning.

On the tenth day from camp Hawkins slipped, going down a steep bank, and injured himself so badly that he could not move. For several miles Wilson carried the injured man and at last came to a deserted shanty, where he made Hawkins as comfortable as possible, and again set out for assistance, and in two days met a survey party, whom he directed to the two lone stanties. Small hopes are entertained of finding either of the men alive.

Bovril at Luncheon

The luncheon menu puzzles the cook more than that of any other meal. BOVRIL is a wonderful help in solving the difficulty. It gives a delicious flavor to any luncheon dish by adding to it the strengthening essence of prime beef.

BOVRIL

Eight pounds of prime beef is concentrated in four ounces of BOVRIL.

BACON AND RICE FRITTERS.—To half a pound of rice boiled as for curry, add two tablespoonfuls of flour, a pinch of cayenne, and white pepper, mix in a few ounces of boiled bacon (streaky) in small dice; dissolve a full tablespoonful of Bovril in a tablespoonful of hot water, and add together with a beaten egg. To Fry.—See that the fat is smoking, dip the spoons in the fat each time, then the mixture will slip out easily. As soon as golden brown they are done.

Bovril is prepared only by

VARICOCELE
NERVOUS DEBILITY
CURED.

If you have transgressed against the laws of nature, you must suffer. Self abuse, later excesses and private diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Bidney, of Toledo, says: "At the age of 14, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The drains ceased, wormy veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my sexual organs vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

We Treat and Cure Syphilis, Gleet, Varicocele, Emissions, Stricture, Unnatural Discharges, Seminal Weakness, Kidney and Bladder Diseases.

Daniel Eagan Has Been Missing Four Months; No Trace Yet

A Former Douro Man Who Frequently Visited Here Has Disappeared and Fears Are Entertained for His Safety --Is a Brother of Owen Eagan, Norwood--Was Last Seen at Hastings--His Relatives are Anxious About Him--Is About 70 Years of Age.

News of a sensational character was received this morning of the straying away of Mr. Daniel Eagan, of Norwood. Mr. Owen Eagan, Norwood, brother of the lost man, called at The Examiner office to relate the sad news, hoping that through the medium of the press he might be able to locate him. He is somewhat deranged in mind, and has been lately in apprehension, lest he be arrested, and for this reason he has been trying to foil all attempts at location.

Daniel Eagan came from Ohio about one year ago, and has, until last fall, when he was last heard of, been alternately staying with friends in Peterborough, Norwood and Hastings, stopping a few weeks in each place. The last account his brother has had of him was on October 25 of last year, when he was at the Coughlin House, Hastings. While there, Mr. Owen Eagan sent a letter to the proprietor of the hotel, written by his niece. This letter got into his possession, and knowing it was not his brother's handwriting, he feared the police were on his tracks to have him arrested, and immediately and mysteriously disappeared. His brother, hearing at one time he was in Port Hope, went to that town and visited all hotels and places where he might possibly be lodging, but his searchings were fruitless, and he has returned in despair. As a last resort he asked The Examiner to assist in his location by printing his description.

Daniel Eagan is a low set, fleshy man, about 70 years of age. He has a dark mustache, with a few stray gray hairs, and when last seen had short side whiskers. When sitting, his head is almost continually shaking, and he talks to himself in scarcely audible whispers, which cannot be heard unless a person were close to him, but his lips move perceptibly, which betrays his silent speech.

He has slightly lost his memory, and has a particular aversion for the police, whom he is continually trying to evade, as he has the impression that when captured he will be put behind the bars.

Mr. Owen Eagan requests any person who knows anything concerning his whereabouts to keep him from learning that he is being searched for, as this may cause the failure of his discovery. He also requests other papers to announce his loss, as he wishes to become acquainted with his whereabouts as soon as possible. Any communication concerning the demented man may be addressed to Owen Eagan, Norwood, Ont., and the party or parties assisting in recovering him will be gladly rewarded.

MUSIC AND DRAMA

To the Oddfellows of Peterborough, through Miss Maude C. Bradley, of Brockville, the girl impressario, under whose direction the splendid Watkin Mills Quintette appeared in the Grand Opera House last night, the public of this city owe one of the most thoroughly artistic and satisfying concerts ever given in Peterborough. In spite of the dreariest of weather, a downpour of winter rain, a large and musically appreciative audience was present, and if enthusiastic applause was any evidence of being pleased, they must have been thoroughly delighted. Mr. Watkins Mills still retains his quaint boyishness of bearing, and his manly voice, whose robust richness has rolled around the world in grand outbursts of noble song, has lost none of its youth. Last night his reception was a veritable ovation, evidence of the correct judgment of the audience. His first number, "I'm a Roamer," by Mendelssohn, received a fine interpretation, the sonorando quality of this composition being admirably developed. He was forced to sing an encore number, giving with delightful piquancy for so large a voice, H. Lane Wilson's "The Pretty Creature." "The Trumpeter," his second list piece, brought out with noble effect the truly clarion notes of his great voice. He had again to repeat himself, with "The Wedding of Shen McLean," by Hatter. Mr. Harold Wilde, the tenor, makes artistic and intelligent use of a voice of not robust, but very pleasing, quality. His taste, expression and enunciation, all were prominent in his several numbers, which included Gounod's "Lend Me Your Aid," and "An Evening Song" by Blumenthal. His excellent performance brought him an encore, to which he sang very piquantly, "The Little Irish Girl," by Lohr. His best and most worthily and heartily applauded work, was in his two solos in "The Daisy Chain," in the second part, especially, "The Moon." Miss Edith Kirkwood, soprano, has a voice inclined to tenuity, but beautifully flexible and sweet, especially in the top notes, which are formed with exquisite daintiness and smoothness. Her opening song, "April Morn," was fresh as the dawn. Her "Ninepenny Fiddle," a sprightly musical composition, was honoured with a recall—"I Know a Lovely Garden." Miss Gertrude Lonsdale is entered on the roster of the quintette as a contralto, but her splendidly opulent voice is capable of invading with telling effect the domain of the middle soprano. Her very effective method reveals culture and refinement, while her singing is marked by discriminating dramatic intensity. These qualities, combined with admirable roundness and clarity of tone, contributed to make her singing, perhaps, the most generally satisfying of that of any member of the quintette. Her versatility was shown by her clever singing of a sprightly composition, "Happy Song," followed by an encore number, "Daddy," sung with tear-compelling tenderness. The pianist, Mr. Edouard Parlovits, played Chopin's B flat minor scherzo, with authority and spirit. He extracts a warm tone, and his technique is facile. His brilliant performance of Rosenthal's "Irish Rhapsody," earned a recall, followed by a neat and dainty performance of "Butterflies," by Olsen. As an accompanist, Mr. Parlovits was particularly effective — unobtrusive and sympathetic. This was especially shown in his accompaniment to Miss Lonsdale's "Samson" number, and in some of Mr. Mills' selections, though his work throughout was unexceptionably satisfactory.

The second part of the programme was of lighter calibre, but very charming. It consisted of a "Song Cycle," embracing twelve songs of children — child verses, composed by the late Robert Louis Stevenson—strung together as a chain of musical pearls, by Liza Lehmann. This Daisy Chain was a delightful assault upon the orthodoxy of concert programmes, and afforded opportunity for the spirited singing of solos by members of the company, which were heartily applauded, and repeated, Miss Kirkwood and Mr. Mills being especially favoured with enthusiasm of applause. This Cycle also introduces four quartettes, gems of racy, rollicking music, and, as treated by the company, charming reciprocity of tone. The audience was evidently delighted with this jolly, but refined, and thoroughly musical, novelty; and the title of the last exquisite quartette but one, very aptly expressed their feelings towards the singers, "Thank you Very Much, Indeed," which is by no means a bad summary of the prevailing sentiment in regard to the concert as a whole.

Mr. W. Spencer Jones, the director of the world's tour of the Watkin Mills Quartette, was with them at the present engagement.

"His Highness the Bey," which attraction which will appear at the Grand to-morrow night, numbers fifty-two people, while "Uncle Tom's Cabin, the attraction following, carries a troupe of twenty-seven,

The Officers Were Elected

The Annual Meeting of Royal Scarlet Chapter.

The regular meeting of the Royal Scarlet Chapter of West Peterborough, was held in the Orange Hall, Simcoe street, January 18th. There was a good attendance present and much interest was taken in the affairs of the Chapter. After the regular business was transacted, the following officers were duly elected and installed for the ensuing year:

W. H. G. Armstrong.....P.W.C. in C.
W. G. Bartley.....W.C. in C.
David Hamilton.....Ex.C. in C.
W. A. Kindred.....Comp Chap
W. A. Parker.....Comp. Scribe
J. H. Briggs.....Comp. Treas.
W. J. Meharry.....Sir Her. at-arms
Chas. McBrien.....Comp. 1st Lec.
W. J. Hawes.....Comp. 2nd Lec.
U. Hawley.....Comp. 1st Con.
E. G. Dormer.....Comp. 2nd Con.
John Cunningham.....Comp. I. H.
Fred Sanderson.....Comp. O.H.

After short addresses from the newly elected officers the chapter adjourned until Jan. 30.

"LOUIE,"

In "His Highness The Bey."

Enjoyed a Paddle Sunday.

—A state of affairs not known, perhaps, for many years exists in Peterborough at present as a result of the mild weather. The Little Lake is comparatively open, and on Sunday two young men enjoyed a quiet paddle on the lake. Paddling in skating time is something rather unique in Peterborough, or in any other part of Canada, in fact.

Bright Prospects Of The Pre-payment Meter Co.

A Brief Description of the Plant—Improvements on the Original Meter—The Great Advantages the Meter Offers.

An Examiner representative had the pleasure of inspecting the factory of the Pre-Payment Electric Meter Company, Limited, yesterday afternoon, and was greatly surprised at the transformation which has taken place in the last two months.

As is generally known, the company occupy the two top stories of the building formerly the plant of the Colonial Ink Company. The second floor consists of four spacious rooms. The front room facing Hunter street is the office; behind that is the testing room, which is being fitted up in the most up-to-date manner for testing the meters. The room is very bright and free from vibration of any kind, which is very essential for testing purposes. Directly behind this room is the storage room, and to the left is the shipping room. The third floor is one large workroom fitted up with the latest labour-saving machinery, most of which is automatic, and is capable of producing a large number of meters daily.

The meter, as it was originally designed would hold two quarters by a very clever and simple contrivance. It now holds six, which feed automatically one at a time as the light is consumed.

The cash system is being more recognized every day as the only way to operate a business, and this meter will no doubt command itself to the electric light companies, as it will do away with all accounts, bad debts, and disputes, and its simplicity and accuracy are bound to appeal to the public who can readily understand its movements, and see exactly what their light is costing them in dollars and cents.

The company have numerous inquiries and orders, and are greatly pleased with the prospects.

Presentation And Address

Miss Dempster Honoured by Nicholls Hospital Nurses.

Last night Miss Lillie Dempster, one of the nurses at the Nicholls Hospital, was honoured by the nurses on the staff on the eve of her departure for Wayburn, Sask., where she will go in a short time to accept the position of lady superintendent of the General Hospital of that town.

Miss Dempster has been one of the most popular nurses on the staff, and her departure will be deeply regretted. On behalf of the staff, Mrs. Douglas read an address, and Miss Dempster was presented with a gold-lined napkin ring with her monogram engraved upon it. She made a suitable reply, expressing her deep appreciation of the manifestation of kindness, and assured those presenting it that she should always cherish very pleasant memories of the years she had spent in the Nicholls Hospital.

Following was the address:

To Miss Dempster,—

As we gather here to-night to bid you farewell, we desire to express our good will towards you by asking you to accept this napkin ring, not for its worth, but for a slight token of remembrance of those with whom you have laboured during the past years. We join in wishing you every success in your new sphere in life.

Signed by the nurses of the N. H. P.

Miss Dempster will leave on Thursday morning for Toronto, where she will visit for a few weeks, and will leave about February 1 for Weyburn.

Ice Has Gone From the Creek

All Danger to Bridges Seems to Have Passed Away.

Although the water in the creek is still very high all danger of any damage to bridges or other property seems to have passed away. The ice in the creek has disappeared, the jams at the various bridges having been broken up by the use of dynamite yesterday afternoon. The section men had a hard day's work yesterday, but with the going of the ice there is no further trouble.

J. SUTCLIFFE & SONS

Strong Endorsation Of C. P. R. Application For Georgian Bay Line

Council and Board of Trade Pass Resolutions Supporting the Application for Charter—Deputations to be Sent to Ottawa to Help Along the Railway Company—A Representative Gathering Held Last Night—Mayor Best, D. Hughes-Charles and R. R. Hall, M.P., to go to Capital.

That the members of the City Council and the Board of Trade are dead in earnest about the proposition of the C.P.R. to construct the line from Victoria Harbour to this city, and that they are willing to support the company in its application to the Railway Commission for a charter was demonstrated last night when a joint meeting of these two bodies was was held in the Council Chamber for the purpose of discussing what action should be taken in the interests of the city.

The meeting was the largest held under the auspices of the Board of Trade in many months, and the enthusiasm displayed evidenced the fact that the Board is not dormant when matters affecting the interests of the city are to be discussed.

There was no difference of opinion last night as to the desirability from the city's standpoint of the C.P.R. constructing this proposed line, the only question being the steps which the city should take to assist the company in its effort to secure a ratification of its plans for the construction of the line. Those who spoke were unanimous in their opinion that the line would prove of incalculable benefit to the city, affording a direct outlet for its manufactures to the western markets, and in addition to this, the greatest benefit, it would in all probability mean that Peterborough would be made a divisional point by the railway, and the establishment of shops would follow as a natural consequence.

The action taken last night was an endorsation of the proposal of the C.P.R. in the form of a resolution, and a deputation, consisting of Mr. R. R. Hall, M.P., Mayor Best and D. Hughes Charles, President of the Board of Trade was appointed to go to Ottawa on Friday, when the application will again come up, and support the railway's application for a ratification of the plans.

Those present at the meeting last night were:—Mayor Best, Ald. Johnston, Hicks, McIntyre, McWilliams, Duncan, Graham, Elliott, Mason, Torrey, Ball, Messrs. D. Hughes Charles, John Carmegie, E. G. Patterson, T. Q. Quartermaine, M. S. Dodds, A. A. Hollingshead, J. F. Belcher, W. H. Meldrum, J. H. Larmonth, R. R. Hall, M.P.; G. B. VanHarlecom, R. H. Leary, W. Might.

In opening the meeting Mr. Hughes Charles, explained the objects in calling it, which he said, had been done in the interests of the city, which, he believed, would be served by the construction of the C.P.R. line, from this city to the Georgian Bay. He felt that if anything could be done by the city which would strengthen the hands of the C.P.R. in its application to the Railway Commission to construct the line, it should be done. He invited discussion as to the means by which this assistance could be rendered.

Mayor Best, who occupied a seat with Mr. Hughes Charles on the platform strongly endorsed the position taken by the former speaker. He was decidedly in favour of the proposal of the C.P.R. to construct the line, and he was also favourable to any proposition to assist the company to secure its charter. It would mean much for this city if the terminus were located here, which, he understood was the intention.

Mr. E. G. Patterson responded to the invitation to express his views. He was of the opinion that it was up to Peterborough to act in this matter, and to support the C.P.R. At the same time, he believed that the interests of the city should be safeguarded, and that if any resolution was passed there should be a clause making it a condition that the railway should not lay their tracks on residential or thickly settled business portions. There should be ample room outside the city limits for the tracks, and the short blocks would not be cut up, entailing considerable danger to life. It would, he believed, be a bad thing for Peterborough if the line was not constructed.

Mr. W. H. Meldrum, discussed the proposal from the standpoint of transportation, which was, he said, one of great importance to the city of Peterborough. Too many transportation facilities could not be provided. Last fall the millers of Ontario could not secure a car of wheat from one of the Georgian Bay ports, the railways all being too busy with export traffic to supply them. If for no other reason than this, the city should support the C.P.R. in its application. He could not understand the opposition of the G.T.R. except it was a factious one. If there is any truth in the reports of the increased acreage of wheat promised in the Northwest in the near future, not only one road will be required from Georgian Bay, but three or four.

Mr. R. R. Hall, who was called upon to express his views said that there had for some time, been a discussion on the question of increased railway facilities from the Georgian Bay, and one proposal was that the G.T.R. should double track its line, and that it should give the C. P. R. running powers over it, a plan which had many disadvantages. It might be that the present opposition of the G. T.R. was caused by the fact that the C.P.R. had failed to fall in line with this suggestion.

He was of the opinion that if the C. P.R. desired to build a new line, the city should give it hearty support. He endorsed Mr. Meldrum's view that it was absolutely essential that additional railway facilities should be provided. He did not believe that it would be wise at the present time to impose any restrictions on the company as to where their lines should pass through the city.

As chairman of the Manufacturers' and Railway Committee of the Council, Ald. McWilliams said that he was deeply interested in the question under discussion, and believed that there could be no two opinions as to the benefits which the city would derive from the construction of the line. Mr. Booth had demonstrated that the only direct route for the western grain to the seaboard was by a short line from the Georgian Bay, and now the C.P.R. was awakening to the same belief. If Peterborough was on this line it would be right on the front street so far as trade was concerned. By consulting the map it could be seen that there were really only two feasible routes from Georgian Bay to connect with the main line. One of these was north of a chain of lakes, which was not desirable, because the country which would have to be built through was of a rough nature, which would make construction costly, and there were no important towns or thickly populated sections to pass through. The other route, south of the lakes would bring the line through or near, at least three towns, Orillia, Lindsay and Peterborough, and, in his opinion this was the more desirable route.

What Peterborough was interested in was that the line should connect with the main line here, and any support which the city could render the C.P.R. to secure its charter should be given. He suggested that a spokesman should be appointed from the Council and the Board of Trade to go to Ottawa and appear before the Railway Commission, supporting the application of the company. He introduced the following resolution, which was seconded by Mr. E. G. Patterson, and passed unanimously by the meeting:—

Resolved, that this joint meeting of the Council and Board of Trade of the City of Peterborough is of the opinion that it is in the highest interests of this city, and as well in that of the whole country that permission be given to the C.P.R. to construct the proposed line from Georgian Bay to the main line at Peterborough, and that the Mayor and President of the Board of Trade and R. R. Hall, M.P., be a deputation to attend before the Commission and support the application of the C.P.R.

The President of the Board expressed his pleasure at seeing such a large representation from the Board of Trade, and hoped that the mission of those who were sent to Ottawa would be successful.

Flags Flew At Half Mast

Out of respect to the memory of the late Hon. Raymond Prefontaine, whose funeral took place at Montreal to-day, the flags on the City Buildings, Customs House, P. O. E. Hall and J. J. Turner & Sons, flew at half mast.

The Standing Committees

Were Named at This Morning's Council Meeting.

The committee to strike the standing committees for the County Council for the year, reported at their morning session through Mr. Andrews. The committees will be constituted as follows:

County Property — Messrs. Buck, Moloney, Stinson, Webster, Carey, the latter to be chairman.

Appointments — Messrs. Menogue, Webster, Buck, Andrews and Shaw, the first named to be chairman.

Roads and Bridges — Messrs. Buck, Garbutt, Stinson, Shaw, Menogue, Carey, Andrews, Moloney and Webster, Mr. Moloney to be chairman.

Schools — Messrs. Webster, Andrews, Garbutt, Buck and Moloney, Mr. Garbutt chairman.

Petitions—Messrs. Buck, Garbutt, Menogue, Shaw, Webster and Stinson, Mr. Shaw chairman.

Printing—Messrs. Shaw, Buck, Menogue, Stinson and Andrews, the latter being chairman.

Finance—Messrs. Buck, Garbutt, Stinson, Shaw, Menogue, Carey, Andrews, Moloney and Webster, Mr. Buck chairman.

Equalization and Assessment — Messrs. Buck, Garbutt, Shaw, Menogue, Carey, Andrews, Stinson, Moloney and Webster, the latter being chairman.

Joint Committee—Messrs. Menogue, Andrews, Stinson, Moloney, Buck, and Shaw, Mr. Stinson chairman.

C.P.R. Excursion To Toronto

Special Train to Queen City for the National Choral Concert.

The C.P.R. has made arrangements to run an excursion to Toronto on the evening of Jan. 29th, to accommodate those who desire to attend the National Chorus Concert, at which "The Flag of England will be presented. Miss Helen Davies, Peterborough's talented singer, will be the soprano soloist for the occasion, and a large number of local citizens will likely attend.

Nothing More About Robbery

No further light has been thrown on the robbery at Mr. W. H. Wrighton's house, which occurred last Sunday. The police report no further developments in the matter, but are at present investigating the case.

Encouraging Reports From Y.W.C.A. Officers Presented Last Night

Annual Association Meeting Was Held—Large Attendance of Members Present—Financial Statement Showed a Credit Balance of $296.64—New Board for 1906 Was Elected—All the Various Branches of the Work Are Progressing and the Prospects are Very Bright.

The annual association meeting of the Y.W.C.A. was held last night with the president, Mrs. (Dr.) Scott in the chair. There was a remarkably large attendance, which must indeed have been encouraging to those in charge, and deep interest was displayed in the affairs of the association. The reports presented were all of an inspiring nature and showed that the past year has been one of progress and advancement.

The president, Mrs. Scott, in her opening remmarks, spoke of the growth of the work of the association, and said that the thanksgiving of the members should go out to God for all the favours received at his hands. She paid a tribute to the entire staff of the association for their painstaking and faithful services. While the progress during the pas tyear had been great, things had been left undone which might have been done, and she urged earnest effort on the part of all the members.

The minutes of the last annual meeting were read and confirmed.

Financial Statement.

The following financial statement was presented by the treasurer, Mrs. (Dr.) M. A. Morrison:

RECEIPTS.

Balance on hand December 31, 1904	$ 24 06

This is one of the best built houses in Peterborough. Also two building lots on Brock street. Apply to W. G. Howden, 'phone 555, or Geo. H. Duncan, 247 George street. d108

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

EDITOR GREGORY,

FOUND — ON CENTRAL PARK — ON Monday a Gentleman's tan Kid Glove. Owner may have same on application at this office. d19;

Entertainment At Heard's Hall

Young's Point, January 24th.—Mr. Walter Young, who has been confined to the house with erysipelas, is able to be out once more.

An oyster supper and entertainment is being held in Mr. Heard's hall, on Wednesday evening, in aid of St. Adian's church.

This seems to be a very open winter thus far, and crows, groundhogs, etc., are seen occasionally. One of our villagers claims that he saw a robin the other day.

The sleighing is beginning to go once more, and if we do not have frost very soon wheels will be in general use again.

Happy at Last

Her Husband no longer gets Intoxicated—Samaria Tasteless Remedy Cured Him.

This lady says: "For the first time since I have been married I can be happy and content—my husband is cured of his bad habit of drinking. Several months ago you sent me a free sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and food. I then got a full treatment and gave it regularly. It is wonderful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence secredly confidential. Address: THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by H. S. Macdonald.

A Run-Down Woman Made Well by Dr. Hugo's Health Tablets for Women

Miss Jennie Thomas, of Dixville, Que., was in a run-down condition — tired, and all dragged out. Thousands of women know just how she felt.

She was given a box of Dr. Hugo's Health Tablets for Women by her family physician. She took them two weeks and then wrote us in these words:

"I have received such great benefit from taking your tablets, I desire to continue taking them two weeks longer. The benefit secured from the one box has been so great, and I feel so much better now, I am satisfied only one box more will be necessary to effect what you claim for your tablets, that is, make me again a healthy woman."

She was sent the second box. She took them and has since assured us of perfect restoration to health.

And they are doing this for women all the time. Every day we receive letters from grateful women, testifying to their gain in health since taking these tablets.

If you are in a run-down condition, or suffer from any weakness peculiar to your sex, they will restore you to perfect health. They make healthy women.

But you must do as Mrs. Thomas did—take the tablets. You will notice improvement the first week.

50c. at dealers or by mail postpaid. B. N. Robinson & Co., Coaticook, Q.

REMOVED

We have removed our office to 326 Water one door south of Hunter St. and opposite the Bank of Commerce, where we will be in a better position than ever to look after the wants of those wishing to buy or sell real estate of any kind. It does not matter whether it is a $30 purchase or, a $1,000 purchase, we can supply you.

Want Council To Increase The Peddlers' License

Request to the County Council to This Effect.

Peddlers in this County will have a hard time of it if the request of the Norwood Board of Trade to the County Council, is acted upon. This morning Mr. E. P. Cuffe, President of the Norwood Board of Trade, addressed the Council on the question of peddlers' licenses, and asked that the council take some action in reference to the question. He had a particular grievance against the Assyrians, who, he claimed, were injurying the business of legitimate business men, and gulled the people. They were no benefit to the public for they sold goods which were not of particular use to the purchasers. Mr. Cuffe gave a number of instances of misrepresentation on the part of these peddlers, and asked that the council increase the license fee for peddlers. He would like the council to feel that this case was not against British subjects, or those who have money invested, but they would like to have protection against this class of people. Other Counties had increased the license fee and he felt that the Peterborough County Council should do the same.

Messrs. J. L. Squire, J. B. Pearce and Wm. Graham, Lakefield, also spoke on the question in similar terms, and referred to the fact that the class of people complained about were no benefit to the community and should be stopped from doing business.

The question was referred to the Committee on Finance.

Shanahan In Another Brawl

This Man Seems to Have a Faculty for Stirring up Trouble.

Daniel Shanahan, who is very belligerently inclined and who failed to appear in the police court this morning when called upon to answer a vagrancy charge, gave vent to his pugnacious proclivities last night in the vicinity of the G.T.R. station, when he severely "punched" a man who, he claimed, owed his (Shanahan's) wife some money. When battle smoke had cleared away Shanahan's antagonist gave evidence of having sustained rather a strenuous handling. He was very much excited and very indignant over the matter and threatened to have Shanahan punished by the law. But he apparently has not taken any steps in the matter.

Merchants Give Too Much Credit

The Milton Reformer has the following on a subject of considerable interest to Peterborough:

"Complaints have been reaching us lately, principally from business men, about the credit system, which is at present in vogue in this, and, we may say, almost every other town in the country. From time immemorial it has been the custom for a man to go to a store, purchase what he needs, and then tell the merchant to 'charge it.' This is all there is in shape of payment until, probably, a year, when, after receiving a number of reminders, he will call and settle with the merchant. This country is ripe for a change.' We should introduce a cash system in our business, except in very rare cases. The great majority of people in this community are well-to-do, and can pay in cash and derive the benefits attached thereto almost as well as they can keep the dealer waiting for months for what is justly his."

PRAISE FOR THE C. P. R.

What a Travelled Scotsman Says of the Transcontinental Line.

Alex. McOwan, writing in the Winnipeg Free Press, says:—

It is perhaps a healthy sign suggestive of a progressive spirit, but the western Canadian is disposed to be extremely critical of his Governments, his institutions and his great corporations. He regards almost as a heritage, for instance, his right to abuse the Canadian Pacific Railway Co. for its iniquities of one sort and another, but more especially its excessive freight rates. These appeals to young and old alike and the theme of them is ever fresh and the outcry against them made with utmost sincerity of conviction. Robert Burns, the Scottish bard, prays that a higher power may endow us with the gift of seeing ourselves as others see us, and perhaps it would be interesting for readers of the Free Press to know how our greatest railway company is regarded in the old country. When in Scotland at the beginning of this year, on immigration business, my attention was directed to a complaint in the Scotsman newspaper, the national organ of the country. It was written by a well known Scotch cattle breeder, a landed proprietor, near the town of Oban on the west coast of Scotland. In his letter this gentleman complained that in the matter of stock one could ship a steer at Calgary and the C.P.R. would haul it to St. John, N. B., a distance of about 3,000 miles, tranship it to one of their ocean steamers and carry it over sea another 3,000 miles, landing it in Liverpool cheaper than he could ship a beast by freight from Oban to London. You can depend that this gentleman did not think the Canadian farmer had much to complain about in comparison with his own grievances.

Another case was brought under my notice by Mr. W. Haxton, of Dundee, of the firm of Fleming-Haxton, shipping agents, through whose hands thousands of emigrants for Manitoba and the Northwest have passed within the last ten or twelve years. "That Canadian Pacific of yours is a marvel for low rates," said Mr. Haxton to me one day. I ventured to remark that if he were on the other side he would hear more about it. "Oh! it'll be the old story," he said pawkily, "A prophet is always without honour in his own country."

He then laid before me the details of a comparison he had just made between Home and Canadian rates. Two years ago a family had passed through his hands from Forfarshire and gone to Brandon. A year after settling there, they sent home for some household effects that had been left behind. The weight was somewhere about two tons. The goods were shipped from Glasgow to Halifax and thence to Brandon. Out of curiosity, Mr. Haxton asked a quotation for the same weight of material from Dundee to London and was more than astonished to find that the difference was a shilling in favour of the Brandon consignment. Now, Mr. Haxton is a man doing business in the course of the year, with agents of almost every railway system in the world, and yet out of all these he was disposed to regard the C.P.R. as "a marvel."

It has been my own privilege, at one time or another, to travel over nearly every one of the railways of Britain. I have also sampled, at odd times, those of Germany, France and Belgium, but nowhere in these countries can one enjoy the same comfort in travelling as one may do on the C.P.R. system. This same regard for the comfort of its passengers is displayed on the company's ocean going steamers, and I bid fair to say that if two or three fast boats were added to the Atlantic fleet the line would soon become the most popular between Britain and the Dominion.

It seems to me that during its history the policy of the company has been to promote the development of the West, first by encouraging production and again by providing for that produce being placed on the world's market on terms which will permit of its holding its own. I do not suggest that this has been undertaken as a philanthropic enterprise. The company is out for profit like every other business organization, but as a factor in the marvellous development of the West, the master minds which inaugurated and successfully if profitably carried out, the details of this policy have earned in my estimation no little measure of honour. When one reflects that billions of dollars are invited in railroads in America which are not earning a cent of dividend for the investors, one can understand the full meaning of what the Hon. Clifford Sifton said in as many words at the monster meeting at Brandon last October, that the success of the C.P.R. had not so much depended upon the fact that they had no opposition, but on a fact "more creditable to its officials" that it was one of the best managed railroads in the world. 2

Wants Grant From Council

For a New Road Leading to Stony Lake.

Mr. Finlay addressed the County Council this morning asking for a small grant for a road across Christopher Crowe's lot in Dummer, to a wharf for which the Dominion Government had granted $1,500. The right of way through the farm had been purchased by the Government, and all that was required was to grade and gravel the road. He asked the council to grant $100.

Mr. J. L. Squire also supported the request of Mr. Finlay for this grant, and referred to the fact that this part of Stony Lake had been given a new name, Norwood-on-the-Lake, a number of Norwood people spending their summers there. These cottagers paid about $60 a year in taxes, and he felt sure that with the completion of the road that part of the lake would become even more popular. The matter was referred to the Roads and Bridges Committee.

Always Remember the Full Name **Laxative Bromo Quinine** Cures a Cold in One Day, Grip in 2 Days. E. W. Grove on every box. 25c

When the bread or cake or pastry comes from the oven light, crisp and appetising, you are wont to say you have had good luck with your baking.

The "good luck" idea is a relic of the time when housekeepers pitted their competency against poor flour.

To-day good baking isn't a matter of good luck in any home where

Royal Household Flour

is intelligently used.

In the hands of competent housewives it never fails because it is the whitest, lightest, purest and best baking flour to be had.

If the goodness of your baking is due to chance, your grocer is giving you the wrong kind of flour. Ask for Ogilvie's Royal Household.

Ogilvie Flour Mills Co., Ltd.
Montreal.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never published before. Your grocer can tell you how to get it FREE. 151

Union Meeting At Charlotte St.

Sunday School and Epworth League Hold Joint Gathering.

Monday night a union meeting of Epworth League and Sunday School of the Charlotte street Methodist church was held after the regular meeting of the League, in the school house. Mr. S. A. Armstrong, President of the League, was in the chair.

Music was given by a splendid mixed quartette composed of Misses Elliott and Howell and Messrs. Armstrong and Clarke. Mr. Clarke also sang in good voice, "Ora Pro Nobis." Mr. A. B. Cunningham spoke on the "Childhood of Christ." He referred to the beautiful childhood of our Saviour and said that the children of nowadays might well take His early life as a model.

Between the years of 12 and 20 one is probably more susceptible to influences, questionable and good, than at any other time. It is then that the character is most often formed, it is then that, in most cases the habits that cling to one throughout life are acquired.

Rev. W. J. Jolliffe spoke on the importance of decision and the value of time. We reap, said the speaker, what we sow. If in early life we sow the seeds of vice and misery, we need not hope for a happy and peaceful old age. It is necessary to act when the occasion calls for such action. Putting matters off from one day to another often leads to disastrous results. Decision of character is absolutely essential to success and the value of time must also be realized to the fullest extent, if we hope for the best results.

Hydrographic Engineer Here

Mr. Stanley Richmond, of Toronto, hydrographic engineer in the employ of the Government, was in the city yesterday in search of information in reference to the different power dams on the river between this city and Lakefield. Mr. Richmond called on Mr. Henderson, superintendent of waterworks, and secured from him all the information he desired in reference to that dam.

His prediction bears out that of other authorities in that the water this year will be below normal flow. The circumstances which caused him to arrive at that conclusion are varied, but he believes that the weather this winter is decidedly against the supposition that the water will be anything like normal height during the coming season. Mr. Richmond has travelled through a considerable part of the country, and his observations on these travels have strengthened him in this opinion.

We buy in Rangoon, India, Devonshire cream made in Norway. One would think that the farmers in Devonshire and Cornwall, England, might compete successfully in such an article with Norway and Switzerland, says the Rangoon Gazette.

VALUE OF "OZONE"

The value of Ozone (it is eally liquid oxygen) is well known to medical science. It kills the germs of internal disorders. It taken in concentrated form (and that means "Solution of Ozone (the coupon kind" it insures a speedy cure for asthma, bronchitis, Bright's disease, kidney trouble, malaria and rheumatism. This stringent remedy needs with it a tonic laxative to secure the best results Your druggist will give you sixteen ounces of "Solution of Ozone" for fifty cents and if you insist on the coupon kind, will guarantee a free package of "Celery King." The Public Drug Co., Bridgeburg, Ont. Sold by W. B. Warne.

SHE'S NEVER TOO OLD

To enjoy a box of candy, especially when it comes from our place. Our candy never palls, for we have an infinite variety that affords a constant delicious surprise. If you are getting tired of bon-bons just drop him a hint that you like chocolate, and we warrant that the box he will bring you will be like

A DREAM OF HEAVEN

We have them either with nuts or fruit flavored, and they look so tempting that we get candy-hungry ourselves whenever we look at them.

Mrs. Sutherland thought she had Serious Heart Trouble

"Fruit-a-tives" cured her when Doctors failed.

Hundreds of people suffer with Irritated Heart. Pain comes over the heart, especially after eating. Palpitation or fluttering—headaches—belching gas—indigestion and constipation follow. And the sufferer takes heart tonics and sees heart specialists, and steadily grows worse.

The heart is irritated by the stomach. The nerves of the heart and stomach are identical. When the stomach is distended by gas—when food sours or is not properly digested—the stomach nerves are irritated and this soreness extends to the heart. That causes pain which makes so many people think they have serious heart disease.

"Heart disease and Dyspepsia cured by Fruit-a-tives."

OTTAWA, July 14th, 1905.

To Fruit-a-tives Limited,

Gentlemen:—

I never gave a testimonial to any medicine before but I like "Fruit-a-tives" so much I will gladly do so. I had every symptom of heart disease and I had a very nasty pain over my heart. I tried purgatives and consulted several physicians but nothing did me any good. After taking "Fruit-a-tives" I am entirely well again. My digestion was very bad and I suffered from long standing constipation and now I am quite well from these complaints. I wish to say also that my complexion was very bad, sallow and muddy in the extreme, but now after taking "Fruit-a-tives" it is as fresh as ever. To any one suffering from constipation and bad digestion or liver complaint and to any one with a bad complexion, I can recommend "Fruit-a-tives" with every confidence.

(Signed)
MRS. A. SUTHERLAND.

"Fruit-a-tives" CURE IRRITATED HEART because they cure stomach, bowels, kidneys and skin. "Fruit-a-tives" set the gastric juices flowing—clean and sweeten the stomach—insure the perfect digestion of every meal. They make the liver give up more bile, move the bowels regularly every day, and strengthen and heal the kidneys, as well as act directly on the skin.

"Fruit-a-tives" are concentrated fruit juices, combined by a wonderful process which increases their medicinal action many times. Tonics and antiseptics are added and the whole made into tablets.

at all druggists or sent postpaid on receipt of price—50c. a box or 6 boxes for $2.50.

Fruit-a-tives or Fruit Liver Tablets.

Manufactured by FRUIT-A-TIVES LIMITED, Ottawa.

Annual Meeting Of Y.W.C.A. Officers

(Continued from First Page)

Secretary of the Board.

The following report of the secretary of the Board was read by Mrs. R. M. Dennistoun:

During the year the average attendance at the Board meetings has been 11. Number of members on the Board, 30.

It was with feelings of deep regret that the Board recorded the death of Mrs. Cox, wife of Hon. Senator Cox, who endeared herself to her many friends by her Christian virtues, and exemplary life. Her public benefactions were a source of great strength to all Christian work.

The past year has been a memorable one in the history of Y.W.C.A. work in Peterborough.

The year 1905 in which Peterborough became a city, saw also the erection of the present magnificent Y.W.C.A. building, which in the month of April, was completed and ready for occupation.

On Sunday, April 27th, a dedicatory service was held by several ministers of the city, a large number of persons being present.

On the following Tuesday evening a reception was held to which the public was invited, an admission fee was charged, and a most interesting programme provided for the evening's entertainment. The proceeds of this amounted to $68.00, which was devoted to the Building Fund.

In this building there are two distinct features. The Public and the Home Departments. In the former, which is open Sundays as well as week days till 10 o'clock p.m., is included all work undertaken by a General Secretary of a Y.W.C.A. institution, which aims spiritually and mentally to to exert a power for good over its members, also the gymnasium, through which medium the physical life is developed.

The boarding home has proved beyond a doubt financially, a decided success, and we pray and trust that within its walls has been beneficial, within its wall has been beneficial.

Miss Lough occupied the position of General Secretary until July 1st., and on Sept. 1st, Miss Jessie Potter entered upon the duties of that office, and Miss Adams was engaged as Physical Directress.

Miss Haycock has, since the opening of the boarding home, acted in the capacity of Superintendent, and has filled this responsible position to the entire satisfaction of the Board of Management.

The Board entertained friends to afternoon tea on Monday, May 29th, on Oct. 25th a social afternoon was spent and an admission fee of 25 cts. charged; $28.00 was realized by this means and was given to the Building Fund.

At present Hon. Senator Cox is installing three baths in the gymnasium, which will materially increase the value and comfort of the building. Ten necessary fire escapes have been placed in position, and insurance to the amount of $10,560.00 has been taken out on the building and contents. The papers have been deposited in Mr. G. M. Roger's vault for safe keeping.

The sudden death of Mr. William Thompson, whose wife has for the last few years, been a faithful member of the Board, has shocked the entire community, and it is with deep sincerity we extend to her our heartfelt sympathy in her bereavement.

In the removal from Peterborough to Hong Kong, China, of Mrs. Fred Dixon, the Board loses one of its most valued members. During the erection of the present building Mrs. Dixon discharged the duties of Treasurer of the Building Fund, with fidelity and precision, and was of the utmost assistance in that critical period of the Association's existence.

MILDRED DENNISTOUN,
Secretary of the Board.

Boarding House Department.

Miss Haycock then presented the report of the Boarding Home Department, which was as follows:

The Boarding Department of the Y.W.C.A. was re-opened April 18th, 1905, in the handsome new building, which the ladies of Peterborough so comfortably furnished and made homelike for business young women.

Many happy hours have been spent in the evenings and on Sundays at one another's rooms, or by the cheerful grate fires.

During the first four months the average number of weekly boarders was twenty. About September 4th the number increased to thirty-five which has been the usual number since, except during the Christmas holidays when about half the number were away for two weeks vacation.

The number of transients since the house opened has been eighty, some staying for the night and breakfast, others for a few days and others as long as three weeks. Without a single exception they have been grateful for such comfortable protective quarters while viewing the sights of your beautiful city.

In reference to table board. We have at present six regular table boarders. Since April we have served 1590 meals. This does not include house boarders. A number of travelers who, while waiting for trains, have come to the Association for meals, and when leaving expressed their appreciation of the home-like comforts of this building.

We have received many gifts from kind friends but time will not permit enumerating them. We extend a hearty invitation to these friends to visit us and see how their gifts are appreciated.

The total receipts for the eight months have been $2,782.97, and the expenditure $2,600.08, leaving a balance of $182.89.

We are thankful that we have been so Providentially provided for and trust the year of 1905 will be so blessed.

KATHARINE H. HAYCOCK,
Superintendent Y. W. C. A.

The following financial statement was appended, from April 25, 1905, to January 1, 1906:

Receipts.....	$2,954 89
Expenditure.....	2,772 00
Balance on Hand—	$ 182 89

General Secretary's Report.

Miss Jessie Potter, the general secretary, read the following interesting and most creditable report:

"Although we have not been able to carry out all the plans of the different committees, yet the work accomplished has been encouraging. The total senior membership is 251, Junior 37. The reading room is furnished with four daily papers, three weeklies and 16 magazines. The library given by Mrs. A. L. Davis contains 262 volumes. 175 take books from the library.

"The classes which are most enticing to the greatest number of members have been the gymnasium class under Miss Adams, and the Shakespere class lead by Miss Weir. The total enrolment in the gymnasium class is 98, and the receipts from this, $221.50. The Shakespere Club has an enrolment of 52. English and arithmetic classes were conducted by Miss Pratt and Miss Lightfoot. The total enrolment in all classes is 173.

The work needs the sympathy and co-operation of every member of the association so that the coming year may be a progressive one. In this connection we would thank the ministers and friends who have at all times so materially assisted us. Also the Press, which has treated our work with kindness and consideration."

Business Committees.

Miss E. Walsh, the convenor, read the following reports:

Membership Committee.

This committee has met monthly. The members were present at the Association Day in May, and also at the educational rally held in September. At this meeting a special effort was made to secure new members. Each month the secretary has notified those whose membership needed to be renewed, and where there was no response a personal call was made.

The committee tried to arrange a personal canvas of the self-supporting young women of the town, and obtained the names and addresses of a large number of these, but it was found impossible to proceed any further for lack of visitors. This is a busy age, and the average business young woman has little leisure at her command.

House Committee's Report.

In presenting their first annual report the committee desire to acknowledge the loving, guiding hand of an all wise Providence, Who has so signally blessed the Boarding Home.

When our Home was opened nine months ago much uncertainty was felt as to the way such a large place was to be equipped, maintained and made a source of revenue for the institution. These questions have all been solved, we think, to the satisfaction of the most skeptical. During the summer the grounds were laid out, sodded, and we expect the lawn to be in good condition for the coming summer. One fire escape has been placed on the building, and we hope to add another when our finances will permit.

If the building keeps as full as it is at the present time, it will be necessary to take steps to have the rooms on the upper flat put in condition to rent. This cannot be done without considerable outlay, and it will be well for the members of the Board to be thinking this matter over and planning ways and means for the accomplishment of this object.

We feel that the committee have not visited the Home as frequently as they should, nor as often as our superintendent would have wished. We think some arrangement should be made by which two of the members should visit it monthly.

Mrs. Hazlitt's Gift.

In the month of October Mrs. Hazlitt presented a piano to the association. This was placed in the boarders' parlour and has proved a source of much pleasure.

We cannot close our report without expressing regret at the removal from the city of one of our most faithful members, Mrs. A. L. Davis. We think that to her is very largely due the fact that Peterborough has to-day one of the finest and best equipped Y.W.C.A.s in the Dominion. Her whole-hearted interest and devotion to the work in every department has been manifested in so many ways. We desire to place on record our appreciation of her valuable services, and to thank our Heavenly Father, Who has made it possible for her to contribute so generously to the association.

We also wish to place on record our high appreciation of the valuable services of our superintendent, Miss Haycock. To her is due, in a great measure, the success which has attended the Boarding Home.

Another member to whom our heart goes out at this time in loving sympathy is Mrs. Thomson. We commend her in her sorrow to Him Who has said, "Fear not, for thy Maker is thine husband; the Lord of Hosts is His name." Isa., 54; 5.

Respectfully submitted.
E. Walsh, Convenor.

Jan. 15, 1906.

Social Committee.

The Social Committee, through Mrs. John Nugent, reported a very successful season. Two delightful social had been held on Hallow E'en and at Christmas which were attended by about 150.

Religious Committee.

The report of the Religious Committee, presented by Mrs. H. P. Kennedy, showed that the past year had been a noteworthy one in this regard. The report contained a reference to the meetings held every Sunday, which had proved most successful.

Educational Committee.

Mrs. J. W. Garvin read the report of the Educational Committee, which showed that the committee had arranged the following classes for the year:

Shakspere Class, Miss Weir.
Travel Club, Mrs. R. F. McWilliams.
Embroidery Class, Shirtwaist Class and Night School Classes. The Cooking Class was left over until the fall of 1906.

Nominating Committee.

Mrs (Dr.) M. A. Morrison presented the report of the Nominating Committee, which was adopted. The members of the Board for 1906 will therefore be as follows: Mrs. Jas. Wood, Mrs. W. M. Roger, Miss A. L. Davis, Mrs. (Dr.) R. P. Boucher, Mrs. Waddell, Mrs. Walsh, Mrs. R. M. Dennistoun, Mrs. (Dr.) Geo. Burnham, Mrs. E. J. Hunter, Mrs. (Dr.) W. D. Scott, Mrs. H. P. Kennedy, Mrs. John Nugent, Mrs. D. J. Lundy, Mrs. A. W. Creasman, Mrs. Mc Pherson, Mrs. J. W. Garvin, Mrs. Kilgour, Mrs. Thomas Gillespie, Mrs. Wm. Thompson, Mrs. (Rev. Dr.) Crothers, Mrs. W. H. Hill, Mrs. C. E. Hubbs, Mrs. T. H. G. Benne, Mrs. Robert Neill, Miss Nicholls, Miss M. Dickson, Miss E. Morrow and Miss Henrham.

Mr. Langfeldt's Address.

Rev. E. A. Langfeldt then gave the members a most inspiring address. In beginning, he complimented the ladies upon the businesslike methods adopted, and spoke of the changes taken place. The speaker then passed on to give an encouraging and most helpful address, choosing as a foundation for his remarks, Ephes. i., 19-21; St. Luke 7th chapter, and St. John xi. His remarks were listened to with the closest of attention throughout.

Miss Lillian Moore gave a vocal solo, in which her powerful and well modulated soprano voice was heard to full advantage.

At the conclusion of the meeting dainty refreshments were served.

The new Board will meet on Tuesday afternoon next at 3.30 o'clock for the purpose of electing officers.

Trust And Guarantee Company In Control

Affairs of the Henderson Roller Bearing Company Handed Over to That Company to Act as Arbitrator for the Court---$200,000 of Shareholders' Money Wasted---A Report of Auditor Edwards.

The Toronto Star of last night says:

The property and plant of the Henderson Roller Bearing Company is now in charge of the Trusts and Guarantee Company, and Auditor Edwards will be asked to supplement his report by further information, so that the statement of the company's affairs can be brought up to date.

Chief Justice Falconbridge gave the matter another hearing this morning, and after two hours of discussion he enlarged it until next Monday morning at nine o'clock. He may devote all of that day to the matter. This morning he directed that the Trusts and Guarantee Company assume control of the property as curator for the court.

$200,000 Wasted?

Mr. Wallace Nesbitt, K. C., made his first appearance in the matter this morning, acting as counsel for John G. Gibbs, of St. Catharines, one of the petitioners for the winding of the company. Mr. Nesbitt started in to discuss the question of the company's solvency, but the Chief Justice directed that he confine himself to the matter in hand — the report of Auditor Edwards.

Mr. Nesbitt then asserted that the report showed that the shareholders had paid $278,000, and that $200,000 of this had been wasted. It had at least disappeared. He thought that the report was sufficient evidence of the company's insolvent state.

HOW YOU GET CONSUMPTION.

Most "lungers" allowed their power of resistance to fall very low. Favorable conditions were provided for the development of the baccilli. Consumption was the result.

But in a healthy body Consumption can't take root. The most potent health-maker is Ferrozone. Take it regularly and you needn't fear tuberculosis.

FERROZONE

Supplies exactly what the man verging on Consumption needs. It forms rich, nutritious blood, strengthens the nerves, puts vim and endurance into every organ of the body.

For the tired, weak—anyone in poor health—Ferrozone is worth its weight in gold. Avoid substitutes!

Fifty cents per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

Prominent Charity Worker A Victim of La Grippe.

PRAISES PE-RU-NA.

Miss Alicia Newell, 6 Stanley street, Montreal, Can., charter member Societe Francais Bienfaisance, writes:

"We had a siege of la grippe in the family and I, as well as some of my friends, was a victim to the malady.

"Three bottles of Peruna assisted me to perfect recovery and some of my friends regained their health by using even less.

"Lagrippe, as a rule, leaves one debilitated and nervous, but I noticed in every case where Peruna was used, the recovery was not only complete, but the medicine itself seemed to infuse new life and vigor."

La grippe is acute epidemic catarrh. In many instances it leaves the mucous membranes lining various organs of the body in an inflamed and catarrhal condition. Peruna at once cures this condition.

WOMAN'S NEED
AT THE CRITICAL PERIODS OF HER LIFE AND HOW IT IS BEST SUPPLIED BY
Dr. Chase's Nerve Food

We are sometimes asked why Dr. Chase's Nerve Food is so successful in curing the ailments peculiar to women, and this is the explanation:

The feminine organism is a regular network of nerves, and consequently requires an enormous quantity of rich, nourishing blood.

At the critical times such as the dawn of womanhood, the child-bearing and nursing age and the change of life, nerve force is consumed at a tremendous rate.

The blood is drawn away from other parts of the body, and the result is neuralgic pains and aches, failure of the digestive system, and a run-down condition of the body generally.

Dr. Chase's Nerve Food supplies exactly what is most needed at these times—the very elements from which rich blood and vital nerve force are made.

Women who suffer from weakness and irregularities from painful periods and distressing headaches, from tired, worn-out feelings, and the disorders of the digestion, will be surprised at the benefits obtained from the use of the great food cure of Dr. Chase.

Mrs. Chas. Keeling, Sr., Owen Sound, Ont., writes:—"It is a pleasure to tell what great benefits I have derived from the use of Dr. Chase's Nerve Food. I am fifty five years of age, and for about five years my life was one of great suffering from nervousness, weakness and extreme physical exhaustion. I could not sleep, and hot flashes would pass through my body from feet to head. I consulted our family physician and two other doctors, but they told me about my time of life I was likely to be troubled that way. I continually grew worse, and despaired of ever being cured. Dr. Chase's Nerve Food came to my notice, and as we have Dr. Chase's Receipt Book, I had confidence in the doctor. I was so surprised at the help I received from the first box that I brought three more. They built me right up, and made me feel healthy and strong again. They have proven a great blessing to me, and I hope this testimonial will be of help to some weak, nervous woman suffering as I did."

It is well worth your while to put and, while the blood and nerves are being revitalized and the form rounded out, note your increase in weight, so that you may have positive proof of the blood-forming value of this great medicine. 50 cts. a box, at all dealers or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous receipt book author, on every box.

QUEER MORAL GUIDES.

Hamilton Herald.

Chancellor Boyd's recent lecture from the bench to Canadian barristers and solicitors, on the ethics of the legal profession, was a polite form of rebuke. The chancellor's intention was to e ndemn those lawyers who gave their clients advice which enable them to evade the law. Lawyers, he said, should not do that because it is really immoral, and lawyers ought to exert a high moral influence over their clients — should guide their erring feet, and lead them to the paths of righteousness. N.t precisely in these words, did the worthy chancellor express his meaning—but that is the effect of his admonition.

It is excellent doctrine, but very probably it will be like seed cas. upon stony ground. If it is wicked for a lawyer to show his client how the said client can evade the law, it must also be wicked for the lawyer to circumvent the law himself, misinterpret and twist it to his purpose. But if the average lawyer did not do all this, he would speedily lose most of his practice.

How many lawyers when they argue a case before a judge or bench of judges state the points in the case fairly, and cite precedents impartially? How often do they keep mum about a point of law or an important precedent which would be bad for their client, and which they hope the opposing counsel will overlook? When before a jury, how often do they labour to make what they know to be the worse appear the better cause — pleading with sham pathos, piling fallacy on fallacy, making use of innuendo and half-truths, appealing to petty prejudices and mean passions — anything to get a verdict? In the memorable words of one of the profession it's money they're after. Very often the money they're after depends upon a verdict, for cases are frequently taken on speculation — no verdict, no fee. To get their fee, many of them will not merely attempt to circumvent the law but will not hesitate to speak what they know to be false, and to cast aspersions upon men or women infinitely better than themselves. And the judge listens complacently on the bench, and sometimes compliments the learned counsel upon his eloquent effort in behalf of his client.

Of what use is it to remind such men that it is undesirable, and even wrong for them to show clients how to evade the law, and advise them just how far they may safely go in a course of "grafting"? Chancellor Boyd's remarks about the duty of lawyers to act as the moral guardians of clients, the simulators of their consciences, as well as their legal advisers, were perhaps made seriously and in all good faith, but they sound suspiciously like the irony of a rather bitter quality. There are some good and honest lawyers, but it is to be feared that many of them are little better qualified to be moral guides and guardians than Mephistopheles would be.

The Herald speaks strongly, because, doubtless, it feels strongly. It has just emerged from the throes of a libel suit, the result of which was to mulct our esteemed contemporary in damages to the tune of $200 and costs pro rata. But because the Herald has suffered what seems very like injustice, constitutes no sufficient reason why it should offer injustice to a noble class, which ranks next to the clergy in the order of professional precedence. Lawyers have the honour of having been specifically mentioned by the very Founder of the Church, and though the reference may not have been of the most complimentary character, no doubt in the days of the Master there were, as there are to-day, bad lawyers among the good. The rebuke of Chancellor Boyd was intended for the bad, the unprincipled lawyer, whose conscience, or, rather, lack of conscience, is not permitted to be an obstacle in the way of his turning an honest penny, no matter how morally crooked the turning process may be. If the Herald's severe strictures apply to lawyers of this class, they are more than justified, but to practically apply them to the profession at large would be unjust. For there are good lawyers, who are not to be regarded as rara aves, either; for, taken as a class, it will, perhaps, be found that there are among lawyers, in proportion to numbers, as many good and honest, and honourable men, as in any other profession, not even excluding the clergy, from the comparison. There are bad men, even among the preachers, and the lawyers can even boast that with all the rascals of their class, who earned divine condemnation, the legal fraternity never produced a Judas. There are, of course, good and bad in all callings, and classes, and always will be, so long as they are composed of human beings. The Examiner has no brief to defend lawyers, but there is so great disposition—temptation, in the Herald case, under the goad of injustice—to apply the ex uno disce omnes principle of judgment, to confound the good with the bad, that caution may well be counselled. There is good in all classes, and there is no man or woman so indifferent to moral appeal, that has not some latent good principles, or impulses, if they could only be found. The lawyers are not as the Herald would make us believe, all bad men. There are among those of Peterborough, we know, who are, for lawyers, very good men, honourable and true—and it would be rather difficult to name an exception. Hamilton may not be similarly blessed, but if the Herald would after its bad quarter of an hour over its recent experience, make a little investigation, it would find that the great majority of the legal profession do not justify the wholesale strictures, of which they are so often the object. We can find if we chose to be charitable, something good to say of the worst, as an esteemed old lady could do, who was known to have a good word for everybody, "I believe, Aunt Sally, that you would find something good to say of the devil." "Well, I must say that he tends to his business better than most people."

CANADA IN BRITAIN.

It is encouraging as well as gratifying to note the greater position of prominence Canada is taking in Imperial relations and the increased recognition the Mother Country is extending to our importance and the importance of our resources and possibilities. There is also a pleasing significance in noting the proportionately large number of Canadians who are taking a personal interest in the British general elections. And is to the credit of Canadian ability and energy that of the several Canadian candidates who have offered themselves for election, the majority succeeded. That is what we might expect judging the situation upon its merits, but it is not many years ago that a Canadian in a British election would be regarded as practically a foreigner, and therefore a negligible quantity on the part of the electors. The world moves, and no quarter of any themisphere is moving faster than Canada is. It may be unseemly to exult over these things but our day has come; as Sir Wilfrid Laurier says, the twentieth century is Canada's opportunity, and a grateful recognition of this fact is not inappropriate.

The Auditors Were Appointed

Messrs. Casement and Squires Named by County Council.

At the afternoon session of the County Council on Tuesday, the auditors for the year, Messrs. W. H. Casement, Lakefield, and J. L. Squires, Norwood, were appointed.

Councillor Andrews called the attention of the council to the claim of George D. Humphries, for the usual grant of $25 for services as a South African veteran. The matter was, on motion, referred to the Finance Committee.

HERPICIDE NOT A FAKE

Unsolicited Testimonials Tell of It's Superiority.

Alf. R. Kelley, residing at 2195 Divisadero street, San Francisco, Cal., writes the following:

"When I first purchased Herpicide I thought, like the majority of hair preparations, it would prove a fake. I am happy to state that, on the contrary, it is all, and even more, than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new hair sprouting out on my scalp, and inquired of me what I have been using. I tell them "Herpicide;" also give them your name and address." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Outside Friends Send Donations

The Children's Aid Society has a number of friends in the county outside the city, and to-day the treasurer received two contributions from the Townships of Dummer and Otonabee. They were as follows:

Friend in Otonabee, $2.
Mrs. Jacob White, Warsaw, $5.

Abbey's Effervescent Salt

25c and 60c a bottle. At druggists everywhere

Treating Ore By Electricity

Coe Hill Iron Ore Converted Into Steel.

Treating ore in electric furnaces for the manufacture of steel has been attempted in the province recently, and Mr. T. M. Gibson, Director of Mines, has been forwarded two samples of the product by Mr. J. W. Evans, Mining Engineer of Deseronto. The steel, which is of a high quality, was manufactured from titanium ore taken from the Horton and Coehill Mines, Hastings County, the entire process being completed within fifteen minutes. By this treatment the pig iron stage is eliminated.

These ores have not proven commercially valuable thus far owing to the difficulties experienced in treating them in the ordinary way. The electrical method is also expensive.

SICK KIDNEYS

Means Aching Backs and Sharp Stabbing Pains That Make Life Almost Unendurable.

An aching, breaking back, sharp stabs of pain—that is kidney trouble. The kidneys are really a spongy filter—a human filter to take poison from the blood. But sick, weak kidneys cannot filter the blood properly. The delicate human filters get clogged with impurities, and the poison is left in the system to cause backaches, headaches, rheumatism, dropsy and fatal inflammation. Dr. Williams Pink Pills are the one sure cure for sick kidneys. They make new, rich blood, which flushes them clean and gives them strength for their work. Dr. Williams' Pink Pills set the kidneys right, and make lame, aching backs strong and well. Mr. George Johnston, of the village of Ohio, N.S., says:—"My son, now eighteen years old, suffered from kidney trouble and severe pains in the back, which caused him many a sleepless night. We tried several medicines, but they did not help him, and he grew so weak that he could not do the work that falls to the lot of a young boy on a farm. We were advised to try Dr. Williams' Pink Pills, and this was the first medicine that reached the cause of the trouble. He took the pills for a couple of months, when every symptom of the trouble was gone, and he was as healthy as any boy of his age. I am satisfied Dr. Williams' Pink Pills will cure kidney trouble in its most severe forms."

Dr. Williams' Pink Pills actually make new rich blood. In that way they strike at the root of anaemia, indigestion, kidney trouble, liver complaint, erysipelas, skin diseases, neuralgia, St. Vitus dance, and the special ailments of growing girls and women whose health depends upon the richness and regularity of their blood. The genuine pills have the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box, and may be had from all dealers or by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Assistance Of Farmer Was Much Needed

Young Peterborough Man Who Had Interesting Experience.

Special to The Examiner.

Springville, Jan. 24.—On Sunday a popular young man of Peterborough, popular young man of this village, and an equally popular young lady, passed through an interesting experience. The young man in question, with his companion, started out in a cutter for a 16-mile drive to Bailieboro, and for some time everything went well. As they travelled south, however, the snow became a scarcer commodity, but they kept bravely on until they reached Springville, where their progress through the mud attracted the atention of the pedestrians and others on their way to church. They were determined, however, to complete their journey, and finding it impossible to proceed with the cutter, the young man engaged a buggy from one of the farmers, and proceeded on the journey. The young man was very liberal with his remuneration for the use of the wheeled vehicle, and as an evidence of good faith, left his cutter with his benefactor.

Miss Barrie, of Peterborough, is visiting at Mr. Thos. Ruth's.

Springville is losing one of its most prominent citizens in the person of Mr. F. Staples, who has re-sold his farm to Mr. Richard Dundas, and will go to Victoria Harbour, where he has purchased a general store,

Trading Stamp Act and How It Works Out

Retail Merchants Journal of Canada Gives Some Information in Reference to This Act--What Coupons Are and What Are Not Permissible Under the Act--Interesting Instructions for Retail Merchants.

VALUE OF COUPON MUST BE STATED

The following article, which is taken from the Retail Merchants' Journal, will prove of interest to the merchants of the city, as well as their customers, as it explains very clearly the present standing of cash coupons and trading stamps:

We have received a large number of enquiries from firms from all parts of Canada asking us to explain to them the exact position of the new Trading Stamp Act. Under the new act all tickets, coupons, cash register checks or other similar devices must bear upon their face the name of the merchant who issues them, the address, and the cash or mercantile value, for instance:

JOHN JONES & CO.,
709 King street,
Hamilton, Ont.,
Value, one cent in cash or merchandise.

Any conditions, such as "When you receive fifty of these tickets, or coupons, you are entitled to a silver spoon," or any such article, or amount, are of no value whatever. The coupons, or tickets, must bear upon their face their value, and they can be redeemed at any time by the person who presents them in payment for any article of merchandise in your store. They can not be redeemed by anyone else at any other place, only at the place where the address is mentioned. Any merchant who refuses to redeem any coupon or ticket that he issues at any time, for any amount, is guilty of a violation of the Criminal Code, and can be proceeded against at once. The object is to prevent merchants holding out promises that they will give certain articles worth a certain amount, after a customer has purchased a given amount of goods, and when the customer has carried out the agreement they find that the merchant or trading stamp company, produce or offer articles for redemption away below the value represented.

Under the new law if a merchant offers to give a discount, he must do so at the time by putting his name and address and the amount, on the coupon or ticket, and the customer who gets them may come in at any time and offer them as cash for any article or merchandize the merchant may have in his store. Some clothing merchants have been issuing coupons in the past, and redeeming them with cheap furniture and bric-a-brac, etc., after the customer has secured a given number, and only when they produce that given number. This system can not be continued now. Customers can bring in the coupons or tickets and present them as cash on any purchase of clothing at any time and the merchant must accept them.

This same rule applies to all articles, and we consider that no fair-minded merchant can find any fault with the new law. Our association is vigorously enforcing every violation and we shall be pleased to hear from any member or merchant who has any complaint to make in his locality.

Bridge Should Be Repaired

Structure Over Creek on Charlotte Street in Bad Condition

The condition of the bridge over the creek on Charlotte street should receive the attention of the Board of Works. Yesterday a dangerous hole was caused by the separating of two planks. An accident might quite easily have happened to a passing horse. Surely something can be done to place the bridge in a safe condition, otherwise a suit for damages may be the result.

Gin Pills Help You As Nothing Else Will

ONTARIO PROOF

GIN PILLS cure all Kidney ills from simple backache to diabetes pain in the small of the back and through the hips—swollen feet and hands—burning urine—constant desire to urinate—dizziness—headaches—spots before the eyes—with loss of appetite, sleeplessness and nervousness — disappear under the healing, soothing powers of GIN PILLS.

Men and women who have any kidney or bladder trouble are throwing away their one chance of health and happiness by not writing for a free sample.

OWEN SOUND, ONT., March 10th, 1905.

Having used a sample box of Gin Pills, and finding them give me great relief, I sent my father-in-law, A. McDermid, of Keady, a box; he having for years been used up with Kidney and bladder trouble, and unable to get relief from the urinary remedies used. Two Gin Pills gave him relief before half the box was used. He is now entirely cured, and I believe Gin Pills a great cure.

JAMES LODGE.

Do as Mr. Lodge did. Simply write us for a free sample box of GIN PILLS and try them at our expense. If you feel better in every way, and know that GIN PILLS are doing you good, surely you will continue using them until cured. That is why we will send you a free sample box if you write and tell us in what paper you saw this offer.

GIN PILLS are sold by druggists everywhere, 50c a box, or 6 for $2.50.

THE DOLE DRUG CO. • WINNIPEG MAN.

The Aftermath of Great Selling

Chances That Occur in January at the Peterborough Bookstore

When we say the "Aftermath," it will be necessary to explain that in the Peterborough Bookstore—where the sales are so large, there are bound to be little lots, odd and single volumes, remnants of rolls, packages, etc., that are for the month compelled to bear a sweeping reduction in price.

It isn't possible just now to buy a single "special offering" without purchasing an attractive bargain.

Kio Euchre Club Enjoy Outing

A jolly crowd of young people of the Kio Euchre Club, drove to Lakefield last night, and spent a very enjoyable time.

After the stimulating drive to the northern village the compiny partook of a palatable dinner at the Lakefield House, and enjoyed a few hours at cards. The party was chaperoned by Mrs. G. Browning and Mrs. F. Sawyer.

The party was composed of the following young people: Misses E. Sawyer, M. Sawyer, B. Montgomery, E. Scott, L. Scott, L. Browning; L. Seward, E. Nesbitt; and Messrs. R. Drake, A. Cranfield, W. Fitzgerald, J. Holland, G. Fitzgerald, W. MacDonald, P. Mowry, A. Seward.

Cheap Rates to Toronto.

The Canadian Pacific Railway Co. will issue tickets to Toronto and return for the Flag of England Choral Concert on Monday, January 29th, good going only on the 5.15 p.m. train of that date, returning by any train up to and including January 30th, at the low rate of $2.05 adult, and $1.05 for children. All those who purpose going should call and leave their names at City Passenger Agent's office, so that sufficient accommodation may be provided. W. McIlroy, agent, 343 George street. 4d.20

Not a Summer Crow.

"A crow came right up to my door to-day," said Mr. Noyes, the genial gatekeeper at the Charlotte street crossing of the G. T. R., to an Examiner representative.

"What!" said the reporter, taking out his note book to record another "spring" story.

"Oh, it's no indication of spring," said Mr. Noyes, "this fellow comes from Monaghan."

The discomfited scribe hurriedly pocketed his note book and walekd away muttering things.

The BEST STOVE CO.

Site Question Still the Subject Of Discussion

Officers of 57th Met Last Night to Talk Over the Transference of the Sites—Representatives of Board Were Present and Gave Their Views on Subject —Committee Was Appointed to Attend Joint Meeting.

SOME WARM DEBATE BETWEEN PARTIES

The question of the transference of the Collegiate Institute and Armoury lots is still in abeyance, and apparently no nearer settlement now than when it first came up. The officers of the 57th and the Board of Education seemingly cannot come to an agreement on the question, the chief difficulty existing in the disposal of the Separate School building. The Board desires, if possible, to preserve the school and use it for public school purposes. The original agreement, it is said, was that the regiment should have the two front lots on Murray street for the Armoury site, and the Board the two front McDonel street lots for the Collegiate Institute, which would leave the lots at the rear for a common play ground and parade ground.

The officers of the 57th held a meeting last night in the board room, at which were present representatives of the Board of Education, who had asked permission to state their views.

There were present, Lieut.-Col. Miller in the chair; Major Hayes, Captains Clurton, Hounsell, Eastwood, Clegg, Bennett, McLean and Mc Williams; Lieutenants Kelly, Longford, Watt and Wallace, and Messrs. D. W. Dumble, John Crane and Dr. M. A. Morrison, of the Board of Education.

The matter was discussed at some length, but no definite conclusion was arrived at by the meeting. A plan suggested by Mr. McWilliams, whereby the Armoury would be erected on the rear lots on McDonel street, and the Collegiate Institute in front of the Separate School building, was discussed. It is said that there was a somewhat heated argument between Capt. Eastwood and Mr. Dumble.

The members of the Board withdrew about 9 o'clock, after which the officers continued their meeting. The problem was discussed at some length, after which a committee, composed of Major Hayes, Captains Clegg, Bennett and Eastwood, was appointed to attend a joint meeint; of the officers, Board of Education and City Council.

The committee appointed by the Council for this purpose is composed of Ald. McIntyre, Tovey, Adams, McWilliams and Mayor Best.

The meeting will be held in the near future, and it is to be hoped that some amicable agreement may be reached. Lieut.-Col. Miller this morning assured The Examiner that the officers were willing to do anything in their power to reach a settlement provided it did not cause a delay in the erection of the Armouries.

Ladies' Damask Writing Tablets.

—Be a "regular," and join the list of well-pleased patrons at Eddie McClaire's new barber shop, Snowden's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

Expert Fuller Has Presented His Report

Waterworks Engineer Here and Met the Water Commissioners This Afternoon—The Report Deals With Estimates of Cost of Filtration Plant—Commissioners Considering It In Session To-day.

Mr. Chester Fuller, of New York, of the engineering firm of Hazen & Co., who was here some months ago gathering data on which to base his report on the proposed filtration, arrived in the city yesterday, and this afternoon at the meeting of the Water Commissioners he will present his report.

Mr. Fuller was seen on the Oriental to-day in reference to the report, but he preferred not to discuss it until it had been presented to the Commissioners.

He stated that it was largely devoted to estimates on the plant for the filtration of the city's water, and some analyses of the water were also made.

In studying the data which he had gathered while here, he had no occasion to change his opinion about the general conditions as published in an interview in this paper at the time of his former visit.

In his opinion there was nothing in the report which should not be given to the public, but he was not prepared to discuss it until the Commissioners had first had an opportunity of scrutinizing it.

CITY NEWS OF TO-DAY

Spring is Over.

—The Douro greybird will have to seek refuge in the strawstack to-day.

G.T.R. Will Run An Excursion.

—By special arrangement the G. T. R. will run a special to Toronto for Miss Helen Davies' Concert.

—The Y.M.C.A. flag was set half-mast yesterday out of respect for the late Cedric Sanderson, who was a member of the Association.

A Lecture.

—By Rev. J. W. Pedley, of Toronto, in St. Paul's Sunday schoolroom on Friday evening, January 26. Subject, "Making a Man." Admission—15 cents. 2d20

Open to Everybody.

—The Y.M.C.A. "Pops" are open to both ladies and gentlemen. No tickets are required, but a silver collection is taken at the door to defray expenses.

An Interesting Meeting.

—At the meeting of the Ladies' Literary Association of St. Peter's T. A.S., on Friday evening, Jan. 26th, a paper on the "Deportation of the Acadians" will be read by Miss Josephine Condon. 2d

Lost.

Will the customer who forgot to return one of our orange-slicers last spring kindly do so at once, as the marmalade season is again here and we are very much in need of it. S. A. Oke, 376 George street.

London by Limelight.

—The Rev. Gilbert Davidson, M.A., Vicar of Guelph, will give a lecture on London, with lime-light views, in the schoolhouse of St. John's church, on Monday evening, February 12, under the auspices of the Woman's Auiliary.

Trades and Labour Council Meet.

—The Trades and Labour Council will meet to-night at 8 o'clock in the Foresters' Hall, George street, when all members are requested to be present. The annual election of officers will be held. By order of C. P. Murty, President.

A Correction.

—In yesterday's issue of the Examiner reference was made to the meeting of the Board of Directors of the Peterborough Sandstone Brick Company, Limited. The name of the president of the company was incorrectly given as J. J. Singleton. As a matter of fact the president of the company is Mr. J. J. English, the well known and enterprising merchant of Hastings.

Evidence Accumulates

A Lady's Black Fur-lined Cape was lost on December 23rd and an advertisement inserted in this paper asking for its return. It was found by Mr. George Lynde, of Emmismore, who, on noticing the ad. in the Examiner, returned it to the owner, who rewarded his honesty. Proof of the value of this class of advertising is accumulating.

Shanahan's Gone Again

Albert Crouter Obtained License and Was Not Penalized.

Cecil Shanahan was told by the court the last time he appeared and was remanded on a vagrancy charge, that no expense would be gone to to bring him back. He was to have appeared this morning but did not, having, it is said, left the city.

Albert Crouter was charged with carting without a license. After the charge was laid Crouter obtained a license and was allowed to go.

Mr. R. M. Johnston, Midland, is at the Snowden House.

Mr. R. G. Kingan went to Omemee this morning on business.

Mr. W. W. Shaw, Walkerton, was in Peterborough yesterday.

Miss Margaret Hurley left yesterday to visit friends in Lindsay.

Mr. Max Ford, Kasbo, B.C., is registered at the Snowden House.

Mr. W. J. Green, 375 Brock street, will not receive to-morrow — Thursday.

Miss Lillian Hanna, of Toronto, is visiting Miss Stella Morrow, Water street.

Mr. R. P. Rothwell, Manager of the Metropolitan Life, went to Midland this morning.

Miss Nellie Minore, of Belleville, is visiting in town the guest of Mrs. A. Martin, Reid street.

Mr. J. W. Brightman, of Peterborough, was a guest at the Simpson House, to-day.—Lindsay Post.

It is noted with regret that Chief Roszel is confined to his house by a slight attack of la grippe.

Mr. Edwards and Mr. C. Doyle went to Peterborough yesterday morning to visit friends there.—Port Hope Guide.

Mr. Boswell, Superintendent of the Dominion Express Company, was in the city yesterday and left last night for Lindsay.

Miss Clara Bellegham, Bethune street, entertained a number of her friends yesterday evening at a thimble party.

Mr. and Mrs. Frank Connolly and little daughter, Ursula, of Lindsay, are the guests of Mr. and Mrs. Robt. Morrison, Aylmer street.

Bible Class' New Officers

St. Luke's Bible Class Enjoyed Social Evening.

Mr. and Mrs. J. J. Turner, jr., opened their hospitable home last night to the members of Mr. Turner's Bible class of St. Luke's church. About thirty assembled. Business was combined with pleasure, and the affairs of the Bible class were interestingly discussed. Officers were elected as follows:

Hon. Pres.—Rev. E. A. Langfeldt, M.A.

Teacher—Mr. J. J. Turner, jr.

President—Mr. Webber Turner.

Vice-President—Miss Carrie Whittaker.

Sec.-Treasurer—Mr. Percy Crane.

Rec.-Secretary—Miss May Courtney.

Sick Visiting Committee — Misses E. Gaskins, E. Cochrane and K. Calcutt.

The annual Bible class excursion was referred to a committee consisting of Mr. Webber Turner, Mr. Sidney Gibbs, and Mr. Sam. Whittaker, to report at a meeting later on.

After the business meeting, a pleasant hour was spent in social games. Mr. and Mrs. Turner proved to be charming hosts and made everyone feel thoroughly at home. Refreshments were then served, after which the rector, Rev. E. A. Langfeldt, spoke in appreciative terms of Mr. Turner's valuable help he gave him in the work of the church. As the teacher of the Bible class, he did especially good work, and the large attendance of so many young men showed how much Mr. Turner was valued as a teacher. The kind hospitality once more extended to the members of the class was characteristic of Mr. Turner in which he was so ably and gladly assisted by Mrs. Turner, who was always in hearty sympathy with her husband's work. Mr. Langfeldt called upon those present to manifest their appreciation by a hearty clapping of hands, which was done enthusiastically. The happy evening was brought to a close by everybody voting it the best in the history of the class.

Had a Bad Leg.

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was something dreadful. Dr. Chase's Ointment completely cured me. It took away the itching, and healed up the sore." — Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

Shareholders Of Otonabee Power Company Meets

Annual Meeting Held This Afternoon—Gratifying Report Presented by Directors — Dividends of Seven Per Cent. Paid —Bussiness is Enlarging—Steady and Constant Increase in Earnings—Large Number of Houses Lighted.

DIRECTORS ELECTED FOR PRESENT YEAR

The annual meeting of the shareholders of the Otonabee Power Company, Limited, was held in the Bank of Commerce building this afternoon, at which a large number was present.

The report presented by the directors to the shareholders was very gratifying. The company, since they began business, have paid dividends of 7 per cent. per annum regularly, every half year, on July 1st and January 1st.

The company has made a great many extensions during the last three years, particularly in the business part of the city, and the west and south districts also.

The number of houses supplied with electricity by the Otonabee Power Company, is in the neighbourhood of seven hudred.

The earnings of the company indicate a steady and constantt increase and, as a result, a handsome sum is to the credit of the Profit and Loss account, and the company is able to meet any contingency that might arise.

The following are the directors elected for the present year:

President—W. G. Ferguson.

Managing Director—W. H. Meldrum.

Vice-Presidents — R. R. Hall, M. P., Adam Hall and W. S. Davidson.

A Pioneer Shoe Brush.

Recently a traveller while in Peterborough met an old resident, who has one of Boeckh's shoe brushes, which has been in use daily for 27 years. He did not intend buying one which would last so long, but the clerk from whom he bought it persuaded him to purchase a good brush rather than a cheap one, and he certainly has had no reason to regret his decision. This goes to show that tthe best is the cheapest in the end.

Latest News Of Winter Sports

Peterboro's Win By Default

Are Champions of Intermediate O. H. A. District No. 2.

Peterborough now has the championship of District No. 2, in the Intermediate Series of the O.H.A., Port Hope having defaulted all the scheduled games.

The locals were to have played there to-night, and the return game was billed here for Friday.

The next O.H.A. game in which Peterborough will figure, may be played between the winners of Groups 2 and 3, which will be either Whitby or Uxbridge.

City League Games To-morrow

The Suicides and Suburbs and the Charlotte street Guild and Bankers will be the four teams that will play in to-morrow night's city league games. The first mentioned teams will play from 8 to 9 and the latter from 9 to 10. Dr. Gibson will referee the first game but the referee for the second has not been chosen. Good fast exhibitions are assured and a large crowd will doubtless be present.

HOCKEY

If men were fined in the O.H.A. for deliberately dirty play, the same as Taylor was in the last Houghton-Canadian Soo game, there would be less blood spilt. If the offenders were fined and ruled off for the rest of the game the play would be kept pretty clean. It's high time something was done towards eliminating rough tactics.

• • • •

The game between the Pill Pounders and P. B. C. teams scheduled for to-night has been declared off.

• • • •

The Examiner is informed from a reliable source that an appropriate trophy will be provided for the winners of the city league.

CURLING

At a meeting of the curlers last night a committee was appointed to submit a report for the organization of a new company at a meeting to be held next Monday night at eight o'clock.

• • • •

There will probably be three rinks of ice ready for curling to-night. The centre sheet will not be in condition until to-morrow at least.

TURF.

The Dufferin Park Driving Club, Toronto, will give three days in races on February 15, 16, and 17 following the Ottawa ice races. Great efforts will be made to have this meet a decided success.

• • • •

The following horses have been shipped to Peterborough to be raced before reaching Ottawa:—Nat Ray's Prince Greenlander, John Montgomery's Little Sandy and Happy Dreamer; Jas. Nesbitt's Roger, Hugh Scott's Rily B.—Toronto News.

• • • •

Fraser, the well-known free for all horse, owned by Mr. L. C. Nasmith, Buffalo, arrived in the city to-day and will enter the free for all at Peterborough ice races.

• • • •

An unconfirmed rumour states that the Picton ice races have been declared off.

BASKET-BALL.

There will be a basketball game to-night at 7.30 at the Y.M.C.A.—free to all—between the Arrows and the Alerts. This is the game of the season and promises to be of a strenuous character.

WEARY DAYS AND SLEEPLESS NIGHTS

Many men and women toss night after night upon sleepless beds until near dawn. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Worry or disease has so debilitated and irritated the nervous system that it cannot be quieted. Or, again, you have heart palpitation and sensation of sinking, a feeling you are going to die; or perhaps you wake up from your sleep feeling as though you were about to choke or smother, and rest leaves you for the night. Allow these conditions to continue and you will feel your health declining.

It is the nerves and heart that are not acting properly.

They can be set right by the use of

MILBURN'S HEART AND NERVE PILLS

They soon induce healthful, refreshing sleep, not by deadening the nerves, but by restoring them to healthy action and removing all symptoms of heart trouble, which is often the cause of nervousness and sleeplessness.

Mrs. Ennis Chambers, Massey Station, Ont., writes: "I was troubled with dizziness, weak spells and fluttering of the heart. I was so bad at times I could not lie down in bed at nights but would have to sit up. I doctored for a whole year and got no relief. I took three boxes of Milburn's Heart and Nerve Pills and was so completely cured I have not been troubled since. I cannot recommend them too highly."

Milburn's Heart and Nerve Pills are 50 cents per box or three boxes for $1.25 at all dealers or sent direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Friday Night's Good Smoker

A First-Class Athletic Bill and Musical Programme Will be Presented.

Don't forget the smoker in the old opera house on Friday night. Wrestling, boxing, singing, dancing, bacon swinging and other features will form an excellent bill. The main bout between Carroll and Blake, which is scheduled for ten rounds should be a great drawing card. These men are clever boxers and willing to mix it up, so some good milling will undoubtedly be seen when they clash. The preliminaries and musical programme will also be of a high order.

BOXING AND WRESTLING

On Monday night Charles Conkle, of Hamilton, the Canadian welterweight champion, succumbed to Frank Gotch, the American heavyweight champion in a handicap bout. Referring to the match the Buffalo Courier says:—

Frank Gotch defeated Charles Conkle in a handicap wrestling match last night, this bout making the second of a series of handicap matches in which Gotch agreed to throw Conkle twice within thirty minutes. Upon the occasion of their first meeting Gotch failed to down his plucky little opponent, although at the time he came close to accomplishing the feat, having Conkle in a bad position when time was called.

Last night Gotch went at his man as fiercely as upon the other occasion. Conkle proved as slippery as ever and repeatedly wriggled out of bad positions. After some fast work, after about ten minutes of wrestling or 10.35, to be exact, Gotch pinned the Canadian to the floor with a half Nelson and a leg hold.

After a three minute rest the pair faced each other again. This bout was even more rough than the first and Conkle, upon two occasions, got behind Gotch. Frank became very angry when he finally got Conkle in a bad place, having an arm hold on him and coupled with a scissors hold. Conkle persisted in jabbing Gotch with his elbow and this bothered Gotch a great deal. Conkle got away from this hold but Gotch quickly grabbed him and Conkle fell into a full Nelson from which he was unable to get away and Gotch finally forced his opponent's shoulders to the floor. The time for the two falls was twenty-six minutes.

A packed house greeted the men as they went on the mat.

Should A Young Man Marry On $16 A Week?

BEWARE OF THE GOOD LOOKER

To the Editor of the Examiner:

Now, just a word to the man who prefers jail to a married life. I think it's the proper place for him.

Now how much of that $16 did he give his wife? I suppose he allowed her and the rest of the family at least 25 cents. We will say for four of them. I consider $16 a week plenty to start on the sea of matrimony. That is, with some men, not with one who leaves $10 around the corner just so none of the saloons will go out of business. In choosing a life partner think a few minutes longer than you would for a ballroom companion, for a poor specimen of a man may be handsome and a swell dancer. You know it's much easier to educate the feet than the head

WIDOW.

WILL TRY IT ON $15 A WEEK.

To the Editor of the Examiner:

As I am going to be married next month I want to tell you what I think about $16 a week.

It is fine if you get the right woman. The man I am going to marry is getting $15 a week, but he is wise. He has put a little away every week for about four years; and me, I have also money in the bank—towels, bed linen, table linen; also a number of extra things for myself, so as to give the man a start and not have to buy clothes for me a week after we are married.

I have done housework for seven years. I can wash and iron, cook and bake, and do all my own work when I am married. But, of course, I can't play the piano, but for that I need not take a back seat. I am no swell dresser, but always plain and respectable, and I am not afraid to go any place. I don't expect to be down town every day, but stay home and do my work and have everything cosy when my hubby comes home.

A GIRL OF TWENTY-ONE.

THE OLD MAN AND THE $16 CHAP

To the Editor of the Examiner:

In reading the comments upon the $16 man, recalls my early experience.

When single, I earned $13 a week and had the appearance of drawing $25. I mingled in pretty good company and was always about a month ahead of my pay. In time I became engaged and the date set to be married about a year off. This engagement was not taken seriously by me, and I had no idea of getting married; at least not for five or ten years.

About three months before the date my present wife asked of I were making any preparations, and I tried to postpone the event, but she said no. She had told all her friends about it, and would not stand for a postponement. It was up to me to explain my financial situation.

She said: "We have got to live on the $12."

But I said: "We have nothing to start with and I owe about two months' pay."

She asked: "Can you borrow some money and we will pay it back."

I borrowed money from every one who would let me have it and started in the matrimonial game with $126 borrowed money.

We paid that money and had some lessons in economy which cannot be found in the fourth reader.

I also took more interest in my work, and as soon as my employer saw that the novelty was not wearing off, I was promoted to foreman, then superintendent and at last taken into the firm.

I am not on easy street, but am fairly well fixed, have been married 20 years, have seven children, three boys and four girls.

I am not kicking $16 men out of the house and I do not believe human nature to be changed. I think my daughters would be equal to the emergency, as their mother has proven herself to be.

Marriage is a success if you wish it to be and happiness cannot be weighed on the scales of dollars and cents.

THE OLD GENT.

FURNACE GAS PROVES FATAL.

Three Servants Asphyxiated and One is Already Dead.

Quebec, Jan. 24.—Three servants—Mrs. Thomas Greene, her husband and an English girl of about 18 years, employed by Mr. and Mrs. Andrew Joseph, were found unconscious on the floor of the basement of the latter's residence, Grand Allee, by other servants, about 8 o'clock yesterday morning. All had been asphyxiated by gas escaping from the furnace. Mrs. Greene is dead.

Her husband attended the furnace and did other chores. They were an English couple, past middle age, and had been here about a year.

The key in the furnace was turned, and this, it is thought, caused the gas to escape.

Children Slide to Death.

Sherbrooke, Que., Jan. 24.—A drowning accident occurred here yesterday afternoon. Two young children, Claudia Enniare, 14 years old, and Jeannette Gagnon, four years, were sliding down a very icy hill, which finished at the river. They slid on to a large piece of ice, which immediately started away and broke up. The only witness of the accident was unable to render assistance, as the stream was by that time full of floating ice.

It is said that last year the salaries of 24,000 elementary school teachers in Ohio averaged 73 cents a day.

A QUESTION OF COST.

In any number of stores you'll see various preparations of cod liver oil at as many different prices. You'll wonder, perhaps, why Scott's Emulsion costs more than some other kind in as large a bottle. Hearing only one side of the question you may be led into buying the "just as good as Scott's" at the lower price. That's false economy. Scott's Emulsion costs more because its more expensive to make. Every ingredient is tested and guaranteed of the purest quality. No adulteration, no shaving of quality. There's no economy in bargain medicine. If you can afford to experiment with your health, substitutes may satisfy you. We take it, however, that you want a pure preparation, a reliable remedy and something that's going to help you. That's what you get in Scott's Emulsion. Thirty years the standard.

THE SUNLIGHT WAY

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the daintiest fabric or the hands, and the clothes will be perfectly white, woolens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals – indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

5c. Buy it and follow directions 5c.

YOUR MONEY REFUNDED by the dealer from whom you buy Sunlight Soap if you find any cause for complaint. 165

TORONTO SAVINGS AND LOAN COMPANY

NOTICE OF ANNUAL MEETING

NOTICE IS HEREBY GIVEN that the Annual General Meeting of the Shareholders of the Toronto Savings and Loan Company for the election of Directors, reception of Annual Report and other purposes, will take place at the Company's Offices, 437 George St., Peterborough, on

FRIDAY, the 26th Day of January

1906, at Two o'clock P.M

By order of the Board.

W. G. MORROW,
MANAGER.

HOUSE DATE ANNOUNCED.

Legislature Will Be Opened Thursday, Feb. 15—Short But Brisk Session Is Aimed For By Premier.

Toronto, Jan. 24.—His Honor Lieutenant-Governor Mortimer Clark will formerly open the Ontario Legislature on Thursday, Feb. 15, at 3 o'clock.

This statement was made officially by Hon. J. P. Whitney, Premier of Ontario, last evening, and the proclamation was prepared last night.

Notices will be sent out to-day to all parties immediately concerned.

The Premier announced that it was the expectation of the Government to dispose of all the public business in a thorough way in time to prorogue the Legislature on Thursday, April 12, the day preceding Good Friday, making the session a brief but brisk one of just eight weeks.

An organized attempt will be made to do away with the delays which have in the past characterized dealings in connection with private legislation. The times of extension of bills will be shorter and members will be asked to get their notices in right away.

Hon. Mr. Whitney would not say when the Government legislation would be brought forward, beyond that it would be "as soon as possible."

Mayor of London Appointed.

Toronto, Jan. 24.—A Royal Commission was issued yesterday morning, appointing Joseph C. Judd, mayor of London, and a member of the firm of Meredith and Judd, solicitors, a commissioner to inquire into the charges and counter charges which have been made against S. T. Bastedo and J. S. Webster, of the Fisheries Department. Mayor Judd of London was at the buildings yesterday arranging the preliminaries. Charges on both sides must be submitted in writing by Friday morning. Commissioner Judd will peruse the copies of their charges against each other between Friday and 10 o'clock Monday morning, when each side must be ready with their witnesses to appear before him at the Parliament buildings.

Inspectors Are Alert.

Ottawa, Jan. 24.—During the past four months the fruit inspectors of the fruit divisions of the Department of Agriculture have been very watchful of shipments sent abroad. During the past four months convictions for violations have been thirty-four, the fines ranging from $5 to $50

The TERRIBLE PANGS OF DYSPEPSIA CAN BE CURED

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic.

Dyspepsia is a disease that in one way or another resembles nearly every other disease, and the only way to get rid of it is to tone up the stomach, liver, bowels and blood. This will be quickly done by the use of

BURDOCK BLOOD BITTERS

It regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the entire system.

Mrs. M. A. McNeil, Brook Village, N.S., writes: "Last winter I was very thin and was fast loosing flesh owing to the run down state of my system. I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose. I finally started to use Burdock Blood Bitters, and from the first day I felt the good effects of the medicine and am strong and well again. I can eat anything now without any ill after effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

Two Canadians Turned Under In The Elections

Capt. Campbell and H. Fraser Wyatt Beaten By Liberals.

AUSTEN CHAMBERLAIN WINS

Former Chancellor of the Exchequer Increases His Majority—Of New Canadians In the British Political Field, Two Obtain Seats—Lord Dalmeny Faces Irish Problem —The Latest Returns.

London, Jan. 24.—(C. A. P.)—The following was the standing of the parties at last midnight:

Liberals	289
Labor	38
Conservatives	126
Nationalists	80
Liberal Gains	159
Labor Gains	31
Conservative Gains	10
Nationalist Gains	2
Seats unfilled	144

London, Jan. 24.—Two more Canadian aspirants for the House of Commons fell yesterday. They were Capt. D. F. Campbell and H. Fraser Wyatt, both Conservatives. This disposes of the list of new Canadian candidates in this fight. The net result is the addition of two to the House—Hamar Greenwood and Boulton, both Liberals. All the four Conservatives have now shared the fate of so many of the party and gone down to defeat.

Capt. Campbell was defeated in a three-cornered fight in Mid-Lanark by a majority of 2,776. The seat has always been held by Liberals with majorities of 71 to 1,863. This time a Labor candidate was in the field, but his candidature was repudiated by the official labor men. The Liberal candidate declared that the Conservatives were paying the expenses of the Labor men, but this the Conservatives strongly denied. The result was that James Caldwell, the Liberal, polled 7,246; Capt. Campbell, Conservative, 4,470, and Gibson, Labor, 758.

Mr. Wyatt also fought an even stronger Liberal seat in the Rushcliffe division of Nottinghamshire, where the majorities in the past have ranged from 446 to 2,636. He was opposed by J. E. Ellis, Under Secretary for India in the new Government, whose majority is 3,634. The vote stood—Ellis 9,090, Wyatt 5,450.

Tuesday's Gains.

Other returns last night include one Conservative gain; one Labor gain, and two Liberal gains.

W. Mitchell Thompson, Conservative, secured the seat by a majority of 675 in Northwest Lanark over C. M. Douglas, Liberal, who held the seat by 291. The Labor candidate secured 3,291 votes, and is therefore blamed for defeating the Liberal condidate.

Labor gained the Newton division of Lancashire, J. Seddon defeating Col. Richard Pilkington, Conservative, by 541, the former Conservative majority being 1,504. Labor also scored in the Heywood division of Lancashire. E. H. Holden defeated Capt. M. F. M. Buller by 1,112, and in the Tottenham division of Middlesex Percy Alden securing 2,947 over Horace W. Chatterton, who started with a lead of 2,712. The Liberals also hold the Loughboro division of Lancashire, Maurice Ivey being elected by 1,780.

Irish Question Bobs Up.

Other ridings were decided yesterday, but are not yet announced. The most interesting fight occurred in Midlothian, where Lord Dalmeny, elder son of Lord Rosebery, was fighting for the seat once held by Mr. Gladstone. The Irish question caused trouble, though Lord Dalmeny's utterances were sympathetic to the Irish cause, and in line with Sir Henry Campbell-Bannerman's pronouncement. He is held responsible for his father's strongly antagonistic views and the official Irish leaders issued a manifesto against him. The last Liberal majority was 314, and the Irish vote numbers over a thousand. It is not thought the manifesto will do more than split the Irish vote at the most.

The standing of the parties is—Liberals 289, Labor, 38, Conservatives 126, Nationalists 80

Gains are: Liberals 159, Labor 31, Conservatives 10, Nationalists 2

Austin Chamberlain In.

The east, or Bromsgrove, division of Worcestershire has re-elected Joseph Austen Chamberlain, Liberal Unionist, eldest son of Joseph Chamberlain, and former Chancellor of the Exchequer, by over 4,000.

Donald MacMaster, K. C., the defeated candidate at Leigh, and a former Canadian, addressing the meeting after his defeat, said they had been beaten this time by false cries and the landslide.

The future was theirs. They must take to heart the lesson of the fight, and improve their organization. It was not gentlemanly to jeer at a defeated candidate, as the crowd had done at him. Conservatives were bound to win at the next swing of the pendulum.

Five Killed by Snowslide.

Silverton, Colo., Jan. 24.—Five Italian miners employed at the Sunnyside Mine lost their lives in an immense snowslide late Monday afternoon. There are eleven slides between Silverton and Elk Park. The slides average from seven to thirty feet deep and from 50 to 450 feet wide.

Tartars Attack Patrols.

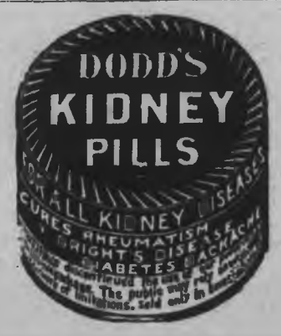
Elizabethpol, Transcaucasia, Jan. 24—Hostilities have been resumed between the Armenians and the Tartars A band of Tartars Monday attacked the military patrols, but were dispersed by the artillery.

Adamy Extradited.

Toronto, Jan. 24.—U. S. Commissioner Keating has granted an order for the extradition from Buffalo of Albian Adamy, a Syrian, who is wanted in Toronto for the alleged theft of $700 worth of jewelry.

No Lights At Brantford.

Brantford, Jan. 24.—Monday night the city was in total darkness on account of the high water at the power house.



Servia's King Likely To Lose His Kingdom

Austria Thinks That Will Happen King Peter of Servia.

GERMAN PRINCE TO SUCCEED

Other Troubles Have Cropped Up In the Balkans, and Austria-Hungary and Turkey Are Wroth—Proposed Customs Union of Balkan States Gives Offence and Retaliation Begins by Austria-Hungary.

Vienna, Jan. 24.—A despatch received late Monday night from Belgrade says that the Austro-Hungarian frontier has been closed against Servian cattle. This marks an acute step in the quarrel between Austria-Hungary on one side, and Bulgaria and Servia on the other, as the result of secret negotiations between the Balkan States for a mutual customs union.

All the efforts of Austria-Hungary to terminate the negotiations looking to the conclusion of the customs union have been unavailing. In its last note on the subject the Servian Government declined to be guided by Austria-Hungary's suggestion in the matter. The negotiations between Austria-Hungary and Servia for the conclusion of a commercial treaty were officially broken off Monday because of Servia's persistence in endeavoring to form the union with the other Balkan states.

The closing of the Austro-Hungarian frontier against the importation of Servian cattle into Austria-Hungary is clearly an aggressive movement for the purpose of making Servia understand that Austria-Hungary is firmly opposed to the proposed neutral customs union of the Balkan states. Ninety per cent. of the Servian cattle are marketed in Austria-Hungary.

Turkey Makes Demands.

London, Jan. 24.—Telegraphing from Sofia Monday, The Times' correspondent says:

"Contending that Bulgaria has no right under the provisions of the Berlin treaty to conclude such a convention, Turkey has presented a note requiring that Bulgaria abandon the Servia-Bulgarian convention. Bulgaria refuses to comply with the request.

"Turkey's intervention, apparently, is attributable to Austro-Hungarian inspiration, and introduces a new factor in the situation; but it is not known whether Turkey is ready to enforce the demand by frontier regulations."

Special despatches from Vienna to yesterday morning's London newspapers are inclined to attribute the strained relations between Austria-Hungary and Servia partly to the waning influence of King Peter. The King is represented as being powerless to control the policy of his Cabinet owing to the growth of Radical and Republican influences which, it is said, appear to threaten the position of the Servian dynasty.

Days Are Numbered.

The correspondent of The Daily Mail says:

"It is believed in Austria that the days of the Karageorgevitch dynasty are numbered, and that before a year has elapsed King Peter and his family will be expelled. King Peter's court is virtually boycotted by the European courts, owing to suspicions that he had foreknowledge of the murder of King Alexander and Queen Draga, and already a strong party is trying to place a German prince on the Servian throne."

The correspondent of The Daily Chronicle says he hears that Austria has learned of the conclusion of a military alliance between Servia and Bulgaria.

Great Marine Disaster In The Pacific Ocean

50 Or 60 Lives Lost Off West Coast of Vancouver Island.

THOSE IN PERIL ABOUT 90

Pacific Liner Valencia a Helpless Wreck—Information Obtainable Is of the Vaguest Sort—Steamer Queen City Sent to the Rescue—Boatload From Valencia Reach a Point Near Carmanah.

Victoria, B. C., Jan. 24.—A great marine disaster has occurred near Carmanah, off the west coast of Vancouver Island. The steamer Valencia of San Francisco, a regular liner plying between points in California and Washington, Victoria and the north, and which was due in Victoria Monday night, was wrecked off Cape Beale, going ashore on a rocky and perilous place. The first news of the disaster reached Captain Gandin, Receiver of Wrecks, late yesterday afternoon upon the arrival of nine of the survivors in a boat which succeeded in landing at the telegraph huts on the coast several miles from the scene of the disaster. The information obtainable from them as to the loss of life when the Valencia struck and the crew and passengers took to the boats is of the vaguest sort.

Over a Hundred On Board.

There were considerably over a hundred persons on board. Mr. Paterson, the lighthousekeeper at Cape Beale, wired that sixty persons had been drowned, and asked that assistance be rushed from Victoria at the earliest moment.

The vessel is reported against a cliff and the survivors who reached shore near Carmanah are the only men who can furnish any details of the affair. They have already told their story, although a disconnected one. The reason the vessel proceeded so far north and how she came to strike on the coast still remains unexplained.

Canadians On the Vessel.

The passenger list is not yet obtainable, but Victorians are looking on the present vessel for W. H. Langley, a well-known local barrister, and his bride, formerly Miss Raiss. Another bridal couple on board are J. Downey of Saanich and wife, the latter a Miss Camp. Messrs. J. Lyle, a former purser of the Rosalie, and Fay, an insurance man, were also on board. The steamer Queen City, which left here last night for the west ocast, had on board a number of Indians, who were to land both at Cloose and Pachena Bay, where the Valencia is. This being the case, the Queen City could not fail to see the stranded vessel, and may have already rendered help.

To Attempt a Rescue.

The steamer Queen City will bring the survivors to Victoria in the morning. The lost may be safely put at fifty or sixty, and those in peril at about ninety. Two young men, Dayton and Logan, have gone to the scene in a small boat with ropes in hope of rescuing two men who are on the face of the cliff and unable to get up or back to the ship and in peril from the rising tide.

Many Claimants For The House Of Refuge Heard By The Council

Deputation of Fifty Persons Waited on the County Council This Morning From Lakefield to Ask for Location of New Institution for That Village—Present Claims in Enthusiastic Terms—Norwood Also After It—Some of the Arguments Advanced by Deputations.

This morning two deputations waited on the County Council in reference to the location of the House of Refuge, each asking that it be erected at the villages represented by them. These deputations were from Norwood and Lakefield, the latter numbering about 50 persons, who took the County Council by storm. They gave reasons why, in their estimation, the House of Refuge, which they assumed the Council had decided to build, should be erected in that village. The Norwood deputation was not a large one, but the members were equally enthusiastic over the advantages possessed by their village. Those comprising the Norwood deputation were Messrs. E. P. Cuffe, president of the Board of Trade; John Finlay, M.P.; J. L. Squire, Dr. Robertson and J. B. Pearce, while those who represented Lakefield were: Messrs. R. Strickland, Wm. Graham, Reeve Moore, and the council, and clerk, H. G. Fitzgerald, Gerald Fitzgerald, John Hill, Dr. J. R. Fraser, Dr. Baker, R. Johnston, F. E. Kline, R. P. Davidson, J. F. Lillicrap, E. R. Tate, A. Fairbairn, J. P. Strickland, O. A. Langley, Geo. S. Hilliard, Geo. Payne, F. M. Delafosse, W. F. Trude, A. J. Kidd, M. Fesher, Levi Payne, Geo. A. Baptie, A. Hendron, S. Wallace, J. Griffin, W. Harper, J. H. Shorin, J. S. Fitzgerald, J. H. Davis, A. D. Hill, Rev. T. R. Leggott, Ven. Archdeacon Warren, Rev. E. A. Campbell and a number of others.

Norwood Deputation.

Mr. E. P. Cuffe introduced Mr. J. B. Pearce, who addressed the Council on the question of the House of Refuge. He presented the claims of Norwood as a location for the new institution. A very desirable site could be procured near the station, which would be admirably suited to the needs of the House of Refuge. He took it for granted that the Council had decided to erect the House, and the only question was that of location. Mr. Pearce recalled that the $40,000 bequeathed to the county to be used for its poor by the late Mr. Foley, had been accumulated in that part of the county.

Mr. J. L. Squires also addressed the Council and corroborated the statements made by Mr. Pearce in reference to the desirable location referred to. Norwood had the endorsation of the surrounding townships and the village of Havelock as well, and he felt sure that the Council would carefully consider the matter, and that the claims of Norwood would be given due attention.

Mr. John Finlay, M.P., referred to the peculiar claims of Norwood, and stated that, in his opinion, no more desirable place in the county could be found.

Mr. E. P. Cuffe, president of the Board of Trade, said that he could not help feeling that Norwood was the very best location for the House of Refuge. The village as far as population was concerned, was very close to the centre of the county, and on the main line of the C.P.R. which would make it easy of access. Peterborough, he thought, had little in common with the county, and, therefore, had no particular claim to it; while it could be maintained much cheaper at Norwood, than in this city.

Mr. Cuffe said that he had received assurances from the Reeves of Dummer and Havelock that they would support Norwood's claims.

Mr. Joseph Johnston, reeve of Belmont and Methuen, addressed the council briefly, and stated that he was fully in accord with the request of the former speakers.

Dr. Robertson also spoke along the same line, and advocated the claims of Norwood.

Lakefield's Request.

After the arrival of the train from Lakefield, the Council Chamber was filled to overflowing with those who were supporting Lakefield's contention that it was the only location for the county institution.

Reeve Moore was the first speaker of the deputation and stated the object in waiting upon the council, briefly. He called upon Mr. Strickland.

Mr. Strickland congratulated the warden upon his elevation to that office. He was sure that the council would give the matter of the selection of the site of the House of Refuge, their serious attention. The deputation felt that Lakefield was a central location, and there were a number of available sites which would be suitable for the location of this institution. He was sure that Smith and Douro, and the northern part of the county, would support the claims of Lakefield.

Ex-Reeve Tanner followed, and spoke along the same lines. They had come to point out that Lakefield, or its immediate vicinity, was the most desirable location for the House of Refuge. Lakefield in the past, had received practically nothing from the county, while Norwood had the High School; and the interests of the county as a whole, would, he felt sure, be best served by the erection of the proposed House of Refuge in Lakefield, which was the largest contributor to the funds of the county. He pointed out the many advantages which Lakefield offered for the establishment of an institution of that kind.

Councillor Cornish considered that Lakefield was the most healthy place in the county. It possessed the best water and air—two necessary requisites for the location of a House of Refuge. There were, too, a great many good sites in the vicinity of Lakefield than in any other municipality in the county. The accessibility of the village was also referred to, and he thought that since Lakefield was such a growing and progressive place it had superior claims to the establishment of such an institution. He invited the council to send a deputation to that village to see for themselves the advantages possessed by it.

Mr. John Hull, Mr. Geo. Payne, Dr. Fraser, William Graham, and A. O. Langley all spoke briefly on the question, and on motion of Councillor Moloney, seconded by Councillor Stenson, the matters dealt with by the deputation, were referred to the Finance Committee.

Murray Street Sunday School Entertainment

Delightful Entertainment Given Last Night by the Pupils.

The annual tea and entertainment of the pupils of the Murray street was held last night in the lecture room of the church, at which a large number of scholars, parents and teachers, were present. The affair was most enjoyable and successful in every way. Tea was served from 6 to 7.30, after which a good programme was rendered. The names of the scholars who attended every Sunday throughout the year, were announced. These numbered thirteen, besides two who had been granted vacation cards. These scholars will be presented next Sunday afternoon with a revised version of the American Bible. Those who attended every Sunday for six months will be given a silver star, and those who had been granted a vacation, and were among the prize winners, a revised Testament, American edition. The total number on the roll for the past year was 276.

Mr. E. B. Edwards, K.C., superintendent of the school, took the chair for the musical part of the entertainment.

A letter from the pastor Rev. F. J. Scott, who expressed his deep regret at not being able to be present, was read.

It is very gratifying to those in charge of the affair, that it proved such a success, for by the large attendance, deep interest, and harmonious proceedings, it was rendered enjoyable to all who were present, as well as to those who worked so hard for its successful issue.

The talent that took part in the programme consisted almost entirely of the Sunday school pupils, and considering the extreme youth of the majority of them, their efforts were most commendable and satisfactory.

Following is the programme:

Instrumental—Miss Hope Miller.
Glory Song—Baracca Bible class.
Solo—Gordon Matthews.
Recitation—Miss Tillie McCubbin.
Instrumental — Frances Routley.
Instrumental—Ethel Hardwicke.
Solo—Emily Miller.
Recitation—Master Earl Cross.
Instrumental—Miss Janet Quinn.
Recitation—Miss Edith Hardwicke.
Song—Primary Class.
Talk on birds—Mr. E. Eloome.
Recitation—Miss Nellie Drummond.
Song—Miss Roxie Kidd.
Instrumental—Miss Tillie Packard.
Recitation—Miss Angela Armstrong
Instrumental—Miss Emily Walker.
Recitation—Miss Mildred Martin.
Recitation—Master Morley Gurnley.
Japanese Lullaby—Miss Maud Titterson.

The selections on the programme were much appreciated, and many of the juvenile artists had to respond to hearty recalls.

CUTICURA SOAP

The World's Greatest Skin Soap.

The World's Sweetest Toilet Soap.

Sale Greater than the World's Product of Other Skin Soaps.

Sold Wherever Civilization Has Penetrated.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, and purest and sweetest of emollients, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves to women, especially mothers, as well as for all the purposes of the toilet, bath, and nursery.

Cuticura Soap combines delicate emollient properties derived from Cuticura, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in one soap at one price the most effective skin and complexion soap, and the purest and sweetest toilet, bath, and nursery soap.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.

FALSE ACCUSATIONS.

To the Editor of the Examiner:

I understand that some stories in reference to me have been circulated among the employees of the Auburn Woollen Company, by one of them, and I take this means of denying absolutely the truth of these accusations. I would also ask the one who instigated the stories referred to, and whose identity is known to me, to meet me and make his assertions personally, before Saturday night, and in the event of his refusal to grant this request he will be called upon to prove the statements made, by other methods.

CHESTER C. MOWRY.

Peterborough,
January 24th, 1906.

Editor Post Card Column:

The people who live in the vicinity of the electric light on the corner of Park and Weller street have great cause to complain of the wretched illumination given by the light on that corner. It has been completely out last night and the night before as well. On Monday night ladies and gentlemen had to walk in water and slush over their boot tops, being unable to see anything on account of the darkness of the night and there is certainly no undue brilliancy issuing from an electric light pole, which stood there like a statue erected to mark the payment of the people's money for nature's aggravating darkness. And the one on Reid street opposite Brock is no better. Both lights have been out for a week at a time.

Why does the council allow such an absurd condition of affairs to exist? Perhaps the answer is because our worthy Aldermen can sleep better in the dark. What are the citizens paying their good money for? Not for darklight anyway.

Thanking you, Mr. Editor, for your valuable space,

Yours truly,
MAN IN THE DARK.

Editor Post Card Column:

Sir,—Is there any way to stop the impudence of medical agents? The other day one called at my home and my wife told him she was not ill and wanted nothing. But the insolent fellow said she would have to see the samples and commenced showing them. She had considerable trouble in getting him out of the house. This is something intolerable and should, I think, be taken into consideration by the city authorities and banished at once.

Peterborough, January 24th.

JUSTICE.

Peterborough,
January 23, 1906.

Editor Post Card Column:

Dear Sir,—Will you be so kind as to inform me where The Edison Works are situated. They are referred to in your last issue by a correspondent who signs himself Mr. Dooley, Jr. I can find the Shovel Factory, The Cereal Works, The Canadian General Electric Works and the numerous other manufacturing establishments of which the city boasts, but during my six years residence here have been unable to locate The Edison Works.

Now, joking aside, Mr. Editor, do you not think it is about time the citizens of this prosperous little city, with its new opera house, Y.W.C.A. and Y.M.C.A. buildings, and other up-to-date institutions, should drop from their vocabulary a name once used for the principal manufacturing establishment of the town, but now out of date for the last fifteen years or so, to say nothing of publishing it in a daily newspaper.

Yours very truly,
H. T. MILLARD.

A Friend Told Me About Bu-Ju

THE GENTLE KIDNEY CURE

Hundreds of people, who have been cured of Kidney Trouble by Bu-Ju, were first induced to try this wonderful remedy by friends who had themselves been cured. The sales of Bu-Ju are daily increasing, because everyone who takes them is benefitted—and these in turn, tell others. So the good news is spread.

Here is what a Picton man says about Bu-Ju:—

"I have used Bu-Ju with great benefit to myself, and cheerfully recommend to all who, I think, are suffering from Kidney Troubles and Rheumatism.

"I think Bu-Ju the best remedy made."

Yours sincerely,
JAMES MILLS.

MUSIC AND DRAMA

"His Highness the Bey," which will be at the Grand to-night, is said to be one of the finest productions of its kind on the road. The scene of the opera is laid in the deliciously hazy Balkans, and the plot abounds with very ludicrous situations. The chorus, which includes the famous broilers, is one of the best that has ever appeared in comic opera, while the beautiful staging is most suggestive of the Oriental scenes it represents. The costuming is very elaborate and appropriate, and to those who enjoy the very best that comic opera affords, "His Highness the Bey" will prove a delightful offering.

• • • •

"His Highness the Bey," the musical comedy which appears at the Grand to-night, played a return engagement at Hamilton last night. The theatre-going people of the Ambitious City were so delighted with the production that crowded houses greeted "the show with music" on both appearances.

Omemee Anxious About Railways

Old G.T.R. Road to be Abandoned and New Line Built.

Special to The Examiner

Omemee, Jan. 23.—The railway situation here is causing citizens a good deal of anxiety. It is reported that the old G. T. R. track is to be abandoned and a new line built running directly from Roaboro to Bethany. This step will be taken in order to secure a level road and to avoid grades and curves.

To avoid big grades and to secure a direct road to Peterborough, the Peterborough-Georgian Bay branch of the C.P.R. is bound to keep three miles north of the village, which is somewhat disappointing to the citizens, who thought that the line would run through Omemee.

The condition of Miss Rowan, who was operated upon Saturday for appendicitis, is causing anxiety to her large circle of friends. Slight hopes are held out for her recovery.

The union social, which was to have been held at Lakefield on Monday night was postponed owing to the serious illness of Miss Rowan, the organist.

J. SUTCLIFFE & SONS

A Filtration System For The City's Waterworks, Advises Expert Hazen In His Report

Mr. W. E. Fuller Presented Yesterday in Person the Report Prepared by Allen Hazen, the New York Engineer—A Sand Filtration System at Cost of $80,000 is Recommended — Peterborough's Water, He Says, is Very Good—Plant is in Good Condition and Ample to Provide Fire Protection—The Recommendations in the Report.

As stated in yesterday's issue of this paper, the Water Commissioners met yesterday to receive the report of Mr Allen Hazen, the engineer engaged by the Board to report on the proposal to install a filtration system in connection with the city's waterworks.

Mr. W. E. Fuller, who was sent here by Mr. Hazen to collect the data returned in person to submit the report and to give the Commissioners any further information desired in connection with the report.

Mr. Hazen in his report recommends the installation of a sand filter, which, while it is somewhat more costly to construct than the mechanical system, is cheaper to operate and maintain, and is practically everlasting. Mr. Fuller explained that in some localities, where the water was highly coloured, the mechanical filter was preferable, but in the case of Peterborough, where the water was good to start with, (his statements being that the raw water here was only slightly coloured, and was really good,) the sand filter was what he would advise.

Mr. Fuller was very favourably impressed with the conditions here, and stated that the plant was in splendid order, and that the pumping capacity was ample for all fire protection purposes, a fact which will be learned with satisfaction by the citizens.

The filtration system reported on and estimated by the engineer will be of ample capacity to meet the present requirements of the city, which is from 1,200,000 gallons per day, to 1,-800,000, the high-water mark, which was reached on July 21st, 1905.

While the filtration plant itself will provide for all the ordinary demands, including those of anything but a serious and continued fire, the pipes and fittings will be sufficient for a plant twice the size of that constructed. This will provide for the increase in the consumption of water in the future.

The total cost of the plant is estimated at $79,900, and the cost of maintenance and operating $1,500.00 per year, which Mr. Fuller estimates will provide for all repairs.

The report in the main, is as follows:—

T. F. Matthews, chairman, Peterborough Water Commissioners—

In accordance with your instructions, I have examined your system of water supply with reference to its purification. Investigation of the

(Continued on Sixth Page)

Dead Minister Laid At Rest

Hon. Raymond Prefontaine Was Buried This Morning.

Special to The Examiner

Montreal, Jan. 25.—The funeral of of the late Hon. Raymond Prefontaine took place this morning in zero weather. The procession started from the City Hall where the remains had been lying in state since Tuesday night, about 9 o'clock. The streets along the route to St. James Cathedral were lined with troops to keep the large crowds back. The procession was led by Police and a detachment of Militia. The hearse was drawn by six heavily draped horses and was surrounded by a detachment of sailors and officers of the Canadian cruiser Canada, as well as by police. At the Cathedral requiem mass was sung by Archbishop Bruchesi, attended by a large number of clergy.

The services concluded, the procession re-formed and proceeded to Sote Des Neiges Cemetery, where the body was interred.

A Mock Trial Will Be Held

At To-night's Meeting of the Philomathean Society.

All friends of the Collegiate Institute are invited by the Philomathean Society to attend its open meeting, to be held at eight o'clock this evening in the Y.M.C.A. Hall.

The chief feature of the programme will be a mock trial, in which about thirty boys of the school will take part.

There will be a number of musical and literary selections by others of the students.

Since there is no room in the present Institute building for such a meeting, it will be held in the Y.M.C.A.

Surveyors Move From Peterboro'

The surveying party which has been engaged for some time in the north-western part of the city, is to-day breaking camp. The tents have all been taken down and at noon wagons were there in readiness to convey the outfits to Lindsay, where the next camp will be pitched. From there the surveyors will work [illegible] the point surveyed by this party from this end.

This party has, as is well known, been engaged in making surveys for the proposed line of the C.P.R. to Victoria Harbour.

Liberals Are Still Gaining

Sir Edward Grey, New Foreign Secretary, Returned by Large Majority.

Special to The Examiner.

London, Jan. 25th. — Sir Edward Gray, the new Foreign Secretary has been returned for Berwick-on-Tweed Division of Northumberland, by the largest majority he ever had. This is the general result of yesterday's elections, which were practically an unbroken series of Liberal successes.

Out of 21 returned to-day, the Liberals take 17 seats, 12 of which were captured from the Unionists. The others were divided.

The totals now are: Liberals, 328; Unionists, 140; Irish Nationalists, 81, and Labourites, 48.

Machinery For Pre-payment Meter

Two Consignments Arrived in the City This Morning.

The Pre-payment Meter Company this morning received two consignments of machinery for their plant—a motor from Pittsburg, and lathes from Rockport, Illinois. Some additional machinery is now on the road and will arrive here in a short time. The installation of the motor and lathes was commenced immediately after they reached the premises of the company. The work in connection with the installation is being pushed forward as rapidly as possible and by the first of next month the plant will be operating in full swing.

Chief Engineer Of Public Works Department Here

Mr. J. G. Sing Inspecting the Work of Dredging—Preparing Plans for Construction of the Wharf—Necessity for Elevating Hunter Street Bridge—Will be a Great Benefit to Citizens of the City.

DREDGING DONE WITH EXPEDITION

Through the instrumentality of the progressive member for West Peterborough, Mr. R. R. Hall, the city is honoured to-day by being visited by the chief engineer of the Public Works Department, for the Eastern Ontario District, Mr. J. G. Sing, of Toronto. He is here to inspect the work of dredging, which is now under way, and also for preparing plans for the construction of a wharf between Hunter and King streets, and north of Hunter street; and also for the purpose of having the same submitted to the Minister of Public Works.

This afternoon Mr. Sing in company with Mr. Hall M.P., Mr. Denham, Mr. Larmonth, and Mr. Robert Stuart, made an inspection of the Hunter street bridge, and dredging that has taken place in that vicinity. Special notice was taken of the fact that the work of dredging had been done with a great deal of expedition, and the engineer considered it surprising that so good a showing had been made with so little money expended on it.

In order to utilize the wharf north of Hunter street, the urgent necessity for the elevation of the bridge, was found to be expedient.

With the American Cereal Company running at its full capacity, this elevation would be practically a necessity. At all events the conveniences which it will provide for the citizens of Peterborough should warrant its immediate construction.

If this progressive city of Peterborough is to take on the appearance of a prosperous city it is expedient for the city fathers, if they wish to keep abreast with the times, to take up this matter at once and co-operate with the Minister of Public Works. It is a well known fact that a great many complaints are coming in from some of our citizens concerning the hindrance of traffic at the bridge.

This was a matter which the gentlemen considered to be a step in the advancement of Peterborough, and one which would be a betterment to the citizens in general.

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

EDITOR GREGORY,
31 Jackson Blvd., Chicago.

Endorses System Of Day Labour

Trades and Labour Council Met and Elected Officers.

Last night the Trades and Labour Council met and elected their officers for the year. Those who were placed in position of honour were:—

President—C. P. Murty.
Vice-President—Thos. Stenton.
Corresponding Secretary—W. Tighe.
Secretary-Treasurer—H. McWha.
Sergeant-at-Arms—J. McAulliffe.

It was decided to meet in future only once a month, on the second Wednesday. Outside of the election of officers there was little business transacted at last night's meeting. The system of constructing sewers and performing other corporation work by day labour instead of by contract was discussed, and the action of the city council was endorsed by the Trades and Labour Council.

GOOD SKATING AND TOBOGGANING AT JACKSON PARK TO-NIGHT

Oyster Supper Was a Success

At Cold Springs Sunday Schoo Last Night.

The members of Cold Springs Union S. S., Otonabee, held a successful oyster supper last night at the home of Mr. Alex. Huston. After supper the members present, who numbered about seventy, spent a very enjoyable time at games and during the evening a pleasing programme of an impromptu character assisted in making the affair pleasant. The proceeds of the supper, which are for building purposes, were very gratifying to the committee in charge, which consisted of Miss L. Bennet, Miss J. Gillespie and Messrs. F. Kitney and R. Spears.

S. S. Union Meets To-morrow Night

The Primary and Junior Union of Sunday School Teachers will meet tomorrow night in St. Paul's Endeavour room at 7 o'clock, instead of 8, the usual time of meeting; owing to a lecture which is to be given at 8 in the church.

St. Andrew's Sunday School will have charge of the meeting and the Primary and Junior lesson will be taken by Mrs. Geo. Laing and Mr. William Stevens respectively.

O'Briens Are Everywhere

In view of the fact that there are a greater number of O'Brien families in Peterborough than any other Pfamilies, the following despatch from Canandaigua should be read with interest.—

The O'Brien family recently figured in a remarkable wedding at Canandaigua, N.Y. Daniel O'Brien was the groom. Nellie O'Brien was the bride. The bridesmaid was Elizabeth O'Brien, a cousin of the bride. M. J. O'Brien, a brother of the groom, was best man. The ushers were M. C. and J. B. O'Brien. The officiating clergyman was Rev. John O'Brien, and only O'Briens were guests at the wedding. The caterer was Florence J. O'Brien. When Mr. and Mrs. O'Brien left for the station to start on their wedding tour the driver of their carriage was Dennis O'Brien, of the livery firm of O'Brien Bros.

Hog Supply Is Falling Off In The Dominion

Government Report Says That Packing House Plants Have Been Running Only to 30 to 50 Per Cent. of Their Capacity—The Question From the Packers' and Hog Raisers' Standpoint--Greater Co-operation is Urged.

FUTURE OF BACON INDUSTRY THREATENED

In view of the fact that the local packing house is feeling the effects of the recent order of the Government by which the importation of American hogs was prohibited, the following article published by the Dominion Department of Agriculture will be of interest:

"Investigations by the live stock branch of the Dominion Department of Agriculture have shown that for some months past the supply of bacon hogs in Canada has been falling off. Even before the order was issued debarring packers from importing United States hogs to be slaughtered in bond, difficulty was experienced by Canadian packers in procuring sufficient hogs. The amount of the shortage during the summer and fall is indicated by the fact that packers claim to have been able to secure only from 30 to 50 per cent. of the capacity of their factories.

"Hog raisers, on the other hand, claim that the production is considerably nearer the normal than would appear from the statements of the packers. It is, they say, partly an increase in the packing house capacity rather than a decrease in hog raising. In some of the dairying sections the supplies are reported to be very little, if any, below the normal, while in other districts the shortage is placed at about 20 to 25 per cent.

"Inquiries as to the cause of the shortage brought from packers and producers a variety of replies. The packers claim that for the past three years or more the competition between buyers of hogs has been so keen that top prices have been paid continuously, and that these prices have been high enough to give a profit to the producer. They claim therefore to be at a loss to understand why there is a shortage at this time. Speaking from the standpoint of the producer, well-informed authorities claim that the price has not been as uniformly high as it should have been. At times of the year when packers anticipated heavy runs prices dropped to a point where no profit was left to the feeder. This, they claim, took place last season, when sows would be bred for the supplies of the fall just past, and as coarse grains were high and labour scarce at that time, many brood sows were sent to the market.

"Again, it is argued that the majority of packers have not encouraged the production of hogs of the bacon type and weight. For a number of years improvement in the hog stock of the country made satisfactory progress, but during the past season, at least, the producers of the ideal sort have received no encouragement to continue their good work; a flat rate has been paid for good and bad alike. The hogs, fit only to compete with the low price American stock, brought quite as much as the sort that competes with the Irish and Danish bacon for the highest place on the British market. In regard to the statement that packers do not discriminate in prices between good and inferior bacon hogs, it may be pointed out that at a conference in Toronto Mr. J. W. Flavelle intimated that the blame for this discrimination rested with the middlemen buyers, especially during the first year.

"Whatever may be the extent of the shortage or the real cause of it, the fact remains that unless producers and packers grapple in sympathetic co-operation with the situation, Canada's valuable bacon industry, which has cost years of strenuous effort to build up, may become seriously demoralized.

"In 1890 there were only two packing houses in the export trade with a weekly capacity of some 3,000 hogs while in 1905 the weekly capacity of the 16 packing houses in operation was some 50,000. While this limit has not been reached within from 10,000 to 15,000 hogs weekly according to the season, the output from Canada has reached about $15,000,000 annually, or 20 per cent. of the total quantity of bacon imported by Great Britain. To jeopardize so valuable an industry would be nothing less than a national calamity.

If the farmers who have been in the habit of raising hogs will accord the bacon industry a steady, persistent support begotten of the knowledge that hog raising pays year in and year out, the future has very large possibilities for the Canadian bacon industry. Canadian bacon having already won a place on the British market commanding respect, as it increases in quantity and improves in quality, it will undoubtedly become a daily necessity of the British consumer. That it may occupy this enviable position both farmer and packer must co-operate, the farmer by producing the steady supply of the right class of hogs, the packer by paying a fairly uniform price from month to month and from year to year; and he must give value per pound according to the quality of the product he receives. Let each do his part and there will be little trouble about the supply of hogs for keeping the factories going at a normal capacity. What appears to be most needed at the present time is that relations of confidence be restored and maintained between packer and farmer through fair dealing and intelligent co-operation. With these and an appreciation on the part of the producer of the possibilities of the industry, hog raising cannot fail to be one of the most profitable branches of Canadian agriculture."

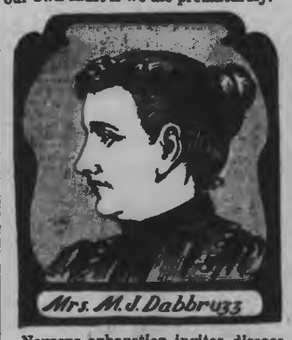
A HEALTHY OLD AGE

OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.



Mrs. M. J. Dabbruzz

Nervous exhaustion invites disease. When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary J. Dabbruzz, of 150 Main St., Winnipeg, Manitoba, writes: Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound has been a blessing to me through that delicate period known as the change of life. For six years it disturbed my entire system. I had hot flushes, was extremely nervous, became pale and debilitated, very irregular in the monthly flow, and the blood all seemed to be in my head. I had frequent palpitation and throbbing of the heart; in fact, my whole system seemed to be in disorder.

"I received no relief from the suffering incident to this period until I took Lydia E. Pinkham's Vegetable Compound; but I date my relief from the time I took the first bottle. I gradually improved, nature took her course painlessly, and in due time I was a well woman."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

PRAISE FOR THE C.P.R.

What a Travelled Scotsman Says of the Transcontinental Line.

Alex. McOwan, writing in the Winnipeg Free Press, says:—

It is perhaps a healthy sign suggestive of a progressive spirit, but the western Canadian is disposed to be extremely critical of his Governments, his institutions and his great corporations. He regards almost as a heritage, for instance, his right to abuse the Canadian Pacific Railway Co. for its iniquities of one sort and another, but more especially its excessive freight rates. These appeals to young and old alike and the theme of them is ever fresh and the outcry against them made with utmost sincerity of conviction. Robert Burns, the Scottish bard, prays that a higher power may endow us with the gift of seeing ourselves as others see us, and perhaps it would be interesting for readers of the Free Press to know how our greatest railway company is regarded in the old country. When in Scotland at the beginning of this year, on immigration business, my attention was directed to a complaint in the Scotsman newspaper, the national organ of the country. It was written by a well known Scotch cattle breeder, a landed proprietor, near the town of Oban on the west coast of Scotland. In his letter this gentleman complained that in the matter of stock one could ship a steer at Calgary and the C.P.R. would haul it to St. John, N. B., a distance of about 3,000 miles, tranship it to one of their ocean steamers and carry it over sea another 3,000 miles, landing it in Liverpool cheaper than he could ship a beast by freight from Oban to London. You can depend that this gentleman did not think the Canadian farmer had much to complain about in comparison with his own grievances.

Another case was brought under my notice by Mr. W. Haxton, of Dundee, of the firm of Fleming-Haxton, shipping agents, through whose hands thousands of emigrants for Manitoba and the Northwest have passed within the last ten or twelve years. "That Canadian Pacific of yours is a marvel for low rates," said Mr. Haxton to me one day. I ventured to remark that if he were on the other side he would hear more about it. "Oh! it'll be the old story," he said pawkily, "A prophet is always without honour in his own country."

He then laid before me the details of a comparison he had just made between Home and Canadian rates. Two years ago a family had passed through his hands from Forfarshire and gone to Brandon. A year after settling there, they sent home for some household effects that had been left behind. The weight was somewhere about two tons. The goods were shipped from Glasgow to Halifax and thence to Brandon. Out of curiosity, Mr. Haxton asked a quotation for the same weight of material from Dundee to London and was more than astonished to find that the difference was a shilling in favour of the Brandon consignment. Now, Mr. Haxton is a man doing business in the course of the year, with agents of almost every railway system in the world, and yet out of all these he was disposed to regard the C.P.R. as "a marvel."

It has been my own privilege, at one time or another, to travel over nearly every one of the railways of Britain. I have also sampled, at odd times, those of Germany, France and Belgium, but nowhere in these countries can one enjoy the same comfort in travelling as one may do on the C.P.R. system. This same regard for the comfort of its passengers is displayed on the company's ocean going steamers, and I bid fair to say that if two or three fast boats were added to the Atlantic fleet the line would soon become the most popular between Britain and the Dominion.

It seems to me that during its history the policy of the company has been to promote the development of the West, first by encouraging production and again by providing for that produce being placed on the world's market on terms which will permit of its holding its own. I do not suggest that this has been undertaken as a philanthropic enterprise. The company is out for profit like every other business organization, but as a factor in the marvellous development of the West, the master minds which inaugurated, and successfully if profitably carried out, the details of this policy have earned in my estimation no little measure of honour. When one reflects that billions of dollars are invited in railroads in America which are not earning a cent of dividend for the investors, one can understand the full meaning of what the Hon. Clifford Sifton said in as many words at the monster meeting at Brandon last October, that the success of the C.P.R. had not so much depended upon the fact that they had no opposition, but on a fact "more creditable to its officials" that it was one of the best managed railroads in the world.

OBITUARY.

CHARLES BERESFORD.

Word was received last night of the death of Charles Beresford, a former resident of Peterborough, who died in London, Ont., last Saturday.

The deceased prior to his departure for London, was for a number of years caretaker of the drill hall here, and was well known and highly respected. He leaves a widow, nee Miss Jennie Sanderson, of Peterborough, and two children, who are about ten and fourteen years of age respectively. He departed for London some years ago. He was a talented musician and a leader of a church choir in London. The late Mr. Beresford was about 40 years of age. The funeral took place in London.

MARY COLEMAN WINDATT.

The Bowmanville Statesman gives the following account of the death of Mary Coleman Windatt, grandmother of Mr. Vernon H. Edwards, of the Ontario Bank staff:

One by one the old and respected residents of Darlington and Bowmanville are passing away. Last week we were again called upon to record the death of Mary Coleman Windatt, relict of the late Thos. Windatt, who died at Leighton Farm, the home of her son, Mr. Thomas C. Windatt, near Beaverton, on Saturday, Jan. 13, in her 71st year. Deceased had been ill with pneumonia since the second week in December, and though somewhat recovered, the heart was not strong enough to perform its functions, and she passed peacefully to rest as above stated. Deceased was born in Bowmanville on May 8, 1835, and was the second daughter of the late Peter Coleman. She was married in October, 1854, to Thomas Windatt, and for some years they lived in Bowmanville, Clarke and Tyrone. At the latter place Mr. Windatt died in May, 1875, leaving seven small children to a mother's care and education. About two years later Mrs. Windatt and her family moved to Thorloe Township, near Beaverton, where the family are all located with the exception of two daughters. During the last few years of her life she divided her time among her children. Those who were acquainted with deceased can speak with assurance of the noble character and fine principles she always exhibited from early womanhood until her death, principles which she strove faithfully to instill into the minds of her children and which could not fail to impress all who came under her influence. A good woman, a sincere Christian, a faithful and loving mother has gone to her reward. The funeral service was conducted by Rev. A. C. Wishart, B.A., pastor of the Presbyterian church, Beaverton, of which she was a faithful member, previous to being brought here for interment beside her late husband in Bowmanville cemetery. The four sons and two sons-in-law were the pall-bearers. The funeral took place on Monday afternoon from the G.T.R. station here to the cemetery, service being conducted by Rev. H. Munroe, B.A., pastor of St. Paul's church, assisted by Rev. Vernon H. Emory, pastor of the Methodist church. Deceased leaves four sons and three daughters, who were all present at the funeral: Messrs. Peter, John, Thomas C. and Charles Windatt, and Mrs. John McKay, of Beaverton; Mrs. (Rev.) S. H. Edwards, Todmorden, and Mrs. Thos. Tod, Bowmanville. Three sisters survive her, Mrs. (Rev.) John Mills Guelph; Mrs. Palmer, Grimsby, and Mrs. Ratcliffe, Barrie. The last two were unable to be present at the funeral. Other relatives present were Rev. S. H. Edwards, Todmorden and son, Mr. Vernon H. Edwards, Peterborough; Mrs. Geo. Wright, Brantford, and Mr. W. Wright, Toronto.

F. T. Weir's Great Success In West

Is Manager of the Standard Soap Company.

The business success with which Mr. F. T. Weir, manager of the Standard Soap Company, Calgary, Alberta, is meeting, is creating much interest among his wide circle of friends in Peterborough.

Ex-Alderman R. H. Leary, one of the shareholders, has recently received some samples of soap manufactured by this aggressive company in the West. The different kinds he has in his possession are the "Gold West Mellofoam," "A Toilet Soap," "Uncle Tom's Pine Tar," and "The Golden West Laundry Soap."

The soap factory and plant belonging to the Standard Company, of Calgary, cost in the neighbourhood of $40,000, the factory alone costing $15,000. The bulk of the stock has been sold to the retail merchants throughout the West, and there are only two shareholders in this city.

F. T. Weir is a son of Mr. Francis Weir of Otonabee township, and has been in the West scarcely a year. The success he has achieved is wonderful for so short a time. His many friends in the city and vicinity will be pleased to hear of his great prosperity.

Who Picked Up This Coon Coat?

Mr. E. R. Tate Lost One at Young's Point Last Night.

As will be noticed in the advertisement in another column, Mr. E. R. Tate, of Lakefield is minus a valuable coon coat. Mr. Tate formed one of a party which drove from Lakefield to Young's Point last night. The coat which was hanging on a seat at the back of the vehicle was not missed until the hotel at the Point was reached. It had been noticed just as the party had entered the village.

It is thought that the occupants of a buggy which was met by the party may know something of the whereabouts of the missing coat.

Later.—The local police have received word that the coat has been found.

Faith

You cannot be ... in Shiloh's Consumption Cure, the Lung Tonic, as a cure for Colds, Coughs and all diseases of the air passages, if you have not tried it. We have faith in it, and we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair. Try it to-day.

Shiloh has cured many thousands of the most obstinate cases, and we do not hesitate to say that it will cure any Cold, Cough, Throat or Lung trouble. If we did not believe this we would not guarantee it. Shiloh has had an unbroken record of success for thirty years. It has stood every possible test without failure. Further

Proof

is found in the many testimonials of those who have tried Shiloh and been cured. Mrs. Archie Taylor, Asaph, Pa., writes:—"I bought a bottle of Shiloh's Consumption Cure and found it very beneficial. I have two children, and they had a terrible cough. I gave them everything I could think of, but they got no better, until one evening my husband brought a bottle of Shiloh. We gave it to the children when they went to bed, and they slept all night. It cured them completely. I shall always keep it in the house." 6e3

JAS. J. SHADGETT.

Wm. Anderson, M.P.P., Addressed The Council On Roads Question

Advises County Council to Take Advantage of Provisions of Act Passed by Late Ontario Government, Whereby $1,000,000 is Set Aside to Assist in Road Construction—His Plan Whereby Work Could be Conducted Expeditiously—A Uniformity in Roads System Would be the Result.

At an afternoon session of the County Council yesterday an interesting feature was the presence of Mr. Wm. Anderson, M.P.P., and a former Warden of the county, who addressed the council on the question of the improvement of the roads. His address had particular reference to the $1,000,000 set aside by the last Government for the purpose of assisting municipalities in constructing roads. He advised the council to take advantage of the provisions of the act.

Mr. Anderson's Address.

In addressing the council Mr. Anderson said:—

As you are aware the late Government appropriated one million dollars to assist in the improvement of roads in older Ontario, and I am pleased to be able to say that the present Government has assented to the proposition laid down by the former Government only making the terms something better for the municipalities. The conditions on which a portion of this money is obtainable by this County are simple and easily carried out, which I expect you are all familiar with, and I need not repeat them to you. The act specifies a limited time for the County Councils to take action and proceed to lay out a system of county roads in accordance with the act, and if they let that time expire then the councils of the local municipalities could take the matter up and proceed in laying out a system of township roads also in accordance with the act. At the following session of the legislature after the passing of the act, the time was extended for the County Councils to adopt a system of County roads, and at the last session it was extended to 1907.

County System's Advantages.

The object of the Government in extending the time was that, in their opinion, the county system of roads would be much preferable to a township system. At first when the act was passed I thought for some reasons it would be better to let the limit of time for the county expire, and the local municipalities take advantage of the act, but after giving the matter careful consideration, I fully agree with the Minister of Public Works and his Department that a county system of roads would be most beneficial to all the ratepayers in the county.

For the successful construction of roads, when labour is so high, a certain amount of road making machinery is required, which is expensive and would cost more than many local municipalities would feel inclined to invest in. Provided they did, the limited amount of money they had at their disposal would not likely keep their machinery at work more than a month or two, and the remaining part of the season they would be lying idle. On the other hand, if the work was carried on by the county all machinery could be kept constantly at work during the entire season; when finished up in one municipality they could go on to another, constructing uniform roads all through the county where they would be of most benefit to the travelling public.

Bridges to be Built.

The most important part is this, that on roads likely to be designated by the council and laid out as a system of county roads, there are several expensive bridges which will require to be rebuilt in the course of a short time, probably one or two this present season, besides others through the county, which in all probability, would come under the county bylaw. The bridges form part of the road and an expenditure on the bridge would be a work within the meaning of the act, and would be provided by the payment of one third of the expenditure by the Government.

Take these and many other advantages that could be advanced and I think you will agree with me that a county system would be the greatest benefit to the greatest number of ratepayers in the County. The act as it stands at the present time leaves the framing of the bylaw almost wholly in the hands of the County Council. The county bylaw must be approved by at least two thirds of the township councils and then receive the endorsation of the Lieutenant-Governor. Only township councils have a say in the adoption of a county system, the villages are excluded both in participating in the grant and from having any voice in the plan or bylaw to be adopted by the county, as the matter of framing the bylaw is left almost entirely in the hands of the county councils. They can appropriate no more than they think they are justified in doing. The expenditure on roads can be run over a number of years, say ten years, and this county would be entitled to say about forty thousand dollars of the grant which is being made by the Government for the improvement of roads.

Working of the Scheme.

If the Council would adopt a system of roads and levy on the county say twelve thousand dollars a year for ten years for roads and bridges, then they would be entitled to four thousand a year from the Government for the same length of time. There is no restriction how much the council may raise each year, that is left altogether with themselves, but for every two dollars properly expended by the County on roads, the Government will advance one. Now is there any just reason why the County should not take advantage of that liberal grant made by the Government of about forty thousand dollars for the improvement of roads in the county? There are quite a number of counties in the province taking advantage of the act. Simcoe county has this year expended forty-five thousand dollars and will draw the one-third from the Government. Simcoe council has drawn already seventy-seven thousand dollars and is going on spending more money and drawing more from the Government. There are several other counties drawing large sums from the Government grant and why should not the County of Peterborough do the same? I am sure that the Hon. Dr. Reaume, Commissioner of Public Works, and his able assistant, A. W. Campbell, would render the council every assistance in their power to have the roads improved in this county.

Singer Supply Store Damaged

As Result of Fire on Simcoe Street.

As the result of a conflagration that occurred last night at 161 Simcoe street, the drygoods in the men's furnishing department of the Singer Supply Company, have been completely destroyed. The fire began between the hours of six and seven from an unknown cause. The firemen were quickly on the spot, and the flames made little headway, and damaged only one portion of the store.

The manager was on his way home from Toronto, at the time of the fire and was quite amazed when he stepped into his store last night, to find his goods steaming and water-soaked.

The manager began business on Simcoe street, three months ago; his stock was comparatively new. The amount of damage done is between $800 and $1000. The loss, however, is covered by insurance.

The office of Thomas Patterson & Co., which is in the front of the store escaped the flames, but the water did considerable damage to the furniture.

News Nuggets From Otonabee

Mr. J. Batten Takes Charge of Bethel Services.

Stewarts Jan. 23.—Those who attended the entertainment at Centreville on the 18th were well repaid as an excellent programme had been prepared. The debate "Resolved that Professional Life is preferable to farm life", was ably discussed by both sides. Mr. Larmer and Mr. Porter taking the affirmative side for the Young People's Aid Society, of Centreville, and Mr. W. Hanbidge and Mr. M. Stewart taking the negative, representing the Young People's Improvement Society of Stewarts. The judges decided in favour of the negative.

Mr. Batten, of Peterborough, occupied the pulpit at Bethel on Sunday last, on account of Rev. Mr. Lewis having to attend a funeral at his other appointment.

Miss Lila Hutchison, daughter of Mr. D. Hutchison, entertained a large number of her friends, at her home on Friday evening the 19th. The time was spent in dancing, music and games and all enjoyed themselves thoroughly.

Our farmers appear to be as enterprising as the majority of men. Mr. Bruce Savigny and Mr. Jno. Hanbidge, have both made an addition to their herd of thoroughbred cattle by recent purchases at the sale of Mr. W. H. Staples, Cavan.

The Norwegian government will shortly take steps to prevent the purchase and registration of vessels more than twenty years old in Norway.

A Problem Solved

Ozone is ozone and in buying it the problem is to get the purest form. "Solution of Ozone (the coupon kind)" is the purest form in which Ozone is put up. In addition each bottle contains a coupon entitling you to a package of "Celery King" free, and it is well known that you should take "Celery King" along with Ozone.

We put "Celery King" coupons in our Ozone bottles because no other firm can give "Celery King" with Ozone. By buying "Solution of Ozone (the coupon kind)" you get the purest and most concentrated form of Ozone, and in addition, you save the expense of buying "Celery King" to use with it.

No other kind of Ozone offers this advantage. Ask your druggist for it, and if he hasn't it, write to the Public Drug Company, Bridgeburg, Ont. Sold by W. B. WARNE. 4

Armour's Extract of Beef

USE IT RIGHT

1-4 teaspoonful of Armour's Extract of Beef will season as much soup, etc. as a whole teaspoonful of any other Extract.

A 2 oz. jar of Armour's costs more than a 2 oz. bottle of Fluid Beef but ARMOUR'S goes 4 times as far—thus, it is really 50% cheaper.

Be sure you get ARMOUR'S—follow the directions exactly—and you will see the economy of it.

Difficulties Presented By Almanac of 1906

Some Puzzling and Authentic Statistics--Peculiarities of the Rising and Setting of the Sun The Length of Days—Differences in Almanacs—Enlightenment on the Subject Will be Gladly Received.

WHO WILL ANSWER THESE QUESTIONS?

That the almanac presents some questions of a puzzling nature, was called to the attention of an Examiner representative recently by an old resident of the city. Failing to work out a solution of the enigma, it was decided to ask the assistance of any of the readers of this paper for explanations.

The almanac was primarily designed about the second century A.D., to furnish a table of the days belonging to the several months of the year. It has since been developing in its productiveness of knowledge, and some of the ordinary almanacs contain an immense mass of historical, statistical, political and astronomical information.

Probably it is because this book can be obtained for nothing that it is so little read. There are few, no doubt, who consider the weather predictions as authentic, yet all trust to the accuracy of the time set for the eclipses.

The Puzzling Part.

It will be noticed that on the first day of January, 1906, the sun rises at fifty-two minutes after seven, and sets at forty-six minutes after four, in Ontario. One would naturally suppose that since the sun has reached the Tropic of Capricon, and is apparently on his northward journey, that the days would be growing longer, and, therefore, that the sun sun would rise earlier on each succeeding day. But such is not the case, for on the second of January the sun rises a minute later, and sets at the same time as on the first, making that day between sunset and sunrise one minute shorter than the preceding. If we compare the first and third days of the month it will be observed that the latter is two minutes shorter; also the second day of January, according to the almanac, is the same length as the fourth.

Again, considering the first and last days of the month in question, it will be noticed that the sun rises 14 minutes earlier on the latter day than on the former, but it sets 36 minutes later, which would indicate that it sets slower than it rises. Calculations in other parts of the book show similar results.

Why is it that the days in Ontario do not become gradually longer at the beginning of the year and shorter after the sun commences its southern journey from the Tropic of Cancer?

What is the reason that the difference in the length of the day between the first and last day of January should not be divided evenly between the rising and the setting of the sun, so that it would rise 25 minutes earlier and set 25 minutes later, instead of 14 minutes earlier and 36 minutes later?

These are questions which the Examiner would gladly be enlightened on, and all theories will be published for the benefit of its readers who have noticed this astronomical riddle.

The above figures are taken from Northrop and Lyman's and Burdock Blood Bitters Almanacs. Bristol's almanac for this year gives figures altogether different from the others. What is the reason for this difference?

County Court At Lakefield

Daniel O'Leary, of Harvey, Had to Face Two Charges

County Magistrate Edmison held County Police Court at Lakefield this afternoon, when the case of Daniel O'Leary, of Harvey, charged with abusing a horse, was heard. O'Leary also had to appear for sentence on an old charge of stealing a watch. He was arrested on Saturday, by High County Constable Nicholls of Harvey, and brought to Peterborough on Monday, by High County Constable Cochrane, who took him to Lakefield to-day.

Debating Club's Good Meeting

Many Interesting Subjects Were Dealt With.

The Literary and Debating Society of the Y.M.C.A. met in regular session last evening in the association parlour, and although the attendance was not large, the meeting proved to be interesting and instructive.

After the reading of the minutes by the secretary, the members present answered to the roll call by reciting quotations, which were varied in their nature in the extreme.

Mr. G. Roper gave a very entertaining discourse on "Current Events", dealing largely with the condition of affairs in Russia and the British elections. General discussion followed in which several members participated, Mr. Fred. Ray adding a tribute to the late Minister of Marine and Fisheries, Hon. Raymond Prefontaine.

Subjects for impromptu speeches were then drawn from a hat and the secretary, Mr. W. G. Shiner, opened this part of the programme by giving a seven minute talk on the subject, "Resolved that it would be in the best interests of Canada to abolish the Senate", giving it as his opinion that it were better to have an Upper House and a Lower House of government, though in his opinion the Upper House should be elected for a given term by the members elect of the Lower House. Mr. G. Roper then followed with "Resolved that the world is better (morally) to-day than ever before", he being of the opinion that it was so, giving many interesting comparisons to prove this fact. Next came Mr. A. E. Walker with a subject, "Resolved that the Aldermen of the City of Peterborough should be elected for two years' term, one-half retiring each year", which he claimed was an unfortunate one for him, as he was not thoroughly acquainted with municipal matters in Canada, but after being informed as to the present methods, he said he believed that the system had better be left as it was. "Resolved that trades unions are beneficial to the country", was the subject drawn by Mr. Fred. Ray, and in a few words the speaker pointed out in a convincing manner the need of organization and showed himself to be in sympathy with the affirmative. The president then closed that part of the programme by speaking for a few minutes on the $16 a week man, having drawn for his contribution to the programme, "Resolved that a man can marry and live happy on $16 a week."

The meeting then adjourned, to meet again on February 7th, on which date Mr. A. E. Walker will address the members on "The Liquor Problem", and the president will deal with "Current Events".

Safeguard the Children

AGAINST CROUP AND COLDS BY ALWAYS KEEPING AT HAND

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE

There are some reasons why Dr. Chase's Syrup of Linseed and Turpentine is the most suitable treatment obtainable for children.

It is pleasant to the taste, and children like to take it.

It is composed of simple ingredients of proven value in the cure of throat and lung troubles.

It is positively free from anything of an injurious nature, and can be used with perfect safety with the smallest child, so long as directions are followed.

It is wonderfully successful in the prevention and cure of croup.

It promptly relieves even the most severe chest colds and brings about a thorough cure.

You are not experimenting when you use Dr. Chase's Syrup of Linseed and Turpentine, for it is the standby in thousands of homes, where time and again it has proven its exceptional worth.

When you make up your mind to safeguard your children by keeping Dr. Chase's Syrup of Linseed and Turpentine in the house, do not allow your dealer to persuade you into taking something on which he has a larger profit.

Mrs. Wm. Ball, Bracebridge, Ont., writes:—"I can recommend Dr. Chase's Syrup of Linseed and Turpentine most heartily for all forms of colds, and I think if every family would use it for their little ones it would save lots of worry and expense and find it prompt and lasting in its effects.

"My three youngest boys had whooping cough this winter and we could get nothing to help them until we sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept on improving until they were cured at the cost of one dollar. That was not a large bill for so dangerous and distressing an ailment."

In the hour of emergency, when croup or colds seize your child, the cheap substitutes will fail you, but Dr. Chase's Syrup of Linseed and Turpentine never disappoints. 25 cts. a bottle, at all dealers. 9

Edwin Elcome
TAXIDERMIST.

Dealer in Birds, Artificial Leaves and Frosting, also importer of Foreign Birds and Skins from all countries.

THURSDAY, JANUARY 25, 1906.

TIME FOR ACTION.

The obstruction to the operation of the waterworks machinery, by which, for nearly four hours, the city supply of water was cut off, calls attention to the terrible danger the city was placed in, as well as to the necessity of the Council taking prompt action to remedy the perilous position in which the city is placed under such circumstances. For the time mentioned, the city was at the mercy of a fire, had one broken out. The fire on Simcoe street might, under conditions that might arise, have resulted in widespread destruction. If the obstruction to the waterworks had happened last night, and had the gales that have been frequent the past few days been blowing—without an auxiliary in the form of a fire engine—the results might well have been calamitous. All this needs no telling—it is only mentioned as a reminder of possibilities.

In this connection the duty of the Council is plain. Immediate action of some kind is necessary to our safety, and to public feelings of security. The breach of faith of the Council in overriding the virtual agreement with the Citizen's Committee that a part of the $25,000 voted was to be devoted to a new engine will bear future reference. The situation which developed this morning, however, shows the necessity of prompt action of some kind being taken.

WANTED--A POLICY.

With individuals, the time for improvement comes when they recognize their own faults. The Conservative party is coming to the condition of finding where it is at — beginning to discover that it has long been running loose — leading a sort of aimless existence. Mr. P. H. Boyer, the Conservative M.P., for East Kent, has made the discovery that what the Conservative party needs is a policy. As a "terrible example," he mentions the result in Compton, Quebec, a constituency which has been steadily Conservative up to the general elections of 1903, when it came into the Liberal column; and at the recent bye-elections, it stayed Liberal by a majority of three hundred. This, and other catastrophes, from a Conservative standpoint, Mr. Boyer attributes to the lack of a definite popular policy on the part of the Conservative Opposition. Mr. Boyer is largely right. The people cannot bring themselves to be enthusiastically enamoured of a party which claims the popular support upon a policy of mere thirst for public office. It matters little to the mass of the people what party label a Government wears, so long as it governs the country fairly well. The Conservative party cannot wonder at its being in low water, especially when it has to compete with a Government with a definite, progressive, wide-a-wake policy in the national interest, applied with an administrative energy and thoroughness which brings definite results. The people like a Government that does things, such as it now possesses in the Laurier Government.

THE LATE DR. SHERATON.

The death of Rev. Dr. Sheraton, principal of Wycliffe College, Toronto in the full tide of his usefulness, causes a vacancy in the domain of scholastic influence and religious activity which will be hard to as satisfactorily and efficiently fill. In theological relations to the Church of England he represented a school of thought which, while it did not commend itself to many of his brother divines, was, none will be found to deny, founded on honest conviction. He was a scholar, a ripe and good one, and in his official relations to his students was able to inspire them with an active sympathy with his scholastic and religious qualities, and the fruits of his teaching have found expression in the form of many of the most prominent, zealous and earnest clergymen of the Province doing great work in connection with the communion with which he was associated, of which we have two examples in this city. In his general relations he was tolerant and always ready to co-operate in the promotion of moral movements. How large a figure he was in the life of the city of Toronto, and how wide a field of usefulness he filled in religious, educational and moral circles, may be judged by the tributes paid him and his work by the press of the city, who surely voice the sentiments of the city, church and Province in deploring his death.

Smallpox Cost The Townships Pretty High

And Chandos and Methuen Reeves Ask the County Council to Assist Them in Defraying Expense—100 Cases in all Were Treated—Both Townships Have Contracted Heavy Debts — Owe Now Nearly $2,500 on This Account.

A MOST DISASTROUS OUTBREAK IT PROVED

The aftermath of the recent outbreak of small-pox in the townships of Chandos and Methuen, was reached yesterday, when the County Council was waited upon by deputations representing these townships, asking that the council make grants to tide them over the financial difficulties in which they had found themselves as a result of the epidemic.

Reeve Johnston, of Belmont and Methuen, and Reeve Campbell, of Chandos, did the greater part of the speaking, pointing out the expense to which the council had been put by reason of the spread of the disease. In Chandos there were 67 cases, and the township now faced a debt of $1043 as a result, while in Methuen, with 33 cases, the expenses were over $1400, largely for doctors' fees. These gentlemen asked the County Council to make them small grants, to help them over their extremity.

Reeve Johnston of Belmont and Methuen, addressed the council, explaining the situation in the townships in view of the recent outbreak of small-pox, which had cost them nearly $1500, and he asked the council to make a grant to assist them in this unexpected expenditure. He would not suggest any amount, but would leave that to the generosity of the council. Mr. Johnston stated that there were 33 cases in the townships.

Mr. Robert McCutcheon, councillor, followed, and repeated the request of the reeve.

Mr. Campbell, reeve of Chandos, also addressed the chair, and said that he had been sent to the city to raise a loan to meet the cost of the small-pox epidemic, $1040. He had found that it was impossible to raise the loan, and he had decided to make an appeal to the council to help them out. Unless this request were granted the township would be in a bad condition. When the epidemic had broken out, the council had taken every precaution to prevent the spread of the disease, and it was now pretty well under control, only one case remaining. Mr. Campbell stated that there were 67 cases all told in the township. He explained that the township council expected to raise probably $250 from those who had the disease, and who had been quarantined by order of the Board of Health, but in the meantime they had no money to meet the debts contracted.

The matter was left with the Finance Committee to deal with.

Cold on the Lungs.

"We have seven children and I have used Dr. Chase's Syrup of Linseed and Turpentine for every one of them, and with good results. We get four bottles at a time and we find it a good remedy to break up cold on the lungs." — Mrs. R. T. Turner, Broadview, N. W. T.

No Land Is Required For An Ontario Asylum

Hon. J. R. Stratton Gives Interview to Toronto Star in Which He Says Government Has Enough Now in its Possession—Land Available at Mimico, Hamilton and London—Had Considered Question While in Charge.

The Toronto Star yesterday had the following article:—

A representative of The Star had an interview this morning with Hon. Mr. Stratton, former Provincial Secretary in the Ross Government, regarding the removal of the Toronto Asylum.

"I suppose, Mr. Stratton, you read the article in Saturday's Star in reference to the 'New Toronto Asylum'?"

"Yes," replied Mr. Stratton, "I always read The Star. As to the article referred to, I agree with the necessity it presents of dealing in some way with the Toronto Asylum situation, which, as The Star points out, greatly needs to be dealt with."

"Have you given the matter much consideration?"

'I may say that I have done so. When I was Provincial Secretary the whole subject was discussed pretty thoroughly. The department had offers to purchase part of the Asylum grounds, but it was not considered advisable at that time to dispose of the land in question until suitable provision had been made for grounds that would give patients the freedom and outdoor exercise they would be deprived of if the grounds adjoining the Asylum buildings were sold. The Government quite appreciated the fact that the great growth of Toronto hemmed in the Toronto Asylum buildings, and it was felt that with proper management, when the time was ripe, the grounds might be disposed of for a sum more than sufficient to meet the expense of new buildings to take the place of the old.

Where Land Is Valuable.

"Having this situation in mind and Mimico being sufficiently close to Toronto, the Department purchased an additional hundred acres at Mimico, with a view of extending its cottage system. At Mimico the asylum grounds cover 300 acres, those at London are 300 acres also, and those at Hamilton and Kingston are of the same size. These areas of land will admit of the erection of additional cottages, say just now of two at Mimico, one each at Hamilton and London, and others as required; there would be abundant space available at all these places to give the patients breathing space and opportunities for outdoor exercise, which is no unimportant element in treatment. There is no necessity for purchasing additional grounds. Then the late Government purchased the Mrs. Charlton property in Hamilton, which is, by the way, a beautiful site—on the brow of the mountain—and adjoins the present asylum property. It was the intention to erect upon this site what might be considered an institution for a special class of patients—of mixed type—the building to be well equipped, better than the ordinary institutions, and capable of accommodating about two hundred patients who could afford to pay a good price for the treatment and accommodation provided. Brockville and Kingston could be utilized, as there is plenty of land, if found necessary, in the same way. The

Newer Parts of the Province.

will have to be kept in mind, the distance and expense of transportation to existing institutions being so great. The cottage system is in nearly all respects superior to the system of massed buildings, as witness the recent fire at Mimico. A fire in any of the large buildings with their irresponsible inmates would be an indescribable calamity."

"Could you offer any more specific suggestion, Mr. Stratton, of the best way to deal with the Toronto Asylum situation?"

"I might generally say that with the abundant sites available at Mimico, Hamilton and London, the removal of the Toronto Asylum could be gradually, advantageously and economically brought about. The construction of, say four cottages at the places mentioned would provide accommodation equal to that at present in the Toronto institution, and the transfer of patients could be gradually made as buildings were ready. The cottage system admits of better treatment and of a better classification of patients."

The Expense of it.

'What about the expense in comparison with the present system?"

"The expense of creating several cottages would perhaps be greater than one, including equal accommodation under one roof, that is, as to first cost, but that need not be very seriously regarded, for the expense of after administration would for all time be very sensibly reduced. The several cottages would be included in the administration of the present asylums to which they might be attached. Thus a medical superintendent, bursar, store-keeper, purchaser of supplies, etc.—the official staff—that a new self-contained asylum would require, could be dispensed with, and the only considerable expense, outside of maintenance would be that for attendants.

"The procedure I have loosely outlined seems to me a feasible, economical, and advantageous solution of the asylum matter. The Mercer Reformatory also occupies an incongruous situation on account of the industries and buildings that have grown up around it, and the provision of another site will soon have to engage the attention of the Provincial authorities."

Children's Aid Society Asks For Larger Grant

From the County Council—Officers and Members Waited on the Council Yesterday and Made the Request—Work of the Society is Growing Rapidly—Why County and City are Asked to Help—The Needs Explained.

SOME DIFFICULTIES THAT ARE MET WITH

At its session yesterday Mr. Thos. Wilson, special constable, addressed the County Council in respect to his duties. He complained that the high county constable had taken the cases from under his charge, and he thought that since he was appointed should have charge of the cases in his district.

On motion, the case was referred to the Committee on Finance.

The council was waited on by a deputation representing the Children's Aid Society, composed of Messrs. J. H. Burnham, president; R. M. Dennistoun, secretary; P. Campbell, treasurer, and Rev. Father McColl. Mr. Burnham addressed the council on behalf of the society and made a request for the usual grant, and, if possible, he hoped the council would increase it this year. He pointed out that the work has grown, and the expenditure consequently increased, and it was absolutely necessary that increased subsidies should be received by the society. They were not asking anything unreasonable, but the need was so great that they felt they were justified in making the request. The salary of the agent would have to be increased in the near future. In fact, it should have been increased before.

Mr. Dennistoun followed Mr. Burnham, and, as has been the custom, read the annual report of the society, in which the work was referred to in detail. Mr. Dennistoun pointed out that it was an extremely difficult thing to make a division of the expense on the different municipalities, because the society received children from certain municipalities under circumstances which would make it unfair to assess the cost of their keep upon those municipalities, and it was for this reason that they asked the county and the city to make grants.

Rev. Father McColl also addressed the council, supporting the request of the president and secretary. He paid a tribute to the good work accomplished by the officers, and said that he hoped the council would see its way clear to increase its grant. The motion was referred to the Committee on Finance to deal with.

A POSSIBILITY.

That Became a Fact and Pleases Many People.

A. R. Lewis, M. D., in a lengthy article in the columns of the American Journal of Health, says concerning hair: "Its deterioration is a constant source of worriment to humanity, consequently bald people are readily deceived by 'fake' hair restoratives. The wish that a hair preparation will 'fill the bill' is father to the fancy that it is likely to do so. A rare case in point, is that of Newbro's Herpicide, which actually does 'fill the bill.' It destroys the parasite that attacks the hair root, and prevents dandruff, falling hair, and baldness." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

The Annoying Anchor Ice

Waterworks Company and the American Cereal Co. Were Troubled With It.

Anchor ice is again beginning to be troublesome. From 4 o'clock to 7.45 this morning, the power was off at the pump house of the waterworks dam. The Canadian General Electric Company found it necessary to remove ten stop logs last Tuesday, and the Auburn Power Company and the Waterworks Company found it necessary to follow suit, although neither had occasion to remove many logs.

This is the first time in two years that the power of the Waterworks System has been affected by anchor ice, though a competent authority says that danger is constant every winter, and many times during the winter. The American Cereal Company also had serious trouble from the same source this morning.

A local gentleman in referring to the matter, stated that it clearly demonstrated the necessity of having a good steam fire engine in case anything went wrong with the water works system. "What would have resulted," he said, "if a big fire taken place this morning during the time the power of the water works system was entirely off? Why, the whole city would have been liable to destruction. The matter is deserving of serious and thoughtful consideration," was his concluding remark.

Good Ice at All Saints' Rink to night.

The BEST STOVE CO.

Special Train On Grand Trunk

An Opportunity of Attending National Chorus.

In last evening's issue by mistake, the Examiner inserted a news paragraph on front page, with heading "C.P.R. Excursion to Toronto." This should have read "Grand Trunk Excursion to Toronto." And in justice to those who have guaranteed this special train it is desired to state that the excursion will be run by Grand Trunk, via Port Hope, leaving Peterborough by special train at 4 p.m. Monday 29th Jan; leaving Toronto same evening, after concert, at 11.45 p.m. Tickets, however, will be good to return by any train next day, Jan. 30th. Price of tickets $2.05, adults; $1.05 children. The committee on arrangements would like to ask those who intend going to this concert to hear Miss Davies, to join those who have already subscribed, and travel by the Grand Trunk special, and thus help to cover guarantee. Tickets for Massey Hall seats, which committee reserved for the Peterborough excursion party, have been received and will be allotted on the train, thus enabling the Peterborough party to sit together. G. T. R. tickets can be obtained from any of the following gentlemen: Alex. Elliott, Geo. W. Hutton, Jno. Crane and A. A. Hollingshead, or on the train.

GOOD SKATING AND TOBOGGANING AT JACKSON PARK TO-NIGHT

PERSONAL MENTION

Mr. W. Simpson of Brighton, is in the city to-day.

Mr. W. Craig, Montreal, is registered at the National.

Mr. J. L. Squires of Norwood, was in the city on Wednesday.

Mr. Robert Nelson, of Villiers, spent yesterday in the city.

Mr. Robt. Stuart, of Chicago, is in the city to-day on business.

Mr. Thomas Ryan of Toronto, is registered at the Snowden House.

Cheap Rates to Toronto

The Canadian Pacific Railway Co. will issue tickets to Toronto and return for the Flag of England Choral Concert on Monday, January 29th, good going only on the 5.15 p.m. train of that date, returning by any train up to and including January 30th, at the low rate of $2.05 adult, and $1.05 for children. All those who purpose going should call and leave their names at City Passengen Agent's office, so that sufficient accommodation may be provided. W. McIlroy, agent, 343 George street. 4d.20

Principal Sheraton OF WYCLIFFE COLLEGE Expired Yesterday

Head of Wycliffe for Twenty-Eight Years Dead—His Distinguished Career—Was Eminent Scholar and Was Widely Known and Respected—Actively Interested in Many Departments of Christian Work—Tributes Paid by Local Members of Wycliffe Alumni.

The many friends and admirers of Principal Sheraton, of Wycliffe College in this city, learned with regret and grief of his death in Toronto yesterday morning. He was personally known to many in Peterborough, and many more knew and admired him through his numerous writings of a religious nature. Rev. E. A. Langfeldt of St. Luke's, and Rev. Wm. Major, of All Saints', are graduates of Wycliffe College.

The Toronto News says: Principal Sheraton, of Wycliffe College, died at 7.45 o'clock this morning at his residence adjoining the college, after an illness of six weeks from nervous prostration. He was in his 65th year. Early in December his physician advised him to abandon his work until February 1st. Later it was found that he could not resume his duties before next October A few days ago, however, the extreme seriousness of his illness became evident, and hope of recovery was practically abandoned. He leaves a widow, but no children.

The late James Paterson Sheraton was 65 years of age, having been born in 1841 at St. John, New Brunswick. He was the grandson of James Paterson, LL.D., for 50 years principal of the St. John's Grammar School, and it was under him that he spent most of his boyhood days and early youth. Then he attended the University of New Brunswick, which he left as a gold medalist and honour graduate in classics and natural science in 1861. Ordained a priest in 1865, he spent some years in Northern New Brunswick, went to Huron Diocese at the invitation of the bishop in 1872, but returned to New Brunswick.

In 1875 he went to Pictou, N.S. and the same year married the daughter of Douglas Stewart, barrister, of Newport, N.S.

After repeated solicitations he came to Toronto in 1877 to take the principalship of Wycliffe College, which he held continuously since then. For several years he was also editor of the Evangelical Churchman, and made the reputation of that publication in the United States and Canada.

He was actively interested in very many departments of Christian work outside of his duties at the college. Besides being vice-president of the Ontario branch of the Lord's Day Alliance and also of the Upper Canada Bible Society, and of the Toronto branch of the Evangelical Alliance, he was an honourary member of the Canadian Temperance League and a director of Bishop Ridley College at St. Catharines. His services were recognized by this church when he was made honourary canon of St. Alban's Cathedral by Bishop Sweatman in 1889.

Rev. Wm. Major's Tribute.

Rev. Wm. Major, of All Saints' church, who graduated from Wycliffe College in 1896, was, of course, familiar with the deceased gentleman, and to the Examiner to-day in response to a request, gave the following tribute:—"He was a man who lived in his work, and his interests outside of that, were not very extensive. He was a man of strong convictions, and when necessary was an able controversialist.

"He was an able theologian, and in his work took special pains to make clear in his lectures the evangelical position, and ever sought to impress upon the students the common sense view of life, urging them to exercise it, while remaining true to the principles which he sought to inculcate.

"He was a handworking man, a voracious reader, and was ever ready to help a student in any personal difficulty he might have, and strove to keep in contact with their daily lives.

"It would be difficult to estimate the extent of his influence, although there is no doubt that it extended from the Atlantic to the Pacific, where he is looked upon as the exponent of the views of the school to which he belonged. He was a man of kindly heart, simple habits and retiring nature, living with his family and his books."

The Church's Loss.

Rev. E. A. Langfeldt, Rector of St. Luke's, is a graduate of Wycliffe, and a warm personal friend of the deceased Principal. To the Examiner to-day he said:—

"The cause of Evangelical Churchmanship has lost a great leader by the death of the venerable Principal of Wycliffe College, the Rev. Dr. Sheraton. Since the foundation of the College in 1876 he has been the beloved Principal and under him 150 men have graduated and gone into work of the church at home and abroad. Dr. Sheraton was one of the greatest scholars in the sphere of theology. His expositions of Dogmatic Theology and Exegesis of the New Testament are works of wonderful scholarship. He was dearly beloved by his students, who are attached to him with great affection. His loss to the Church and especially to Wycliffe College is irreparable."

CITY NEWS OF TO-DAY

Lost.

Will the customer who forgot to return one of our orange-slicers last spring kindly do so at once, as the marmalade season is again here and we are very much in need of it. G. A. Oke, 376 George street.

Illustrated Lecture.

—To-night in All Saints Church, Rev. E. A. Langfeldt will give his illustrated lecture on "A Trip Down the Rhine." This lecture has pleased those who heard it in the past, and it doubtless will be listened to by a very large number to-night.

A Correction.

—In last night's issue of the Examiner a slight mistake was made in regard to the Murray street church concert. Instead of the programme being opened by an instrumental solo by Miss Hope Miller, it was an instrumental duet by Miss Hope Miller and Miss Viola Fraser.

GOOD SKATING AND TOBOGGANING AT JACKSON PARK TO-NIGHT

Happenings Of Interest From Warsaw Village

Special to The Examiner.

Warsaw, January 23rd. — Mrs. W. J. Doughty of Peterborough is visiting her mother, Mrs. W. McIntosh.

Mrs. J. Morgan is visiting relatives in Otonabee.

Mr. Alexander Rose of Souris, Man., is the guest of his father, Mr. John Rose.

Mrs. W. W. Isbister of the city, is visiting friends here.

Mrs. Thomas Hendren of Lakefield, and Mrs. Jas. Rose of Peterborough, are the guests of Messrs. A. and R. G. Hendren.

Mr. W. W. Isbister of the city, was in the town for the tea on Tuesday evening.

Rev. Mr. Nicklo left on Tuesday to spend a few days in Toronto.

On Thursday evening last Mr. Alex. Watts entertained the members of his Sunday school class to an oyster supper. The occasion was very much enjoyed by those present.

As was announced last week the Foresters will give a concert, in the town hall on Thursday, February 1st. The committee has secured Mr. W. J. White, Toronto's popular comedian, and Miss Carolyne White, Peterborough's favourite juvenile entertainer, who will be assisted by local talent. This will probably be the best concert of the season

The public tea given by the members of the Baptist church on Tuesday evening proved, despite the inclemency of the weather, to be very successful. The supper which had been prepared by the ladies of the congregation, was much enjoyed. After the supper the following programme was rendered in the church, the several numbers of which were presented in a very pleasing manner and much appreciated by the audience.

Anthem, choir.
Vocal trio, Mrs. (Dr.) Douglas, Mrs. W. Wason and Mr. W. H. Kidd.
Organ selection, Mr. A. Hendren.
Violin selection, Miss Julia Choate.
Address, Rev. Mr. Atkinson.
Vocal duet, Mrs. Douglas and Mrs. Wason.
Anthem, choir.
Address, Rev. Mr. Collins.
Vocal selection, Mrs. W. W. Isbister.
Vocal male quartette, Messrs. W. H. Kidd, D. Kidd, A. Payne, W. Lynn.
Organ selection, Mr. A. Hendren.

the erection of a grand stand and building and a committee composed of Messrs. O'Reilly, W. Brethen, A. Knox, J. Roxburgh, J. L. Squire, E. P. Cuffe, J. B. Pearce and W. Buck was appointed to look into the matter, get estimates as to cost and report at next meeting.

Mr. E. Maybee, of Peterborough, spent Sunday at the home of Mr. Harold Howson.

Miss E. Hunter, of Lakefield, is a guest of Miss M. Drain.

Miss Ethel Searight is visiting friends in Peterborough.

Ex-Ald. Batten's Serious Fall

Had a Narrow Escape Yesterday From Bad Accident.

Ex-Alderman Batten yesterday met with a rather serious and decidedly painful accident. He was going to his daughter's residence in the lane between Downie and Reid streets near Charlotte, when he slipped and fell, striking his head with considerable force on the ice. The shock of the fall was such that Mr. Batten was rendered unconscious, and it was some minutes before he had recovered sufficiently to proceed.

During the whole of yesterday he suffered considerably from the results of the fall, but to-day, though he is experiencing some pain, he is on the road to recovery.

Skating Rinks All Again Open

The Examiner owes an explanation to a number of persons to-day. Yesterday, in response to telephone inquiries, information was given that there would be skating in the Brock street rink, and such was the intention of the management had the weather been sufficiently cold, but about 5 o'clock yesterday afternoon it was learned that it would be impossible to have skating.

The ice is good to-day, and will be in first class shape for the City League hockey games to-night and for skating to-morrow.

Anniversary At All Saint's

On Sunday next Anniversary Services will be held in All Saints' church, when sermons appropriate to the day will be preached by Rev. L. E. Skey, M.A., rector of St. Ann's, Toronto, at both the morning and evening service.

Rev. Mr. Skey is rector of one of the most progressive churches in Toronto, and is regarded as a coming preacher.

Mechanics, Farmers, Sportsmen!

Filtration System For Waterworks

(Continued from First Page)

ground was made by Mr. W. E. Fuller, on December 6th and 7th, and information regarding local conditions bearing upon the question, was secured by him.

There are two methods of filtration in common use for the purification of water like that with which you have to deal. These are sand filtration and mechanical filtration. Each of these methods has a field of its own, and the local conditions govern as to which is the better. Either system under proper conditions, is capable of yielding satisfactory results.

Without attempting an elaborate analysis, or to mention all of the circumstances which may sometimes control it may be generally stated that where waters are very turbid or highly coloured, mechanical filters are the better. For the filtration of clear water, and waters which are not highly coloured, and particularly for the removal of the effects of sewage pollution, sand filters are preferred. The question of the site and the amount of land available, are also matters of importance in determining the system to be used.

I find that the water which you have to filter is drawn from a water shed of considerable area, and before reaching your intake it flows through a series of large lakes. These lakes act as sedimentation basins for removing suspended matter which the water may contain. They also serve to bleach the water by sunshine.

Your raw water is substantially free from turbidity and is not subject to an objectionable amount of colouring matter. The amount of sewerage impurities which enter it is rather small for a river of its size.

Sand filters are best adapted to your needs. They are somewhat more expensive to build than mechanical. On the other hand, the operation will be cheaper, simpler and surer, and the effluent obtained will be entirely satisfactory. They are cheaper to operate by avoiding the use of chemicals used in the mechanical system, and their operation is simpler and will require less trained supervision to keep in order.

For a mechanical filter plant I recommend, and regard as necessary, a superintendent of filters, with chemical and biological training.

A sand filter would require the occasional attention of a well-informed man, and it is desirable to have frequent chemical and biological examination of the effluent, but for your conditions it would not be necessary to have a chemist and bacteriologist. This is a considerable saving to such a plant as yours.

I have been over with Mr. Fuller, the size of your pumps and mains, the population, and the consumption of water, and have taken into account the rapid growth in the consumption of water in the past, and the probable increase in the future; I have also taken into account the fact that you pump the water direct to the city, without having the advantage of any reservoirs to equalize the rate at which the water must be provided, and Mr. Fuller tells me that there is no available site for an elevated distributing reservoir.

The minimum equipment suitable for your condition are four sand filters of 0.2 acre, a filtered water reservoir, holding 400,000 imperial gallons. The filters would each furnish 500,000 imperial gallons.

As one filter would be out of use for cleaning purposes occasionally, the other three must do the work. Thus one and a half million imperial gallons per day could be drawn from the three in use.

With water as good as our analysis shows your raw water to be, it would be possible to occasionally use a somewhat higher rate of filtration without impairing the quality of the filtered water. Under your water shed area and lakes four million U. S. gallons per acre per day will not be objectionable, if used with care. The pure water reservoirs of the size stated will more than suffice to balance the hourly fluctuations in consumption. Its capacity is such that with a reasonable increase in the rate of filtration an ordinary fire should be taken care of without difficulty. It is extremely desirable that the capacity of the filters and reservoirs should be sufficient, so that any ordinary fire can be cared for without turning on the raw water. Of course, in the case of a general conflagration lasting for many hours, a connection would be made with the raw water, but the effect of putting dirty water in the pipes is so serious that it should not be countenanced under anything but the most extreme cases.

Your records show, that the consumption of water has doubled in the last eight years. If it should increase at a corresponding rate, such a filter plant as that above outlined would soon be inadequate to maintain the supply.

It is of the greatest importance that the waste of water should be prevented. In cities where waste of water is least prevalent, the consumption rarely exceeds 50 imperial gallons per capita. The most important source of waste is defective plumbing, and thereby leakage. This can be stopped by water measurement by meter, then the plumbing will be kept in order.

In estimating the size of the works you require I have assumed you will take such steps to prevent unreasonable waste. If this is done, the filters will do for a long time; but should any local reason prevent this waste the filters should be larger.

It would be necessary to put the filters at an elevation requiring the raw water to be pumped to them. This is best done by installing a water wheel for driving a centrifugal pump. Less than 10 horse-power will be required for this. To be perfectly safe against accidents this equipment should be duplicated.

The maintenance of the supply to the filters, as well as the supply of filtered water to the city, depends on the dam. This dam is not now in secure condition. It will be necessary to strengthen or reconstruct the dam, and arrangements for setting the additional wheel can be made in connection with this. There is a large amount of water power available not now used.

If, as contemplated, you put in equipments to utilize surplus power, the centrifugal pumps to lift raw water to the filters could more conveniently be driven by electric motors, thus saving cost in installation.

We estimate cost of construction of a plant of this size as follows:

Land	$ 300
Masonry	26 400
Excavation	6,000
Sand	4,800
Gravel	1 500
Pipe fittings, gate house and fixtures	12 000
20-in. supply pipe	5 000
Pure water reservoir, 400,000 imperial gals.	7 500
Additional pumps, water wheel and building	6 000
	$69 500
15 per cent. for engineering and contingencies	$10 400
Total approx. cost—	$79 900
Cost of Operating.	
Extra labour, etc.	$ 900
Supervision	600
Cap. charges, 5 p.c.	3,995
Total—	$5,495

These sand filters, estimated to cost $80,000 with all necessary appliances, is the best way of purifying your water.

In its present state, your raw water is of better quality than that used by many cities. Notwithstanding, there are sources of pollution and possible infection. These dangerous points will increase as the population grows. Even at the present time a serious epidemic might be caused by the discharge of a single typhoid patient into the river 80 miles of its course between the lake it came from and your city.

The filtration of the water in the manner proposed would be an almost complete protection against such infection.

We therefore recommend the purification of your water in the manner stated, and believe that the advantage of having filtered water and the security which comes from its use will far more than justify the cost of the work.

Respectfully submitted,
ALLEN HAZEN.

G.T. R. Excursion To Toronto

Special Train to Queen City for the National Choral Concert.

The G.T.R. has made arrangements to run an excursion to Toronto on the evening of Jan. 29th, to accommodate those who desire to attend the National Chorus Concert, at which "The Flag of England will be presented. Miss Helen Davies, Peterborough's talented singer, will be the soprano soloist for the occasion, and a large number of local citizens will likely attend.

The special train will leave the Peterborough station at 4 o'clock sharp, and returning will leave the Union Station after the concert, at 11.45 p.m. Tickets are also good to return on Tuesday.

KIDNEY DISEASE AND ITS DANGERS CAN BE QUICKLY CURED BY DOAN'S KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in urine, higly colored, scanty or cloudy urine, bladder pains, frequent urination, stone in bladder, etc.

Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Neuralgia, Sciatica, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.

Doan's Kidney Pills should be taken at the first sign of anything wrong. There is no other safe way, (plasters and liniments are useless), as the trouble must be eradicated from the system.

Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Mayhew, Smith's Falls, Ont., writes: "For over four months I was troubled with my kidneys, and my back got so lame I felt miserable all over. After taking five boxes of Doan's Kidney Pills I was as well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

House and Lot Assessed at $150

The Lowest Valuation of Any Property in the City.

The citizens of Peterborough who pride themselves upon the high value which real estate has reached in Peterborough, will be perhaps surprised to learn that there is a house and lot within the city limits and indeed quite close to the business section, which is valued at $150, the lowest valuation of any property in Peterborough. The house is assessed at $75 and the property at the same figure. There are other houses with lower assessment value, but no other case in which a house and a lot are valued at so low an assessment. The property in question is on Antrim street.

Annual Meeting Of St. Andrew's

The annual meeting of St. Andrew's congregation will be held to-night, when the reports of the different organizations of the church will be presented. All members of the congregation are invited to be present.

THE LATEST SPORTS

Ice Races Are Declared Off

The Track is Not In Fit Condition for Racing.

The Peterborough ice races have been declared off. The track is in a condition unfit for racing, owing to the recent thaw, and the races billed for to-morrow and Saturday have been declared off. This will be learned with regret by local horsemen as well as numerous outsiders, who were here with some fast horses to take part in the races. It would be impossible to conduct the races satisfactorily with the track in such poor shape as it is, so the turf club, acting in the interests of the public, the horsemen and themselves, thought this course was undoubtedly the best.

City League Games To-night

Promise to be Very Clean, Fast and Interesting Exhibitions of Hockey.

The second series of scheduled games in the city league will be played to-night. The games promise to be exceptionally fast and the Suburbs of Lakefield will be seen here, for the first time. The city league is in full swing now and the officials have decided to stamp out rough play and make all teams competing play absolutely clean hockey. The city league is an athletic organization that has for its object the development of players for the Peterborough senior team and to promote legitimate amateur hockey.

Following is the line-up of the teams for to-night's games:—

Bankers.		Charlotte Street.
Sawers	Goal.	Lang
Geen	Point.	Roddy
Edwards	Cover Point.	Moore
Macfarlane	Rover	Nicholls
Mulhern	Centre.	Miller
Watson	Right Wing.	Grose
Easton	Left Wing.	Dusty

Referee,—E. Wasson.

Suicides.—Goal, Wilson; point, Weatherstone; cover point, Weatherstone; rover, Campbell; centre, Mann; left wing, Gilman; right wing, McMillan.

The line-up of the Suburbs is not known. Dr. Gibson, of Lakefield, will referee the Suburbs-Suicides game.

Lakefield Loses To The Locals

Two rinks from Lakefield were in the city yesterday for a practice game. The locals succeeded in winning the competition and defeated their opponents in each rink. The total scores were Lakefield 19, Peterborough 31.

The following were the competing rinks:—

Lakefield.	Peterborough.
J. W. Cornish	J. H. Ferguson
E. A. Tanner	R Hicks
R C Strickland	Dr. Eastwood
W. Baptie, sk. 3.	R M Waddell, sk 12.
F M Delafosse	A P McDonald
R R Davidson	H Foole
Levi Payne	C Brightman
G Baptie, sk 11.	S T Medd, sk 19.

HOCKEY

Warren who will play goal for the Bankers to-night is the junior of the Bank of Montreal staff. He comes from Lakefield and formerly played with the Groves.

• • • •

The team to represent the Charlotte Street Guild in their game with the Bankers to-night will be:—

Goal, Long; point, Roddy; cover point Moore; rover, Nicholls; centre, Miller; wings, Dusty, Grose.

GOOD SKATING AND TOBOGGANING AT JACKSON PARK TO-NIGHT

New Steps For Victoria Park

Horticultural Society Asks for Larger Grant.

At this afternoon's session of the County Council a deputation representing the Horticultural Society, and composed of Messrs. D. W. Dumble, president; H. L. Beal, secretary, and Jas. Stevenson, waited on the members to make a request for a grant to construct new steps for the park in front of the court house, the present ones being practically worn out, and would have to be replaced at once. The total cost would be in the neighbourhood of $200, and the County Council was asked to give from $75 to $100 in addition to its annual grant of $75 for the park's maintenance.

The request will be dealt with by the Finance Committee.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local Agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Election In Britain Now Nearing An End

Liberal Sweep So Far Results in Unionists Losing 200.

POLLS FOR 60 SEATS YET

Turn-Coat Conservative Member Loses His Seat to a Tariff Reformer In Lonsdale, Lancashire—Lord Haddo Defeated and Lord Dalmeny Wins Notable Liberal Victory in Midlothian—12 Liberal Gains.

London, Jan. 25.—(C. A. P.)—The slowness with which returns are now received emphasizes the fact that the polling is nearing an end. Results out of thirty-four seats polled yesterday were received, also the remaining two of Tuesday's poll These include two more Liberal gains, bringing the net Conservative loss up to two hundred. About sixty seats are yet to poll. The tariff reformers get a ray of encouragement from the North Lonsdale division of Lancashire, where the Hon. R. F. Cavandish, who was elected a Conservative in 1900, went over to the Liberals last year, now stood as a free trade candidate. He receives 3,942 votes while C. B. Haddock, tariff reformer, received 4,121.

The standing of the parties is: Liberals, 316; Labor, 42; Conservatives, 139; Nationalists, 32.

12 Liberal Gains.

As a result of Tuesday's pollings the Liberals gained 12 more seats, the Labor party two, and the Conservatives one.

Lord Dalmeny, the son and heir of the Earl of Rosebery, won a great victory in Midlothian, where he increased the Liberal majority from 314 to 3,217. The Irish question caused the trouble.

Lord Haddo, the son and heir of the Earl of Aberdeen, the Lord Lieutenant of Ireland, was defeated in Woking, by 1,325 majority.

ROYAL ARCH MASONS.

Annual Convocation of Grand Chapter in Progress at Toronto.

Toronto, Jan. 25.—Men of affairs composing the Grand Chapter, the governing body of Royal Arch Masons in Canada, began their 48th annual convocation in the Temple building yesterday morning. There are in attendance in the neighborhood of 300 delegates, representing every part of Canada.

M. E. Comp. Wm. Roaf, K. C., Toronto, Grand Z., welcomed the delegates and reviewed the work of the year. The committee on Audit and Finance reported the finances to be in a flourishing condition. R. E. Comp. Aubrey White reported the net gain in membership during the year to be 1,084.

The election of officers resulted: M. E. Comp. Roaf, Toronto, Grand Z.; R. E. Comp. John Leslie, Winnipeg, Grand H.; R. E. Comp. Geo. Moore, Hamilton, Grand J.; R. E. Comp. George Bennett, Grand Scribe E.; M. E. Comp. Hugh Murray, Hamilton, Grand Treasurer; Comp. Donald Fraser, London, Grand Scribe N.; Comp. E. B. Brown, Toronto, Grand Principal Sojourner; Comp. James McLaughlin, Owen Sound, Grand Registrar. J. Ross Robertson was elected Chairman of the Board of Benevolence in place of J. S. Dewar, London, resigned. Executive committee, Aubrey White, Toronto; W. S. R. Murch, Kingston; W. T. Toner, Collingwood; J. E. Hallwell, Sterling; John Craig, London; Grand Janitor Jas. M. Pritchard, Toronto.

Mr. Ellis Leaves Commission.

Toronto, Jan. 25.—P. W. Ellis, who has been chairman of the hydro electric power commission, has resigned because he finds that pressure of private business forces him to. John Milne of Hamilton has been appointed to succeed Mr. Ellis on the commission, according to an announcement made at the Parliament buildings yesterday.

ONLY A Common Cold

BUT IT BECOMES A SERIOUS MATTER IF NEGLECTED. PNEUMONIA, BRONCHITIS, ASTHMA, CATARRH or CONSUMPTION IS THE RESULT.

Get rid of it at once by taking

Dr. Wood's Norway Pine Syrup

Obstinate coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Bronchitis it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep, and often effecting a permanent cure.

We do not claim that it will cure Consumption in the advanced stages, but if taken in time it will prevent it reaching that stage, and will give the greatest relief to the poor sufferer from this terrible malady.

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup. Put up in a yellow wrapper, three pine trees the trade mark.

Mr. Wm. O. Jenkins, Spring Lake, Alta., writes: "I had a very bad cold settled on my lungs. I bought two bottles of Dr. Wood's Norway Pine Syrup but it only required one to cure me. I have never met with any other medicine as good."

Price 25 cts., at all dealers.

Children's Aid Society

Rev. Mellville Trotter Man Of The People

Slum Preacher Thrills the Massey Hall Mission.

REDEEMED BY JESUS' BLOOD

How the Rev. Mellville Trotter Stopped Drinking—Witty and Practical Talk From a Successful Home Missionary—Dr. Torrey Would Kindle Revival Fire That Would Sweep All Over Canada.

Toronto, Jan. 25.—Mellville Trotter, of Chicago and Grand Rapids, was the memorable speaker at the conference of Christian Workers yesterday afternoon in Massey Hall. Mr. Trotter, who talks at a gallop, was announced as a lightning speaker, and justified his reputation. "He is a Reverend," remarked Dr. Torrey, "but he doesn't use it."

He was on the way to the lake to commit suicide, when he was led into the Pacific Garden Mission, at 100 East Van Buren street. This was on Jan. 19, 1897. He was a barber by trade, and next morning went to work. His nerves were all of a tremble, and when Mr. Casey, the real estate dealer, came in to be shaved he declined to go into Trotter's chair. Trotter went into the back room and kneeling down prayed God to settle his nerves. If He could save him He could do that. He went back and shaved Mr. Casey. Mr. Casey gave him 25 cents that morning, and it struck him about noon that he had not wanted a drink all morning. He had never wanted one since.

Word in Grand Rapids.

"The hog that calls for swill was gone," he explained. "If you don't keep a hog you don't need swill." Mr. Trotter thought the swellest thing was to be an usher at the door to shoot people in, but he got to other work, and finally went to Grand Rapids. There were a thousand people, nearly all women, at his first meeting. He did not think he could talk to them, having nothing but slang, but three conversions were the result, all women. Two of them were now missionaries, and one was married, with two nice babies.

"If I was an old maid, I'd get converted. That's what Charlie Alexander says," he remarked. "People were longing for the Gospel," he proceeded. He had no trouble in drawing people to Christ. His trouble was in finding time to go after them. Going on with his mission work, he raised $4,200 for a building.

"And I couldn't spell theology on a bet," he remarked. "If you've got Jesus, He's a majority, and all the devils in hell and Canada can't touch you. The devil will get corns on his ribs crawling round trying to get you." He raised $2,500 one morning. "Talk about going! That was going!"

"I want to dedicate that thing out of debt," he told a man who asked him what was the matter. "How much do you want?" The amount was $2,300. "I'll give it to you," said the man.

"I just walked down that street touching my chin," was Mr. Trotter's account of his satisfaction. He was an ordained Presbyterian minister, and he told the conference about it.

A Theological Test.

"When they examined me the examination was a beaut."

"Are you converted?" was asked.

"You bet!"

"How do you know?"

"I was there." Then they appointed a committee of three of his friends, and they asked him was he a Calvinist or an Arminian.

"You can search me," was the reply; "but my dad's Irish." That was all the examination. The text on which he depended was II. Corinthians, v., 17. "The blood of Jesus Christ cleanseth from all sin."

In his first year he had 1,500 people on his hands, and he had known no more about the gospel than a crow knows about ping-pong.

"Don't hesitate to ask Jesus to help you. If He can take a poor, illiterate fellow like me, what can he not do with you? Get down at Jesus' feet. That's where you hear things," said Mr. Trotter. "If you trust Jesus you'll have the greatest time of your life. Canada's got to have a revival right out of this meeting. Surrender yourselves wholly to God," was his advice as the means of attaining it.

The Evening Meeting.

The evening meeting, announced for 6.30 was crowded to the doors and hundreds could not gain admittance. After a short song service Dr. Torrey gave an address on the great truth that there was a God.

To Kindle Revival Fire.

Hundreds of ministers and Christian workers from all over Ontario met in conference at the Metropolitan Church last night to pray for a great revival throughout Canada. Testimony was given by many persons to the saving power.

Dr. Torrey gave a short address on the principles of revival work. He and Mr. Alexander had not come to Toronto to save Toronto, but to kindle a revival fire here that would spread throughout the country. The great Welsh revival had started from a few meetings held in Cardiff, and was continuing right along.

Pastor Is Exonerated.

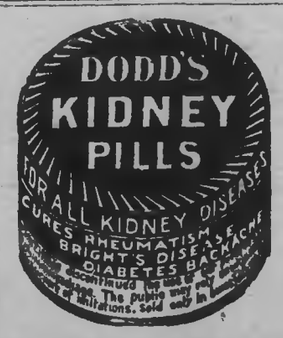
Toronto, Jan. 25.—By a vote of about four to one the congregation of the Walmer road Baptist Church decided last night to ask Rev. Oliver C. Horsman, their pastor, to withdraw his resignation placed in the hands of the deacons because of complaints of heresy.

Perish on the Prairie.

Fort Qu'Appelle, Sask., Jan. 25.—The report was brought here Tuesday evening to the N. W. M. P. that Rabbi Levine and Isaic Pecket of the Roumanian Jewish colony were lost on the prairie 25 miles north of here last Wednesday while going across country 3 or 4 miles to another house. They have likely perished.

Hit by Light Engine.

Belleville, Jan. 25.—Dr. Sing of Thurlow, while coming into the city yesterday morning, was driving across the Canifton road G. T. R. crossing, when his buggy was struck by a light engine. The buggy was smashed and the old doctor injured. The injured man was deaf and blind of one eye.



CONSPIRACY WRITS ISSUE.

Grocers to Be Prosecuted For Conspiracy to Raise Price of Sugar, Tobacco, Starch and Other Goods.

Hamilton, Jan. 25.—The long-delayed prosecution of the Dominion Wholesale Grocers' Guild will take place on Feb. 6.

The Crown Attorney has finished sifting the evidence and yesterday morning summonses were issued against H. C. Beckett and George E. Bristol of Hamilton, John I. Davidson of Davidson & Hay, Toronto; Thos. B. E. Scott, London; W. G. Craig, Kingston; Jos. F. Eby and Thos. Kinnear, Toronto.

The charge against these men is that between the years 1898 and 1905 they did conspire, combine, agree and arrange to enhance the price and unduly limit the production of sugar, tobacco, starch, canned goods, salt and cereals, did restrain and injure commerce, etc.

Tack Men Go For Trial.

Toronto, Jan. 25.—The tack men have been committed for trial, although yesterday W. N. Tilley, who appeared for the Canadian Tack Manufacturers' Association, succeeded in getting the conspiracy charge withdrawn as against two of his clients. Mr. Peck of Peck, Benny & Co., and Mr. Kinghorn of the Montreal Rolling Mills. Those committed for trial are: Messrs. Whitton of the Ontario Tack Co., Hamilton; McMaster of the Montreal Rolling Mills, Montreal; Blacklock of the Montreal Rolling Mills; Hardy, Jenkins, Woodhall, Burckhoff and Fry.

Joseph Phillips Remanded.

Toronto, Jan. 25.—The name of Joseph Phillips, manager of the York County Loan Co., was called in the Police Court yesterday morning, but he was again remanded for a week. Bail was renewed.

Had a Bad Leg.

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was something dreadful. Dr. Chase's Ointment completely cured me, took away the itching, and healed up the sore." — Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

MARSHALL FIELD'S WILL.

Bulk of Great Field Fortune Goes to the Grandchildren.

New York, Jan. 25.—A Chicago despatch to The Times says: The great bulk of the estate of Marshall Field, according to the will, which was read to the family on Saturday night, will be held undivided under trusteeship for the benefit of three children of the late Marshall Field, Jr., according to one of the members of the family present at the reading of the will. The estate has been estimated at from $100,000,000 to $150,000,000.

Specific bequests are made to the aggregate of $25,565,000. The remainder of the estate is left in trust for the son, Marshall Field, Jr., (died Nov. 27), and his descendants. The principal of the residuary estate is to be kept intact until one of the sons of Marshall Field, Jr., shall reach the age of 50 years. The largest single bequest is for $8,000,000, to be used as an endowment and building fund for the Field Columbian Museum. The widow is given $1,000,000, and to the only daughter, Mrs. Beattie of Leamington, England, $1,000,000 is left in trust.

Smuggler Runs Amuck.

Victoria, B. C., Jan. 25.—A man named Jamieson, a smuggler, went crazy Tuesday afternoon, and, securing a gun, visited the naval yard at Esquimalt and shot at the marine guard. The guard closed with the man, when the latter bit his hand, and, breaking loose, made his escape. The alarm was given and soldiers started in pursuit. The fugitive next appeared at the Gorge Terminus of the tramway, and took a shot at a conductor, but missed, and broke a window. He then took to the woods.

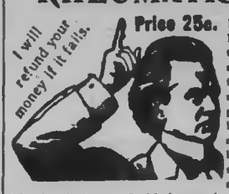
100,000 See the Casket.

Montreal, Jan. 25.—It is estimated that 100,000 people, mostly women, visited the city council chamber yesterday to view the decoration and casket. The lid was removed at Levis on the way up from Halifax, and the attendants found Hon. Mr. Prefontaine so changed in appearance, so unrecognizable, in fact, that it was decided to definitely close the casket. The funeral to-day promises to be one of the most imposing pageants ever seen in Canada.

Concessions to Jews.

St. Petersburg, Jan. 25.—Further concessions have been granted to the Jews in the Governments of Russia, where they enjoy the rights of domicile, by the addition of 133 places, in the country districts, where they will be permitted to reside without hindrance.

RHEUMATISM



Price 25c. Marvon's Rheumatism Cure seldom fails to relieve pains in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system. —MARVON.

Over a Hundred Persons Went Down To Death

Only 16 Were Saved of Valencia's Passengers and Crew.

NAMES OF THE SURVIVORS

No Sign of Living Person Discerned on Board Wrecked Steamer by the Steamer Czar Which Dare Not Go Nearer Than Three-Quarters of a Mile of the Reef on Which the Valencia Lay Stern High.

Victoria, B. C., Jan. 25.—Only sixteen survivors of a total of 154 of the crew and passengers of the steamer Valencia is the sad record of one of the worst marine disasters on the Pacific Coast.

The steamer Salvor has arrived from the scene of the wreck at Klanaway Point, about five miles from Cape Beale, where the ship is lying with her stern high on the reef and her decks swept bare. At three-quarters of a mile no sign of a living person was discerned on board. In the rigging of the foremast was some dark huddled object, but whether a crude signal of distress or a piece of sail could not be ascertained.

The steamer Czar, after making as close an examination as possible at three-quarters of a mile, which was the nearest that even she dare approach the reef in the prevailing wind and sea, returned to the Salvor and Queen, the former heading for Bamfield, while the Queen stood by in the forlorn hope of picking up some castaway or bodies before relieved by the City of Topeka.

The 10 survivors, who are reported fifteen miles from Beale, reached that point via the difficult trail. So far as known they, with six in the boatswain's crew, 16 in all are all that are left of the crew of 60 and 94 passengers. When the Salvor left the locality of the wreck there was a strong southwest gale, and the rain was descending in torrents with cutting flurries of hail.

The sole survivors are: T. J. McCarthy, boatswain; Thomas Lawson, C. Brown, Thomas Shields, John Mark, W. Goslin, C. J. Miller, fireman; Assistant Supt. Sunker of Seattle, whose wife and two daughters drowned; D. Richley, fireman; Carl Sequel, first-class passenger for Seattle; Mike Hone, second-class for Seattle; Brown, second-class; Y. Hosada, Oakland, for Seattle; P. Campbell, who lost wife and 15-year-old daughter; B. E. Ledhouse, fireman; Albert Wells, U. S. Navy.

Blasting Kills Two.

Quebec, Jan. 25.—Word was received here last night that a blasting accident occurred on the La Tuque branch of the Quebec and Lake St. John Railway, some fifteen miles west of La Tuque Junction, and two men were killed and three others badly injured.

Crosses Pyrenees in Balloon.

Madrid, Jan. 25.—A Spanish aeronaut named Duro has crossed the Pyrenees in a balloon. He ascended at Pau and descended at Guadic, in Granada, covering the 560 miles in 14 hours.

Building Lots for Sale at a Bargain

Two lots on Monaing Avenue immediately east of the residence of Mr. J. M. White.

Also two lots west of Brin Property in front of Mount St. Joseph.

These lots will be sold at a bargain, as estate is being wound up. Particulars may be obtained by applying to R. M. Glover, Examiner Office.

School Inspectors Advocate Higher Teachers' Salaries

County Inspectors' Reports to County Council Deal With This Question—Say They Are Fifty Per Cent. Too Low—Nature Study is Urged—Find Teachers Comparatively All Properly Qualified—Only 23 Out of 53 in East Half of County—Some Other Matters Dealt With on the Subject.

At the session yesterday afternoon the County Council received the reports of the two school inspectors, Messrs. J. Coyle Brown and Rich. Lees. This is the first report presented since the two inspectors were appointed, and for this reason their presentation is of more than usual interest. It is a significant fact that both inspectors refer in their reports to the low salaries paid, and advised that unless the trustees are willing to pay more money they will be unable to secure competent teachers.

Mr. Brown's report dealt with the western half of the county, and Mr. Lees' with the eastern.

The reports were as follows:

To the Warden and Members of the Council of the County of Peterborough:—

Gentlemen,—I have the honour to present to you the report of the inspection of the Public Schools of the part of the County assigned to me, for the last half of 1905.

In the last column after each school is inserted some of the more obvious needs. To these in a general way, I respectfully call your attention.

In some cases the grounds are not enclosed. While this may be overlooked in the case of some poor sections, there is no excuse for it, say, in North Monaghan and Otonabee. There are cases also where the grounds are too small, and the children have to play on the road. This is not right. It has a tendency to make the pupils objectionably bold. In not a few cases the fences are not what they ought to be, either as to appearance or utility. When made of wire they soon get out of repair. School grounds should be smooth, sufficiently large and properly fenced. If practicable, there should be a well on the premises. This is not practicable in every case, but it is in most.

Closets should receive more attention than is often given them. The boys' closet should have a urinal. Otherwise it is almost impossible to keep it in a fit state for use.

Many more shade trees should be found on school grounds. A belt of evergreens (cedar is perhaps best) should be planted on the north and west, and a few deciduous trees on the south and east.

The school house and its surroundings should be made as attractive as possible. They should be objects of pride to the people of the section. This they could be made without inordinate expenditure in the case of the great majority of the school sections of this county.

In the school house in some cases the blackboards are not what they ought to be. This places the teacher at a great disadvantage.

In many cases the schools are still without dictionaries, gazetters, and other works of reference. The ability to obtain from a dictionary or other work of reference the knowledge it is intended to give and to do it in a reasonable time is a necessary part of the education of a boy or girl. This ability cannot be imparted without the necessary books. In this case also the teacher is placed at a disadvantage.

Many parents are seemingly indifferent as to the regularity of their children's attendance at school. When a child is away a day it not only loses that day but is not in a position to do the next day's work. One day's absence entails a loss of perhaps a day and a half. Here again the teacher is placed at a disadvantage. Much might be done by the teachers calling on parents and making inquiries as to cause of absence.

In every school there should be a map of the County of Peterborough, a hemisphere map of the world a map of Canada and a map of Ontario. If these four maps are well known, it is, perhaps, as far as we ought to expect map geography to go. In many cases the map of the world on Mercator's projection is the one provided. It gives a wrong impression of the relative size of parts of the earth and should not be employed in the ordinary teaching of geography.

By examining the Register column of the detailed report it will be seen that comparatively few are marked 5 (excellent). Nearly every one should be thus marked. The rating in the "scribbler" column is very much lower than it ought to be. It is to be hoped that a better showing may be made during the current year in both these respects.

In almost all the schools more attention should be paid to the language of each of the subjects taught. The terms should be dwelt upon until they are familiar. In any walk of life a person should be familiar with the names of the tools.

At the model school last year there were twenty-five teachers in training. About half of these were deficient in scholarship, and were only eligible for District Certificates. In future none will be admitted who will not on passing be legally entitled to a third class certificate, valid for the province.

The half-day plan was tried in two schools in Otonabee during the past summer. These schools were, No. 1 and No. 16. In the former four (4) pupils passed the entrance examination, one of which passed the highest of any in the county. In the latter three passed. Had thirty rural schools in the part of the county examined by me last term done as well, they would have passed one hundred and five. As it was they only passed forty-four. It is to be hoped that many rural schools may try the experiment this coming summer. It has many advantages for both pupils and parents.

In every rural school there should be a cabinet, containing specimens of different kinds of soils, rocks, weeds and their seeds, timbers, fruits in jars insects, and many other things. Some time each week should be taken up in going over them, and making the pupils familiar with their names and properties. The observing powers of the pupils should be developed to the greatest extent practicable.

The new curriculum for public schools adds much to what was formerly taught. Some advocate the teaching of religion in the public school. The president of the Agricultural College at Guelph advocates teaching agriculture, manual training and domestic economy. If all these are attempted, the rural teacher will have a lively time of it.

The constant change of teachers going on in the country makes satisfactory progress impossible. We will never have good results as long as it continues. Men have been driven out by the smallness of the salaries paid. Women, as a general thing, are intending to remain in it for a short time only, and they are quite right. Teachers' salaries should be raised at least fifty per cent.

The majority of teachers are doing their best, but they have to contend with many drawbacks, unfavourable surroundings, deficient appliances, irregular attendance and their own limited experience constitute an array of regarding forces hard to overcome.

In conclusion, were you to offer a prize to the pupil passing the highest at the entrance examination in each municipality of the county, and also for the collection of information regarding soils, trees, weeds, insects, birds, etc., bearing on the subject of agriculture, it would have a stimulating and healthful effect on the schools, and would be of no inconsiderable benefit to that most important of all industries, the cultivation of the soil.

I am, gentlemen,
Your obedient servant,
J. COYLE BROWN.
Peterborough, 23 January, 1906.

The Warden and Council of the County of Peterborough.

Gentlemen,—I beg to submit my report for the fall term of 1905.

During the term I made 67 visits, including 3 to the County Model School, and found all the schools in operation except No. 13 Methuen, where they had not succeeded in getting a teacher. Subsequent to my visit a number of schools were closed owing to the outbreak of smallpox in Chandos and the adjoining districts.

While I found most of the teachers earnest, painstaking and anxious to do their best, there are a number of schools in which no very satisfactory work is being done, owing to various circumstances, sometimes in the qualification of the teacher and sometimes in the external conditions.

VILLAGE SCHOOLS.

In the Village of Norwood, though things were somewhat disorganized, owing to the presence of three substitute teachers on the staff, I found on the whole, very good work being done. The permanent members of the staff are experienced, thorough and efficient. Some changes and improvements in the building and equipment are urgently needed, to which I expect attention will be given during the coming summer, if not sooner. Havelock has a good staff of teachers, but is badly in need of better school accommodation.

RURAL SCHOOLS

Of 53 rural schools visited, the work being done was average or better in 24, below average in 23 and poor in 6. One was closed. The great difficulty is to get properly qualified teachers. Of the 53 teachers in the rural schools referred to, only 10 hold permanent, second-class certificates; 13 hold thirds, 10 extended thirds, 8 district certificates, and 12 practically no certificate at all. That is 23 out of 53 are properly qualified. There are various causes for this state of affairs, but the most important is the low salaries paid. There is no inducement for young people, especially young men, to prepare themselves for teaching, and still less to remain in the profession when they have entered. The salaries paid the teachers of the county are no higher now than they were during the period of greatest depression fifteen years ago, while the cost of living to the teacher has increased at least fifty per cent., and the ability of the people to pay has doubled since then. Until people make up their minds to pay for their education what efficient service is worth, they cannot expect anything but poor schools.

While in every school the teacher is the most important factor, and on his earnestness, enthusiasm and ability the success of the school depends more than on anything else, there are also external conditions that make for success or failure as the case may be. One of these is the character of the school house, its surroundings and equipment. If the house is bright, pleasant, clean, comfortable, well lighted and well ventilated it is much easier doing work than under conditions such as exist in the majority of the schools I have visited thus far. In almost none of them is there any provision whatever for ventilation, and in many there does not seem to have been a single attempt made to clean anything above the floor since the buildings were erected, some of them thirty or more years ago. Perhaps your power of imagination will enable you to picture the condition of the walls and ceilings. I cannot describe them.

As to grounds, most of the schools are provided with ample yards, and in many cases they are fairly well fenced, but in very few cases has anything been done to put them in proper shape, or to keep them so. The whole aspect of the school property is in most cases repulsive, uninviting, and suggestive of neglect, both outside and inside. Instead of being attractive and beautiful as they ought to be.

A new school was opened during the term in section No. 2, Belmont. It was nearing completion at the time of my visit. I am disappointed in the building and was sorry to see how many things might have been better adapted, and at very slight increase in cost, had the trustees sought competent advice before beginning the building. During the summer vacation No. 2, Dummer, was re-seated with new up-to-date desks which are a great improvement.

In regard to the new subjects of study, little has been done. In a few cases teachers more enthusiastic and enterprising than the average, have made a beginning in the nature study; in the art work very little has been done beyond the old course in drawing, and that in most cases not well done. In my visits and also at the meeting of the teachers at Norwood, I endeavoured to arouse an interest in school gardens. The difficulties in the way are reluctance on the part of teachers to undertake anything new, the frequent changes of teachers, making them unwilling to begin what they do not expect to finish, and the general indifference of trustees and people. The object of these gardens is not so much to teach children what perhaps they can learn at home, as to cultivate an appreciation for order and beauty and form a basis for the study of nature. "Education by environment" is recognized as of the utmost importance, and at most of our rural schools, the environment cannot end to elevate.

I regret to report that notwithstanding the liberal inducement offered by the Legislature for the establishment of libraries, I have no found a single school to take advantage of it.

I have the honour to be gentlemen,
Your obedient servant,
RICHARD LEES.

A gannet or solan goose has just been picked up in a garden at Billingborough, Eng., having evidently lost its way in the fog. It is usually found on the coasts of the islands to the north of Scotland during the breeding season, and on the coasts of Portugal and Spain in the winter.

MUSIC AND DRAMA

"His Highness the Bey," Hough, Adams and Howard's bright musical satire, was presented at the Grand to a large and fully satisfied audience last night. The production was one of the best in the comic opera line seen here for a long time, and the amusing contretemps kept the audience in a hilarious state from start to finish. The musical numbers were of a catchy, sparkling nature. The chorus was composed of pretty and well-trained girls, and libretto written by Hough and Adams was clever and original. The presentation was marked by pretty scenic effects and handsome costumes.

The action of the play is centred on the adventures of Louis Klutzelhelmer, a band leader from Kankakee, who drifts into the Bey's palace, Harran, Turkey, just as His Highness disappears. Louie is persuaded to become the Bey, and in this role provides a great part of the amusement.

Jas. B. Raimond, in the title role, made a great hit with the audience, and his comedy work was most effective. Al. Denier, in the part of Count Casino, Russian Ambassador to Turkey, a gentleman with a longing for "loose change" and a happy faculty for getting the same, and Abad Khan, the much-worried Caliph of Harran, aided materially in the fun-making. Chas. Hart, in the role of Hartley Davis, American war correspondent, looked every inch the part, and made love charmingly, while Mabel McCane, as Georgia, was very successful in her work.

The production abounds in bright, tuneful music of the whistling kind. The gems undoubtedly were "Sweethearts of Boyhood Days," "Stories of a Summer Night," "In Kankakee," "Julia Dooley" and "Flaming Sword." Chas. Hart, as Hartley Davis, has a sweet, though not overpowerful tenor voice, which was heard to great advantage. The other soloists are not out of the ordinary.

The dances formed no unimportant part of the satire. The dance of the nations was particularly fine and merited the warm applause it received.

"His Highness the Bey" is a good production, ably presented, and should receive liberal patronage.

• • •

Al. W. Martin's greater "Uncle Tom's Cabin, which will appear at the Grand to-morrow night, is a mammoth aggregation, unanimously endorsed by the press and public.

The revival of this production by Al. M. Martin has always attracted more attention than any of the other early bookings owing to the fact that it is the largest offering stageland ever known of the grand old play.

• • •

The Firth - Eaton Combination, which will appear at the Grand opera house on Monday night, Jan. 29th, will rank as one of the highest quality concerts that has appeared for some years.

Mr. Francis Firth is one of the most accomplished baritones in America, and is also a composer of considerable repute. He has a voice of fine dramatic power backed by a personality and temperament which give life and character to his work, and as a soloist he has few equals. His voice is powerful and his tone most pure and clear. Mr. Firth enjoys the distinction of having sung in Italian Grand Opera, and the press of Italy as well as that of America speaks of him as one of the greatest baritones of the day.

S. Homer Eaton is considered America's greatest impersonator. This artist's refined and clever impersonations make an entertainment remain fresh in one's memory for years. He is equally able to produce mirth and pathos and moves his audience to tears and laughter. His chief impersonations are those of "Reuben Ketchum," "Josiah Allen's Wife," "The Widder Green," and as "Prima Donna."

It will be remembered that on June 2nd, 1904, this combination was brought to Peterborough through the instrumentality of Mrs. C. B. McAllister, in aid of the Lady Minto Hospital Fund. At that time it was greeted with a crowded house and was universally considered an entertainment of first class quality.

THE WEATHER.

This morning the thermometer was down to within 4 degrees of zero. This is considerable of a drop from a temperature of 54 degrees which we had a day or so ago. The present cold spell will probably be of short duration.

GOOD SKATING AND TOBOGGANING AT JACKSON PARK TO-NIGHT

On the invitation of Sir Alfred Jones, the Jamaica, Kingston, Choral Union, composed entirely of natives, left by direct liner from Port Antonio for a tour in England. The opening performance will be at the Liverpool exhibition.

J. SUTCLIFFE & SONS

Embankment Of The Trent Canal Breaks Away With Some Rather Serious Results

Residents East City Awakened This Morning by Rush of Water on Streets--About Fifty Feet of East Bank of Canal Washed Away and 2500 Tons of Water Poured Over the Property--The Probable Cause of the Trouble--Water Stated to Have Been at Normal Height.

The citizens of East City whose residences border on the creek which runs from the culvert of the Trent Valley Canal, near the swing bridge of the Warsaw road, were this morning forced to rise fr their downy couches earlier, than their custom. The sound of trickling water, that in the days of old startled little Peter, who saved the lowlands of Holland, broke upon the ears of the sleepers and brought apprehension and trouble with it.

Some time between the hours of midnight and 4 o'clock this morning the water in the canal, about half way between the bridges and the Warsaw and Norwood roads, formed a tiny opening through the bank of gravel, which gradually grew larger and larger until a gap 40 feet wide and 30 feet deep was washed away. Lucky would it have been for the people who have sustained the damage if a second Peter had been there to prevent the disastrous flood.

The opening through which the water escaped is on the west side of the canal, and Curtis' brickyard was this morning a small lake dotted with islands of timber and woodpiles. Last night before the flood occurred the water in that part of the canal was about 7 1-2 feet in depth, and this morning nothing but a brooklet ran from both directions down the gaping bank. And had it not been for the fact that the gate underneath the bridge above the break rose up, being forced by the water above, East City to-day would have been deluged, as all the water from Nassau, at least, would have been pouring down. Mr. Geo. Carpenter, a gentleman who lives near the scene of the disaster, states that on other occasions a dozen men at least are necessary to raise this guard gate, which generally is lowered in a case of concrete and loaded with stones. However, nature was, this morning, the means of assisting in the protection of property, and probably of life.

The part of the canal emptied is about 2,000 feet in length, 60 feet wide and 7 1-2 feet deep, making a total volume of 90,000 cubic feet, or a weight of about 2,500 tons of water, or 500,000 gallons. Large masses of ice and stones still cling to the sloping sides of the canal and produce a spectacle of a miniature glacier character.

The cause was, it is stated, not due to the high water, as it was at its normal height. It is generally supposed that a defect in the construction of the bank which was formed of loose gravel was the cause of the break.

Hundreds of people were hourly coming and going from early morning, when the news first got abroad.

Mr. Curtis, whose brickyard lies opposite the opening, will be the heaviest loser. Drains were forced in all directions in his field, and the rushing water tore out trees by the roots, and boulders of all sizes were strown over the ground where the brick clay was ready to be dug in the spring. Also large piles of clay ready for making brick have floated down through East City to the Otonabee River. Mr. Curtis had also a large quantity of timber and wood on this lot which is now scattered in every direction and also some has floated down through the conduit under the canal, where the water found its way into East City. Mr. Curtis has recently placed an electric motor in his sawmill and yesterday was the first day he had been running it. This morning it was at the bottom of four feet of water and probably is considerably damaged. The only loss of life so far reported was that of three pigs, and some hens, the property of Mr. Curtis. The former were to-day seen by some of the residents floating down the creek, squealing and struggling to cope with the rushing waters. Cattle and horses were standing in three or four feet of water when the owners rescued them.

On Concession and Mark streets, the roads in the early morning were covered with water about two feet deep. Small stones and gravel have been lodged on them. Large cakes of ice weighing a ton or more floated down the stream and carried numerous bridges and fences in its path of destruction.

An Examiner representative called upon several citizens of East City this morning and all described alike the havoc wrought by the flood.

At Mr. O'Connell's residence, 623 Concession street, the water poured in through the cellar window filling it to a depth of three or four feet. At other places the same story was heard and large quantities of apples potatoes and fruit were completely destroyed.

Roger street was in a similar condition to the others and its flooded condition caused a number of the youths to dispense with attending school notwithstanding their anxiety to do so.

Mr. Geo. Gillespie's blacksmith shop which is on the border of the creek, was filled with water early this morning so that operations were suspended. Mr. Morse's residence on Mark street, was so completely surrounded that he and his family had to be carried out of the house.

The first notice of any thing abnormal with regard to the creek was about 5 o'clock when some resident of East City telephoned Mr. R. H. Rogers, that that portion of the city was being deluged. Mr. J. H. McClennan and Mr. C. Gordon were also notified and were speedily on the spot. Nothing more could be done, however, than make more certain that the guard gate was reliable. Blankets, rags and straw were forced into the crevices of the gate and very little water now is escaping through it. A large number of young lunge just below were the objects of considerable observation by the people who had gathered round to see the scene.

The canal officials would not make any official announcement with regard to the reconstruction, but they did not think the work would be commenced before spring.

A later report from Nassau power house states that the water there was noticed to be lowering about 3 o'clock so that in all probability the opening was formed about that time.

As to the probable cause there are a number of theories, one of which is that an old farm tile drain, which it is stated, was discovered right at the point at which the break occurred, was responsible for it. It appears that the tile was removed when the canal was built, and the drain filled in, but the statement is made that the earth may have been somewhat loosened, and that the water rushing the loosened earth, washed it out. This drain was about four feet below the bottom of the water in the canal.

Mr. J. H. McClellan, the superintendent of the canal, when asked for a statement to-day, was not prepared to make one, beyond the fact that he had reported the matter to Mr. J. Butler, the Deputy Minister, and he had replied that steps were to be taken to effect repairs to the break. Mr. McClellan was notified of the accident at five o'clock. As to the cause he was of the opinion that it was a defective bank.

The water in the reach was at normal height, he states, and it has been remarkably steady.

Mr. R. B. Rogers, the chief engineer of the canal, was not prepared to make any official statement on the matter. He is reporting it to the chief engineer of the Department of Railways and Canals.

Underground Wires Now The Proposition

Mayor Best Objects to the Unsightly Appearance of George Street From Charlotte to Brock Streets—Wants Mr. Stuart and the Peterborough Light and Power Company to Help in Cost—Will Consider It.

PREPARATIONS TO LAY THE PAVEMENT

The Mayor does not like to see the "cedar swamp" on George street, between Charlotte and Brock streets, and last night asked Mr. Robt. Stuart, who was at the meeting of the Committe of the Whole, if the Peterborough Light and Power Company would be willing to co-operate with the City in placing the wires underground between the two streets named. He intimated that the Council would in the near future want to lay a permanent pavement on George street, and they would not care to undertake that work until the poles were removed in order that the street could be paved from curb to curb. He understood, he said, that the Bell Telephone Company intended in the near future to place all their wires underground on the street referred to, and it would be desirable to have all the electric wires removed.

Mr. Stuart was non-committal in his reply. He said that this was the first he had heard of the suggestion, and he would have to consider the matter. He promised to consult with Mr. Larmouth on the question.

Mr. Larmouth suggested that if the city would pay the cost the Company would be prepared, he thought, to do the work in connection with placing the wires under the street.

It is probable that further will be heard of it in the near future.

O'Leary Guilty For Both Charges

Daniel O'Leary was yesterday before Magistrate Edmison at Lakefield on a double charge. On that at watch stealing, he was out on suspended sentence and was fined $10 and costs or 30 days, and on the charge of abusing a horse he was also found guilty and $5 and costs were marked against him or 20 days in jail, the two sentences to run concurrently.

Young Men's Guild.

—The next meeting of the Young Men's Guild, of St. Paul's, on Tuesday night, will be held at the residence of Dr. and Mrs. Torrance, of whom they will be the guests. An interesting evening will doubtless be spent.

High-Level Bridge Over The Otonabee River At Hunter Street A Possibility

Council in Committee of the Whole Considered the Question Last Night—The City Engineer Instructed to Prepare Plans and Estimates of Cost—A "Guessing Estimate" is $50,000 to $60,000—Benefits its Construction Would Confer on Public—Two Governments Will be Asked to Contribute.

It appears that the Examiner's article some weeks ago in advocacy of the construction of an overhead high level bridge over the Otonabee River at the Hunter street crossing, has borne fruit, for last night a meeting of the Committee of the Whole was held, when the matter was discussed and the decision to instruct the City Engineer to prepare plans and secure an estimation of cost was arrived at.

The question come up yesterday when Mr. J. G. Sing, the Government Engineer was in the city in connection with the dredging operations which have been carried on in the river, and the facility for [illegible] tion north of the Hunter street bridge was considered. It was then that the suggestion, anticipated by the Examiner, that an overhead bridge should be constructed was recalled, and it was decided to ask the council to meet in Committee of the Whole for the consideration of the question.

Those present at the meeting, which was held in the city clerk's office, were:—

Mayor Best, Ald. Tovey, McWilliams, Graham, Elliott, Gall, Adams, Johnston, McIntyre, Mason, Mr. Robt. Stuart, R. R. Hall, M.P., J. H. Larmonth, D. Hughes Charles, R. M. Dennistoun.

The steps taken at the present time were simply of a preliminary, [illegible] council wanting to ascertain in the first place what the cost of the proposed bridge would

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

Should A Young Man Marry On $16 A Week?

$16 A WEEK.

The following contribution to the matrimonial controversy involving the possibility of getting married and staying happily and successfully married on an income of $16 a week, is given literally as it was received:—

To the Edditer Sir I hav red sum of thee peeces in the paper about gettin mared and keeping howse on 16 dol a week Now sir ile tell you howe i started. I started on 7 dol a weak. I hadent much chanst for an eddication but I had the goode luk to git a wif with goode sence Wee haddnt mutch ferneter, only a bed an tabel an sum chares too set on We livd plane an saven an rased owr childer an lade bye mony Thats a good meny yeers agoe but wee got along an I one my one home an goode dele propperte also an i cud bye an sel a goode menny peepel hoo put on a lott of stile witch i never did. If a man and wif wants to live saven on 16 dol a weak tha needdnt cal the king thare unkel Too ily saven an ones 16 dol a weaks a forchun

Yoors to Comand.

WILL TRY IT ON $10 A WEEK.

To the Editor of the Examiner:

Reading the columns of your paper lately with interest, I wish to say that I quite agree with young lady of 21 years in yesterday's issue of this paper, in her preparations and qualifications for married life and am looking for one of the same kind. I am 24 years old and am industrious and of good habits. Would $10 a week with prospect of a raise, a bank account and two good investments, be sufficient to keep a home on as $16 seems so disastrous. Of course, I don't wish to enter matrimony with prospects of getting behind prison bars or boarding with mother-in-law. Any young lady who can comply with these requirements, kindly correspond as I feel lonely. It takes man to build the house but woman to make the home.

HOME SEEKER.

A SPINSTER SPEAKS.

To the Editor of the Examiner:

Dear Sir,—I must say that the "Old Gent" must have been born under a lucky star. Instead of living on Easy Street he ran the risk of spending his life in the Home for the Destitute. If Heaven had seen fit to visit him with sickness, where would he have been? What could his poor wife do if he was laid up for several months. She would have to leave her seven half-starved, poorly-clad little ones crying after her and go out to work herself each day to support them. I would like to know if any man is justified in bringing any young girl to such a life of misery.

I quite agree with "Common Sense" in her view of the subject, that each young man should strive to save enough in his single days so that he migh tbe able to take her to a home of his own. Then I am sure each loving and trusting another, they could be as happy as two little birds in a nest.

I am,

Yours respectfully,
MOLLY THE SPINSTER.

Peterborough, January 25, 1906.

IT ALL DEPENDS ON "SHE."

To the Editor of Examiner:

I have been a reader of the Examiner for the last eight years and have been very much interested in the letters referring to the marriage question.

A great many of them have been written with a slight tinge of sarcasm, others bright and witty. Some give good advice to the young man who enters the state of matrimony, and I would like to give him my experience as a married man

I am 34 years old, have been married eight years, and have three children. I had just $100 the day I was married, and my income was $9 per week. We went housekeeping in three rooms, bought a few pieces of good furniture and settled down to the stern realities of married life. My wife was a tailoress, and knew but very little about housekeeping. The first two years we saved $190, and had a good time, too. At the end of two years our first baby came, which, of course) used up some of our savings, but we kept plodding along.

My wages during the remaining six years have been not to exceed $60 per month. At the present time I have a good home well furnished, three baby children, and a loving wife. What more does mortal man want? I might say that I have not lost a day's work in eight years, as I always make it a point to secure a trifle better position every time I change. We have had our ups and downs, of course, but everything came out right in the end.

Some skeptical readers may say that we were probably stinted in food and clothing, but I can assure them that we have plenty of good plain food, and my wife and family manage to dress well enough to have people wonder how on earth they do it with the salary he gets. My wages are given to my wife to do with as she thinks best, and it is needless for me to say that she is adding all the time to the little bank account. I even manage to have a couple of good cigars a day, besides taking several monthly magazines, and a daily paper.

As for the girl that will not wash the dishes or do any of the housework without a maid, why, shun her as you would Satan himself, as you could not keep her on $25 per week. You would probably end up your career in the Division court.

In conclusion allow me to say that it all depends on "The woman in the case." If she is willing and economical, there is no reason why you cannot get along and save money.

Be sure that "She" is the right one. Be a manly man yourself. Love, honour and protect her, and the chances are that you will be as well satisfied as

"A CONTENTED MARRIED MAN."

High-Level Bridge Over Otonabee

(Continued from First Page)

be, and in the second place to what extent the two governments and the county council would assist in the cost of construction. It was recognized that to ask the ratepayers of the city to vote the $50,000 or $60,000 or perhaps more, which would be required to construct the bridge would simply mean that it would be defeated, and that there would be no use in submitting it, to say nothing of the justice or injustice of making the city pay the whole cost.

Mr. R. R. Hall suggested that the two Governments be asked to make a contribution to the cost, and he believed they would be inclined to grant the request.

All the speakers at the meeting last night agreed that there was a necessity for the bridge, and recognized that it was becoming a very dangerous and inconvenient crossing, and that the time was not far distant when the construction of the bridge would be an absolute necessity, and, from the standpoint of the American Cereal Company it was pointed out that since they were quite likely to be extending their works in the near future still further, they could more easily construct their new buildings to accommodate themselves to the high level bridge than to adapt them to it afterwards.

Mr. D. Hughes Charles.

Mr. D. Hughes Charles, President of the Board of Trade, who had requested the Mayor to call the meeting was the first speaker, and introduced the subject.

Mr. Charles pointed out the advantages which would accrue to the city if the bridge was raised. He had frequently noticed a congestion of traffic, and his opinion was that it would be much safer if the bridge was raised, a work which could be done easily at the present time. He suggested that probably the Ontario Government could be induced to assist the city in the work as well as the Dominion Government.

Mr. Hall Speaks.

Mr. R. R. Hall endorsed Mr. Hughes Charles' opinion as to the necessity for an overhead bridge. He referred to the fact that Mr. Sing had recognized the necessity for some improved facility for crossing the river and had pointed out that a swing would have to be constructed unless the bridge was raised. It was somewhat of a reflection on the progressive spirit of Peterborough that only that this and the Smith street bridges accommodated the traffic, and with the increasing business at the Cereal Works, the congestion at that bridge would increase. Nature had certainly done much to render the circumstances favourable, and he believed that the present was the best time to act.

In the preparation of the plans for the new wharf the question of a high level bridge would have to be considered and if it was constructed the plans could be accommodated to it.

He felt that probably the Dominion Government could be induced to make a substantial grant, but as to what he could not say. He believed that the Ontario Government would also contribute to the construction of the bridge. They had made grants in the past to bridges situated similarly. What he would suggested was that the City Engineer should make plans of the proposed structure. He had been given a guessing estimate which was that it might cost, say $50,000 to $60,000.

Mr. Hall explained that the American Cereal Company had not suggested the construction of an overhead bridge, but itt would be a convenience to the citizens.

In answer to the Mayor, Mr. Hall said that it would be desirable to construct a bridge sufficiently strong to allow the street cars to use it.

The Mayor was anxious to know if the Cereal Company were prepared to pay a portion of the cost, and Mr. Stuart stated in reply that, as far as he knew, they were not, because they were suffering no inconvenience whatever, but it would be much easier to construct their new buildings which they would doubtless build, to suit an overhead bridge than to adapt them to it afterwards.

The Mayor wished to know what would be done with the present bridge, and the suggestion was made that it could be moved to Smith street, to replace that at present there.

Speaking as a citizen, Mr. Denistoun said that the people required the bridge and that it would have to come in the not distant future. He believed that the two Governments should be interested, and efforts should be made to induce them to assist with the construction of the bridge. Mr. Finlay should take the matter up as heartily as Mr. Hall, and Mr. Anderson and Mr. Bradburn should also be interested in the project, because that would be a decided advantage to the people of the country. He did not believe in submitting it to the people until the motion was in proper shape, and until the council had a proper estimate of the cost of the structure.

In answer to Ald. Adams, Mr. Larmonth stated the position of the Radial Railway Company, which would, he thought, be prepared to pay the difference in the cost of laying the rails on the bridge, and on a macadamized road. He did not think that his company would contribute to the cost of the bridge, because they would receive no substantial benefit. The traffic to be gained from a connection with the east side of the river for years to come, would not warrant the company in going to any expense in connection with the construction of the bridge.

Mr. Hall referred to the fact that the Government would in the near future, in works now underway, and in those to be undertaken, spend in the neighbourhood of $60,000, all for the benefit of this city, because no other city received any benefit, and in view of this fact they might not be inclined to feel like making a large grant towards the construction of the bridge.

Ald. McWilliams agreed that it was only a question of time until a bridge of this kind would have to be built. The city, was fortunate in that the circumstances surrounding were so convenient, rendered so by nature. It certainly was an inconvenience at the present time, but to a great many of the citizens the proposed bridge would not be a benefit, and he did not believe that they would look favourably upon a proposal to vote much money at the present time. In time, he believed, all the interests affected would be willing to contribute to the cost of the bridge, but he certainly did not think that the people would vote for such an expenditure at the present time. The Dominion Government was at present contributing considerable to the improvement of the river at this point, and he did not think that a large grant could be secured from them.

His opinion was that the C.P.R. or the American Cereal Company was under the necessity of erecting gates at the request of the city, and to maintain them.

The Mayor suggested that a bridge builder might be asked to prepare plans and estimates of cost to submit to both Governments. He believed that if each Government would contribute one-third of the cost, the people might be prepared to contribute the other one-third.

Ald. McWilliams moved, seconded by Ald. Tovey, that the city engineer be instructed to prepare plans for an overhead bridge across the Otonabee River, at Hunter street, and for any other improvements, approaches, and expropriations which may be found advisable, and to secure estimates of the cost, and the other interests concerned be asked to co-operate in preparing such plans.

This motion was carried and the meeting adjourned.

First President Gave An Address

Mrs. (Rev.) J. E. Moore Congradulating Mark Street Ladies' Aid.

The regular monthly meeting of the Ladies' Aid Society of Mark street church which was held yesterday afternoon at the residence of Mrs. M. W. Matchett, Mark street, had a more than usual interest and significance. The first president of the society, Mrs. (Rev.) J. E. Moore, of Pickering, was present at yesterday's meeting and gave an address, which, needless to say, was much appreciated. In addition to being the first president, Mrs. Moore was also the founder of the society, which began with 18 members. To-day the books show a roll of 42 members, a growth which is very gratifying to the officers of the society.

Mrs. Moore, in her address yesterday, congratulated the society upon the excellent work it had accomplished in the past, and hoped that it would continue in the future. She advised them to not only prosecute the material side of the work, but to pay attention to the spiritual features as well.

The meeting yesterday was well attended and much interest was manifested. It was decided that each member should contribute $1 as an Easter offering, $10 of the total amount so collected to be given to the Woman's Missionary Society, and the balance will be placed at the credit of the general fund. It is an interesting fact to recall that Mrs. W. M. Matchett, the first secretary, and Mrs. J. Smith, the first treasurer, are still active members of the society, which was organized by Mrs. Moore over six years ago.

At the conclusion Mrs. Matchett's hospitality was crowned with the serving of refreshments.

Creditable Reports Were PRESENTED AT THE Annual Church Meeting

Congregation of St. Andrew's Held Their Annual Gathering Last Night—The Various Church Organizations Reported Progress and Advancement—Report of the Board of Managers and Financial Statements Received —New Managers Elected to Fill Vacancies.

The annual congregational meeting of St. Andrew's church was held last night in the Sunday school room. There was a large number of active workers of the congregation present who evinced a deep interest in the affairs of the church. The reports presented by the various church organizations were of a most encouraging character and go to show that the past year has marked by progress and advancement along many lines. The financial statement was an excellent one.

The meeting was opened by devotional exercises, after which the pastor, Rev. J. G. Potter, in an earnest address, spoke of the progress made by the church during the year. There was a great deal to be thankful for he said, but the members of the church should look forward to definite work in personal matters and not rest content until success in this line had been achieved. They should see that every member of their family was led to Christ. "No one can save you, brother or sister," better than yourself, said the speaker, who closed by referring to the necessity of winning over the young people. Reference was made to the Torrey-Alexander Missions, and Rev. Mr. Potter during his address sang "I Surrender All," one of the favourites in the services at Massey Hall.

At the conclusion of his remarks Rev. Mr. Potter was elected to the chair and the business part of the meeting commenced with the reading of the minutes of the last annual meeting and of a special meeting held on July 12th. The reading of the various reports then followed.

Session's Report.

The first report was that of the session, presented by Mr. Rich. Lees, clerk. It was as follows:—

It is with devout thankfulness to God that your Session notes the advances both in the spiritual and material phases of our congregational life.

The services on the Lord's day have been well attended and special interest has been manifested at the various seasons arranged for communion.

Last year in order to stimulate an interest in church attendance rewards were offered the Sunday School scholars with apparent good results. The Session again renews its offer for 1906.

During the year Mr. J. S. Ferguson and Mr. W. C. Forman removed from the city. As they were valued workers in church and Sunday school, they were greatly missed. Their places have been filled by brethren for some years elders in other congregations, Mr. John Hill and Mr. Rich. Lees, M.A., and both have entered also into the work of the Sunday school. Mr. Lees has succeeded Mr. Ferguson as clerk of Session.

Your Session is pleased to report an increase in the liberality of the people to the various mission schemes of the church and would urge upon all not yet aiding this work to remember the obligation resting upon the Church of Christ to carry out the commandment of our Lord—"Go ye disciple all nations." Out of 230 contributors to the regular revenue of the church, some 134 assist in the work of extension and expansion at home and abroad.

The Session desires to express its thanks to the choir for the marked fidelity to the Service of Praise. For the greater part of the year the large share of responsibility fell upon Mrs. Peter Kerr for whose incessant and efficient labours in, and devotion to, this department of the church's work it would place on record its sincere esteem. Mr. C. C. Forsyth, for five years choirmaster and organist at Perth, Ont., entered upon the duties of choirmaster the first week in November, and thus far has devoted much time in training the choir in choral work.

There were added during the year 47 persons; 32 by certificate and 15 by profession of faith in Christ. Fourteen were baptized. The total membership of the church numbers 450.

The Session extends to the families where sorrow and trial have come, its deepest sympathy and prays God that the heavy grief that has come to many homes will yet prove a spiritual blessing to the whole church family.

In view of the encouraging prosperity that God has given in material things may it be the earnest desire of every one to make the year 1906 a year of personal work in winning many for Christ.

RICHARD LEES,
Clerk of Session.
J. G. POTTER,
Moderator.

Ladies' Aid Society.

A most creditable report was that read on behalf of the Ladies' Aid Society, which was read by Mrs. Frank Bakenham. It was as follows:

It is with feelings of gratitude that the officers of this Society review the work of another year, and we find much to encourage us to renewed effort during the coming year.

The total membership of the Society is 88, average attendance 15.

In January a Parlour Concert was held at the home of Mrs. J. D. Tully, and in February a social evening was spent at the home of Mrs. Jno. Mathieson. The collections amounting to $19.90.

The Ladies' Aid Society took charge of the Anniversary Entertainment in May. The envelope contributions amounted to $65.80.

A band concert and lawn social was held in June, on the church grounds and although the evening was fine, only a small number took advantage of it, showing a lack of interest on the part of some who might have encouraged the Society by their presence. The net receipts were $16.64.

One of the most encouraging features of the work was the formation of a sewing circle early in the year, which met every week until December at the homes of the different members, for the purpose of making up articles for the December sale, the proceeds to be applied towards the renovation of the church. These meeting have been a source of pleasure, and looked forward to with increased interest as they have been the means of bringing the members together socially. The sale was held on Dec. 13th in the S.O.E. Hall, the net proceeds being $174.05.

In closing the report we might add that the unusual success of the Society during the past year has been largely due to the untiring efforts of the President, Mrs. Elliott, and the marked willingness on the part of the members on taking up the work. They have spared neither time nor expense and we find the stamp of faithful, persistent, self-denying effort marked more plainly than at former years.

As this is one of the most important departments of the church and calls for active members, we extend a cordial invitation to every woman in the church to join the Society, and that the coming year be to every member one of great activity carried on in humble dependance on Him who hath said, "As thy days so shall thy strength be."

The officers for the year are:

President—Mrs. G. C. Elliott.
Secretary—Mrs. McMillan.
Treasurer—Mrs. Jno. Anderson.

Balance on hand from 1901	$ 20 04
Net receipts	376 65
Balance in bank	$596 69

Willing Workers.

The Willing Workers' report read by Blanche Hart showed that the average attendance at the meetings had been 18. The total amount raised during the year was $8.50. The members during the year studied mission books on the Northwest and Japan.

Mission Band.

Rev. Mr. Potter read the report of the Mission Band, which is evidently in a flourishing condition. The total number of members on the roll was 40, and the average attendance 17. The girls met one hour earlier at six meetings during the year for the purpose of sewing. The total amount raised was between $49 and $50.

Sunday School.

Mr. Wm. Stevens, superintendent of the Sunday School, gave the following report:

Average attendance, 205.
Greatest attendance, April 9, 325.
Average collection, $5.75
Total collection for year, $298.90.
Amount given to missions, $83.15.
Debt at beginning of year, $177.49.
Balance left over from 1904, $64.15.
Deficit at beginning of year, $113.34.
Debt at end of year, $461.40.
Balance on hand at end of year, $25.29.
Deficit at end of year, $21.11.
Gain in finances during year, $113.34; $21.11; $92.23.
Teachers and officers, 40.
Total on roll, 325.

Young Men's Guild.

Mr. William Langford, jr., presented the report of the Young Men's Guild, in the absence of the secretary. It showed that in everything save in attendance, the year had been most successful. The attendance had not been as large as in some other years. The report expressed regret at the departure during the year of Messrs. R. H. Elliott and T. G. Anderson, two prominent members of the guild.

St. Andrew's Guards.

Rev. Mr. Potter briefly referred to the work of St. Andrew's Guards, who met together monthly. They had arranged to maintain two cots in the Hospital for Sick Children, Toronto. Rev. Mr. Potter also spoke of the Christian Endeavour Society, which met on Monday night and had a regular list of subjects to be taken up.

Mrs. Geo. Laing, verbally reported on behalf of the Woman's Foreign Mission Auxiliary that that organization had an enrolment of 42, with an average attendance of 18, and that the amount raised during the year was $135.

Daughters of Erin.

The Daughters of Erin report was read by Mr. W. Campbell on behalf of that organization, which is in a most flourishing condition. The society met monthly at the homes of the various members, and a collection of 10 cents each was taken up. The annual concert had been held on May 7.

Board of Managers.

Mr. J. D. Tully read the report of the Board of Managers, which was as follows:

In again presenting our annual report we feel that we are able to give a fairly good account, as notwithstanding our very much increased expenditure, we have only exceeded our previous year by about $36. This is an excellent and gratifying indication of the increased attendance and corresponding revenue for the financial requirements of the church.

As will be seen by the published statement, some of the expenditure has been unusually large owing to necessary repairs on the Sunday school building, sewer extension, excavating for new furnaces, new floor in manse and sundry repairs to property.

The new furnaces are so far, giving good results. In a short time, thanks to the good work of the Ladies' Aid Society, we expect, with them, to commence the cleaning and renovating of the interior of the church, which, when completed, will greatly add to the comfort of the congregation.

We desire to place on record an expression of our great loss in the person of our late fellow worker and member of the Board, Mr. William Thompson. He was a faithful worker and, a wise and judicious councillor. We desire to extend our sympathy to his bereaved family.

As we are starting the new year with good, sound financial prospects, we hope that the year will be still better than the last.

J. D. TULLY,
Chairman Board of Managers.

The financial statement, which was not read last night, but printed copies of which were distributed among the members present, was as follows:

Election of Managers.

The election of managers to fill the places left vacant by the death of Mr. Wm. Thompson and the resignation of Mr. T. C. Elliott, followed.

The appointment of Mr. W. J. Henry on the Board of Managers was confirmed, and Mr. J. D. Tully, whose term had expired, was re-elected by acclamation. Mr. John C. Anderson was elected a member of the Board to fill the vacancy caused by the death of Mr. Thompson, while Mr. F. Pakenham was appointed to fill Mr. Elliott's place. Mr. John McClelland was elected representative on the Nicholls Hospital Board, and Mr. William Fowler will occupy a similar position.

A hearty vote of thanks was passed to the Ladies' Aid on motion of Mr. A. McFarlane, seconded by Mr. Wm. Carter.

On motion of Mr. Wm. Stevens, seconded by Mr. Wm. Fowler, a hearty vote of thanks was passed to the Board of Managers for the painstaking and earnest manner in which they had carried on the business of the church, and on motion of Mr. John McClelland, seconded by Mr. J. D. Tully, as imilar vote was passed to the choir.

Mr. Chas. McClelland was elected a member of the Music Committee on motion of Mr. A. McFarlane, seconded by Mr. F. Pakenham.

This concluded the business part of the meeting. Refreshments were served by the ladies, and a pleasant social hour spent before the gathering dispersed.

YOU NEED THE OTHER

Ozone is a germ killer and a valuable remedy, but to get the best results from it you must have a tonic laxative to take with it. "Solution of Ozone (the coupon kind)" is the purest and best form in which Ozone is sold Every bottle of this remedy contains a coupon which entitles you to a package of "Celery King" the well known remedy, free.

In buying this solution, you get about twice as much Ozone for your money as by buying other brands, in addition to getting a package of "Celery King" for nothing. You thus save money in two ways besides getting Ozone in its purest and most concentrated form.

Ask your druggist for "Solution of Ozone (the coupon kind)" and if he does not keep it you can get it from the Public Drug Co., Bridgeburg, Ont., by writing for it. Sold by W.B. WARNE. 5

A Blackbird In Mid-Winter

Mr. Wm. Warren, of Toronto, who for the last 27 years has been gardener for Hon. Senator Cox, has been in the city for the last few weeks working at Mr. A. L. Davis' residence, and to-day reported a singular occurrence. He stated that he saw a blackbird, a specimen of the feathery tribe, the presence of which, at this time of the year, is, in his experience, unparalleled. In order that he might have proof of his statement, he called Mr. Atwah Wilson's attention to the phenomenon, and he, too, is positive that it was a genuine blackbird.

Note—Several days previously The Examiner recorded the fact that a Homewood avenue citizen had seen a blackbird on Park street. The appearance of these birds is one of the phenomena of this phenomenally open winter. The humming-bird has the next call.

Purity of The Blood

THE BEST PROTECTION AGAINST DISEASE — OBTAINED BY USING

DR. CHASE'S KIDNEY-LIVER PILLS

If you enquire into the cause of sickness, pain and suffering, you will find that fully nine-tenths of it result from derangements of the liver, kidneys and bowels.

This was the truth arrived at by Dr. Chase when he began experiments which led to the discovery of Dr. Chase's Kidney-Liver Pills.

The liver and kidneys are intimately related as filtrators of the blood, and the regularity of the bowels depends on the healthful action of the liver.

Hence it happens that when the liver and kidneys are made healthy and vigorous by the influence of Dr. Chase's Kidney-Liver Pills, such diseases as biliousness, liver complaint, kidney disease, indigestion and constipation soon entirely disappear.

With the liver and kidneys in healthful working order, the purity of the blood is ensured and you are protected against colds, fevers and contagious and infectious diseases.

As a family medicine to promptly cure the most common ills of life, there is no preparation that can be compared with Dr. Chase's Kidney-Liver Pills. In every neighbourhood there are people who have proven merits of this great medicine. Ask them.

Mr. Jos. Lutton, Belleville, Ont., writes: "I was troubled very much with kidney disease for a long time and was unable to obtain relief. A friend advised me to use Dr. Chase's Kidney-Liver Pills, and they have proven of very great benefit to me. I have used a number of boxes of this excellent medicine and feel it a duty to recommend it to other sufferers.

"My mother thinks that there is no better tonic than Dr. Chase's Nerve Food, and others of my friends have used this food cure with splendid results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box; at all dealers, or Edmanson, Bates and Co., Toronto. Pain cannot exist where Dr. Chase's Backache Plaster is applied. 10

HOUSE OF REFUGE.

Both Lakefield and Norwood are putting in strong claims for the site of the House of Refuge which, it is hoped, the County Council at its present session, will decide to construct. A correspondent, whose communication appears in another column, points out that Peterborough, for the reasons he gives, is the most suitable place for such an institution. In the abstract, Peterborough can afford to be generous in dealing with the claims of both Norwood and Lakefield, but the real point of issue is, the location of the House of Refuge where the greatest usefulness can be developed. If Lakefield or Norwood can furnish the conditions which our correspondent suggests as desirable, there would be no great objection to the House of Refuge being built at either of these places. What the council has to consider is the best means to serve the interests involved, and that consideration alone should influence their decision in the matter of site. Whatever is best for the county should be decided upon — after careful investigation and consideration of the circumstances.

EDITORIAL NOTES.

Dr. Osler's jocular reference to the advisability of chloroforming men, after they have outlived their usefulness, say, at sixty years of age, seems in danger of being taken seriously. A despatch says that a bill was introduced into the Ohio Legislature, providing for the application of Dr. Osler's joke to persons suffering from diseases, from which there is no prospects of recovery. The bill was sent to a committee. Such legislation adopted, would be pushing paternalism to a dangerous extent — as dangerous as is sometimes found life assurance to be, whose disposition is made known to beneficiaries.

It is to be remarked with thankfulness, not with boasting, that prosperity has got its grip heavily upon this happy Canadian land. We read in the press the reports of the prosperous annual meetings of the various churches throughout the country. The commercial activity of the country is evidenced by the mighty piling up of the national revenue, which is pretty accurately the measure of the commercial activity of the country. Hon. Mr. Fielding, Dominion Minister of Finance, is able to publish a report showing that the surplus of revenue over expenditure is the enormous sum of twelve million dollars, for six months of this year. When such a surplus turns up, a charge of extravagant expenditure does not lie very patly.

Hon. Premier Whitney is applying to the Dominion Government, for a subsidy to assist the Ontario Government Railway, the Temiscamingue & Northern. It is not more probable that he will succeed than proper that he should succeed. What answer would Mr. Whitney make to a demand on the part of the Ottawa Government for a grant towards the construction of that part of the Grand Trunk Pacific Railway which is to pass through this province? It would seem that the granting of this subsidy by the Dominion would form a dangerously expensive precedent. If Ontario's request were granted, similar requests from the other provinces could not in fairness be refused. We should therefore have a tremendous draft upon the Federal funds. Mr. Whitney has strongly declared against bonusing railways by this province, and he should not expect to succeed in an application which means a breach of the policy he has adopted.

THE FUNERAL.

(Montreal Star.)

It is a long day since the streets of Montreal have witnessed so impressive a funeral cortege as that which accompanied the remains of the late Raymond Prefontaine to the scene of the solemn service in St. James' Cathedral. But impressive as was the formal procession, the serried thousands who lined the streets waiting in the frosty air for the plain hearse, between its lines of slow-pacing marines with reversed arms, were more impressive. They were the common people showing the universal interest in the burial of a man of the people.

There is grave beauty about a great funeral which attaches to nothing else—the deep, slow music; the unhurried steps of a silent multitude; the dying of funeral flowers on the coffin of the dead. It is then that the offices of the church take on a new grandeur, and the eyes of busy men are lifted for a moment from the tables on which is played the game of life that they may peer into the future. Even in the gray buildings along the street, the hum of commerce is deadened for the time; and they lean like gigantic mourners over the black chariot and its tragic burden.

It is doubtful whether any other Montrealer of our time would have so brought out his fellow-citizens to pay a last tribute; and it is to be hoped that it may be long before so sad a test of popularity will be applied.

GOLDWIN SMITH ON SOCIAL PROBLEM.

The alarm of race suicide finds utterance in a call for preventive measures, including one prohibiting lodging house keepers and landlords from excluding children. But the influences of social pride which restrain people of a certain social standing from multiplication of offspring are universal. To prohibit their action is impossible. Aristocracies always appear to dwindle, though they would naturally wish to have heirs. Nor does it seem possible to prevent landlords from excluding children, though it may well be possible that by bringing up the children better to make them less objectionable to the landlords. At the same time race suicide, if we are to use that somewhat fantastic term, is a serious question for the people of the United States. Their political institutions have suffered greatly by the lapse of time and change of circumstances. "Time, the great innovator," to use Bacon's phrase, has been profoundly changing them for the worse; while, there being practically no power of constitutional amendment, man cannot change them for the better. But the character of the people, sensible, patriotic and law-abiding, has upheld the commonwealth, in spite of the politicians. That character is, in some measure, peculiar to the race, and if the race is dwindling rapidly, while the torrent of alien immigration is pouring in, the support of the commonwealth may some day fail.

Cheap Rates to Toronto

The Canadian Pacific Railway Co. will issue tickets to Toronto and return for the Flag of England Choral Concert on Monday, January 29th, good going only on the 5.15 p.m. train of that date, returning by any train up to and including January 30th, at the low rate of $2.05 adult, and $1.05 for children. All those who purpose going should call and leave their names at City Passenger Agent's office, so that sufficient accommodation may be provided. W. McIlroy, agent, 343 George street.

Freight Train Struck Horse

Accident on King Street G. T. R. Crossing This Morning.

The King street crossing of the G. T.R. siding into the freight shed was the scene of another accident this morning. A shunting freight train crashed into the delivery outfit of E. R. MacKenzie, the Charlotte street grocer with the result that the horse was so badly injured that it had to be shot.

The driver of the horse, a boy named Harold Howell, escaped by jumping and was unhurt but badly scared. The engine house prevented him from seeing the train until it was almost on him and it was impossible to avert the accident. The train which was backing down the track, struck the horse squarely and the animal fell in front of the first car. Both front legs were broken and the horse had to be shot.

The crossing is a bad one and several similar accidents have occurred. something should be done at once or it may be necessary to chronicle a more disastrous accident.

The BEST STOVE CO.

Thinks Line To Peterboro' Now Assured

This is the Opinion of President of the Board of Trade, and the Deputation, Consequently, Did Not go to Ottawa Last Night—Sent Strong Resolutions Passed by Joint Meeting —Objections of the G.T.R.

IS CONFIDENT THAT PETERBORO' WILL WIN

Notwithstanding the assertions of two newspapers, one that they would go, and the other, to-day, that they had gone, the deputation appointed by the Board of Trade and City Council to represent the city to-day in Ottawa, when the application of the C. P. R. for ratification of its plans for the Victoria Harbour-Peterborough line were to be considered,—Mayor Best, R. R. Hall, M.P., and D. Hughes Charles did not go to Ottawa last night on the omission to which they were appointed.

The reason for this, as given by Mr. Charles, is that they considered it unnecessary to go to the capital in person. They had forwarded the resolution passed at the recent joint meeting of the Council and the Board to the C. P. R. solicitor, and had advised him that, if necessary, they would be glad to appear in person to further urge the motion upon the Railway Commission.

The application came up this afternoon at 2 o'clock, and the president of the Board of Trade stated that personally he had no doubt that the application would be granted, and that the objection of the G.T.R. as to the C.P.R. paralleling their line to Midland would have no weight with the Commission.

He took it to be practically assured that the line would be built, and that Peterborough would be the diverging point for the branch to the Georgian Bay.

Douro's Reeve Asks For Grant

To Help in Constructing Road at at Buckley's Lake]

Yesterday afternoon was spent quietly, so far as the County Council was concerned. Only one deputation was received, and that was one representing the Douro township council. Mr. F. Moher, the reeve, of the township, was the spokesman, and the request he had to make to the council was one for assistance to aid the township in constructing a bridge at Buckley's Lake, where the marl beds of the Lakefield Portland Cement Company are situated. It appears that by draining the lake, the company has drained a marsh, which formerly was flooded. The deputation asked the council to help the township to build a road through the marsh. They pointed out that it would be a great convenience to the farmers in the vicinity in reaching Lakefield. Some of them had to drive eight miles to reach that village at present, while, if the proposed bridge were constructed it would cut six miles off the distance.

The request was referred to the Committee on Roads and Bridges.

PERSONAL MENTION

Dr. Boucher is in Toronto to-day.

Mr. Henry Bates, New York, is at the Oriental.

Mr. W. H. Trout, Milwaukee, is a guest at the Oriental.

Mr. M. Carton was in Belleville yesterday on business.

Mr. F. C. Henley, of Lindsay, was in the city yesterday.

Mr. A. Hendren, Lakefield, is registered at the Oriental.

Mr. J. Wallace Mitchell, Pittsburg, is at the Oriental to-day.

Mr. John Thompson, of Havelock, was in the city yesterday.

Miss Gambell, of Fe... Falls, has been visiting friends in the city.

Messrs. R. C. Strickland and E. R. Tate, of Lakefield, were in Peterborough yesterday.

Miss Mabel Church, of Midland, who has been visiting friends in the city, has returned home.

Miss Davidson, of Peterborough, was the guest of Miss Millie Kakins over Sunday.—Millbrook Reporter.

Miss Fry, of Norwood, who has been the guest of Peterborough friends for a week, has returned home.

Messrs. G. A. Gillespie and T. E. DeHart, of Peterborough, were in town to-day, guests at the Simpson House.—Lindsay Post.

Mr. Percy Pearson, of Montreal, is in the city on business. He came here also with the intention of witnessing the ice races.

Miss Maude Foote entertained a number of her friends at a thimble party last night. Refreshments were served and a very enjoyable time was spent.

Mr. F. Brioniger, late of the C.G.E. Co. staff, left to-day for New York, where he will reside in future. He will be followed in a couple of weeks by his wife.

Mr. H. L. Sutcliffe, well known in Peterborough, but lately of New York, left for England on Wednesday to visit his home at Stayleybridge, Cheshire.

Mr. Allan Moore, son of Mr. W. H. Moore, a former member of the staff of the local branch of the Bank of Commerce, and more recently of Strathroy, has been transferred to the Fort Frances branch.

Mr. Walter H. Cluxton has opened with Miss Crosman as Sylvius in "As You Like It" at the Garrick Theatre, New York, with the Henrietta Crosman Co. The company is booked to play in Montreal later on in the tour.

Messrs. James and Edward Simmons entertained about 40 guests last night at their home on Chambers street. They had a dancing party and parlour amusements. Refreshments were served and a very enjoyable time was spent.

Mrs. Seward, of Queen street, entertained a number of friends at a 5 o'clock tea, and all spent a most enjoyable time. Among those present were Miss Lumsden, Mrs. Geo. Chalmers, Mrs. Wood, Mrs. Mitchell, Mrs. T. H. Lormer, Mrs. Gumpricht, of this city, and Mrs. Hunter, of Erie, Mich.

Miss Daisy Jackson will leave next Wednesday for St. John's Hospital, Brooklyn, where she will take a course as trained nurse. Miss Jackson is very popular in Peterborough and will be much missed. Her many friends are unanimous in hoping that success may attend her efforts in her new field of work.

Mr. and Mrs. I. Eastwood, of 805 George street, entertained about 30 guests on Wednesday night, in honour of Mr. Eastwood's sister and niece, Mrs. Pringle and Miss Eastwood, of Marmora. Refreshments were served, games played, music, both instrumental and vocal, rendered, and a thoroughly enjoyable evening spent by all present.

Silver Wedding Was Celebrated

Delightful Social Function at Residence of Mr. and Mrs. Laplante.

Mr. and Mrs. D. Laplante, Romaine street, celebrated the twenty-fifth anniversary of their marriage by a silver wedding on Wednesday night. About 75 guests were present, and were most pleasantly entertained. The evening was delightfully spent in dancing and cards. Mr. and Mrs. Laplante were ideal hosts and did everything in their power to make the affair a success, as indeed it was. Many beautiful presents were received, showing the esteem in which Mr. and Mrs. Laplante are held by their friends.

Among those present were Mr. and Mrs. Clem. Gordon, Mr. and Mrs. R. Gordon, Mr. and Mrs. E. Tooley, Mr. and Mrs. Barette, Mr. and Mrs. F. Guerin, Mr. and Mrs. Ritchie, Mr. and Mrs. Alex. Gordon, Mr. and Mrs. Joseph Ranger, Mrs. Barette, Mr. and Mrs. D. Levasseur, Mr. and Mrs. D. Barette, Mr. and Mrs. Joseph Rogers, Mr. and Mrs. T. Barette, Miss Florence Gordon, Miss Mary Gordon, Miss Jodephine Gordon, Misses O'Brien, Miss Florence Edgar, the Misses Provist, Miss Barette, Misses Disautel, Miss Mary Tooley, Messrs. Ed. Laplante, A. Laplante, H. Gordon, T. Ranger, Thos. Briou, V. Guerin, Ed. Barette, A. Morency, A. Riches, T. Riches, Joseph Revois.

Good Ice At The Brock Street Rink

The Brock street rink was opened this afternoon, after being closed for several days by reason of the warm weather. There is a fine sheet of ice there now and those who attend to-night will enjoy a good skate.

Peterborough Scotchmen And Robbie Burns

Birth of the Great Society Poet Was Celebrated Last Night at Crown Inn—Spent the Evening in Speech and Song—Many Eloquent Responses to Patriotic Toasts—Scotch Songs by Scotch Vocalists—His Memory Honoured.

PLEASANT GATHERING OF LOCAL SCOTCHMEN

"And here's a hand, my trusty frien'
And we's a hand o' thine;
And will tak a right guid willie-waught,
For auld lang syne."

Yesterday was the 147th anniversary of the birth of Robert Burns, Scotland's immortal bard, and one of the world's great lyric poets. He was born on January 25th, 1759, at Alloway, near the town of Ayr, Scotland.

The birthday of the great Scottish poet was celebrated last night in Peterborough by Scotchmen, who to the number of about twenty-five met at the Crown Hotel, where a delightful banquet was enjoyed. Mr. R. H. Jackson made an ideal host, and the Scotchmen who last night gathered at his hospitable inn to join in celebrating "Robbie" Burns' natal day, thoroughly enjoyed the evening spent. A splendid supper was served, of which, as is natural, haggis formed an important feature of the bill of fare.

After the good things provided had been disposed of a pleasing programme of toasts and songs was enjoyed.

Mr. S. Stewart acted as toastmaster, and filled the duties of that office to perfection. In opening the programme, Mr. Stewart in a few remarks referred to the day that was being so pleasantly celebrated, and paid a tribute to the memory of the departed poet, whose songs had warmed the hearts of Scotchmen the world over.

"The King" was the first toast and was honoured in the usual manner. A solo, "Long Live the King," was sung with spirit by Mr. Blackwood and enthusiastically received.

The toast of the evening, "The Immortal Memory," was proposed by Mr. S. Stewart, and responded to by Mr. A. P. McDonald, who gave an address which brought his hearers up to the highest pitch of patriotic enthusiasm. It was received with the warmest applause.

Mr. A. Greig followed with a solo, "There was a Lad was Born in Kyle." Mr. S. Stewart also delighted the audience with a solo, "Ma Mammie's Awa."

At this juncture the haggis was brought in, and served, and Mr. A. Greig read Burns' address to a haggis. "Scotch," a solo, was then rendered by Mr. W. Houston, who sang "Lass o' Ballochmyer."

Mr. D. Webster favoured the company with a well rendered violin solo and Mr. G. Dickson sang "Afton Water."

"The Army and Navy" was proposed in a toast by Mr. W. Bremner, and responded to by Mr. F. MacPherson. Mr. B. Scott followed with the patriotic song, "The Maple Leaf," rendered in excellent voice. Mr. A. P. MacDonald's song, "There's nae Luck aboot the House," was enthusiastly received. Other solos were sung, "Last Lament." "Scots, Wha Hae," by Mr. B. Scott, "Tobermorry," by Mr. Henderson, whose solos provided the comic element. Mr. H. McPherson's contribution, "A' the Airth," was well rendered.

The toast of "Our Host," was proposed with the following metrical accompaniment:

My blessings on ye, honest host,
We ne'er were here before;
Ye've wealth o' gear for spoon and knife,
Heart could not wish for more.

Heaven keep ye clear of sturt and strife,
'Till far ayont four score;
And, by the Lord of death and life,
We'll ne'er gae by your door.

After the health of the host had been proposed and responded to, the company dispersed in the wee sma' hours, after Mr. Alex. Archibald had rendered the "Auld Scotch Sangs." The evening was delightfully spent, and those who participated in it will look back upon it with pleasant memories.

For the success of the evening great credit is due Messrs T. Hendrie and W. Bremner who worked energetically and, as the results show, successfully, in the interests of the celebration.

More Money For Children's Aid

The funds of the Children's Aid Society have been enriched by a contribution of $5 from the local Typographical Union, No. 248, for which the treasurer returns thanks.

Latest News Of Winter Sports

Two Exciting City League Games Played Last Night

The Suburbs, of Lakefield, made their first appearance in Peterborough hockey circles last night, when they decisively defeated the fast Suicides by a score of 7-0, and while the Suburbs certainly had the better of the the argument throughout and richly deserved to win, it should be said that the losers played a hard game all the way, and had they been more accurate in their shooting, it would seem that their chances of scoring some goals, at least, were good. The visitors played with a vim and a dash that were admirable, their forwards checking and shooting in fine style. Simpson and Quigley were probably the pick of the forwards, the former, who played a splendid game at centre, securing five of the winners' goals. The defence proved well nigh impregnable, Hurl at centre being particularly effective. Bloomfield and Green, at cover and goal, respectively, were also noticeable for their good work. The Suburbs have a fast, well-balanced seven, and should give any other team in the league a hard fight for the silver.

The form displayed by the Suicides was very disappointing to their supporters, and was not nearly so good as when the team played the Bankers last Thursday. Every man on the line-up seemed to be more or less off colour. Wilson, in goal, while he performed creditably, did by no means do the clever work that won for him much praise in the former league match, and the team, taken as a whole, seemed to be much weaker than on last Thursday. The absence of Campbell, who was to have played rover, considerably disorganized the forward line, and had he been on the Suicides would have presented a much more formidable front.

The Play.

On the face-off Simpson drew the puck. Quinn lifted it, down the ice and Simpson followed it up and landed it in. 1-0.

W. Weatherstone was given one minute for tripping. A. Weatherstone broke his skate, and Hurl went off to even up. Simpson scored again. 2-0.

Simpson was given two minutes for tripping. Shortly after he came on he made a beautiful rush and scored. 3-0.

The referee thought Weatherstone needed another breathing spell, and that player ornamented the fence for two minutes. Simpson sent one at Wilson, who stopped cleverly. He scored soon afterwards. 4-0.

Quigley got the next for the Suburbs. 5-0.

"Bert" Weatherstone brought the puck out from behind his goal, and Simpson shoved the puck through. 6-0.

Bloomfield scored again before time was up. 7-0.

THE TEAMS.

Suburbs.		Suicides
	Goal.	
Green		Wilson
	Point.	
Hurl		Quinn
	Cover.	
Bloomfield		Weatherstone
	Rover.	
Quinn		Weatherstone
	Centre.	
Simpson		Mann
	Right Wing.	
Moran		McMillan
	Left Wing.	
Quigley		Gilman

Referee—Dr. Gibson, Lakefield.

Bankers.		Charlotte Street.
	Goal.	
[illegible]		Lang
	Point.	
Green		Rooby
	Cover Point.	
Edwards		Moore
	Rover	
Macfarlane		Nicholls
	Centre.	
Mulhern		Miller
	Right Wing.	
Watson		Gross
	Left Wing.	
Easton		Dusty

Referee,—E. Wasson.

CHARLOTTE STREET—BANKERS.

This game was a much faster exhibition than the first one. The Charlotte team played surprisingly good hockey and had their opponents outclassed from start to finish. Their defence was good throughout, while Miller and Nicholls on the forward line played superb hockey. There was very little combination play on the part of either teams, but what there was, was credited to Charlotte street. The Charlotte street team has a heavy, speedy and aggressive bunch, who always are right after the puck—or the man—and who never lag. Watson and Easton, the Bankers' wings were the pick of that aggregation but were altogether too light when it came to close, heavy work. Mulhern and McFarlane were not in form at all, probably on account of having practically no practice, although the latter scored on the prettiest individual rushes of the night. The defence was lamentably weak, Sawers in goal being the only man who did really good work. His showing was highly creditable and he stopped many hot shots.

The Game.

Miller drew the puck in the face off and it travelled towards the Bankers' goal. Nicholls was given one minute for slashing Green. Miller scored on a neat shot. 1—0.

Gross was given two minutes for cross checking. Nicholls scored. 2—0.

Dusty was penalized three minutes for slashing; followed by Edwards, who was boarded for two minutes. Nicholls sandwiched Watson and was given four minutes. While he was off Gross scored. 3—0.

Dusty got two minutes for slashing. McFarlane scored the Bankers only goal on the best rush of the night. 3—1.

Miller broke his skate, Mulhern going off to even up. Gross scored on a pretty wrist. 4—1.

Roddy was put off for two minutes for slashing. Nicholls tripped Watson who slashed him in return. They were given 4 and 2 minutes respectively. Edwards was given three minutes, followed by Miller who was given the same length of time. Gross scored 5—1.

Miller was given four minutes for bodying Edwards. No more scoring was done.

Notes

Everybody went away satisfied.

A large sprinkling of the fair sex.

Large gate receipts. An enthusiastic crowd.

The teams played cleaner hockey than was played last week.

Its pretty early to prophesy, but barring accidents, its looks like the Suburbs and Charlotte Street for the finals.

Auto-Wins Lost To The Terriers

Hickey's Wonderful Aggregation Won a Game.

McPherson's Auto-wins ought to have won last night but they didn't, losing to the famous Hickey's Terriers by 5-1. The game was a thrilling exhibition replete with startling incidents Referee Fitzgerald armed with an auto horn kept the players in line and the struggle was not rough. The Hickey Bros. put up a great defence game, the teams lined up as follows:—

Auto-wins.		Terriers.
	Goal.	
Sisson		Hickey
	Point.	
McNicholl		M. Hickey
	Cover	
Nicholls		Seymour
	Forwards.	
Portland		Ray
Brady		Wesley
McPherson		Snider

Referee,—Fitzgerald.

HOCKEY

The Separate School team accepts the challenge of the Victors, the latter to arrange for the rink.

• • • •

Cressman's Counter Hoppers and Richard Hall's All Rounds will meet to-night at the Brock street rink, in what should be the most scientific contest of the season.

• • • •

The Regals will play the Emeralds to-night between 8 and 9 o'clock at the Y.M.C.A. rink. The Regals will line-up as follows:—C. Walsh, goal; Lynch, point; T. Walsh, cover; Davidson, centre; Mackie, rover; Howson, left wing; Hunt, right wing.

• • • •

The Charlotte Street team had an oyster supper last night after the game. They went after the oysters with as much energy as they pursued the puck. Their "stick handling" in the matter of the supper was never at fault and every shot scored.

• • • •

St. Andrew's Guards will make their first appearance in hockey uniform to-morrow, (Saturday) night in Brock street rink at 7 o'clock when they will line up against the "Railway Clerks". The team will be:—

Goal, John Logan; point, Ernie Reid; cover point, Murray Miller; rover, Hall Rosboro; centre, James McNeil; right wing, Leonard Dobson; left wing, Fred. Richardson.

All members are asked to be at the rink at 6.30 sharp.

CURLING

The following games were played last night. The ice was in good condition.

RUGBY.

All members of the Peterborough Rugby team and officers are asked to be at Roy's studio to-morrow (Saturday) afternoon at 2.30 sharp, in uniform.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

HOUSE OF REFUGE SITE.

To the Editor of the Examiner:

Dear Sir,—By your evening edition, I see that deputations from Lakefield and Norwood have been before the County Council asking that the proposed House of Refuge be erected adjacent to those villages. I am not particularly interested in where the building is erected, but where it is possible to do so every House of Refuge should be situated where the water supply can be had from a waterworks system, and where other modern conveniences, electric light, sewerage, etc., such as Peterborough is able to give, can be readily procured. Electric lighting and a waterworks system are absolutely essential, and a sewerage system could not be properly obtained at Lakefield or Norwood for an institution of this kind. It does seem to me that Peterborough is the only place where such an institution can be erected with advantage, and I hope that the County Council will provide that the House of Refuge is placed where it will do the most good to the people of the County generally. Norwood is too far east, Lakefield has not all the advantages necessary. Everybody has to come to Peterborough to transact their business— it is the county centre. Patients can be easily conveyed from all parts of the county here, and can be easily seen by their friends. I hope our County Fathers will keep this in mind. It is immaterial to me ,which side of the river they place the building on, but it should be where all the modern conveniences can be easily obtained.

Yours truly,

AN ONLOOKER.

Peterborough,
January 25, 1906.

Editor Post Card Column:

Sir,—A short time ago I noticed in your paper where "Church Goer" was much annoyed by a wide brimmed hat obstructing his view of the minister and choir. Well, I attended Charlotte Street Church last Sunday morning. I sat just five seats from the front, behind a gentleman with such a bushy head of hair that I was quite unable to see either minister or choir. I would not mind looking at a lady's hat which has something attractive about it, but a great head of hair is anything but beautiful.

CRITIC.

KEEP YOUR HEAD UNCOVERED

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet, in the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure, and contains not an atom of injurious substance. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Acted as A.D.C. to Lieut.-Governor

Inspector Shaw's many friends in the city will be interested in the following from the Regina Standard: His Honour Lieut.-Governor Forget was receiving at Government House yesterday afternoon. A large number took advantage of the opportunity to call, the total reaching 160. His Honour was in Windsor uniform and was accompanied by Inspector Shaw, as A.D.C. Receiving with him were Commissioner Perry and officers of the N.W.M.P. Among those presented were the members of the Regina and Brandon hockey teams, Mayor McAra and the city council.

Resolution Of Condolence

At a special meeting of the Non-Commissioned Officers' Mess, 57th Regiment, held at their quarters Wednesday night, a committee consisting of President Sergt. Batten, Staff-Sergt. Edwards and Col.-Sergt. LeBar was appointed to draft a letter of condolence to Mrs. R. T. Millburn and Miss Ida Sanderson on the death of their nephew and brother, the late Sergt. Cedric Sanderson.

USED UP AND TIRED OUT

MEN AT THE OFFICE
WOMEN IN THE HOME
CHILDREN AT SCHOOL

Every day in the week and every week in the year men, women and children feel all used up and tired out.

The strain of business, the cares of home and social life and the task of study cause terrible suffering from heart and nerve trouble. The efforts put forth to keep up to the modern "high pressure" mode of life in this age soon wears out the strongest system, shatters the nerves and weakens the heart.

Thousands find life a burden and others an early grave. The strain on the system causes nervousness, palpitation of the heart, nervous prostration, sleeplessness, faint and dizzy spells, skip beats, weak and irregular pulse, smothering and sinking spells, etc. The blood becomes weak and watery and eventually causes decline.

Milburn's Heart and Nerve Pills

are indicated for all diseases arising from a weak and debilitated condition of the heart or of the nerve centres. Mrs. Thos. Hall, Kaldon, Ont., writes: "For the past two or three years I have been troubled with nervousness and heart failure, and the doctors failed to give me any relief. I decided at last to give Milburn's Heart and Nerve Pills a trial, and I would not now be without them if they cost twice as much. I have recommended them to my neighbors and friends.

Milburn's Heart and Nerve Pills 50 cts. per box or 3 for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or Commissioner of the District within which the homestead is situate.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Life Raft Was Means Of Saving The Passengers

Nineteen of the Valencia Survivors Were Aboard.

IN MOST PITIABLE PLIGHT

Five Passengers and Two Officers Among the Saved—Story of the Wreck by a Passenger—The People Behaved Well — Ship Struck While Running at Full Speed —Nine Badly Injured.

Seattle, Wn., Jan. 26.—A special representative of the Post Intelligencer wires from Port Angels at 8.30 a. m., yesterday that the rescue ship City of Topeka picked up a life raft at one o'clock Wednesday afternoon, six miles off Cape Beale, with 20 survivors of the Valencia on board. The men were in a pitiable condition and almost dead from exposure. The rescued are: G. D. Harden, passenger; M. Tarpey, quartermaster; P. O'Brien, waiter; W. Raymond, messman; W. D. Johnson, coal passer; J. C. Eagles, fireman; C. F. Leeman, Frank Lehn, first freight clerk; Jos. McCaffery, passenger; J. Welch, waiter; A. Hawkins, passenger; P. Peterson, second officer; J. Podden, waiter; J. Johnson, third cook; C. L. Allison, passenger from St. Paul; John Cigodas, fireman; Thos. Garrick, first assistant engineer; G. Willis, passenger; P. Primer, fireman; W. Doherty. They were half frozen and practically unconscious from exposure.

A Terrible Sea.

A terrible sea was running. One minute the raft was poised on top of a wave, and the next it would be lost from view in the gully formed by the mountainous breakers.

The sight of the poor creatures on the raft brought tears to the eyes of the sailors on the vessel. In the stern of the raft sat an old man with snow-white hair and pallid features, who held on bravely to his place. Three other men were lying in a senseless heap in the rear, washed by every swell and retained solely by the bodies of the other men, who were closely packed. Time and time again great seas swept over them, sending a shudder through the onlookers, who feared to see them swept away. The work of rescuing them was dangerous. The men were too exhausted to even tie a rope about themselves.

Weak and Helpless.

When the raft was sighted a cry went up from the steamer's deck. Orders were shouted and men on the raft screamed and called fruitlessly for aid. For a minute it looked as though the old man with grey hair was gone when the raft gave a sudden lurch, but the prompt work of Mate Burke and his men finally got him on deck. This man was no sooner safe when another fainting form was swept away and was only rescued by quick work on the part of the boat's crew. The next man to be swept from the raft managed to grasp a line and cling to it until he was hoisted half way up the ship's side, when his strength gave out and he fell back. He was picked up by the boat.

The raft put out from the wreck Wednesday morning on sighting the steamer Queen, and attempted to reach her, but before they could get within sighting distance the vessel put about and headed to the strait.

Pitiful Tales.

When the Topeka hove in sight the raft was once more manned and again put forth. The survivors told terrible tales of the wreck of the vessel. When they left the ship there were about 90 people on board, most of them clinging to the rigging. Men, women and children were being swept by every sea. As soon as the men got aboard Dr. B. F. Whiting, assisted by two nurses and members of the crew, hastily administered stimulants and put them to bed.

Survivor's Graphic Account.

The survivors say most of the boats were smashed to splinters when they were lowered. Two of the lee boats were capsized shortly after launching. One escaped the breakers and put to sea with about eight or nine people aboard.

The following is the story of G. Wilets, one of the passengers and one of the men rescued from the raft: "The ship struck at 12.07 on the morning of Tuesday, Jan. 23.—I was on deck at the time, smoking a cigar, and was looking at my watch when the first crash came. In an instant all was excitement. There were the shrieks of the frightened men and women, the wail of little children, and the hoarse orders of the officers of the ship. The vessel reeled like a drunken man, slid over the reef and struck again.

"The command to back her off was given and she went astern at full speed, but it was too late. The water was pouring in like a mill race. The wind swung the vessel's stern to the beach and her head to the waves. This saved many lives, as she was then swept back to the shore, and struck again in such a position that she remained partially above the water and on an even keel.

Not Time For Prayer.

"Every wave now washed clear over her and many people who hastily rushed on deck, went to their deaths without time to murmur a prayer.

"The order was given to get out the boats. Two of them on the weather side were launched and were smashed like egg shells as soon as they struck the water. Then came the attempt to get out the lee boats.

"Purser O'Farrell took charge. Four women and a number of men went into the boat. I do not know how many, but she was practically full. Just as they were lowering the other, the davits broke, and the stern of the boat fell to the water, while the bow hung in the air.

Sight of An Agonized Face.

"Every one was precipitated into the sea and swept away in an instant. For a second or two I caught a glimpse of an agonized face, then another, and yet another, as they were washed by me. The waves dashing over the ship swept the deck loose and every swell lifted it. We clung to the rigging and deck-house. Then an attempt was made to get a line ashore. A fireman named Cigales agreed to swim ashore. He was in the water fully half an hour, but was unable to make the beach. The ship struck in a bad spot. She is directly at the foot of a precipitous bluff that comes sheer to the water's edge. One man was swept ashore and succeeded in landing on a small rock. We shot a line to him and he tried to climb the cliff, but fell and was killed before our eyes."

Mr. Wilets closed his story thus: "Capt. Johnson lost his bearings and ran the ship ashore. It was a dark and stormy night, and nothing could be seen. The ship struck while running full speed. We all thought we were to the southward of Flamry. There were many deeds of heroism and many acts of cowardice, but on the whole the people behaved well, and met their fate like men."

Former Torontonian a Victim.

St. Catharines, Jan. 26.—Among the first-class passengers on the Valencia were Adam Frederick Rolph, a son of Joseph T. Rolph of Rolph, Smith & Co., Toronto. Mr. Rolph is a brother-in-law to Mrs. A. M. Watts of this city. In 1892 he married Miss Edith F. Pongidestre of Toronto. He was returning to his home in New Westminster, having been on a visit to relatives in San Francisco.

One a Buffalo Man.

Buffalo, Jan. 26.—Walter C. Neale, who is numbered among the lost of the Valencia, is a Buffalo man, who went from here to Seattle, Wash., to enter the service of a telegraph company.

Wife Lost on Clallam.

Victoria, B. C., Jan. 26.—Donald Ross, one of the passengers drowned on the Valencia, lost his wife on the Clallam when she was wrecked two years ago.

Survivors' Sore Straights.

Victoria, B. C., Jan. 26.—The nine survivors of the Valencia at Darling River telegraph hut are reported from Bamfield to be in a deplorable condition, being overcome by exhaustion and fatigue, that they are unable to stand, much less to make their way along the trail to the nearest place of shelter. One has a sprained ankle, the others are without boots and exhausted, several with their feet raw and bleeding from walking to Darling River over the rocks. It is impossible for them to reach Bamfield or Cape Beale, even could they cross the flooded Darling River, in their present condition. They have no provisions other than those provided by a party of three, which went to them from Bamfield with a small supply Wednesday.

Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and langour. It takes no great knowledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding health and vigor.

BURDOCK BLOOD BITTERS

is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all clogging impurities and making easy the work of digestion and assimilation.

Mr. R. G. Harvey, Amelisburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cured. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.B.B. There is nothing "just as good."

Has removed to 160 Brock St Peterboro

PRINCE ALBERT POLLS.

Report That Three of Them Were Never Opened.

Winnipeg, Jan. 26.—Regarding irregularities in the Prince Albert county election. The Tribune last night publishes a sensational story from its Prince Albert correspondent, concerning the voting at Pine Point, Sandy Lake and Bear Lake, in which it is stated that the Opposition have secured evidence that the polls were never opened at the time or place indicated. Two deputy returning officers have pleaded guilty and were fined $100 each. One witness swears they were not even in the constituency on the day of election.

Famous Boy in Grey Dead.

New York, Jan. 26.—Gen. Joseph Wheeler, the famous Confederate cavalry leader and a brigadier general of the United States army since the war with Spain, died yesterday afternoon at the home of his sister, Mrs. Sterling Smith, in Brooklyn. The body will be interred in Arlington National cemetery, near Washington.

Editor Wins Libel Suit.

Calgary, Alta., Jan. 26.—The famous libel case of Dennis v. Edwards has been dismissed. The litigation grew out of a lengthy story in The Eye-Opener, which was alleged to have reflected on J. S. Dennis, assistant to Second Vice-President Whyte of the C. P. R.

Fourteen Lives Lost.

Poteau, Indian Territory, Jan 26.—Fourteen lives were lost in the explosion Wednesday in slope No. 4 of the Witteville mine. The explosion was caused by fire damp. Sixteen men were at work when the explosion occurred, but two men nearest the entrance were able to make their escape.

Shades of His Famous Sire.

Washington, Jan. 26.—Stephen Decatur, great-grandson of Commodore Decatur, first-class United States naval academy was yesterday dismissed from the navy, in conformation with the sentence of the court-martial on the charge of hazing.

Majority Over All Is What The Liberals Have

And More Yet to Come to Sir Henry Campbell-Bannerman.

WRANGLES FAVOR UNIONISTS

Scottish Seats Go to Them Through Liberal-Labor Clash — Sir Hugh Stewart, Conservative Free Trader, Defeated — Coningsby Disraeli Loses an Old Conservative Seat —Lady Talbot Successful.

London, Jan. 26.—(C. A. P.)—A clash between Liberals and Labor has resulted in another Conservative gain in Scotland yesterday. In contrast to the comparative harmony between these parties in England, there has been open strife in Scotland. Two other Conservative gains in the north are attributed to this cause. However, the Liberal sweep continued last night, two more gains appearing in the few returns received. Sir Henry Campbell-Bannerman now has behind him over half the House. From the sixty seats yet to be heard from he will build up a substantial majority over Conservatives, Labor men and Nationalists.

A Conservative Gain.

The Conservatives scored their gain in the Govan division of Lanarkshire, their majority being 128. Robert Duncan polled 5,229 votes, H. S. Murray, Liberal, 5,096, and J. Hill, Labor, 4,212.

The Liberals scored a notable gain in the neighboring division of Patrick, where J. Barker Smith, an ardent tariff reformer, and former secretary to Mr. Chamberlain, who was elected in 1900 by 2,233, was defeated by Robert Balfour by 1,517. Espousing free trade did not save Sir Hugh Stewart in East Renfrewshire, his last Conservative majority of 1837 being changed to a minority of 95 by Robert Laidlaw, Liberal.

Coningsby R. Disraeli, who attained notoriety during his campaign by using the King's seal in his literature, and who is a nephew of the illustrious statesman of that name, lost the Altringham division of Cheshire, which has been Conservative since 1835. William J. Crossley, the Liberal candidate, was elected by 2,649.

Where Labor Figured.

Labor figured in two other seats in Northeast Lanarkshire. The polls stood: H. A. Findlay, Liberal, 6,436; Hon. Hugh F. Elliott, Conservative, 3,848; J. Robertson, Labor, 4,358. In the Keighley division of Yorkshire, John Brigg, Liberal, polled 5,322; W. M. Ackworth, Conservative, 3,329, and W. T. Newlove, Labor, 3,102.

The Liberals also hold the Harborough division of Leicestershire, Lehmann being elected by 1,998.

Returns have not yet been received from South Tyrone, where the fate of T. W. Russell, the leader of the new Russellite party in Ireland, was decided yesterday. Five out of ten Russellites nominated have already fallen. If the leader is elected, he will be the first. The future of the new party does not seem bright.

Standing of the Parties.

The standing of the parties last night was: Liberals, 342; Labor, 44; Conservatives, 143; Nationalists, 82.

Gains: Liberals, 191; Labor, 34; Conservatives, 11; Nationalists, 1.

A notable victory for the Unionist cause was secured by Lord Talbot in the Chichester division of Sussex. He was ill during the campaign, and his place on the platform was taken by Lady Talbot. His majority of 412 in the bye-election of last year has been increased to 1,174.

Balfour Gets a Seat.

Rt. Hon. J. A. Balfour has accepted an invitation to come forward as Unionist candidate for the City of London, in place of Hon. Allan Gibbs, who resigned in his favor.

The new Foreign Secretary, Sir Edward Grey, is returned for Berwick-on-Tweed, with a majority increased from 785 in 1895 to 2,240. Col. Ivor Herbert, former general commanding the Canadian forces, went in for South Monmouthshire, carrying the seat with a majority of 1,287. The Conservative member, Col. Morgan, was unopposed at last election.

The new House of Commons already contains 18 Jews, with several constituencies to be heard from. This is a larger number than previously recorded.

McMaster On the Causes.

Montreal, Jan. 26.—The following is a cable, in part, received yesterday from Donald McMaster, K.C., defeated candidate for the British Parliament:

"The Liberal sweep is attributed mainly to the false cry of alleged Chinese slavery in the Transvaal, which took deep root in the provinces and was insufficiently appreciated by the Unionists leaders and the London journalists. The same cause operated powerfully in all the Lancashire divisions and the Manchester disaster was the commencement of a landslide that gathered the Irish vote to the Liberal candidates, and the labor vote supported Liberals where no labor candidate was in the field.

"All these forces operated against me in Leigh, which is the banner Radical division of the kingdom, never represented by a Conservative. In addition, I was only three weeks in the field, while my opponent was here as many years. There was no organization and no time to organize properly. Notwithstanding, however, the enthusiasm aroused by the meetings was tremendous. I never saw it equalled in Canada, and though defeated I polled a larger vote than was ever polled by a Conservative.

"The conflict left no scars, and I am delighted with my experience among the Lancashire people."

Conspirators Expelled.

Port-au-Prince, Hayti, Jan. 26.—The Moniteur (official) yesterday published a decree of arrest and expulsion against five foreigners—three Frenchmen, a German and an Austrian—who have all been convicted of conspiring to disturb public order.

Too Many Wolves.

Winnipeg, Jan. 26.—Owing to the increase of wolves in Manitoba, the provincial bounty will be increased.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

Slye Latimer Must Go.

Calgary, Jan. 26.—Chief Justice Sifton declared yesterday afternoon it was his plain duty to send William H. Latimer, Philadelphia fugitive from justice, back to the States. He was remanded to the care of the Mounted Police for 15 days to enable him to appeal his case, which, his attorneys claim, will be done.

Drummer is Fined.

Montreal, Jan. 26.—Harry Weill, a traveler for an English firm of wine merchants, was sentenced by Judge Choquette to pay fifty dollars for violating the law and soliciting orders for his firm without having previously paid the Quebec travelers' tax. This is the first fine imposed.

MOTHER AND CHILD.

Let the mother take Scott's Emulsion for the two; it never fails to benefit them both. One can eat for two, but nourishing two is a different thing. It calls for a degree of internal strength that the average woman lacks. People of luxury are not very strong by habit; overworked people are weak in some functions from exhaustion or their surroundings. Scott's Emulsion can be depended upon to overcome such conditions. It is a wonderful food for a mother and child.

No Sleep For The Kidneys.

Old people are especially liable to Kidney and Bladder Irritation. The organs are weakened by age. This starts up inflammation—blood is not properly purified as it goes to the kidneys—and the bladder is unable to retain the urine properly. There is a constant desire to urinate day and night—and sound, restful sleep is unknown.

Bu-Ju

THE GENTLE KIDNEY CURE

gives the vigor and strength of youth to kidneys and bladder. It soothes and heals the irritated surfaces—tones up the organs—enables them to do their work easily and naturally—and cures all kidney troubles.

Cures Rheumatism Too.

Was Elected But He Died In Bed At Night

To-day Marks Close of British Elections.

Special to The Examiner.

London, Jan. 26.—Thomas Higgins, Irish Nationalist, who yesterday successfully contested North Galway against Col. John Philip Nolan, Irish Nationalist, was found dead in bed at his home at Tuam to-day. The tragic occurrence is attributed to the excitement of yesterday's polling acting on a weak heart. Mr. Higgins was one of the most militant Nationalists in the west of Ireland, and had many conflicts with the police. He was imprisoned under the Crimes Act during Arthur J. Balfour's term as chief secretary for Ireland.

Twenty-eight divisions are polling to-day. This practically marks the end of the elections as less than a dozen scattered constituencies will then remain to poll. Lionel Walter Rothschild, Unionist has been re-elected for the Middle division of Buckinghamshire, though with a reduced majority. The totals now are Liberals, 351; Unionists, 149; Irish Nationalists, 81; Labourites, 49.

The Secretaries In Conference

Important Gathering of the Y.M.C.A. General Secretaries.

Yesterday the annual meeting of the Provincial Committee of the Y.M.C.A. was held at Toronto, every part of the Province being represented, including many prominent business men, General Secretaries and workers.

The General Secretaries were in session at the central building during the morning discussing their work under three heads: (1) Encouraging features; (2) The Needs; (3) New plans for work. Mr. C. M. Copeland, Provincial Secretary presided, and the meeting was full of enthusiasm and good suggestions.

At 3 o'clock the Provincial Committe met at the Queen's Hotel and at 4 o'clock the Secretaries were called in conference with that body on the policy for 1906. Many recommendations were adopted, a few good amendments being made.

At 6 o'clock the company were the guests at dinner at the Queen's, of Mr. Jno. Penman, the efficient chairman of the Committee.

About eighty men sat down at the tables.

After dinner speeches were made by prominent members, as well as by Messrs. Greeg and Moore, of New York City, who were also present representing the International Committee.

Mr. G. M. Roger and Mr. Williamson, General Secretary, represented the Peterborough Y.M.C.A.

Rev. W. J. Jolliffe Hon. President

At the annual convention of the Bay of Quinte Epworth Leagues, which has been held in Bowmanville this week, Rev. W. J. Jolliffe, pastor of the Charlotte street church, and president of the Bay of Quinte conference, was elected Hon. President of the Conference of Epworth Leagues.

Satisfy Your Boy's Appetite.

Philomathean Society Holds Open Meeting

At Which a Mock Trial Was the Central Feature—Music and Recitations Formed Pleasant Part—Lecture Room of Y. M. C. A. Was Filled—Students of P. C. I. Show Great Cleverness on Literary Lines.

AN ENJOYBALE TIME WAS THE RESULT

The mock trial of the Philomathean Society of the Peterborough Collegiate Institute, was greeted by a large audience last night in the lecture room of the Y.M.C.A. This society was formed some time ago by the pupils of the P.C.I., and meets every three weeks. Once a year a special programme is prepared for the purpose of a meeting, which is open to the public. Such was the nature of the concert last night, and it is quite safe to assert that those who listened to the excellent programme were not disappointed.

Before and after the mock trial, which was the feature of the evening, some musical selections and recitations were presented.

The chairman, Stanley Fife, who is president of the society, in his opening address, displayed cleverness in his remarks worthy of recognition. The aims of the Philomathean Society, he said, were to provide for the assembling together of the different forms of the Collegiate Institute; the cultivation of literary tastes; the promotion of public speaking, and, lastly, for the encouragement of music. And, if one may judge from the manner in which the students took part in the programme, it may safely be said that the above aims are being realized.

The opening number of the pleasing programme was a solo by Master Herbert Mowat, "A Little Boy Called Taps," whose clear voice displayed to advantage the youthful musical ability of the singer. Miss Katie Leary in her recitation, "No One Child to Spare," gave evidence of a promising future in elocution, and her number was very favourably greeted.

Miss Kathleen Burnett followed with a piano solo, and although she is a youthful pianist yet the execution of the difficult solo demonstrated an older knowledge in music.

These musical and literary selections formed a suitable and pleasant preliminary to the succeeding event, "The Mock Trial," which formed the chief attraction of the evening.

The ludicrous character of the trail, and the business-like resemblance to the real trial, was the cause of frequent applause from the audience, so that the court crier, Ed. Mann, was kept busy in seeing that order should prevail in the "courts of law."

Prisoner Allan Monroe had a double charge against him; first, that of being averse to athletics, and using his influence, or attempting to use his influence, on the freshmen; and, secondly, that of writing an essay against athletics, and submitting the same for publication in the Peterborough Peanut Vendor. He pleaded not guilty to the charges, yet he evidently knew, judging from his dejected appearance, that "One never can tell what a jury will do."

His Hon. Judge Stanley Fife, ruled supreme, and several times was called upon to settle the little quarrels of the members of the bar.

The counsels for the Crown, F. Brown and W. Harvie, K. C., prosecuted the case judiciously, and frequently brought out some very good points in their favour. The lawyers for the defence, C. Arnott and B. Millar, handled their side of the case admirably, and the latter certainly excelled in his address to the jury.

The clerk of the court, B. Ingham, performed his duties in a complimentary manner, and showed a good knowledge of his work. Court stenographer W. Blackwell, was kept busy taking down his evidence pro and con.

The witnesses for the prosecution, were P. Skinner, H. Johnston, C. Lech, H. Conroy. The were very often badly tangled up by the cross-questions of the learned lawyers, and from their evidence they must have had a personal grudge.

The witnesses for the defence, M. Fife, (Dr. Pills), H. Hall and H. Jeffries, told their stories in a straightforward manner, which had much to do with the outcome of the trial.

The "twelve good men and true," consisted of E. H. Wood, foreman; R. E. Picard, S. Midill, R. Stewart, S. Anderson, C. Lees, H. Moore, L. Giroux, E. Kidd and R. Scott.

Two jurymen, H. S. Maguire and A. Ingham, were charged with bigamy and three divorces respectively, and were not allowed to take their seats.

The jailer, K. Lech, watched the prisoner well, with a large hatchet.

After the evidence was all in the judge and counsel addressed the jury, who retired to agree upon the verdict.

In the interval Miss Hazel Sanderson gave a delightful piano solo, which was very much enjoyed.

Silence reigned in the court room, when the foreman arose to pronounce the verdict reached, which was, "We find the prisoner not guilty, but recommend a strong plea to mercy." He was then released amid the congratulations of his friends.

Two violin duets, a "Prelude," and "Standchen," were beautifully rendered by Miss Marguerite Burnett and Miss Kathleen Wallis, with Miss Gladys Crane as accompanist.

The excellent programme was then brought to a close by the hearty singing of the National Anthem.

Conservatives Made Merry In Their Club Room

Celebrated Party's Victoroy of a Year Ago Yesterday—A Demonstration Held in Young Conservative Rooms Last Night—Address Given by W. H. Bennett, M.P., East Simcoe—His Advice to the Young Men of To-day.

AN INTERESTING GATHERING HELD

Local Conservatives made merry last night, in celebrating the victory achieved by the party in Ontario, and in this riding, one year ago. The commemoration of that victory took the form of a demonstration which was held in the Young Conservative Club Rooms, which were well filled, and considerable enthusiasm was manifested. In addition to local members of the party there were present persons from Lakefield, Norwood, Warsaw and other places in the county.

A feature of the evening was the address of Mr. W. H. Bennett, M.P., of East Simcoe, who urged the young men to high ideals in public life, and service, and took the stand that a public man's word should be as binding as any obligation entered into or pledge made in private life.

Mr. J. H. Burnham, president, made a most acceptable chairman, and during the early part of the evening some stirring patriotic Scotch songs were given by such well known and popular vocalists as Duncan Campbell, Alex. Elliott, Gilbert Scott, W. Mellroy, A. P. McDonald and J. E. Firth. All these gentlemen sang in splendid style and their selections were very popular. Encores were demanded and generously granted in each instance. Mr. Geo. Schneider proved to be a most efficient accompanist. Mr. Harry Dunslow gave a couple of humorous readings which were vigorously applauded. A fine piano has been added to the club rooms and during the evening Mr. Schneider gave several well-played piano selections. One of the best songs of the evening was that composed for the occasion and sung by Mr. Scott, in which there were some good jokes on different members of the club, and the audience fully appreciated the humour of the thrusts.

Mr. Burnham in opening address said that it was no ordinary occasion they were celebrating. It was a commemoration of one of the most overwhelming victories that ever characterized the politics of Ontario.

Mr. Bennett spoke at some length on political matters. He dwelt on the duty of the young men particularly.

Other speakers during the evening were: Messrs. T. E. Bradburn, M.P.P., R. C. Strickland, Lakefield, and R. E. Layfield.

OBITUARY.

MRS. PATRICK BARRETT.

The death occurred this morning at 2 o'clock of Mrs. Patrick Barrett, at the home of her son-in-law, Mr. Peter Flaherty, concession 9, Emily. Deceased was 73 years of age and death was due to general infirmity occasioned by old age. She was a native of Ireland and came to Canada when very young. She had resided in this district ever since she had come to this country. Her maiden name was Mary Canning. Her husband predeceased her about twenty years ago.

She is survived by one son, Wm. Barrett, 8th concession, Emily, and two daughters, Mrs. Peter Flaherty, at whose home she died, and Mrs. S. Holland of Peterborough. The late Mrs. Barrett was very highly respected by all who knew her.

The funeral will leave the family residence to-morrow morning at 9 o'clock and proceed to the St. Martin's Cemetery for burial. Rev. Father Fitzpatrick will officiate at the burial services.

MUSIC AND DRAMA

An additional attraction at the National Chorus Concert in Toronto, to which an excursion via the Grand Trunk will be run on Monday next, 29th inst., will be the presence of Marie Hall, who takes rank with the foremost living violin artists, who has been secured for the second concert. Beginning her musical career as a street fiddler, she has developed into a Paganini in petticoats—not a jocularity, but a real statement of fact, founded on the opinion of great critics.

• • • •

"Peggy From Paris," the most successful and cleverest musical comedy produced in years, will be seen at the Grand on the evening of February 8.

• • • •

To-night's attraction at the Grand will be Al. W. Martin's capable company in the long-lived, yet still popular "Uncle Tom's Cabin." It is styled the "world's greatest," and without it has never been staged with more lavish scenic and electrical effects nor with a better version than the present season. The story is concise and follows the book closely. The players are all clever in the work and a feature is the tuneful singing of a male quartette. Frank Leo augments the whole with his deep emotion as Uncle Tom, and the other parts are all well filled.

• • • • • • • • • • • •

Miss Adele Blachford, of Toronto, has many friends in this city, both professional and personal, who will be interested in the following from the Toronto Globe: Although Miss Adele Blachford, the Toronto soprano, gave her recital last night in competition with the big concert of the Sherlock Ontario Society, she attracted an audience that filled St. George's Hall. Miss Blachford has a pretty voice, with an individual charm of its own, and in the selections she gave by Wagner, Noel Johnson, Francis Leon, Ellep Wright, Wilhelmj, S. H. Woodman and M[illegible] Archer, she won the favour and [illegible] dict of the audience by the [illegible] ging quality of her voice and the versatile adaptability of her interpretations. She was assisted by Mr. Frank Blachford, violinist, who played several solos with sound, legitimate style, refined tone and facile technique, and Mr. Jolliffe, baritone, who sang with mellowness of voice and fervor of expression. The accompanist was Miss E. Cunnington, who ably supported the soloists.

Department Of Elocution Added

The Peterborough Conservatory of Music have added another department to that already efficient establishment. The management of the conservatory is now able to announce that a department of elocution under the direction of Miss Ada Heath, of the Faculty of Toronto Conservatory School of Expression, will form a portion of the local conservatory.

Morris Craft Caught At Madoc

The Chief of Police of this city has received word from High Constable Joshua Duffin, of the County of Hastings, of the arrest of Morris P. Craft, at Madoc, last Wednesday, through the instrumentality of the local police. Mr. Craft was arrested for unlawfully obtaining four promissory notes, being valuable securities from J. C. Moore and wife.

Mr. Craft has been searched for since Dec. 28th, 1905, and his trial will be held in Belleville. He is at present out on bail.

Manitoba Varsity Will Sell Lands.

Winnipeg, Jan. 26.—As a result of the representations made by a delegation of the executive of the union of municipalities of the province, the Manitoba University council at a meeting yesterday afternoon decided to place on the market their entire endowment consisting of over 150,000 acres of land. The property is located in practically nine municipalities.

Engine Strikes Trolley Car.

London, Jan. 26.—While crossing the G.T.R. tracks opposite the Tecumseh House, about 7.30 last night, the Victoria, a special street car, was struck by a westbound G.T.R. freight killing the car conductor, Jepsom Moore, instantly. Seven passengers in the car escaped with a severe shaking up. Moore was 35 years old and is survived by a widow and four children.

Had a Bad Leg.

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was something dreadful. Dr. Chase's Ointment completely cured me, took away the itching, and healed up the sore." — Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

New State Bill Passed.

Washington, D. C., Jan. 26.—The House passed the statehood bill yesterday by a vote of 194 to 150. The bill as proposed provides that Oklahoma and the Indian Territory shall constitute one state under the name "Oklahoma," and that Arizona and New Mexico shall constitute one state under the name "Arizona."

J. SUTCLIFFE & SONS

Is Guarded As State Secret By Republic

France's Eventual Active Towards Venezuela.

SAID TO HAVE BEEN DECIDED

Venezuela Withdraws Her Consuls From France—French and German Specialists Begin Series of Detailed Private Discussions re. Morocco—Revolt and Radowitz Skirt the Main Question.

Paris, Jan. 27.—President Loubet presided yesterday at a council of Ministers at the Elysee Palace, in the course of which, it is said on good authority, a decision was reached relative to France's eventual action towards Venezuela.

Recalls Consuls.

Caracas, Jan. 27.—(via Port of Spain, Jan. 26.)—A decree has been issued by the Government recalling its consuls in France and withdrawing the exequaturs of the French consuls in Venezuela.

Boycott First.

Washington, Jan. 27.—As a preliminary to a naval demonstration France is now considering the initiation of a boycott of all Venezuelan products, of which she is the largest foreign purchaser.

Cruising About.

Willemstad, Island of Curacao, D. W. I., Jan. 27.—The French armored cruiser Da Saix, flagship of Admiral Bevoe de la Peyrere, and the cruiser Jurien de la Graviere, arrived here yesterday from Port of Spain, Island of Trinidad.

The Morocco Conference.

Algeciras, Jan. 27.—Count von Tattenbach and M. Regnault, the German and French specialists on Morocco, yesterday began the first of a series of detailed private discussions with the object of reaching an agreement outside the Moroccan conference.

M. Revoil, head of the French mission, and Herr von Radowitz, head of the German mission, at their meeting Thursday, while most pleasant towards each other, avoided touching upon anything except the general ground. Von Radowitz remarking at one point, "Well, you know we could not let you have the policing of Morocco." "I am sure that we shall not ask for it," replied M. Revoil. That was as near as the two diplomats got to the main question, but they arranged for M. Regnault and Count von Tattenback to talk out the disputed points thoroughly.

Their subject yesterday was a Moroccan state bank, a question which probably will be one of the next to come before the conference after the problem of the taxes is disposed of.

The conference now has four sorts of activity—the Regnault-Tattenbach discussions, upon which most of the attention is fixed; the sub-committee dealing with financial reforms; the committee of the whole, from which the secretaries are excluded, and finally the conference itself. The envoys are tiring of this quiet coast town and already want to get away. Yet it looks as though a month more would be required to finish the work in hand.

Cable Message Absurdly Untrue.

Washington, Jan. 27.—The following cablegram has been received by Secretary of War Taft from Governor-General Ide at Manila: "Natives much disturbed by cable. Acting Ambassador Wright has been authorized to negotiate sale of islands to Japan. Authentic denial from you might be useful." Secretary Taft replied to the cablegram as follows: "The cable statement referred to in your cablegram has not the slightest vestige of truth. It is not only untrue, but absurdly so."

Liberals Have Eighty Clear In The House

Only Nine of the British Election Contests to Be Polled.

CONSERVATIVES DECIMATED

Lord Tweedmouth on the Navy and the Colonies—No Returns of Friday's Pollings—Seats Won by Liberals in Bye-Elections Last Year Return to Conservative Fold—The Thunderer.

London, Jan. 27.—"Some people insist upon the necessity of a contribution from the Colonies for support of the navy; for my part I should be quite prepared to give the protection of the British navy to the Colonies as a free gift." So said Lord Tweedmouth, First Lord of the Admiralty, at a dinner in Edinburgh last night. He declared their existence as a nation rested on the navy. The sea divided us from foreign countries, and also bound us to that quiverful of younger nations sprung from our loins. He thought they could best show their love by offering them the protection of the navy.

Although polling took place in twenty-eight seats yesterday no returns were received last night. These included important contests, among which were the seats of R. B. Haldane, and H. H. Asquith, Cabinet Ministers, and Walter Long's second effort in Dublin. Only nine contests now remain, of which five take place on Saturday, and one on Monday, while the polls of Glasgow and Aberdeen and Edinburgh and St. Andrew's University remain open for some days. In the universities free trade Conservatives are opposing tariff reformers.

Standing of the Parties.

Liberals, 355; Labor, 44; Conservatives, 149; Nationalists, 53.

Gains being—Liberals, 193; Labor, 24; Conservatives, 12; Nationalists, 1.

This shows the number of Conservatives in the House to be the smallest in history.

It is a unique fact that the Whitby division of Yorkshire, which figured as a Conservative gain yesterday morning was the sixth seat won by the Liberals during the bye-election last year to go back to Conservative. This fact is pointed to by the Conservatives in support of the "swing of the pendulum" theory as an explanation of the result.

The Morning Post urges the Conservatives to reconstruct the party on the lines of tariff reform, the "only definite constructive policy the opposition finds ready to stand." It points out Mr. Balfour is accepting the seat of a pronounced tariff reformer in the City of London, and regards this as evidence of his determination to accept this policy.

Member-Elect Dies.

Thomas Higgins, who was Thursday elected Nationalist member in North Galway, was found dead in his hotel at Tuam yesterday, possibly as a result of the excitement of election acting on a weak heart. He was one of the most militant Nationalists in west of Ireland, and had many conflicts with the police. He was imprisoned under the Crimes' Act during Arthur J. Balfour's tenure of the chief secretaryship of Ireland.

The seat was last held by Col. Nolan.

The twenty returns from the polls yesterday give the Liberals a gain of seven seats in England, and one in Scotland. The Unionists captured back again Whitby in Yorkshire, won from them at the bye-election in 1905 by 345 votes. Sir A. Acland Hood, Conservative whip in the Balfour Government, was returned at a reduced majority. Lionel Walter Rothschild, Unionist, has been re-elected for the middle division of Buckinghamshire, though with a reduced Unionist majority by one-half.

Attitude of the Times.

The Times defines its attitude toward the new Government and admits that a term of opposition will do the Unionists good. It points out that its own traditional policy has been to support all Governments in foreign affairs and national defence, and then proceeds, but with regard to the Colonies the outlook is less clear. They, like the great imperial interests mentioned, ought to remain outside the arena of party warfare. Unfortunately they have been dragged into it to a lamentable extent and sometimes upon the lowest of all grounds—that of mere personal jealousies or antipathies. We can only hope that the responsibility of office will enable the men in power to put aside entirely the prejudices engendered by party strife, and to treat colonial questions with the same sobriety and far-seeing statesmanship which is recognised as essential in foreign affairs. The touchstone in this matter will be the manner in which the new Government deals with the Transvaal.

Excommunicates Nine Priests.

Winnipeg, Jan. 27.—Archbishop Serahim, who claims to be head of what is known as Greek Independent Church, yesterday afternoon issued an order excommunicating nine of his clergymen. He claims they organized a congregation without consulting him, and have also not shown proper respect to his authority.

No Reciprocity With Australia.

Ottawa, Jan. 27.—Other reports from Australia show that no measure of reciprocity with Canada can be looked for during the life of the present Parliament, which will not expire until twelve months hence. The political outlook is very uncertain, and several important measures have had to be withdrawn because they could not be carried through the Commonwealth Parliament owing to the existing slender majority.

TRAIN KILLS AT STRATFORD.

Patrick Mulcahy Fell in Front of Engine—Well-Known Seaforth Lacrosse Player.

Stratford, Jan. 27.—Patrick Mulcahy of Seaforth, a young married man, employed as a barber in the city, was struck and horribly mangled by an engine at the station and instantly killed last evening. Mr. Mulcahy was the well-known Seaforth lacrosse goalkeeper. His wife and mother are still living in Seaforth. Apparently he was endeavoring to cross or pass in front of the engine, and probably stumbled, when the engine caught and passed over him. Dr. Devlin empanelled a jury, which viewed the body, and adjourned the inquest till this afternoon.

Man Killed at Mimico.

Toronto, Jan. 7.—James Stewart of 53 Melburne avenue was crushed to death beneath the wheels of a car of the Toronto and Mimico line, about 11 o'clock last night. The accident happened on the bridge that spans the Mimico creek.

Falling Tree Kills Farmer.

Wingham, Jan. 27.—Robert Woods, a farmer of Turnberry Township, about three miles from this place, was killed yesterday forenoon by a tree falling on him while working in the bush of John Hardie, a neighbor. The unfortunate man lived only a few minutes after the accident. He was about 55 years of age, and unmarried.

Feet Frozen.

Ottawa, Jan. 27.—Peter Robinson of Bearbrook, on Tuesday went into the bush to examine some timber, lost his way, was out all night and had his feet so badly frozen they must be amputated.

200 Passengers Hurt.

Jefferson City, Mo., Jan. 27.—A Missouri Pacific express train, westbound, smashed into a freight train standing on the main track here yesterday. Nearly 200 passengers were bruised, but none was seriously hurt. The freight train caught fire and ten derailed cars were burned.

Boys Roast to Death.

Newark, N. J., Jan. 27.—The charred bodies of Anthony Morris and Aldin Lambert, two boys who had been missing for several days, were yesterday found on a heap of oyster and clam shells, under which a lime kiln company had built a fire several days ago. Charcoal fumes from the fire below rendered them unconscious while they slept on the pile, and they were roasted to death.

May Expropriate "Bell."

Winnipeg, Jan. 27.—The first step in the Government's telephone program was revealed yesterday by a notice of motion by Hon. Colin Campbell, Attorney-General, that he will, on Monday night, move to refer the whole matter to a select committee, composed of members from both sides of the House. It is believed the Government will make known the general lines of their policy then. The House is being flooded with petitions asking for Government ownership of the telephone systems of the province. It is thought that the Ministry will introduce a measure to buy out the Bell Telephone people, and will provide for expropriation, if they do not consent.

Hapgood Didn't Libel Deuel.

New York, Jan. 27.—An unusually sensational trial came to an end yesterday when a jury in the criminal branch of the supreme court reported that Norman Hapgood, editor of Collier's Weekly, was not guilty of criminal libel. The case had been on trial several weeks. The charge against Mr. Hapgood was brought at the instigation of Justice Deuel of the court of special sessions.

On Hunt for Water.

Berlin, Jan. 27.—Emperor William has commissioned Herr Von Uslar, the chief Government official of Apendrare, Schleswig-Holstein, to proceed to German Southwest Africa and find subterranean springs by means of a divining rod.

LOST NUMBER 117.

Searching For the Survivors of the Valencia Wreck—Three Dead Bodies Found on a Raft.

Seattle, Wash., Jan. 27.—The steamship Topeka, which arrived at Port Townsend yesterday, reported 23 survivors of the Valencia, many of whom already reported. The total number, according to the figures of the officials of the Pacific Coast Co., is forty, including three men found on Turret Island, and one man believed to be alive on the island, and for whom Indians are searching. This total also includes three reported on the beach near Kloochman. The tug Pioneer, returning from the wreck Thursday night, reported nothing left of the hull of the Valencia.

Twenty-Three at Port Townsend.

Port Townsend, Wash., Jan. 27.—The City of Topeka arrived at 1.30 o'clock yesterday morning, with 23 survivors from the Valencia, embracing 19 rescued from the raft and also the boat's crew, which carried the first news of the accident to Cape Beale.

The rescue party and party of nine survivors, who were at Darling Creek telegraph hut, reached Bamfield at 6.30 p. m. yesterday, after a fifteen-mile tramp with terrible experiences.

F. Connors was discovered on Turtle Island in a very exhausted condition. He is believed to be the man who was lost on Turtle Island. The steamer Salvor reported at Bamfield Creek last night that she had picked up a raft from the Valencia off Turtle Island. On the raft were three bodies, which have been identified as those of Wallace, a waiter; Nelson, third engineer, and an American soldier, a marine from the U. S. battleship Concord.

More Books Destroyed.

Toronto, Jan. 27.—Only one witness was called when the civic investigation was resumed before Judge Winchester yesterday. Mr. Frank M. Parry, bookkeeper to Purdy, Mansell & Co., stated that certain books required by the Crown for the years 1896, 1897 and onwards had been destroyed, though he could not give any definite information as to when the destruction took place. The Judge, however, asked whether they had been put away by any member of the firm to prevent information coming to light, but the witness did not know of any such thing. His Honor impressed on the witness the necessity of making a further search for the books, and he promised to do so. The inquiry was then adjourned until Feb. 1.

Cable Contract Ratified.

Ottawa, Jan. 27.—Advices from Australia state that the Commonwealth Parliament has ratified the contract with the Eastern Extension Telegraph Co., subject to the proviso that the company shall execute it within three months from Jan. 1.

Conscience Money.

Ottawa, Jan. 27.—The Department of Finance has received $12 as conscience money from "B. J." as a payment on articles alleged to have been brought into Canada years ago upon which duty should have been paid.

Collector James Nichols Dead.

Walkerton, Jan. 27.—James T. Nichols, collector inland revenue here for many years, died last evening from pneumonia. Mr. Nichols was 78 years of age, and had been a revenue officer for 32 years.

Hangs Himself in Cell.

Kingston, Jan. 27.—Locksley Carter, serving five years in the penitentiary for larceny at Niagara Falls, was found dead during the night, having hanged himself in a hospital cell. He used bed clothes, tied a piece to the cell bar, stood on a stool and jumped [illegible] for a few days.

Loss in Montreal Fire.

Montreal, Jan. 27.—The damage by fire in the building at the corner of St. James and Victoria square Thursday afternoon is estimated at between $80,000 and $90,000: covered by insurance.

CANADONIANS "AS WE SEE 'EM."

LIEUT.-COL. SIR HENRY M. PELLATT, Toronto

By the Canada Newspaper Cartoonists' Association.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from ovarian or womb trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for ovarian or womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Mrs. Robert Glenn of 434 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its favor. I have suffered untold agonies from ovarian troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound, and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Miss Margret Merkley of 375 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing down pains, and an irritable disposition compelled me to seek medical advice. The doctor, after making an examination, said that I had ovarian trouble and ulceration, and advised an operation as my only hope. To this I strongly objected —and I decided as a last resort to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, all the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what it has done for me."

Ovarian and womb troubles are steadily on the increase among women —and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham at Lynn, Mass. for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all ovarian troubles, inflammation, ulceration, falling and displacement of the womb, leucorrhœa, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Keene Carnival Was a Success; Pretty Costumes

Annual Masquerade Carnival was Held in Keene Rink Recently —It Was Largely Attended and a Successful Evening is Recorded—Those in Costume —Other Interesting Keene News—Hockey Team Lost to Peterborough.

PERSONAL ITEMS OF MUCH INTEREST

Special to The Examiner

Keene, Jan. 23.—Mrs. Chas. Lough, of Cavan, is the guest of Mrs. M. Plunkett.

Master Stanley Taylor is suffering from a severe attack of pneumonia.

The Peterborough Central School hockey team defeated Keene school team by a score of 8-6 Saturday afternoon. The ice was rather soft, making the game a little slow. The Central School team had the best of the game all through the match. The line-up was as follows: Central School—Goal, Wilson; point, Stone; cover-point, Seymour; rover, McMillan; centre, Harrison; right wing, Loch; left wing, Ray. Keene School —Goal, Weir; point, Rolin; cover-point, Newton; rover, Wedlock; centre, Campbell; right wing, Short; left wing, Roach; Referee—J. R. McIntyre.

Mr. Bruce Powell, of Norwood, was in the village Saturday.

The 7th line football team held an oyster supper in the town hall Friday evening. Invitations were issued to about forty couples. The supper was served at McFarlane's restaurant. Mr. D. McFarlane supplied the music, and Mr. Archie Moore, of Peterborough, acted as floor manager.

Owing to the heavy thaw on Sunday the ice in the river is unfit for traffic.

Mrs. Rankin, of Collins Bay, is the guest of her daughter, Mrs. (Rev.) D. D. Macdonald.

Mr. Wm. Read was in Peterborough Monday on business.

Mr. David Eson, of Peterborough, spent Sunday in Keene.

Miss Elizabeth Fowlds, of Hastings, is the guest of Miss Eleanor McCrae.

Mr. and Mrs. Wesley Montgomery, of Alnwick, were in Keene on Sunday.

Mr. Stuart Fife, who has spent the summer in Edmonton, Alta., returned home last week.

Mr. Neil Macfarlane is visiting his brother, Mr. Colin Macfarlane.

Mr. and Mrs. Albert Bettis, of Lakefield, were in Keene Monday.

Mr. Wm. Campbell, of Peterborough, was in Keene Sunday.

Mr. Jos. Quinn, late of Peterborough, has opened up a barber shop in Keene.

Owing to the illness of Mr. Harper the Lang Public School has been closed.

Mr. Amos Shearer, of Alnwick, was in Keene Friday.

Miss Adah Vance, of Cavan, is the guest of Miss Jennie Humphries.

Mr. T. J. Wallace was in Keene Saturday accompanying the Central School hockey team.

Rev. E. A. Langfeldt, of Peterborough, was in the village Wednesday.

Miss Margaret Bryce, of Keene, sang at the Roseneath Presbyterian church concert Monday evening. Mr. J. King, of Detroit, who is visiting in Keene, played the accompaniments.

Mr. J. Harper, of Lang, is in Nicholls Hospital suffering from typhoid fever.

On account of the soft weather the curlers didn't go to Peterborough to play for the district cup on Tuesday, as intended.

The first carnival of the season was held in the skating rink Wednesday evening, January 17. The weather was excellent, and a good crowd attended. The number of those in costume was much larger than usual, and the costumes were excellent. The prizes were awarded as follows:

Best dressed lady, Miss Bella McIntyre, "Canada."

Best comic lady, Miss Maggie Hope, "David Harum's Sister."

Best dressed gentleman, Harry Burnham, "Captain Charles Treville."

Best comic gentleman, Mr. Cecil Starke, "Jail Bird."

Best dressed girl, Mary Moore, "Highland Lassie."

Best comic girl, Alma Newton, "Topsy."

Best comic boy, Louis Roach, "Red, White and Blue."

Best comic boy, Norman Taylor, "Court Jester."

The men's race was won by Mr. Leo Walsh.

Boy's race, Master Willie Edwards.

Partners' race—Mr. Leo Walsh and Miss Jean Campbell.

The guessing contest, guessing the number of beans in a glass jar, was won by Miss Bella Drummond and Miss Alice Speirs, who both struck the correct number, 1,260.

"How's Your Stomach"

is the way people in China say "Good Morning." The greeting of almost every nation is an inquiry after health. The Chinese have the root of the matter. A strong stomach is the foundation. Look after this organ and the general health cares for itself. Man is so constituted it cannot be otherwise. It is the mission of

BEECHAM'S PILLS

to keep the stomach well, the liver active and the bowels regular. They dispel sickness and create health. **Dyspepsia, Indigestion, Biliousness** or **Constipation** cannot exist when **Beecham's Pills** are used according to directions. For over **50 years** they have cured disordered stomachs, and are now a world-famous remedy. They merit your confidence.

Old Residents Of Otonabee Passed Away

Several Deaths Reported From Keene—Mrs. Braden Died at Age of 84 Years—Budget of News From the Otonabee Capital—Annual Congregational Meeting of the Presbyterian Church Held on Thursday Last.

CREDITABLE REPORTS WERE PRESENTED

Special to The Examiner.

Keene, Jan. 24.—Dr. James Campbell left this morning to visit friends in Toronto before going to New York, where he intends taking a post graduate course.

Miss Minnie Walsh is in the village nursing Master Stanley Taylor, who is suffering from a severe attack of pneumonia.

If the weather gets cold enough by Thursday for curling, two rinks from Keene will go to Peterborough to compete for the district cup.

The death occurred on Tuesday at the home of her son, Mr. Edwin Braden, of Mrs. Braden, an old and highly respected resident of Otonabee, after a lingering illness. The deceased was in her 84th year. The late Mrs. Braden was born near Port Hope and for a number of years lived in that vicinity, but since the death of her husband, had resided with her son, Mr. Edwin Braden. The funeral was held Thursday, Rev. Mr. Wilson, pastor of the Methodist church, conducting the service, after which interment took place in the Keene cemetery. The funeral was largely attended. Mrs. Braden is survived by three sons, Edwin, of Otonabee; John, of Toronto and William, of Smith, and three daughters, Mrs. Wm. Carter, of Keene; Emma, of Toronto, and Minnie, of Calgary.

On Friday evening Mrs. George Shearer passed away after an illness of about two weeks with typhoid fever. Deceased was a daughter of the late Archibald Davidson, whose death occurred just six days before. Her husband and five children are left to mourn her departure. The funeral was held from the family residence on Monday, and was largely attended, giving evidence of the esteem in which the deceased was regarded throughout the community and the sympathy felt for the bereaved family. The five brothers Robert, James, Thomas, Archibald, and William, and Albert Nelson acted as pall-bearers. Interment took place in Keene cemetery.

The annual congregational meeting of the Presbyterian church was held in the church on Thursday afternoon. Rev. D. D. McDonald, the pastor presided. The meeting was opened by prayer by the pastor.

The minutes of last meeting were read, and, on motion, adopted.

The report of the sessions was read by Mr. Jas. McNeil. The session reported the attendance as very gratifying, and expressed their appreciation of the work done by the various societies and organizations. They reported a gain of seven in membership, the names on the roll numbering at the end of the year 276. During the year 13 members were added by profession, and one by certificate. Seven members have been removed, six by death, and one by certificate. The baptisms numbered 14, three infants and 11 adults. The sympathy of the session was extended to those of the congregation who had lost, through bereavement, their loved ones.

Miss Bessie Read read the report of the Woman's Auxiliary of the Foreign Missionary Society, reporting a total membership of 44, two of whom are life members. Also, 20 "scattered helpers" throughout the congregation, who, although unable to attend the meetings, help the society by their contributions. The society has during 1905 disbursed $306.86 for various missionary schemes.

Miss Isabella Renwick gave the report of the Earnest Workers' Mission Band. That society has a membership of 14, and has raised $12.95 for mission purposes.

The church missionary society, whose collector calls on the members and adherents of the church quarterly, reported the collection of $292.20.

The Sabbath school reported a membership of 182—165 scholars and 17 teachers and officers. Their financial report shows that they have given $110.22 for missions and $26.25 for library and supply fund.

The Christian Endeavour Society reported a prosperous year. The membership has been increased by the addition of four active and three associate members. One active member has been removed from the vicinity and one has been removed by death. They have raised by collections, concerts, etc., $190.57, besides the $25 raised by the Missionary Committee of the society.

The treasurer's report was encouraging indeed. During the year about $2,300 had been paid into the treasurer by the congregation, and had been applied towards paying the pastor's salary and sundry expenses.

The congregation has also, outside of their other work, contributed over $500 towards the support of a missionary, Rev. Mr. Harcourt, of India, Westwood and Keene congregations together paying his salary of $800.

During the year the congregation has contributed nearly $4,000 towards the various church schemes, not including their share of the $1,100 subscribed towards Queen's College by the united congregations of Keene and Westwood.

Before the close of the meeting a vote of thanks was tendered the choir and organist for their services in conducting the service of praise.

After the meeting a social tea was enjoyed in the basement, the ladies of the congregation providing refreshments.

The death took place on Friday morning, January 19, of Mrs. Robert Richardson, an old and highly respected resident of Otonabee, after an illness of some months. The funeral was held Monday, Rev. D. D. McDonald conducting the service, after which interment took place in Keene cemetery. The funeral was largely attended. The pall-bearers were William Miller, Jas. McNeil, William Drummond, J. Lang, Jas. Edwards and John Renwick. Her husband and four sons, George, Thomas, Robert and James, and one daughter, Mrs. Robt. Wood, survive her. The family have the sincere sympathy of their many friends in the community in their deep bereavement.

Cracker Charm

There is all the difference in the world between eating biscuits and biscuit eating. One may eat a biscuit and not taste it, but when you think of biscuit eating you think instantly of

Mooney's Perfection Cream Sodas

Crisp, delicious and tasty.

Absolutely and distinctly superior to any other make.

Say "Mooney's" to your grocer.

Had a Bad Leg.

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was something dreadful. Dr. Chase's Ointment completely cured me, took away the itching, and healed up the sore." — Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

Five million dollars have been left to the town of Dijon, France, by a widow named Grangier, who died lately.

Lakefield May Purchase Electric Light Plant

Committee Was Appointed to Look Into the Matter at a Special Meeting of Citizens —Deputation Empowered to Wait on County Council Concerning House of Refuge—Interesting News Notes From the Northern Village.

MEETING OF THE SCHOOL BOARD

Special to The Examiner.

Lakefield, Jan. 24.—A meeting of the citizens of the village was held in the town hall on Monday afternoon for the purpose of making a special effort to get the House of Refuge built in Lakefield.

Reeve Moore occupied the chair.

Addresses were delivered by the following persons:—Messrs. R. C. Strickland, Wm. M. Graham, Wm. Hooper, Dr. Baker and others.

On motion of Mr. R. C. Strickland, seconded by Mr. M. Graham, a deputation composed of gentlemen whose names will be found in the report of the County Council were appointed to wait upon the Council to try to show the advantages offered by Lakefield as a site for the House of Refuge.

Dr. W. A. Baker then addressed the meeting, regarding a subject of importance to the ratepayers of the village, via the Municipal Ownership of the electric light plant.

It was moved by Mr. R. C. Strickland, seconded by Mr. Jno. Griffin that the members of the council, Dr. Baker, J. H. Sherin, E. A. Tanner and Wm. Harper be a committee to look up facts and figures re electric light with a view to purchasing a plant and to lay the matter before the council at its next meeting on Monday evening, Jan. 29th.—Carried.

It being the anniversary of the accession of King Edward to the throne, the meeting was closed by three hearty cheers for the King and the singing of God Save the King.

A regular monthly meeting of the Lakefield Public School Board was held in the town hall on Wednesday evening, Jan. 19th. Present J. R. Fraser, M.D., Jno. Hull, R.G. Clifford, Geo. Payne, R. Q. Dench and C. S. Tanner.

Village Clerk's certificate read that Messrs. R. Q. Dench, Jno. Hull and Geo. Payne, had been elected trustees for 1906-7, and that they had all taken the declaration of office.

Moved by Trustee R. S. Clifford, seconded by Trustee J. Hull, that Dr. Fraser be chairman of the Board for year 1906.—Carried.

Moved by Messrs. Tanner and Payne, that Mr. W. Sherin be secretary for year 1906, at usual rate of salary.—Carried.

Moved by Messrs. Hull and Clifford, that Trustees Hull and Tanner be Finance Committee; that Trustees Payne, Clifford and Dench be Property Committee; that Trustees Dench, Clifford and Payne be Supervision Committee. In each committee the first named Trustee to be chairman of the committee.—Carried.

The Finance Committee presented the following report, recommending payment of the accounts:—S. A. Tanner, $27.75; Joseph Watson, $3.00.

Moved by Messrs. Hull and Tanner, that the report be received and adopted.—Carried.

Principal's report for December was read and received.

Moved by Messrs. Hull and Clifford, that the Board appoint the following gentlemen members of the Library Board:—Rev. C. J. Campbell, for 1904-5-6; Mr. S. W. Hill, 1905-6-7; Rev. Geo. Warren, for 1906-7-8.—Carried.

Moved by Messrs. Hull and Dench, that the Board accept Miss Stephenson's resignation, same to take effect Feb. 29th, 1906.

Moved by Messrs. Clifford and Hull, that the secretary be instructed to procure a new slate blackboard for room No. 4.—Carried.

Moved by Messrs. Dench and Tanner, that the secretary be instructed to advertise for a teacher to take the place of Miss Stephenson at $350 per annum.—Carried.

The Board then adjourned.

Rev. E. A. Langfeldt, of Peterborough, will preach in St. John's church, Lakefield next Sunday.

The County Justices of the Peace, who have been appointed are Messrs. R. Graham, Sr., J. Hull, re-appointed; R. C. Strickland, Fred Lillicrap, Harry Garbutt, J. Griffin.

Miss Thompson left the village on Monday to spend a couple of weeks the guest of her sister, Mrs. Armstrong in Peterborough.

Mr. Wellington Manning, of New York, is the guest of Mr. Wm. Harper.

Miss Ethel Spence is spending a couple of weeks with friends in Toronto.

Miss Robson, of Toronto, is the guest of Mrs. J. H. Sherin.

Mr. Wm. Smith, who has been in Nicholls Hospital for the past couple of weeks was brought home Monday.

Mrs. Sam Nelson, of Peterborough, is the guest of her daughter, Mrs. Wm. Trude.

Miss Ada Watson has returned home after a pleasant visit with friends in Peterborough.

Mrs. Warren and Miss Mary, are visiting friends in Bowmanville.

The London Bioscope Company, who gave entertainments in the Town Hall here on Monday and Tuesday evenings, were well patronized and gave a delightful entertainment. The moving pictures were good subjects and very clear, while the illustrated songs rendered by Mr. Al. E. Reid, greatly pleased the audience which applauded him heartily.

NERVOUS DEBILITY CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand; the sallow, pimpled face, dark circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all losses and drains and quickly restores the patient to what nature intended—a healthy and happy man with physical, mental and nerve powers complete.

For over 25 years Drs. K. & K. have treated with the greatest success all diseases of men and women.

If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure Nervous Debility, Blood Diseases, Stricture, Varicocele, Kidney and Bladder Diseases. Consultation Free. If unable to call, write for a Question Blank for Home Treatment.

DRS. KENNEDY & KERGAN, 148 Shelby Street, Detroit, Mich.

The Latest and Best Medicine for

Women

Medicine has made great strides during the past few years. Doctors do not prescribe the same remedies now they did twenty years ago. There is something better. Dr. Hugo's Health Tablets for Women are vastly better than the remedies put on the market then, which contain none of the medical discoveries since that time.

Good, perhaps, in their day, they are now superceded in the march of medical science by something better.

Many of the most effective ingredients in Dr. Hugo's Health Tablets had not been discovered twenty-five years ago. Some of them were not discovered ten years ago.

Yet the world's best physicians are now using them in diseases of women. There is no other preparation in which they can be obtained except these tablets. That is why we term Dr. Hugo's remedy "The twentieth century preparation for women." It is up-to-date. Women cannot afford to ignore these recently discovered ingredients, which science has made possible for their relief.

It is an incontrovertible fact that these tablets, embracing as they do, all the latest and best in medicine, will change weak and diseased organs (no matter which they may be) into strong and healthy organs, when the tired feeling, nervousness, and irritability, which come from a run-down condition, will disappear.

They will take away the backache, constipation, and dragging-down pains which are symptoms of a run-down condition or some serious disorder. They will cure all menstruation or uterine troubles even when chronic. In a word, they make healthy women.

Don't think you can never be a strong, healthy woman until after you have tried these tablets. One box will prove that you can. Improvement is noticed the first week.

50c. at dealers or by mail postpaid. E. N. Robinson & Co., Coatlcook, Que.

Timely Suggestions

For Home Workers

All sorts of attractive gifts are now under way by busy home-fingers. We have some of the prettiest designs of pieces for working up by those who handle the sewing or knitting needle well, such as—

Funeral Of The Late Minister Was Imposing

Prefontaine's Body Laid in the Tomb At Montreal.

AN IMPOSING SPECTACLE

Vast Assemblage of People Crowd the Streets and Join in Spontaneous Tribute of Sympathy and Sorrow—1,000 Infantry and 50 Cavalry Accompany the Procession—Requiem Mass Sung.

Montreal, Jan. 26.—Probably the most imposing state funeral ever witnessed in Montreal, was accorded the remains of Hon. Raymond Prefontaine here yesterday morning. The heads of the state and the church, the representatives of many foreign countries, the Ottawa and Provincial Governments, Parliaments, and in short, every branch of public life in the Dominion and provincial fields, were thoroughly represented.

Despite the cold wave, that rendered great coats necessary, the procession was a very imposing one, while the requiem mass sung by Mgr. Bruchesi was a gorgeous ceremony, the church being fairly ablaze with military uniforms, robed officials of state and the superb vestments of the clergy.

A guard of 1,000 infantry and 50 cavalry accompanied the procession, which was headed by the band of the 65th Regiment playing funeral marches.

Notables Who Were Present.

The Governor-General was represented by Col. Hanbury Williams and Capt. Newton, A. D. C. The Marine Department was officially represented by Lieut.-Col. Gourdeau and many employes of the department. The Montreal Harbor Commissioners, shipping federation and pilots' corporation were present. All the members of the Dominion Cabinet were present except Hon. W. S. Fielding and Hon. Frank Oliver. They marched in a body, headed by Sir Wilfrid Laurier. Hon. R. W. Scott, about 20 Senators and over 50 members of Parliament attended. The Quebec Cabinet, headed by Premier Gouin, and nearly all the members of both the Legislative Assembly and Legislative Council, the mayors and aldermen of Montreal and Ottawa, Mayor Coatsworth and Controller Ward of Toronto, Consul-General Nosse of Japan, Major Edwards, U. S. Consul, and Mr. Kleckswoski, French Consul-General, were there.

Capt. Knowles and a detachment from the cruiser Canada marched alongside the coffin.

The Anglican church was represented by Ven. Archdeacon Norton.

Salute of 17 Guns.

The cortege left the City Hall about 9.30 and a salute of 17 guns was fired by a detachment of the Montreal Field Battery. The 65th Regiment provided the military guard of honor. The street, along which the cortege proceeded, were black with people. Long before the procession arrived every point of vantage was seized and occupied. All traffic was stopped. It was as if the whole city joined in a spontaneous tribute of sympathy and sorrow.

The service in St. James' lasted until 11 o'clock, and at noon the last chapter was enacted on the snow-covered hillside in Cote des Neiges.

Service In London.

London, Jan. 26.—A requiem mass was celebrated in the Westminster Roman Catholic Cathedral yesterday in memory of Raymond Prefontaine, the late Canadian Minister of Marine and Fisheries. The Admiralty, War Office and Colonial Office were all represented at the service. Lord Tweedmouth, First Lord of the Admiralty, personally representing the navy. Lord Strathcona and Mount Royal, the Canadian High Commissioner, and many other Canadians were present.

DEFRAUDING THE PUBLIC.

Carroll Goes For Trial—Court Disappoints Guelph.

Guelph, Jan. 26.—Edward Carroll, arrested for defrauding the public with bogus magazine bargains, was committed to stand trial on three charges of obtaining money from the public by false pretences; sending bogus cheques to The Globe and Mail and Empire; and and obtaining $20 from Guthrie Bros., Guyon, Que., by fraudulent means, operating under the name of Robert Duncan, machinist, London. A large number of letters addressed to "Elliott Bros." were opened at the Police Court as nearly all contained money. Over two hundred dollars will be returned to those who remitted.

The Grand Trunk Railway have refused to accept the order of the Railway Commission re the erection of a new passenger station in Guelph.

Morden Has Confessed.

Toronto, Jan. 25.—Morris Morden was brought from Hamilton yesterday by Detective Sockett. Morden confessed to having stolen a valise containing a quantity of jewelry, the propriety of Rev. D. M. Martin. Morden presented a diamond ring to his sister, and the sunburst to his mother. They live in Owen Sound and will return the goods at once. His uncle applied for bail, but Mr. Curry refused.

Five Years For Taberisto.

Toronto, Jan. 25.—In the Assize Court yesterday, A. R. Wilton was found guilty of obtaining goods from Ambrose Kent & Co. He pleaded guilty to the other charges. Justice Britton deferred sentence.

Dominico Taberinto was sent to the penitentiary for five years for fatally stabbing Amos Marlow.

Cedes Isle of Pines.

Washington, Jan. 25.—The Senate committee on foreign relations yesterday voted to report the treaty with Cuba, ceding the Isle of Pines to that republic. The treaty was not amended.

Six Saloons Raided.

Montreal, Jan. 25.—Six licensed saloons were raided yesterday morning in Maisonneuve by the police and eight slot gambling machines seized.

EXECUTING REVOLUTIONISTS.

Being Shot Down Without Hesitation If They Bear Arms.

St. Petersburg, Jan. 26.—A lively storm of protest is flowing in against the summary execution of revolutionists, even if caught with arms in their hands, such executions being declared contrary to all forms of Russian law.

A despatch just received reports the execution of forty-five revolutionists in one village in Livonia Sunday last, under what the despatch calls the convenient fiction that they were shot while trying to escape.

An important conference of the revolutionary organizations was concluded Wednesday in Finland after several sessions lasting for two days. The conference decided to postpone all further revolutionary operations until March, when it was hoped by the delegates that the agrarian troubles would recommence.

STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA

Pe-ru-na Cures Catarrh Wherever Located.

Pe-ru-na a Household Friend.

Pe-ru-na a Necessity in the Home.

J. B. Alexander, Publisher of the "Fruit and Floral Guide, A Magazine of Horticulture," published in Hartford City, Ind., says of Peruna:

"I was afflicted with catarrh of the throat and head for over ten years. I was treated by many physicians, but grew worse until I was seldom able to go out in cold weather.

"About one year ago I was advised to try Peruna, which I did, and I am now entirely well of the catarrh.

"Peruna is a necessity in our home. With the first symptoms of a cold we use it, and are never afflicted with catarrh.

"I advise all who are afflicted with catarrh to try Peruna. There is certainly nothing equal to it as a catarrh medicine."—J. B. Alexander.

Pe-ru-na is a Systemic Remedy.

If Peruna will cure catarrh in one place, it will cure it in any other place, because it is a systemic remedy.

Pe-ru-na Always on Hand.

Mr. Fred Schnell Lakeview, Erie Co., N. Y., writes:

"I had been a sufferer for more than thirty years with catarrh of the intestines. I had used a great deal of medicine, to no avail, so I decided to try Peruna.

"I have now used thirteen bottles and can give you the joyful tidings that I have no more trouble. I always keep Peruna on hand."—Fred. Schnell.

The people generally are very much misinformed as to the nature of catarrh.

Catarrh is usually believed to be confined to the head, nose and throat. Latterly we sometimes hear of catarrh of the stomach and catarrh of the bladder. Seldom, if ever, do we hear of catarrh of any other organs.

It is not because these organs are not subject to catarrh, nor that catarrh of these organs is not a very common disease, but simply because it is not generally known that affections of these organs may be due to catarrh.

Had Catarrh Thirty Years.—Pe-ru-na Cured Him.

Mr. Gustav M. Schmidt, Spring Valley, Ill., writes:

"I had catarrh of the head and throat for over thirty years. It became worse every year.

"About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind.

"You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."—Gustav M. Schmidt.

Dr. Hartman Makes Personal Use of Pe-ru-na.

In speaking of his own personal use of Peruna, Dr. Hartman says:

"For a number of years my professional duties have compelled me to be much on the road, traveling long distances by rail, night and day, exposed to all kinds of vicissitudes, sleeping and eating in different hotels continually, and through it all I have preserved myself from any derangement of the body resulting from catching cold.

"At the slightest evidence of a cold, a few doses of Peruna invariably checked it."

Mr. Henry Schroeder, Route 2, Napoleon, O., writes:

"I suffered for almost ten years with catarrh of the stomach and all doctoring was of no avail.

"I took nine bottles of Peruna and two of Manalin and am now entirely cured.

"I recommend the medicine to all who are afflicted with this disease. It is my household friend."—Henry Schroeder.

A Farmer's Talk to Farmers.

Before Dr. Hartman began the study of medicine he was a farmer boy. He was brought up on a farm in Southern Pennsylvania.

He belonged to that industrial, successful class of farmers known as the Pennsylvania Dutch, the best farmers in the world.

It was here that he early learned the lesson of pulling obnoxious things out by the roots.

Dr. Hartman's Method of Treating Catarrh.

Naturally, when he began the study of medicine his mind turned instinctively toward the removing of causes. He could not content himself with doctoring symptoms any more than his enterprising father could have contented himself by pulling off the tops of weeds to eradicate them from the soil.

The Doctor turned his attention early to the science of removing the cause of diseases, believing that obnoxious symptoms would disappear if the cause of the disease was removed.

In other words, Dr. Hartman applied the common sense of the practical farmer to medicine, and after much experimentation Peruna was compounded.

The sensible farmer does not think of cutting off the tops of weeds to kill them. He pulls them up by the roots.

Dr. Hartman Interested in Farming

Notwithstanding Dr. Hartman's busy professional career, he still continues to be interested in farming. He is the owner and manager of one of the largest farms in the State of Ohio, with several thousand acres of the best tilled land in the Middle West, and with hundreds of the best blooded percheron horses ever imported or raised in this country.

Dr. Hartman relies upon Peruna entirely in case of sickness in his own family.

At Work on the Farm.—Praises Pe-ru-na.

Geo. H. Thompson, Raleigh, Miss., writes:

"I have been cured of catarrh by your medicines, Peruna and Manalin. I had been affected with catarrh of the stomach about all my life, and was taken bad every spring and summer.

"I used several kinds of patent medicines, but they did me no good. I then took a treatment under an M. D., which did me but little good. By this time I had got where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything.

"I began taking your medicines, Peruna and Manalin. I then weighed 126 pounds, but after taking 27 bottles of Peruna and one bottle of Manalin, I weighed 166 pounds.

"I am now at work on the farm and feel well all of the time. I eat all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."—Geo. H. Thompson.

A reward of $10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonials are genuine; that we hold in our possession authentic letters certifying to the same.

CASTRO HEARD FROM.

Declares Charge d'Affaires, M. Taigny, Violated Diplomatic Etiquette.

Caracas, Monday, Jan. 23, via Port of Spain, Trinidad, Jan. 26.—In reply to a request sent him to-day by the Associated Press correspondent for a statement of Venezuela's attitude concerning the Franco-Venezuelan question, President Castro immediately telegraphed as follows from Maraicay:

"You can transmit to the Associated Press the following: 'Mr. Taigny, the French charge d'affaires at Caracas, not only violated diplomatic etiquette, as is proved by the fact of his presenting a protest against the Venezuelan Government when the French Cable Co. was calmed and had been almost arranged with, but the protest has brought the disagreeable situation between France and Venezuela to the point of a rupture of friendly relations.'

"Then, not content with this, he having been deprived by his Government of the diplomatic character with which he was invested in Venezuela, violated as a French citizen the laws of the Port of La Guaira by embarking on a French liner, whereupon the Venezuelan Government, in order to avoid new difficulties, and after its police had been treated contemptuously, resolved not to permit Taigny to re-land. Cipriano Castro."

RADOWITZ AND REVOIL.

Moroccan Conference Optomistic Over French and German Chances.

Algeciras, Jan. 26.—Spain at yesterday's session of the Moroccan conference presented the draft of a convention providing for a better return of taxation in Morocco, and also for the creation of new revenues. The conference, after some discussion, expressed the opinion that nothing should be proposed for Morocco which may modify the basis of the present organization of that country, or be in contradiction with the habits of the Moroccan people regarding land taxation.

Herr Van Radowitz, head of the German mission, and M. Revoil, chief of the French delegation to the Moroccan conference, had yesterday for the first time a lengthy private meeting which was much commented upon as a move forward in the adjustment of the Franco-German difference. Although the results were not disclosed the meeting produced a distinct feeling of optimism among the delegates.

Some of the ambassadors have expressed the opinion that these direct Franco-German exchanges might contribute to averting a crisis in the conference.

DEATH OF JUDGE LAZIER.

Pneumonia Carries Off Senior Judge of Hastings County.

Belleville, Jan. 26.—Thomas Appleby Lazier, senior judge of Hastings County, died yesterday afternoon. He had been ill with pneumonia for about a week, but was thought to be growing better. His age, however, was against him.

He was born in Tyendinaga Township, Hastings County, in July, 1826, and was nearly 80 years of age. He was called to the bar in 1864, and appointed junior judge of the County of Hastings in 1872, and senior judge in 1887. The late Judge Lazier married, in 1853, Miss Frances E. Hankel, daughter of Rev. J. S. Hankel of Char-lottesville, Va. His widow survives, also one son, Stewart, a Queen's College student, and one daughter, Miss Rose.

The late judge was a Presbyterian and a Conservative.

Breach of Alien Labor Law.

Toronto, Jan. 26.—A fine of $50 without costs was yesterday morning imposed upon H. Holman Evans, manager of the Union Life Insurance Co. for a breach of the alien labor act. John Alfred Fookes, whose home is in Boston, said that he answered an advertisement inserted in The Boston Sunday Globe by the Union Life Insurance Co. for a first-class French-Canadian canvasser. He arranged to meet Mr. Evans at a hotel there, and an agreement was closed whereby he was to come to Toronto and work at a salary of $15 and a commission.

Gave His Life For Two Boys.

Boston, Jan. 26.—After arousing the other inmates of a burning building William A. Carey lost his life in South Boston late Wednesday night. He discovered the flames in his apartment on the second floor of a three storey wooden building on Fifth street, and rushed to the third floor, where he warned two boys named Courtney. The boys escaped, but after the flames were extinguished, the firemen found Carey's body in the boys' room.

NO ONE WHO HAS EVER SEEN OR HEARD THE HELPLESS CHOKING OF A CONSUMPTIVE CAN THINK LIGHTLY OF A COUGH

A single dose of Dr. Wood's Norway Pine Syrup will convince you that it will stop the cough, sooth the throat, and start you on the road to recovery.

DR. WOOD'S NORWAY PINE SYRUP

is rich in the lung-healing virtues of the Norway pine tree, skilfully combined with Wild Cherry Bark and the soothing and expectorant properties of other pectoral herbs and barks. It is a pleasant, safe and effectual medicine for Coughs and Colds, Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

Be sure and do not accept a substitute for Dr. Wood's Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cts.

HAS NO EQUAL

"I had a very bad cold which settled on my lungs. I tried many remedies but could get no relief. On the advice of a friend I procured a bottle of Dr. Wood's Norway Pine Syrup. Before the bottle was half finished I had not the slightest trace of a cough, and in my opinion Dr. Wood's Norway Pine Syrup has no equal as a cure for coughs, colds, or any affection of the throat and lungs.

J. J. Molleus, Woodbine, N.S.

FRENCH DELEGATES REALIZE.

Neutral Powers Lean Backward For Disinterested Equality.

Algeciras, Jan. 25.—The Moroccan conference, at its session yesterday, accepted all the articles of the report of the committee on contraband, relating to the prevention of the trade in contraband arms, and passed to the consideration of economic questions.

The confidential exchange now going on among the representatives of the powers in the Moroccan conference discloses the extreme difficulty of arranging an agreement that both France and Germany would accept.

The French delegates appear to realize that the current of the conference is against them, because neutral powers, such as the United States, lean toward the idea of disinterested equality rather than towards France's special geographical and historical paramountcy.

Waterloo Veteran Dead.

Detroit, Jan. 25.—Joseph Jaszemhowsky is dead here, at the age of 115 years. He fought under Napoleon at Waterloo.

WARSAW ELOPERS.

14-Year-Old Girl and Her Abductor Caught at St. Catharines.

St. Catharines, Jan. 25.—A few days ago Chief Parnell received word from Warsaw, N. Y., of the abduction of a girl, Susan McCulligan, by Floyd E. Eveningham. Yesterday Sheriff French of Warsaw and the assistant chief of Warsaw Springs, arrived here, having traced the pair in their flight.

The man was found at the Internation Hotel, where he had been at work for the past week. He realized what was wanted when he saw the officers and at once took the sheriff to the Broadway Block on St. Paul street, where he and the girl were living.

Eveningham is 25 years of age. The girl is 14, and is a sister of the man's wife, who has lived with him from the time of their marriage, some few years ago, until the elopement.

The man and girl were as bold as had ever appeared in the Police Court, and seemed to take the matter as a joke and waived extradition proceedings.

Sixteen Bodies Recovered.

Haverstraw, N. Y., Jan. 24.—Up to yesterday 16 bodies have been recovered from the landslide, leaving those of Mr. and Mrs. Mannion and Joseph Albert to be found. This makes the total loss of life by the disaster 19. All the others missing have been accounted for.

Drinks Carbolic Acid In Mistake.

Underwood, Jan. 24.—Early Monday morning Mrs. Jane Ralston, an old lady of 89 years took carbolic acid in mistake for cough medicine, with the result that she died an hour later.

Nationalize the Harbors.

Winnipeg, Jan. 25.—J. A. Ashdown, millionaire hardware man of the firm of J. H. Ashdown & Co., gave a comprehensive address before the Canadian Club yesterday afternoon, on the Dominion's transportation problems. He urged the necessity of nationalizing the harbors of Fort William, Port Arthur, Depot Harbor and Midland, and came out in favor of Government ownership of railways.

PEACE, SAYS MATOS.

Former Adversary of Castro Certain Arrangement With France Is Near.

Paris, Jan. 25.—Gen. Matos, the former adversary of President Castro, in the course of an interview published here yesterday, expressed the opinion that serious complications would not ensue from the present difficulties between France and Venezuela. He considered that President Castro has done great work for the pacification of Venezuela and held the complete confidence of the people, which would be strengthened if the country was persuaded that there was no possibility of a conflict with France. Matos believes that with the assistance of the United States war will be avoided. In case of hostilities, the general asserted, Venezuela could mobilize 100,000 men, but he was certain that an arrangement was near at hand.

TRAIN KILLS WORKMAN.

In Going Home From Work, Alex. Wilson Meets Instant Death.

Brockville, Jan. 25.—A few minutes after quitting work last evening in the Canada Carriage Co., an employe, Alex. Wilson, about 60 years of age, was instantly killed by either a train or light engine on the Grand Trunk Railway, across which Wilson had to pass to go home.

No one witnessed the accident, and the body was found by some fellow workmen, who followed Wilson out. His head was terribly crushed, and minor injuries inflicted on the body.

Wilson was an Irishman by birth, who lived nearly his entire life in Brockville. He was a stone mason by trade and married.

The matter will be the subject of a coroner's inquest.

Died From Exposure.

Wellandport, Jan. 25.—The unfortunate woman who was found about three miles north of this place on Sunday was buried in the cemetery here yesterday, according to the orders of the coroner, he having come to the conclusion that the deceased was not the victim of any foul play, but came to her death through disease and exposure. She is believed to be the wife of one Frank Hannigan, and her maiden name was Clara Sider of the Township of Wainfleet, Welland County.

Successor to Throne.

Pekin, Jan. 25.—Since Prince Tuans' son was dismissed on account of his father's complicity in the "Boxer" disturbances, there has been no heir to the throne. The Dowager Empress therefore has ordered all eligible princes to be presented on the Chinese new year, and from these she will select three or four who will be kept in the palace for a year or two. From these princes the Emperor's successor will be nominated.

Three Prizes $30.00 Each

TO BE GIVEN BY THE

ORANGE MEAT COMPANY

Open to all persons who use ORANGE MEAT.
Put on your thinking cap and earn one or all of these prizes.
THE FRONTENAC CEREAL CO., of Kingston, Ontario, manufacturers of ORANGE MEAT, Canada's choicest cereal, offer three prizes of $10.00 each to any party who will furnish them with a suitable name that they will accept and adopt for

AT DRUGGISTS, 25C AND 50C A BOTTLE

CAMP SITE

Ontario Government Wants to Vary Agreement re. Petawewa.

Ottawa, Jan. 26.—The militia department is expressing annoyance at what they are pleased to term an attempt at sharp practice on the part of the Ontario Government.

About two years ago the Dominion Government sought a location for a training camp site. The Ross Government offered a site at Petawawa, on the Ottawa River, with such part of it as was owned by the Crown, as a gift. On this understanding the authorities accepted it in preference to a site similarly offered by the Quebec Government. Settlers at Petawawa were paid off, but now, it is said, the Whitney Government, before agreeing to hand over the property, wants the military property at Niagara in exchange. This property, it was intended to sell, and to devote the proceeds to the purchase of a camp ground around Lake Simcoe.

Flood Like a Waterspout.

Weston, W. V., Jan. 25.—A heavy wind and rainstorm, resembling a waterspout and causing damage to property that will reach several hundred thousand dollars, passed over the southeastern portion of this state Tuesday, flooding Cherry Holly and Elk Rivers, and carrying away bridges, houses and many million feet of valuable timber. Over 12 miles of the Holly River and Addison Railroad was completely washed away between Herly Junction and Webster Springs.

BABY'S TONGUE TELLS

Little tongues that cannot talk tell mothers just as plainly that their owners are not well. When baby's tongue is white, or coated, or yellow, especially towards the root, it is a sign of stomach trouble, indigestion, cold or feverishness. Baby's Own Tablets act like magic in curing these and the other minor ills of babyhood and childhood. They are as good for the new born baby as for the well-grown child. Absolutely safe and absolutely harmless. Mrs. C. F. Kerr, Elgin, Ont., says: "Baby's Own Tablets are the best medicine I have ever used for stomach and bowel troubles and for destroying worms. I could hardly feel safe without the Tablets in the house." Sold by all medicine dealers, or by mail at 25c a box, by writing the Dr. Williams Medicine Company, Brockville, Ont.

The Office Dignified.

A Greek named Epaminondas was condemned by his enemies to fill an office much beneath him, which consisted in cleaning the streets and clearing away refuse. He declared that he would make them see that not only does the task show what the man is, but also the man shows what the task is, and he raised the office to a great dignity, teaching that no honest work need degrade the worker, but an honest worker can dignify the work.

True Courage.

True courage is cool and calm. The bravest of men have the least of a brutal, bullying insolence and in the very time of danger are found the most serene, pleasant and free. Rage, we know, can make a coward forget himself and fight, but what is done in fury and anger can never be placed to the account of courage.—Lord Shaftesbury.

Keeping Out of Danger.

Lady Frederick Cavendish once told a story in illustration of the prevailing ignorance in certain classes in England. A poor woman in discussing the propriety of washing her child's head said: "I know better than to do that. I've heard enough of water on the brain."

Retaliation.

Mrs. Jawback—Just like a man! The idea of losing your temper and swearing at your razor because it's dull! Mr. Jawback—Well, I've got a right to. Didn't the razor lose its temper first?

HOTEL EMPLOYEES.

Wages of Women Workers in the Big New York Establishments.

Employees in the linen room receive $20 a month, with room and board, and their hours are well regulated, in most of the large hotels. The parlor maid or maids come next on the salary list with $18, room and board, and the tips often bring this sum up to $30 or even $50. The maid's duties are to keep the parlor swept and dusted and herself tidy and ready to attend the women guests who desire her services. The chambermaids, bathroom girls, paint cleaners and scrub women, of whom every hotel employs a small army, receive $12 each. The work of the last two named is distinctly different. A scrub woman would not think of cleaning paint, and a paint cleaner would feel that she was demeaning herself in scrubbing the floor. Throughout the house the question of social distinction is argued, the maids feeling above the bathroom girls, the parlor maid above the other maids and the linen room girls above the parlor maid, and so on. Human nature is much the same the world over. In the parlance of hotel employees, scrub women are known as "soubrettes," the chambermaids as "the chorus," while the parlor maids are called "show girls." The "soubrettes" begin their work at 1 o'clock in the morning and do not finish until about 5. They scrub the floors and go throughout the house with soap and hot water. In one big New York hotel the employees are permitted to enter the help's dining hall at any time of the morning or afternoon between regular meals and have a cup of tea and a light lunch—a system which has much to do with the contentment reigning among the employees of this establishment. The cost is only a trifle, and, although the plan has been in operation for some time, those who enjoy its advantages do not abuse it.

HUMAN DISSECTION.

Surgery and the Anatomists In the Olden Days.

For a long time Alexandria was the only medical center of the world, and the physician Galen, born about 130 A. D., had to journey from Rome to the African city even to see a skeleton. He sent his students to the German battlefields to dissect the bodies of the national enemies, while he himself used apes as most resembling human beings. Human dissection was revived in Bologna in the fourteenth century, where Madonna Mansolina later was professor of anatomy, undoubtedly one of the first women doctors, if not the very first. Leonardo da Vinci, painter of "The Last Supper," was a great anatomist, but dissection had fallen into disuse when Vesalius finally revived it about the middle of the sixteenth century.

Even in comparatively modern times anatomists have been the object of attacks by the populace. In 1765 Dr. John Shippen of Philadelphia was mobbed as grave robber. Doctors' riots in New York occurred twenty-three years later and were due to the belief that the medical students robbed graves continually. It was the lack of opportunity to obtain subjects regularly that led to the practice of grave robbing and originated what Dr. Keene calls "a set of the lowest possible villains—the resurrectionists."

Merry to the Last.

It was the 21st of April, 1821. Dr. I. P. Frank, the eminent governor of the University hospital, Vienna, lay on his deathbed and was expected every moment to pass away. Once more the eight leading medical men of the capital gathered round his couch. All at once the patient burst out laughing.

"What is it that tickles your fancy?" his friends inquired.

"A story has just come into my mind," was the reply. "On the battlefield of Wagram lay a French soldier and counted his wounds. 'Sacre bleu!' he exclaimed. 'It takes eight bullets to kill a French grenadier.' Gentlemen, there are eight of you too." Thus he spoke and expired in a fit of laughter.

A Safe Opening.

"It does not follow that a safe opening is necessarily a secure sort of business," muttered the burglar as he began his drilling, "especially as one has to do so much blowing about it."

Welcome Trouble.

Miss Newitt—May's in trouble. She's had proposals from two men and can't choose between them. Miss Passay—Heavens! And does she call that trouble?

A spot is most seen on the finest cloth.—German Proverb.

Fruit Cures Constipation

"Fruit-a-tives" cure Constipation because they are made of fruit.

Constipation comes from just one cause—lack of bile. It is the bile—flowing into the intestines—that causes the bowels to move. More bile is the only thing that can cure Chronic Constipation.

Fruit acts directly on the liver. It stimulates and strengthens the millions of tiny liver cells—causes more bile to be made—and makes the liver give up more bile to the bowels.

MRS. KATE KURTZ, Dunnville, Ont., writes stating that for years constipation was her trouble, and says:—"I have used "Fruit-a-tives" with great benefit, and they are a grand medicine for constipation and other stomach trouble. I would not care to be without them in the house, they are so good."

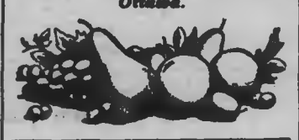
Cathartics, pills, salts, aperient waters don't reach the liver. They merely irritate the bowels and make the bowels move by irritating the lining membrane. Constipation is made worst by such drugs.

Fruit-a-tives or Fruit Liver Tablets.

contain no calomel, cascara, senna or other bowel irritants. They are concentrated fruit juices, combined and made more active medicinally by our process of uniting them. "Fruit-a-tives" are a liver tonic. They tone up and stimulate the liver—and cause the liver to secrete more bile. This means a healthy bowel action and a permanent cure for Constipation, Biliouaness and kindred troubles.

All druggists should have them. Sent prepaid on receipt of price—50c. a box or 6 boxes for $2.50—by

Fruit-a-tives Limited, Ottawa.



AN ILLUSION DISPELLED.

The Oneidas Indians' Gift to the King Sent Back.

Sentimental persons will be touched by an incident that is reported from St. Thomas. The squaws of the Oneida Indians got an idea a couple of years ago and began to put it into effect. They set to work making two quilts, the finest they could design, the best their eager fingers could put together. They worked on these two quilts for a whole year, for they were to be devoted to a grand purpose—they were to be a gift from the Oneidas to the great King of England. When at last the work was done the precious quilts were laid before the chief of the Oneidas, Chief Ninham, who undertook to send them with a suitable message to King Edward.

This was done. Then weeks and months slipped away, and no word came from the great King, who had been so loyally served by his people the Oneidas. They waited expectantly to hear of the pleasure they had caused His Majesty and of his admiration for the skill and industry of which the carefully made quilts were the evidence.

A few days ago the chief of the Oneidas was thrilled by the receipt of the long-looked-for letter. He opened it. It was from His Majesty's private secretary. It formally stated that owing to the rules laid down with regard to offerings from individuals the King could not accept the quilts sent, and they were being returned. They came. They are back where they started from, to remind those who made them of a year's lost labor, and, more than that, of the Oneidas' lost illusion.

A rule is a rule and a secretary is a secretary, but in this case he would have been a wise secretary who had laid this special case under the notice of King Edward himself for his own decision, says The Toronto Star. The tact for which His Majesty is noted would probably have been exercised. Nor was this case one that came under the ordinary rules. The Indian tribes of Canada are allies of the King—not subjects. Call this a fiction if you will, but it is one that has had circumspect recognition from the first in all relations between the throne and our aboriginal people. The Oneidas are allied to the throne by treaty. More than that, in this city the people have come from far and near to view the vast collections of presents made to Queen Victoria and King Edward by princes and potentates of India. Why should the gift of the chief of the Oneidas be unable to get past the palisade of secretaries?

Reassured.

"You haven't married me just to spite somebody else, have you?" she asked, looking anxiously up into his honest blue eyes.

"No, dear," he absentmindedly replied. "I took you for your money alone."—Chicago Record-Herald.

Two Loves.

"But, Emma, how can you prefer the plain and shabbily dressed Julius to my elegant and handsome brother?"

"That is quite simple. Your brother is in love with himself, and Julius with me."

THE WORTH OF TOIL.

The noblest men I know on earth
Are men whose hands are brown with toil;
Who, backed by no ancestral graves,
Hew down the woods and till the soil
And win thereby a prouder fame
Than follows king's or warrior's name.

The workingmen, whate'er their task—
To carve the stone or bear the hod—
They wear upon their honest brows
The royal seal and signet of God,
And brighter are their drops of sweat
Than diamonds in a coronet.

God bless the noble workingmen,
Who rear the cities of the plain,
Who dig the mines and build the ships
And drive the commerce of the main.
God bless them, for their swarthy hands
Have wrought the glory of our lands!

—Technical World.

MAN-HUNTING WOLVES.

The Animals More Numerous and Daring in Canada Than Ever Before.

Wolves have increased to an alarming extent in the hunting districts of Canada. Hitherto it has been considered safe in the early autumn to lie down and sleep wherever the night might overtake one. But two young fellows who wanted to shirk a long walk to camp and went to sleep beside a deer path have learned a different lesson.

It was a dark and windy but warm night, and they did not start a fire. They were awakened early in the night by the onset of three wolves, which seized one by the leg and the other by the shoulder with sufficient force to bring the blood.

Their shouts and struggles seemed to shock the brutes, whose grip relaxed so that they were able to shake themselves free. The cooler of the two was able to seize his rifle, and this he fired from his hip in the direction of the assailants. From the fact that what looked like spots of blood were discovered on a flat rock near by next morning the young men judge that the shot reached one of the wolves. But at the time they were amazed at the stillness which succeeded the report. Not a rustle or the snap of a twig could they hear, yet when a white birch was touched with a match and a shaft of fire shot up the trunk there was not a sign of a wolf.

It is feared that the same good fortune has not attended a young man supposed to have come from the Western States somewhere, who went to the woods with Eli Baudette last month, says a Hull despatch. He was a tall fellow of twenty or twenty-one, was well supplied with money and gave the guide only his Christian name, Frank.

It was his first visit to the Canadian woods. Baudette refused to do any jacking or night hunting of any description for the first week of the trip, and one morning when he sat up he found himself alone in the little teante. His charge had taken his rifle and cartridges and set out alone, probably hours before. He has not been seen since.

The young man had a compass and knew how to use it. Old Baudette had told him what to do in case he should lose himself. Game is plentiful, and the cartridge vest he carried was well filled. There are no dangerous streams to cross nor bad bog holes.

That wolves are numerous in that part of the country some men who joined the search for the missing man realized when they were crouching under cover beside a lake, waiting for a swimming deer to land. As she came near it was noticed that a strong young one was swimming alongside, its little head sometimes resting on its mother's neck. Gaining rapidly upon them as they plunged forward were five wolves, two of them only half grown.

Didn't Know He Was Missing.

Perth, Jan. 24.—The body of John Maclaren, who left his home in Dalhousie Nov. 29, to visit his brother in Burgess, eight miles away, was found in a swamp, one-half mile from that place, yesterday. Through neglect and delay in correspondence, it was not until a week ago that his relatives realized that he was missing. He was 76 years of age.

Three Vessels Ashore.

Bristol, Eng., Jan. 24.—Three vessels, the Bristol liner Exeter City, from New York; the British steamer Trevioland and the British steamer Faithful ran ashore in a bunch in the River Avon yesterday during a dense fog. They remain fast, but are in no immediate danger.

TERRIBLE PAINS ACROSS BACK

SUFFERED EIGHT MONTHS WITH KIDNEY TROUBLE. WOULD HAVE TO STAY IN BED FOR THREE DAYS AT A TIME

Doan's Kidney Pills CURED HIM

Mr. Thomas Fitzgerald, Hazeldean, Ont., writes us as follows: "I was a great sufferer from kidney trouble for eight months. I had terrible pains across the small of my back. I would have to stay in bed for three days at a time and could not do my work. I tried several remedies but of no avail, and also plasters but they were of no use.

One day a neighbor of mine advised me to try Doan's Kidney Pills. I was so much discouraged I told him I was tired of trying remedies, but he urged me to try one box so I purchased one, and before I was through using it, I found a change for the better so I got five boxes more, and I have had no trouble with my kidneys since. I would not be without Doan's Pills in my house."

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are a never-failing cure for all forms of kidney trouble. They quickly relieve the congested, overworked kidneys and gradually bring them back to health.

Doan's Kidney Pills 50 cents per box, three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

THE old-time miller did not concern himself much about the quality or purity of his flour.

He simply ground the wheat.

You would refuse to use his product to-day. The results would not satisfy you. You have advanced.

Yet it is possible that your advance has not kept pace with the advance in milling methods.

You may demand a better flour than your mother did and yet be satisfied with something inferior to what it is possible for you to get.

If you are not using

Royal Household Flour

you are not getting the best that improved milling has to offer.

Ogilvie's Royal Household is as much superior to ordinary flours as *they* are superior to the crude, coarse product of olden times.

Royal Household is made entirely from hard, spring wheat, ground by the latest and most improved method, and purified and vitalized by electricity—a process that is conceded by all millers to be the only method of producing absolute purity, and one that is used by no other mill in Canada.

Your grocer has it in stock.

Ogilvie Flour Mills Co., Limited
Montreal.

52

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never published before. Your grocer can tell you how to get it FREE.

Red, White, Green Seas.

The colors of pure ocean water and the varying shades observed where impurities are met with are diversified by the coloring effects of the enormous multitudes of various forms of organized life which sometimes mask the natural color of the surface of the sea and tinge extensive areas with remarkable colors. Red appears to be most frequently met with. In the southern parts of the Red sea and in the Arabian gulf large areas are colored blood red by microscopic animalculae, and in the Indian ocean similar forms of life cause, in addition to red, milk white or yellow spots of great extent, the appearance of which is frequently alarming to the ignorant sailor. Off the Guinea coast ships sometimes appear to float in milk. Extensive red streaks are also known to occur in the south Atlantic and south Pacific, which are caused by hosts of small red crustacea. The "Vermilion sea" of California owes its brilliant color to infusoria. Areas colored green have been noted, especially in the arctic regions, which are due to myriads of diatoms, and in some portions of the antarctic seas diatoms of rusty color make the water a dirty brown.

How General Butler Lost a Horse.

While in front of Petersburg General Butler received information that his favorite horse, Almond Eye, had been accidentally killed by falling into a ravine. Upon the departure of this informant he ordered an Irish servant to go and skin him.

"What, is Almond Eye dead?" asked Pat.

"What's that to you? Do as I bid you and ask no questions."

Pat went about his business and in an hour or two returned.

"Well, Pat, where have you been all this time?" sternly demanded the general.

"Skinning the horse, yer honor."

"Does it take nearly two hours to perform such an operation?"

"No, yer honor, but then, you see, it tuck bout half an hour to catch him," replied Pat.

General Butler cast upon his servant such a ferocious look that Pat thought he meditated skinning an Irishman in revenge for the death of his horse.

Value of Butterflies.

When our juniors see the common white cabbage and sulphur wing butterflies or even the superb Monarch and gorgeous Ajax swallowtails flitting through the fields or at times city streets they perhaps never give thought to the fact that butterflies may be of commercial value. But such is the case. Some of our domestic butterflies on account of rarity more than many command prices from one to several dollars, which collectors gladly pay to insure the completeness of their cabinets. Big prices are paid for some of the magnificent butterflies of the morpho and papilio genera, which are rainbow hued in colors and span five feet in wings. These flourish in tropical countries, and it is often necessary for museums to send out special expeditions for them. They range from $10 to $100 in value.

Smallpox in Sombra.

Sarnia, Jan. 26.—Smallpox has broken out in school section No. 17, Sombra. Three cases are reported. The school is closed and pupils are quarantined.

Drinks Aconite by Mistake.

Port Francis, Jan. 26.—An Italian laborer named Czovery was poisoned by drinking aconite in mistake here Wednesday evening. He died four hours later.

AN EXHIBITION WORTH SEEING

Is our stock of meat products. We make about everything any man or woman wants in that line, and we declare with all due modesty that nothing of it all deserves to be placed in class 2—it's all worthy to rank in the highest section. Oddly enough we don't charge extra prices, and while we give fixed log out the choicest goods in the market we want to serve you and will be pleased to what we have to offer.

KENNEDY'S
MEAT MARKET

WHY CAN'T I EAT LIKE OTHER MEN DO?

WHY?—BECAUSE YOU'RE A SLAVE TO DYSPEPSIA—INDIGESTION—OR OTHER STOMACH DERANGEMENTS THAT ONLY CAN BE REACHED AND CURED BY SUCH A TRIED AND TRUE REMEDY AS

Dr. VonStan's Pine-apple Tablets

RELIEF IN ONE DAY

Ask half the men or women who have stomach troubles, why it is so and they will tell you that they have to live in such a constant hurry that they have no time to keep well,—if the great army of stomach troubled people would take Dr. Von Stan's Pine-apple Tablets as a traveling companion, from a health stand point, life would be all sunshine,—they are a veritable vest pocket doctor,—they act directly on the digestive organs,—a pure fruit pepsin that is pleasant to take,—powerful in the work it does,—but as harmless as milk,—helps all the stomach distresses immediately and will give good relief to the most acute cases in one day.—You go about your business,—eat hearty meals,—take all the pleasures as they come, and as you do so the Doctor plays his part and works permanent cures.

Chamberlain's

Cough Remedy

The Children's Favorite
—OURES—
Coughs, Colds, Croup and Whooping Cough.

This remedy is famous for the cures over a large part of the civilized world. It can always be depended upon. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult
Price 25 cts; Large Size, 50 cts.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers stamp because your dealer tells you it's just as good.

1847 TRADE MARK ROGERS BROS.

The above trade mark has been stamped on every article of the original and genuine Rogers Bros. goods for over 50 years. Get this and you get the best that is made.

EX-AMBASSADOR DIES.

Rt. Hon. Sir Edward Thornton Passes Away at 89 Years.

London, Jan. 27.—Sir Edward Thornton, the former British Minister at Washington, died in London yesterday afternoon after a lengthy illness.

Right Hon. Sir Edward Thornton, G. C. B., and Count de Casallas of the Kingdom of Portugal, a title conferred on his father by King John VI., was born July 13, 1817. He entered the diplomatic service in 1842, as an attache at Turin, went to Mexico in 1845, and was Secretary of the Legation there in 1851. After special service on the River Plate, and in New Granada, Uruguay, the Argentine and Brazil, he became envoy and Minister to Portugal, and in 1867 he succeeded Hon. Sir Frederick Bruce at Washington. He was sworn of the Privy Council in 1871, and appointed Ambassador to St. Petersburg in May, 1881, and to Constantinople in December, 1884. He retired twenty years ago.

A Grand Medicine for the Kidneys.

Don't suffer—don't experiment—don't waste money on unknown, untried remedies. There is one quick cure—one certain cure—one cure that everybody knows does cure Kidney Trouble. That's Gin Pills.

"I have been a sufferer with Kidney Trouble for years. Have tried medicines and doctors' prescriptions, but could get no permanent relief, my case being pronounced chronic. As it is generally known that the properties of gin without the alcohol is good for the kidneys, I decided to try Gin Pills, but must admit with very little faith. From the very first pill I got relief, and have since taken nearly four boxes and am COMPLETELY CURED, but am going to continue them a while longer. No dull, sickening pains in the back—no low spirits—an increasing in weight—and more vim and vigor than I have had for years—is what Gin Pills have done for me.

"H. P. HEBERT, Ottawa."

Be well and strong. Be free of pain. Be able to enjoy all the good things of life, with all your old-time vigor and enthusiasm. Gin Pills will cure those sick kidneys. Start now—to-day—and see how much better you feel to-morrow. 50c box—6 boxes for $2.50—and your money back if they don't cure.

Special offer: If you send us your name and address and tell us the name of the paper in which you read this we will send you a trial box absolutely free and post prepaid. Write today and get the medicine that cures.

FOUGHT REGULAR BATTLE.

Caucasus Revolutionists Prove Able to Keep Russian Troops Moving —Relaxing Repression.

St. Petersburg, Jan. 27.—Railroad communication with the Caucasus generally has been restored. The revolutionists of Guria and Mingrelia are retiring to the mountains, obstinately resisting the advance of the troops. The revolutionists who were driven from Kwirila rallied Thursday and fought a regular battle, advancing on the troops. Other severe encounters are reported. Several towns besides Kwirila are in flames.

A revolution has broken out in Northern Caucasus. The mountaineers around Ekaterinorar have risen and are making frequent forays. A large detachment of Cossacks have been sent to restore order.

Advices from Tkaterinoslav, South Russia, say that the inhabitants of several villages in that vicinity have been rioting and engaging in various excesses, making it necessary to employ artillery to subdue them.

Government is Relaxing.

The Government has been relaxing its repressive measures since Jan. 23. Many of the persons arrested have been released and the right of assembly will be restored.

According to advices received here, a mutiny has again broken out at Vladivostock. No details are available, the censorship being operative over press and private telegrams. But a report that Gen. Selvinoff, the commander of the army corps here, has been wounded is confirmed.

The War Department officials are unable to give particulars of the seriousness of the mutiny, which is due to the reserve men, who are thoroughly undisciplined, and are clamoring for their immediate transportation home, though the Government has given them precedence over the trans-Siberian Railroad, in addition to chartering all the available steamers.

Killed Wrong Man.

St. Petersburg, Jan. 27.—Col. Prosorovski, chief of the gendarmerie at Pensa, East Russia, has been informed by the local revolutionary organization that the recent murder of Col. Lissovski, commanding the 78th Infantry division, by members of the organization was a blunder. He had been mistaken for Col. Prosorovski, and the organization has now notified the latter that the error will shortly be rectified.

COMPARISONS.

Dr. Torrey Says That Is Not the Way to Reach Confidence Before God's Throne.

Toronto, Jan. 27.—At a Torrey and Alexander women's meeting at 4 p. m. yesterday there were over three score professions of faith. It was followed by one given over to men. He gave an address along like lines at both meetings.

Dr. Torrey gave a good deal of attention to the tendency of man to justify his own conduct by comparison with that of others.

"Some people always talk about others' badness and others about the badness of others," he charged, adding: "The first class are trusting their own goodness; the second class are trusting to others' badness."

It was a poor sort of a conscience that was satisfied with the fact that one was as good as many other people, the speaker averred. Dr. Torrey said if he were shown a man who said that other men were immoral, he would be shown a man "rotten to the core." If a man thought that other men were impure—

"I am that man," interrupted a voice from the gallery.

"Then I don't doubt you're rotten," came the instant retort.

Would such reasoning stand the test of judgment day? Would it satisfy the conscience to believe one could live as he pleased because God was too good to damn anyone?

Dr. Torrey said he had met many scholarly men who were believers in universal salvation, "but," he declared, "I have yet to meet the first man who was made the better for it. Many people simply made universalism the excuse for leading a wicked life."

In the afternoon Dr. Torrey continued his series of addresses on the Baptism of the Holy Spirit.

INVITE THEMSELVES.

Yankee Editors Coming to Write Up Our Cities.

Toronto, Jan. 27.—Notifications from the National Educational Association of United States were received yesterday at the City Hall, the Board of Trade and the Canadian Manufacturers' Association, informing them that this association would visit Canada in the spring, and asking that the city, the Board of Trade and the C. M. A. entertain them when in the city in return for extensive editorial writing on pertinent subjects in Canadian cities.

Starting on June 24 with about 400 members they will represent newspapers in every state in the Union.

The party will visit Detroit, Chicago, and running through Eastern Canada will visit Toronto, Ottawa, Kingston, Montreal, Quebec, and all other points on the route where arrangements can be made.

Sails Under Sealed Orders.

Halifax, N. S., Jan. 27.—Capt. Marks and the officers of the battleship Dominion, who hurried back from Montreal owing to the receipt of a cablegram from the Admiralty, reached here Thursday night by special train. The contents of the cablegram have not been made known. The battleship sails this morning under sealed orders.

TIMBER PRICES INCREASE.

Georgian Bay Limit in Three Years Appreciates $250,000 in Value.

Detroit, Mich., Jan. 27.—The marvelous advance in timber prices of recent years is strikingly illustrated in a deal which was closed yesterday for the transfer of timber berth 169, in the Georgian Bay district.

F. W. Gilchrist of Alpena, Mich., sold the timber to E. B. Foss of Bay City for $450,000. The tract contains upwards of 100,000,000 feet of white pine.

This identical tract was in the market three years ago at $200,000. In that short space of time it has more than doubled in value.

Foss, it is said, will be able to make a handsome profit before he lets go of the timber.

Wants Ontario to Refund.

Ottawa, Jan. 27.—Justice Burbidge will hear a case in Toronto on the 31st between the Province of Ontario and the Dominion. In 1872 the Dominion arranged with the Indians, near Fort William for a large tract of land. The Dominion agreed to make money allowances on account of which the sum of $1,372,000 has been paid. After this treaty was made the Northwest Angle treaty changed the boundary and the land was given to Ontario. The Dominion wants the province to carry out the terms of the treaty with the Indians and refund what the Dominion has paid.

Samaria Stopped His Drinking

A London Lady cures her husband permanently of the drink habit and without his knowledge.

"How glad I am that I overcame my hesitation about writing you for a Free Sample of Samaria. At that time my husband was drinking very hard, and I was in despair. The effect of your treatment was immediate, and now our home is entirely free from the Drink Curse. I gave my husband the tablets in his tea, and he never knew. As the taste for liquor left him, his general health improved and is now splendid—many, many thanks. I will be glad if you will tell others of my experience.

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada.
Also for sale by H. S. Macdonald.

Big Mining Merger.

Montreal, Jan. 27.—Arrangements were completed yesterday morning for the most important mining consolidation that has ever taken place in the history of Canada's mineral development, including all the old Gooderham-British Columbia interests (acquired by the C. P. R.), the C. P. R. Trail Smelter properties and other mining interests in British Columbia. The capital stock of the new concern, which will be known as the Canadian Consolidated Mines, Limited, is $5,500,000 divided into one hundred dollar shares. It is expected that all details of the new consolidation will be completed within three weeks.

Manitoba Conservatives Meet.

Carberry, Man., Jan. 27.—The first provincial Conservative convention representing all party organizations in Manitoba, opened at Carberry yesterday. In the afternoon Hugh John Macdonald, president, gave an address on the present condition of the party and the outlook for the future.

Walton Goes Down.

Toronto, Jan. 27.—Judge Britton yesterday imposed a sentence of nine months in the Central prison on A. E. Walton, who victimized several firms and also got a letter of introduction from Senator Cox.

East Peterboro' Agricultural Society Meets

Annual Meeting of Organization Held at Norwood--Reports Received Were of Encouraging and Creditable Nature -- Mr. Birdsall is Again President--The Secretary Retires--Other Interesting News Notes.

LAST MEETING FARMERS' INSTITUTE

Special to The Examiner.

Norwood, Jan. 23. — Rev. G. A. MacLennan preached anniversary sermons in the Presbyterian church, at Warkworth on Sunday. Rev. Mr. McFarlane of Warkworth, occupied the pulpit here.

Miss Beatrice Tucker has returned from Peterborough, where she has been visiting with friends.

Rev. J. P. Wilson of Belleville was in Norwood on Monday.

Mrs. Jas. Wason is visiting her brother, Dr. Stephenson at Trenton.

Mr. P. W. Stevenson spent a couple of days in Toronto last week. When there he attended the great evangelistic meetings in Massey Hall.

Mr. Alfred Robson has been appointed as a director of the Marmora Agricultural Society for 1906.

Mr. Bert Niebel has purchased the photo studio, Norwood, from Mr. J. L. Richmond.

Last week was observed by the Methodist congregation as the week of prayer. The meetings were well attended each evening.

The interior of the Union Bank at Norwood is being overhauled and improved. While the work is going on the bank will conduct its business in Mr. Roxburgh's office.

The following is a statement of the accounts of the Norwood High and Public Schools for 1905:

Balance on hand...	342 54
	$7898 54

Norwood's share of levy for Public School for 1905, is $1675.36, while by mistake only $1597.12 was paid to Board of Education. The balance, $78.24, will therefore appear in 1906 accounts.

It will be noticed that cash on hand, $342.54, plus $78.24, corporation shortage, is practically the same as a year ago; also that interest and bank exchange for both schools for the year has been only $26.65, showing that the account has not been neglected.

As to the levy for High School, this requires a word of explanation. The village portion, $399.29, is low, in fact little over one half the average for the last six years, and this does not fairly represent matters, but gives the public a wrong impression. This year we have received two years' grants from Northumberland and Durham; one of these — based on the earnings of 1903 — should have been paid in the year 1904.

However by attending to financial reports promptly at the end of the year arrears are not likely to occur in that way again. With this explanation therefore it should not be expected that 1906 levy for High School will be as low as it has been for 1905.

We might also say that the county grant to be received in 1906, based on 1905 earning, is lower than this year's, the county pupils' fees are much larger, and taking the two together, the earnings of 1905 probably exceed any year in the history of the school.

Reports have been sent to the Counties of Peterborough, Northumberland and Durham showing the amount payable by the former on account of maintenance for the year 1905 to be $870.63, and by the latter $121.37.

J. A. Finlay,
P. W. Stevenson,
E. P. Cuffe,
Dr. Robertson,
Finance Committee.

Mr. Chas. Pallister, of Campbellford, was in town on Thursday.

Mr. Jas. Leighton, employee of the C.P.R., spent a few days last week with his parents, Mr. and Mrs. R. H. Leighton.

Mr. Ward Patterson, of Havelock, was in town on Tuesday evening installing the officers in the I.O.O.F.

Mrs. L. H. Kirkpatrick returned on Monday after a few weeks' visit in Barrie and Toronto.

Mr. Chas. McLaughlin, son of Mr. Harry McLaughlin, Spring street, has secured a position in Toronto as clerk for the C.P.R.

Mrs. D. A. Fraser spent Tuesday in Toronto.

Mr. P. W. Reynolds is having a metallic ceiling put in the store occupied by Messrs. Buck and Buck. Messrs. J. R. McKelvie and R. Patterson have the contract.

Mr. and Mrs. John Fraser, of Russel, Man., have been guests at the home of Mr. and Mrs. A. B. Greenbanks.

Rev. Dr. Bond, editor of the Christian Guardian, occupied the pulpit of the Methodist church on Sunday morning and evening. The present pastor, Rev. W. H. Adams, was formerly associated with Dr. Bond in the pastorate of George street church, St. John's.

At the oyster supper given under the auspices of the Ladies' Aid Society on Monday evening, January 22. Addresses were given by Rev. Mr. Elliott, of Hastings, and Rev. Mr. Pickford, of Norwood. The proceeds amounted to $61 after all expenses were paid.

Miss Elsie Ashton, of Campbellford, is a guest of Miss Una Duffield.

Mr. Wanless, of Toronto, has moved into the house lately occupied by Mr. Jas. Cummings.

The last meeting of the East Peterborough Farmers' Institute was held in the town hall on Saturday Jan. 13. At the afternoon session President Birdsall occupied the chair. Addresses were given on "Rotation of Crops" by Mr. W. C. Shearer, and "Noxious Weeds, and the best way to eradicate them," by Mr. Fraser.

At the evening session Warden Buck presided. Mr. Shearer gave an address on "Pure-bred Poultry for Boys and Girls," and Mr. Fraser spoke on "Something Needful for Farmers." The meetings were very well attended, and on the whole a success.

Mr. Hawthorne of Warsaw was in the village on Wednesday.

Mrs. Thompson, of Havelock, is visiting at the home of her brother-in-law, Mr. Jessie Thompson.

Mr. and Mrs. Harold Howson spent a few days in Keene last week the guest of Dr. and Mrs. Harold Kindred.

Misses L. Young and L. Howson, of Campbellford, are in town visiting friends.

Miss Annie Kindred, of Peterborough, is the guest of her cousin, Mrs. Harold Howson.

The annual meeting of the East Peterborough Agricultural Society was held in the town hall, Norwood, on Wednesday afternoon.

Those present were Messrs. F. Birdsall, president; H. Nelson, 1st vice-president; E. Hawthorne, 2nd vice-president; J. E. Roxburg, secretary; John Kelly, H. Dunham, J. Rose, J. Johnston, W. H. Brethen, A. Knox, directors; J. Brackenridge, C. O'Reilly, honourary directors; R. E. Birdsall, R. W. Waters, W. T. Buck, J. F. Elliott, B. Parker, W. Campbell, A. B. Greenbank, E. P. Cuffe, J. L. Squire, W. A. Richardson, J. G. Keefer, W. H. Johnston, A. J. Robertson, J. W. McLaughlin.

On motion, Mr. Birdsall was appointed chairman.

The minutes of last meeting were read and approved.

The chairman read the auditors' statement of receipts and expenditures for 1905.

On motion of Messrs. Hawthorne and Kelly, the report was received and adopted.

A communication from Mr. H. B. Cowan, Superintendent of Fairs and Exhibitions, together with a copy of the programme of the next annual meeting of the Canadian Association of Fairs and Exhibitions to be held in Toronto on the 21st and 22nd of February, was read by the chairman.

On motion of Messrs. Hawthorne and Neilson, President Birdsall and Mr. C. O'Reilly were appointed as delegates to attend this meeting.

The following officers were then elected for 1906:

President—Mr. F. Birdsall.
1st Vice-President—Mr. H. Neilson.
2nd Vice-President—Mr. E. Hawthorne.

Directors—Messrs. H. Dunham, J. Andrews, J. Johnston, J. Saxsmith, J. Kelly, J. Rose, W. H. Brethen, A. Knox, J. F. Elliott.

Hon. Directors—Messrs. G. Elliott, J. Knox, C. O'Reilly, J. B. Pearce.

On motion of Messrs. O'Reilly and Neilson, Messrs. E. P. Cuffe and J. Calder were re-appointed as auditors.

The following communication from Mr. W. E. Roxburgh was then read by the chairman:

F. Birdsall, Esq., Birdsalls, Ont.:

My Dear Sir,—I regret exceedingly that the condition of my health compels me to tender you my resignation as Secretary-Treasurer of the East Peterborough Agricultural Society, an office which I have held with much pleasure to myself, and I trust with satisfaction to its Directorate, during the long period of 38 years, or since the organization of the Society.

The date of the resignation I leave to the convenience of the Board of Management. With sincere sorrow in parting with so many old friends and wishing the Society ever continued success, I am,

Yours very truly,
W. E. ROXBURGH.

Mr. O'Reilly in moving the acceptance of the resignation of Mr. Roxburgh, made suitable reference to his long and faithful services to the Society, and moved that the thanks of the Society be tendered him. Mr. Neilson seconded the motion and in doing so spoke of the efficiency with which Mr. Roxburgh had filled the office during the period of 38 years. The resolution carried unanimously.

Mr. Hawthorne suggested that the three oldest members of the Society present, viz., Messrs. Birdsall, Neilson and Brackenridge, be a committee to present to Mr. Roxburgh this expression of the Society's appreciation of his services, which was assented to.

On motion of Messrs. Neilson and Brackenridge, Mr. John E. Roxburgh was appointed Secretary-Treasurer.

Mr. Birdsall expressed his appreciation of the support that had been given to the Society by the citizens of Norwood during the past year, and said he hoped they would still continue to do so.

MARVELOUS CURE OF SORE EYES

Baby Treated at Two Hospitals Over a Year—Eyes Grew Worse—Doctor Said They Might Be Bad for Years.

ONE BOX OF CUTICURA MAKES COMPLETE CURE

"When my little girl was a few months old, her eyes began to get bad; thinking it was from her teeth, I lived in hopes of them getting better, but as they did not improve I decided to get medical advice. I took her to the —— Hospital several times, and subsequently to the Children's Hospital at ——, to which institution I took her for twelve months. The doctors were most kind and attentive, and did all they could for her, but her eyes seemed to be growing worse. One doctor told me they might be bad for years; I was very miserable at such a prospect. I was one day stopped in the street by a Mrs. Todd who told me that Cuticura Ointment had cured her boy, and advised me to try it. I commenced using it that very night. The cure has been marvelous. The eyes soon commenced to get strong, and they are now as healthy as if there had never been anything the matter with them. The cure was completed with less than one box of Cuticura Ointment. You are at liberty to publish this letter, and I trust it may be the means of others being cured as my little girl has been.—Mrs. F. Phillips, Grafton St., Waverly, Sydney, N. S. W." Reference, Messrs. R. Towns & Co., Sydney.

SLEEP FOR BABIES

And Rest for Tired, Fretted Mothers in Cuticura.

Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap, to cleanse, and gentle anointings with Cuticura Ointment, the great skin-cure, and purest and sweetest of emollients, to allay itching, and soothe and heal.

PETERBOROUGH SATURDAY JANUARY 27 1906

House Of Refuge Will Be Erected At Once By Peterboro' County

County Council Reached This Decision at To-day's Concluding Session — January Meeting Closed.

Whole Council a Committee to Consider Question of Sites and Will Visit Lakefield and Norwood.

Estimated Cost in the Neighbourhood of $25,000 to $30,000—Many Important Matters Closed.

The County Council has definitely decided upon the erection of a House of Refuge and will take immediate steps to select a site for the location of the institution. On Monday the whole Council will go to Norwood on the invitation of the deputation which waited on the Council from that village, for the purpose of inspecting the available sites there, and on Tuesday Lakefield will be visited.

After the site has been decided upon, the Council, or a committee representing it, will go to the places where Houses of Refuge have already been erected and will obtain particulars in reference to the construction of the building and other information in connection with the question.

The report of the Finance Committee, which, at the concluding session of the Council was presented and adopted, deals with this question of the House of Refuge in addition to a number of other matters of importance.

The cost of the proposed House of Refuge will be in the neighbourhood of $25,000 or $30,000. The report of the Committee was presented by Councillor Huck and adopted.

Sand-Lime Bricks In Brantford

A sand-lime brick company is being organized in Brantford, local and American capital being interested. Brantford is only following the example of Peterborough in this regard. The manufacture and use of sand-lime bricks promises to be one of the leading industries of Ontario.

Good Skating At Brock Street Rink

The ice in the Brock street rink is in first class condition, and there will be skating to-night.

Some Peculiarities of This Winter—A Curious Combination of Spring and Winter—Bunch of Stories Gathered by Reporters in Reference to the Most Unseasonable Winter in Thirty Years—Some Interesting Reminiscences.

"SAP'S RUNNING," SO SAYS OTONABEE FARMER

Visitors to the city to-day tell some really surprising stories of the remarkably mild winter that is being experienced this year, and the exchanges this week have the same tale to tell. The reporters on their rounds have run across some stories which will bear repetition.

Sap is Running.

Mr. Louis Hatherly, a farmer residing in Otonabee about seven miles from the city, and one from Drummond Station, reports that on last Monday and yesterday again while cutting wood he found that the sap was running quite freely.

The sweet liquid of the maple tree, he said, tasted the same as usual, but that the time of its appearance was very singular.

The sap generally commences running in the latter end of March and sap in January, he said, had never before come under his notice. The wet weather accompanied by the recent frosts which have recently occurred caused the weather for sap running to be ideal.

The sounds of the small boy will soon again be heard resounding in the forests with the old accustomed saying, "sap's running."

High County Constable Cochrane states that this winter resembles that of 30 years ago, when there was only one day's sleighing for the whole winter at Lakefield and Chemong. That year Mr. Cochrane went to Michigan on an official visit, and in that state he found a similar state of affairs existing. The lumber camps had all been abandoned by Feb. 1, and Saginaw, usually a busy city in the winter, was deserted, and no business was being done.

The exchanges tell a similar story, and a few clippings are made as follows:

A Family Division.

This is an open winter with a vengeance, and full of contradiction, nevertheless. From a Water street

Continued on page twelve.

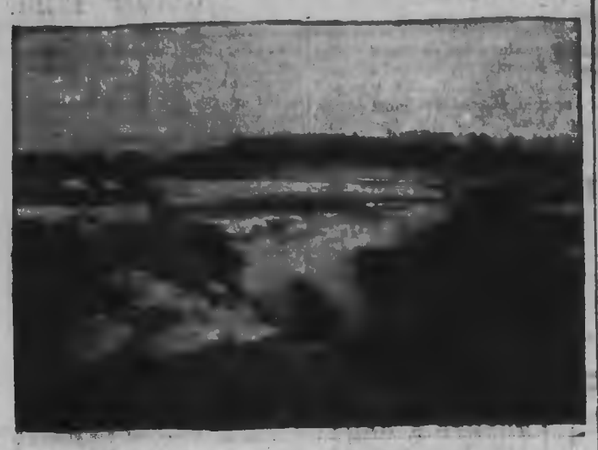
County Council Closed Session

The January session of the County Council closed this morning, when a number of important reports were presented. A complete report of the closing meeting will be published on Monday.

A POPULAR FAMILY.

Mr. Hamer Greenwood, one of the Canadians elected to the Imperial Parliament at the general elections last week in Great Britain, is a native of Whitby, Ont., and a first cousin of the wife of our local member in the Dominion Parliament, Mr. John Finlay, of this village.—Norwood Register.

BREAK IN TRENT CANAL

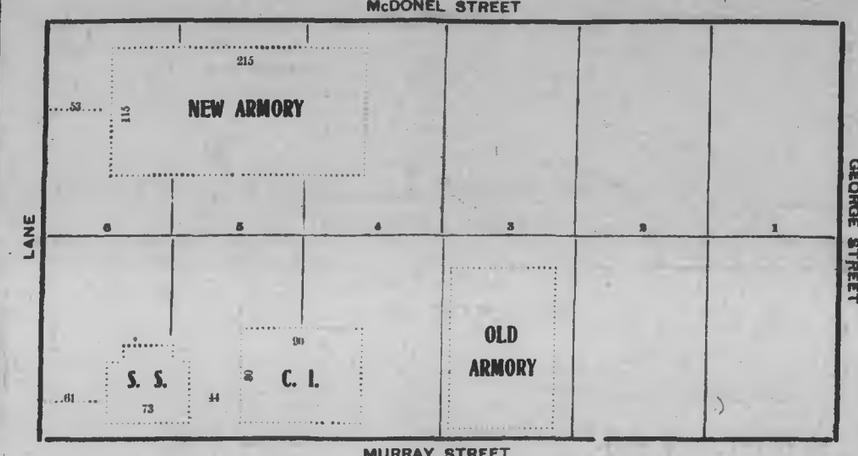


The Examiner publishes to-day a view of the breach which was made in the Trent Canal embankment yesterday morning. The picture was taken yesterday by Mr. R. M. Roy, and gives a good view the appearance of the break after the water had done its work.

ARMOURY ON SOUTH SIDE OF CENTRAL PARK LOTS MEETS WITH APPROVAL

In consideration of the discussion which has arisen between the Board of Education and the military authorities with regard to the proposed sites of the new Collegiate Institute and Armouries, the Examiner to-day publishes the respective views of some of the different parties concerned. This is done so that the public at large may understand the contentions which have arisen between the two parties, and so that they may also be in a position to discuss intelligently the advisability of placing the above buildings on one or the other site.

The accompanying plan shows one of the proposed sites for the contemplated structures. The top of the map shown represents the north of the Central Park, running parallel with McDonel street. The right side is the east, bordering on George street, and the bottom, or southern, part, is bounded by Murray street. The large rectangle in the north-western part, represents one of the proposed sites for the new armouries; the square at the south the proposed new Collegiate Institute building. The dotted rectangle on the south west, shows the position of the Separate school, while the dotted oblong farther west, represents the present standing armouries.



Mr. Crane's Views.

Mr. Crane said that as chairman of the Property Committee of the Board of Education, to which this matter had been referred, he called the committee together. The committee was unanimous that an attempt should be made to save the old Separate school for Public school purposes, and after the Institute was built, for manual training, and probably domestic science. To this end we met the officers of the 57th Regiment by invitation, and submitted to them the idea of placing both the proposed buildings—armoury and Institute — back to the western extremity of the grounds, the Institute to stand immediately in front of the old school. This would permit of the use of the front lot for drill and playground purposes, instead of in the rear, as was at first intended. The committee considered it was justified in asking the military authorities to exchange the Murray street lots, already held by them, for the McDonel

Continued on page nine.

5000 BARREL FLOUR MILL WILL BE ERECTED IN THIS CITY BY MR. STUART'S CO.

The conviction among men who are the best informed on commercial and industrial matters that with the completion of the Trent Canal Peterborough will embark upon an era of prosperity outshining anything even dreamed of in the past by the great majority of the citizens, is warran by facts. This is not merely an idle opinion, but it has been reached only after a careful weighing of all the circumstances and conditions, and it is a belief which has facts to substantiate it.

One of the indications which gives colour to this belief is the statement make last night at Warden Johnston's banquet, of Mr. D. Hughes-Charles, President of the Board of Trade, and local manager of the Canadian Bank of Commerce, to the effect that Mr. Robert Stuart, treasurer of the American Company, had said to him, no longer ago than Thursday, that if he was sure that the Trent Canal would be completed in a few years, he would erect in Peterborough a flour mill of a capacity of 5,000 barrels per day. The significance of this statement is not easily overestimated. It means that Peterborough would have the largest flour mill in Canada, with an annual capacity of no less than 1,500,000 barrels or 300,000,000 pounds of flour. This represents 7,500,000 bushels of wheat, and means that each year 10,000 carloads of wheat, or 33 carloads per day, would be shipped into this city and re-shipped in its finished state.

This is the direct significance, suggesting as it does the employment of a very large number of men. But the indirect significance is that if the completion of the canal would mean so much for the Cereal Company as would make it possible to operate such an enormous mill profitably, it would, undoubtedly, have a corresponding effect on the other industries here, as well as to induce others to locate in the city.

It will therefore be seen that the completion of the canal has a very special interest to the people of this city, and that there is very great reason why efforts should be made to secure its very early completion.

Crashed Through Railway Gates

Narrow Escape From Serious Accident at C.P.R. Crossing

A gentleman in a buggy had a narrow escape from serious injury at the C.P.R. station last night. The gates were down as a freight train was shunting near the crossing. The occupant of the buggy was driving north and his horse became unmanageable and crashed through the south gate. Fortunately the gate man saw the mishap and raised the gates to allow him to get through as the outfit was in danger of being struck by the train. About ten feet of one of the arms of this gate was carried off.

The Archdeacon Will Preach

The Venerable Archdeacon Warren will preach at St. Luke's Sunday, exchanging pulpits with the rector. This is the first appearance of Mr. Warren at St. Luke's since his promotion to the Archdeaconry, therefore large congregations should greet him.

A PROMINENT CITIZEN

Time has dealt kindly with the gentleman pictured in the "prominent citizen" series to-day. The photo was taken more than a quarter of a century ago, and the original is well known in the city and county to-day.

To-morrow At All Saint's

The Anniversary Services Will Be Held.

To-morrow the anniversary services of All Saints' church will be held, when the special preacher will be Rev. L. E. Skey, of St. Ann's church, Toronto. The usual services will be held. At 11 a.m. Morning Prayer, Litany and sermon; 3 p.m., children's service, and 7 p.m. Evensong and sermon. The music for to-morrow will be of a special character, and will be as follows:

Morning.—
Hymns Nos. 300, 31, 215, 273.
Venite, Woodward.
Gloria, Higgins.
Te deum, Sustance.
Jubilate, Schilling.
Anthem, "Oh Taste and See," Sir John Goff.

Evening.—
Hymns Nos. 298, 240, 295, 30.
Gloria, Loud.
Magnificat, Plummer.
Anthem, "O Praise God," Softer.
Duet, male voices, "Hark, Hark, My Soul, Nevins.
Vesper, Fivefold, Amen.

At the afternoon service Rev. Mr. Skey will speak to the children.

Improper Construction Of Lift Lock, Says The Engineer's Report

Despatch From Ottawa States That the Work Was Faulty and Carried on in Haphazard Manner.

Blunders Were Made But the Damage is Not Irreparable and Can be Repaired at Costly Outlay.

Serious Condition of Affairs is Disclosed—Minister Refuses to Discuss the Report at Present.

The Toronto Globe to-day had a special despatch from Ottawa in which reference is made to the report of Engineer Holgate, who was commissioned by the Government to investigate the circumstances surrounding the construction of the Lift Locks at Peterborough and at Kirkfield. While the text of the report is not yet made public, and will not be until the Cabinet has dealt with it.

The references of the Examiner to the construction of the Lift Locks made some time ago, as will be seen by the short summary of the report published, were justified, and it is probable that the full text of the report, when it is published, will bear out more fully the truth of the statements made by this paper.

The despatch referred to, follows:

The report of Mr. Holgate, C. E., of Montreal, embodying the results of his investigations into the complaint that the Lift Lock at Peterborough was improperly constructed, is said to disclose a most serious condition of affairs. It is alleged, if rumour be true, that no comprehensive plans were prepared, and that the work was faulty, and carried on in a sort of haphazard way with without proper supervision. The Lift Lock now looks badly, and although the blunders made are not irreparable, the repairs will involve a considerable sum of money. The Minister would not talk of the matter this morning, neither would he say what the report of Mr. Holgate contained. "Until the Cabinet have taken it up and dealt with the report," he observed, "I deem it advisable to say nothing."

Many Persons Will Attend The National Chorus

Large Subscription List Has Been Secured for Great Musical Event in Toronto on Monday—Miss Helen Davies to Take Obligato Solo in "Flag of England"—Special Train Will Leave Here on Monday Afternoon.

SECTION OF THE HALL HAS BEEN RESERVED

Gruesome Discovery At The Auburn Dam

Dead Body of Infant Found Floating in the Water—An Inquest Will be Held—Coroner Gray so Decides—Mr' Patrick Sullivan Recovered Body.

A gruesome discovery was that made by Patrick Sullivan, grocer, 949 Water street, about 1.45 o'clock this afternoon. While passing the Auburn power house he noticed the body of an infant girl floating in the race-way against the grating. He succeeded in getting the body out of the water, and notified Coroner Dr. Gray, who had the remains removed to Belleghem's undertaking establishment. The body had evidently been in the water a long time and was badly decayed.

Coroner Gray, after viewing the body, is of the opinion that it had been in the water between three and four weeks. It was unclothed and appeared to have been thrown into the river immediately after birth, but whether dead or not will not be known until after a post-mortem.

An inquest will be held. A jury was empanelled this afternoon and will meet at Belleghem's undertaking establishment at 5.30 this evening to view the body.

Railway Men Consider The New Peterboro' Line

On Application of C. P. R. for Ratification of its Plans for New Grain Route to Georgian Bay—G. T. R Objects Only to the Crossings.

A despatch from Ottawa says The C. P. R. and Grand Trunk had a friendly tilt before Hon. H. R. Emmerson and his Deputy Minister, Mr. M. J. Butler, this afternoon, over the former's route map for the proposed line from Peterborough to Victoria Harbour. Messrs. Leonard and Drinkwater were present to ask that Mr. Emmerson approve of the map. Mr. Cowan, on behalf of the Grand Trunk, did not object particularly to the location, but the line would cross the Grand Trunk three times in eight miles. It should be stated with more definiteness where the C. P. R. line would run. Mr. Drinkwater said this line would be a grain-carrying route, and they had secured for it practically a three-tenths grade. Mr. Emmerson thought information should be given as to the physical character of the country, in order to decide whether the proposed crossings were necessary. He would, if satisfactory, approve of that portion of the line from Peterborough to the first point of intersection, but the balance must stand. To this Mr. Drinkwater would not agree, and he asked for an adjournment until Wednesday afternoon at 3 o'clock, which was granted.

WANT AND REAL ESTATE ADS.

Get In The Best And Be In It Always

Male And Female Help

Can be quickly supplied by using EXAMINER WANT ADS. They bring speedy answers and are dependable for first-class help.

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

He Wants The Water Cart Out

Citizen Complains About Dust on George Street.

—It is not often that the Examiner has to chronicle a complaint concerning the dust on George street in the middle of January. A gentleman this morning, however, was heard to complain of the dust, which he said, was most injurious to the health. He suggested that the watering cart should be be taken over the street once during the day.

THE POSTMASTER TELLS HIS SECRET

His Health Mainly Due to the Use of Dodd's Kidney Pills.

Postmaster Lee Looks Ten Years Younger Than His Seventy-Six Years and He Gives the Credit to the Great Canadian Kidney Remedy.

Tabucintac, Cumberland Co., N.B., Jan. 26.—(Special).—Horatio J. Lee, postmaster here, is now in his seventy-sixth year but so bright and healthy does he look and so energetic is he in his movements that he would easily pass for ten years younger.

"How do I keep young looking," the postmaster says. "Well I attribute it largely to my good health and my health is mainly due to the use of Dodd's Kidney Pills.

"I first learned the value of this Kidney Remedy some years ago. I was then suffering from Kidney Disease. My feet and legs swelled and I had to rise eight or ten times in the night because of urinary troubles. Six boxes of Dodd's Kidney Pills restored my health at that time and I have used them at intervals since.

"To anyone afflicted with Kidney Trouble I say 'Dodd's Kidney Pills are all right.' Try them and you will be sure to find a benefit."

A Beautiful Tropical Bird

Mr. Wm. O'Brien, the well-known tobacconist, has received from a friend in New York, a splendid specimen of a tropical woodpecker that was shot by one of a party of hunters in the Kimaliya swamps in South America. The bird is exceptionally large and is handsomely mounted. It is on exhibition at Mr. O'Brien's cigar store.

Dear Mother

Your little ones are a constant care in Fall and Winter weather. They will catch cold. Do you know about Shiloh's Consumption Cure, the Lung Tonic, and what it has done for so many? It is said to be the only reliable remedy for all diseases of the air passages in children. It is absolutely harmless and pleasant to take. It is guaranteed to cure or your money is returned. The price is 25c. per bottle, and all dealers in medicine sell 3j4

SHILOH

This remedy should be in every household.

Dr. Berry Tells An EXCEEDINGLY INTERESTING Story Of His Experiences

Steamer Containing Three Canadian Ladies Runs on Coral Reef--Havana a City of Dazzling Gayety and Splendour --Luxury and Ease Rule in the Cuban Capital.

It will be remembered, from a report in the Examiner, that Dr. Berry, of Hastings, (who had been appointed physician to the Canadian Cuba Land Co.) previous to his leaving Hastings, was honoured by the people of that village, by being presented with an address and a gold watch, and given other proofs of the high esteem in which he was held. This was about a month or six weeks ago, and since that time, he with his family had reached Cuba.

Finding that the climate did not agree with the health of one of his children, he returned a short time after, bringing his family with him. He also had business with the directors that had to be attended to personally.

Dr. Berry, in an interview, gives a very interesting account of matters relative to his trip, and that of the Misses Fowlds of Hastings, and Miss Young of Montreal, who were to have accompanied him to Cuba, where they have purchased land, but who sailed about ten days previous to the time that he did. He also gives a most vivid and realistic description of Havana, the capital of the tropical land where he has cast his lot.

The three ladies had a voyage which could not be called smooth sailing—they had the misfortune to take passage in a vessel which was not of the most luxurious or speedy, or seaworthy kind. On the way down the St. Lawrence they went aground on a mud bank. They were here detained two days, and the boat had to be lightered before it could be freed. After various other experiences, and a dreary voyage of twenty-one days, the party reached Havana.

Ran on a Coral Reef.

When nearing port a fierce gale was encountered, and there was great difficulty in making the narrow entrance to the harbour between Moro Castle and Cabanas. As their boat was attempting to enter a large German steamer was coming out. The smaller boat in the confusion, drifted past the point of entrance and could not beat back against the gale. The smaller boat ran foul of a coral reef, where it was impaled and held fast, with the waves washing over its upper decks, till at last a poorly manned life-boat came slowly to the rescue. The storm was so bad, that the ship's ladder could not be used, and the Misses Fowlds, and Miss Young, and the others had to be lowered into the life-boat by ropes fastened underneath their arms. When they reached the docks of the harbour who should be the first to greet them but Dr. Berry, who, from his place of safety had witnessed the struggle of their boat with the wind and waves.

Dr. Berry had left Canada ten days after them, and had arrived three days before them at Havana, showing the snail-like progress made by the vessel upon which the ladies had sailed. On the doctor's part, especially, this happy meeting was marred in this way: the civic police "rounded up" the newly arrived party, and gathered in Dr. Berry with the others, and, in spite of explanations, marched him off with the rest to be placed in quarantine, but before the "corral" was reached Dr. Berry managed to give his captors the slip, and joined his wife and family, who were in the city. It appears that the police had been on the look out for yellow fever, suspects from Mobile and this accounted for the treatment the doctor and the rest of the party had received. The ladies' trouble ended with their release from quarantine after several days' detention.

Gorgeousness of Havanna.

According to Dr. Berry's glowing recitals Cuba is by nature a paradise as well as by art, especially Havana, over whose beauties he grows very eloquent. He says that Havana is the gayest city in the world, not even excepting "Gay Paree." The people of the wealthy class are almost entirely devoted to pleasure and a life of ease. The city contains many beautiful buildings of elaborate and tasteful architecture and three of the largest theatres in the world. There are many rich Spaniards who are waited on by the native Cubans—the hewers of wood and the drawers of water, who have been so long oppressed by the Spaniards that they know practically no other life than catering to the will of their haughty superiors. Dr. Berry says that the chief boulevard, the parada, is a magnificent thoroughfare with beautiful gardens or squares, regularly interspersed, full of luxuriant tropical vegetation and magnificent palms, and sparkling here and there with the rainbow-like spray of many fountains. He says that between the hours of four o'clock in the afternoon and midnight, the parada is a scene of dazzling gayety. Throngs of dashing men and beautiful women are to be seen lounging in the gardens, strolling along the boulevard or rolling through the parada in automobiles or luxurious carriages. This street is very wide and is divided into sections for various uses. One section is for horse vehicles, another of automobiles, another for pedestrians and another for a double electric car track. It is bounded by beautiful buildings with luxuriant shrubs, trees and flowers of tropical brilliancy. These are especially frequent in the parks or squares and the whole combined forms a whirl of gayety like the changing pictures of kaleidoscope.

Dr. Berry says, to anyone coming from a cold country it seems like a veritable fairyland where pampered wealth seeks pleasure and makes it the business of life. At night with sparkle of light and throngs of beautiful and beautifully dressed women with their cavaliers and with its illuminations of all descriptions the parada and its enchanting surroundings appear more like a gorgeous and rich stage setting than a scene from real life. Two or three military bands composed of splendid musicians from 50 to 75 in number, supply the music. All the gay people that frequent the parada are not to be seen from midnight or early morning till 4 o'clock the next afternoon. They are taking their rest in the quiet of their homes and the only people seen on the streets are their servants or those who are forced to work in that lazy city of luxury. The Doctor says that in comparison with the parada of Havana, King street or Yonge street, Toronto, seem like the main thoroughfares of a small lumber town.

Dr. Berry describes the climate as delightful, especially in winter, which is not as warm as our Canadian summer. Dr. Berry is so full of his subject and is so enthusiastic over Cuba that he could supply material to fill many columns of a newspaper and if space permitted an interesting account of a narrow escape from shipwreck while out sailing, or his gaoy recital of country hospitality, where beseeching barnyard fowls begged their share at the table like a pet poodle would in a Canadian home, could be recorded.

Fine Lecture By Rev. Langfeldt

"A Tour on the Rhine" Delighted Audience at All Saint's.

Rev. E. A. Langfeldt gave his lecture "A Trip on the Rhine" Thursday night to a large and delighted audience at All Saints'. Rev. Mr. Langfeldt's vivid explanation and description supplemented by the most beautiful views [illegible] the lecture a most enjoyable one, and the attention throughout was excellent.

Horse Did Some High Kicking

Became Frightened at Street Car and Demolished a Buggy.

Residents in the neighbourhood of the corner of George and Dublin streets were amused yesterday afternoon by the edifying and highly successful attempt of a horse to kick to pieces the buggy to which it was attached. The animal in question became alarmed at a street car and its resultant kicking had a circus mule faded to a cinder. The buggy was a complete wreck at the conclusion of the performance.

WANTED—A DETECTIVE.

It is rumoured that a chivaveri party organized at South Dummer last week to serenade a newly-wedded couple went to the wrong house. Better employ a detective next time.—Register.

Fever Cause of Torpid Livers

The Surest Way to Prevent Disease is to Keep the Liver Active with

DR. CHASE'S KIDNEY-LIVER PILLS

Too frequently an external cause for fever is looked for, when the real source of trouble is from within the body itself.

To begin with the liver becomes torpid, sluggish and inactive, and poisonous bile in left in the blood to corrupt the whole system. The result is the overworking of the kidneys and the clogging up of the organs of excretion.

Food which should be digested is left to ferment and decay in the intestines, and inflammations and fevers are set up.

In such a condition the body is a regular hotbed of disease and is most susceptible to any ailment of an infectious or contagious nature.

The best insurance against disease is the use of Dr. Chase's Kidney-Liver Pills to keep the liver active. This great medicine has a direct and specific action on the liver, and is wonderfully prompt and effective in awakening and invigorating this important filtering organ.

A healthy liver means pure blood, good digestion and the proper working of the bowels. A healthy liver ensures the onward passage of the food through the intestines and excretory organs, and so removes all chance of poisonous waste matter remaining in the body to produce pain, suffering and disease.

Mrs. R. C. Webster, Glenarm, Victoria, Co., Ont., writes: —"I gladly state my experience with Dr. Chase's Kidney-Liver Pills in order that others may profit by it. About a year ago I was almost entirely used up with severe pains in my back and side the result no doubt of deranged liver and kidneys. Having tried several remedies which did not seem to do much good and hearing Dr. Chase's Kidney-Liver Pills highly recommended I sent for several boxes and can freely state that they did me a world of good. As I feel no need of further treatment, the cure seems to be thorough."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

A. McDONALD
Point St. Charles Mills

ARMOUR'S
Extract of Beef.

It is far stronger than any other Beef Extract or Fluid Beef and is, therefore, less expensive.

Armour's Extract of Beef is a concentrated Soup Stock. To make anything similar would necessitate long boiling of prime fresh beef and the work of a culinary artist.

A small quantity of Armour's Extract of Beef added to gravies, sauces, or any chafing dish preparation gives a delicious color and flavor and aids in their digestion. It make excellent Beef Tea.

Be sure of two things—get ARMOUR'S—and follow the directions around each jar. Sold by all Druggists and Grocers.

ARMOUR LIMITED - TORONTO.

SAVOY SOUPS. 12 Varieties. Delicious, wholesome appetizing. One tin will make 6 portions. Sold by all Grocers.

NOTICE

NOTICE IS HEREBY GIVEN that it is the intention of the Grand Trunk Railway Co'y of Canada, at the expiration of four weeks from the first publication of this notice, to apply to the Board of Railway Commissioners for Canada, under Section 175 of the Railway Act, 1903, for authority to construct certain branch lines or sidings extending northerly from a point on the Company's Railway south of Oxford Street, in the Village of Lakefield, crossing Albert Street and Reid Street to a point west of Concession Street, in said Village, as shown upon plan, profiles and books of reference deposited in the Registry Office for the County of Peterborough, on 6th January, 1906, as No. 123, Deposit Index.

Dated at Montreal 12th January, A. D. 1906.

W. H. BIGGAR,
General Solicitor Grand Trunk Railway Company of Canada.

(Continued from 8th page.)

street lots, in order that we might save the old school. Personally, I feel that the school should be saved, if it can be secured at a reasonable cost, but I am averse to spending a large sum of money on an old building. We have enough obsolete buildings on our hands now and our movements should be in the direction of a better class of buildings. I would like to see the matter settled definitely at once, as no doubt both buildings are being delayed on account of the difference of opinion on the subject. He thought that the Institute should be gotten on with at all events, whether we saved the old school or not, the completion of which will relieve the present Institute to the Board for badly needed public school accommodation.

Capt. Eastwood's Views.

Mr. Eastwood, in speaking with reference to the accompanying cut, said he was altogether opposed to the plans set down by it.

He advocated the idea of having the present Separate school disposed of, instead of spending $4000 or $5000 upon it, and then have only an old building. Not that the expense was anything to him, for he would gladly pay his share in having a Public school at a reasonable cost in the southern part of the city, where one has always been a long-felt want. His views on this line were quite emphatic. In such a case the sites represented in the cut should be interchanged. The regiment, he said, with perhaps the exception of one person, were a unit in that respect. He also wished to state that the Menzies' property has not been, is not now, nor will be, offered for sale, so far as he knew, so that he was not advocating the above for personal reasons, but from the standpoint of a ratepayer.

The Board of Education chose unanimously the north of the park for Collegiate Institute purposes, and he considered that part the more desirable location. The retention of the old building was a direct violation of the agreement with the Government and would unnecessarily delay the erection of the armouries.

Mr. W. G. Ferguson's Ideas.

Mr. Ferguson, the chairman of the School Board, said that he was opposed to the plan as shown by the the subject. He thought that the the original agreement with the Government should still stand good. He did not consider that the Separate school was worth spending $3000 or $4000 upon. The northern part of the lot was the better site, and the place where the new Collegiate Institute should be placed.

Mr. Pringle's Statement.

Mr. Pringle said the matter dealing with the sites of the proposed new buildings was left to the decision of the Property Committee and that he did not care to express his opinion until that report was received.

Mr. Dumble's Statement.

The land that is available for the Collegiate Institute and Armoury consists of four acres, lots 3, 4, 5 and 6, west of George street and south of McDonel street, and lots 3, 4, 5 and 6, west of George street and north of Murray street. There is a difference of opinion between the School Board and City Council on the one hand, and those representing the local military authorities on the other. The military authorities say that when the question of selection was up, the School Board chose the northern lots. But the peculiarity of the situation is that the prominent member of the military authorities was also the prominent member of the School Board, and it was under these peculiar circumstances that the School Board should have selected the site which was an abandonment of the Separate School to destruction. The School Board now desires the southern site with a view of utilizing the Separate School building, and claim that the northern site is better for the military. To reconcile matters, the School Board offer to build the Collegiate Institute in front of the Separate School building, and that the Armoury, which is 215 feet long, should be built in line with it at the back of the lots. This would leave nearly an acre of land in front of the Armoury and Institute for drill ground. There would be no barrier between that land and the park in front. Whereas, if the Armoury and Institute were at the front, the fence at the rear would limit the land available for parade ground. The School Board, at an expense of $2,000 or $3,000, could make the Separate School into a first-class building with six rooms available for educational purposes. To make the exchange would involve no sacrifice on the part of the military, and would save the city from wasting a large and valuable building. As a matter of fact, the military men want their Armoury at the rear; the School Board would rather build at the front, but are willing to build back in line with the Armoury at the rear to accommodate them. The proposition of the Council to the School Board seems reasonable, and is a fair proposition which should be accepted.

Col. Miller's Statement.

Col. Miller expressed his opinion that, as a citizen of Peterborough, he would like to see a Collegiate Institute built which would be a credit to the city. He would like to see the School Board take the matter in hand and see that the best, modern Institute would be erected irrespective of cost.

Believes Peterborough In Very Few Years Will Outrival City Of Toronto

This Optimistic Prophecy Was Made at Warden Johnston's Banquet by E. A. Peck—A Delightfully Pleasant Evening Spent as Guests of County's New Warden—The Most Important Year in History of the County Will be 1906—Many New Undertakings—Trent Canal Matters Discussed—Mr. R. R. Hall Thinks Government Should Act at Once.

That the question of the completion of the Trent Canal has taken hold of the people of the city and county, and that there is a very firm conviction that its completion will mean a great deal for this community, was demonstrated last night at the annual banquet of the Warden of the county, which was held in Long's palm parlours, and which was one of the most delightful functions of its character in the history of county affairs. Warden Johnston makes an admirable host, and last night performed the duties of that office to perfection.

A number of the speakers, and everyone of those who partook of the hospitality of the Warden made a speech, referred to the Trent Canal, and some statements were made which will have considerable interest for the people of this county, and of the city, particularly.

Mr. E. A. Peck, in his address, was pleasingly optimistic, and prophesied that in a few years, with the canal completed, Peterborough would rival in size and commercial importance the city of Toronto. This, he asserted, was not an unwarrantable position to take, because this city had the material advantages which made it reasonable to believe that if the canal were completed, his prophecy would be fulfilled.

This question was opened by Mr. R. R. Hall, M.P., who, in his address, referred to the great importance to the county of the canal, and the desirability for its early completion.

Mr. D. Hughes Charles, while not as optimistic as Mr. Peck, stated that Mr. Robert Stuart, in his office on Thursday, had told him that if he could be certain that the canal would be completed, he would construct a flour mill with a capacity of 5,000 barrels per day in this city.

Warden Johnston was the recipient of a shower of congratulations last night upon his elevation to the Wardenship, and the opinion was expressed that he would in this year, perhaps the most important year in many respects in the county's history, prove an efficient and capable head of the council.

Mr. Johnston received these congratulatory tributes in his characteristically modest manner, but expressed his desire to serve the county faithfully.

Those who enjoyed his hospitality last night were: R. R. Hall, M.P., and D. Hughes Charles, who occupied seats of honour at the guest's table; Councillors Andrews, Buck, Carey, Menogue, Shaw, Garbutt, Stenson, Webster, Moloney, E. A. Peck, county solicitor; E. M. Elliott, county treasurer; J. E. Belcher, county engineer; Dr. Caldwell, county physician; J. Coyle Brown and Rich. Lees, county school inspectors; ex-Warden T. M. Hunter and H. Nesbitt, jailor.

Mr. Long, as is always the case, anticipated very fully the wants of those who gathered around the festive board, and the supper served was in every way such a one as would fully sustain the enviable reputation borne by that popular establishment.

The Toasts.

After the wants of the inner man had been satisfied, a programme of toasts was proceeded with, Mr. Johnston acting in the capacity of toastmaster, called upon Mr. E. A. Peck, who proposed the toast to the "Parliament of Canada, and the Legislature." He referred to the many things which the county had to thank these two bodies for, and for the work done in the interests of the county by the representatives in the Dominion Parliament and the Ontario Legislature.

Mr. Peck spoke of the work done in the past by Mr. John Carnegie, and Hon. J. R. Stratton, who, by his industry, had risen to the position of a Minister. He felt, however, that the county had at present four members who, for energy, had not been excelled in the past.

Mr. Hall Speaks.

He coupled with the toast the name of Mr. R. R. Hall, who on rising to respond, was received with cheers, and "He's a Jolly, Good Fellow" was heartily sung. Mr. Hall expressed his appreciation of the honour conferred upon him by the invitation of the Warden. There were, he said, many things in which the county and the Dominion Government were jointly interested, and one of these, perhaps, the greatest of all, was the Trent Canal. Everyone recognized that in the interests of the county it should be completed and he believed that at the next session of Parliament the Government would have to take action in reference to its completion to the southern end, and he thought that this county should urge the Government to place the whole south end of the canal under contract at once. With this completed the prosperity of this country would increase by leaps and bounds, and the farmers would receive direct benefit from it.

Referring to the reconstruction of the Buckhorn dam Mr. Hall said that for the protection of the dams and bridges in the county this dam should be rebuilt at once, because if it broke away it would bring havoc along the Trent Canal.

Mr. Hall spoke of the proposed high level bridge over the Otonabee, but said that he would not ask the county council to make a grant at that time. Its construction, however, would benefit considerably the residents of the county who have occasion to use it, and at some future time he thought the county county might be asked to assist in its construction.

He congratulated, most heartily, the Warden upon his elevation to the head of the council and was sure that its affairs would be well administered.

Other Speeches.

Mr. Andrews proposed the toast to the County Officials, and responses were made by Messrs. J. E. Belcher, C.E., Rich. Lees, J. Coyle Brown, Dr. Caldwell, Mr. E. M. Elliott, Mr. E. A. Peck and H. Nesbitt.

Mr. Belcher, in his address gave a number of interesting reminiscences of the county council in the olden days.

Mr. Peck spoke with reference to the Trent Canal, mentioning that he had been deeply intertested in it for 20 years and had been secretary of the Trent Association. He believed that few persons fully comprehended the great benefit which would accrue to this county and city from the canal's completion. Mr. Robt. Stuart had stated that he would double his works here if the canal were open. Mr. Peck was of the opinion that inside of a few years Peterborough would be as large a city as Toronto, with the canal opened at the ends.

Mr. E. M. Elliott proposed the toast to the visitors, which was responded to by Messrs. D. Hughes Charles and T. M. Hunter.

The toast to "The Warden and County Council" was proposed by Mr. R. R. Hall, M.P., and responses were made by Warden Johnston, Ex-Warden Buck, Councillors Garbutt, Shaw, Menogue, Stenson, Andrews, Carey, Webster and Moloney.

The press was duly honoured and after the National Anthem the gathering dispersed.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Dear Editor,—I wish to thank the gentlemen, Mr. Harry O'Rourke, Mr. Simon Clancy and Mr James Brady, who so kindly rescued my cow by means of a boat, when some of the firemen failed.

These gentlemen also did their utmost to save my property. Again thanking them for their assistance, I remain,

Yours sincerely,
MRS. R. HILL,
472 Roger street.

Editor Post Card Column:

Can you inform me if the new council intend to appoint a Milk Inspector? There are a good many citizens who would like to have some milk occasionally and if they find it too rich, could add some water and save the dealers the trouble of bringing it in from the country. Perhaps they think their well water is purer than our city water. It is very kind and considerate of course, but I prefer milk when paying 6 cents per quart. An Inspector might be able to bring this about ad save us from

THE BLUE (S).

To the Editor of the Examiner:

Apparently a keen interest has been manifested in the $16 a week question and I have read with amusement the various items. Some have been given with a view to information, others for ridicule, only. Is it not nearly time this thing was drawing to a close? If all marriages are the miserable failures that some I know of are, deliver me from it. Marriage is a serious affair, and, personally, I believe too delicate a subject for newspaper print.

Thanking you, sir, for space in your valuable paper, I remain,

Yours respectfully,
ANOTHER GIRL.

Peterborough, Jan. 27, 1906.

Peterborough,
January 27, 1906.

Editor Post Card Column:

Sir,—I would like to know why a stamp or post card can not be obtained at the Post Office until after eight o'clock in the morning.

The office, I believe, opens at about seven o'clock. I do not understand why they may not be purchased as soon as the office opens.

Hoping you will be able to satisfy my curiosity, I remain,

R. R.

NEWBRO'S HERPICIDE

Your hairs WILL talk! It doesn't matter how much you try to silence them with heavy veils and broad hats, the dull ends of the hair will stick out and call to every passer-by, "See how dull and brittle we are! She neglects us shamefully."

Every woman should have beautiful and abundant hair, for nature lavishly rewards those who labor intelligently to preserve and beautify it.

Is your hair oily or sticky? Is it dull or lusterless? Have you dandruff? If so, you should use Newbro's Herpicide at once. It kills the germ or microbe that causes dandruff and falling hair, after which, the hair will grow as nature intended. It stops itching of the scalp almost instantly and gives the assurance of a cure from the very first application. It contains no oil or grease, and is unsurpassed for its daintiness. It makes the hair light and fluffy, and gives it a silken gloss.

Send 10c in stamps for sample to THE HERPICIDE CO., Dept. L, Windsor, Ont.

SATURDAY, JANUARY 27, 1906.

THEN AND NOW.

The publication by the Globe of a supposed draft of drastic License Law amendments, to be submitted for enactment, to the Legislature, by the Whitney Government, suggests some reflections upon the relations of that Government to temperance reform, as represented by a certain element. During the Ross Government regime there was more active, overt, aggressive temperance sentiment — or its imitation — in evidence, than there is to-day. During the regime of the Ross Government not a week, scarcely a day, elapsed that did not bring some startling demand for legislative, or other action, in the name of temperance interests. We had during that time all the changes rung on demands for prohibition, or strident calls to banish the bar, accompanied with bitter denunciation of the Ross Government, because the one was not given, and the other not done, on the spot; and this without reference to the ability of the Government to carry out such measures, without supporters to back them, in taking the necessary steps. No doubt these clamours alienated many honest Liberals; for a crusade so fiercely and unscrupulously waged against a government, could not avoid influencing those who could not detect motives. Every Conservative preacher, and some Liberals as well, denounced the Government for its alleged coldness to the temperance movement, and for its cordiality to the liquor traffic. The effect of this was that members of the Alliance, or those acting with it, or under its influence, by setting the temperance element in hostility to the party really friendly to temperance, practically, if not intentionally, joined hands with the liquor traffic—hostile for cause—to defeat the Ross Government, and secure the success of a party pledged against prohibition and allied media of temperance reform. We have to go no further for an illustration of the hollowness of the pretensions of many temperance people, than the last municipal election in Peterborough, when the "Moral Reform League" virtually allied themselves with the liquor party as demonstrated by both of these interests uniting to place the names of the same candidates on their respective "tickets"—united to elect candidates at once friendly and hostile to license reduction.

Elsewhere the same alleged temperance enthusiasts, who were hounding the Ross Government for not giving prohibition and banishing the bar, are now holding their breath lest there rise a whisper of demand or reproach, that would embarrass the administration, or wound the sensibilities of the Whitney Government, and we hear nothing but clamour for "local option," which cannot embarrass the Conservative Government, for the responsibility is placed upon the electors.

License reduction was an issue in the Toronto election, and it was slaughtered without a hand of those who were fiercest in their attacks on the Ross Government, raising a hand to save it. Mr. G. F. Marter, the president of the Alliance, had not a word to say in favour of license reduction in the campaign. The W. C.T.U., and the Tory temperance "hustlers," of the city, were silent—and also Munns, Rev. Mr. Starr, Rev. Dr. Chambers, et al. The Alliance, since the Whitney Government came into power, have dropped the demand for prohibition in New Ontario. The "Pioneer," which could never express its horror of the perfidy of Hon. Mr. Ross in his indifference to temperance reform, has dropped the "abolish-the-bar" demand, which it urged so strongly upon a government with a majority of two, and which it never even whispers to a Government with a majority of forty, and it now agitates for the harmless—to a Conservative Government—panacea of "local option." the Pioneer, imitating the Alliance, changed its policy with the change of Government, and even the outrage on Mr. Flavelle and the license inspectors in Toronto—officials who were of proved faithfulness in enforcing the law—evoked only a milk and water condemnation, equivalent to the approval of the action of the Whitney Government. We have now no alliance-inspired deputations from all over the Province overflowing the corridors of the Parliament Buildings, and coming down, as they did on the Ross Government, like wolves on the fold. Now, the Whitney Government is not thus "embarrassed" and "cornered," but, on the contrary, are loaded with compliments for doing what brought no praise to similar actions on the part of their predecessors. Such was the Alliance and its leading shies then, and such is the Alliance now. What Alliance — the alliance of earnest temperance workers against the deadly liquor traffic, or the alliance of professed temperance advocates with a political party and with the liquor traffic, to work a political or other "graft" and knife another political party? The game has been played so astutely as to deceive many of the very elect—honest temperance men—temperance first and party afterwards. But the day of chicanery and double dealing will have an end, and those honestly addicted to temperance and real temperance reform will awaken and open their eyes to a recognition of the true friends of the cause they have at heart. Great principles do not die easily. Prohibition would be as great a boon and blessing if passed by a Tory Government as if enacted by a "Grit" ernment. "Banish the bar" would be a consummation, as devoutly to be wished, effected by a Tory Government as if the eviction were performed by a Grit Government. But it would make a great difference, from a party point of view, whose ox was gored.

BEET SUGAR INDUSTRY.

Last year the Berlin sugar factory converted 48,805 tons of beets into 9,487,453 pounds of sugar, or about 200 pounds to the ton. This is a gain of 7,111,637 pounds over the production of last season. The Wallaceburg factory used 5,300 tons of beets to produce 12,250 pounds of sugar, the Wallaceburg factory used 53,000 tons of beets to produce 12,250,000 pounds of sugar, an increase of 7,200,000 pounds over last year. The value of the output of the two factories at wholesale prices amounts to $775,000, over three-quarters of a million of dollars—made money—that is, created from what was commercially valueless—the soil which remains, and in perhaps better and cleaner condition, a few pounds of seed and some labour. This indicates that under proper conditions, by the use of business common sense and intelligently directed enterprise, the sugar beet industry in Ontario can be made a most important one. The fault is not in our stars, but in ourselves, "that we are underlings;" the fault is not in the soil of this part of Ontario that the sugar beet enterprise in Peterborough was not brought to a successful issue. It will be remembered that of experimental plots grown throughout the Province a few years ago, those of Peterborough furnished the highest percentage of sugar value. The time may come when the enterprise of growing and manufacturing sugar beets in this district may become an accomplished fact.

EDITORIAL NOTES.

The crop-moving performances of the Canadian Pacific Railway this fall are, says the Globe, entirely creditable to the great railway.

The Ontario Government surveyors are now out on the last forty miles of survey of the extension of the Temiscamingue line to connect with the Grand Trunk Pacific. This represents the completion of a most important link in transportation.

To please his followers, Hon. Mr. Whitney must not only provide them with offices, but must provide for the emolyments also. The Brantford Courier is "kicking" because a newly appointed Whitney coroner hasn't been given any business since his elevation to office.

Hon. Premier Whitney and Hon. J. J. Foy will address the electors of Kingston to-night in the interests of Mr. McIntyre, the Conservative candidate in the Provincial bye-election. Dr. Beattie Nesbitt should go down to see that the conditions of the purity contracts are carried out.

The Globe, with innocent optimism, published the alleged draft of a drastic bill, to be introduced by the Whitney Government, to amend the License Law, but Mr. Whitney says "there ain't nothin' to it," and Mr. Spence, before the denial, said he didn't believe Mr. Whitney would do it.

Mr. Jules Helbronner, editor-in-chief of La Presse, Montreal, has had conferred upon him the distinguished decoration of Chevalier de la Legion d'Honneur, in recognition of his services in both the "Moniteur de Commerce," and later in La Presse, on behalf of more intimate French-Canadian trade relations. This honour is but a reflection of the honour, in which his Canadian fellow citizens hold him.

The London Free Press attempts to check the force of the criticisms of Whitney's inconsistency in regard to the succession duties by saying that as they were not an issue in the elections, "Mr. Whitney is under no pledge to reverse it, and has received no mandate from the electors so to do. Therefore he cannot be properly charged with want of faith on the point in question." That, says the Hamilton Times, is peanut politics with a vengeance. Whitney over and over again denounced the tax as "an outrage," called it "unmitigated robbery," and declared that when he came into power he would not tolerate it. When he came into power one of the first things he did was to legislate to make the "robbery" apply to smaller estates.

WHEN ALL HOPE WAS ABANDONED

Elzear Cote Found in Dodd's Dyspepsia Tablets a Speedy and Permanent Cure for His Stomach Troubles.

"I suffered for four years from stomach trouble. I consulted three doctors and they told me that I had Dyspepsia and no remedy would help me." So says Elzear Cote, of St. Hedwidge de Clifton, Que. But Mr. Cote found a remedy that those doctors did not know. It was Dodd's Dyspepsia Tablets and it cured him. He says:—

"Then I quit the doctors and started to take Dodd's Dyspepsia Tablets. After the first box I had no more trouble. It is now two years since I took them and I am still well. I do all my own work. I am never tired. That's why I recommend all who have stomach troubles to use Dodd's Dyspepsia Tablets."

Dodd's Dyspepsia Tablets digest the food themselves. This gives the overworked stomach a chance to rest and it naturally comes back to its normal healthy condition.

C. S. Yule Speaks To Maccabees

Membership Is Still Growing Larger.

At the regular meeting of Peterborough Tent 60, K. O. T. M. held in S.O.E. Hall Thursday night, a number of candidates were initiated by the Degree team of Peterborough Tent, assisted by Sir Kt. Deputy C. A. Yule, of Colborne and Sir Kt. Cameron, of Lindsay.

The local court of the Maccabees is growing rapidly, a large number of candidates being initiated at every meeting.

Sir Kt. Yule gave a short address at the close of the regular business. He spoke in reference to an article appearing in local papers of a recent date, explaining that the modern Maccabees mentioned in that article have no connection either fraternally or otherwise with the Maccabees of the Supreme Tent, under which the local tent is chartered. Neither has Mr. N. S. Boynton any connection with the Supreme K.O.T.M.

Lindsay Show.

—The Lindsay Poultry Show will be held next week. It is expected that Mr. Harry Lush and other local poultry fanciers will enter birds.

ALL IT NEEDED

There is more real oxygen in a liquified form in the "solution of Ozone (the coupon kind)" than in any other preparation of a similar nature. As a prompt cure in the killing of all inside germs of thirst, lungs, stomach or bowels, it has no equal when coupled with "Celery King" the famous laxative. That the stringent Ozone needed a tonic of this nature to procure the best results was so apparent that the Public Drug Co., of Bridgeburg, Ont., offer through your druggist a free package of "Celery King" with every fifty cent or one dollar bottle of "solution of Ozone (the coupon kind." Sold by W B. WARNE

Making Of A Man The Subject Of Fine Lecture

Rev. J. W. Pedley of Toronto Delighted a Large Audience at St. Paul's Last Night—Spoke of the Qualifications Necessary for Success—Good Health, Mind, Brains and Good Companions Were Some of the Points Touched Upon.

UNDER AUSPICES OF MISSION BAND

Despite counter attractions the lecture given by the Rev. J. W. Pedley, of Toronto, in St. Paul's church last night, was very well attended, in fact the spacious Sunday school was scarcely large enough to accommodate the audience. The lecture was in every way most enjoyable. The subject, "The Making of a Man," was treated in a manner that not only made it most instructive but amusing as well. A rich vein of humour ran through the address and at times the audience was convulsed with laughter. Rev. Mr. Pedley is a forcible speaker with an easy and eloquent delivery and held the attention of the audience for the hour and three-quarters in which the lecture lasted. Rev. W. McD. McKay occupied the chair and introduced the lecturer in a neat speech.

Rev. Mr. Pedley in beginning, congratulated Peterborough on its newly acquired honours as a city and wished it every success and prosperity.

In commencing his lecture the speaker quoted from Shakespere "All the world's a stage and all the men and women merely players. They have their exits and their entrances and one man in his time plays many parts." The trouble was that there were too many foolish parts. He attained the greatest wisdom who had played the least foolish parts. Oliver Wendell Holmes had said that the best time to begin the training of a child was 100 years before it was born. The speaker agreed that there was a great deal of truth in that statement. Heredity and environment were the two most important things. It was a fine thing to have a good father and mother but still better to have a good grandfather and good grandmother. As it was impossible however to begin 100 years back, the best thing to do was to begin as early as possible, and find an answer to the question "How to make a success of life."

Huxley had said that life was a great game of chess. The world was the chess board and the phenomena of nature the rules that governed the game. The player on the other side was invisable, but He was kind and just. If the player played well he was well rewarded; if the played ill he was checkmated every time without remorse. Hence the player should have a knowledge of the rules and similarly in the game of life.

The speaker passed on to discuss the various points necessary in the making of a perfect man. In the first place he must have good health. Everyone could spell health and all knew what it meant, but there were few who could stand up and say that they were perfectly healthy. Those who had good health rarely appreciated it until it had been lost. To be healthy was to be better in religion, better in business, better everywhere. It was hard to be happy without health. "How can a man be happy," asked the speaker, "with a stomach that doesn't know its business." Some held the opinion that there was an intimate relationship between sickness and piety. They even wanted their preachers to look sickly, pale and fragile. The saints of olden days had violated every rule of health. "It is no wonder," remarked Mr. Pedley, "that they had visions and thought they saw the devil."

Men and women who had made a tremendous and conspicuous success of life were as a rule, people of good health. Still it must not be thought that every healthy man was a great man. Carlyle had said: "Some people are animated patent digestives." However the question of health was of great importance. Here Gladstone and Henry Ward Beecher were given as examples.

The next thing to be considered was the development of the mind. This organ could be trained as well as the body but it was more often neglected. People who were proud of what they could do physically were not all ashamed of what they could not do mentally. People should be taught to think correctly and reason correctly. Because they could not think they became the prey of all ward heelers and low-down politicians. He would venture the opinion that the intelligence of the average voter in Canada was below that of the average voter in Great Britain, because in the Mother Country the people were taught to think for themselves.

Another thing to be careful about was the question of companions. The Bible said that no man liveth unto himself, and the speaker was sure that no man lived by himself unless he was shipwrecked like Robinson Crusoe. Here the speaker forcibly pointed out the influence of a man's companions on his character, and gave some good advice in selecting a companion. He advised the audience never to select a companion because he was funny and never to select those of a lower standard. The right companions were those who looked into the future with faith, hope and charity.

Rev. Mr. Pedley then discussed the advantages of having good manners and gave some excellent advice along this line and followed it with a discussion of books which he said should be read by everyone desiring to make a success of life.

At the conclusion of his most delightful lecture, a hearty vote of thanks moved by Rev. Mr. Torrence, and seconded by Mr. A. P. McLean, was tendered the speaker.

The lecture was given under the auspices of the Fraser Mission Band.

The BEST STOVE CO.

Some Dynamite And Soap Found

Probably the Property of the Perpetrators of the Hicks Robbery.

Mr. William Naylor, section foreman of the G.T.R., Belleville line, Peterborough section, has found some dynamite and soap, which was, presumably, the property of the men who blew up Mr. Robert Hicks' office safe, and escaped with $60, a short time ago. It will be remembered that the hatchet and cold chisel which were found at the scene of the burglary, and which for some time awaited an owner at the police station, were finally claimed by Mr. Naylor, who identified them at G. T. R. property. They were taken out of the Downer's Corners tool house, by the robbers, and it was just across the track from this tool house that the dynamite, wrapped in a rag, and the soap, were found, both being in a tin can, about the size of an ordinary tomato can.

Mr. Naylor some time ago missed a plank, and the other day noticed it alongside the road opposite the tool house. On raising up the plank he doiscovered the can, containing the soap and dynamite. Both showed the effects of dampness, the dynamite being crumbled up and somewhat resembling an oaten cake.

Mr. Naylor has handed over his discovery to the local police.

A Bright Morning At The Market

Beef is Still a Very Plentiful Commodity.

In view of the fact that very few attended last Saturday's market, and also because of the bright appearance of to-day, a large number were present there this morning. The sunshine was so warm that many dispensed with their overcoats to obtain the full benefit of the stimulating rays.

Buying and selling was generally very brisk and when asking the price of some commodity the familiar answer was "It's all sold."

Beef, as usual, was one of the most common articles on this morning's market. Only one load of wood was in evidence this morning, probably on account of there being no sleighing.

Potatoes were rather plentiful and also apples. Bellflowers sold at $1.00 to $1.25 per bag, and were in great demand. As the number of eggs brought to market is steadily increasing the price of last Saturday has got a fall and to-day they sold at 21c. and 23c. per doz. Fowl is becoming scarcer and only a few chickens, turkeys and geese were offered.

The following are the general prices of this morning's market:—

Butter, per lb	23	to	25
Eggs, per doz	21	to	23
Chickens, per pair	70	to	75
Geese, each	$1 00	to	$1 25
Turkeys, each	1 25	to	1 50
Beef, front quarter, per lb	05	to	5½
Beef, hind " "	6	to	6½
Pork, per lb	10	to	11
Apples, per bag	60	to	1 25
Potatoes, per bag	40	to	1 00
Beans, per bush	1 75	to	....
Cabbage, per doz	40	to	50
Onions, per peck	25	to	30
Parsnips, "	13	to	..
Turnips, per peck	5	to	..
Carrots, per peck	10	to	..
Honey per lb	10	to	..
Honey, per quart	30	to	35
Timothy Hay, per ton	9 00	to	10 00

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. 'Phone 199.

Young Men's Service.

—Rev. Wm. Mackay will conduct a service for young men in Knox church Sunday evening. All young people are cordially invited.

Information.

—Farm for sale. Houses to rent. Quaker Oats, 3 for 25c. Flour cheap. Vegetables of all kinds. Prompt delivery. J. R. Bell, 'Phone 455.

A Humorous Lecture.

"The Evolution of the Boy," will be the subject of a humourous lecture to be given by Rev. E. A. Langfeldt at St. Mark's church, Otonabee, on Thursday, Feb. 8th.

Auburn Church.

—Arrangements have been made for holding evening services in the Union church, Auburn, under direction of the Peterborough Layman's Evangelical Association, commencing Sunday, Feb. 4th, at 7 p.m.

Pancake Social.

—The Mothers' Guild will hold its annual Shrovetuesday's pancake social on Tuesday, Feb. 27. Rev. E. A. Langfeldt will give a lecture on St. Petersburg and Moscow, illustrated by 60 limelight views.

Appointed Trustee.

—The Trusts and Guarantee Company, Limited, Toronto, has been appointed trustee of the property of the late Johanna Crowley, of Toronto, in order to effect a settlement of disputes among the heirs to the estate.

Return the Five Dollars.

—A five dollar bill was picked up in front of the office of the Oriental Hotel yesterday. The man who picked it up is known and it will be in his own best interests to return it to the clerk at once. It is the property of one of the guests.

Camellia.

—The above is the name of one of the best brands of California seedless oranges. We have just received a carload of this fruit direct from the growers, and guarantee satisfaction to all customers using this brand of oranges. S. A. OKE, 376 George street. Machine telephone, 18; Bell telephone, 18.

A Record Run.

Mr. Thos. MacGillicuddy will speak at the popular Men's Meeting at the Y.M.C.A. on Sunday at 4 o'clock. The hall will no doubt be crowded. His subject will be one of his most popular addresses, "A Record Cross-Country Run."

Mr. R. Freund will sing. A collection will be taken to defray expenses.

Rev. Wm. Major to Speak.

—The next meeting of the Deanery of Northumberland will be held in Campbellford on Monday and Tuesday, Jan. 29 and 30. Rev. William Major will read a paper before the meeting on "The Second Coming of Christ." The discussion will be led by Rev. H. Caplan, of Havelock. Rev. E. W. Pickford, of Norwood, will attend.

A Puzzling Winter.

—This has probably been one of most peculiar winters that has ever visited Canada. Early in the season one was tempted to look for polar bear tracks in the snow, and now when one awakes in the morning he would be more likely to expect to detect the delicate aroma of orange blossoms in the air. It is rather a unique experience to have almost tropical weather in January.

First "Pop" To-night.

The first of a series of weekly "Pops" along the same lines as so successfully conducted last year, will be held in the Y.M.C.A. Hall to-night at 8.15 o'clock. The attraction for the evening is the popular humourist, Mr. Thos. MacGillicuddy, who comes to the city for the third time.

Prof. Milner will give several piano selections and Mr. D. Hughes Charles has kindly consented to preside.

Silver collection. Come early.

FREE ART EMBROIDERY LESSONS AT ADAMS.

Second Meeting For The Year Was Much Enjoyed

Ladies' Literary Association Give Delightfully Interesting and Instructive Programme Last Night—"Deportation of the Acadians" Formed Subject of Carefully Prepared Papers—Miss Condon's Essay Was Enjoyed.

SHAKESPEARE IS THE NEXT TO BE STUDIED

The second meeting of the Ladies' Literary Association of St. Peter's T. A.S. for the season of 1906 was held evening and like its predecessors was most successful in every respect. Miss Mary Cannon occupied the chair and the musical part of the programme consisted of two delightful piano solos played by the Misses Nora Coughlin and Josephine Conroy, which was a pleasing preliminary to the principal attraction of the evening, Miss Josephine Condon's essay on the "Deportation of the Acadian".

This clever young essayist handled her subject in a masterly manner, showing that she possesses literary skill, coupled with the art of conveying intelligence to the mind with pleasure to the ear, by the delightful way in which she read her essay.

Miss Condon began her paper by a quotation from Longfellow's "Evangeline".

This sweet, sad story considerably broadened, formed the basis of Miss Condon's essay.

In a clear and concise manner, the essayist gave the historical facts in connection with the expulsion of the Acadians, from the Treaty of Utrecht in 1713, which transferred them as subjects of Louis XIV of France to Queen Anne of England to their deportation in 1755. The character and behaviour of the Acadians, during this period must stand as the justification or condemnation of this unwonted deed. "The question is one of fact as to whether the Acadians were true to their oath of allegiance in its restricted form, whether the English failed to comply with the fourteenth article in the treaty of Utrecht, and whether the deportation was not planned and carried out for the purpose of enriching Gov. Lawrence and his immediate friends with the property, which the Acadians were forced to leave behind."

An historical work in which the event is most accurately depicted is that of Mr. Richard, who acknowledges his indebtedness to a history of Nova Scotia, written by Rev. Andrew Brown, of Halifax, later professor of Rhetoric in Edinburgh University. Mr. Brown conversed with many who were eye witnesses of the deportation and had a true knowledge of the circumstances. From August 1713, when the Acadians sent delegates to Louisburg to come to an understanding with the French Governor on the conditions of their transportation until 1730, the policy and purpose of each successive English governor was to prevent the Acadians from leaving the country.

Prevented from leaving the country, they asked as subjects of Great Britain that they be exempt from bearing arms against the French or Indian allies. This was not an unreasonable request, seeing that the English had violated the terms of the treaty relating to their (the Acadians) leaving the country, but this was also refused.

The loyalty of the Acadians to Great Britain during the forty-three years they occupied the country after the Treaty of Utrecht, is a phase of the question that demands the fullest and closest scrutiny and investigation as the justification or condemnation of their expulsion largely rests upon it. This question is answered by the English settlers of Acadia at that time, who said that during King George's War in 1744, when Acadia was four times invaded by the French, the Acadians rendered faithful to England, nor could not be induced to sever in their allegiance to the English sovereign.

The heart-rending deportation and subsequent events were described in a most beautiful and vivid manner, several apt quotations from "Evangeline" being interspersed.

At the conclusion of her excellent paper Miss Condon received very many congratulations from those who had the pleasure of hearing her essay.

At the next meeting, on February 9th, Miss Nora Fitzgerald will read a paper on "Shakspere".

Beautiful Cornet In Green's Window

The J. M. Greene Company, George street, have received a triple silver plated cornet from Buescher Band Instrument Company of Elkhart, Ind. The beautiful instrument has gold-plated keys with pearl dips. It has been ordered for Mr. White, Havelock, the price being $45.00. The cornet will be in Mr. Greene's window at Opera House until Monday. This company is accepting the agency for Ontario of the above firm and will have in stock some of the best instruments that can be procured.

THOMAS CURRAN.

The death occurred at St. Joseph's Hospital this morning of Thomas Curran, son of Martin Curran of Port Hope. The deceased, who was 16 years of age, had been ill with pneumonia. His relatives all live in Port Hope. The remains left for that town on the 11.45 train this forenoon.

PERSONAL MENTION

Mr. E. Noell, Chicago, is a guest at the Oriental.

Mr. W. H. Starkie, Sunderland, is at the Oriental.

Rev. McQuaig, Bridgenorth, was in Peterborough to-day.

Mr. L. E. Sylvester, Lindsay, was in the city yesterday.

Mr. L. Vander Mey, New York, is registered at the Oriental.

Mr. and Mrs. McCartney, of Bethany, are in the city to-day.

Mr. J. A. M. Bean, Toronto, is registered at the Snowden House.

Mrs. Wm. Merrell, who has been visiting friends in Lakefield, returned home to-day.

Rev. F. J. Scott has returned from Toronto, where he spent three or four days this week.

Mrs. (Rev.) F. J. Scott has been visiting at her home in Stouffville and will return to-night.

Dr. E. V. Frederick, of the University of Albany Medical Faculty, was in the city on Friday.

Miss Clara Hodgson, of Wheeling, Pa., is in the city the guest of her mother, Mrs. W. VanEvery, Rubidge street.

Mr. Warren Dean will go to Toronto to-night and will attend the National Chorus concert at which Miss Helen Davies will sing, Monday night.

Mr. Harry Simpson, teller of the Sovereign Bank, Havelock, and formerly connected with the local branch of the Ontario Bank, is in the city visiting friends.

Miss Elliott, who has been visiting her brother here for the past four months, leaves to-morrow by C.P.R. for St. John, N.B., where she will embark on the Allan Line steamer Corinthian for her home in London, Eng.

Miss Annie Buchanan and Mr. Ernest Moss, of Rush Point, spent Saturday in Peterborough.....Mr. and Mrs. Andrew Buchanan, sr., for a few days last week.—Havelock Standard.

Miss Winnie Dobbin, Simcoe street, entertained a number of her friends last night at a charming skating and tobogganing party at Jackson Park. After the outing the young people spent a very pleasant time at the home of Miss Dobbin, where refreshments were served.

Mr. E. J. Cowain, of the Star of the East Gold Mine, left last week for Cobalt.....Mr. R. L. Dobbin, of Peterborough, was in town on Friday.....Mrs. V. Pringle and sister, Miss Clara Eastwood, are visiting their uncle, Mr. Isaac Eastwood, of Peterborough.—Marmora Herald.

The Lakefield News says: On Thursday afternoon Mrs. Roland Johnson gave a charming "at-home" to a number of her lady friends at her residence on Queen street. The rooms were richly decorated for the occasion and presented a very inviting appearance. Mrs. Johnson, attired in black peau-de-soie over taffeta, with sequins, received in the spacious drawing-room from 3 to 6 o'clock. Miss Tanner, in her usual grace, invited the guests to the tea room, where the tables, draped in crimson chiffon and carnations on the white damask, looked very pretty and tempting, and the dainties of refreshments were served. Miss Millar, of Toronto, presided at the piano. Mr. and Mrs. Johnson again received in the evening from 8 to 9 o'clock. After the reception the house was thrown open to the enjoyment of the guests.

Miss Thompson, who has been the guest of Mr. and Mrs. W. Harper, left this week for a visit with friends in Peterborough.....Miss Ada Watson has returned home from visiting friends in Peterborough.....Mr. J. Trenoum, and Miss Josephine, of Peterborough, spent Friday in the village visiting friends.....Mr. and Mrs. J. W. Madill spent Sunday in Peterborough visiting friends.....Mr. John Henderson, of Peterborough, spent Tuesday in the village visiting friends.....Rev. E. A. Langfeldt, of Peterborough, will occupy the pulpit of St. John's church next Sunday.....Mrs. S. Nelson, of Peterborough, was visiting friends in the village this week.....Rev. E. A. Langfeldt, of Peterborough, delivered a lecture on the "Evolution of a Boy," at the Grove School on Thursday evening of last week. The lecture proved to be most amusing and was thoroughly enjoyed by those present.—Lakefield News.

MUSIC AND DRAMA

The old, but ever new story of Uncle Tom and little Eva was told last night in the Grand Opera House by the Al. Martin Company to a well pleased audience. The show was well staged and the scenic effects were particularly good. There were no specially meritorious stars, but the Company was well balanced, and gave a creditable show.

• • • •

It is a great pleasure to refer to the recognition of unusual ability implied in Miss Helen Davies being selected to sing the obligato solo in Dr. Bridge's cantata, "The Flag of England," which will be presented by the National Chorus, on Monday evening, January 29th. The idea of engaging a special train, to enable citizens to conveniently attend the concert is a happy one, and doubtless Miss Davies will feel gratified that she is proving an exception to the application of the saying that a prophet has no honour in his own country. Very frequently other choral societies import their soloists, but Miss Davies, a Peterborough lady, being selected over the numerous vocalists in Toronto, is a tribute to her vocal ability, of which she has good reason to feel proud.

• • • •

The American Vitagraph Company which comes to the Grand on Tuesday and Wednesday nights, brings to the city the finest moving picture machine on the market. The light is clear and steady and there is none of the distressing flicker so common to moving pictures. Among the fine views shown are "How Jones Lost His Roll," "The Miser's daughter," "License No. 13," "Moving Day or no Children Allowed." Mr. T. Kek Schilling, a well-known baritone with a rich, well trained voice, will sing illustrated songs, and Mr. Marvin Savage does his famous trick piano and banjo specialties.

• • • •

Another very successful rehearsal was held last night by the St. John's Dramatic Club in the church school last night, under the management of Mr. S. R. Bradburn, stage director. The club will present the 3-act drama, "The Blacksmith's Daughter," on Friday, February 16th. The production will be in aid of the Young Peoples' Association, and promises to be most interesting, and it should be well patronized. Mr. Will Dundass will take part in the programme and his popular musical numbers will no doubt be well received.

• • • •

Mr. William Bowman of this city refused an offer on Wednesday night to join the caste of "His Highness the Bey."

Firth-Eaton Combination

One of the highest quality concerts that has appeared here for some years will be at the Grand on Monday night when the Firth-Eaton combination will be the attraction. Mr. Francis Firth is one of America's most famous baritones, and C. Homer Eaton has no equal as a refined and clever impersonator.

Installation At Pontypool

Local Oddfellows Attended the Interesting Function.

A large number of local Oddfellows went to Pontypool last night to attend the installation of the officers of Pontypool Lodge, No. 296, I.O.O.F.

The brethren were present in large numbers and the function was a very pleasing one. The installing officer was D. D. G. M., J. W. Miller, P. G.; and the other local Oddfellows present were: G. M. Dr. Morrow, P.G., G. W. Bert Wallis, P.G.; G. R. Sec. W. S. Robinson, P.G; G. F. Sec. F. Wise, P.G.; G. Treasurer A. A. Fowler, P.G.; Dros. Dr. McKercher, J. W. Jordan, W. G. Morrow, William Cooney, Ed. Waud, G. H. Goodfellow, J. A. Barnard, Wm. Robinson and Geo. Dytener.

The following officers were installed:

Robert Gray..... ....J.P.G.
Robert Hallern... ... ...N.G.
S. Williamson... ... ...V.G.
L. Cain..... ....R.S.
G. H. Williamson... ... ...P.S.
Geo. Douglas... ... ...Treas.
R. McGill..... ....War.
G. Hill..... ....Con.
J. Hallern..... ....O.G.
J. Nicholloson..... ....I.G.
W. Finnie..... ....R.S.N.G.
D. McMullen... ... ...L.S.N.G.
J. Corbett... ... ...R.S.V.G.
N. Lathangue... ... ...L.S.V.G.
W. Corbett... ... ...R.S.S.
A. Porter... ....L.S.S.
S. L. McCabe... ....Chap.

After the officers had been duly installed a bountiful supper was served and a pleasant social hour spent, the usual after dinner oratory being very much in evidence.

Latest News Of Winter Sports

Pittsburg After Peterboro' Man

Professionals Would Like to Engage One of Local Seniors.

The fame of some of Peterborough's hockey players seems to have travelled abroad. An agent of the Pittsburg Hockey Club of the Professional League is in Toronto at present in search of two speedy forwards and though a well-known local gentleman has made overtures to one of Peterborough's best senior players. The figure named was $50 a week. The offer was, however, refused, and the Pittsburg man will have to look elsewhere for his players.

Counter Hoppers Beat All Rounds

Cressman's Counter Hoppers turned Rich. Hall and Sons' All Round Men somewhat lop-sided last night when they defeated the Big Circle aggregation by 5-0. The half-time figure was 3-0. The Counter Hoppers had the best of the struggle in all stages. The game provided plenty of amusement and was strenuous at times. The teams lined-up as follows:—

Counter Hoppers.		All Rounds.
Little	Goal.	Riley
Tetterson	Point.	Hunt
Bell	Cover Point	Davidson
Wilson	Forwards.	Gillespie
Darling		Rush
Meredith		McNicholl

Referee.—R. Todd.

HOCKEY

The many friends of Mr. Bruce Rickey in this city will learn with pleasure of the honour conferred upon him in Moose Jaw, Sask., as indicated by the following from a Moose Jaw paper:—

At a meeting of the hockey club on Tuesday night, Mr. Bruce Rickey was elected manager of the team for this season. The team is now practising hard, and under Mr. Rickey's management the should come out sure winners of this district.

• • • •

O'Brien's Rough and Ready"s challenge McPherson's Fliers to a game to be played as soon as possible. Manager Haley has his men in the pink

• • • •

The Examiner Hockey team although all previous challenges have been in vain, have decided to try once again to induce the Review team to don skates and come out to be massacred. With the addition of Big Chief Metheral of the Sukides, the Hunter street aggregation should be able to collect a team.

• • • •

The American Cereal team will play the Office Staff next week. Manager Distin of the mill team has his men in the pink of condition and they will be be all the noise when they strike the ice.

• • • •

There's a hackmen's union hockey league in Ottawa. Judging by the work of some of the 10 to 11 sevens that play here, they could easily qualify for any of the "hackmen's" teams.

• • • •

Peterborough always gets off lucky. They now have the championship of District No. 2, in the Intermediate O. H. A. series, without finishing the schedule. Port Hope having defaulted the two remaining games. The next O.H.A. game in which Peterborough will figure may be played between the winners of Groups 2 and 3, which will be either Whitby or Uxbridge.—Lindsay Post.

Two More Meets Declared Off

The Mild Weather Playing Havoc With the Ice Tracks.

Secretary Wm. Karew, of the Belleville Turf Club, phoned at noon to-day Mr. A. Rountree, secretary of the Peterborough Turf Club, that the Belleville races were declared off. The Picton races have also been declared off. The tracks in both these towns are in very poor condition, although there are twenty-two inches of ice on the Ottawa track.

Mr. Powel Will Bring Horses Here

Well Known Horseman Will be Here Next Summer.

Arrangements are about completed whereby Mr. Geo. Powell, of Orillia, will bring the following large string of horses to Peterborough this summer and train them on the Turf Club track:—

Silk Light, owned by Mr. Van Woodruff, Whitby; Green Pacer, owned by "Tim" Hayes, Oshawa; green pacer, owned by Dr. McAlpin, Lindsay; Joe Allen, 2.4 pacer, owned by Wm. Simpson, Lindsay; Orillia Belle, owned by Jos. Daly, Orillia; Minnie Bell and El-Paso, owned by George Powell, Orillia; pacers owned by J. Watson and W. J. Johnston, Bowmanville, unnamed.

BAREBALL

Mr. "Bobby" Stayne, for some time third baseman with the Peterborough Midland League team last summer, was in the city to take in to-night's smoker.

Aberdeens Beat Keene Team

Reinforced by Several of Their Trent Valley Team.

The Aberdeens won a decisive victory over the Keene team at Brock street rink last night. The score at full time was 7-4 and at the half 4-3 in favour of the locals. The Keene outfit was reinforced with several Trent Valley men, but even with their assistance could not win out. The game was a good exhibition of hockey, although a little rough at times and was witnessed by a large crowd.

Smoker At The Old Opera House

A Good Bill Will be Presented at Athletic Entertainment.

A good smoker will be held at the old Opera House to-night when the following will provide an interesting programme:—

Hauffman vs. Miller, in a four round bout; Teddy Andrews, in his brilliant club swinging acts; and Carroll, of Toronto, in ten rounds for a purse of $50; James Sharkey, Toronto, referee.

This smoker was to have been held last night but was postponed until to-night when it will commence at 8 o'clock. Both Carroll and Blake are in the city. Both men are said to be in good condition and will undoubtedly put up a fast fight.

Peterboro' Team Receive Caps

Given by O.R.F.U. to Championship Team.

The O. R. F. U. has distributed caps to the members of the Hamilton, Peterborough and Toronto Victorias teams, senior, intermediate and junior champions. The locals received their allotments yesterday. They are in the form of college caps and are made in the club colours, blue and white.

One Member Of The Family Curls The Other Golfs

residence; at 1 o'clock this afternoon, emerged to enter upon widely diverse seasonable and unseasonable amusements, the wife with caddy and golf equipment took a car for the golf links. The son and heir amused himself by sailing a boat in the little river, into which the January thaw had converted the gutter, while pater-familias went down to the curling rink for a game.

To Play Golf

This afternoon a party of ten or twelve members of the golf club are going up to the links to play a few rounds. At the conclusion of the play tea will be served at the club house. This is a remarkable and unprecedented occurrence—to see ladies and gentlemen playing the gentle game of golf on the 27th day of a Canadian January.

Old Country Weather.

Mr. T. H. Jardine informs the Examiner that the present winter weather makes him think of "Home." He says that the weather we are enjoying at the present is very like the prevailing winter weather in England from the Midlands south, and at times as mild as Devonshire and the Isle of Wight.

Picked a Bud Off the Tree.

—Mr. William Breen this morning picked a bud off a tree in East City. This may be attributed to the bright sunshine and the abundance of water.

Sewdley.

We are all pleased to have a little snow, but by the appearance of the weather at present it looks as though it were not going to last long. However, we will have to be patient and do as the photographer says, "look pleasant."

Gores Landing.

Nowadays we hear people remarking what an out-of-place winter this is; some say it is very much like a winter on the western coast; others, like the wet, slushy winter they have in England. But whatever it is like, we have to take it as it comes and as it is.

Garden Hill.

There is not much doing in our village at the present time, consequently news is scarce—the people are not accustomed to a winter like this, which comes only once in thirty years.

Plainville.

The January thaw has come at last, and has nearly taken away our sleighing.

J. SUTCLIFFE & SONS

A Blind Horse Causes Trouble

Jumped Into a Buggy Doing Considerable Damage.

A mixup of a very exciting and angular character occurred in front of the Examiner office on Saturday evening, about five o'clock.

While going down George street, a blind horse driven by a lady and attached to a rig, the property of Mr. Heard, of Ennismore, suddenly reared and alighted in a buggy owned by Mr. Wm. McIlmoyle, of Selwyn. The latter's hand was struck and badly cut by the caulk of the horse's shoe. The dashboard of his buggy was broken completely off and the shaft splintered.

Mr. McIlmoyle, at the time of the accident, was sitting in his rig waiting for his son who was in a store near by.

The horse not only appeared to be blind, but to have the "blind staggers," which were evidenced by the nature of its crazy-headed manoeuvres.

His peculiar capers were the means of arousing much curiosity among a large crowd that quickly assembled and gave much attention to the circus act.

A Press Club Was Organized

Members of the "Fourth Estate" Form Social Club.

An addition was made to the social clubs of the city on Saturday night, when the Peterborough Press Club sprang into existence. Embraced in its membership are the members of the editorial and reportorial staffs of the three local papers, and it begins life with every prospect of a brilliant future. Its function will be largely to afford opportunity for the members of the "fourth estate" to meet in a social way and exchange views on matters of interest in connection with the profession of journalism and there is little doubt that it will in the future demonstrate its usefulness, and that its good effects will be manifested. The officers, elected at this, the organization meeting, are:

Hon. President—Hon. J. R. Stratton.

Hon. Vice-Presidents—Messrs. F. R. Yokome, F. H. Dobbin, F. J. Jameson and W. H. Robertson.

President—M. J. Hutchinson, Examiner.

Vice-President—G. B. Vanblaricom, Review.

Secretary—B. T. Huston, Examiner.

Treasurer—C. S. Sawle, Review.

Executive Committee—Messrs. C. H. Clementi, Times; D. B. McCrea, Review, and F. Craig, Examiner, with the president, vice-president, secretary and treasurer.

A committee was appointed to draft a constitution, which will be presented at the next meeting of the club. The meetings are to be held fortnightly and on Saturday nights.

Representation Of Over Head Bridge

Mr. Jas. Edgecumbe, grocer, on George street north, with his usual enterprise, has a very creditable representation of the proposed overhead bridge over the Otonabee, in his window. The structure is composed of bars of soap, and several toy automobiles and delivery rigs add to the effect.

THIS YOUTH HAD A VERY NARROW ESCAPE TO-DAY

Jumped From Freight Train and Was Injured This Afternoon—A City Youth Who Was on the Wrong Train —His Head and Face Were Considerably Cut.

About 1 o'clock this afternoon a youth about 16 years of age had a very narrow escape from a serious if not fatal injury.

A freight train, going to Lindsay, with two engines on the front end and the yard engine at the rear end, had back to the south end of the yard to get a good start for the grade, the train being an extra heavy one. The boy had, before the train started, climbed on one of the cars, on the assumption that the train was going to Lakefield, and when he found that the engines were turning on to the main line at Brock street, he jumped. The car that he was riding upon was near Charlotte street, and by this time the train was going about 20 miles an hour. In jumping, the boy fell on the frozen ground and was cut considerably about the head and face. His upper lip was cut open and he was suffering considerably.

He did not give his name, but stated that he wanted to go to Lakefield. He has been identified as a resident of the South Ward, and attended the Murray street Separate School.

WAS COMPANION OF TELEGRAPH OPERATOR HIS LEGITIMATE WIFE?

Sudden Disappearance of Jas. Medd, Who Lived Here for the Last Month, Recalls Interesting Story—Woman Who Accompanied Him Was Formerly Wife of New York Man—They Lived in Brockville for Three Months —The Facts Concerning the Sudden Departure for the United States.

An interesting little romance in real life has just been brought to light by the sudden and apparently unwarranted disappearance from the city of the two principals in the affair.

About a month ago a young man accompanied by a young lady, who came as his wife, arrived in the city and took a position as operator in the stock broking office of Messrs. W. F. Nelson & Company. His name was James Mead, and he came here from Brockville, where they last lived for three months.

A telephone communication with that town this afternoon gave the information that when they came there about four months ago now, they came from New York, where the lady left a husband.

A detective in the employ of the husband followed the pair to Brockville and secured evidence to substantiate the fact that Mead and the woman were living together, and later, it is said, the woman's husband secured a divorce, her suit for alimony being defeated.

In Brockville, as in this city, according to all the information available, they conducted themselves with commendable propriety, and they made a number of friends, particularly in Brockville, where considerable sympathy for the woman was worked up. Although they were only there about a month, they were well liked by a number of persons with whom they associated.

Yesterday morning, however, they suddenly took their departure for an American city, where Mr. Mead stated that he had been offered a position.

The mystifying part of the disappearance, however, is that he did not mention to his employers his intention to leave the city. They apparently made the decision suddenly, to take their departure, and the first intimation the firm with which he worked had that he had gone or intended going was this morning, when he did not report for duty. He was a good operator and gave good satisfaction.

If, as stated, the divorce had been secured, and the woman's first husband had no legal claim upon her, there would appear to be no good reason why they should so mysteriously and so suddenly leave the city.

Struck On Head By Flying Plank

Painful Injury to Employee of Mann's Planing Mill.

—Wm. Jarvis, a resident of Lakefield, who is employed at E. H. Mann's planing mill, on Dublin street, met with a painful accident this morning. While sawing a plank a section flew up and struck him on the forehead, inflicting a deep gash. Dr. Carmichael rendered medical assistance and the injured man is doing as well as could be expected.

Great Laurier Banquet in Toronto

A Tribute to the Premier on February 21st.

The great banquet to be given in honour of Sir Wilfrid Laurier in Toronto on February 21 next promises to be one of the greatest events of its kind that has ever taken place in Canada. It is exciting intense interest all over the Province, and the necessarily limited accommodation of Massey Hall will doubtless be taxed to its utmost, and the ingenuity of the committee will also be taxed to its utmost to equitably place the applications flowing in.

Peterborough will, of course, be represented, and those wishing to secure places at the banquet would do well to hand in their names at once.

Tickets to the banquet have been placed at $3. This entitles the holder to a seat at the banquet board and to one reserved seat in the gallery—lady or gentleman, as may be arranged by the committee.

At the rate applications are going in those wishing to attend should act promptly. Those in Peterborough wishing to be present on what will prove to be an historic occasion should at once file their applications with Mr. Robert Kerr, secretary of the West Peterborough Reform Association, Box 943. On or before February 1 all applications must be in. Reduced railway fares will be arranged, particulars of which will be given later.

Denmark's King Has Passed Away

He Died Quietly This Afternoon at 3:30 O'clock.

Special to The Examiner.

Copenhagen, Jan. 29.—The King of Denmark died at 3.30 this afternoon. The King passed away quietly, surrounded by the Crown Prince and the Crown Princess and children and the Dowager Empress of Russia. The news of his death has caused widespread grief. Prince Royal Fredrik, the King's eldest son, is the heir to the throne.

Coroner's Jury Viewed the Body

Inquest on Dead Infant Held on Saturday.

The jury empanelled by Coroner Dr. Gray for the inquest into the cause of death of the infant found by Mrs. P. Sullivan in the Auburn raceway, met on Saturday afternoon at Bellegarde undertaking establishment. The jurors are: F. W. Miller, Chas. Stanton, Wm. Stabler, W. J. Johnston, Joseph Johnston, A. E. J. Hall, Rich. Sheehy, Maurice Conroy, Cornelius L. Hays, Adam Dawson, Hugh Wallis, Jas. Fleete, John Logan and W. P. Adamson. The jury agreed upon Jas. Fleete as foreman.

After the jurors had viewed the body Dr. Greer testified that the umbilical cord had not been cut. Only a post mortem would show whether the infant had been stillborn or not.

Dr. Greer was authorized to perform the post mortem, with Dr. Duggan as his assistant.

The inquest then adjourned until Thursday evening at 8 o'clock in the Council Chamber.

Special Services In Murray St.

Pastor of Baptist Church Will Conduct Evangelistic Meetings.

Every evening this week except Saturday special evangelistic services will be held in the Murray street Baptist church. They will be conducted by the pastor, Rev. F. J. Scott. The choir will assist with special music.

On Wednesday night after the special meeting, a business meeting of the newly-appointed committees will be held, and the Ladies' Aid will also hold a meeting.

Last evening the pastor preached to a large congregation, taking for his subject, "Get Right With God." The speaker's remarks were convincing, and an appeal was made, especially to the young people, to accept Christ as their personal Saviour.

A. O. F. Attention.

A special meeting of the members of Court Stanley No. 7620, A. O. F., will be held Monday, January 29, at 8 p.m., at the court rooms in O. F. hall, for the purpose of making arrangements for attending the funeral of our late brother, Geo. Morton, on Tuesday afternoon, January 30. By order, H. J. Hanwell, Chief Ranger.

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

For Prevention Of Consumption

Sixth Annual Meeting of the Association Will be Held.

The sixth annual meeting of the Canadian Association for the Prevention of Consumption and Other Forms of Tuberculosis will be held in the Railway Committee Room of the House of Commons, on the 28th of March next. The Honourable Senator Edwards will preside at the afternoon.

In the evening a public lecture will be delivered in the Leoture Hall of the Normal School by Dr. Arthur J. Richer, of Montreal, which will be illustrated with steriopticom plates showing the stages of consumption and some of the appliances now in use to check and cure the disease. The chair will be taken in the evening by His Excellency, Earl Grey.

THE TEST OF CIVILIZATION

SAYS REV. V. H. EMORY IS

WHAT WE DO FOR CHILDREN

Some Homely Trusts in Sermon in George Street Church Yesterday on the Duty of the Church to Children—Sunday School a Supplement to the Church, Not a Supplanter—A Plea for Childhood—Some Children Born Who are Morrally Certain to be Lost, Says Reverend Gentleman—Not Necessary to Sow Wild Oats—Annual Children's Day at George Street Sunday School.

SOME OF REV. VERNON H. EMORY'S EPIGRAMS.

"I want to tell some of you mothers why you do not bring your children to church in the mornings. It's because if they are a little noisy some people look cross at you, and you generally find that the woman who looks the crossest is the one who has fourteen children herself."

"The morning service is the place for the children, and if your pastor is of a nervous temperament and they disturb him, I'd change him at the end of this year!"

"If I cannot attach my children to the church and the Sunday school both, I'll have them in the church, because it will do more for them than the school—I won't say can, but does."

"There are children born into this world under conditions which tend to their damnation, and who are morrally certain to be eternally lost."

Yesterday was "Children's Day" at the George street Methodist church, and the usual services incidental to that day were held. The members of the Sunday school attended church in the morning and, as has been the custom in the past, occupied the front seats in the church. The Sunday school orchestra also lead the singing, which was hearty, and the selections were appropriate to the occasion.

The feature of the day, however, was the talk given by Rev. Vernon H. Emory, pastor of the Methodist church, Bowmanville. It was not a sermon in the strictest sense of the word, but it contained some good, wholesome advice. Rev. Mr. Emory is a man with a characteristic style; no one else is just like him, either in his manner or his method. The congregation of his church in Bowmanville has discovered that in the seven months that he has spent there. Precedents don't count with him. And because a man has not in the past, taken any special interest in the church, or its work, is not, in Mr. Emory's opinion, any reason why he should not begin to do so now, and his work there has been characterized by some unheard of circumstances, chiefly, brought about through the instrumentality of this pastor, whose aggressiveness and novelty of method have been largely responsible for an increased interest in the church. His pulpit manner is indicative of his character, and yesterday in the George street church he told his congregations some good, homely truths, in an original and convincing manner. He evidently does not go on the assumption that people go to church for the sole purpose of being placed in a solemn frame of mind. At any rate his pulpit utterances do not always have that effect.

The words upon which he based his remarks yesterday morning, although no book or chapter of the Bible was quoted, were "Our little ones," and he stated that his theme was "A Plea for Childhood." Speaking of the function of the Sunday day school, which, he interjected, he would change to Bible school, if he could, he stated that that institution should not supplant the church, but should supplement it. If the ideal Christian homes were general there would be no place for the Sunday school; but, since these homes are not general, it has its place, and the school should be made as broad as possible.

He spoke of the normal attitude of adult life to childhood, and quoted a well known German poet, who said, "I love God and little children," and illustrating the normal attitude of child like to adults, he recorded the story of the child who, in speaking of the death of George Washington, said "I have lost my best friends, my brother and George Washington."

"Children are appreciative," he said, "and when you go and place your hand on a boy's shoulder, and ask him how he is, he appreciates it."

"I look upon childhood as the most valuable asset of the church and the supreme test of organisation is represented by what we are doing for the children."

He endorsed the statement that there were few things that the church had not learned to do better than to attach the children to the church, but at the same time he believed it was true that there never was a time when more brain power was engaged in the study of child life than to-day. This is the day of childhood, but there is not enough being done yet.

"I want to plead," said the reverend gentleman, 'for the little ones. They came into this world little Christians — Christians in embyro."

"I believe—some of you I am satisfied, do not — that every child is born a Christian, and that he is a Christian until he commits an intentional sin."

He was glad, he said, that there were some who endorsed his views, and the number was growing.

"Listen," he said, and then he quoted a number of persons who supported the position taken by him.

"I want to ask you what child has the best chance in this world, the one you look upon as a child of God, and trust it is such, or the one you look upon as a child of the Devil, and trust it is such?"

But if the child has committed sin the sooner it is brought back to the church the better. He combatted the theory that it was necessary to sow wild oats.

He would plead with his hearers to feed the religious instincts of their children. "When you give your girl or boy books and clothes and food, you have not done your duty," said he.

"A little girl wrote a letter to her young friend and mentioned, incidentally, the fact that they had a new piano, but emphasized a new hair ribbon she had been given. Her special interest in the hair ribbon was doubtless due to the fact that she had seen her mother stand before the glass for a good long time.

"Mothers, if you would shed more tears on children you would shed fewer on wayward young men and women."

"I want you to remember," said Mr. Emory, "that boys are imitators."

"Men, have you ever reckoned with your influence upon the average boy?"

"I've known parents to thrash their children for something they do themselves, and if the children weren't here this morning I would tell you that I'd like to thrash the parent who would do such a thing."

"Teachers, I want to tell you that the children are shrewd, and you can't fool them on your ill-prepared lesson. They know as well as you do whether you have studied it or not."

Illustrating the truth of his statement as to the shrewdness of children, Mr. Emory gave some conundrums, to which children gave answers. Two of them are, "What is a miss?" The answer given was, "A woman that wants a man," while to the question, "What ranks next to man," a child answered, "A shirt."

In conclusion, the speaker said that the children were in the market and there were four bidders, the world, the flesh, the devil and God. If any of the first three succeeded in getting the children, the result would be disastrous, but if the church got them, as it should, they would grow up credits to the community.

Rev. Mr. Emory preached again at the evening service.

Fruit Growers Are Alarmed

The fruit growers in the Niagara Falls district are much distressed over the present mild weather. The trees are beginning to bud, and it is feared that a heavy frost may come before the winter is over and ruin the crop. In spite of the fact that the people, especially in the cities, are delighted with this weather, it is well to remember that it has in many respects, great disadvantages, and that "all that glisters is not gold."

OBITUARY.

THOS. J. DELANEY.

Mrs. W. J. Morrow received word late on Saturday of the death in Florence, South Carolina, of her brother, Mr. Thos. J. Delaney. The telegram announcing his death gave no particulars as to the length of his illness, nor the cause of death; but was the first intimation his friends here had of his having been ill. The shock, therefore, was all the greater.

The late Mr. Delaney was quite well known here, where he lived until about fourteen years ago, when he left for the United States, where he has since resided. He was in business in Florence with Mr. R. W. Muncaster, also a former resident of Peterborough. He was unmarried, but leaves to mourn his loss three sisters, Mrs. W. J. Morrow, Mrs. Dr. Ward, Montreal and Miss Alice Delaney, of Peterborough, and one brother, Dr. W. J. Delaney, of Naugatuck, Conn.

No particulars were given as to when or where the funeral would take place.

JAMES SPENCE.

Mr. Alex. W. Spence, C.E., a member of the engineering staff of the Trent Canal, has been in Ottawa, where he was called by the serious, and as results proved, the fatal illness of his brother, James. The Ottawa Free Press of Friday says:

In the death of Mr. James Grant Spence, which occurred this morning, after a long illness, at the residence of his father, Mr. J. B. Spence, C.E., 736 Maclaren street, a well-known, talented and popular young man has passed away. He was 32 years of age. The deceased, who had been in the lumber business for ten years past, went to Manchester, England, in September, 1904, as the manager of the Imperial Lumber Company, a position given him in recognition of the ability he displayed while with the company in the Queen City. About a year ago, while in the Old Country, he contracted a cold and pleurisy and was obliged to return home in February last. Prior to his employment with the Imperial Lumber Company he was with the McGillivray Lumber Company for several years. The late Mr. Spence was the possessor of a fine tenor voice, and sang almost since he was a boy in knickerbockers in the Bank street church. He also took a prominent part in the Royal Cadet when it was presented here, and other amateur theatricals. Some years ago the deceased was one of the fastest skaters in the city when racing was more common than it is now, and was the winner of many prizes. Mr. Spence was a member of the Free Masons. He is survived by his parents, three brothers, Thomas A. Spence, Alex. W. Spence, C.E., and David I. Spence, and one sister, Mrs. Harry Ketchum.

The funeral will be held on Monday at 2.15, from the family residence to Bank street church, and thence to Boeshwood Cemetery.

JACOB DOUPE.

One of the oldest and most respected residents of the city passed away yesterday morning at 7 o'clock in the person of Jacob Doupe, Robinson street, East City. The deceased was 66 years of age. He was born near Kingston in 1840, and when quite young removed with his parents to Belmont Township, where they resided for some time. The late Mr. Doupe came to Peterborough in 1872, and had lived in the city ever since. Until six months ago he had been janitor of the East City Public School, the flag of which is to-day flying at half-mast in respect to his memory. He had been ill for about six months with Bright's disease. His wife pre-deceased him about 16 months ago.

Two sons and one daughter survive. They are James, of El Paso, Texas; Bruce, of Peterborough, and Mrs. Whisker, Peterborough. Four brothers, Samuel and Joseph, of Havelock; Henry and Ousley, Michigan; and two sisters, Mrs. Dafoe, Havelock, and Miss Sarah Doupe, Pittsburg, are also left to mourn his death.

The funeral will take place tomorrow afternoon at 2 o'clock from the family residence, Robinson street, East City, to Little Lake Cemetery. Rev. J. G. Lewis, of Mark street Methodist church, will conduct the service.

GEORGE MORTON.

A sad death was that which occurred yesterday, when George Morton, only son of Mr. Archibald Morton, Lundy's Lane, passed away, after an illness of over two years with tuberculosis. The deceased, who was 29 years of age, was one of the city's most popular young men, and his demise will bring grief to all who knew him. He was a brass-finisher by trade, and before his illness was an employee of the C. G. E. Co. He was a prominent member of Court Stanley No. 7680, A.O.F., and that society will conduct the funeral.

He is survived by his parents and two sisters, Ella and Maud, both residing in Peterborough.

The funeral will take place on Tuesday afternoon at 3.30 o'clock from the family residence, Lundy's Lane, to Little Lake Cemetery.

WILLIAM O'BRIEN.

The death occurred this morning, after a long illness of William O'Brien, 536 Rogers street, East City. The deceased was 45 years of age, and was born in Douro township, where he resided until seven years ago, when he removed to Peterborough. He was well and favourably known both in Peterborough and the county. A wife and six children survive.

The funeral will take place on Wednesday morning at nine o'clock to St. Peter's cathedral, and thence to the Roman Catholic cemetery for interment.

ROBERT JAMES NEILL.

The many friends of Mr. W. J. Neill, 358 Sherbrooke street, will sympathize with him in the death of his infant son, Robert James, who died yesterday, aged six months. The child's mother passed away only a short time ago. The funeral took place this afternoon.

Sunday At Park Street

Interesting Services Were Held There Yesterday.

Prayer meeting this week in connection with the special movement in the Park street Baptist church, will be held on Tuesday at the home of Mr. Thos. Cummings, Chamberlen street, led by Deacon Inkpen. Wednesday at the church, led by Messrs. Roy Jackson and Charles Barrie. On Friday at Mr. David Oliver's, Westcott street. A platform meeting will be held next Sunday evening, when four mechanics will conduct the service.

Mr. T. MacGillicuddy, of Toronto, preached last night in the Park street Baptist church to an immense congregation. It was in the form of a chat Gospel sermon, aptly illustrated. Mr. Jas. Tranter sang by request, "Tell Mother I'll be There," accompanied by organ and cornet. The revival fire is still burning. In the aftermeeting, led by the pastor, a number signified their intention to lead a new life.

In pursuance of her constant desire to have a coaling station in the Atlantic, Germany, according to an *Echo de Paris telegram from Lisbon*, hopes to establish such a depot in the Canaries.

The Smallpox Infected Districts Get $200 Each

A Grant of This Amount Made to Chandos and Methuen—To Assist the Councils to Pay Cost of the Outbreak—Solicitor's Salary Increased to $150—Request of Horticultural Society Left to Committee to Deal With.

OTHER RECOMMENDATIONS OF FINANCE REPORT

The report of the Finance Committee of the County Council, which was presented on Saturday, and adopted, provides for a grant to the small-pox infected townships, and a number of other important grants. It is as follows:

1. That a grant of $200.00 be made to the Township of Chandos towards their expenditure in connection with the recent smallpox outbreak. That a grant of $200.00 be made to the Townships of Belmont and Methuen for the same purpose.
2. That a grant of $200.00 be made to the Children's Aid Society.
3. That John R. McKelvie, having taken out an auctioneer's license in October last, and paid the full fee therefor, be granted a license for the present year on payment of a further sum of $12.50.
4. That no action be taken upon application of Geo. D. Humphries for a grant on account of services in South Africa.
5. That E. H. Scott, T. W. Gall, Wm. Spencer, W. Y. Cross and Andrew Chatten be granted one horse peddlar's license free for the year 1906.
6. That By-law No. 869 be amended by making the license fee for persons carrying a basket, hawking or peddling on foot or with a push cart, $5.00.
7. That a special allowance of five dollars be made county constables, through whom convictions may be properly secured for breaches of the Hawkers' and Peddlars' By-law.
8. That the Council take immediate steps to erect a House of Refuge for the county.
9. That the whole council be a committee to inspect possible sites for the erection of such building.
10. That the application of the Peterborough Horticultural Society be referred to the warden, chairman of the committee, Mr. Carey, and the county solicitor, with power to act.
11. That the payments set forth in Statement "A," attached of accounts passed by the Treasurer, on the authority of the Warden, and under contract, be confirmed.
12. That the accounts set forth in the Statement "B" be paid.
13. That fifty cords of wood be purchased from Mr. Thos. Nicholls at five dollars per cord, delivered at Court House, such wood to be of quality approved of by the Warden and jailer.
14. That the matter of lighting the county buildings be left with the Warden and Messrs. Carey and Garbutt, with power to act.
15. That the Warden, Mr. Garbutt, Mr. Buck and County Solicitor be instructed to enquire into the right to have the portion of the Foley Estate now available, applied for the charitable purposes named in the will, with authority to take such steps as they may deem best.
16. That the salary of the County Solicitor be increased from $100.00 to $150.00 for services specified in the by-law appointing him, and that the Treasurer's bonds be paid for by the Council.

City Mission Band Meetings

Financial Statement Shows a Creditable Balance.

Rev. Mr. Burnham of Uxbridge, has been with the City Mission Band at their third Quarterly services, which were held on Friday and Saturday nights and on Sunday. To those who are seeking and longing to be delivered from sin a special invitation is extended to attend the meetings of this Mission. A number through its instrumentality have sought and found salvation.

The following is the financial statement in connection with the work of the Band from Nov. 4, 1905, to Jan. 28, 1906:

Receipts.

Bal. carried forward... ... .$	3 70
Free will offerings in hall...	102 35
Donations...	78 52
Storage rent.....	10 000
	$194 57

Expenses.

Rent and lighting of hall $61	20
Pastoral work.....	71 22
Stove, pipe and zinc...	10 50
Chairs for hall...	35 32
Fuel for hall.....	8 20
Water rates...	1 50
Bal. on hand.....	6 63
	$194 57

W. Butcher, Sec.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Comscon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles, and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

ON SUNDAY, TOO.

Some town boys, while strolling about the woods on Sunday afternoon, came upon a huge lynx at the edge of the swamp on Mr. Webster's farm northwest of the village. The brute gave two or three hideous growls, and, with a few powerful leaps, disappeared into a thicket. The boys say that it was as large as a collie dog.—Norwood Register.

The Financial Statement Was Read Yesterday

Finances of St. Paul's Church in Good Condition.

On Thursday night the annual congregational meeting of St. Paul's Presbyterian Church will be held and the reports of the work for the year will be presented. Yesterday the financial statement of the year was read to the congregation, and showed a credit balance of the year's operations of $547.02, by which amount the congregation is better off this year than it was a year ago. The statement is as follows:—

A. R. McLEAN,
D. F. McWILLIAMS,
Auditors.

The reports of the different departments of the church will be presented at the annual meeting.

Applications Are Asked For

Farmers Wanting Help Should Apply at Once.

Adjt. Jennings, who has charge of the Salvation Army Immigration Department in Eastern Ontario, received word to-day from Capt. Tudge, of Toronto, to the effect that on Thursday he would leave for England to make arrangements for the despatch of the first boat load of emmigrants for Canada. This boat will leave on March 1st for this section, and any farmers who are in need of men at this date should communicate at once with Adjt. Jennings, or direct with Capt. Tudge.

About 2,000 men will come on this first boat, which will be followed about a month later by another 2,000.

Clarence Shaw Was Perplexed

Didn't Realize That He was Given His Conditional Liberty.

Clarence Shaw, a shoemaker by trade, and who, apparently, from his boisterous conduct on George street Saturday night, has a very strong liking for "bootlegs," appeared before His Worship Police Magistrate Dumble this morning, on the time honoured charge of being drunk and disorderly.

"Well, I guess I am guilty," said Clarence when he was asked to plead.

"How long do you want?" asked the court.

"If you let me go I will try and keep sober," was the reply.

He was let go, but with the warning that if he did not pay $2 in ten days he would be forced to water the rosebushes at Castle Nesbitt.

John Dunford let a cart for hire without having a license. His case was enlarged for a week. "Get a license in the meantime," said the Magistrate, or it will be bad for you—it will be bad for you anyway," he added, "but if you don't get a license it will be worse."

After the court was over Clarence still sat in the prisoner's box, apparently not realizing that he was free; even when he got to the bottom of the stairs he headed for the barred row, and was in a manner told a kind friend showed him the street door.

The First "Pop" Of The Season Great Success

Mr. Thos. MacGillicuddy Gave Lecture on "Our Neighbors."

The second series of Pops in connection with the Y.M.C.A. was held on Saturday evening in Association Hall, there being a large attendance. The feature of the evening was the popular lecture by Mr. Thos. MacGillicuddy, of Toronto, on "Our Neighbours." This lecture has been given very many times, and everywhere has been well received. The fact that this is the third time that Mr. MacGillicuddy has appeared in this city, together with the crowded house which greeted him on Saturday evening, demonstrated his popularity with Peterborough audiences.

The chair was occupied by Mr. D. Hughes Charles, who fulfilled the duties of that office in an ideal way. Prof. Milner rendered several piano solos prior to the lecture and delighted all who heard him.

Mr. MacGillicuddy proved himself a splendid entertainer and while his lecture bubbled over with humour he always makes good hits along the line of everyday philosophy. He told of the many different kinds of neighbours, the sociable, the stingy, the cheerful, and in fact, presented almost every character that one meets. His stories are well chosen, and told in his own inimitable way. Mr. MacGillicuddy held his audience from start to finish. At the close a hearty vote of thanks was tendered him, moved by Mr. E. B. Edwards, K. C., and seconded by Mr. Richard Lees.

The second Pop will be held on Saturday evening next. Rev. E. A. Langfeldt will give his lecture on "The Evolution of a Boy." He will be greeted by a crowded house, no doubt. Mr. H. M. Dennistoun will preside. Tickets will be issued for the Pops after this. These can be had from the office of the Y. M. C.A. or from any member of the Association. The admission will be by silver collection as before but 300 seats will be reserved for tickets holders. The tickets will be issued on Wednesday.

Gospel Meeting Well Attended

A large audience greatly enjoyed the Gospel and Song Service at the Y.W.C.A. yesterday. The origin and romance of "Nearer My God to Thee," and "Rock of Ages," were given by Misses Loughhead and Griffith; Miss R. Dawson sang the Glory Song, and the audience joined heartily and sympathetically in the different appropriate songs, which were sung.

With New Blood In the Arteries
YOU WILL FEEL NEW VIGOR AND CONFIDENCE THROUHOUT THE WHOLE BODY.
DR. CHASE'S NERVE FOOD

Do you know what it is to feel well — to feel young and hearty and vigorous—to feel full of energy and ambition—to enjoy work and to look forward hopeful and confident of the future.

This is the natural way to feel when your blood is pure and rich and your nerves are a-thrill with life and vitality.

This is the way you will feel if you revitalize your wasted and depleted nervous system by the use of Dr. Chase's Nerve Food.

Not in any miraculous way—not after the first dose or the first box, it may be, but when your system has been gradually built up — your blood enriched and new vim and vigour instilled into the nerves.

Dr. Chase's Nerve Food is a wonderful medicine, but its wonders are accomplished in nature's way, by thoroughly restoring the elements lacking in a run-down body.

No other treatment for the nerves acts in exactly this way. Some relieve by deadening the nerves — some by excessive stimulation.

Dr. Chase's Nerve Food brings about lastingly beneficial results by forming new, rich, red blood, and creating new nerve force.

Mr. George W. Lawson, a farmer living near Comscon and well and favourably known throughout Prince Edward County, Ont., writes:—

"About one year ago I was taken sick and felt myself failing every day. I consulted and doctored with several eminent physicians, but received no permanent benefit. In fact they told me they could do nothing for me except afford temporary relief, as it was a general breaking up of old age. My nerves were exhausted and my whole system completely broken up.

"I was just at death's door, and, thinking my time to die had come I gave up hope and resigned myself to fate. At this time my wife read in the papers about some of the wonderful cures being brought about by Dr. Chase's Nerve Food, and I began using it.

"This treatment helped me from the first, and I continued to keep it up for about six months, when I was fully restored to health. To-day I am a well man and made so by Dr. Chase's Nerve Food at a trifling cost. All this in spite of the fact that I spent a large sum of money with physicians only to be pronounced incurable. Though in my 76th year I feel as well as I did at twenty, and can walk as smartly as any of the boys."

There is lots of evidence of what this great food cure has done for others. Ask your neighbours about it. Fifty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

Sunlight Soap

is a perfect cleaner and will not injure anything.

Best for all household purposes. Sunlight Soap's superiority is most conspicuous in the washing of clothes.

Common soaps destroy the painted or varnished surfaces of woodwork and take the color out of clothes.

Even the daintiest linen or lace, or the most delicate colors may be safely washed with Sunlight Soap in the Sunlight way (follow directions).

Your money refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.

5c. Buy it and follow directions 5c.
Lever Brothers Limited, Toronto 167

BE BRIGHT—WELL—STRONG
BUILD UP WITH FERROZONE

Ferrozone Adds Vigor and Strength to the System, Purifies and Enriches the Blood, Vitalizes the Nerves and Assures Permanent Good Health.

Let your fight for health begin now, before you feel any warning of physical collapse.

Your whole system needs a thorough cleansing. Likewise, the blood should be purified, made rich and nutritious.

The one cure for that tired, drooping feeling is Ferrozone, the acknowledged king of all tonic medicines.

To restore your appetite you need Ferrozone, certainly you do.

You need it to restore your nerves and to enrich your depleted blood.

The strongest reason why you need Ferrozone is because it will build up your run-down system and make you well.

It's because we know Ferrozone is absolutely certain to cure that we urge everyone in poor health to use it. If depressed, tired, nervous, sleepless, Ferrozone will make you cheary, bright and happy, because it will make you well.

FERROZONE
A Good Appetizer.
MR. AUBREY E. TEMPLEMAN, of Meehan, writes: "I have found the greatest satisfaction in using Ferrozone, and consider it is the best tonic made. I was all run down a few months ago, and in a very miserable state of health. I took a few boxes of Ferrozone, and was surprised at the result. Ferrozone drove away that dull, heavy feeling, and put my system in splendid order. I am never nervous or sleepless, and have a hearty appetite. This is all due to Ferrozone, which I recommend in the strongest way possible."

FERROZONE
Gives Real Vigor.
MRS. NORMAN MACADAM, of Bridgeport, writes: "I am in good health to-day as the result of Ferrozone. Before using Ferrozone I was tired and miserable, lacked energy and ambition. But Ferrozone altered all that. It has built up my system, and given me more real vigor than I ever had before. Ferrozone is a good tonic."

Ferrozone Makes the Weak Strong—the Sick Well.

Ferrozone is sold only in 50c boxes, containing 50 Ferrozone Tablets. Six boxes for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

MUSIC

THE PETERBOROUGH CONSERVATORY OF MUSIC

The Conservatory of Music offers all the advantages to the pupils that are given by attending the leading institutions of the Province. The Faculty includes teachers and instructors of international reputation.

The concerts, recitals and derby association which are open to the pupils, are, in themselves, worth more to the student than the cost of tuition.

Each Department is under the direction of a specialist. Pupils taken from the beginning to graduation, and prepared for any musical examination. Full particulars and syllabus will be sent on application.

NIAGARA POWER.

The Toronto News thinks an end ought to be put to the export of Niagara power. But the Brantford Expositor asks, what good that would do. The power companies doing business at Niagara are producing a greater amount of electric energy than Ontario can find a market for, and the result of such action on our part would merely be to drive to the other side of the line an investment of capital which we ought to have the benefit of. By the terms of the agreement the concessionaires are obliged to hold one-half the power produced by them available for use in Ontario, and this is all that can reasonably be asked.

EDITORIAL NOTES.

Rev. Dr. Torrey preaches a literal hell to the people of the Queen City, and the Hamilton papers regard it as fitting the punishment to the crime of being Torontonians.

"All hogs should come to Toronto," says the Toronto World. "Of course, they should. Where else could hogs fee lso much at home?" is the natural remark that comes from the Hamilton Herald.

The present seems to be the dark age of Conservatism. In the domain of Dominion politics, the Conservatives are sadly disorganized, and in the House of Commons were never in such a fragmentary and numerically small condition. The elections in Great Britain have resulted in the smallest number of Conservatives in the House in the history of the House of Commons.

The director of the Dominion Meteorological Service comes to the rescue and submits an explanation of our slippy January weather. It appears that the sun doesn't belong to the union, nor believe in the eight-hour movement. He has been working over-time, and, as a result, we have "an increased out-put of solar energy." This may be a satisfactory scientific explanation, but it doesn't furnish snow to get cordwood to market.

The Dominion Deputy Superintendent-General of Indian affairs, in his comments on the last year's work, suggests the adoption of a simpler system, by which those Indians who wish to do so may break loose from the tribal customs and take their places as Canadian citizens. "There seems," says Mr. Pedley, "little room for doubt that a workable plan for enfranchisement may enable the Indian to make a start in the direction which Indian legislation has at any rate its theoretical object, viz., the breaking up of separate racial communities which have in whole or in point reached the highest point of development attainable under tutelage, and their amalgamation with other national elements." In other words, Mr. Pedley thinks the time has come when Indians so deserving should be weaned from the nursing bottle, and made to hustle for themselves.

Stovepipe Falls On Boy's Wrist

An accident with probably serious consequences happened to "Jimmy" McMartin, aged 13, of Otonabee, on Saturday.

He was assisting in joining some stovepipes, when one dropped on his right hand, severely cutting it below the wrist.

The little fellow was in great pain for some time, and it is not likely he will be able to use his hand for a considerable time.

LOUIS BELL'S HOCKEY STICK IS RECOVERED

Young Russell Discovered Evidence Which Establishes Beyond Doubt That Young Bell Was Drowned--His Hockey Stick Found Frozen in the Ice.

A discovery which may yet lead to the recovery of the body of Louis Bell, the Auburn youth who, it will be remembered, disappeared some weeks ago under circumstances which led to the belief that he had been drowned in the canal, and although there has since been some doubt expressed as to whether he had been drowned, the discovery referred to, namely, his hockey stick, which was found yesterday by George Russell, a boy who lives in Auburn, sets all doubts at rest, and there is now no question that he was drowned.

The stick has his initials cut on it, and was found frozen in the ice in the canal, east of the Golf and Country Club grounds, at the point where the canal widens into a lake.

It is probable that the search for the body of the unfortunate youth will now be renewed.

THE RESIDENCE OF MRS. HUSTON, 484 SHERBROOKE STREET, WAS BURGLARIZED LAST NIGHT

Thief Stole Nothing But Money—Took Two Watches But Left Them on Back Door Steps—The Family Was at Church--Robber is Supposed to Have Left by Front Door, the Key of Which Was Left Under the Mat.

Sunday night seems to be the time chosen for all Peterborough burglaries and last night, while Mrs. M. Huston, 484 Sherbrooke street, and family were at church, another of those daring robberies, which has lately caused such sensation in this city, was committed. Two watches, a silver one of considerable value, a very valuable gold watch and chain, (the watch valued at thirty-five dollars and the chain at twenty-six dollars), a five dollar gold piece, a two dollars and a half gold piece, seven dollars in bills and twenty-five cents in silver, were the articles stolen. The criminal, for some reason or other, left both watches on the back door steps where they were discovered early this morning by P. C. Adams, who went to investigate the robbery. No traces of the guilty party has yet been found.

Before going to church Mrs. Huston locked the front door and left the key under the front door mat, from which place it was apparently taken by the thief, as no windows were raised or other means of entrance employed. The key was found under the door mat when the family returned at 9 o'clock.

The house where the robbery was committed is the second one east of the North Monaghan boundary line.

About 7.30 last night Mrs. Brittain, who lives next door to Mrs. Huston, noticed that her neighbour's residence was all ablaze with light and that even the woodshed and stable were illuminated. She naturally concluded that the occupants of the residence had not gone to church. She also saw, about the same time, a man passing between the two houses but suspecting nothing, paid no particular attention to him.

Everything in the house was turned topsy-turvy, but nothing was broken or damaged, and no harm done, save where some matches had fallen, which lighted burning holes in a couple of mats upstairs and in the downstairs hall table cloth. The drawers in the dressers and sideboards were thoroughly searched and every nook and corner where the robber thought he could find anything of value inspected.

In the front bedroom the electric light had burned out on Saturday night and Mrs. Huston had not replaced it at the time of the burglary. This negligence to provide a new lamp was very lucky for the thief, seeing that the defective lamp did not turn his attention to the dresser in this room, which contained over sixteen dollars in cash.

The crime does not appear to have been committed by a professional thief, but by a boy or youth, probably between the ages of fourteen and eighteen, who was too frightened to risk taking any spoil except the cash, and for that reason left the watches behind.

Are Opposed To Hon. N. Monteith's New Bill

County Council of Opinion That the Present System of Electing That Body is the Best—Not Favourable to Proposal to Revert to Old System.

The County Council, which closed its January session on Saturday, discussed, during the meetings, the proposed change in the method of electing the county councils. The general opinion of the members of the Peterborough County Council was that the change was not desirable.

It will be remembered that Hon. Nelson Monteith has stated that it is his intention to introduce at next session of the Legislature a Bill to revert to the old system of electing the County Council, which would mean a very considerable increase in its size. The members of this Council are of the opinion that the present method is much more desirable, both because the business is transacted more expeditiously and at much less expense to the county.

A number of other county councils have taken the same position, and the warden was appointed by the council to attend a meeting of the different county municipalities which will be held in Toronto, when this question will be discussed.

Prizes Presented At St. Andrew's To Faithful Scholars

At the close of the Sunday School services at St. Andrew's yesterday afternoon the prizes and diplomas awarded for attendance, proficiency in lessons and conduct were made by Rev. J. G. Potter. For prizes it was necessary to attain 85 per cent. of the total, and for diplomas 65 per cent. The winners were as follows:

Prizes.

Grade I.—Eva Bartley, May Menzies, Maggie Reid.

Grade II.—Grace Dawe, Laura Grant, Ruby Hart.

Diplomas.

Violet Copeland, Helen Harper, Ethel Rae, Ethel Robson, Blanche Hart, Frank Saunders, Eva Stenton, Jean Falconer, Hazel Batten, Gertrude Yenny, Mary Carter, Iva McIntosh, Eva Curry, Jennie Saunders, Roma Langford, Laura Grant, Edna Sharpe, Constance McKnight, Jessie Stevens, Robert McKnight, Ida Grant, Helen Henry, Annie Reid, May Laing, Mary S. Potter.

The silver medals given by the Session for attendance at church were presented as follows:

Grade I.—Eva Bartley, Mamie Menzies.

Grade II.—Mary Carter.

Grade III.—John Falconer.

The Primary Department gifts were presented to Misses May Henry, Ria Potter and Adelina Grant.

Lindsay Wants The Division Of New Line

Effort Made to Locate Division Point There.

It appears that the old-time rivalry between Peterborough and Lindsay is again in evidence. The latter town is after the divisional point of the C.P.R. on its Peterborough-Victoria Harbour line. The officials of that town, too, interviewed the superintendent asking that the line touch Lindsay, as they had learned that the surveyed route was some four or five miles north of the town. The Post, reporting Mr. Timmerman's visit, says:

"Yesterday a party of C.P.R. officials passed through in a special car attached to the 12.25 train. On the return trip at 4.30 the party were met at the C.P.R. station by representatives of the Council and Board of Trade, comprising Mayor Vrooman, Aldermen Rea, Eyres and Maunder, ex-Mayor D. Ray, Messrs. D. Cinnamon, Wm. Flavelle, J. Carew and several others.

"The C.P.R. officials were Mr. H. P. Timmerman, general superintendent, Ontario Division; Mr. G. Spencer, local superintendent; Mr. A. L. Hertzberg, chief engineer, Ontario lines; H. Grout, district engineer; D. J. McDonnell, roadmaster; L. L. Rhons, bridge and building inspector. Mayor Vrooman called Superintendent Timmerman's attention to a report that the Peterborough-Victoria Harbour line would bridge the Scugog some four or five miles to the north of the town, and hoped that this would not occur. In reply, the superintendent said that, as it was the policy of the company to attract all the traffic possible, both passenger and freight, it was not at all likely that Lindsay would be sidetracked.

"Reference was then made by the Mayor to the possibility of having Lindsay made a divisional point, His Worship intimating that to secure this advantage the Council would strain a point or two in the way of concessions. Superintendent Timmerman's reply was to the effect that nothing had yet been arranged, but a question of that kind was regulated by length of run. Good-byes were then said, and the train steamed out."

DOCTORS ENDORSE HERPICIDE

Because Its Formula Is Submitted to Them.

Alexander McMillan, M.D., a prominent physician of Lansing, Michigan, writes: "On three cases I have tested Herpicide for dandruff, and the result has been all that could be desired."

Herpicide is made upon an entirely new principle, that is, that dandruff and falling hair are caused from a microbe that infests the hair bulb, and, by destroying the microbe, one's hair is bound to grow luxuriantly. Herpicide is the only hair remedy that claims to, and really does, destroy the dandruff germs.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Strangers' Tea Well Attended

The monthly Strangers' Tea was held at the Y.M.C.A. last evening, there being a large attendance of strangers who have recently come to the city, including those from Grand Rapids, Yorkshire, Wales, and a number of places in Canada. Mr. R. E. Harding presided. The tea was provided by the ladies of St. Luke's church, Mrs. F. J. Jameson being convenor of the committee.

The BEST STOVE CO.

Occupants Of Rig In Double Danger

An incident with a very dangerous appearance happened at the C. P. R. crossing, George street, this afternoon. Mr. John Bell, Cedar Park, North Monaghan, and his two sons were driving into the city and on reaching the crossing they found the guard gate down and a freight train going east. While the train was passing the gates arose, but as Mr. Bell was driving over, the south one fell with a crash within a few inches of his horse's nose. The animal became frightened and backed onto the street railway track, just as a car was passing south, which was only stopped after breaking six or seven feet off the guard gate and within a foot of the wheels of Mr. Bell's rig.

Nothing but a miracle could have saved the occupants from the double impending dangers which threatened them and it was with a sigh of relief that they emerged from the mix up.

A BROAD STATEMENT.

This announcement is made without any qualifications. Hem Roid is the one preparation in the world that guarantees it.

Dr. Leonhardt's Hem-Roid will cure any case of piles. It is in the form of a tablet.

It is the only pile remedy used internally.

It is impossible to cure an established case of Piles with ointments, suppositories, injections, or outward appliances.

A guarantee is issued with every package of Dr. Leonhardt's Hem-Roid, which contains a month's treatment.

Go and talk to your druggist about it.

The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

DIED.

MORTON.—At the family residence, Lundy street, near North Monaghan boundary, on Sunday, January 28th, 1906, George Morton, eldest son of Mr. Arch. Morton in the 20th year of his age.

Funeral from the family residence on Tuesday, January 30th, at 3.30 o'clock p. m.

Anniversary Sermons

AT ALL SAINT'S CHURCH

By Toronto Pastor

Rev. L. E. Skey, of St. Ann's Church, Delivered Two Earnest Discourses—Large Congregrations Were Present at Both Services—Special Music Was Effectively Rendered by the Choir—Children's Service in the Afternoon Was Cancelled.

The anniversary services in connection with All Saints' church were held yesterday, when the special preacher was Rev. L. E. Skey, of St. Ann's church, Toronto. Large congregations were present morning and evening, and the services were most interesting. Rev. Mr. Skey is a vivid and forcible speaker, and his earnest discourses could not fail to have a good effect on his hearers. The children's service which was to have been held at 3 o'clock was cancelled owing to the fact that Rev. Mr. Skey was suffering from a severe cold.

In the morning the text was I. Corinthians, vi., 9-10,—"What? Know ye not that your body is the temple of the Holy Ghost which is

REV. WM. MAJOR,
Rector of All Saint's Church, the Anniversary of Which Was Celebrated Yesterday.

in you, which ye have of God, and ye are not your own? For ye are bought with a price; therefore glorify God in your body and in your spirit, which are God's."

In beginning, Rev. Mr. Skey said that he intended to speak of the foundation of true church life and church work, and this was found in St. Paul's injunction to the Corinthians. The foundation was one of consecration redemptions. Christians should realize that they belonged no longer to themselves, but to God. Many professed Christians were not standing on a right foundation. If they were asked whether they were children of God they did not know. They hoped that such was the case, but they were not sure. This lack of knowledge affected the work of Christ.

On the Day of Judgment the great majority of those who were condemned would not be condemned because they were murderers, or thieves, or idolators, but because they lived as though they were their own instead of God's. While they professed to be God's, they lived for themselves. They thought of how much they could put in the bank, or how big a house they could build,

REV. L. E. SKEY,
Of St. Ann's Church, Toronto, Who Preached in All Saint's Church Yesterday.

and they lived for self and family who should have lived for God. It was the awful sin of omission, the things they did not do, instead of the things they did do that would condemn them.

The moment we realize all Christ has done for us we should kneel down at His feet, as it were, and say, "Lord Jesus Thou hast died for us that we might be free from sin. Let me go with Thee and be Thy servant." Enlarging on this subject, Rev. Mr. Skey said that unless people laid down their lives at the feet of Jesus they were no Christians. This was shutting out some who looked upon themselves as Christians. There must, however, be a great surrender to God.

When people took the Sacrament of the Lord's Supper they were acknowledging the redemption they owed to God. When they partook of the bread and wine they were conscious of the body and blood of Christ which had been given up for them years ago on Calvary. As they took them they not only acknowledged what was owing to God, but also the necessity of giving up body and soul to Him. Every time they took the outward symbols they said, "I give myself, my body, my soul, my mind to Thee."

In I. Peter, 1: 18-19, there was the idea, "For as much as ye know that ye are not redeemed with corruptible things as silver and gold. But with the precious blood of Christ as of a lamb without blemish and without spot." If people acknowledged that they were not redeemed by gold and silver, but by the love of God Himself, they should realize that they owed God not merely gold and silver, and they had to lay down their lives for Christ. It was necessary that there should be a life for a life. There was not such a thing as love that did not mean sacrifice. Jesus proved His love for us by giving His life that we might be saved. Christians should show their love for Him by showing their willingness to lay down their lives for Him. It was easy to sing for Him and to give for Him, but it was not easy to live for Him.

Louis XI. had consecrated the city of Boulogne to the Virgin Mary, but yet kept all the revenues. Such was the case with many Christians. If only one-tenth of their revenue was consecrated to Him what a difference it would make. The speaker referred to the willingness of the Canadians to enlist in the South African war. They were anxious to fight because they were Canadians. Yet when people heard the call come for men to go to the far-distant parts of the world and preach the gospel, how few were found willing to go. It proved that there was something wrong. Christians should surrender to God. They had not need of being afraid to trust Him.

Professed Christians gave perhaps twenty-five cents a year for the support of men who were dying for them in the mission field.

The speaker closed with an exhortation to surrender to God and get the right foundation of Christianity.

Special music was very effectively rendered by the choir at both services. In the evening Messrs. H. Morphet and A. Elliott sang the duet, "Hark, Hark, my Soul. They were in excellent voice.

Following is the music:

Morning—
Hymns Nos. 300, 81, 215, 273.
Venite, Woodward.
Gloria, Higgins.
Te deum, Sustance.
Jubilate, Schilling.
Anthem, "O, Taste, and See," Sir John Goff.

Evening—
Hymns, Nos. 298, 240, 295, 30.
Gloria, Loud.
Magnificat, Plummer.
Anthem, "O Praise God," Softer.
Duet, male voices, "Hark, Hark, my Soul," Nevins.
Vesper, Five-fold, Amen.

N.C.O. Send Letter Of Condolence

o Court of the Late Sgt. Cedric Sanderson.

Out of sympathy for the relatives of the late Cedric Sanderson, the Non-Commissioned Officers of the 57th Regiment extended the following letter of condolence to the bereaved aunt of the deceased boy:

Peterborough, Jan. 25, 1906.

Mrs. J. Milburn.

Dear Madam,—At a special meeting of the Non-Commissioned Officers of the 57th Regiment of Peterborough Rangers, it was resolved that a resolution of condolence be forwarded to you in reference to the death of your beloved nephew and our late comrade, Sargeant Cedric Sanderson, whom we esteemed as a soldier and a man, and who led an exemplary life. May He that said, "In six troubles I will be with you, and in the seventh I will not leave you," comfort and soothe you in this hour of trial.

Signed on behalf of N.-C. O.

Sergt. W. Batten, President.
Col.-Sergt. W. Roberts, Secretary.

Clark's Pork and Beans.

A perfect food for energy and vigorous health. Steaming hot in five minutes. It makes your mouth water to think of it.

—A meeting of the Chancel Chapter will be held to-morrow afternoon at 4.45. All members are requested to be present. The Mothers' Guild meets on Wednesday at 2.30 p.m.

Miss Ada Heath

elocutionist, of the Toronto Conservatory School of Expression, who has been engaged by the Peterborough Conservatory of Music, will begin her duties on Monday next, Feb. 5th.

Mistake in Figures.

—Through a mistake in the report of St. Andrew's Church, published on Friday, it was stated that the Sunday School's outstanding accounts amounted to $461. It should have read $61.

Receipt for $3 Found.

—A receipt for $3 in favour of Mrs. Wilson, and signed by A. V. Hill, was picked up on Rubidge street on Saturday. Mrs. Wilson may have the same upon application to the Examiner office.

St. Andrew's Church.

—The meetings to be held in St. Andrew's this week are as follows: Monday, Young People's Society Christian Endeavour. Wednesday, 7.30 Teachers' Training Class; 8 o'clock, Prayer Meeting. Mission Survey. Friday, 7.30, Boys' Junior Guild.

Camellia.

—The above is the name of one of one of the best brands of California seedless oranges. We have just received a carload of this fruit direct from the growers, and guarantee satisfaction to all customers using this brand of oranges. S. A. OKE, 376 George street. Machine telephone, 18; Bell telephone, 18.

Interesting to Power Users.

—Two large wagon loads of Reeve's celebrated wood-split pulleys were delivered Saturday at the works of Mr. G. Walter Green, McDonel street. These are the first shipments from the manufacturer to Mr. Green, who has been fortunate in securing the agency for these pulleys in Peterborough.

The Record Run.

—The popular meeting for men at the Y. M. C. A. had the largest attendance of the season yesterday. The speaker was Mr. Thos. MacGillicuddy of Toronto. His subject was "A Record Cross Country Run," which was a description of the runners bearing the news to King David of the death of his son "Absalom." Mr. MacGillicuddy's address was full of spiritual depth and created a lasting impression on many who listened. Mr. R. Freund sang a solo in a manner which added much to the meeting.

IF

you miss your EXAMINER a single night, 'phone No. 57. If you don't complain we have no means of checking the delivery boy and rectifying the trouble.

THE INVICTUS SHOE

Latest News Of Winter Sports

Nearly every University in the United States is up in arms over the football question. This college wants to banish football and that college wants to banish it, while the students are dead against such a movement. But the faculty is beginning to find out that the students went stand for the abolition of the game and the "reform" movement have now begun and is being carried on in full swing. It is not only being stirred up in the universities but the high schools have taken it up and three of the Detroit High Schools have selected members of the faculty as coaches. If these coaches rake in as much long green as the professional coaches have done, they will soon be able to retire from the instruction of Latin, Greek, Mathematics and other lines of mental elevation and edification. The time will soon arrive at the rate things are going now, when the professors will be engaged to rub down the track athletes.

With college professors as coaches and otherwise actively identified with sport and educated and refined prize ring champions, a la Jack O'Brien, who according to a despatch, possesses considerable "poetic sentiment" the world seems to be whirling in the wrong direction.

The big wave of football reform that is at present attracting the attention of all followers of sports on the other side of the line has not yet reached Canada, and probably never will. The game as it is played in Canada is just about as satisfactory as it can be made. In spite of the fact that the big intercollegiate matches draw gates away up in the thousands, the comparatively unpretentious games at Riverside Park last fall were probably more truly satisfactory to both players and spectators than the famous intercollegiate struggles. There was harmony in the ranks of the players in the former case and the best of feeling was always pevalent while in the latter case it was "beat the [illegible] them".

The most unsatisfactory piece of business that the local team was up against last fall was the arrangements made for the finals with Ottawa II. Through their action the C.R.F.U. has lost a good deal of its prestige in Peterborough and in Ontario, generally. But it was an "eye opener" for the home and the future they will be wide awake and on the lookout for all raw deals.

CURLING

There will be a meeting of the Curling Club to-night at 8 o'clock to receive the report of the organization committee. All members of the club are asked to attend, what will be an important meeting.

• • • •

The weather looks very promising for the district games to-morrow which were postponed from last week. District No. 3, composing two rinks from each of the following places will play here:—Oshawa, Keene, Colborne, Lindsay, Fenelon Falls, Bobcaygeon, Port Hope, Lakefield, and Peterborough.

J. P. Rogers has been named as the umpire.

T. F. Matthews and T. Brightman will skip the local rinks.

The winners of the six districts have the privilege of playing for the Governor's prize at the final games in Toronto.

• • • •

At the Brock street rink on Saturday night between the hours of 7 and 8 o'clock the St. Andrew's Guards vanquished the Railway Clerks by a score of 5-3. At half time the score stood 3-1 in favour of the winners. Mr. Ira Moore made an efficient referee.

Following was the line-up:—

Clerks		Guards
Logan	Goal.	Elliott
Miller	Point.	Watt
Dobson	Cover	Rose
Rosborough	Rover	Morphet
Richardson	Centre	Dayman
Reid	Right Wing	Currie
McNern	Left Wing	Henderson

The St. Andrew's Guards next game is with the Baraca Bible Class of the Murray Street Baptist Church on Friday night next from 10 to 11.

Strong Partnership

"When in need of liquid oxygen for the speedy removal of any internal germs, ask your druggist for the "solution of Ozone (the coupon kind)". With each bottle is given free a package of "Celery King" a popular tonic laxative needed to cleanse the system after the stringent effect of the concentrated Ozone. We have the sole right to manufacture "Celery King" and thus are able to include with every bottle of "Solution of Ozone" a coupon good for a free package of the famous laxative which is essential to the best results in the use of Ozone. Both products manufactured by the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE. 7

Many Hockey Games Booked

List of the Brock Street Fixtures for the Week.

The popularity of the Brock street rink for hockey games is evidenced by the fact that every available hour this week is engaged. The list of games scheduled for the week is:—

Monday, January 29.—Canadian General Electric Staff and G. T. R. Office 10 to 11.

Tuesday, January 30—American Cereal Works office staff team vs. Mill team.

Wednesday, January 31.—Pill Pounders vs. P.B.C.

Thursday, February 1—Adam Hall's and Adamson and Dobbin's.

Friday, February 2—Two Baraca teams.

Saturday, February 3—All Saints', 5.30 to 6.30. G. T. R. Hockey Club, 7.00 to 8.00.

HOCKEY

The Centrals intend to play the Groves in Lakefield next Saturday.

• • • •

Roy Armstrong has again been refused a permit to play with Newmarket.

• • • •

An artificial ice plant and hockey rink may be established in London, Ontario, next season.

• • • •

Merrell and Meredith's challenge LeBrunn to a game of hockey to be played as soon as the rink can be arranged for.

• • • •

The Peterborough Shovel and Tool Company's team challenge Best's Happy Thoughts to a game as soon as the ice can be procured.

• • • •

The Belleville Intelligencer rings the bell for the following hard knock:—Referee Waghorne likes a ladylike game. He should face the puck on a doyley every time.

• • • •

Berlin II. have won the championship of intermediate O.H.A. group No. 6 and are seen to be putting up pretty fair hockey. Krueger, Gilbert, M. and V. Cochrane are on the line-up.

• • • •

Mr. A. Turco He's hockey team of the Peterborough Lock Co., challenge Adam Hall's Souvenirs to a game of hockey on Brock street rink at any time the rink can be procured.

• • • •

The following of the Victors are requested to be at the Y.M.C.A. rink at 7 o'clock in full uniform if there is ice,—O'Reilly, Fox, Giroux, Pratt, Wade, Foster, Harrison, and as many of the Juniors as possible.

• • • •

The employees of the C. P. R. and Dominion Express Offices challenge the employees of the G.T.R. and Canadian Express Offices to a game of hockey to be played in Brock street rink this week, weather permitting.

• • • •

The crowds that have attended the city league games this year have been satisfactory to both the teams and league officials but have not been nearly as large as they should have been. The city league teams should be encouraged just as much as the "big seven" and although the games are certainly not as fast it is most interesting to all true sports to watch the progress of the younger athletes for next season they are going to give a lot of the seniors a close run for a place on the senior team and that's no idle speculation.

• • • •

Edwards, the cover point of the Rankers will be out of the game for the [illegible] year with a sprained shoulder sustained in the Bankers-Charlotte Street City League game last Thursday night.

TURF.

The hardest part of the whole thing is to think that the elements favoured Lindsay.

• • • •

There's one consolation anyway. There's not much danger of the summer races being spoiled by snowdrifts.

• • • •

Great preparations are being made for the Ottawa meet and the track is being looked after with as much care as if it were a huge treasure.

That child's "Good Morning" rhyme, "Good Morning Merry Sunshine" is blacklisted in all the local turfmen's nurseries. "Jingle Bells" is also very unpopular.

• • • •

Where would we have been had we held the races on Friday and Saturday?" said a prominent member of the Turf Club. "In the hole" cheerfully replied the other fellow.

• • • •

A great many who like to see the ponies move are glad to hear that Mr. George Powell, of Orillia will bring a large string of horses here next summer for training purposes. Mr. Powell is a veteran reinsman and he and his horses will doubtless attract large numbers of railbirds to the Driving Park.

Chimney Blaze This Morning

A chimney blaze occurred this morning at Frederick J. Peters residence, 33 Parnell street. An alarm was sent in and the firemen were quickly on the spot. It was very lucky that the blaze did not amount to much, as a fire may place but in a stove would not have been very acceptable at such a temperature as prevailed this morning.

A Lady's Glove Found.

A lady's black kid glove may be had by the owner upon application to this office.

CORRESPONDENCE ON CURRENT TOPICS

THE DOURO CLERKSHIP.

To the Editor of the Examiner:

Dear Sir,—In reference to my recent deposition from the position of Township Clerk of Douro, which I held to the general satisfaction of every resident of the township for more than a third of a century, and which position I filled without having ever heard one slur cast at my honesty, integrity or ability, I would ask you to allow me the privilege of saying a few words in your valuable paper.

I would suggest that the scriptural advice offered to "Him that standeth, that he take heed lest he fall", is deserving of deep consideration. The parable of the servant who, after being forgiven a heavy debt, and was ungrateful enough to expel his fellow servant from office might, well be given consideration by the Reeve, in connection with my dismissal from office to make room for the Reeve's brother-in-law, Mr. J. J. Allen, who is also a brother-in-law to Councillor Frank Leahy.

It is well known that I did not "resign" the Clerkship, but was uncermoniously discharged by the casting vote of Reeve Moher, this was done largely through political motives.

It is known to every resident of the township, that I was never better, either physically, or mentally, than now, and that I am as fully capable of filling every duty, of the Clerkship as well as when first appointed thirty-three years ago.

A peculiarity of the minutes of the council meeting held January 8th, is that under the caption of "Appointments to Office"—"Mr. John J. Allen, once more clerk". Query,—When was this gentleman clerk before? Our newly fledged councillor, Mr. J. Walsh, made his debut by demanding me to send in my resignation as clerk. This I refused to do, saying, I could take my medicine. Mr. Walsh then moved seconded by Frank Leahy, that I be dismissed from the office of clerk. Mr. Quinlan and Mr. Jory voted against the motion, when the Reeve declared my dismissal confirmed.

Yours truly,
WM. O'BRIEN.

Folk Lore Will Be The Subject

Next Monday night in St. John's school room, Mr. Dennisoun will give a lecture on "Folk Lore."

Mr. Charles Mitchell will assist in the music with his excellent concert phonograph.

Mr. Jardin, the musical director, hopes to arrange a first class musical programme for the evening.

Dies in California.

Belleville, Jan. 29.—A telegram announces the death of A. E. Bignall, formerly inspector of the Merchants' Bank, and accountant in the same bank here. He was in the city a few weeks ago, and was engaged to be married. Death took place in Riverside, Calif.

He Fought in '37.

Ottawa, Jan. 29.—Major Horatio A. Wickstead of Ottawa, one of the last survivors of the force that took the field at the time of the 1837 rebellion in Lower Canada, died Friday night, aged 95. He was a native of Kentshire, and came to Canada in 1834.

Railway Bride On Fire.

St. Johns, Que., Jan. 29.—The C. P. R. bridge caught fire last night, and two hundred feet is already destroyed, and the wind is blowing a gale from the north. Trains are delayed on both sides of the river.

A Rhodes' Scholar.

St. John, N. B., Jan. 29.—Ralph St. John of Sussex, N. B., was chosen Rhodes' scholar for New Brunswick Saturday. He is a graduate of the University of New Brunswick (1901).

BLOOD HUMORS

PIMPLES
BLOTCHES
ERUPTIONS
FLESHWORMS
HUMORS

Many an otherwise beautiful and attractive face is sadly marred by unseemly Blotches, Pimples, Eruptions, Fleshworms and Humors, and various other blood diseases.

Their presence is a source of embarrassment to those afflicted, as well as pain and regret to their friends.

Many a cheek and brow—cast in the mould of grace and beauty—have been sadly defaced, their attractiveness lost, and their possessor rendered unhappy for years.

Why, then, consent to rest under this cloud of embarrassment?

There is an effectual remedy for all these defects, it is,

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear.

Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face. I paid out money to doctors, but could not get cured, and was almost discouraged, and despaired of ever getting rid of them. I thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since."

Burdock Blood Bitters has been manufactured by The T. Milburn Co., Limited, for over 20 years, and has cured thousands in that time. Do not accept a substitute which unscrupulous dealers say is "just as good." "It can't be."

"We May Win" Is The Best The Conservatives Say

Nervous Hopes of the Kingston Conservatives.

DESPITE PREMIER'S PRESENCE

Premier Whitney, Hon. J. J. Foy and Hon. Dr. Reaume Address a Meeting at Kingston Saturday Night—Government's Policy Foreshadowed by Mr. Whitney, and Several Alleged Scandals Retailed.

Kingston, Jan. 29.—Announcements by Premier Whitney as to the policy of the Government on several questions of importance, the promise of Hon. Mr. Foy that the public is to become acquainted with "some things discovered at the Parliament buildings," the retailing of several alleged scandals, and a not too subtle allusion by Hon. Dr. Reaume to alterations and improvements at the asylum, were the features of the eleventh-hour rally held in the Town Hall here Saturday night in the interests of Mr. D. M. McIntyre, who opposes Mr. E. J. B. Pense, the former member, and the present Liberal candidate in the by-election. Mr. H. W. Richardson, President of the Kingston Conservative Association was in the chair. Legislation to increase salaries of teachers, to make monopoly in school books impossible, and to improve the primary schools was foreshadowed by Mr. Whitney, who also outlined the principle of the Government's pulpwood policy.

It was an excellent meeting, with an abundance of enthusiasm manifested throughout. The same remark applies equally to previous meeting addressed here by the now Premier of Ontario on behalf of gentlemen who in days gone by thought to their ultimate humiliation and regret that they could beat Mr. Pense. The bringing of Hon. Dr. Reaume to the gathering Saturday night seems to have been an inspiration born of fear produced by the awakening of Mr. McIntyre and his friends to the fact that they have been losing ground since the battle commenced. Mr. Pense has held no meetings, a proceeding which at first the Conservatives affected to treat with amusement, which later changed to wonderment, and finally gave way to reluctant admiration for the course the Liberal candidate has pursued. They found that his personality and his trust in the good sense of the electorate has not been misplaced, and hence that cry to the powers that be at Toronto, "Bring Reaume to help us." The doctor was as genial as usual in his address, even when dealing with the alleged "atrocities" of the late Government, but the Liberals do not fear the effect of any of Saturday night's speeches. They know the Conservatives are frightened, their boastful predictions having given way to nervous hopes of "Well, we may win."

ALIBI FOR GOVERNOR VANZANT.

Was In Toronto On the Day of the West Elgin Election.

Toronto, Jan. 29.—An affidavit filed by T. J. Woodcock, J. P., of Newmarket on Saturday sets up a complete alibi for Governor VanZant of Toronto jail, against whom an imputation has been made that he was in St. Thomas on January 12, 1899, the day of the West Elgin election, and personated a deputy returning officer. Mr. Woodcock's affidavit sets forth that the late Judge McDougall, Joseph T. Stokes, and Garrett R. VanZant were in 1899 the members of the Board of Audit for York county, that the board met in Toronto on January 5, 6, 7, 12, 13 and 14, 1899, and that the whole of the members were present. It is understood that a copy of the affidavit has been forwarded to Provincial Secretary Hanna.

Swift Co. Cut Out.

Port Huron, Mich., Jan. 29.—Swift & Co. has cut off its meat trains, which have been running daily over the Grank Trunk for three years.

Bank Teller Has Smallpox.

Thedford, Jan 28.—Mr. McArthur of the Sovereign Bank here has been taken down with smallpox, and moved to an isolated building.

THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to "change of life." I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."

Price 50 cents per box, three boxes for $1.25, all dealers, or The T. Milburn Co., Limited, Toronto, Ont.

Crew Drowned In Wreck On The Pacific

Another Disaster On the British Columbia Coast.

SCHOONER ELLA G. IS LOST

Capt. Alex. McLean of the Carmencita Among the Six Men Who Went Down With the Vessel When She Turned Turtle—Admiral Courbet Ashore Near Carmanah, B. C.—Only 37 Valencia People Saved.

Victoria, B. C., Jan. 29.—The fishing schooner Ella, G., a small "Pinkie" schooner of about, 15 tons, is reported from Bamfield to have been lost with all hands, six in number, having turned turtle in the southwest gale of Tuesday, when the wind blew from 50 to 60 miles on hour. There were six men on board, one of whom was the notorious sealer. Capt. Alexander McLean, whose escapades with the sealing schooner "Carmencita" caused United States Government to order a revenue cutter to arrest the vessel.

The Ella G. left Victoria on Saturday, the 20th, on a fishing cruise off the Vancouver Island coast, in the vicinity of the entrance of the straits.

She was seen on Tuesday last by settlers at Carmanah Point, standing off Bonilla Point, two miles to the eastward of Carmanah, and, according to those who then watched her, she did not pass out and appeared to be acting strangely. Last night there were rumors that she had been lost.

A despatch now comes from Bamfield Creek to the effect that the schooner had turned turtle, and all on board were lost.

May Be Another.

There are fears that a big barque will be driven on the Vancouver Island coast near Carmanah. At 5 o'clock yesterday afternoon the lightkeeper at Carmanah reported that a large barque was within a mile from shore two and a half miles west of Carmanah Point, and a big swell was setting inshorewards. The tugboat companies were notified so that attempts could be made to salve the vessel if possible. It is believed here that the barque in distress is the Admiral Courbel, which was lost from the tug Pioneer when being towed to Puget Sound inward from San Francisco on Tuesday, and has not been heard of since.

Government Inquiry.

An Ottawa despatch says the Canadian Government has ordered an investigation into the wreck of the Valencia.

Premier McBride announced yesterday that the Provincial Government would co-operate with the Dominion Government in a life-saving scheme for the west coast of Vancouver Island.

Only 37 Saved.

The total number of the survivors of the Valencia is shown to have been but thirty-seven of the total on board the steamer of 154 persons.

The survivors who drifted into Barkeley Sound on a raft speak highly of the bravery of both the stewards and stewardess, and their death. They say that before they left the vessel the stewards and stewardess were engaged constantly in passing food to all, and long after the crew took to the rigging the steward and many of his waiters passed up meat and sandwiches to those lashed in the cordage of the wreck.

The Casualties at Moscow.

St. Petersburg, Jan. 29.—An investigation of the cemetery records by The Novoe Vremya's Moscow correspondent, disproves the exaggerated reports of the casualties, and bears out the moderate estimates. The burial permits in which the cause of death is given as killed during the uprising number 454. In addition there were more than 100 private burials of executed revolutionists, whose actual cause of death was concealed owing to the reluctance of influential families to have the real facts made public.

Evangelist Goes to Jail.

Nashville, Ind., Jan. 29.—John Wainscot, arrested for assaulting his companion evangelist, Rev. Wald C. Coats, while they were conducting a series of meetings at Elkinsville, entered a plea of guilty, and in default of payment of fine, has been committed to the old Brown County log jail. A few days ago Coats, who is his superior officer, reprimanded Wainscot for being unduly attentive to a fair worshipper at the revival and reported him to the bishop who recalled his license. This angered Wainscot, who called his associate to account, and slashed him with a knife.

Culpable Carelessness.

New York, Jan. 29.—Following the fall of heavy girders at the Altman building, in course of construction at 34th street and Fifth avenue, Saturday, killing one man and seriously injuring half a dozen others, John McCord of the contracting firm of Post & McCord was arrested by order of Coroner Acritelli. He was held in $2,000 bail until Monday. The charge at present is culpable carelessness.

BOLT NUT CAUSES RUNAWAY.

Ontario Ladies' College, Whitby, Girl Gets Leg Broken.

Whitby, Jan. 29.—The young ladies of the O. L. C., to the number of 50, started for Oshawa Saturday to be photographed.

The party completely filled two of Newport's band wagons. The larger wagon was driven by Teamster Andrew Johnston and seated on the front seat with the driver were Miss Ormsby and Miss Muriel Koyle of Lindsay.

About half way between the two towns and near the residence of farmer Jerry Lick, the nut on the bolt of the whiffletree fell off and the whiffletree was pulled out, striking one of the horses. This caused the horse to jump and the pole fell to the ground, turning the wagon completely over in the ditch and throwing all the occupants out.

Miss Ormsby jumped, but unfortunately Miss Koyle fell with the driver and others on top of her. Miss Koyle's leg was badly broken, some three inches of the bone protruding through the skin, and Driver Johnston was badly cut on the face. She was carried into Mr. Lick's house and medical aid sent for.

Drs. Meldrum and McGillivary were quickly on the spot. The other young ladies were frightened and shaken up and most of them preferred to walk home.

KILLED AND DYING.

Dynamite Explosion From Carelessness of Laborers On the C. P. R.

Keewatin, Jan. 29.—Through the carelessness of laborers engaged on the work of double-tracking the C.P.R between Fort William and Winnipeg three men were blown to pieces with dynamite and four were fatally injured in a dynamite explosion Saturday afternoon.

A charge had been put and, failing to fire, men returned to work, when it exploded.

Of the injured men two cannot recover.

Poisoned by Blue Flag.

Essex, Jan. 29.—Henrietta, the six-year-old daughter of Mr. and Mrs. John Hines, died in convulsions soon after eating blue flag roots she and a little brother found on the roadway while coming home from school. Dr. Doyl succeeded in saving the boy's life by use of powerful emetics.

Skated Into Water Hole.

Deseronto, Jan. 29.—A sad accident occurred here Saturday afternoon, Ernest Jordan, a young lad twelve years of age, while skating on the bay in the vicinity of Deseronto was drowned He skated into a water hole. The body was recovered.

Not a Rebel Left.

Washington, D. C., Jan. 29.—From naval sources the State Department has been advised of the collapse of the last remnant of the insurrection in Santo Domingo. Only one of Morales' adherents had been in the field for the past week holding out at Sanchez, on the north coast. Word now comes that this general has surrendered to the Caceres forces.

Overcome by Coal Gas.

Brockville, Jan. 29.—While sleeping, the family of W. Thompson, a farmer living adjacent to Cardinal, inhaled coal gas from a defective stove. All recovered with the exception of a ten-year-old boy, who passed away during the day.

Burglars Break Man's Arm.

Toronto, Jan. 29.—Magnus Sinclair, caretaker of the Labor Temple, in a struggle with two men who forced an entrance during Friday night, had an arm broken and his head severely cut

The New British Premier Has a Heavy Majority

Greatest Ever Given By People to An English Premier.

ENTIRE LIBERAL CABINET IN

Mr. Walter Long the Fourth of the Balfour Cabinet to Survive—The Liberal Majority Is Approximately 83—Nine Returns to Count Yet—The Unionists Will Barely Fill Half the Seats on the Left.

London, Jan. 29.—Except that the returns from nine constituencies have not been received, the general elections in the United Kingdom are ended.

The Government coalition will have approximately 510 votes in the next Parliament, this estimate including on the side of Premier Sir Henry Campbell-Bannerman the National and Labor votes with the concrete Unionist minority of 160 votes on the opposition side.

Sir Henry will enter the new Parliament on Feb. 13 with the greatest majority ever given to an English premier.

The Unionists, hereafter the opposition, will barely fill half of the left benches, while another notable fact is that many of the most notable of the Unionist debaters will be absent, at least on the first day of the sitting, among them former Premier Balfour. On the other hand, the Government's support will fill its own allotted seats and overflow into the vacant half of the opposition side, where the Nationalists and Independent Labor members will also find places.

The composition of the new Parliament, as near as it is now possible to tell, follows: Liberals, 376; Unionists, 160; Nationalists, 84; Laborites, 59.

Thus it will be seen that the Liberals have a majority over all of eighty-three votes, but such a thing as a combination of the entire force of Laborites and Nationalists against the Government is hardly conceivable. To the contrary, the Labor party members and Nationalist members may safely be counted on the Government side on the main issues in Parliament for some time to come.

It should also be pointed out that the election probably marks the end of the old two-party system, there now being four groups, of which the Laborites are the most interesting.

The return of Mr. Long for Dublin makes him the fourth member of Mr. Balfour's Cabinet at the dissolution to survive, in addition to a few minor members of the Ministry. The entire Liberal Cabinet and Ministry were sustained.

The Standing.

Number of seats	670
Government coalition	510
Unionists	160
Liberals	376
Nationalists	84
Laborites	59
Liberal majority over all	83

NOURISH

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.

A Citizen Of Prominence

In order not to disappoint the many persons, who, in the prominent citizen's picture of two weeks ago Saturday, mistook Mr. D. W. Dumble for Mr. John Haggart, the Examiner on Saturday published a cut of the latter gentleman, and, while it was taken a good many years ago; Mr. Haggart does not say how many, but at any rate over a quarter of a century ago, he has changed so little that it was, to use an expression heard over the 'phone on Saturday night a good many times, "a cinch." Those who telephoned in their identification of Mr. Haggart were Dr. Burnham, who headed the list on Saturday, Thos. E. Pratt, Ed. Conroy, Jos. Picard, Geo. Williamson, Lilian Grady, 207 Simcoe, F. J. R. Mitchell, Annie Kelly, Frank Wise, Webber Turner, Frankie Johnston, G. W. Green, Stanley Pringle, Carrie White, 303 Rutledge, R. Blade, Ada Lang, Kathleen Cameron, Wallace Armstrong, Miss Lucy Conroy, R. R. Hall, M.P., Dr. Poole, Roy Atkinson, Miss Madge Graham, Ald. McIntyre, D. H. Moore, Helen McDonald, Mrs. Savigny, Alderman Johnston, Daisy Conroy, M. Gurney.

THE WEATHER.

As a contrast to the beautiful spring-like weather we have been favoured with lately, it is remarked that a year ago to-day the thermometer was down to 20 degrees below zero, and that it was one of the coldest days of the winter. Snow was on the ground to the depth of 30 inches on the level, and the roads were badly drifted in many places. During January of last winter the thermometer was below zero 17 times. This year to date it has been below 4 times, the lowest figure being only 11 degrees below.

This day (January 29th) of 1904, was also a very sharp day, the mercury being down to 19 below zero in the morning. At that date we had plenty of snow; in fact, the trains were blocked the previous day. It will be remembered that that winter was a very severe one. During January of that year we had below zero on 21 different days. The lowest temperature was 28 degrees below zero.

This morning the temperature was within one degree of zero.

COUNTY COUNCIL VIEWS SOME PROPOSED SITES

For the New County House of Refuge--Visited Norwood To-day and Were Introduced by Board of Trade--A Number of Available Sites Were Looked At.

Special to The Examiner

Norwood, January 29th. — To-day the Norwood Board of Trade and the citizens are interviewing the members of the Peterborough County Council, who came here for the purpose of looking up the various available sites for the erection of a House of Refuge.

Those who are here representing the county are Warden Johnston, Councillors Andrews, Buck, Carey, Menogue, Shaw, Garbutt, Stinson, and Moloney; E. A. Peck, the county solicitor; and J. E. Belcher, C.E., county engineer.

They arrived on the noon train, and were taken in hand by the Board of Trade, Mr. E .B. Cuffe, the president, doing the honours.

They were driven around the town, and visited a number of sites which the citizens considered were adapted to the location of the proposed House of Refuge.

The members of the council declined to express any opinion as to the location, except that the sites shown were in many respects well adapted to the purpose, but they would have to see the other sites proposed before making any decision.

The majority of the council will leave on the 4.40 train this afternoon for Peterborough, and they will visit Lakefield to-morrow.

MUSIC AND DRAMA

THE NATIONAL CHORUS.

The Toronto Sunday World, speaking of the concert to be given by the National Chorus to-night, in Massey Music Hall, at which Miss Helen Davies will take the soprano solo in the "Flag of England" says:

The continuous advance made by the National Chorus, under the direction of Dr. Albert Ham, and a most active committee, is a striking figure in local musical annals. Brought into being by the Sir Alexander Mackenzie festival of 1903, the chorus acquitted itself well in the somewhat intricate melodies of "The Cotter's Saturday Night," but they won great applause in their rendition under Dr. Ham of the finale from Elgar's "Banner of St. George."

Dr. Ham was so encouraged by the enthusiastic interest of the members of the chorus that he decided to make it a permanent organization, and in 1904 two successive nights were given with the Chicago Symphony Orchestra, "The Death of Minnehalen," by S. Coleridge Taylor, being the principal work. It was found then that two nights were too much for so young a body, and though the programmes were artistically a success, the financial result was far from satisfactory. Undismayed by the loss, however, Dr. Ham and his committee continued their efforts, and last year a really fine production was given of Elgar's "Banner of St. George," in its entirety. On this occasion the chorus was assisted by the Victor Herbert Orchestra. Encouraged by this success, the National Committee decided to secure for this season an orchestra that would place their concerts on the very highest plane of musical effort, and, with the cooperation of Stewart Houston, the New York Symphon Orchestra of 75 members was engaged at very great expense, for two successive nights. This is the largest force that has yet appeared in Toronto in conjunction with a chorus, and the high standard which Walter Damrosch has set for his orchestra this season assures most notable concerts. Mr. Damrosch spent the summer months in Europe engaging artists to strengthen his orchestra., which is now on a permanent basis, and the results have placed it in the front rank of American orchestras. Prior to its appearance in Toronto on Monday and Tuesday, it will have played on tour under Felix Weingartner, the great German conductor, who was invited by Mr. Damrosch to America for that purpose.

The Flag of England.

On Monday evening the principal choral work will be "The Flag of England." Rudyard Kipling's inspiring poem is well known and it has been set to music in a very happy spirit by Sir Frederick Bridge, who is the accomplished organist-choirmaster of Westminster Abbey, conductor of the Royal Chorus Society, and one of the foremost British composers of the present day. Nowhere in his numerous compositions has Sir Frederic displayed more genuine musicianship than in "The Flag of England." In it the solo, the orchestral and the choral work are alike delightful. The work is essentially English, direct and straightforward in treatment, while containing a number of happily descriptive passages and forceful themes. For example, the frequent recurrence of the vigorous phrase, "What is the flag of England?" with its well-marked rhythm, and solid harmonies, is especially telling; or, again, the soprano solo, and chorus of ladies, "The South Wind Sighed," with its charming accompaniment for strings, harps, wood, wind and horns, is highly picturesque and original. But perhaps the most beautiful section in the whole cantata is the one beginning:

"Never the lotus closes,
Never the wild-fowl wake,
But a soul goes out on the east wind
That dies for England's sake."

Here the composer produces effects from both voices and instruments which are exquisite. He has done more than transmute Rudyard Kiling's poem into an effective composition — he has caught its whole atmosphere in a most admirable and satisfying manner, and whilst he has secured variety and dramatic expression, has also given his music coherence.

Part Songs.

The part songs, some unaccompanied and some with orchestra, are most interesting, including, as they do, Pinsuti's "Silent Tide," and "Crusaders," Sullivan's "Song of Peace," and Dr. C. H. Lloyd's "Allan-a-dale," concluding with the famous march and chorus, "Hail, Bright Abode," from Tannhauser. Mr. Damrosch has selected a series of most delightful selections from Wagner for the purely orchestral portion of the programme.

* * * *

In the course of a lengthy article referring to "Peggy from Paris," Toronto Saturday Night says:

"Peggy, from Paris," a musical comedy, written by George Ade, is by long odds the best of the season's offerings at the Grand. It is written in the fresh and breezy style characteristic of the author, and provides pure and undiluted merriment from start to finish. The company presenting "Peggy from Paris," is an excellent one. The chorus are well trained, attractive and sing well. In this play George Ade has abundantly lived up to his reputation as a humourist and it is difficult to reproduce the flavour of his wit."

"Peggy from Paris," with identically the same cast as appeared in Toronto last week, will be at the Grand on February 9th.

* * * *

The coming of the Firth-Eaton Concert Company to-night is arousing considerable interest among lovers of high class concert productions. W. Francis Firth, the eminent baritone and composer, is universally recognized as America's leading baritone.

S. Homer Eaton's impersonations represent him as a clever and refined artist, one capable of moving an audience at will to tears and laughter.

First Meeting Of Browning Club

At the first meeting of the Browning Club, under the leadership of Mr. Barton Earle, held in the Y.M.C.A. building on Saturday afternoon at 4.30, there was a large attendance—especially for the first meeting—consisting of the foremost ladies of the city. Great enthusiasm was shown in the works of the poet, whose poems are as a sealed book to the many. After a short introductory address by Mr. Earle on the character and standing of Browning as a poet, and the best method of studying his works, "Rabbi Ben Ezra" was taken up and subjected to a critical analysis. The class showed a marked intelligence and a very deep and encouraging interest, an indication that the cult of Browning will be a remarkable feature of this winter's intellectual activity. The next meeting will be held in the same place on Monday, Feb. 5, promptly at 7.15 p.m.

The PEOPLE'S BARGAIN HOUSE

WE beg to announce that we have opened a new store at 445 George Street, with a full line of Dry Goods and Ladies' Ready-to-Wear Skirts, Suits and Mantles; Mens' and Boys' Clothing, and Gents' Furnishings. Our stock has been bought at lowest market price, and every line contains a large assortment of fine variety. Our ready-made goods are from the best manufacturers and of the finest workmanship. You can depend on a good fit. Not every person is built the same, and many are unable to get ready-made garments to fit proper. In this case we have an expert tailor, who will make any necessary alterations without extra charge.

Bargains for This Week

Ladies' Flannelette Wrappers worth $1.25 on sale at 75 cents each.

Ladies' Stylish Skirts, worth $3.50 for $1.98.

Ladies' Linen Collars, all sizes, worth 20 and 25 cents, on sale at 5 cents each.

200 yard Spool Thread, colours black and white, 5 cents a spool.

Mens' Cottonade Working Pants on sale at 49 cents.

Visit our store and see how easy we can accommodate you. Everybody welcome.

J. SUTCLIFEE & SONS

Should City Pay The SINKING FUND ON COST OF New Water Works Dam?

Mr. T. F. Matthews, Chairman of the Water Commissioners, Made That Proposal Last Night—Majority of Aldermen Not Prepared to Discuss the Matter—Ald. McWilliams Thought the Proposal a Good One—Power Might be Needed for Electric Light Purposes.

The suggestion offered by Mr. T. F. Matthews at the meeting of the Finance Committee last night to the effect that the city should pay the sinking fund on the cost of the new water works dam, until the revenue from the surplus power thus developed is sufficient to take care of this, was a new idea to the aldermen, some of whom, however, thought the proposal a good one. Mr. Matthews pointed out that it was not fair that the water consumers should pay the entire cost of the work of the building of the dam, as it was going to be a benefit to the city. This morning an Examiner reporter interviewed a number of the city council in reference to the matter, but found that the majority were not prepared to discuss the scheme at present.

Ald. McWilliams thought that the proposal was a reasonable one. He agreed with the Water Commissioners that the consumers of water should not have to pay the entire cost of the work, and the suggestion that the city should pay the sinking fund was a good one. It was evident that there would be about five hundred horse power available for use by the city. This could be sold to manufacturers who required it. In the very probable event of the city taking over the public lighting at the end of the present contract with the company, some 200 h. p. from the water works dam would be required. There was also the probability that the city council would acquire the private lighting as well, in which case the whole amount of power available would be needed. Thus the city would only be able to enter into a five year contract with power users, as the contract with the Peterborough Light and Power Company has about ten years to run.

Mayor Best said that he was not prepared to discuss the matter until some definite proposal along the lines suggested had been laid before the council. He thought it was a matter for the Water Company as owners, to deal with.

Ald. Hicks declined to talk about the suggestion, at present, and Ald. Adams was also unprepared to discuss the project.

Scaffold Fell And Four Men Had Narrow Escape

H. H. Hillier Sustained a Bad Sprain of the Ankle—Other Men Escaped With No Injury Beyond a Few Bruises.

Four men employed on the construction of the new double house on Simcoe street, belonging to Mr. Thos. Moore, had a narrow escape from being badly injured this morning by the falling of a scaffold.

The four were Messrs. H. H. Hillier, D. Wyers, Wm. Moore and Chas. Brewer. They were laying bricks and were about 10 feet from the ground. Without any warning the scaffold on which they were standing gave way, and men, bricks and planks reached the ground in a heap. Mr. Hillier was the only one to receive bad injury. His right leg caught between two planks and was severely wrenched, the ankle being very badly sprained. Dr. Bradd was called and attended to the injury, after which Mr. Hillier was removed to his home at the corner of Victoria avenue and George street. It will be some time before he will be able to work again.

The other three escaped with comparatively no injury, only a few bruises resulted from their 10 foot drop.

Resident For Fifty Years

Mr. Green Enters His Eightieth Year.

The Examiner extends its heartiest congratulations to Mr. Edward Green, Water street, who to-day enters into his 80th year. He is one of the most respected citizens of Peterborough and has been a resident of this city for over 50 years. His many friends extend their best wishes for a bright future for him and hope he may enjoy a rigar old age.

Consulted With Mr. Jas. Kendry

Nothing Has Yet Been Decided Upon in Reference to Auburn Power Sites.

The negotiations for the purchase of the Auburn power sites, are still going on, but as yet nothing definite has been decided upon.

Mayor Best and Mr Jas. Kendry had a long consultation this morning, in which the matter was thoroughly discussed.

His Worship declined to talk about the subject this morning, but intimated that there was as yet no arrangement made.

Wagon Caught In The Diamond

Yesterday morning about 10.30 the wheels of an express wagon driven by Mr. Walter Reid, got caught in the diamond formed by the G.T.R. and Street Railway tracks at the Charlotte street crossing, with the result that its progress was suddenly stopped and the driver who hung onto the lines was jerked out into the road, the harness breaking with the sudden stopping of the wagon. Outside of a badly bruised leg he sustained no serious injuries.

Several times wagons have been caught here and in every instance the harness or whiffletrees have been broken, the horse always getting away. No one has sustained any particularly serious injuries from this yet, but it is simply providential that some one has not.

Injured Boy Is Improving

The boy who was injured yesterday afternoon by falling from the freight train near Charlotte street, is, it has been learned, getting along very well, and it is not expected that any serious results will follow the accident. He got on the train, it is learned, at the south end of the city, under the impression that it would stop at the station, where he intended to get off, but, discovering that it was not going to stop he decided to jump. He states that he did not intend to go to Lakefield.

By the Canada Newspaper Cartoonists' Association.

WEDDING BELLS

ALLISON—EVANS.

The marriage was celebrated at noon to-day of Miss Annley Evans, daughter of Mr. George Evans, 30 DeGrassi street, Toronto, to Mr. William J. Allison, 597 Bethune street, at the home of the groom, Rev. Dr. Crothers officiating.

The bride was given away by her father, and wore a beautiful white silk waist, trimmed with lace, and skirt of black voile.

The bride was attended by Miss Thursa Allen of Peterborough, and the groom by Mr. James Juby, of Toronto.

The wedding took place in the company of the immediate friends of the bride and groom, the out-of-town guests arriving on the noon train from Toronto and Oshawa.

After the ceremony was solemnized the guests numbering about fifteen, sat down to a dainty dejeuner, prepared at the home of the groom.

Many useful and valuable gifts were presented to the bride and groom, which showed the high esteem in which they were held.

The guests who witnessed the happy union were Mr. and Mrs. Geo. Evans, Toronto; Mr. George Evans, brother of the bride; Mr. and Mrs. Thomas Northey, Oshawa; Mr. L. Twinem, Toronto; Mrs. Chas. Snyder, and Master Harvey Snyder, Toronto; Mr. and Mrs. Wm. Allen, Smith; Mrs. Grace Allen, and the Misses Amy and Elsie Allen, Peterborough.

Mr. and Mrs. Allison received the numerous congratulations of their many friends. They will reside in the city, at 597 Bethune street.

Beautiful Work In Embroidery

Fine Exhibition of Needlework by Mrs. Sissons of Toronto.

The exhibition of art silk embroidery in the window of Mr. T. H. Adams' Ladies' Furnishing Store, is attracting a good deal of attention, and deservedly so, for the work is most beautiful. It was done by Miss Sissons, of Toronto, who is in charge of the free art silk and linen embroidery class in connection with the ladies' new store. This class is free to the ladies of the city and they are cordially invited to join.

Special Services At Murray Street

Rev. F. J. Scott, B.A., Spoke on "Fishers of Men" Last Night

The special evangelistic services in connection with the Murray Street Baptist Church were commenced last night, when a largely attended meeting was held. The pastor, Rev. F. J. Scott, delivered an earnest and convincing address, taking as his "subject, "Fishers of Men." The meetings will be continued every evening this week, except Saturday, and also next week. At the services next week the Rev. G. R. Welsh, of Lindsay, will assist the pastor.

Denmark's King Frederick Eight

Was Proclaimed Ruler To-day at Noon.

Special to The Examiner.

Copenhagen, Denmark, Jan. 30.—Frederick VIII was proclaimed King of Denmark at noon to-day. The ceremony lasted only a few minutes. Fifty thousand persons were present. The King in a short speech declared that he would rule in accordance with the example set him by his father. King Frederick received a warm greeting from the assembled crowd.

Many Attended The Bag Social

Musical Part of Programme Was Enjoyed.

A successful Bag Social and entertainment was held last night at the Parish under the able management of the Junior Ladies' Auxiliary, the youngest institution in connection with that church.

The sale of fancy goods, candy and refreshment bags was the order of the evening and the young ladies in charge of the different tables demonstrated their efficiency in waiting on the numerous customers. A fish pond was also in evidence and the catches were encouraging.

Mrs. T. Blois, Superintendent of the Auxiliary looked after the different tables in a very efficient manner. Miss Lillian Lightheart and Miss Amy Wise had charge of the fancy bag table. The candy department was under the leadership of Miss Pearl Haskell, Miss Bessie Latimer and Miss Marjorie Latimer. Mrs. Maiden superintendended the sale of the refreshment bag table, and Miss Eleanor Latimer and Miss Helen Matheral had charge of the fish pond.

All the young ladies made gratifying reports of the sales which were in aid of the parochial fund.

During the evening dainty musical solos were rendered by Miss Pearl Haskell and Miss Olive [illegible], Miss Irene Spicer and Miss Cora [illegible] son gave a most acceptable duet which was heartily appreciated. A number of phonograph selections on the "Home" instrument by Mr. T. Armett proved an entertaining part of the delightful programme.

The evening closed with the singing of the National Anthem.

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge financiers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investments.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $23,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

Don't Use Drug Cures for

Headache

They Hurt You. Use Zutoo.

Don't think because the drug cures for headache do not make your heart palpitate, dull your nerves or upset your stomach just when you take them, that they are not hurting you, for they are.

The magazine "Health" speaks truly when it says: "Every dose of such drugs is at the expense of vitality, and sooner or later the penalty for outraging nature will be exacted."

You can avoid this penalty and cure your headaches just as quickly by taking the vegetable cure, Zutoo.

It is Harmless as Soda.

Six Proposed Sites Visited Near Norwood

The County Council Looking for House of Refuge Locations.

Norwood was yesterday honored by the presence of the Warden and the County Council who were there for the purpose of looking over the available sites for the erection of the House of Refuge in response to the deputation from that town last week.

In the drive around the town the members were accompanied by John Finlay, M.P., J. B. Pearce, J. L. Squires, Rev. Father Conway, Reeves of Norwood, Asphodel and Belmont; E. A. Peck, J. E. Belcher, Wm. Comstock, Messrs. Webster and Doherty, Asphodel Council and a number of others.

They visited six sites any one of which may be procured if desirable. The first one inspected was the Roxborough property on Peterborough street. Hugh Robbs' estate on the Dummer Road was the second, and then successively, a part of the Grover estate, and two portions of the McNaughton Estate on the Dummer Road, and lastly Wm. Shea's property west of the town on the Peterborough Road.

The members declined to state anything of a definite nature with regard to the most probable location in Norwood, as the figures for the several sites had not been received. The council were loud in their praise of the excellent manner in which they were treated by the Norwood council and citizens.

This morning they left for Lakefield, where they will inspect the sites available and in all probability will be able to report on the chosen location in a couple of weeks' time.

The Progress Is Very Gratifying

Splendid Showing of the Junior Chapter of Brotherhood of St. Andrew.

A special meeting in the interests of the Junior Chapter of the Brotherhood of St. Andrew, was held in St. John's school house last night. The different officers of the Junior Chapter presented their reports, all of which showed most satisfactory progress of work in connection with the Chapter, which has been conducted on lines that have given general satisfaction since Mr. N. A. Howard-Moore has taken charge. Mr Moore has laboured unceasingly for the furtherance of the work. The Chapter is now in a flourishing condition, and Mr. Moore must feel very gratified that his efforts have been productive of such good results. During the evening he spoke briefly of work among boys that he had been connected with in different cities, and of the great value of Brotherhood work to the church, and of the many advantages of having a Junior Brotherhood. Mr. Moore said that it was essential to mould the character of the boy when he was young, and this was the purpose of the junior organization, the ages of those eligible for membership ranging from 12 to 18 years. The speaker paid a flattering compliment to St. John's boys, saying that they were the most loyal body of boys that he ever saw. This remark was received with intense enthusiasm. He earnestly appealed for financial help for the Junior Chapter, and asked the church members to contribute liberally towards its support.

A musical programme of great merit was provided, consisting of banjo solos, songs, recitations and some splendid selections by Halpany's orchestra. Those who contributed to the programme were most heartily received, and some of the numbers were very meritorious. It would be hard to particularize, for while some of the selections were really exasperating, others were certainly good enough to please any audience.

The room was appropriately decorated with flags hung for the occasion, among which was a beautiful silk flag presented to Mr. Howard-Moore in 1901 by church workers in Ottawa.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other.—L. Elsley, Nassagaweya, Ont."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell 923

SHILOH

REMOVED

We have removed our office to 388 Water one door south of Hunter St. and opposite the Bank of Commerce, where we will be in a better position than ever to look after the wants of those wishing to buy or sell real estate of any kind. It does not matter whether it is a $20 purchase or a $1,000 purchase, we can supply you.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, Inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor of Post Card Column:

Sir.—On Friday last I was fortunate enough to be present at Mr. Pedley's lecture given in St. Paul's School House That lecture was the product of a logical, well balanced and highly cultivated mind and as such I hoped to see it well reported in our papers.

I was anxious to have a good synopsis of that lecture for the benefit of my own children. Then there were many not able to be present, who might read it with profit. I was much disappointed when upon reading the Examiner of Saturday, (the Review was word for word with you, and the Times does not mention it) to find the reporter had never even grasped the situation so to speak. He omitted the text of the lecture, a quotation, I think, from Huxley, which I cannot place and which I would be glad if any of your readers could furnish me with. While summing up the lecturer's remarks very well on Health and Companionship, he runs over his excellent comments upon good manners and books,—the latter being, in my opinion, par excellence, practical. As for the end of the lecture, it was omitted entirely. This town reporter was hardly fair to himself or your readers and certainly failed in his appreciation of so eminent a lecturer as Mr. Pedley, who far surpasses any man who has lectured in Peterborough for some years.

Yours apologetically,
VOX.

Newspapers permit correspondents a freedom and frankness of criticism of what appears in their columns, whose analogue would not, perhaps, be considered good form in personal intercourse. Our correspondent, while entitled to his opinion that the report referred to was not up to his standard seems so anxious to make a case that he is a little contradictory. In one place he charges that the reporter "had never even grasped the subject". In another he admits that the reporter made an excellent summary of the lecturer's remarks upon "health and companionship", but he "slurs over his excellent comments upon good manners and books".

If "Vox" had a practical knowledge of the inner workings of newspaper making—of its internal economy, so to speak, he would know that space being limited, provision must be made for giving a fair share of prominence to the matter offering for the issue of the day. When the reporter was extending his notes of Mr. Pedley's lecture in the office the news editor, who holds the threads of the news web in his hands, asked how much his report would make; he was told that it would make about two columns, of which about one was ready for the printer. "Cut it short—condense the rest into a paragraph—the other reporters have brought in some "good stuff" and we must make room for it". There is no appeal, in practice, from the dictum of a news editor. It is his business to give a due proportion of space to everything that appears—something to suit every demand. The reporter did not "fail to appreciate" Mr. Pedley's lecture; he simply had to yield to the inexorable law of physics, which confronted the news editor—"two bodies cannot occupy the same space at the same time". This much explanation is made to "Vox" so that readers generally may be informed of the fact that newspapers do not necessarily curtail reports from lack of appreciation or lack of grasp, but because necessity compels an editor to "kill" good matter, and with a reluctance as great as the apparent disappointment of "Vox" at the scant treatment of a subject which seemed especially to appeal to him.

Pretty Wedding Was Solemnized

Nuptials of Miss A. Collins and Mr. Joseph Owens.

A very pretty wedding was solemnized last Tuesday morning at the Roman Catholic church, Galway, when Miss A. Collins, eldest daughter of Mr. and Mrs. P. Collins, Township Clerk, was united in marriage to Mr. Joseph Owens of Toronto, formerly of Galway.

The ceremony was performed by Father P. J. O'Leary. The bride was attended by her sister, Norah, while the groom was supported by Mr. H. Clousten, of North Dakota. At the conclusion of the ceremony the bridal party returned to the home of the bride's parents, where a very recherche dejeuner awaited them.

The numerous beautiful and costly presents received by the bride attested to the esteem in which she is held by friends in this vicinity and elsewhere. Mr. and Mrs. Owens, who are both esteemed members of the community will reside in Toronto after a short bridal tour.

Charity Board Passed Accounts And Statements

Credit Balance on Hand From Last Year is $465

A meeting of the Central Charity Board was held last night in the Clerk's office.

There were present: Messrs. H. Rush, chairman; Wm. Yelland, R. C. Braund, George Cochrane and Jos. Batten.

A number of applications for charity were disposed of by the Board.

The following statement of orders given, was read and confirmed.

During 1905—	
Groceries	$752 25
Wood	547 68
Tickets	10 50
Sundries	2231 70
	$1542 13
In 1906—	
Groceries	$ 74 00
Wood	11 25
Tickets	3 00
	$ 88 25

The following accounts were read and confirmed:

G.T.R.	$ 3 00
R. A. Dutton	6 00
Dickson Co.	3 75
R. H. Hunter	4 00
D. Henry	2 60
T. B. Manlece	4 00
D. Sullivan	4 00
Mrs. Harris	2 00
W. Stocker	1 50
P. Connel & Son	3 00
Protestant Home	21 00
E. F. Mason & Co.	19 00
F. J. R. Mitchell	9 00
W. H. Hamilton	14 00
A. Allison	3 00

An account of $9 from the Little Lake Cemetery Company, will be paid on its being certified to.

The next meeting of the Board will be held on the first Monday in February and will be the annual meeting.

Although the auditors' figures have not yet been received the balance on hand from last year is said to be about $465.

Poisoned By Blue Flag

Six-year-old Child Dies in Convulsions at Essex.

Essex, Jan. 227. — Henrietta, the six-year-old daughter of Mr. and Mrs. John Hines, died in convulsions, soon after eating blue flag roots, she and a little brother found on the roadway while coming home from school. Dr. Doyle succeeded in saving the boy's life by the use of powerful emetics.

A PESTIFEROUS GERM

Burrows Up the Scalp Into Dandruff and Saps the Hair's Vitality.

People who complain of falling hair as a rule do not know, that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but to-day dandruff is easily eradicated by Newbro's Herpicide, which makes hair glossy and soft as silk. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Entertained His Fellow Brethren

The members of the White Rose Degree, of Lansdowne Lodge, S.O.E., held a meeting last night in their hall, Hunter street, for the purpose of rehearsing the degree work. at the conclusion of the meeting they were pleasantly entertained at an oyster supper at McCallum's by Mr. H. L. Beal.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

An Open Meeting.

An open meeting of the Women's Missionary Auxiliary of the Charlotte Street Methodist Church will be held in the Sunday School room on Wednesday evening next, at 8 o'clock. Mrs. A. Morrow, late of the Chinese Girls' Home, Victoria, B. C., will give an address. There will also be singing by the Mission Band and other items of interest. All are welcome.

Womanly Weakness

is promptly relieved by Beecham's Pills. They never fail. Special directions to females with each box. Depression, sick headache, backache, paleness and nervousness all disappear after using

Toronto Mission One Of Most Successful

The Were 4,413 Converts in the Torrey-Alexander Meetings in Toronto—Revival's Influence Spreads All Over Ontario.

(Toronto Star.)

With four great mass meeting attended by about 14,000 people, the Torrey-Alexander Mission in this city was brought to a close on Sunday. Thousands were unable to obtain admission into Massey Hall at the three services held there, and there was a big crowd at the Metropolitan church at the overflow meeting in the afternoon. During the day there were 764 professed conversions—174 at the women's meeting in Massey Hall, which was the best the evangelists have had in three years; 54 at the women's overflow meeting in the Metropolitan church, 380 at the boys meeting in the afternoon at 4.30, and 140 at the concluding services for men in the evening. On Saturday Dr. Torrey preached to 12,000 people, and Mr. Trotter to 1,000 more in the Metropolitan church, and there were altogether 154 conversions.

One of the Most Successful.

Altogether the Mission has been one of the most successful ever conducted by these famous evangelists, whose tour around the world has been blessed by the conversion of nearly 110,000 people of all ages, station, and races. The average number of cards handed in during the month's missions in the great English centres was about 3,760, Birmingham leading the way with 7,700. Toronto's record of converts is 4,413.

Free Distribution

in Peterborough, Thursday, Feb. 1st, '06

2,892 bottles of

SHILOH'S CONSUMPTION CURE - The Lung Tonic

will be distributed from house to house.

We want everyone to secure a bottle and try it. We know the value of our Lung Tonic—what it has done for those who have suffered from colds, coughs, consumption and lung troubles generally. Appointments For Year 1906 Made By Council

Those Who Hold Office Under County Council.

At its first meeting for the year the County Council made the usual appointments. These were introduced in the report of the Committee on Appointments, presented by Councillor Menogue and are as follows:

The Committee on Appointments beg to report as follows:

1. That Mr. Alexander J. Robertson, D.D.S., of Norwood, be appointed as trustee of Norwood High School.

2. That Mr. E. A. Peck be appointed a member of the Board of Audit of Accounts, in connection with the administration of justice.

3. That Mr. John E. Belcher, C.E. be re-appointed County Engineer, his remuneration to be for such services as he shall be called upon by the authority of the Council to perform.

4. That Dr. Wm. Caldwell be re-appointed jail surgeon at a yearly salary of $150.00, payable as formerly, this sum to cover all his expenses.

5. That Mr. Henderson Nesbitt be re-appointed caretaker of the Court House at a yearly salary of $175.00, payable as formerly.

6. That Mr. Thomas Flood be re-appointed caretaker of the Pigeon Creek bridge at a yearly salary of $25.

7. That Mr. Wm. O'Leary be re-appointed caretaker of Mud Lake bridge at a salary of $150.00 per annum, and that he be not permitted to order any material for repairs to the county bridges or for any other county purpose, unless authorized to do so by Mr. Garbutt.

8. That Mr. Shaw be authorized to employ a caretaker for the Gannons Narrows bridge at a salary not exceeding the rate of $25.00 per annum.

9. That Frederick Henry be re-appointed caretaker of the Wallace Point bridge; and William Smith of Bensfort bridge, each at a salary of $5.00 per annum, (one half to be paid by the counties of Northumberland and Durham.)

10. That Wm. Downer be re-appointed caretaker of the Locke bridge at a salary of $5.00 per annum. (one half to be paid by the City of Peterborough.)

11. That the following persons be appointed caretakers of the bridges set after their names respectively, at a salary for each at the rate of $5.00 per annum, such caretakers to be required in addition to other duties, to keep the floors of such bridges clean and all drift wood cleared away from the guards and supports thereof:

W. McIlmoyle for Buckhorn bridge.
Edward Young for Young's Point bridge.
William Lockington for Nassau bridge.
J. C. Bates for Burleigh bridge.
Martin Guerin for Indian River bridge.
William O'Leary for O'Leary's bridge.
T. H. Pallen for Evan's bridge.
T. H. Pallen for Armstrong's bridge.
Richard Hope for Hope bridge.
Wm. Hastie for Allandale bridge.
John Bennett for Keene Station bridge.
David Moore for Keene bridge.
Quentin Moore for Nogies Creek bridge.
William McAuley for Brown's Falls bridge.
Daniel Young for Crow's bridge.
John Clemmens for Warsaw bridge.
William Spenser for Payne's bridge.
James McCracken for Spencer's bridge.
Pat. Heffernan for Sullivan's bridge.
Daniel O'Brien for Burn's bridge.
J. B. Comstock for Comstock's bridge.
John Breckenridge for Steele's bridge.
John Francis for Welback's bridge.
William Dodge for Lakefield bridge.

and that for Taylor's bridge and River bridge, the appointments shall be in the hands of Mr. Andrews.

12. That the following compose the County Board of Examiners for Teachers' Third Class Certificates, namely: John Davidson, Norwood; S. Hill, Lakefield; Duncan Walker, Peterborough; J. C. Brown, Peterborough and Richard Lees, Peterborough.

13. That the Warden and Messrs. Stenson and Moloney be representatives of the county on the Board of Management of the Peterborough Historical Society.

14. That Norris Whitney (Oak Lake Postoffice), be appointed a county constable.

All of which is respectfully submitted.

JOHN MENOGUE,
Chairman.

Many Accounts Were Passed

At the January Session of the County Council.

The Council of the County of Peterborough at its session last week passed a number of accounts, recommended by the Committee of Finance, the report of which was presented by Councillor Buck. Those so passed are:

BE READY FOR CROUP

AND INSIST ON HAVING THE TIME TESTED MEDICINES.

It is not a question of whether you will need a treatment for coughs, colds and croup in your homes, but the question is will you select the most effective medicine or simply be satisfied to take whatever your druggist happens to hand out to you?

Time and experience have proven that you can depend on Dr. Chase's Syrup of Linseed and Turpentine at all times.

It is only necessary to remember this when the critical time comes and to insist on getting what you ask for.

Should you have children that are subject to croup you had better keep a bottle of Dr. Chase's Syrup of Linseed and Turpentine in the house for when the choking spasm comes on there is little time to send for doctor or medicine.

It seems scarcely necessary to dwell on the merits of Dr. Chase's Syrup of Linseed and Turpentine as a cure for croup, bronchitis, whooping cough, etc. Most of us have known it from childhood up. It is almost as familiar as Dr. Chase's Receipt Book.

Mr. G. N. Morrison, 31 Fuller street, Toronto, Ont., writes:

"Gentlemen, — If it should be of satisfaction to you to know (as it certainly has been to me in the past) permit me to say that I have used Dr. Chase's Syrup of Linseed and Turpentine in my family for years, and have found it from experience to be the best cough medicine. I suppose that I have used eight bottles this past winter; my children will have nothing else, and the best of results invariably ensue. I have also recommended it strongly. If this unsolicited testimonial be of any service to you the pleasure is mine in transmitting it."

Being pleasant to the taste, it is readily taken by the children. Because it brings quick relief to the suffering from asthma, bronchitis, whooping cough, and all the more serious disease of the throat and lungs, it is invaluable as a household medicine. 25 cents a bottle at all dealers.

Corticelli Home Needlework is a magazine that every lady should take. Issued 4 times a year, 96 pages beautifully Illustrated, 50 cts per year. Write for sample sending 15 cents. Corticelli Silk Co., Ltd., St. Johns, P.Q.

Body Laid In Pool Of Blood; Case of Suicide

W. A. Ball Cut His Throat and Died In 40 Minutes.

WELL KNOWN IN ONTARIO

Since Returning From Ontario to Edmonton He Was Very Despondent—Went to Mackenzie River Country to Get Rid of Pulmonary Trouble—University Graduate and Took Law Course.

Edmonton, Jan. 30.—W. A. Ball committed suicide in the Imperial Hotel Sunday by slashing himself across the wrists and throat with a razor. He went to his room as usual and shortly afterwards a heavy fall was heard by those below. The proprietor hurried upstairs, knocked, but obtained no reply. He then tried the door and finding it locked broke it open by force. Entering he found Ball lying on the floor gasping in a pool of blood, his throat cut clear through the windpipe. He died forty minutes after the alarm was given. Since returning from the east his companions have noticed that he seemed to be very despondent.

Well-Known in Ontario.

Toronto, Jan. 30.—Arthur Ball was born in Galt and received his early education there coming to the University of Toronto about 1890 with John R. Blake, now police magistrate of Galt. He was a good sport and held a place on senior association (socker) football team of Varsity. After completing his course at the university he took a law course at Osgoode Hall. Always popular with his classmates it was with great sorrow they learned that he was suffering from pulmonary trouble and was forced to go west in search of health.

Hangs Himself.

Ottawa, Jan. 30.—Hanging from a beam in his own shed, with a stout logging chain around his neck, Patrick Foley was discovered dead by small boys about 7 o'clock, in Cantley, Que., yesterday morning. The suicide is believed to have been due to worry over epilepsy, which the unfortunate man had been afflicted since birth.

Don't go Stale!

—Be a "regular," and join the list of well-pleased patrons at Eddie LeClaire's new barber shop, Snowden's Block, Simcoe street. It's a handy place for busy business men to get a shave or hair cut, quick.

BOTH HANDS TORN OFF.

Terrible Fate of R. T. Clark in the Wilds of Temiskaming.

Toronto, Dec. 30.—Letters have been received at the Department of Lands and Mines, telling of the terrible fate of R. T. Clark, the youngest son of Thomas Clark of the Clark-Standard Mining Co. The accident occurred in the Temiskaming mining district. Clark and two other members of the party, Arthur Fisher and David Duke, were a mile and half from the camp, and were engaged in thawing dynamite, when it exploded.

Clark sustained terrible injuries. Both his hands were torn off at the wrists, one eye was blown out and the other probably destroyed, both eardrums were broken, one toe was fractured and both legs were burned.

Fisher was cut and burned and his foot sprained.

Duke's trousers were torn from his legs and his moccasins ripped from his feet.

Fisher walked to camp, but before help arrived Clark and Duke had their faces and ears frozen.

It is expected that Clark will regain his hearing, but his sight is gone.

Had a Bad Leg.

"For twelve years I was a great sufferer from eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was something dreadful. Dr. Chase's Ointment completely cured me, took away the itching, and healed up the sore." — Mr. Alex. McDougall, postmaster, Broad Cove Marsh, N. S.

BOMB REACHED ITS MARK.

Gen. Griaznoff, Chief of Staff in Caucasus, Has Been Assassinated.

Tiflis, Jan. 30.—Gen. Griaznoff, chief of staff to the viceroy of the Caucasus, was killed by a bomb yesterday. The assassin has been arrested.

Land Owners Murdered.

Tukum, Courland, Jan. 30.—Count Frederic Lamsdorff (not the Foreign Minister) and Baron Roenne, two of the most prominent land owners of this district, were attacked Sunday while out driving by a band of revolutionists, and were pulled from their sleighs and murdered.

Gifts For Miss Alice.

Paris, Jan 29.—A despatch to The Echo De Paris from Milan says that King Victor Emmanuel has ordered a magnificent piece of jewelry as a wedding present to Miss Alice Roosevelt.

Havana, Jan. 29.—The Senate Saturday passed a bill empowering President Palma to expend up to $25,000 for a wedding present for Miss Alice Roosevelt, which will be presented to her in the name of the Cuban people.

KINGSTON ELECTION.

The bye-election in Kingston resulted in the election of Mr. E. J. B. Pense, by an increased majority — a circumstance gratifying and creditable to Mr. Pense's personal popularity and integrity, and the political interests he represents. It is to be expected that bye-elections, where there is a fairly even division of party strength, will go to the Government of the day. The Whitney Government made desperate efforts to win the day — four Cabinet Ministers were brought in to address the electors — the influence of the Government institution was used, and the proposal, at a nail, of two educational institutions, was held out to encourage the electors to support the candidate of the powers that be. As regards the conduct of the election, it is said that the mutual agreement not to use undue means to win, was pretty fairly carried out.

The result in Kingston goes to show that in spite of its big majority in the House, the Whitney Government is no longer riding on the crest of the temporary wave of reaction that swept over the province at the time of the general elections.

WRITING.

The chairman of the Hamilton Board of Education, has decided that the system of vertical writing, so much in vogue in the schools not long since, must go. He says the present style of penmanship is unsatisfactory. This is mentioned to suggest the idea that while too much importance cannot be attached to good legible writing, the impracticability of securing good penmanship, cannot be ignored. Those who write badly do not do so out of malice prepense; they do so because they can't help it. The ability to write well is a gift, as much as a talent for drawing, or music. If music is born in a child, he is musical, or may become so. In like manner if the gift of gift of good writing is the dower of a child, at birth, he can, and may, make a good writer. Other children, born with no such natural aptitude, will never make good writers; couldn't write a good legible, easy flowing hand, at working speed, if they got a dollar a word for it. Is there not as much individuality in the handwriting, as in the faces of men and women? The average man and woman, cannot, as a rule, subordinate the individuality of their handwriting to the most careful teaching and training in the art. Take two children — let the same man teach them writing — in exactly the same manner — the same style of chirography — and when they put their skill to practical use, their penmanship may, and will, be different — good or bad — according to the difference in their individuality. Some men and women can't write well, even with enough good intention to pave ten acres of Dante's Inferno; that is when they write rapidly, as they have to do in this rapid age. A hundred years ago nearly everybody wrote well, because they wrote, as they did everything else, more leisurely, as one can see by referring to bundles of old family letters, and noting the clean, clear, current handwriting, in sharp contrast to the average hurried, slovenly penmanship of to-day. There is in these conditions, a thing to contra-indicate the teaching of writing in the best and most thorough manner possible. That will not insure universal good writing, but most of it will be less bad. Those who expect the best system of teaching writing in school or elsewhere, to make one pupil to write as well as another, will be as much disappointed as he who expects two men of different size and build, to coat two shadows alike.

EDITORIAL NOTES.

Kingston is economical in its representative ambition—it apparently doesn't want an ex-Pense-ive member.

The father—or perhaps more strictly speaking, the father-in-law of Europe, is a fitting title for the good King Christian of Denmark, who died yesterday at nine o'clock. He has children on the thrones of many countries and his grand children are heirs apparent to a large number of other crowns. He has provided rulers or consorts for Great Britain, Russia, Greece and Norway, and is besides bound up with the Prussian royal family, the Swedish royal family, and the Orleans family and prospectively with the Spanish.

Kingston electors will not be bulldozed by prize ring records. Mr. Pense the Liberal candidate has been elected by a majority of about 40, and that in spite of the fact that Mr. McIntyre the Conservative candidate sought to prove his political "doctrine orthodox by apostolic blows and knocks." Kingston politicians are prone to be "sporty." Mr. Metcalf was in his day fond of a horse, a dog, and game cock, and his successor, Mr. McIntyre is a worthy successor in methods, which however, do not win elections.

Hon. Mr. Emmerson, Minister of Railways and Canals, does not find administration of the Intercolonial Railway—in his efforts to make it pay—all down grade. On his last visit to Peterborough, speaking at a banquet in his honour, he said he could make the Intercolonial pay at the expense of the people by advancing rates to at least a level with other railways. While there was a deficit, the public had the advantage of low rates. To indicate the difficulty he will meet in an attempt to make the railway pay a dividend, he will encounter all sorts of opposition. He has made the experiment of reducing expenses by laying off some trains, an action that has raised a howl of protest. After all, will it pay to make the Intercolonial pay? If the railway gives a good service that costs the national treasury a little money, the people get the benefit, and the matter rests upon the basis of other public services which cost money without furnishing dividends.

KINGSTON'S FADED HALO.

(Winnipeg Free Press.)

The theory of the perfectibility of human nature has received its latest black eye in Kingston. There is a bye-election campaign on in that town for the election of a member to represent it in the Ontario Legislature. A covenant was solemnly entered into between the Liberal candidate, Mr. Pense, and the Conservative candidate, Mr. McIntyre, and a hundred and fifty of their most prominent and active supporters, that the campaign was to be characterized by scrupulous honesty and purity of electioneering methods on both sides. This convenant was heralded abroad through the country, and Kingston began to shine as a town illumined by the light of righteousness; so shines a good deed in this naughty world. But alas for the infirmity of human nature—especially of political human nature. That halo of sanctity which Kingston had begun to wear as a crown has faded in the light of common day.

On Wednesday afternoon in the market square of Kingston, as related in a dispatch in yesterday's Free Press, Mr. McIntyre, the Conservative candidate, encountered Michael Sullivan, who is described as a prominent Liberal worker. These two regenerated politicians stopped to discuss the progress of the campaign. Before long the old Adam in them asserted himself. Mr. Sullivan accused Mr. McIntyre's supporters of not living up to their purity covenant; he said they were collecting a bribery fund. Mr. McIntyre retorted that Mr. Sullivan was the biggest corruptionist in Kingston. Whereupon Mr. Sullivan called Mr. McIntyre a liar, and Mr. McIntyre characterized Mr. Sullivan by "an unsavory name"—nice language for a man with wings sprouting under his shoulderblades—and the two went for each other with their fists. The market square became a scene of turmoil around the fight; and just before the police came up, Mayor Mowat succeeded in prying Mr. McIntyre and Mr. Sullivan apart.

The Mayor arrived altogether too late. He should have been on hand to prevent the conversation between Mr. McIntyre and Mr. Sullivan from touching upon politics at all. If he had been thus early on hand and had tactfully restricted the conversation to the weather and other harmless topics, Kingston might still be wearing that halo.

CITY HAS ENTERED INTO NEW AGREEMENT WITH WATER COMMISSIONERS

Resolution Passed by Finance Committee Enacting That the Commissioners Assume Control of Stand Pipes and That an Increase in Price be Made—Question of Power at Water Works Dam Considered by Mr. T. F. Matthews--No Action Was Taken.

The chief result of the meeting of the Finance Committee of the city council held last evening was that a new agreement was entered into with the Peterborough Water Commissioners. This enacts that the control of the stand-pipes in the city be given to the Water Commissioners who are to keep them in repair and furnish the city with all the water required. Formerly the city paid a lump sum of $1500 per year for this water. By the new agreement the Water Commissioners will be paid $1800 for 1906, $1900 for 1907, and $2000 a year for the balance of a term of five years.

There were present at last night's meeting, Ald. Mason, in the chair; Ald. McWilliams, Hicks, Ball, Elliott, and Mayor Best.

The discussion which ensued finally resulted in a new agreement being drawn up, was begun by the presentation of several accounts from the Water Commissioners. Messrs. T. F. Matthews, W. H. Moore, and Superintendent Henderson of the Water Commission, were present, to urge that these be paid, and gave their view of the case.

The first business taken up was that of a claim for $14.40, for damages to a water main on Stewart street, which had been injured by a corporation man engaged in building a sewer. One of the labourers employed had split the pipe with a pick. This account was passed.

The next claim for $14.30 was similar in character, except that the damage had been done by one of the men employed by Contractor R. Sheehy. The Water Commissioners claimed that since Sheehy was employed by the corporation the city was responsible to them for the damage done. The committee also passed this account.

The commissioners next brought forward a claim for $55.98 for repairs made to stand pipes. This account aroused considerable discussion. The aldermen brought up the question of handing over to the commissioners the control of the stand pipes saying that they would be an asset. The commissioners, however, were averse to this step, and stated that they had no use for the stand-pipes.

Several plans were discussed to get over the difficulty. Mr. W. H. Moore suggested that the Water Commissioners assume control of the stand-pipes, and make no charge for the water used for sewers, street and sidewalk work, and that they be paid $2000 per year for this.

Ald. Hicks proposed that the commissioners should take over the stand-pipes at a fair valuation and then charge the city a reasonable rental for them.

Mr. Matthews pointed out that as the area was enlarged the expense in connection with the supply of water for street purposes, became greater, and on this account the $1800 paid by the city should be increased.

The members of the committee were of the opinion that a change in the sum should be made, but thought that a jump from $1500 to $2000 was too much.

Finally, the following resolution, moved by Ald. Hicks, seconded by Ald. McWilliams, was carried unanimously:

"That the ownership of the standpipes be transferred to the Water Commissioners, they to care for them, turn the water on and off, when required and keep them in repair, that the Commissioners furnish the city with water for public purposes for which the city is now paying in a lump sum of $1,500 per year, and also for all street work required by the city, such as sidewalk, sewer and street construction, and that the Commissioners be paid $1,800 for 1906, $1,900 for 1907, and $2,000 per year for the balance of a five years' term, and that the city be allowed to have new standpipes put in at the rate of 2 per year at the expense of the Commissioners, the above payments not to include claims for damages to street mains, and all claims to date which the Commissioners have against the city to be cancelled except two claims of $28.70 for damages to main which have been passed by this committee and that an agreement and bylaw be drawn up to give effect to this resolution."

Ald McWilliams made the suggestion that the Water Commissioners should take entire charge of the street watering, that they should hire the contractors and see that the work was done and that the money collected for this purpose should be paid over to to them. No action was taken neither the majority of the Committee nor the Commissioners regarding the plan as practicable.

Power Question.

Mr. Matthews brought up the question of the undeveloped power, at the Waterworks dam. The present dam would have to be rebuilt within five or six years. If required the Water Commissioners were ready to go ahead at once. If the city wanted power he suggested that the city should take care of the interest on the sinking fund until the revenue from the surplus power was sufficient to take care of this. About 1,000 horse power in all would be made available by the building of the new dam which would cost at least $80,000. About 500 horse power would be available for use by the city. The matter was not discussed at any length and no action was taken.

Want Peterborough Papers.

A letter was read from Mr. J. H. Burnham, asking that the Peterborough papers kept on file in the city clerk's office be turned over to the Historical Society. The letter stated that if this were done the Society would have a set from 1840 to 1905.

Ald. McWilliams was of the opinion that while the papers might be in less danger of destruction from fire if kept in the Victoria Museum, they would not be as accessible to the public as they are at present. The other Aldermen concurred with this and no action was taken in the matter.

The Committee then adjourned after dealing with a number of accounts.

SHILOH'S FREE DISTRIBUTION.

In another column announcement is made of a free distribution of Shiloh's Consumption Cure, the Lung Tonic, to be held in Peterborough on Thursday, February 1st.

Readers of the Examiner are doubtless aware that Shiloh's Cure has been on the market for over thirty-two years, and that nothing has ever been offerted that takes its place as a family remedy for Coughs, Colds, Hoarseness, and all diseases of the air passages.

More Shiloh's Cure is being sold to-day than ever before, which is perhaps the best evidence of the fact that it does all that is claimed for it.

Any reader of the Examiner who may for any reason be missed in the house-to-house distribution on Thursday may secure a free bottle by addressing S. C. Wells & Co., Toronto, Canada.

IF

you miss your EXAMINER a single night, 'phone No. 57.

Going Out Of The Meat Business

Having decided to give up the business at present carried on by me at the corner of George and Brock streets, known as the City Meat Market, I would ask all those indebted to me to call and settle their accounts, either at the shop or at 189 Brock street, on or before the 15th of February next, as after that date all accounts unpaid will be placed in court for collection.

The BEST STOVE CO.

MUSIC AND DRAMA

NATIONAL CHORUS.

On very rare occasions has Massey Music Hall, Toronto, contained as large and as fashionable an audience as that which last night gathered in that immense building to hear the concert given by the National Chorus, organized and conducted by Dr. Ham, and the New York Symphony Orchestra, of which that great musician, Dr. Walter Damrosch is the leader. It was, perhaps, the musical event of the season, and it has a special significance to this city, because of the fact that one of Peterborough's daughters achieved a triumph which must be gratifying, not only to herself but to every resident of this city.

That Miss Helen Davies could go to Toronto, and in the most exacting part which she took last night, that of the soprano obligato solo in Dr. Frederick Bridge's splendid setting of Kipling's "The Flag of England," captivate an audience composed of best musical critics of that city, is a fact which must add materially to her reputation as one of the most promising of Canadian sopranos.

The thunderous applause which followed the rendition of the work in which Miss Davies took the leading part, was a fitting recognition of her complete triumph, and although she repeatedly bowed her acknowledgements the audience was not satisfied and demanded more. In response to these insistent demands Dr. Ham repeated a portion of the piece, and again Miss Davies fully met the difficult requirements of her part.

The Peterborough people were well represented at the concert, and the first section of the ground floor, which had been reserved for them, was filled, fully one hundred and fifty persons from this city attending. They, of course, led in the applause which followed Miss Davies' singing, but it must be said that the Toronto portion of the audience were almost equally enthusiastic in their reception of her work. Miss Davies, at the conclusion of her solo work, was presented by her Peterborough admirers with two magnificent cheaves of roses.

The special train, which was run over the G.T.R., carried about 100 persons, while a large number went by the C.P.R., which, unfortunately was 35 minutes late, and those who travelled by it, missed the opening orchestra selection.

Warm Praise From the Press.

Perhaps the best evidence of Miss Davies' success, which, after all, is the main part of interest for Peterborough, is the praise which the press of Toronto, which is usually very modest in its reference to outside artists, gave Miss Davies.

The Toronto Globe's reference to her is as follows:—

There is immediately following a very beautiful close to the soprano solo which is heard above the chorus on the words, "Because on the bones of the English the English flag is stayed," a plaintive whisper of mourning. One might mention as also very beautiful the section, "The South Sea Sighed," for soprano solo and chorus of women's voices, with its delicate orchestration for the softer voiced instruments, which both in melody and atmosphere impressed one as being particularly felicitous. In his enunciation of the oft-repeated phrase "What is the flag of England?" the composer declaims it with sufficient pomp and vigour. The whole of the music is decidedly British in spirit, while the thematic material does not suggest any foreign origin. The soprano solo was taken by Miss Helen Davies, of Peterborough, who won a signal success in a part that was not designed to give the singer opportunities for display or for scoring a point by obvious tunefulness. Miss Davies sang with much purity of voice and significance of expression, and although the composer has imposed a heavyweight of chorus and orchestra at times against the solo she was heard at these points distinctly. The audience were so enthusiastic over the cantata that Dr. Ham repeated the second half, commencing at the words, 'Never the lotus closes.'

The Mail and Empire gives this eulogy:—

It is not going too far to say that the impression the work created was in some degree due to Miss Helen Davies, a young Canadian singer and a pupil of Dr. Ham, who electrified her hearers by her rendering of the brief solos with which the work is interspersed. She has a high soprano voice of exquisitely soft and wooing quality, warm in tone, and capable of surprising tours de force. Add to this rare personal beauty, a pure and distinct utterance, and a sure instinct for appropriate modulation in emotional passages, and you have Miss Helen Davies. In the cantata a beautiful solo is provided on the entry of the south wind, "From the Virgins My Mid-sea Course," with a lulling cadence "like tired eyelids upon tired eyes," and Miss Davies' rendering was tender and gracious in a rare degree. Exquisite also was her pianissimo singing in the line, which is given an ethereal setting on muted strings, "The naked stars have seen it, a fellow star in the mist." By way of contrast was her splendid fortissimo declanation in the recurrent phrase, "Go forth, for it is there!" But in this passage Sir Frederick Bridge has fallen into the error of most modern English composers. He ignores the limitations of the human voice. The phrase, which makes a climax at several points in the work, is too heavily scored both for chorus and orchestra to permit even a Nordica to do justice to herself.

The World has the following:

Miss Helen Davies sang the solo obligato with rare distinction, so much so that she won a well-deserved encore. Her chief difficulty was that the piece is so brilliantly scored that any voice of mezzo quality has trouble in making a distinct impression over the combined chorus and orchestra.

Concert a Triumph.

Referring to the general features of the concert the Mail and Empire says:

"One of the vastest audiences ever assembled in Massey Hall was that which last night greeted the National Chorus, conducted by Dr. Albert Ham, and the New York Symphony Orchestra, of which Mr. Walter Damrosch is the controlling force. In a twofold sense the concert was a triumph. Dr. Ham's chorus, formed but little more than two years ago, much surpassed its former efforts, and Mr. Damrosch's orchestra is by long odds the finest of the many organizations that he has conducted in this city. The National Chorus is now an established institution."

In the society column of the Globe reference is made to some of the prominent persons who attended the concert, in the following terms:

"The Massey Hall was full with a music-loving audience last evening to hear the exquisite New York Symphony Orchestra, with the National Chorus. The soloist, Miss Davies, looked charming in a pretty white satin, draped with a soft overdress of chiffon and tulle, with sequin shoulder trimming and pearl combs in her dark hair. A few of those present were: The Misses Mortimer Clark, the Bishop of Toronto, Mrs. Sweatman, Mrs. Melvin Jones, Mr. and Mrs. B. Massey, Mrs. G. Dickson, Mrs. S. Houston, Mr. F. Plumb, Miss Houston, (Niagara Falls), Dr. and Mrs. Parker, Mr. and Miss Gzowski, Mr. and Miss Heron, Mr. Kemp, Rev. Prof. Clark, Mr. and Mrs. Fraser Macdonald, Miss Paton, Mr. and Mrs. Gamble, Miss Kemp, Mrs. S. Waldie and others."

Among those who attended from this city were:

Mr. A. A. Hollingshead, Mr. and Mrs. George Hatton, Mr. and Mrs. A. Elliott, Miss Ina Cumming, Mr. and Mrs. Crane, Mr. and Mrs. W. H. Hill, Mr. and Mrs. A. P. Poussette, Mr. H. LeBrun, Mrs. LeBrun, Mr. D. Parkert, Mr. and Mrs. H. Rush, Mr. and Mrs. Hughes Charles, Mr. W. G. Morrow, Miss Morrow, Mr. and Mrs. K. Eardley-Wilmot, Ald. Hicks, Mr. W. F. Nelson, Mr. J. J. Lundy, Miss Pearl Lundy, Judge Weller, Miss H. Dean, Mrs. Dean, Mr. and Mrs. C. G. Graham, Mr. J. M. Brooks, Mrs. and Miss Kendry, Mr. Argue, Dr. and Mrs. Amys, Dr. and Mrs. McNulty, Mr. W. E. Lech, Mr. Geo. Stevenson, Mr. D. O'Connell, Mr. W. Stocker, Mr. and Mrs. Irwin, Misses Irwin, Mr. and Mrs. A. H. Stratton, Dr. Eastwood, Mr. and Mrs. W. H. Robertson, Miss Mattie Robertson, Mr. Llowellyn Hall, Miss A. Hall, Miss Barlee, Miss Wilmot, Miss W. Dobbin, Miss Rush, Miss Mary Rush, Mrs. W. E. Wasson, Mrs. John Wood, Miss Annie Wood, Mr. J. W. Wood, Mr. E. M. Best, Mr. E. S. Clarry, Miss Marlie Hall, Miss Mable Bradburn, Mr. Dickson Hall, Mr. Harold Walkey and others.

There are few actor-playwrights who occupy the high position on the American stage as does Neil Twomey, who will present his latest play, "The Parting of the Ways," at the Grand Opera House on Saturday, February 3rd. It is a comedy drama and enfolds a story that is intelligent and markedly interesting from the first to the last. Mr. Twomey's experience and great ability as an actor has shown him just what the essentials of a successful play are, and in this, his latest effort, he is said to have combined them in a wonderfully clever manner. The story is one of novelty and many of the instances are absolutely unique. Mr. Twomey's company is one of the best to be found in melo-drama and with elaborate scenic accessories should prove one of the most satisfying productions to be seen here this season.

"BARGAIN ANNEX" SALE No. 12

Wednesday (to-morrow) our 12th Bargain Annex Day. Note particularly the "Hour Sales." Ready for customers sharp at 8 o'clock.

Machine telephone, 18; Bell telephone, 18.

Home Mission Address.

Mrs. Martin, of Cannington, will address the Home Missionary Auxiliary of St. Paul's Mission, in Knox church, to-morrow afternoon, at 3.30. Mrs. Martin has had thirteen years experience in connection with Northwest missionary work, and her address will be of especial interest.

What One Woman Says

One woman said: "Mr. Barrie your fur bargains are the best I've seen, quality, workmanship and style considered. I have looked around in Toronto and here and see nothing, in my judgment, as good." This type of person it is always a pleasure to serve. You should also use your good judgment and look around and satisfy yourself as to our quality and values. Our discounts are actual. No fancy prices put on to be apparently taken off. Reduction are real; 20 and 25 per cent. off regular prices on all furs—33 1-3 off some furs on account of styles. Barrie's, the furriers. dw

PERSONAL MENTION

Dr. Boucher is in Toronto to-day.

Mr. J. A. Lawless is in Port Hope.

Mr. H. B. McBain went to Toronto to-day.

Mr. H. Stern, Berlin, is at the Oriental.

Mr. W. H. Bradburn is in Port Hope to-day.

Mr. Bert McCollum went to Milton to-day.

Mrs. F. E. Walden is visiting with friends in Picton.

Mr. R. M. English of Keene, is in the city to-day.

Mr. Geo. H. Blandin, Newark, N. J., is at the Oriental.

Mr. A. W. Sterling, Waterloo, is a guest at the Oriental.

Miss Jean Campbell spent Sunday at her home in Keene.

Mr. William Campbell of Keene, is in Peterborough to-day.

Messrs. Jas. Davidson and George Stevenson went to Toronto to-day.

Mr. A. Lawless, proprietor of the Lakefield House, was in the city last night.

Mr. and Mrs. Clarke Earls were in the city on Sunday visiting with friends.

Mr. E. V. Moore went to Toronto this morning.

Mr. J. H. Larmonth is in Toronto to-day attending the Civil Engineer's convention.

Mr. J. H. McClellan, Superintendent of the Trent Canal, went to Havelock on business to-day.

Mr. George Carey, who has been in Hastings for the past couple of weeks, returned to the city this morning.

Mrs. J. R. Stratton and Mrs. Ormond will receive to-morrow afternoon from four to six, instead of Thursday.

Mr. Fraser of St. Thomas, inspector of agencies for the Northern Life is in the city inspecting the books of the local office.

Captain Walter Caldwell of Port Hope, a well known, reliable and popular officer of the great lakes, is visiting in the city with friends.

The following Port Hope curlers are registered at the Snowden House: W. D. Stephens, D. McMillan, H. B. Rosevear, G. H. Ralston, W. Peacock.

Messrs. George Lynch, Emmet Doherty, William Grady, John McCabe, Godfrey Coughlin, went to Toronto yesterday to attend the National Chorus.

The many friends of Mr. James Henderson, the obliging conductor of street car No. 13, who has been indisposed for the past while, are pleased to see him at his old post again.

Mr. Tremaine, the well-known weaver, residing on Downie street, who has been confined to the house for some time with illness, does not improve as fast as his friends would desire.

Mrs. J. H. Scott of Brockville, is the guest of her sister, Mrs. T. J. Mowat, and will receive with Mrs. Mowat on Thursday. Mrs. Mowat will not receive again after this week before leaving for London.

Miss Belle Montgomery, who has been visiting friends in East City, left this morning for her home in Cobourg. Her departure was much regretted by the numerous friends who were at the station to see her off.

Rev. Dr. Crothers, of Peterborough, who preached anniversary sermons in Bowmanville on Sunday, was in town to-day (Monday) and made a pleasant call at the Guide office.—Port Hope Guide.

"It is announced that by mutual consent Mr. James Wilton Baillie, has retired from the firm of Baillie Bros. and Co. The business will be continued by the remaining partners, trading under the name and style of Baillie, Wood and Croft, at the same premises, 42 King street west." The above is taken from the stock page of the Toronto Daily Star, and the Wood mentioned in the firm is a son of Mr. John Wood, East City. This is another instance of the enterprising character of Peterborough citizen, who are continually making reputations for themselves in other cities.

Miss Emeline Miller, 152 Howland avenue, Toronto, pianist and piano teacher, returned home this morning, after a week spent in the city, the guest of her brother-in-law, Mr. T. J. Wallace, Homewood avenue. While here Miss Miller gave a musical evening to the great delight of her friends, especially those who have known of her previous progress in her art, in which she is an enthusiastic and successful. A great improvement in tone is perceptible, as well asin technicalfacility, and expression. As a teacher she is most successful, some of her pupils giving brilliant evidence of good instruction and promise of future distinction.

Latest News Of Winter Sports

The Peterborough Curling Club (Limited) Formed

Will Purchase Charlotte Street Rink From the Curling and Skating Rink Company—Share Capital Will be $10,000—Building Will be Altered and Re-modelled—Stores Placed in Front of the Rink—New Club Rooms to be Fitted Up.

The remarkable hostility of the weather to ice sports, generally, does not, though it is soft enough, dampen the ardour of Peterborough curling enthusiasts, who see a silver lining to the clouds and look forward to seasonable curling weather conditions in the future. While they expect the weather clerk to furnish the ice, they are themselves determined to do their share in providing the complementary conditions — to become freeholders, and to become as far as a permanent curling home is concerned, quite independent. A large and enthusiastic meeting of curlers was held in the Charlotte street rink last night to consider and deal with the question of purchasing the rink building.

It was decided on motion of Messrs. Robert Neill and James Bogue that the rink property be purchased by the Peterborough Curling Rink Co., (Limited,) for the sum of $4500 from the Peterborough Curling and Skating Rink Company, the present owners, and that the property be taken over as soon as possible.

The gathering was presided over by Mr. Thos. Brightman, president, and the resolution was carried after some discussion.

Col. E. B. Edwards explained the procedure in reference to taking over the property.

It was decided that the Peterborough Curling Rink Company (Limited) be formed at once and that the capital stock be $10,000, divided into 1,000 shares at $10 per share.

A provincial charter will be applied for immediately. Stock sheets were opened last night and a large sum subscribed. Messrs. R. M. Waddell and Robert Kerr, were appointed a committee to look after further subscribers.

It is proposed to make several alterations to the rink property. The new company will next summer erect a handsome front to the building having stores underneath, and a well fitted up club room overhead. The prospect for the new company is exceptionally bright.

Lindsay-Peterborough.

The annual competition for the Lindsay - Peterborough Cup, which is now held by Lindsay, will take place on Thursday next. Four rinks of Peterborough curlers will play four rinks in Lindsay, while four from that town will compete with a like number in this city.

The rinks that will go to Lindsay will be composed of:

A. P. McDonald,
W. McIlroy,
T. F. Matthews,
G. H. Giroux, skip.

Dr. Wightman,
Jos. Gibson,
R. M. Waddell,
J. H. Connell, skip.

George Maitland,
G. L. Hay,
E. B. Clegg,
W. G. Ferguson, skip.

J. Hayes,
H. L. Foote,
C. Rutherford,
S. Ray, skip.

The four Peterborough rinks that will play here are:

J. E. A. Fitzgerald,
R. Hicks,
T. Brightman,
C. N. Brown, skip.

M. C. Tooley,
E. Hilland,
W. J. Thompson,
John Stenger, skip.

John Robson,
S. T. Medd,
Herb Snowden,
T. Rutherford, skip.

A. Moore,
Robert Kerr,
W. G. Morrow,
Robert Neill, skip.

The Failure Of The Smoker

Nothing Else Could be Expected in View of Other Similar Affairs.

The failure of the smoker billed for Saturday night, to attract an audience, is a proof of the fact that the Peterborough people have at last rubbed their eyes and become wide awake. To bill Blake and Carroll may have had the intimation of putting up a good square bout, but the people in this city have been swindled and bamboozled so often by the unprincipled thugs that have before given exhibitions here that they are most unwilling to part with their good money and probably be forced to sit through a contest between amateurs of the rawest nature in spite of the fact that the posters often announce them as champions. The very name champion is enough to make a horse laugh when applied to such excuses. The people of this town have about all they want of boxing and wrestling conducted as it has been in numerous instances in the past and perhaps it is a good thing for sports generally that these games, as conducted sometimes, are down and out for good.

BASKET-BALL.

The Arrows and Alerts play next week for the Intermediate City Championship. The game will probably take place a week from Wednesday. The Alerts led the round by four points, having won the 1st game by a score of 26-22. The return game promises to be fast and stubbornly contested as the Arrows will strive to turn the tables.

COMMISSION AT HALIFAX.

Halifax Board of Trade and Preference —Farmers Want Duties Lowered.

Halifax, N. S., Jan. 30.—The opening session of the Tariff Commission was held at the Board of Trade rooms yesterday morning, Hon. Mr. Fielding presiding. The attendance is large, there being quite a number of delegations present from outside the city. Messrs. W. J. Clayton and L. J. Mylius, speaking for the Board of Trade, advocated that the preference on British goods be only extended when the goods are imported through Canadian ports. A great quantity of goods destined for Canadian ports finds its way through American ports, and carried over foreign railway lines, much to the detriment of this country. The Farmers' Association asked that the duties on farming implements be reduced, that a bounty of $6 a ton be given Canadian-built ships, and that no increases be made in the tariff.

THAT TIMBER DEAL.

Nothing Irregular or Dishonest in it, Says Hon. E. J. Davis.

Toronto, Jan. 30.—Re. the disclosures regarding that peculiar timber deal op the Spanish River, Hon. Mr. Foy says he was wrong in the figure offered by the would-be purchasers now. It is $235,000, and not $330,000.

"I haven't the slightest recollection of the timber transaction mentioned by Hon. J. J. Foy," said E. J. Davis, "but there is one thing certain — nothing of an irregular or dishonest nature occurred. If the facts stated are correct, and I had anything to do with the matter, the books will, or should, show a complete record of the entire deal. Nothing was ever done without the authority and cognizance of the Government. Everything I did as Minister of Crown Lands was honest and entirely above board."

Don't Neglect a Cough or Cold

IT CAN HAVE BUT ONE RESULT. IT LEAVES THE THROAT or LUNGS, OR BOTH, AFFECTED.

DR. WOOD'S NORWAY PINE SYRUP IS THE MEDICINE YOU NEED. . . . . .

It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrups, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cts.

Mrs. Henry Seabrook, Hepworth, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup in our family for the past three years and I consider it the best remedy known for the cure of colds. It has cured all my children and myself."

Suicides Lost Hard Struggle

Defeated at Lakefield Last Night by Score of 9-8.

The Suicides Hockey team drove to Lakefield last night where they played an exhibition game with the Suburbs, the city league team of that place. The game was a hard fought, but not rough, contest. Lakefield succeeded in winning out by the narrow margin of one goal, the score at full time being 9—8, and at the half, 4—2, in their favour.

The Suburbs had a shade the best of the argument in the first half but in the second it was anybody's money and the Suicides scored 6 times to Lakefield's 5. The Sudden Death team showed a marked improvement over the form displayed in their last game. Lakefield had two changes in their line-up which was stronger than in their first game with the Suicides. W. Grose, of Peterborough, made a very satisfactory referee. Following is the line-up of the Suicides:

Goal, Wilson; point, W. Weatherston; cover point, Quinn; cover, A. Weatherston; centre, Campbell; right wing, McMillan; left wing, Gilman.

HOCKEY

The "Man from Glengarry" on the Review staff in accepting the challenge of the Examiner hockey team made the startling statement, which in view of the former challenges of this "great family journal" to steal the name of a local morning sheet, have repeatedly issued and which, up to the present time, have failed to elicit any acceptances.

The Examiner has just a thing or two to say to its cellar door contemporary before advising its hockey friends to prepare for the slaughter.

In the first place Tokome Sr. may be left out of the controversy altogether, and the man from Glengarry shows exceedingly bad taste in referring to him in connection with this matter at all. "Lady" Craig is certainly in good shape but has not reached his present fine condition all at once and has been down to the weight limit for some time. The manager of the seven rubber chasers of this journal took a fancy to him while he was still on the Review with the result that he has been secured for the Examiner septette. Perhaps the "Man from Glengarry" and others of the Review seven will think he is a mighty strenuous "lady" when the big battle is raging. "Police Court" Tokome is in the finest of shape and his daily visit in quest of information to the cottage of bans has given him a "cast iron" constitution and there is every assurance that he will be in the game from beginning to end. Hesion while he has attended two pink teas this week has been careful to eat only shredded wheat biscuits and is therefore still in the "pink" of condition. M. J. Hutchinson is far-famed for his defence work and it is needless to say that his wonderful lifts will make the "Man from Glengarry" think tenderly of home and wish he was again running logs on the tumultuous Ottawa. It would be suicide for "Chief" Metheral to neglect paying every attention to his team and their workouts in the basement from which railbirds are prohibited—actually prohibited, when a matinee boy wouldn't give a postage stamp to see these marvellously scientific exhibitions are certainly much needed, but the Examiner in the meantime will attend pink teas and otherwise dissipate without ever a fear of the self-sung prowess of the dangerous Review hockeyists? With the Big Chief in the Van and Sawle of Tarsus unable to keep pace with others in the rear, Metheral, Little Chief, closely following his leader, with the man from Glengarry flattening out the frozen mud at every step and hilariously swinging a big pike pole, the Review bunch looked very picturesque in the big five mile into the country, which was referred to in their last night's issue, and a resident of Greenstalk was heard to remark, "They're all right". At this the man from Glengarry staggered and reeled, his hat band burst into a thousand pieces. Little Chief Metheral sent for the fire wagon and big chief kept up the river driver's spirits by reciting witty "antidotes". Prepare for the struggle Review, and remember that there are characters who like "Count Casius" in "His Highness the Bey" have a great fondness for "loose change". See?

A POINTER WORTH HAVING.

The merits of Ozone are well known, but in buying it one must be sure to get the purest form. Also, Ozone should always be taken along with "Celery King" the famous tonic laxative. The purest form in which Ozone is put up is "Solution of Ozone" (the coupon kind) and each bottle of this brand contains a coupon entitling you to a package of "Celery King" free.

No other firm in the world can give "Celery King" with Ozone. We give because our Ozone thus brings the highest results. In addition, you get just about twice as much "Solution of Ozone" for your money as of other kinds, and you alsoget it in the purest and most concentrated form. You also get "Celery King" free, instead of having to buy it which you would need to do in order to have full benefit from the use of Ozone

Your druggist should have "Solution of Ozone" (the coupon kind). If not, write to the Public Drug Co. Bridgeburg. Sold by W.B. Waroe

Local Skater Won Big Race

Oliver Dusty is Distinguishing Himself in the West.

—Oliver Dusty, a well known Peterborough skater, has been distinguishing himself in the West. In a recent competition at Melitia, Manitoba, in which eight competitors were entered, Mr. Dusty won in straight heats, carrying off the $100 purse. It was a rather easy victory for the former All Saints' hockey player.

The Alleged Irregularities Inquired Into

Allegations By the Chief Clerk Against Deputy Minister.

PARTIZANSHIP IS CHARGED

Counter Charges to Be Made Against Accuser—Letter Book and Documents Mutilated—Information Asked For by Legislature Suppressed—Correspondence With Political Flavor—Judd is Commissioner.

Toronto, Jan. 30.—Only one side of the evidence was heard in the commission opened yesterday at the Parliament buildings by Mayor Judd of London into charges brought by Mr. James S. Webster, chief clerk of the fisheries branch, against the Deputy Minister, Mr. S. T. Bastedo. Mr. Bastedo's counter-charges will follow the hearing of Mr. Webster's case. The gravest charge alleged was perhaps that of falsifying the returns of refunds made during five years to the extent of $4,000. The mutilation of letters and public books and the removal of letter copies from public letter books to Mr. Bastedo's private letter book were other charges made and supported by exhibits. The inquiry will be resumed at 10 this morning.

Messrs. I. F. Hellmuth, K.C., and F. C. Cattanach appeared for Mr. Bastedo, and Mr. J. E. Jones for Mr. Webster. The first charges entered were by Mr. Webster, to the effect that the Deputy Commissioner permitted, or directed, letter books containing copies of letters written in the course of the official business of the fisheries branch to be mutilated and burned, in order to remove evidence of improper conduct in the business of the branch. This phase of the case was laid over for a time, in order to allow Mr. Jones to make a further examination of the letter books.

Letters Secreted Or Destroyed.

Charges that letters which should have been put on the public office files had been secreted or destroyed, and that others on the files had been mutilated, were then proceeded with. The first specific case related to a letter from Fisheries Overseer Howard, of Collingwood, on May 17, 1902, which Mr. Webster said had either been removed from the public file, or not kept there when it should have been. He had kept a copy of it, and was asked to read it.

Mr. Bastedo—Would the original not do better?

The Commissioner said it would, and Mr. Bastedo produced it from a bundle of papers on the table. The letter, which was read, related first to fisheries business and then went on to ask if the writer should go to places in his fishery district and canvass the fishermen for votes. A reply from Mr. Bastedo was also read, saying that if official business called Howard to the places mentioned he should go.

Another charge was that a letter bearing date March 11, 1902, from D. Cattanach, overseer at Wolfe Island, to S. T. Bastedo, enclosing $25 for licenses, had not been put on the office files as it should have been.

Alleged Mutilation of Documents.

Proceeding, charges that certain documents on the public file had been mutilated were taken up. Mr. Webster said he had never seen anyone in the department mutilating letters, but a number had come to him from Mr. Bastedo in the usual course of office routine bearing evidences of mutilation. The cash book showed that $15 had been received from Pratt about this time for licenses.

Mr. Hellmuth said the letter enclosing the money would be produced.

Other letters on the files seemingly mutilated were referred to in the charges and looked over by the Commissioner and the lawyers.

Mr. Webster then stated in reply to Mr. Jones that these were all the instances of which he had note in which he alleged that letters had been mu[illegible]

Charged Incorrect Entries.

Continuing at the afternoon session, the charge was made that in the years 1901, 1902, 1903 and 1904 the Deputy Minister in his printed report stated that certain refunds were made in respect of the fisheries revenue which were much less than the actual amounts refunded as appear by the books of the branch. These figures were submitted, the difference for five years being $4,123.42:—

Year.	Actual Refund.	Report.
1900	$ 629.92	$ 432.00
1901	1.438.00	156.00
1902	394.00	63.00
1903	672.50	18.00
1904	2.159.11	502.11
Totals	$5.293.50	$1.171.11

Mr. Bastedo was also charged with falsifying his reports for 1902 by directing no mention to be made in the overseers' statistics showing that bass had been caught in Norfolk and elsewhere contrary to the statutes.

W. R. Smyth, M.P.P., Brought In.

Another charge was that in May, 1902, Mr. Bastedo wrongfully suppressed written information which was required and demanded by the Legislature by request of Mr. W. R. Smyth, M. P. P., in respect to issuing licenses for pound net fishing in the north channel of Lake Huron, which had been prohibited by law.

A number of letters were read from fishery overseers and others. Some of these had reference to political campaigning. S. Freeman wrote in June, 1902, recommending one D. Avern for a license to catch suckers, as he had been a great helper in the election campaign and suckers were injurious to good fish. Mr. Bastedo wrote that he did not like to establish a precedent and could not accede to Mr. Freeman's wishes.

F. W. Cowley, a conductor on the M. C. Railway, wrote in September, 1902, to Mr. Bastedo, in part, he said:

"I have taken an active part in things political for a number of years, and upon coming to Niagara on the eve of the last provincial election I, as usual, took up the fight here. One thing struck me strikely here, and that was that all the fishermen at the Point vote Conservative, and upon inquiry as to the cause for it I have been informed by several of them that they could not get a license to fish at any other point than Niagara, as the fish industry on Lake Erie and Georgian Bay was controlled by the Americans, meaning, I suppose, the American Fish Co. I ridiculed this idea, but was informed by several of them that they had applied for license to fish at other points and could not get it. Now, my idea is to try and explode this."

A License For a Friend.

He then asked for the issue of a license for a friend.

"I suggest the issue of a license to him for a sturgeon line at Port Maitland or Amherstburg, not for use, but for political purposes in the future."

His idea was "to try during the coming winter to reorganize the Reform party at Niagara, and if you knew the condition here you would certainly say they required it."

He referred as to his standing in the party to a number of gentlemen, all of St. Thomas.

"In fact to any prominent worker for the party in that district, and I think they will assure you that I am deserving of some consideration from the party, especially when my motive is not mercenary, but for the benefit of the party in Lincoln."

Mr. Bastedo's reply was of a non-committal character, and stated that it was necessary to give the name of the man desiring the license. Jealousy among the fishermen was the cause of the licenses being refused.

To Pick Up a Little Money.

Mr. Cowley replied:—"My idea is to get a friend to fish for me. I think I could pick up a little money—what we are all after," he also hoped to overthrow the Conservatives.

A. P. Hand was informed in December, 1904, that he might get a license by taking up residence on Georgian Bay, Collingwood being considered as good as anywhere, having regard to shipping facilities:

J. R. Barber in November, 1902, was told that to relieve Bronte eight or ten licenses could be recommended for Port Credit. The letter contained a remark underlined of uncertainty as to the effect "in other directions."

A large number of copies of letters were shown to have been removed from the public letter books and inserted in Mr. Bastedo's private letter book. Many of these were trivial or of a purely personal nature. Others asked for advice as to appointments from the distributors of patronage in various districts. One to Dr Sinclair, Aylmer, for example, enclosed a list of licenses. "Kindly let me know your views at earliest convenience. If we can confine the licenses to the number of last year I think we should do so."

On June 11, 1902, Mr. Bastedo wrote to Mr. G. P. Graham that he would be glad to know the political faith of Jackson & Co. of Brockville, as the boiler of the Eva Bell was out of repair, and a new boiler might be needed before the season was over.

Gets Geologist's Prize.

Montreal, Jan. 30.—Dr Frank D. Adams, professor of geology in McGill University, has been awarded the Lyell medal by the Geological Society of London, England. The medal, which was founded by the great geologist, Sir Charles Lyell, Bart. F.R.S., is given to one who has deserved well of science.

B. C.'s First White Child Dead.

Victoria, B. C., Jan. 30.—Wm. Hunter, a pioneer, who was the first white child born in British Columbia, and who ran the first locomotive on the Vancouver Island, died yesterday at Nanaimo.

THAT STAB-LIKE PAIN IN THE SMALL OF THE BACK COMES FROM THE KIDNEYS

AND CAN BE CURED BY

DOAN'S KIDNEY PILLS

It is not the back that is aching, but the kidneys which are situated beneath the small of the back.

Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of kidney trouble. Plasters and liniments will not cure a bad back, for they cannot reach the kidneys which cause it. Doan's Kidney Pills reach the kidneys. That is what they are for and that only. So, if you would be free from backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, frequent thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs or bladder, you must keep your kidneys well. Help them to work freely, and help them to flush off all the body's waste and impurities.

Doan's Kidney Pills are made from the purest roots and herbs, and have a remarkable healing and toning effect on the kidneys. Mrs. Barling, 28 Locomotive Street, Hamilton, Ont., writes: "I had been troubled considerably with my kidneys, using many remedies, but finding no relief. I tried Doan's Kidney Pills and found them to act directly on the kindeys, and making them strong again."

Price 50 cents per box, three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Britain's Beloved Queen's Father Passed Away

King Christian IX. Succumbs Suddenly to Heart Failure.

AGED EIGHTY-EIGHT YEARS

Denmark's Beloved Monarch, Dean of the Crowned Heads of Europe, and Related to Most of the European Rulers, Passes to the Beyond—Will Be Succeeded by Prince Frederick, His Eldest Son.

Copenhagen, Jan. 30.—Christian the Ninth, the aged King of Denmark, dean of the crowned heads of Europe, father of King George of Greece, of Queen Alexandra of Great Britain and Ireland and of the Dowager Empress Maria Feodorovna of Russia, grandfather of King Haakon the Seventh of Norway and related by blood or by marriage to most of the European rulers, died with startling suddenness in the Amalienborg Palace yesterday afternoon. The accession of his successor, Prince Frederick, his eldest son, who will be known as Frederick the Eighth, will be proclaimed to-day.

The following official bulletin was issued last night.

"His Majesty died at 3.30 o'clock this afternoon. After his majesty had brought this morning's audience to a conclusion he appeared to be quite well and proceeded to luncheon as usual. Toward the end of the meal he gave evidence of indisposition and was compelled to retire to bed at 2.30 p.m. His majesty passed away peacefully, the symptoms indicating heart failure."

A Great Shock.

The death of King Christian has plunged half the courts of Europe into the deepest mourning and brought a sense of personal as well as of sincere grief to everyone throughout the kingdom of Denmark, reaching even to the humblest cottage.

Every flag in the city is at half-mast, all the places of amusement are closed and the people walk the streets as though they were passing through the chamber of death itself.

Yesterday afternoon, when the flag over the palace was placed at half-mast, the news spread rapidly. It was not believed by the great crowds which gradually assembled in the square in front of Amalienborg Palace, but when uncertainty gave place to certainty those in the assemblage shed tears and dispersed in respectful silence.

World-Wide Condolence.

Telegrams and cablegrams of condolence were pouring in last night including messages from all the sovereigns of Europe and the Danish colonies.

Premier Christensen last night tendered his resignation of the Cabinet to the new king, who expressed a wish that the present Ministry should continue to carry on the affairs of the Government.

Both Houses of Parliament will assemble to-day, when the respective presidents will formally announce the death of King Christian.

At 3 p. m. the members will assemble in the hall of the Folkething to receive the royal message announcing the accession of Frederick the Eighth. Public announcement of the death of King Christian and the accession of King Frederick will be made at noon from a balcony of the Amalienborg Palace.

Great Shock to Queen Alexandra.

London, Jan. 30.—It is expected that a memorial service in honor of the late King Christian will be held in the chapel royal, St. James' Palace, simultaneously with the funeral services held in Denmark.

Queen Alexandra received the news of the death of her father at Windsor. It came as a great shock to her, as apparently there had been no previous intimation of any indisposition.

ONE OF GOD'S GENTLEMEN.

Sketch of a King Noted For His Democratic Manners.

Christian IX., King of Denmark, was born April 8, 1818, and succeeded to the throne on Nov. 15 1863.

Prince Frederick, his eldest son and heir to the throne, was born June 3, 1843.

The late king's eldest daughter is Queen Alexandra of England, and his second son, Prince William, was elected King of Greece, under the title of George I. in 1863.

Another daughter, Marie Dagmar, is the Dowager Empress of Russia, mother of the present Czar.

Princess Thyra, the third daughter, is Duchess of Cumberland, whose husband claims the throne of Hanover.

The queen died Sept. 29, 1898, and since her death King Christian has never seemed to recover his former happy manner.

People Loved Him.

King Christian was one of the most unassuming of monarchs, democratic in his ways, and, in spite of some stormy periods, beloved by his subjects, who are perhaps the most socialistic people in Europe.

King Christian ascended the throne in troubled times, and lost through the greed of Germany the important province of Schleswig-Holstein, and for a time grave fears existed lest Germany might gobble up the whole of the little kingdom. When the Franco-German war broke out anxiety once more spread throughout Denmark because of the renewed fear that Germany would seize Denmark to secure a safe and valuable sea base. Fortunately the danger passed, and of late years the only trouble has been the radical tendencies of the King's loyal subjects.

Denmark has an area of 9,375,403 acres, and a population of 2,449,540. The kingdom includes Greenland, Iceland and several important islands in the Baltic. The exports are practically all agricultural.

His Personal Life.

The home life of the late King was remarkably happy, and the life of the palace very simple. Early rising, simple meals, plenty of exercise and as much freedom as possible from state etiquette were the distinguishing features. It has long been known that between him and the Queen of Britain, his eldest daughter, there has existed a comradeship which often drew the King to Sandringham or other royal British residences, and took the Queen frequently to Copenhagen. He was ever popular in Britain, and it is often hinted that Denmark's safety of late years from German aggression was due largely to the fact that the British people would not tolerate any attack on the land of their Queen's birth.

Killed by Horse's Kick.

Goderich, Jan. 30.—Miss Annie Lamprey, daughter of William Lamprey, Huron road, was almost instantly killed Sunday while driving home from Knox Church in town. The horse kicked for some cause, striking the unfortunate young lady twice and causing her to fall out of the buggy. She uttered a cry, managed to walk to the side of the road and then fell dead.

Crushed to Death.

Ottawa, Jan 30.—Alfred Tessier, aged 40, of Hull, was killed yesterday morning at the Portland Cement Works, in Hull. He was in the clay pit with a number of other employes when the bank caved in, and he was crushed to death by the falling earth.

Falls Through Bridge.

Guelph, Jan. 30.—Hector Gravel, a rivet heater with the construction gang replacing the G.T.R. bridge fell through the bridge yesterday over 20 feet to the frozen ground. His left arm was broken above the wrist and the right sprained.

Farmer Hangs Himself.

Stratford, Jan. 30.—Geo. Riddle, a farmer of Carthage, ended his life by hanging. His body was found in his barn hanging from a beam. Riddle was 75 years of age, and it is believed that his mind was unbalanced.

Accused of Bigamy.

New York, Jan. 30.—Capt. Albert B. Dean Reid, said to have been formerly a captain of hussars in the British army, was put on trial yesterday on a charge of bigamy preferred by Alice Anne Smalley of Canada.

Seizure of Furs.

Ottawa, Jan. 30.—A seizure of $17,500 in beaver and otter skins being sent to Ottawa by the Hudson Bay Co. were confiscated at Ottawa. Beaver and otter enjoy protection until 1910.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Post Office, &c., Regina, Sask.," will be received at this office until Friday, February 23, 1906, inclusively, for the construction of a Post Office building at Regina, Sask.

Plans and specifications can be seen and forms of tender obtained at this Department and on application to W. T. Mollard, Esq., Clerk of Works, Regina, Sask.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

FRED. GELINAS,

Secretary.

About Watch Variation

It is a well known fact that Watches when dirty are more easily affected by temperature variations than when clean and freshly oiled.

Your watch may keep accurate time all summer, but when winter comes with its extreme temperatures, it will vary. Watch Repairing and Cleaning entrusted to us will receive skilful attention.

WEDDING PRESENTS

just opened up. They are the newest in the city, and are exceptionaly good value.

Wedding Rings and Bridesmaids Favours a dainty selection.

MR. E. J. B. PENSE, M.P.P.

Carries Kingston by an Increased Majority of 34—Stiff Set-back for Premier Whitney.

Kingston, Jan. 30.—After a close and hardly contested election, even in this city of hotly-contested elections, the Liberals won yesterday by the small majority of 34.

The workers on both sides were busy bringing in the electors. There were a number of conveyances at work, though not so many as on former occasions.

The vote cast was smaller than on last January by 400.

After the last return was in and the issue was assured both candidates addressed the crowds.

Polling Booth Troubles.

There was trouble at several of the polling places over the ballots. It was understood that there were not to be numbered. However, the ballots were all numbered, and the Liberals lodged protests to Returning Officer Dawson over the action of the deputies in putting their initials directly under the number on the outside of the ballots.

Mr. Dawson went around the polling places and threatened to shut down all those whose deputies did not put their initials on the corner of the ballot, away from the numbers.

The totals are: Pense, 2,097; McIntyre, 2,063. Portsmouth, the seat of the penitentiary and asylum, gave McIntyre a majority of 22, last time it went for Pense by over 40. The vote by wards was:

Ward.	Pense.	McIntyre.
Sydenham	221	153
Ontario	136	138
St. Lawrence	100	82
Cataraqui	358	334
Frontenac	432	428
Rideau	511	544
Victoria	272	295
Portsmouth	67	89
Total 2,097		2,063

Mr. Pense's home ward is Sydenham. Mr. McIntyre's is in Rideau.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Tennyson's Idylls Of The King

Delightful Paper on That Subject Read by Mrs. McWilliams.

The Presbyterian Guild of St. Paul's Church, held its regular monthly meeting last night in the Endeavour room of the church. There was a large number of the members present and the evening was a most delightful one. The chair was occupied by Mr. W. J. Stacey, who opened the meeting with devotional exercises.

Miss Jordan opened the programme with a concise and interesting sketch of the life of Tennyson. Mrs. R. F. McWilliams then read a most clever and bright paper on Tennyson's "Idylls of the King." The interesting subject was treated in a manner that made it doubly interesting. The speaker quoted at length from Mr. Van Dyke's book on the Idylls, and related the stories contained in the Idylls and traced out the parables in each. She also explained the peculiarities of the order in which they were written.

At the conclusion of her paper a hearty vote of thanks was passed to Mrs. McWilliams.

Competition For The District Cup

Four Visiting Rinks Curl Here To-day.

At the curling rink last night there were six scheduled games resulting as follows:—

Dr. Wightman	R Carton
J Gibson	J Hays
R M Waddell	J Stanger
J H Connal, sk 15.	D Cameron, sk 5.
A Webb	W D Campbell
R Sheehy	W Talbot
D Davidson	Smith
G H Giroux, sk 8.	J A Cameron, sk 10.
C Thornton	A P McDonald
H Morphet	W Smith
Gus Hay	C E Frost
W G Ferguson, sk 9.	R Sturgeon, sk 7
Yates	W Henry
W R Hartshorn	Dr. Greer
J A Aylmer	C Rutherford
Col. Edwards, sk 8.	S Clegg, sk 9.
J Wiley	J Robson
A Moore	J Bogue
E Clegg	T Rutherford
W G Morrow, sk 14.	M Tooley, sk 8.
M McBrien	C Cox
D Hall	J E A Fitzgerald
H Foote	R Kerr
S Ray, sk 9.	C N Brown, sk 14

At two o'clock this afternoon the District Cup Competition games of District No. 2 commenced. The visiting rinks were from Lindsay, Lakefield, Port Hope and Keene. Oshawa, Colborne, Bobcaygeon, and Peterboro Falls defaulted. Umpire Col. Edwards, managed the drawing off, which resulted in Peterborough vs. Keene in the preliminary round, the winners to play Port Hope, and Lakefield vs. Lindsay, the winners of the latter to play those of the former group. The following were the draws:—

Keene.	Peterborough.
King	Dr. Eastwood
John Moore	H Foote
R B McIntyre	R. Hicks
Wm. Campbell, sk.	T. Brightman, sk.
A. Anderson	A. P. McDonald
Dr. V. McWilliams	C. Frost
Wm. Reid	W. McIlroy
R M English, sk.	T F Matthews, sk.
Lindsay.	Lakefield.

Port Hope rinks:—	
W. Oke	J. Colwell
J. F. Johnstone	G H Ralston
W Peacock	H B Rogerson
W D Stephens	D McMillan

2nd Y. M. C. A. Pop, Sat. Feb. 3rd, 8.15, Humourous Lecture, "The Evolution of a Boy" by Rev. E. A. Langfeldt, M. A., 300 Reserve Seat Tickets. Silver Collection at Door.

BRITISH ELECTIONS.

Rumblings Against Balfour as Party Leader—Unionists Now Being Divided Into Three Classes.

London, Jan. 30.—(C. A. P.)—Rumblings against the continuation of Mr. Balfour in the Conservative leadership increase. The Standard publishes another column of letters from prominent party men, predicting only disaster to the party if his leadership continues. They affirm that Mr. Chamberlain, as the Empire Statesman having sympathy with Canada and the other Colonies, is the only man to restore the party to fortune.

The Unionist members are being divided into three classes—109 Tariff Reformers; 33 Balfourites; 11 Free Traders.

Willing to Oppose Balfour.

At a meeting of the Conservative Association of the City of London yesterday the resignation of A. G. Gibbs, member of Parliament for the City of London, was accepted, and the candidature of Arthur J. Balfour for that constituency was approved. The Liberal Association of the City of London also met yesterday and postponed until Friday its decision whether to oppose the former Premier. Several Liberals expressed willingness to contest the seat.

Use Lever's Dry Soap (a powder) to wash woolens and flannels,—you'll like it. 23

MARKET REPORTS.

Liverpool and Chicago Wheat Futures Close Lower—Live Stock Markets —The Latest Quotations.

Rye, bush 0 74	....
Peas, bush 0 75	....
Buckwheat, bush 0 53	....

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, Jan. 29.—Wheat, spot nominal; futures, dull; March, 6s 10¾d; May, 6s 8¾d. Corn, spot quiet; American mixed, new, 4s 2¾d; American mixed, old, 4s 3½d; futures, dull; Jan., 4s 2¾d; March, 4s 1¾d; May, 4s 2¾d. Bacon, clear bellies quiet, 46s. Shoulders, square, firm, 40s 6d. Hops in London (Pacific coast) steady, £2 10s to £3 15s. The imports of wheat into Liverpool last week were 72,800 quarters from Atlantic ports, and 7000 from other ports.

NEW YORK DAIRY MARKET.

New York, Jan. 29.—Butter, irregular; receipts, 2793; street price extra creamery, 28½ to 28½c; official prices, creamery, common to extra, 17c to 28c; do., held, extras, 23c to 28½c; state dairy, common to extra, 17c to 28c; renovated, common to extra, 18c to 26½c; western factory common to finest, 15½c to 18½c; western imitation, creamery, extras, 21c to 21½c; do., 1st, 12½c to 19.

Cheese—Steady; receipts, 404; state full cream, small and large, colored and white, September fancy, 14½c; do., October, best, 13½c to 13¾c; do., late made small, average best, 12¾c; do., large, 12¾c; do., fair, 11½c to 12c; skims, full to light, 3½c to 11¾c.

Eggs—Irregular; receipts, 8905; state and Pennsylvania fancy, selected white, 24c to 25c; do., choice, 23c to 24c; do., mixed; extra, 22c to 21c; western firsts, 19c; do., seconds, 18c to 18½c; southerns, 17c to 19c

CATTLE MARKETS.

Cables Steady to Easier—Cattle Are Firmer at Buffalo.

London, Jan. 29.—Cattle are quoted at 10½c to 11¼c per lb.; refrigerator, 7¼c to 8½c.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were 59 car loads, composed of 1174 cattle, 165 sheep and lambs, 12 hogs and 17 horses.

Exporters.

Only a limited number could be called finished, and the bulk were not half finished. Prices for shippers ranged from $4.40 to $4.90 and one or two picked lots, it will be seen, sold at a little more money. The bulk sold at $4.65 to $4.85 per cwt. Export bulls ranged from $3.90 to $4 per cwt.

Butchers.

As in exporters, so in butchers', few of them could be classed as good to choice, and these were picked up at firmer prices, but the common classes were not any higher than last week. A few choice handpicked lots sold at $4.50 to $4.70; best loads sold at $4.25 to $4.40; fair to good at $3.90 to $4.15; medium, $3.70 to $3.80; common mixed lots, with cows amongst them, sold $3.35 to $3.50; cows, at $2.75 to $3.75 per cwt.

Milch Cows.

A few milch cows, generally of poor quality, sold at $35 to $45 each.

Sheep and Lambs.

Lambs sold at $6.50 to $6.90 and one choice lot was reported as high as $7 per cwt.; export ewes sold at $4.75 to $5 per cwt.

Veal Calves.

Four calves sold at $6.75 per cwt.

Hogs.

Receipts were light and prices are quoted 12c per cwt. lower, selects at $6.85, and light fats at $6.60 per cwt., altho Mr. Kennedy stated that he had paid $7 per cwt. for two or three loads, since last Friday, but had decided to drop prices, as stated above.

MONTREAL LIVE STOCK.

Montreal, Jan. 29.—(Special.)—Cable advices same stronger and prices for Canadian cattle in Liverpool, show an advance of ½c to 1¼c, and in London they are 1c higher, at 11c. Glasgow cables quoted prices at 10¾c to 11¾c; shipments from Portland and St. John, N.B., last week were 3988 cattle, 1405 sheep. Receipts today, were 800 cattle, 50 milch cows, 150 sheep and lambs, 75 calves, 1200 hogs. The butchers were out strong and trade was brisk at firm rates all round. Prime beeves sold at 4¼c to 5c per lb.; good cattle, 3½c to 4¼c, and the common stock, 2½c to 3½c. Milch cows sold at $30 to $55 each, some of them being superior milkers. The calves were all young and sold at $3 to $5 each. Sheep sold at 4½c and lambs at 6c per lb. Owing to the increased supply of hogs, a weaker feeling developed in the market and prices since Saturday declined 30c per 100 lbs.; the demand at this reduction was good and all the offerings were sold at $7.25 per 100 lbs., weighed off the cars.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Jan. 29.—Cattle—Receipts, 3700 head; active, strong, 10c higher; Prime steers, $5.40 to $5.65; shipping, $4.75 to $5.35; butchers, $4.40 to $5.25; heifers, $3.50 to $4.65; cows, $2.50 to $4.35; bulls, $3.75 to $4.50; stockers and feeders, $3.20 to $4.40; stock heifers, $2.75 to $3.50; fresh cows, active and strong; springers, slow, $20 to $55.

Veals—Receipts, 300 head; active, $5.25 to $8.

Hogs—Receipts, 15,300 head; fairly active; pigs, 10c higher; others, steady; heavy and mixed, $6.65; yorkers, $6.85 to $6.90; pigs, $6; roughs, $4.80 to $5.10; stags, $3.50 to $4.

CAPT. M'LEAN SAFE.

Reported Loss of "Ella G." Turns Out to Have Been Premature.

Victoria, B.C., Jan. 30.—Word reached here yesterday that the fishing schooner Ella G. is safe at Uclueiet, having arrived there yesterday morning with all well on board.

Fires at Danish Minister.

Copenhagen, Denmark, Jan. 30.—An attempt to shoot the Minister of Justice, M. Alberti, yesterday was frustrated by the Minister, who grappled with his assailant and wrested the revolver from him. The Minister's assailant was formerly an insurance agent, named Deye, who had been sentenced to a term of imprisonment for burglary, in spite of his protests that he was innocent. Friends say he is mentally unbalanced.

Severe Kidney Trouble.

Mrs. Geo. Lawson, Consecon, Ont., writes: "Dr. Chase's Kidney-Liver Pills completely cured me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me."

THEY ARE THE BEST

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY, Deputy of the Minister of the Interior.

The House of Lech

Famous for Fine Furs for Over Forty Years

TO-DAY IS THE DAY

Of Rarest Opportunities in

The Application Being Reviewed This Afternoon

G. T. R. and C. P. R. Meeting Before Minister of Railways and Canals.

Special to The Examiner.

Ottawa, Jan. 31.—Deputations are in the city, and at 3 o'clock this afternoon will wait on the Minister of Railways. They represent the C. P. R. and the G. T. R. The former is applying for approval of its route map to run a loop knot from Peterborough to Victoria Harbour and Midland. It is an adjourned hearing, as at the first one those interested were asked to get additional information for the Minister. This has been done. It is understood that the G. T. R. will only oppose the application in so far as it would likely affect their interests. The matter will be gone into fully this afternoon.

Drowned While Driving On Ice

Tragic Death of William Laird of Wolfe Island.

Kingston, Jan. 31.—William Laird, of Wolfe Island, aged 38, while driving Lord Russel, a 2.19 pacer valued at $1,000, from Kingston to Battersea yesterday, broke through the ice on Loughboro Lake, and both man and horse were drowned.

Derrick Fell And Killed Two Men

A Distressing Accident on the Grand River.

Special to The Examiner.

Guelph, Ont., Jan. 31.—At the Grand River Bridge on the Guelph and Goderich Railway, a serious accident occurred this morning by which two men were killed and two others badly injured. The derrick was upset as the men were putting in a span at that point. Felix Mahoney, conductor, of London, and D. McKenzie, brakeman, were killed. Brakeman Simmons and Bridge Foreman C. J. Amey, were badly injured.

Going Out Of The Meat Business

Having decided to give up the business at present carried on by me at the corner of George and Brock streets, known as the City Meat Market, I would ask all those indebted to me to call and settle their accounts, either at the shop or at 189 Brock street, on or before the 15th of February next, as after that date all accounts unpaid will be placed in court for collection.

3d T. C. WESTLAKE

Mr. A. C. Dunlop Passes Away; An Old Resident

One of the Best Known and Highly Respected Gentlemen in the City or County Died Last Night After Long Illness —Deceased Was About 90 Years of Age—He Served in MacKenzie Rebellion — Had Celebrated 60th Wedding Anniversary.

WAS PROMINENT IN PUBLIC AFFAIRS

After an illness of several years, Mr. Alexander Charles Dunlop passed away last night at 6.30, at his residence, corner of Water and Murray streets, and by his death Peterborough loses one of her most highly respected and most philanthropic citizens, a man who though not ostentatious in his beneficiences, was one of God's gentlemen, and was a living exemplification of the injunction to "do good by stealth," and there are many persons who could give testimony to his generosity and kind-hearted liberality.

The late Mr. Dunlop, as has been stated, has been suffering for some years, but in spite of his advancing years he was a man of remarkable vitality. He was stricken with paralysis a few years ago, though he was not confined to his bed until a comparatively short time ago. The paralysis gradually took possession of his frame until it reached his heart, when he passed away.

The late Mr. Dunlop held the position of magistrate for the village of Ashburnham for many years, and also served in the county council. Mr. Dunlop was a member of the Church of England; a Conservative in politics; a manly and honourable gentleman of the old school, of a most generous and hospitable disposition, a true Christian, and a friend who was always to be depended upon in time of need.

Mr. Dunlop is survived by his wife and one daughter, who are the only relatives living.

The funeral will take place on Thursday at three o'clock, from the family residence to the Little Lake Cemetery.

Andrew Charles Dunlop was born in Edenderry House, County Down, Ireland, in 1817. He was the youngest son of Major Charles Dunlop of the 18th Royal Irish Regiment, who fought through the American Revolutionary War, from start to finish including the battles of Lexington and Bunker Hill; and also in Egypt under Sir Ralph Abercrombie.

After a long and honourable record the Major died in 1817, the year of his youngest son's birth. Major Jas. Dunlop, brother of Charles Dunlop, was murdered on July 22nd, 1781, while a wounded prisoner in the hands of the Revolutionists in North Carolina and by an Irish champion of liberty, too.

Mr. Charles Dunlop came to Canada in the year 1835, and took up two hundred acres of land in the Township of Otonabee. In 1837 he joined the Peterborough volunteers and served till their disbandment, under Col. Cole, of the regulars.

On February 25th, 1845, Mr. Dunlop was united in the holy bonds of matrimony to Miss Eleanor Stewart, second daughter of the late Hon. T. A. Stewart, of Auburn. On February 25th, 1905, the 60th anniversary of their wedding was celebrated and a large number of the very many friends of the deceased gathered to pay their respects, though by reason of the illness of Mr. Dunlop, the celebration was very quietly observed.

The wedding ceremony was performed by the Rev. Robert J. C. Taylor, rector of Peterborough, at the residence of the bride's father, now known as the late Hon. Robert Hamilton homestead, in the presence of a large number of guests, most of whom have since passed away. After their marriage Mr. and Mrs. Dunlop first lived at "Belvidere," Otonabee, for about eight years, when they settled at "Maxlone," near Auburn, on a property of Mr. Dunlop's father. They resided there from 1853 to 1878 when Mr. Dunlop purchased the present town residence, corner of Murray and Water streets, from the late Dr. Burritt. The building, however, was subjected to improvement and additions, making it one of those delightfully homelike residences one sees so many of in the old land. Here Mr. and Mrs. Dunlop have passed many happy years of life, their family consisting, besides themselves, of one daughter; three other children that blessed their union, having died.

Since their residence in this vicinity Mr. and Mrs. Dunlop have seen strange mutations in the material, social and industrial conditions of Peterborough. Mrs. Dunlop's family came to Canada in 1823, and at that time the hand of man had not disturbed a stone upon the present site of the town.

For many years Mr. Dunlop was a magistrate. He had been a farmer all his life, till 1875, when he retired from active business and removed to Peterborough, and no man in the community was more respected, nor with more substantial reason therefor, than the late Andrew Charles Dunlop.

Great Future For Irrigation In The West

Ex-Ald. R. H. Leary Accepts Agency for Eastern Ontario for Canadian Pacific Irrigation Colonization Company —Over a Million Acres Will be Irrigated in Calgary District—Winter Wheat a Possibility of Alberta—Some Interesting Facts.

Mr. R. H. Leary returned last night from Toronto, where he went to complete arrangements for taking the agency for Eastern Ontario for the Canadian Pacific Irrigation for the Canadian Pacific Irrigation of Calgary. It will be remembered that some weeks ago reference was made to the fact that Mr. Leary had been offered this general agency, and before accepting it definitely he went to Toronto to gain some additional information. His research has satisfied him that the problem of irrigation in the west has been solved, and that with its solution the the people of western Canada are about to enter upon an extended era of prosperity.

The company, as was stated before, has constructed irrigation ditches, taking water from the Bow River at Calgary, to irrigate one million acres of the finest land in the west. The main ditch runs from Calgary to Gleichen, 55 miles east on the main line of the C.P.R., and the lateral ditches are now under construction.

That the C. P. R. has faith in that section of the west and its adaptability to irrigation methods, is evidenced by the fact that the C.P.R. is spending such an immense amount of money on the irrigation system. It is believed that what irrigation has done for California, Utah, Idaho, and other states, will be more than duplicated in Alberta.

Mr. Leary is making preparations to take a party to Calgary about March 1st, and will probably go a month later west with another party for the purpose of looking over the land available. The irrigation company, which is a subsidiary company of the C. P. R., has demonstration farms along the line of the canal, and will board free of charge prospective purchasers of land, and will in addition furnish teams for their use in driving over the land. It is expected that a very low rate will be secured on the railway.

The ideas of even the people of the West in reference to the possibilities of the West are changing, and in the last two or three years cattle-raising in Alberta is in some places is being supplanted or superseded by grain-growing. So much is this the case that in August the Farm and Ranch Review of Calgary issued a special winter wheat issue. In it the following appeared:

The history of the development of winter wheat-growing in the Province of Alberta, which comprises the present winter wheat area of Western Canada, reads like a fairy tale. During the past 20 years small areas here and there had successfully produced winter wheat season after season. Our enterprising cousins from south of the International boundary, who had been passing through the southerly and central portions of Alberta for years, finally began to regard this proposition with a certain degree of curiosity. They had generally had some experience with winter wheat, but could scarcely credit the fact that this cereal could be successfully grown north of the 49th degree of latitude. After carefully looking over the country, and the scattered crops, curiosity rapidly deepened into keen interest, which was further intensified when enormous yields of winter wheat were reported in the Mormon settlements south of Lethbridge. It suddenly dawned upon our "old timers" that they had been missing golden opportunities by confining their efforts solely to stock-raising, and that Alberta was indeed the home of winter wheat.

The latter stage in our development only dates back a couple of years. In 1903 some 6,444 acres of winter wheat produced 82,456 bushels, being at the rate of 12.80 bushels per acre. In 1904 the acreage was 8,296, and the yield 152,125, or 18.33 bushels per acre. The somewhat small average yield of winter wheat in 1904 was accounted for by the fact that most of it was sown on new breaking badly prepared; the seed used was often inferior, and owing to lack of experience in producing this cereal in Alberta, proper time of seeding, quantity of seed to put in per acre, etc., the general result was vastly below what it might have been. Isolated yields of 35 to 50 bushels per acre demonstrated were.

The present year has witnessed almost an incredible increase in area under winter wheat. It is estimated to exceed 65,000 acres, and judging by actual threshing results as set forth further on in this issue, little doubt is entertained that the yield this year will reach 20 bushels to the acre, or almost 2,000,000 bushels. Thirteen times the volume of last year's crop. This is writing history with a purpose!

Mr. Leary has undoubted faith in the future of the irrigation district, and will at once enter upon a campaign for the purpose of educating the people of Eastern Ontario upon the conditions of the West. He has a supply of literature describing the lands to be sold, and giving other information of interest to those intending to locate there. His office is at 381 Water street for the present, where he may be seen regarding the purchase of land.

New Books For Public Library

MY MAGAZINE, "INVESTING FOR Profit" (which I'll send free) is worth $10 a copy to any man who intends to invest any money, however small; who has money invested unprofitably; or who can save $5 or more per month, but who hasn't learned the art of investing for profit.

It demonstrates the REAL earning power of money—the knowledge the anciers and bankers hide from the masses.

It shows how to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investment.

It reveals the enormous profits bankers make and shows how one can make the same profits safely.

It explains HOW stupendous fortunes are made and WHY they are made—how $1,000 grows to $22,000.

To introduce my magazine write me NOW, mention this paper and I'll send it SIX MONTHS FREE.

Evangelist Back From Successful Five Month Tour

Mr. H. P. Kennedy is Spending a Week at His Home Here—Fine Meetings Held in Madoc, Hanover, Georgetown and Holstein—In Hanover Hotels Were Affected by Crowds at the Meetings and Some of the Worst Drunkards Converted.

ATTENDED TORREY-ALEXANDER SERVICES

Mr. H. D. Kennedy, the well known evangelist, and son of Mr. Dawson Kennedy, Water street, city, is spending a week at his home here after a most successful tour of five months' duration, in which many converts were made.

Mr. Kennedy started this trip at Madoc, where he conducted services for five weeks at the Methodist church, of which Rev. Dr. McDairmid is pastor. The meetings were largely attended and sinners professed repentance at every service. During the five weeks' meetings there, one hundred and twenty converts were made, many of them being men.

Mr. Kennedy next visited Hanover, where he conducted a series of meetings which lasted five weeks. His work in that place was greatly blessed, not only the Methodists but the whole town swung into line and the revival was of the old time nature. Every meeting was attended by large crowds and for the last three weeks of the services the hotels did not pay their expenses. Some of the worst drunkards in the place were converted, and what is better have remained so. Over two hundred converts were made. The following, written by the pastor of the Methodist church, Hanover, to the Toronto News gives an indication of the success met with in Hanover:—

A real "old time" revival is in full swing in the Methodist church here. Evangelist H. D. Kennedy, who is assisting the pastor, is a strong, original and effective speaker. His treatment of Bible characters is vivid and lifelike. The grand old doctrines of repentance and regeneration are ably presented. His method of modernizing Bible stories is especially interesting and impressive. Numbers of converts bear testimony to the power of Christ to save them. Many others are under deep conviction. Sinners are coming forward in every service. Thoroughness is a characteristic feature of this work. A deep spiritual interest pervades the whole community. Large crowds of attentive hearers are present every night. The meetings continue to grow in interest and power.

Georgetown was the next place visited by the Evangelist, and he spent six weeks there conducting services. One hundred people were converted there, although the fact that it was at the Christmas season interfered somewhat with the success of the meetings.

Mr. Kennedy then conducted meetings at Holstein, after which he went to attend the Torrey-Alexander meetings at Massey Hall. Mr. Kennedy is a personal friend of both evangelists. He was with Moody in the World's Fair year, and thus became acquainted with both Torrey and Alexander. The former was superintendent of the Moody Bible Institute and the latter a student there. Mr. Kennedy greatly admires both men and expressed himself as being greatly impressed with the wonderful meetings in Toronto.

Special Services For Sunday

Have Been Arranged at Mark Street Methodist Church.

Next Sunday is to be a very special day in the Mark street church. Services will be held throughout the day, beginning with a prayer service in the church from seven to eight o'clock. Love feast begins at 9.45, to be followed by the regular service, and the sacrament of the Lord's Supper. At 3 there will be a praise and prayer service. The evening meeting which begins at 7, will be followed by an evangelistic service. The members of the church and others are asked to seek by special times of prayer and fasting the divine blessing upon the entire work of this special service.

The choir will provide special music for the day, using the Torrey-Alexander hymn book. The church itself will be arrayed to add to the impressiveness of the services.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

Anniversary Of Wedding Day

The residence of Mr. and Mrs. Fred Panter of Albert street, was last night the scene of a very pleasant time, when they celebrated the fifth anniversary of their wedding day. The party enjoyed the numerous games, and a general good time was spent.

Mr. and Mrs. Panter were the recipients of many useful and valuable presents, and also the good will of their guests.

An Exciting Experience Of Smith Resident

Mr. Joseph Harvey's Horse Ran Away at Lakefeld--Driver Was Dragged Some Distance on Ground—Annual Meeting of Presbyterian Church—Expert Will Make Valuation of Lakefield Electric Light Plant—Village May Purchase It.

COUNTY COUNCIL INSPECTING SITES

Special to The Examiner

Lakefield, January 31st. — Mr. Joseph Harvey of Smith had an exciting experience on Monday afternoon, when he was leaving Mr. Bygott's livery stable. Having hitched his horse to the carriage, and being about to get into the rig, the horse became frightened and made a dash for liberty. The horse dragged Mr. Harvey as far as the fence, where the animal jumped and left the buggy behind, crossed the road, jumped the fence into the grave-yard, wheeled around and jumped out again before he was captured. Besides a rather demolished buggy, and a few scratches on the horse, not much damage was done.

Mr. Percy and Miss Beatrice Butcher of Beaverton, are the guests of Mr. Sam Sherin.

Mrs. McIntyre of Keene, is visiting in the village, the guest of Miss Morton.

Miss Lillie Paul left on Friday for Chicago, where she resumes her duties as nurse in Bellevue Hospital.

Mr. R. P. Butchart, of Victoria, B.C., was the guest of his brother, Mr. A. S. Butchart, on Sunday.

Miss Davidson of Bobcaygeon, is visiting Mrs. A. Johnston.

Mr. Wilbert Leonard spent Sunday in Peterborough visiting friends.

Mrs. Dobbs of Toronto, is the guest of her daughter, Mrs. A. S. Butchart.

Mr. E. Bravender was in the village over Sunday.

Miss Millar of Toronto, who has been the guest of Mrs. Roland Johnston for the past few days, left for the city on Monday.

Miss Ethel Hunter of Peterborough, has been the guest of Miss Alice Hunter of this village for the past few days.

Miss Madeline Stone of Peterborough, is the guest of Miss Grillin, of the village.

The annual congregational meeting of the Lakefield Presbyterian church was held on Wednesday evening, Jan. 31st. After the business portion of the gathering is ended a social gathering took place.

The Womans' Institute is giving a social in the town hall on Tuesday evening.

Miss Clara Doidge, who is attending the Business College in Peterborough, spent Sunday in the village.

Miss Dalziel of Peterborough, spent Sunday in the village, the guest of her sister, Mrs. Campbell, at the manse.

A hockey match between the local club and the Suicides of Peterborough, took place in the rink here on Monday evening. A very good good game of hockey was played, which resulted in a victory for the locals. The score was 9—8 in favour of the Lakefield team.

A special meeting of the municipal council of the village of Lakefield, was held in the town hall on Monday evening, January 29th.

Present, Reeve Moore in the chair, and Councillors Burgess, Cornish, Carter and Duff.

A communication was read from the Lakefield Portland Cement Co., concerning the closing of a portion of Dublin street, which runs through the property of the Cement Company.

Moved by Councillor Cornish, seconded by Councillor, Duff, that the communication from the Lakefield Portland Cement Co., be received, and referred to the Street and Bridge Committee, to report on at the next regular meeting of the council.

Moved by Councillor Cornish, and seconded by Councillor Duff, that Councillors Burgess and Duff, deal with the tenders for wood, and buy what is needed for the town hall.—Carried.

Mr. E. A. Tanner was present to represent the committee appointed to look into the advisability of purchasing the electric light plant and report for the same.

The committee recommended that the plant be taken over at the price mentioned in the option viz., $5500; and that the plant be operated by a commission of three elected ratepayers.

Moved by Councillor Cornish, seconded by Councillor Duff, that the report of the citizens' committee, re the electric light plant, be received, and that this council get an expert to go over the ground and value the same, and report at as early a date as possible.—Carried.

Moved by Councillor Cornish, seconded by Councillor Duff, that the clerk be instructed to correspond with some electrical expert at once, to value the Lakefield Light and Power Company's plant, and pay the same for his work.—Carried.

Moved by Councillor Carter and seconded by Councillor Burgess, that This council do now adjourn to meet at the call of the reeve.

The Finance Committee of the County Council, accompanied by Mr. E. A. Peck, county solicitor, and Mr. J. E. Belcher, county engineer, visited the village on Tuesday. The deputation arrived on the morning train and were met by representatives of the village council, and other prominent citizens, who showed the visiting gentlemen a few of the proposed sites for the House of Refuge, after which the visitors were given luncheon.

While none of the deputation would commit themselves it is understood that Lakefield has a good chance to secure the House of Refuge.

State of Ohio, City of Toledo, } ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

The Offence Is Punishable

Mr. Wm. Taylor Loses Letters Addressed to Him.

Mr. William Taylor called on the Examiner to-day to report that he has lost a number of letters from the post office here. He received a letter recently from a correspondent in Beaverton, which stated that he had sent him a letter some time ago enclosing $6, which Mr. Taylor did not yet.

He also stated to the Examiner that about January 1st a local gentlemen sent him a cheque for over $100, and this he never received.

It appears that the letters addressed to him are given out by the post office clerks to other persons with the same surnames, and when these other persons open them, and see that they are not for them, they do not return them.

Mr. Taylor has reported the matter to the police, and if there are repetitions there may be trouble for some one, since the law provides a punishment for retaining letters intended for another person.

Fine Poultry For Lindsay Show

Mr. Harry Lush Has 110 Birds Entered for Exhibition.

Mr. Harry Lush of Dublin street, is in Lindsay to-day attending the Lindsay Poultry Association Exhibition, which opened there to-day. Mr. Lush took with him 110 fine birds, which are entered in the various classes, and should be among the big prize-winners.

About 400 entries had been received, and prizes are offered for 73 classes, in addition to a number of specials.

Cured her Father's Drunkenness by a Simple Remedy.

Saves her father from a drunkard's grave. Free sample of Samaria Tasteless Prescription checks his drinking and leads to a complete cure.

"It seemed hopeless to keep father from drinking, and we all felt the disgrace. When things were at their worst a friend advised me to try Samaria. I saw that you offered a free sample treatment and that the remedy was tasteless and could be given secretly. I determined to try it, and, have been glad every day since. The full treatment, which I gave him in his tea, cured him, and I am pleased to say he never touches whiskey now. How glad I am that I wrote you and how happy we all are together Father says that he could never have stopped drinking of his own accord."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address THE SAMARIA REMEDY CO., 19 Jordan Chambers, Jordan St., Toronto, Canada. Also for sale by H. S. Macdonald.

YES—THEY ARE.

We have talked so strongly about "Fruit-a-tives" being a liver tonic, and curing Constipation and Biliousness, that some may think they are not for anything else. Well, they are. "Fruit-a-tives" are a grand, good tonic for the whole system. One "Fruit-a-tives" tablet three times a day, makes rich, red blood and firm flesh. The same daily treatment and a sensible diet takes away dyspepsia and gives you sound digestion, and good appetite. "Fruit-a-tives" clear the skin of pimples and blotches—make the complexion fresh and rosy. Get "Fruit-a-tives"—take them the right way—and see how you improve.

A Successful Otonabee Dance

Was Held Last Night at the Residence of Mr. M. Hefferman.

A thoroughly enjoyable dance was held Monday night at the home of Mr. and Mrs. Michael Hefferman, Otonabee, at which between ninety and one hundred guests were present. The merry dance was continued till about five o'clock in the morning, when the party dispersed, after showering congratulations upon their host and hostess for the splendid evening's merriment provided.

Between the hours of eleven and twelve a splendid supper was served, during which several pleasing songs were given. The house was brilliantly lighted and appropriately decorated for the occasion. Music was provided by Messrs. Dennis Sullivan, James Thompson, Robert Miller and Michael Halliban. Messrs. Peter Cleghorn and Thos. Ryan were the very efficient floor managers. Irish jigs were danced by Messrs. M. Sullivan and P. Doherty.

New Billiard Parlours Open

Handsome Premises of Mr. John T. Smyth on Water Street.

Mr. John T. Smyth, who formerly conducted a pool and billiard parlour in Renfrew, has opened up a handsome new billiard parlour and bowling alley at 368 Water street, opposite the Ontario Bank. There are seven very fine pool tables and one billiard table in the parlour. They are six-legged tables, all finished in quartered oak, and probably the finest ever seen in Peterborough. They are very modern in design and all their equipments are new. A handsome wall case and silent salesman will arrive in a short time, and cigars, tobacco and cigarettes will be sold.

The bowling alleys, which will be seventy feet in length, the regulation American length, will be fitted up in the basement of the premises and will probably be ready in about ten days. The premises will be perfectly illuminated and no pains will be spared to offer every facility to the patrons. The parlours will be known as the "Majestic Billiard Parlours and Bowling Alleys."

The parlours are now thrown open and a great many are patronizing them.

Non-Coms. Will Hold Smoker

A Fine Programme Has Been Arranged for To-night.

The Non-Coms. of the 57th Regiment will hold a smoker in their mess rooms, Simcoe street to-night. A good programme has been arranged and an enjoyable evening is expected. Mr. Chas. Mitchell, of the Crowden House with his phonograph, which is said to be one of the finest in Canada, will also be present.

To Enliven The Liver

KIDNEYS AND BOWELS—TO PREVENT DISEASE BY CLEANSING THE SYSTEM—YOU MUST USE

DR. CHASE'S KIDNEY-LIVER PILLS

There's need in every home for a medicine that will promptly cure biliousness, kidney derangements and constipation.

A medicine that by cleansing the filtering and excretory organs will remove all poisonous waste matter, and by so doing prevent fevers, colds and such deadly diseases as dropsy, diabetes and Bright's disease.

No medicine satisfies this need so well as Dr. Chase's Kidney-Liver Pills.

This is no idle boast, but an absolute fact that is backed up by the testimony of a hundred thousand homes.

The reputation of Dr. A. W. Chase as author and physician is the guarantee which first made this great medicine popular.

Now it stands on its record of cures—a record which has seldom, if ever, been paralleled in the history of medicine.

As a treatment for backaches, headaches, indigestion, aching limbs, liver derangements, kidney disorders and constipation, Dr. Chase's Kidney-Liver Pills are prompt, thorough and effective.

Once their merit is tested they are kept in the house and relied on in cases of emergency. By keeping the liver active and the bowels regular they positively prevent serious disease.

Mrs. Geo. Lawson, Comeson, Ont., writes:—"Dr. Chase's Kidney-Liver Pills made a well woman of me, completely curing me of constipation, rheumatism, stomach troubles and a very severe kidney trouble after years of suffering. I am now sixty-eight years of age and very grateful for what Dr. Chase's Kidney-Liver Pills have done for me and for the remarkable cure of my husband by the use of Dr. Chase's Nerve Food."

One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. Dr. Chase's Backache Plaster promptly eradicates pain and may be used on any part of the body.

MISS MARIA DUCHARME.

Every Woman in America is Interested in This Young Girl's Experience.

PELVIC CATARRH WAS DESTROYING HER LIFE. PE-RU-NA SAVED HER.

Miss Maria Ducharme, 182 St. Elisabeth street, Montreal, Can., writes:

"I am satisfied that thousands of women suffer because they do not realise how bad they really need treatment and feel a natural delicacy in consulting a physician.

"I felt badly for years, had terrible pains, and at times was unable to attend to my daily duties. I tried to cure myself, but finally my attention was called to an advertisement of Peruna in a similar case to mine, and I decided to give it a trial.

"My improvement began as soon as I started to use Peruna and now I was a well woman. I feel that I owe my life and my health to your wonderful medicine and gratefully acknowledge this fact."—Maria Ducharme.

Norwood Won From Havelock

An Interesting Hockey Game and Other Late Norwood News.

Special to The Examiner.

Norwood, Jan. 29.—Messrs. D. A. Fraser and L. H. Kirkpatrick spent Saturday in Toronto.

Miss Mary Nicol is visiting friends in Peterborough.

Mr. and Mrs. Andrew Graham, of Westwood, were in town on Saturday.

Miss Hughes of Toronto, was a guest of Miss E. Leighton for a few days last week.

Miss Maggie Wigmore, who has been visiting friends and relatives here for the past three weeks, left on Thursday for Chatham where she will visit her brother, Mr. Arthur Wigmore, before leaving for her home in Calgary, Alta.

The annual congregational meeting of the Presbyterian church was held on Wednesday evening. Reports were read by the officers of the church showing the progress made in the different branches of church work during the last year.

Rev. D. E. Johnston, of South Dummer, and Mr. Louis Brown, President of the Norwood Epworth League, attended the Epworth League Convention of Bay of Quinte Conference, which was held in Bowmanville, on Tuesday, Wednesday and Thursday of last week.

Miss Carerie Mollonnell left on Wednesday morning for Montreal, where she will take a course of training the General Hospital of that city.

Rev. E. W. Pickford attended the Torrey-Alexander evangelistic services in Toronto last Wednesday.

Miss Katie Coughlin, of Hastings, is a guest of Miss Louise Smith.

Mr. Harry Walker attended the military conversazione in Cobourg on Friday evening.

Miss Beatrice Foster is spending a few days in Campbellford, the guest of Mrs. Massey.

Mr. Chas. Tucker was in Madoc last week.

Dr. Robertson has been appointed school trustee by the County Council in place of Mr. Bryans, of Havelock, who resigned.

Miss Sharpe, of Westwood, is visiting Miss Lou Scott.

Miss E. Graham, of Hastings is a guest of Miss Pearl Baskin.

Mrs. H. Kirkpatrick, met with a misfortune on Friday evening, the result of which might have proved very serious. While going through the hall she stepped too close to the stair step and fell to the bottom, bruising her shoulder and arm.

Misses Ida Gjerdrum and Edith McMillan were in Westwood on Sunday the guests of Mrs. A. Graham.

An account of the ordination of the Rev. E. Croft Gear, which took place on Nov. 25th, is given in the Trinity Church Chronicle of January. Mr. Gear was presented with a beautifully embroidered surplice, and a purple and white stole, besides many other handsome presents. On the evening of Dec. 9th, the Sunday school teachers and officers gave a dinner in the Parish House, in honour of the ordination. Rev. Mr. Gear is an old Norwood boy.

Mr. and Mrs. P. F. Robins were in Springfield, Elgin county, last week attending the funeral of Mr. Robins' mother.

Mr. Hugh Drain has sold his farm to Mr. Geo. Nevin, of Middleport.

Mr. Walter Wiggins, of Warkworth, was in Norwood on Sunday.

Mr. Chas. Munn and Miss Munn, of Indian River spent Sunday at the home of Mr. and Mrs. G. H. Nelid.

Mr. J. Pace is visiting his sister, Mrs. J. L. Squire.

Mr. T. Miner, of Toronto, was a guest at Mr. Geo. Duffield's, on Sunday.

Rev. Mr. Elliott and Rev. Mr. Thompson, of Hastings, were in town on Monday.

Mr. and Mrs. Geo. Duffield were in Peterborough on Monday.

Mr. John Harper, of Peterborough, was renewing old acquaintances in town on Sunday.

Mr. and Mrs. Herb Williams of Havelock, and Mr. and Mrs. Thos. Breckenridge of Westwood, were guests of Mr. and Mrs. John Weir, on Friday.

Mrs. Graydon of Streetsville, is visiting at the home of Mrs. C. E. Pakenham.

On Friday evening a team from this place journeyed to Havelock to play a friendly game of hockey with the team of that place, and were victorious by the score of 6—2. Both teams showed lack of practice, but nevertheless the game was exciting from the start to the finish. The visiting team although much lighter than their opponents, had the advantage of being better stick handlers and better shots. Russell Pearce, of last year's Midland team, was by far the fastest man on the ice, and his lightning rushes generally ended in scores for the Norwood team. He was ably supported by Doherty on the left and Huyck at centre. Power at right was moved out from goal and was new to his position. McCleary at cover was a very strong check and brought up many rushes. This was his first game but he played like a veteran throughout. Huyck at point played a splendid game, and always had his eye on the puck, while Wansbrough in goal stopped everything that came his way. For the home team Ferguson was the star but his individual rushes were quickly broken up by Norwood's strong defence. The return game will be played in the near future, when both teams will be greatly strengthened—Norwood by two of their best players, Kempt and Nicoll, and Havelock, by two ex-Norwood players, Chas. Pearce and Rathwell. Mr. Gordon McIntosh refereed the game to the entire satisfaction of both teams. The line up was as follows:

Norwood — Goal, E. Wansbrough; point, B. Huyck, cover, F. McCleary; rover, R. Pearce; centre, L. Huyck; left wing, F. Doherty; right wing, J. Power.

Havelock — Goal, Mulhern; point, Neill; cover, Stubbs, rover, Matheson; centre, Ferguson; left wing, Bennett, right wing, Ford.

The funeral of the late Mrs. Thos. Christie took place from her late residence, lot 18, con. 2, Asphodel, on Tuesday, Jan. 30th at 8.30 a.m., and proceeded to St. Paul's church, Norwood, where service was held, thence to the Roman Catholic cemetery for interment. Mrs. Christie was a daughter of Mr. Maurice Galvin, of Ennismore.

Mrs. Thomas Johnston, wife of the new warden of Peterborough county, was a guest of Mrs. John Weir on Monday.

Mr. Jas. Leighton returned to Toronto on Monday, after visiting for a short time with his parents, Mr. and Mrs. R. H. Leighton.

Mr. W. P. Plant of Hastings, was in Norwood on Monday.

Mr. P. W. Reynolds is confined to the house with an attack of typhoid fever.

Has Returned From Alaska

Mr. Jos. Montgomery Visiting Keene Friends.

Special to The Examiner.

Keene, Jan. 30th. — Mr. Joseph Montgomery, of Nome City, Alaska, is the guest of Mr. Joseph Taylor, sr.

Two rinks of curlers went to Peterborough this morning to compete for the District Cup.

Mr. Stanley Taylor, who has been suffering from a severe attack of pneumonia, is rapidly recovering.

Rev. Mr. Wilson, pastor of the Methodist church, and Rev. D. D. MacDonald, pastor of the Presbyterian church, were in Toronto last week attending the Torrey and Alexander meetings.

Mrs. Eaton of Norwood, spent Thursday in Keene, the guest of her niece, Miss Maud Eason.

Mrs. W. McCrea of Peterborough, was the guest of the Misses McCrea, Friday.

Mr. John Mitchell left on Saturday to visit friends in Montreal.

Mr. Archibald Weir of Peterborough, was in Keene on business on Monday.

The Foresters annual oyster supper will be held in the town hall on Friday evening, Feb. 2nd.

Miss A. M. Campbell spent Sunday in Peterborough, the guest of her sister, Mrs. W. Mein.

Help for the Kidneys Through Gin Pills.

A GUARANTEED CURE.

Read this letter. Read it twice. You have never heard such good news before—if your kidneys are sick. It tells how to be free of pain—how to have all your old-time health and vigor.

"I have been for years a sufferer with pain in the back and across the kidneys. There was scarcely a minute, day or night, that I was free of pain, and when I attempted to pass urine, the pain was almost unbearable. A friend of mine in Portage la Prairie, who was similarly afflicted, strongly advised me to try Gin Pills, as they had cured him. I bought a box of Gin Pills, and in less than a week, to my great delight, found myself without pain. I have had to go as often as every so minutes to urinate and several times during the night. Since taking Gin Pills, I sleep through the entire night and am not more than ordinarily inconvenienced during the day. I can earnestly recommend Gin Pills to anyone suffering from pain in the back, kidneys or bladder.

Mr. G. O. C. Gowler, Portage la Prairie."

Your druggist has Gin Pills, or will get them for you. 50c box—6 for $2.50.

If you will send us your name and address and tell us the paper in which you have read this we send you a trial box of Gin Pills absolutely free. You will get such relief that you will gladly continue the treatment until cured. Do it to-day—now—and start to cure yourself.

Evidence Says That The Sea Was Not Very Rough

Mild Sensation Caused At the Valencia Inquiry.

PASSENGERS LEFT TO DROWN

Testimony of C. Allison of St. Paul, a Surviving Passenger—"All Seemed to Be Afraid to Help or Attempt to Help the Unfortunate Men and Women Facing Awful Death," He Said—Water Not Rough.

Seattle, Jan. 31.—At yesterday's session of the investigation into the loss of the steamer Valencia, C. Allison of St. Paul, a passenger, testified that the sea was not rough.

He explained that he had himself been a sailor, and that the surf which finally battered the Valencia to pieces, could not be called high. This testimony caused a mild sensation, as all published accounts of the wreck have been described as "high seas," and "a terrible surf."

"Everyone seemed to shun us," said Allison, "all seemed to be afraid to help or attempt to help the unfortunate men and women who were facing death.

"All those that succeeded in getting ashore immediately left the scene. The vessels at sea stood off and made no attempt to lower a boat. In the morning, when the last raft put off from the Valencia, not a wave had a comber on it.

"There might have been some excuse for the Queen's not coming in closer, but there was a tug alongside of her that did not come any closer than the large vessel. It all looked wrong to us."

"How did it happen that so many of the crew were on the lift raft?" asked Inspector Whitney.

"As soon as the raft struck the water the crew took possession," said the witness.

"What kind of weather was it when you were picked up by the Topeka?"

"It was a trifle foggy, but there was no wind blowing. The waves did not have combers on them. I do not see why a boat could not have been lowered."

Rescues Father From Flames.

Brockville, Jan. 31.—Monday night the residence of Lundy Seely of Elizabethtown, had a narrow escape from destruction by fire. All the occupants were away, but Mr. Seely, Sr., who is an elderly man. His son returned to discover the house in flames, and had much difficulty in getting his father, who was asleep upstairs, out.

Nespawa Factory Burned.

Nespawa, Man., Jan. 31.—Fusee & McFeetor's building, machinery and material, were destroyed by fire yesterday morning. Loss is $12,000. Twenty men are out of employment.

Quebec Budget Speech.

Quebec, Jan. 31.—Hon. Mr. McCorkill, Provincial Treasurer, will deliver his budget speech in the Legislative Assembly chambers this afternoon.

Bomb For Alfonso.

San Sebastian, Spain, Jan. 31.—The police yesterday arrested a foreign anarchist, who arrived here during King Alfonso's visit.

Three Firemen Hurt.

Ottawa, Jan. 31.—At a fire which yesterday morning destroyed Charles Fynn's liquor store, Deputy Chief Latimer fell through an open trap and landed in the cellar. He was in danger of being buried by falling debris, and was badly knocked out. Firemen Frederick and Bourget were badly burned about the face, the latter losing his moustache. They were blown off their feet by an explosion, presumably of alcohol.

Meeting of Civil Engineers.

Toronto, Jan. 31.—The Canadian Society of Engineers had an interesting day yesterday. About 150 members are registered. The morning session was devoted to reading the reports of the council on the past year's work. An increase in membership of 128 was reported, making a total of 1,339. The receipts for the year showed an increase of more than $1,000 over 1904. The society has no liabilities and the assets amount to over $37,000.

WEDNESDAY, JANUARY 31, 1906.

HOUSE OR REFUGE.

The County Council at its last session, it is to be assumed did a good act in deciding to erect a County House of Refuge. But it has laid itself open to demand for compensation, or to make reparation for the incidental wrong it has done. The council will be called upon to provide some subject for grand juries to grow eloquent upon in substitution for the subject of the House of Refuge which has been a stock feature of grand jury presentments and judicial homilies on the iniquity of immuning with criminals in jails, men and women whose only crime was their poverty, etc., etc. Now in deciding to erect a House of Refuge the Council has dammed this erstwhile perennial flow of pathetic eloquence and is in duty bound to provide some substitute. Ofcourse the selection of a site may, for one or two courts, unless the choice is speedily made, tempt grand juries to tender their advice. And after the House is built it will be the duty of grand juries to visit it to report upon the manner of management, the quality of the food and to listen to the grumbling of the inmates, for, by virtue of the Provincial Government's investment of $4,000 in a House of Refuge, that institution may come under the institutions receiving government aid. And here another point arises. A House of Refuge to be conveniently visited, must be also convenient to the Court House—a consideration which can be used if Peterborough should decide "to be mean," may be urged against the selection of Lakefield or Norwood as a site.

Seriously speaking, however, the County Council has done a wise thing, which deserves commendation, in deciding upon the erection of a House of Refuge. Its operation will no doubt result in the indigent poor of the county being better cared for and remove the reproach of housing the poor with criminals, while, at the same time, the cost of maintenance will be much reduced and the mummeries will be relieved of a responsibility which has always been an embarassing one. We can now hold up our heads and look Lindsay and Cobourg in the face.

THE SMALLPOX OUTBREAK.

While we can heartily commend the county fathers in at last coming to the correct conclusion in regard to the House of Refuge matter, there is not very much praise coming to them on the score of their left-handed liberality to especially the Township of Chandos, in contributing to its relief in the matter of the financial burden imposed upon that township by reason of the late outbreak of small pox. Chandos is by no means a rich township. The assessed value is only $59,690, out of a total county assessed value of $8,099,093. Chandos has 240 ratepayers out of the 6,570 ratepayers in the county outside of the City of Peterborough, so that the grant of $30 made by the county represents the ridiculous sum of three cents for each ratepayer, while the $1,610 debt of Chandos represents $4.00 for each ratepayer. Yet with all the limitation of population and financial ability that township nobly did its duty in taking measures and incurring indebtedness in order to deal in a dutiful way with the small pox outbreak. The liability of over $1,900—$1,040—thus incurred, while it was incurred by the discharge of the legal duty of the township, represents a serious burden of debt, not for the benefit of the township alone, but for the county at large. The preventive measures employed by the township at its own cost were as much for the benefit of the rest of the county as for that of the township and more, perhaps. If Chandos had not spent money, or, rather, had not got into debt in preventing the spread of the small pox to outside places the whole county might have been infected with the plague. Therefore the county at large gets an immunity derived the larger share of the benefit from the prophylactic service which cost Chandos over $1,610, might well have contributed more than the paltry sum of $30 which is the

no more than 200 cents compared to the ability of Chandos to pay its thousand dollars of indebtedness on account of the small pox outbreak.

EDITORIAL NOTES.

The price of dressed hogs has advanced to $7.00. The Hamilton papers will be tempted to say that Toronto people are in danger of having a very high opinion of themselves.

Sir Henry Campbell Bannerman will enter the new British Parliament with the greatest majority ever given a British Premier. He might rank in the same class as Mr. Whitney, only that he has no stalwart at his back like Dr. Beatty Nesbitt.

The members of the Whitney Government confess, says the Brantford Expositor, that they are not man for man, equal to the members of the Ross Government, as it now takes eight paid Ministers and three Ministers without portfolio, to do the work which used to be done by seven paid Ministers.

An insurance man of Toronto, was fined $50 for bringing an expert from Boston to assist him. Hon. W. J. Hanna, says the Brockville Recorder, brought his friend from Michigan, and gave him a fat office in the Provincial Secretary's department. He violated the alien labour law more offensively than did the insurance man, for Ontario has scores of men who could have performed the work just as efficiently as Mr. Hanna's favourite from Michigan.

Another parallel between British and Canadian Conservatives, develops. Both are at the lowest ebb in history in numerical strength in the House of Commons, and both are in deep water in regard to the leadership. Balfour has lost the British elections and now as in Canada, after the last genral elections, the head of the leader who loses, is demanded. Chamberlain is slated as the new leader. Here the parallel diverges. Balfour is to give place to the man with the monocle, while in Canada Mr. Borden is dodging the man with the knife.

There are times when gold is worthless. A man starving in a desert far from food, would give all the gold he might have about him for a crust. When the steamer Valencia was on the rocks and going to pieces, a passenger who had a bag containing $7500 in gold, frantically, and fruitlessly, offered it to any one who would put him ashore. But 'there were no takers." His gold fell to the broken deck, and was kicked about like so much rubbish. 'All that a man hath will he give for his life." No better instance could be given that value is a relative matter.

Cottage Prayer Meeting Held

The first cottage prayer meeting of the year in connection with the George street Methodist church, was held last night at the home of Mrs. John Hart, Bethune street. A large number were present, and a very helpful evening of prayer was spent, much interest being shown in the work. At the same place next Tuesday evening a similar meeting will be held.—Com.

Confidence in Dr. Chase.

"My mother has kept Dr. Chase's Kidney-Liver Pills in the house as long as I can remember, and we are all well acquainted with their merits. I have used them for kidney and liver diseases and they have always helped me. Mother has had Dr. Chase's Receipt Book for twenty years, and I tell you it is a good one."—Mr. John Miller, South Salt-Springs, B. C.

The record of the old country establishments show that of the coal ashes thrown away in garbage fully one-fifth is good coal.

Don't Get Off Moving Cars

One Lady Had a Narrow Escape From Injury in Doing So.

According to some of the street car conductors, some people still persist in getting off the cars while they are in motion. An accident might quite easily occurr in this manner. The other night a lady attempted to get off a moving car at the corner of George and Dublin streets and fell, striking her head with considerable force on the step. She fortunately escaped comparatively unhurt.

A MOTHER'S DUTY

She Should Carefully Guard the Health of Her Growing Daughter—Her Future Happiness Depends Upon the Change from Girlhood to Womanhood.

Every mother should watch with the greatest care the health of her growing daughter. She is a girl today — to-morrow a woman. The happy health of womanhood depends upon this vital change from girlhood. When nature makes new demands upon her blood supply, you must build up her blood with Dr. Williams' Pink Pills. Her system is unequal to that strain if her back aches, if she is pale or thin, dull-eyed or languid. Dr. Williams' Pink Pills will give her new, rich, red blood and tide her over the crisis. Dr. Williams' Pink Pills will make her development period a regular —they will make her a strong, happy, graceful woman. Miss Emerine Villandre, St. Germain, Que., says: "While attending school my health began to give way. I suffered from headaches and dizziness, my appetite left me, and I grew pale as a corpse. As the doctors did not help me any my father got me a supply of Dr. Williams' Pink Pills. Before I had used two boxes there was an improvement, and when I had taken a half dozen I was again in perfect health. I believe all weak girls will find new health if they take Dr. Williams' Pink Pills.

Thousands of growing girls and thousands of women owe health and happiness to Dr. Williams' Pink Pills. They keep the blood rich and pure and regular. They banish headaches and sideaches and backaches, and they bring the rosy glow of perfect health to pale and sallow cheeks. But you must get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50 cents a box, or six boxes for $2.50, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Peterboro' Boy Starts Business

Mr. Wm. Barrie Enters Partnership in Brockville.

The Brockville Times of a recent date has the following item of interest to Peterborough people, who will remember Mr. Wm. Barrie, one of the gentlemen referred to, very well, since he was raised here and resided in Peterborough until a few years ago, having worked for Mr. Wm. Faint. The Times says:

"The partnership heretofore existing between Buchanan and Sheridan, furniture dealers and undertakers, was dissolved January 8, Mr. Buchanan retiring. His interest in the concern has been purchased by Mr. William Barrie, and the firm will hereafter be known as Sheridan & Barrie.

"Mr. Sheridan is known as one of Brockville's reliable business men. The gentleman now associated with him is no stranger in Brockville, having been employed by A. H. Swarts, and also in the store where he is now one of the proprietors. Mr. Barrie is an undertaker, holding certificates from the Ontario School of Embalming, and besides is an upholsterer with a good knowledge of the furniture trade. He is another Peterborough young man going for himself, and his many friends in the city will wish him every success."

Ketchecum Club's Gift Appreciated

The members of the Presbyterian church at Rockcroft, wish to express their thanks for the very generous contribution of the Ketchesum Hunt Club, of Peterborough, towards their

WEDDING BELLS

ROBERTSON—HUGHES.

A very pleasing social event took place this afternoon at 2 o'clock at the residence of Mr. John Hughes, 381 Burnham street, East City, when his daughter, Miss Mary Hughes, was united in marriage to Mr. Archie Robertson, of Moose Jaw, formerly of Peterborough, and a son of Mr. John Robertson Bonacord street, city. The nuptial knot was tied by Rev. Canon Davidson, in the presence of a number of friends.

The bride looked charming in a gown of white Panama cloth, trimmed with lace and applique. She carried a bouquet of white roses. The bridesmaid was Miss Pearl Fitzgerald and wore a gown of cream Panama. Mr. F. J. Hughes, brother of the bride was groomsman.

After the ceremony a recherche wedding dejeuner was served, Mr. H. Long doing the catering.

The estteem in which the newly married couple are held was shown by the number of costly presents received. The groom's gift to the bride was a handsome gold pin set in sapphires and pearls, to the bridesmaid, a gold bar and fleur de lis, in pearls, and to the groomsman a pearl pin.

Mr. and Mrs. Robertson left on the 5.10 C.P.R. train for Niagara, Buffalo and Youngstown, O. They will reside in Moose Jaw on their return.

CARVETH—HURST.

A very interesting event took place on Wednesday at one o'clock at the residence of Mr. and Mrs. Andrew Hurst, King street, Bobcaygeon, when their daughter Margaret Thedora, was united in marriage to Joseph Henry Carveth, of Lakefield, by Rev. W. J. Creighton. The bride entered the parlour leaning on the arm of her father as the strains of Sousa's wedding march were played by her sister, Miss Mina. The bride was becomingly gowned in white silk Persian, trimmed with Irish lace, and wore a wreath of orange blossoms. Her attendant was her sister, Miss Mary, who wore a gown of pink silk mull. Mr. T. R. Jewell, of Lakefield, assisted the groom. The groom's gift to the bride was a gold bracelet, to the bridesmaid a gold brooch set with pearls. After congratulations, the wedding party sat down to a sumptuous repast. In the evening a large number of invited guests arrived and a very jolly evening was spent. The hospitality of Mr. and Mrs. Hurst and daughters was extended to all present in the real sense of the word. After refreshments the guests dispersed, all wishing the newly married couple, Mr. and Mrs. Carveth, a long and happy wedded life.

VASELINE NO GOOD FOR HAIR

Dandruff Germ Thrives In It, as Well as In All Grease.

A well known Chicago hair specialist invited a Chicago Inter-Ocean reporter to come to his office and see under a microscope the germ that causes dandruff and how it thrives in vaseline. The specialist said that all hair preparations containing grease simply furnish food for the germs and help to propigate them. The only way to cure dandruff is to destroy the germ, and the only hair preparation that will do that is Newbro's Herpicide. Destroy the cause you remove the effect.' Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ. Sold by leading druggists. Send ten cents in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond and Walsh are special agents.

Many Attend The Services

Held Nightly at Murray Street Baptist Church.

The increased attendance at the Murray street Baptist Church last night indicated the growing interest taken in the evangelistic meetings which are being held at that church each week. Rev. F. J. Scott, gave an impressive and very helpful talk on "Forgiveness of Sin."

To-night from 7.30 to 8 there will be a prayer meeting in the church, and following this the regular evangelistic meeting will be held from 8 to 9 o'clock.

At the close of the meeting the different committees which have been newly appointed, will meet.

The Ladies' Aid will also meet at the close of the evangelistic service.

A Survey Of Missions"

To-night the weeknight service in St. Andrew's church will be of special interest. The subject will be "A Mission Survey." It will be held in the old at 8 o'clock, while at 7.30 the Teachers' Training Class will meet.

The BEST STOVE CO.

Funeral Was Largely Attended

Remains of the Late Geo. Morton Laid to Rest Yesterday.

The funeral of the late George Morton took place yesterday afternoon from his late residence, Lundy's Lane, to the Little Lake cemetery, and was largely attended. The funeral was conducted by Court Stanley, No. 7880, Ancient Order of Foresters, and a good representation of the brethren was present.

The services were conducted by Rev. W. J. Jolliffe, and Forestry services were also conducted at the house and grave by District Chief Ranger, W. J. Johnston. The pallbearers, who were all members of Court Stanley, were Alex. Archibald, S. Adlam, Geo. Lacheur, A. Vass, T. Henry, and H. McWha.

The family of the deceased desires to publicly express their thanks to their many friends and well-wishers for the kindness shown during their hours of sorrow; to the Foresters, for their brotherly and fraternal sympathy and assistance; and for the numerous gifts of flowers, as tokens of tender regard and esteem.

Rural Deanery Held Meeting

Will Apply to Bishop to Have the Name Changed.

The Rural Deanery of Northumberland met on Monday and Tuesday of this week at Cambellford. About ten clergymen of this district were present, including Rev. Canon Davidson, the Rural Dean, and Rev. Wm. Major, of All Saint's.

On Monday night an interesting service was held in Christ church, at which an eloquent sermon was preached by Venerable Archdeacon Warren, of Lakefield.

On Tuesday morning after Holy Communion and Morning Prayer, at Christ church, the business session was opened.

It was decided to apply to the Bishop to have the name of the deanery changed from Northumberland to Northumberland and Peterborough.

Rev. Wm. Major read a fine paper on the "Second Coming of Christ," which lead to an interesting discussion. Other matters relating to the deanery were also discussed.

Venerable Archdeacon Warren was congratulated on his promotion.

The clergy were entertained to dinner at the rectory by Rev. A. J. and Mrs. Reid.

The next meeting of the Deanery will be held either in St. Peter's church, Cobourg, or in All Saints' church, Peterborough.

Mrs. Austin, 100 Weller street will receive on the first Thursday and Friday of each month, instead of Wednesday, as formerly.

Miss Vina Shearer, student at Peterborough Business College, was called to Tweed yesterday on account of the illness of her sister.

The many friends of Mr. Thos. Savigney will be pleased to learn that he is recovering, after a very ortical operation for appendicitis.

Miss Pauline Johnson and Mr. Walter McRaye, who assisted in the Campbellford concert last night, were in Peterborough to-day.

Messrs. E. K. Webb, R. J. McKee, J. Kynock and J. A. Bremner, Toronto, who are connected with the C. G.E. Co., are registered at the Oriental.

The Examiner has to thank Mr. H. W. Kent, for copies of the Victoria World, giving full details of the terrible disaster by which the "Valencia" was lost.

The many friends of Mr. Thos. McCamus of Cavan, residing near Bailliieboro, is experiencing a serious disorder of health. Mr. McCamus is well known here, and any improvement in his condition will be learned with pleasure. Mr. McCamus is one of the License Commissioners for East Durham.

Camellia.

—The above is the name of one of the best brands of California seedless oranges. We have just received a carload of this fruit direct from the growers, and guarantee satisfaction to all customers using this brand of oranges. S. A. OKE, 376 George street. Machine telephone, 18; Bell telephone, 18.

Many Improvements To Oriental Hotel

Mr. Sandford Smith of Toronto, one of the leading architects of that city, arrived in Peterborough to-day on the noon train, and the purpose of his visit here is to arrange for a scheme of extensive improvements of and remodelling the Oriental Hotel.

It is understood that it is the intention of the Dickson Company to spend considerable money on the hotel property, with the intention of making it one of the best in the province, and with this end in view Mr. Smith has been engaged to report on the improvements desirable.

Mr. G. N. Graham has leased the hotel for a term of years, and both he and the owners are determined to make this hotel thoroughly modern in every respect.

Lakefield's Chances Said To Be Good

The prospects for Lakefield being chosen as the location for the new County House of Refuge are, according to a statement made by a representative of one of the divisions in the County Council, excellent. The gentleman referred to above, who was not speaking officially, stated that after visiting Lakefield yesterday the majority of the members of the council were inclined to favour that village as the most desirable location for the new institution.

No definite decision, however, will be made until Saturday, February 10, when tenders will be opened.

PRINCE OF WALES' VISIT INCIDENTS

LETTER FROM FORT WILLIAM.

An evidence of the interest which has been aroused in the good natured controversy which has taken place in these columns on the visit of the Prince of Wales to Peterborough, is furnished by the fact that this morning the Examiner received a letter from Fort William, in which a former well known resident of Peterborough adds some interesting information to that already given by the other contributors to this discussion. The letter follows:

Dear Sir, — A friend in the city very kindly sends me weekly the Daily Examiner. I note in that of January 19th a request for further light on the subject as to whose horses drew the carriage of the Prince of Wales in the year 18.0. The most handsome one belonged to Mr. Fowler of Cobourg, the lessee of the C. and P. and P. H. Railway. This horse was Mr. Fowler's favourite gray Billy; and very reluctanly did he give his consent to let him go, as he was high-spirited, always galloping home to his stable when near it. His master enjoyed the fun as well as the horse. The then mayor supplied the other one in the team.

Now there is no doubt about this matter. I am Mr. Fowler's oldest child, and remember all these matters as if it were yesterday. My father was at that time managing director of the two railways merging in Peterborough, but at that time he was lying ill with a severe attack of typhoid fever, made all the worse by his anxiety and determination to attend to a business which he knew needed all his oversight, and necessitating an enforced trip and stay in England of ten months, I accompanying him as a nurse.

The Prince sailed exactly two weeks before we did, and landed in England about the same time, being detained off the coast of Ireland by a broken wheel, or something of the sort. One can imagine the rejoicing when he safely landed. At that time there was no Atlantic cable. We asked, "Why are the bells ringing everywhere?" and the reply was, "Don't you know the Prince was overdue two weeks, and hence the rejoicing." The most popular airs of that day were: "The Power of Love," and

"Rose of the gardens,
Blushing and gay,
Fern as we pluck thee—
Fading away."

Our friend, Mr. Covert, came over on the Great Eastern, and had a very good voyage; however, in her attempt to return to Quebec she was a failure, not, I believe in herself, but in the management. She was insufficiently ballasted and encountered such a heavy sea in the Irish Channel as to make her rock frightfully. She put back, and so alarmed the public that she was afterwards used to lay the first Atlantic cable.

I am digressing from the Prince's visit, and I want to tell you one or two little stories of his visit—one took place in Cobourg—when early in the morning he took a stroll, of course, to where an arch was built. "Some Cambridge man erected that," was his remark. "Yes, sir," was the reply, "Mr. Baron, one time head master of Upper Canada College, is a Cambridge man." Judge Baron is his son. This last one is doubtful, but may be true. Perhaps you know the authorities refused to allow His Royal Highness to risk his life in crossing Rice Lake on the piles by train, so he had to be taken in Captain Sutherland's little steamer, the Otonabee. The weather was hot and the red flannel slippery, and the Prince tumbled into the boat. An Irishman was by, and remarked, "Arrah, be jabers, get out of the way. Don't ye know the Prince of Wales is coming?" History does not vouch for this; tradition does.

Another picture of his visit was illustrated in one of the Yankee papers, and was very good. On one side was the real Prince in mackintosh, the weather being rainy during His Royal Highness' visit then. "St. Swithin, the raining saint of England, attends the Prince," were the accompanying words.

The next picture was the imaginary Prince in the costume of hundreds of years ago. What a marvellous change years have wrought since those days. Is it not hard lines that those who planted and sowed should be debarred the fruit of their toil and suffering, while others luxuriate in abundance of ease and pleasure.

ANNIE SCOLLIE.

Latest News Of Winter Sports

Uxbridge Will Play Friday

Mr. C. G. Graham returned from Toronto last night, and while there arranged with W. A. Hewitt, Secretary O.H.A., to have the first of the semi-final games played here with Uxbridge on Friday next, and the local team will play the return game on Wednesday in Uxbridge.

In case Brockville wins the game to-morrow night they will play the winners of the group on the following Friday night.

Expressmen Vs. Grocery Drivers

Prospects for a Great Hockey Game Between the Two Teams.

The young expressmen of the city challenge the grocery drivers to a game of hockey, to be played as soon as possible. The game will certainly be a good one with a "driving" finish. There should at least be no lack of "skates." The players should be reminded, however, that they should not lay on the gad too heavily.

HOCKEY

At the Brock street rink to-night from 10 to 11 the old rivals, the Business College and Pill Pounders meet in their final game. The Business College have been during the past two weeks practising some "sheet-hand" devices. They have already struck the "speed" limit and are hopeful of reaching a "hundred shots per minute". On the other hand the Pill Pounders have been down to their special training diet, consisting of one of Madill's Condition Powder's before each meal followed by one cup of Edmison's Nerve Brand Tea, so that they, too, are hopeful of gaining the victory.

The following are the teams in the contest:—

Business College.—Goal, M. Storey; point, H. McIlmoy'le; cover point, Wm. Todd; centre, E. Dawe; rover, R. Todd; right wing, Baskin; left wing, N. Graham.

Pill Pounders.—Goal, M. Yelland; point, R. Davidson; cover point, R. Quinn; rover, W. Darke; centre, A. Mann; right wing, G. Fitzgerald; left wing, V. Tully.

Referee—Fred. Craig.

• • • •

To-morrow night from eight to nine the Suburbs and Bankers meet at the Brock street rink. From nine to ten the Suicides and High Lifes will compete for supremacy. These city league games are arousing growing interest and a large attendance is prophesied will witness them. They will as usual be fast and stubbornly contested as all are out to win.

• • • •

McPherson's Flyers challenge Rich. Hall's All Rounds to a game to be played as soon as the rink can be secured.

• • • •

The Northern Lights challenge the Separate School team to a game of hockey in the Brock street rink as soon as the ice can be secured.

• • • •

"At last the wonderful Invincibles of Brockville, touted as sure winners of the Intermediate championship were trimmed by the Smith Falls fast team, but they still have the group at their mercy. The score was 4-3, and by all accounts the game was fast and furious. There's still something coming for them, which would not be fair to mention just now. We will see later on that they got theirs."

• • • •

Well, Uxbridge has landed group No. 3, after one of the hardest fought games played in the Midland district in some time. They defeated Whitby on their own ice by the score of 7-3. Now it is up to the locals to take a fall out of them and, by the way, the local boys have been working the past two weeks. It looks as though it was the big league for ours.

• • • •

The following players are requested to be at the rink to-night in uniform at 7 o'clock sharp:—

Wesson, Morgan, Crowley, Graham, Carter, Whitcroft, Cavanah, Moore, Glover, Rose, Hall, Fitzpatrick, Ford, McGrath, Long.

• • • •

The Peterborough Shovel and Tool Company challenges Adam Hall's to a game of hockey, to be played any night from 10 to 11 as soon as the ice can be arranged for.

• • • •

Adamson and Dobbin's "Perfect Ideas" will play Adam Hall's Souvenirs to-night at the Brock street rink. The Ideas promise to hand out a few souvenirs during the progress of the battle.

• • • •

Now that the arrangements are practically concluded, the citizens of Peterborough will wait in breathless suspense until the great struggle between the Review and Examiner teams is pulled off. It will be without doubt the hardest battle recorded in the history of hockey in Peterborough. Never before has such a colossal array of talent been displayed in Peterborough and as the circus bill says, the game will be bigger, grander and better than ever. Those who desire to see a fast, brilliant, scientific exhibition of hockey should see the two printers' ink combinations in their struggle.

Local Curlers Out Of Running

Won From Keene But Defeated by Port Hope.

Yesterday afternoon the great District Cup Competition games of District No. 2, which have been looked forward to with increasing interest among the curlers of the district, were commenced at the Charlotte street rink. Although the local curlers succeeded in defeating Keene with whom they were drawn in the preliminary round yet they met defeat in their second games with Port Hope last night, and are therefore out of the running. Lindsay still retains its old-time prowess at handling the broom-sticks and they look like winners again of District No. 2. They defeated Lakefield in both rinks and won by a total score of 31 up. Port Hope and Lindsay were to play off this morning, but as the ice was beginning to melt last night the games were postponed and will be finished here or in Lindsay at the option of Port Hope. The results of yesterday's games are indicated by the following scores:—

Keene.	Peterborough.
King	Dr. Eastwood
John Moore	H Foote
R B McIntyre	R. Hicks
W Campbell, sk 15.	T Brightman, sk 8.
A. Anderson	A. P. McDonald

D. McMillan, sk 15.	T Brightman, sk 5

Convert Into Park.

Ottawa, Jan. 31.—Before leaving the capital Premier Whitney said the exchange of the camp ground at Niagara in return for the site for the central militia training camp at Petawawa, which they are asking from the Dominion Government, is not for any money-making purposes. The property at Niagara would be turned over to the commissioners of the Queen Victoria and Niagara Falls Park, to be converted into a park. The commissioners would spend $30,000 in improving the property.

Pilots Must Pass Exams.

Ottawa, Jan. 31.—The general regulations by which the Marine Department will assume complete control of pilotage on the St. Lawrence are now about ready for publication and will be issued within a few days. They are being put into force at once, so that no pilot will be allowed to ply his calling on the river next season unless he has first satisfied the department in regard to sight, hearing, and a knowledge of navigation, including the use of the compass.

Judge Hugh McMillan.

Guelph, Jan. 31.—The appointment of Hugh McMillan of this city to the junior judgeship of Victoria County, gives general satisfaction to his many friends in this city. Mr. McMillan has been connected with the South Wellington Reform Association for over thirty years, and has held the presidency for six years, being at the present time head of the association.

Served U. S., But Refused Admittance.

Boston, Jan. 31.—Although he had served three enlistments under the flag of the United States, one in the regular army, one in the navy, and once as a volunteer, and in each case received an honorable discharge, John J. Bowes, an Englishman, has been refused admittance to the United States. Bowes, despite his military service, was never naturalized.

Report Is a Wordy One.

New York, Jan. 31.—Senator W. W. Armstrong, chairman of the joint legislative insurance investigating committee, said Monday that the report of the committee to the Legislature probably will be about 75,000 words in length. That will be nearly three times as voluminous as the longest presidential message on record. The report probably will be made public within about two weeks.

A TWO-FOR-ONE-SHOT.

When you use Ozone use "Celery King" with it. Whatever kind of Ozone you buy you will need to use "Celery King" which is a companion remedy to Ozone.

The purest form of Ozone is "Solution of Ozone (the coupon kind.)" Each bottle contains about twice as much for your money as other brands, besides which each bottle contains a coupon entitling you to a package of 'Celery King' free. This is a great advantage as you save money on the Ozone and also get the "Celery King" which you would otherwise have to buy.

No other brand of Ozone contains these coupons. 'Solution of Ozone (the coupon kind)' is fifty cents and one dollar at your drug store including the coupon for the package of "Celery King." Take no other kind and if your druggist does not carry it write to the Public Drug Co., Bridgeburg, Ont. Sold by W. B. WARNE, 11

OBITUARY.

MRS. JOSEPH GUERIN.

The death occurred in Toronto on Monday of Virginia Brieu, wife of Mr. Joseph Guerin; aged nineteen years. The deceased who was a daughter of Mr. Thomas Brieu, Aylmer street, Peterborough, was married just a year ago to-day. Her husband was also a former resident of Peterborough.

Death was due to embolism on the brain.

Her father, husband and five brothers and four sisters survive. Her brothers and sisters are Rocque, Peterborough; William and Joseph, Toronto, and David and Alphonse, Peterborough; Mrs. Adolphe Guerin, Toronto; Mrs. M. Hayes, Hamilton; Mrs. Alex. Sweenor, Lindsay, and Miss Matilda Brieu, Peterborough.

The funeral will take place on Thursday morning at 9 o'clock from the residence of her father, Aylmer street to St. Peter's Cathedral and thence to the Roman Catholic Cemetery for interment.

SENT 15 PLUMBERS UP.

Hamilton Men Now Being Prosecuted —Five Witnesses Examined.

Hamilton, Jan. 31.—Fifteen members of the alleged combine of the Hamilton Master Plumbers' Association were committed for trial by Police Magistrate Jeffs yesterday after the Crown Attorney had examined five witnesses. Those who were sent up on the conspiracy charges were: Adam Clark, J. F. Cummings, Henry Harding, the Herbert Jones Co., J. S. Kennedy, G. J. Myles, Stephen Mellon, Andrew Rodgers, William D. Smith, J. H. Stewart, Hugh S. Wallace, W. J. Walsh, Isaac Walsh, William J. Fitzsimmons, and William J. Clark.

Henry Morley told about the treatment he received from Toronto supply houses, including the Ontario Lead and Supply Co. When he complained to Vice-President Somerville, he was referred to Mr. Porter, who remarked: "Oh! he sent you to me to do his dirty work."

H. Spittle, Dundas, who ordered supplies from the Ontario Lead and Wire Co., was told by W. J. Walsh, Hamilton, that he could not get goods until he joined the association.

Danforth Evans told about getting a tender for $35 for work he wanted done, but members of the association would not do it for less than a hundred. This concluded the Crown's case.

No Difference.

No distinction is made as to the kind of piles that Dr. Leonhardt's Hem-Roid cures.

The names, Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply the names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.
